

# FEDERAL WORK STUDY FORM

The Federal Work Study (FWS) program allows students to engage in employment opportunities through the University in order to gain work experience that is academically relevant. Federal Work Study funds are a combination of Federal funding and Institutional funding. Students must meet minimum GPA requirements, exhibit financial need and be actively enrolled in a program that is substantially similar to the tasks assigned in the job description (with the exception of Community Service and Literacy job assignments). Once eligibility is determined, you will be informed of the available job opening and will be required to submit a job application specific to the position available at that time.

Submit this completed form to **FWS@ashford.edu** to request a review of your eligibility. You are not obligated at this time to participate in the Federal Work Study program. You will receive further instruction if you are selected to participate.

First Name\*

Phone

Last Name\*

Email\*

Student ID\*

Major\*

Or: I am applying to enroll on the date below.

Specialization (if applicable)

Number of hours available to work weekly:

0-5

5-10

10-15

15-20

I am interested in working in the following areas:

Any Available

Peer Mentoring

Child Reading/Literacy Mentor

I certify that I am currently enrolled at least half-time, or I am scheduled to begin enrollment within the next 30 days at Ashford University.

I certify that I have completed a FAFSA with Ashford University's School code (001881) and that I intend to use financial aid.

I understand that, if selected to apply for an available FWS position, I will need to submit a formal application, complete the interview process, and submit additional paperwork before being accepted into the program.

If selected, you will receive an email with the next steps.
