

The below email was sent to all Ashford Faculty on March 24, 2020

Dear Ashford Faculty,

In the ongoing spirit of supporting the entire Ashford community, we want to ensure you have the most up-to-date resources for you and your students. Attached you will find a student support resource with tips on communicating with your students and templates you can personalize and individualize.

Additionally, all COVID-19 related communication that has been [sent directly to students](#) is now available on the Ashford website. All [faculty communication and resources](#) are available on the CETL.

Your health and well-being remain our top priority. Your deans, college leadership, and faculty support contacts are here for you. Please reach out to CETL@ashford.edu if you need anything at all. We will keep you informed, and we thank you for your ongoing care and support!

Sincerely,
