**OVERALL RECOMMENDATIONS**

Across program learning outcomes (PLOs), BA Health Care Administration students met or exceeded the acceptable and ideal targets for each of the 2012-2013 assessment measures. Student responses on both the End of Course Survey (for courses associated with mastery of each program outcome) and Alumni Survey reveal that students feel positively about the courses, the instructors, and their degree.

Overall, it is recommended that College of Health, Human Services, and Science Faculty review the assessment plans (including measures used and targets set) and Curriculum Map in preparation for the 2013-2014 assessment cycle. This will allow them to determine the appropriateness of the assignments and mapping for each PLO.
