SECTION ONE: INTRODUCTION

Mission Statement of the University
The mission of Ashford University is to provide high-quality, accessible, affordable, innovative educational programs that meet the diverse needs of individuals pursuing advancement in their lives, professions, and communities.

Purpose Statements
• To offer online and campus-based educational programs that meet the needs of diverse learners and support student success and completion.
• To integrate current technology that cultivates student-centered learning experiences led by dedicated and qualified faculty wherein students gain knowledge and build skills that support personal and professional development.
• To provide learning opportunities that help students synthesize theory and practice, enabling them to respond ethically to contemporary issues and complex problems.
• To foster a rich student learning environment focused on diverse social, ethnic, economic, and educational experiences and thereby prepare and empower graduates to be collaborative and inclusive within their communities.
• To work closely with employers and workforce development experts to identify the workplace skills and competencies that will enhance our graduates' abilities to contribute to their organizations, achieve greater professional and personal success, and strengthen their organizations.
• To place priority on innovation, continuous assessment, and improvement of student learning, curriculum development, access to learning resources, and responsive student services.
• To maintain operational, financial, and strategic strength that ensures the future of Ashford University.

History
The University, originally named Mount St. Clare College, was founded in 1918 by the Sisters of St. Francis in Clinton, Iowa, as a junior college for women. In 1950, the College was accredited by the North Central Association of Colleges and Schools (now the Higher Learning Commission [HLC]) and has since maintained its regional accreditation. Its interest in adult learners began in 1962 when an evening program was introduced to serve the needs of students with career and family responsibilities. In 1967, the College became coeducational. Baccalaureate degree programs began in 1979 and graduate degrees in 2002, coinciding with the name change to The Franciscan University. In 2005, the University was acquired by Bridgepoint Education, Inc. and renamed Ashford University.

Also in 2005, HLC extended Ashford’s accreditation to offer adult degree-completion programs. Following a Comprehensive Visit in 2006, the University’s accreditation with HLC was reaffirmed for ten years. By 2009, three new Master’s programs were added to the University’s offerings. Today, the University has grown to the extent that students can choose from numerous programs at the undergraduate level and graduate level.

With the growth of the online student population, the University’s leadership decided to move its headquarters from Clinton, Iowa to San Diego, California and to apply for accreditation with the Western Association of Colleges and Schools (WASC). On December 6, 2013, the University received final approval from the U.S. Department of Education for the migration of its accreditation to the WASC Senior College and University Commission (WSCUC).

Accreditation
Ashford University is accredited by WASC Senior College and University Commission (WSCUC), 985 Atlantic Avenue, Suite 100, Alameda, CA 94501, (510) 748-9001, www.wscuc.org. WSCUC is a regional accrediting body recognized by the U.S. Department of Education and the Council on Higher Education Accreditation (CHEA).

International Accreditation Council for Business Education
Ashford University has received specialized accreditation for its eligible business programs through the International Accreditation Council for Business Education (IACBE), located in Lenexa, Kansas, USA. The business programs in the following degrees are accredited by the IACBE:

• Master of Accountancy
• Master of Business Administration
• Master of Information Systems Management
• Master of Arts in Organizational Management
• Master of Public Administration
• Bachelor of Arts in Accounting
• Bachelor of Arts in Business Administration
• Bachelor of Arts in Business Economics
• Bachelor of Arts in Business Information Systems
• Bachelor of Arts in Business Leadership
• Bachelor of Arts in Consumer and Family Financial Services
• Bachelor of Arts in eMarketing
• Bachelor of Arts in Entrepreneurship
• Bachelor of Arts in Finance
• Bachelor of Arts in Human Resources Management
• Bachelor of Arts in International Business
• Bachelor of Arts in Operations Management and Analysis
• Bachelor of Arts in Organizational Management
• Bachelor of Arts in Project Management
• Bachelor of Arts in Public Administration
• Bachelor of Arts in Public Relations and Marketing
• Bachelor of Arts in Real Estate Studies
• Bachelor of Arts in Service Management
• Bachelor of Arts in Sports and Recreation Management
• Bachelor of Arts in Supply Chain Management

In addition, the University has received specialized accreditation for its accounting programs through the IACBE. The accounting programs in the following degrees are accredited by the IACBE:

• Master of Accountancy
• Bachelor of Arts in Accounting

Information pertaining to student learning and achievement in the business programs accredited by the IACBE can be obtained by visiting the Ashford University website at https://assessment.ashford.edu.

Commission on Accreditation for Health Informatics and Information Management Education

The Bachelor of Science in Health Information Management program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), 233 N. Michigan Ave. 21st Floor Chicago, IL 60601-5800.

A copy of the documentation describing the University’s accreditation will be made available to any enrolled or prospective student upon request. Please contact the Senior Vice President of Academic Affairs, Chief Academic Officer & Accreditation Liaison Officer, Dr. Laura Palmer Noone, at (800) 798-0584.

Ownership
Ashford University, LLC is a wholly owned subsidiary of Bridgepoint Education, Inc.
8620 Spectrum Center Blvd.
San Diego, CA 92123

Bankruptcy Notice
Ashford University does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, nor has had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec 1101 et seq.).

Governance
The Board of Trustees is responsible for the governance of Ashford University. The strategic priorities of the Board include mission, organizational structure, financial and academic integrity, operational responsibility, and planning. Trustees meet regularly to ensure accountability of the University to its students and constituencies. The Board of Trustees appoints the University President to provide overall leadership and to administer the day-to-day operations of Ashford University.

Student Consumer Information
Prospective and current students can locate important information about Ashford University on the Student Consumer Information page on the University website at www.ashford.edu/about/consumer-information.htm. This page includes links to helpful information/disclosures, and is designed to provide open, pertinent information for both prospective and current students. The presentation of this information complies with the Higher Education Opportunity Act of 2008 that reauthorized the Higher Education Act of 1965, as amended (HEA), which requires colleges and universities to publicly disclose various aspects of their policies and procedures. As a prospective student, you are encouraged to review this Catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement. School Performance Fact Sheets can be found on each program’s information page on the University website at www.ashford.edu/degrees.htm.

Right to Change Requirements
The Ashford University Academic Catalog presents the policies and procedures for all undergraduate and graduate programs offered by the University. The University reserves the right to make alterations to this Catalog and the policies and procedures therein as deemed necessary by the University. Changes may also be necessitated by federal, state, or local law, other regulatory requirements, accreditation, or licensure. Changes may include but are not limited to curriculum, academic policies, administrative policies, procedures, and costs. Notice is not required for a new policy to take effect; however, Ashford University will make reasonable attempts to notify students promptly of any policy changes through communication methods deemed appropriate by the University administration. In the event that the University plans to change a program such that it will impact a student’s graduation requirements, information will be posted at www.ashford.edu/about/consumer-information.htm. Please refer to the Plans to Improve an Academic Program policy in the General Academic
**Information and Policies** section of this *Catalog* for more information on program revisions.

**State Regulatory Information**

For a current listing of the states in which Ashford University is licensed, registered, authorized, certified, or exempt, and states where such licensure is not required, please visit [www.ashford.edu/statedisclosure.htm](http://www.ashford.edu/statedisclosure.htm). The University will continue to monitor developments in state laws in each state in which it enrolls students and, if authorization or licensure is or becomes necessary, will promptly seek to obtain such approvals. For states with an approved status, please be aware that individual programs may not be approved or may be pending approval by a state licensing authority and cannot be offered to students residing in that state.

A copy of the documentation describing the institution’s licensure, registration, authorization or certification will be made available to any enrolled or prospective student upon request. Please contact Bridgepoint Education, Inc.’s Regulatory Affairs team for documentation by visiting [www.ashford.edu/statedisclosure.htm](http://www.ashford.edu/statedisclosure.htm) and clicking on the appropriate link.

The following disclosures are required by various state regulatory authorities:

**Alaska:** Ashford University’s programs are exempt from authorization under AS 14.48 and 20 AAC Chapter 17 because the programs are online or distance delivered and the University does not have a physical presence in the state.

**Arkansas:** Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301. The student should be aware that these degree programs may not transfer. The transfer of course/degree credit is determined by the receiving institution.

**California:** This institution is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.

**Iowa:** Ashford University is registered to operate as a postsecondary educational institutional institution in Iowa by the Iowa College Student Aid Commission, located at 430 East Grand Ave., Floor 3, Des Moines, IA 50309-1920. The telephone number is (877) 272-4456.

**Indiana:** This institution is authorized under IC 21-18.5-6-5 by:

The Indiana Board for Proprietary Education
101 West Ohio Street, Suite 300
Indianapolis, IN 46204-1984
(317) 232-1033

**Kansas:** Kansas Board of Regents (approved)
1000 SW Jackson Street, Suite 520
Topeka, KS 66612-1368
(785) 430-4240

**Minnesota:** Ashford University is registered with the Minnesota Office of Higher Education pursuant to Minnesota Statutes sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

**Tennessee:** Ashford University is authorized by the Tennessee Higher Education Commission. This authorization must be renewed each year and is based on an evaluation by minimum standards concerning quality of education, ethical business practices, health and safety, and fiscal responsibility. Tennessee Residents: Any grievances not resolved on the institutional level may be forwarded to the Tennessee Higher Education Commission, 404 James Robertson Parkway Ste. 1900, Nashville, TN 37243-0830, (615) 741-3605.

**Washington:** Ashford University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Ashford University to advertise, recruit and offer field placements for specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

The transferability of credits earned at Ashford University is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Ashford University will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Ashford University to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation
does not guarantee credentials or credits earned at Ashford University will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

**Wisconsin Residents:** In the event student complaints are not satisfactorily resolved with the school, students can contact the State of Wisconsin Educational Approval Program at (608) 266-1996.

**Student Complaint State Contact Information**

Students are encouraged to use the University procedures outlined in the Student Rights and Responsibilities section of this Catalog to file an informal complaint or formal grievance. Any student may contact his or her specific state agency directly to register a complaint. For information on registering a complaint in a particular state, go to [http://www.ashford.edu/statedisclosure.htm](http://www.ashford.edu/statedisclosure.htm).

A student or any member of the public may file a complaint about this institution with the California Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau’s website ([www.bppe.ca.gov](http://www.bppe.ca.gov)).

An individual may contact the Bureau for Private Postsecondary Education for review of a complaint. The bureau may be contacted at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833 or P.O. Box 980818 West Sacramento, CA 95798-0818, www.bppe.ca.gov, (888) 370-7589 or by fax (916) 263-1894.

If a student complaint cannot be resolved after exhausting the institution’s grievance procedure, the student may file a complaint with the Arizona State Board for Private Postsecondary Education. The student must contact the State Board for further details. The State Board address is: 1740 W. Adams, Phoenix, AZ 85007. Phone: (602) 542-5709. Website: [www.azppse.gov](http://www.azppse.gov).

**Commitment to Diversity**

Ashford University prepares students to serve populations with diverse social, ethnic, economic, and educational experiences. Both the academic and training curricula are designed to provide an environment in which students can develop the skills and attitudes essential to working with people from diverse backgrounds.

**Statement on Scholarship**

Scholarship at the University refers to the in-depth investigation and shared search for knowledge and truth embodied in the University mission statement. Faculty and students learn to identify relationships and to make connections, both within their own academic areas of study as well as across disciplinary lines with other programs. They have the opportunity to work collaboratively on scholarly projects within an atmosphere of the highest academic integrity and to share knowledge gained with the University community and beyond.

Examples of scholarship at the University include the following:

- Scholarly research in more specialized areas that is used to enhance regular course offerings or is presented to the campus and local communities in open forums, seminars, and other venues;
- Published works such as papers, articles, essays, editorials, book reviews, books, short stories, poetry, plays, or music;
- Presentations made at professional conferences, seminars, meetings, or conventions.

In addition to joining in scholarly research, faculty and students also share certain responsibilities toward scholarship. These responsibilities include the following:

- Establishing and cultivating a broad general knowledge base across academic programs and acquiring knowledge in one’s own discipline;
- Accepting responsibility for one’s own learning and seeking opportunities for scholarly dialogue; and
- Making the commitment to pursue learning throughout one’s entire life and to assist others in the pursuit of knowledge.

Above all, the faculty continually strive to convey a sense of excitement to their students in the shared search for knowledge and truth.

**Ownership and Use of Student Work**

Students own the copyright in works created in or as part of an Ashford University course. Students grant to Ashford University and its administration, faculty and staff, a license and/or permission to use their work for research and educational purposes which includes, but is not limited to, institutional and academic research projects, program review, and assignment exemplars.

No personally identifiable information will be included per Institutional Review Board standards for the protection of human rights. In addition, such information will be kept confidential in accordance with The U.S. Department of Education’s Family Educational Rights and Privacy Act (FERPA) regulations. The University will adhere to all laws, ethics, and criteria for ensuring and protecting rights to privacy and identity.

Ashford University monitors student work for plagiarism, including the use of anti-plagiarism applications, tools, and services. Ashford University maintains the right to submit
student work or require a student to submit his or her work to a plagiarism application, tool, or service at any time. Additionally, Ashford University prohibits the sale of student work as a violation of the Academic Integrity Policy.

In regard to student employees, this policy is upheld for all works created within their roles as students. Works created within their roles as employees are outside the scope of this policy and therefore, held to employee regulations.

**Academic and Professional Standards**

Central to the University’s mission is a commitment to high-quality learning opportunities and educational programs that are accessible, affordable, and innovative. Seeking to serve diverse needs, the University embraces the liberal arts as a perspective for learning in its undergraduate programs and offers graduate studies within a framework of professional competence. Through this learning environment, the institution encourages and engages students in the pursuit of intellectual growth, social responsibility, and lives characterized by service and personal integrity.

**Institutional Outcomes**

To achieve organizational effectiveness, Ashford University is committed to developing and improving student learning through continuous assessment of course objectives, faculty contributions, learning environments, student performance, and program outcomes.

Graduates of Associate and Bachelor's programs at Ashford University will be able to:

- Synthesize theories and approaches from the subject areas of the general education curriculum to address complex problems.
- Integrate skills from the general education competencies when interpreting ideas and arguments in order to respond to civic, societal, environmental, and economic challenges.
- Synthesize proficiencies appropriate to the degree level and discipline or major.
- Construct ethical responses to contemporary issues.

Graduates of Master's programs at Ashford University will be able to:

- Synthesize core proficiencies in the major area of study in a manner appropriate to the degree level to important issues within the field.
- Integrate skills from core competencies in order to respond to civic, societal, environmental, and economic challenges.
- Synthesize theories and approaches to the discipline in solving complex problems.
- Construct ethical responses to contemporary issues.
- Demonstrate lifelong learning skills and self-reflective capacity by engaging in continuous professional and scholarly development.

**Credit Hour Definition**

A credit hour is defined as the amount of work represented in intended student learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates in traditional terms, not less than one hour of online and/or on-ground classroom and/or direct faculty instruction, and a minimum of two hours of out-of-class student equivalent work over a different amount of time; or at least an equivalent amount of work as required for other academic activities including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

**Guidelines**

Ashford University defines a credit hour as a reasonable approximation of the student learning outcome equivalency of, at a minimum, a Carnegie Unit.

Course developers and subject matter experts are to ensure that the quantity of student learning required to earn a semester credit is reasonably equivalent to 45 hours of coursework over the duration of the course through activities that address and demonstrate student competency in the defined learning outcomes; and draw upon recommended instructional practices.

Student learning outcome equivalencies are to be based on documented qualitative and quantitative expectations for the time required of students to complete assigned learning activities, taking into account expectations based on degree level, discipline, and weight in students' final course grade, time required of students to read and understand content developed by course faculty, and time required of course faculty and students to participate in online and/or on-ground conference and engaged activities. The time required of students to complete assigned learning activities shall not include time required to read a course syllabus.

Student learning outcome equivalencies reflect differences in delivery methods, variety of instruction and interaction, degree of supervision, measurements of student work, academic disciplines, academic calendars, and degree levels.

**University's Self-Evaluation Process**

The extent to which the University is actively pursuing the fulfillment of its mission is re-examined on an annual basis through its strategic planning process and by the University's Board of Trustees. The University strongly
believes in the need to continually improve its programs and services through the following strategies:

- An ongoing cycle of systematic assessment, evaluation, and institutional research;
- Analysis and evidence-based planning;
- Creation of innovations and new initiatives to better meet student needs;
- Budgeting based on identified needs and opportunities for improvement; and
- Monitoring of initiatives to ensure that intended results are being achieved.

Continuous improvement efforts at Ashford rest on its strategic planning model. To enhance the University’s planning and analytical capacity and to enrich research and data analyses that inform these processes, the Offices of Strategic Planning & Management and Institutional Effectiveness work closely together. The Office of Institutional Effectiveness reports directly to the President. The Office of Strategic Planning & Management is led by the Senior Vice President of Strategic Planning and University Services, who serves on the President’s Cabinet and regularly interacts with the Ashford Board and institutional and faculty committees. This organizational placement will ensure that data use and planning permeate the institution and that evidence-based discussions regularly occur at the highest levels of Ashford leadership.

Staff within this department collaborate with Ashford University leadership, Board of Trustees, faculty and staff to ensure institutional strategic planning, data collection and analysis is student focused, systematic and cross functional. Progress on strategic planning objectives, supporting analytical assessment and resource allocation are regularly reviewed and measured; objectives will be revised as they are accomplished.

Ashford University Research

Ashford University is committed to providing students with innovative solutions to improve learning and their educational experiences. As such, Ashford University continually seeks and studies new approaches to instruction, curriculum and content presentation and, assessment. Ashford University students may utilize innovative learning tools, approaches to learning, or other support. Student consent is implied when they enroll in a course, take advantage of a learning tool, and/or are exposed to a strategy to enhance their experiences at the University. Informed consent will be solicited in particular situations that may pose a risk or require additional protections. In those cases, students will be made aware of the pros and cons of participation, their participation options, and other information to inform decision-making prior to requesting informed consent. Students may contact the Chair of the Ashford University Institutional Review Board at irb@ashford.edu with any questions about this statement.

Ashford University Graduate Culture

Ashford University’s graduate programs provide robust, rigorous learning experiences for students to prepare future professionals and leaders in the global economy. At the graduate level, our programs focus on building capacity in our students to synthesize, evaluate, create, and apply knowledge in their field of specialized study, as well as in interdisciplinary studies. At the graduate level, faculty members act as facilitators of learning, where they support students through direct and inquiry-based approaches to promote student learning through research, scholarship and applied practice in the field. We foster a learning environment that supports student abilities to transfer skills and knowledge to real world situations, and to develop the professional skills necessary to be successful professionals, leaders, and citizens in society.

Ashford University Graduate Culture Characteristics

1. Graduate level faculty ensure students are challenged by rigorous academic curriculum and hold students to high expectations in their academic work.
2. Faculty and students reflect a highly developed framework of ethics; academically, personally, and professionally.
3. Faculty and students demonstrate a high level of research, analysis, synthesis, and evaluation of pertinent topics in their specialized discipline through discussion, reflection, collaboration, written work, and practical experience.
4. Faculty and students at the graduate level advance the body of scholarship in their field of study, as well as in work and professional environments in local, national, and/or international settings.
5. Faculty and students leverage technology in innovative ways for teaching and learning.
6. Faculty and students examine and evaluate the research or scholarship of the discipline to produce scholarly or creative work consistent with disciplinary standards.
7. Graduate faculty seek to prepare innovators and leaders who demonstrate 21st century skills and professional soft skills necessary to be successful in the field, such as tenacity, perseverance, adaptability, communication, collaboration, and leadership.
8. Faculty and students are held to high expectations for excellence in written and oral communication with
the ability to convey complex ideas clearly, consistently, and logically.

Reference

Assessment at Ashford University
As active learners at Ashford University, students share the responsibility for their learning. It is through cooperative participation in the assessment process that Ashford can better understand itself and better serve its students. Each Ashford student is expected to participate in learning outcomes assessment. We believe in using assessment results as a means to provide students the necessary feedback as they need to monitor progress toward their goals. We also use assessment as a vehicle for educational improvement and as a source of measuring the success of our students throughout their academic career at Ashford. Assessment results help us identify where and how our programs are succeeding and where changes need to be made. We also believe in sharing publicly the aggregated results of student assessments in a transparent manner to inform all audiences about the quality of education at Ashford. Since assessment results are a direct reflection of institutional quality, it is important for everyone to take their participation in assessment activities seriously.

Assessment at Ashford takes place at the institutional, general education, program and course levels. At the institutional level, assessment is conducted via surveys, standardized exams and course-level assignments. General education, program and course-level assessment may include examples of student work, such as papers, portfolios or presentations as well as standardized exam results. The results obtained from assessment activities are essential for improving the learning opportunities and environments provided by the University, and we consider assessment of student achievement, learning, and satisfaction fundamental for Ashford University to accomplish its mission and purposes.

Contact Information
For additional information pertaining to this Catalog, please contact Ashford University at (800) 798-0584 (toll-free) or write to 8620 Spectrum Center Blvd. San Diego, CA 92123. Obtain information by visiting the University website at www.ashford.edu.

Any questions a student may have regarding this Catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833 or P.O. Box 980818, West Sacramento, CA 95798-0818, www.bppe.ca.gov, (888) 370-7589 or by fax (916) 263-1894.
SECTION TWO: STUDENT RIGHTS AND RESPONSIBILITIES

Institutional Authority and Local, State, and Federal Penalties

When students violate University regulations, they are subject to disciplinary action by the University, whether or not their conduct violates local, state, or federal laws. By committing an act of misconduct, a student or organization may be subject to disciplinary action by the University. Students who act in concert to violate University regulations, or students who advise or incite others to violate University regulations, are also responsible for such violations.

When students violate local, state, or federal law(s), they may incur penalties as determined by local, state, or federal authorities. Institutional actions shall not be used to duplicate functions of general laws, but when the alleged violation of the law also adversely affects the orderly operation of the University, the University may enforce its own regulations regardless of any federal, state, or local legal proceedings or dispositions.

The Family Educational Rights and Privacy Act of 1974

The U.S. Department of Education's Family Educational Rights and Privacy Act (FERPA) regulations afford students certain rights with respect to their education records. FERPA rights begin upon the student’s enrollment, which occurs when the student has been admitted to the University and attends any portion of a course. FERPA protected rights include the following:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access.
   - Students should submit written requests to the University Registrar that identify the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar’s Office, the Registrar’s Office will facilitate the student’s access to the requested records.
   - The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
   - Students may ask the University to amend a record that they believe is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. They should write to the Registrar, clearly identifying the part of the record they want changed, and specifying why it should be changed.
   - If the University decides not to amend the record as requested by the student, the University Registrar will notify the student in writing of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
   - If, as a result of the hearing, Ashford University decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, the student will be afforded the opportunity to place with the education record a statement commenting on the contested information in the record and/or a statement setting forth any reason for disagreeing with the decision of the hearing. The statement placed in the education record by the student will be maintained with the contested part of the record for as long as the record is maintained. When the related record is disclosed to an authorized party, the record will include the statement filed by the student.

2. The right to provide written consent prior to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
   - An exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University. A school official may include any of the following:
     - A person employed by the University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff);
     - A person or company with whom the University has contracted (such as an attorney, auditor, or collection agent);
• A person or organization acting as an official agent of the institution and performing a business function or service on behalf of the institution;
• A person serving on the Board of Trustees; or
• A student serving on an official committee, such as a disciplinary committee, or assisting another school official in performing his or her professional responsibilities.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer. The University will make a reasonable attempt to notify each student of these disclosures, except when such disclosure is initiated by the student.

The University may disclose education records without consent in connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions for the aid.

The University may disclose education records without consent to parents in the following circumstances:
• When a student is a dependent student as defined in Section 152 of the Internal Revenue Code of 1986;
• When the student has violated any federal, state, or local law, or any rule or policy of Ashford University, governing the use or possession of alcohol or a controlled substance if Ashford University determines that the student has committed a disciplinary violation with respect to that use or possession, and the student is under the age of 21 at the time of the disclosure to the parent; or
• The disclosure is in connection with a health or safety emergency.

The University may disclose education records without consent to appropriate parties and officials when the information is deemed necessary to protect the health or safety of the student or other individuals in an emergency.

The University may disclose education records without consent to comply with a judicial order or lawfully issued subpoena.

Directory information can be published and/or disclosed to outside organizations without a student’s prior written consent. “Directory information” means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. If the student does not want Ashford University to disclose directory information from his or her education records without prior written consent, the student must notify the University Registrar in writing. A request for nondisclosure of directory information is valid unless or until the student requests a change in writing. Ashford University has designated the following information as directory information:
• Student’s name
• Participation in officially recognized activities
• Address
• Telephone listing
• Electronic mail address
• Photograph
• Degrees, honors, and awards received
• Date and place of birth
• Major field of study
• Dates of attendance
• Grade level
• The most recent educational agency or institution attended
• Enrollment status (e.g., undergraduate or graduate, full-time or part-time)
• Class rosters within the classroom

The University may disclose education records without consent to authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or state and local educational authorities, such as a state postsecondary authority that is responsible for supervising the University’s state-supported education programs.

Disclosures under this provision may be made in connection with an audit or evaluation of federal- or state-supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs. These entities may make further disclosures to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.

The University may disclose education records without consent to accrediting organizations to carry out their accrediting functions.

The University may disclose education records without consent to organizations conducting studies for, or on behalf of, the school, in order to: (a)
develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction.

- The outcome of a conduct hearing is part of the education record of any student personally identified, and is protected from release under FERPA. However, Ashford University observes the following legal exceptions:
  - Complainants and accused in sexual misconduct and sexual harassment incidents have a right to be informed of the outcome and sanctions of the hearing, in writing, without condition or limitation, and to be kept apprised of the status of investigations;
  - The University may release the final results of a disciplinary proceeding in which a student who is an alleged perpetrator of a crime of violence* or non-forcible sex offense, is found in violation of the University’s Student Community Standards. The University may not disclose the name of any other student, including the victim or witness, without the prior written consent of the other student. The University will also release this information to the complainant in any of these offenses regardless of the outcome;
  - In the event that the alleged victim is deceased as a result of the crime or offense, the notification will be made to next of kin (upon written request).

*A crime of violence includes arson, burglary, robbery, criminal homicide (manslaughter by negligence, murder, and non-negligent manslaughter), forcible sex offenses, assault, destruction/damage/vandalism of property and kidnapping/abduction.

The University may also disclose education records without consent under other exceptions authorized by FERPA.

3. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Ashford University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
US Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

Personally Identifiable Information
The U.S. Department of Education’s Family Educational Rights and Privacy Act (FERPA) regulations expanded the circumstances under which a student’s education records and personally identifiable information contained in such records (including Social Security Number, grades, or other private information) may be accessed without prior consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (Federal and State Authorities) may allow access to student records and personally identifiable information without prior consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any education program, which is defined as any program “that is principally engaged in the provision of education,” such as early childhood education, elementary and secondary education, postsecondary education, special education, career and technical education, adult education, and job training, as well as any program that is administered by an education agency or institution. See 34 CFR § 99.3. Second, Federal and State Authorities may allow access to a student’s education records and personally identifiable information without prior consent to researchers performing certain types of studies, even when the University objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive any personally identifiable information, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without prior consent personally identifiable information from a student’s education records, and they may track a student’s participation in education and other programs by linking such personally identifiable information to other personal information about a student that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

The University maintains student records in compliance with FERPA and applicable state regulations. Students who would like more information on these policies may contact the Registrar’s Office.

Confidentiality and the Clery Act
The University will protect a Clery crime victim’s confidentiality, even if the victim does not specifically request confidentiality, where possible and in the following ways:

The victim’s personally identifying information will not be included in any publicly available record, including Clery Act reporting and disclosures such as the annual security
to recognize that certain communications may be time-critical. Students interested in opting out of email communication should review the following section, Student Consent to the Electronic Delivery of Official University Communications and Records. Failure to check for messages and failure to receive messages due to full mailboxes, spam filtering, or auto-forwarded email are not acceptable excuses for missing official University communications. Students must maintain and provide the University with an email address other than their Ashford University-issued email address. In addition, students may choose to use their Ashford University-issued email address as their primary mechanism for University communications.

Student Consent to the Electronic Delivery of Official University Communications and Records

The ESIGN Act, 15 U.S.C. Section 7001 et seq., requires Ashford University to provide students with certain information about how electronic records are provided, and to obtain student consent to provide certain records in electronic form. In order to enroll, apply for, or receive information about financial aid, obtain or authorize release of information from student records, and conduct other business with Ashford University, online students must indicate consent to sign agreements electronically, and receive records from the University in electronic form. A student’s consent to the electronic delivery of official University communications and records is collected in the online application.

Students may withdraw consent to electronic delivery, retention, and execution of records by sending a fax to (866) 512-7601 or a letter to the Office of the Registrar located at 8620 Spectrum Center Blvd, Suite 100, San Diego, CA, 92123, including the statement “I withdraw my consent to electronic delivery, retention, and execution of records.” Any withdrawal of consent shall have prospective effect only, and shall not affect the legal effectiveness, validity or enforceability of consents, agreements, notices, disclosures, or other records provided or made available prior to the withdrawal of consent. If such consent is withdrawn, students may be administratively withdrawn from the University.

Monitoring of Email Communications: The University does not intend to monitor individual electronic mail as a routine matter, but may do so at any time as the University deems necessary for purposes of maintaining the integrity and effective operation of the student email system. No facility exists on this system for the sending or receiving of private communications.

The University reserves the right to inspect and disclose the contents of email as follows: in the course of an
investigation triggered by indications of misconduct or misuse; as needed to protect the health and safety of students and staff; as needed to prevent interference with the academic mission; or as needed for technical troubleshooting or spam/content filtering.

**Contact Information**
All students should regularly review and update their contact information to ensure the University has a valid mailing address, telephone number, and email address. Ashford University maintains this information as part of the student record and requires students to update their contact information regardless of whether they have requested nondisclosure of directory information.

**Personal Email for Ashford University Students**
The University issues an email account to all students and they are responsible for any and all activity and communication that takes place using the account.

**Technology Policies**

**Misconduct Online**
Students are cautioned that behavior conducted online, such as harassment delivered by email, can subject them to University conduct action, if there is a University impact from the cyber-conduct. Students must also be aware that blogs, web pages, social media websites, and similar online communications are in the public sphere, and are not private. These postings can subject a student to allegations of conduct violations, if evidence of policy violations is posted online. The University does not regularly go hunting for this information, but will take action if and when such information is brought to the attention of University officials. All references to “student” in the Technology Policies section of this Catalog refer to current students and alumni.

The following uses of University email are prohibited:
- Personal use that creates a direct cost for the University;
- Use for personal monetary gain or for commercial purposes that are not directly related to University business;
- Sending copies of documents in violation of copyright laws;
- Inclusion of the work of others into electronic mail communications in violation of copyright laws;
- Use of electronic mail to substantially disrupt the ability of others to conduct University business;
- Use of electronic mail systems for any purpose restricted or prohibited by laws or regulations;
- “Spoofing,” (i.e., constructing an electronic mail communication so it appears to be from someone else);
- “Snooping,” (i.e., obtaining access to the files or electronic mail of others for the purpose of satisfying idle curiosity, with no substantial University business purpose); or,
- Attempting unauthorized access to electronic mail or attempting to violate any security measures on any electronic mail system, or attempting to intercept any electronic mail transmissions without proper authorization.

**Online Communication:** Written communication in an online community is an important factor in online educational programs. The ability to communicate clearly and effectively is crucial to the success of all online learning programs. Professional language relevant to the course content should be used in the online discussion postings. Students are expected to follow the rules of Netiquette, as posted in their online courses. The following are examples of behaviors that could substantially disrupt the online learning environment and will not be tolerated:

**Discrimination:** Derogatory statements that are based upon an individual’s actual or perceived sex, race, color, religion, sexual orientation, national origin, ancestry, citizenship, pregnancy, childbirth and related medical conditions, marital status, age, physical disability, mental disability, genetic information, medical condition (including certain cancer-related conditions and genetic characteristics), gender identity, veteran status, service in the uniformed services, political activities and affiliations, or any other consideration protected by law that is sufficiently serious that it interferes with or limits a student’s ability to participate in or benefit from the University’s educational program.

**Solicitation:** It is against policy and inappropriate for students to use the communication channels within the online learning platform to solicit other users for personal or professional reasons. Students may not send emails to classmates or post messages that attempt to sell products, promote business, or solicit employees.

**Misuse of Technology Resources:** University technology resources are to be used to advance the University’s mission of education, scholarship, and service. Students may use these resources for purposes related to their studies or research or other University-sanctioned activities. These resources include, but are not limited to, hardware (including telephones, computers, and traditional media equipment) either owned or leased by the University, software, and consulting time (and expertise).
of the University technology support staff. The use of
technology resources provided by the University for
commercial or other purposes not directly related to study,
research, or University-sanctioned activities should be
considered as secondary activities (i.e., personal or
otherwise). Should such secondary activity in any way
interfere with primary activities, the secondary activity
must be terminated immediately.

Many of the University’s technology resources are shared
among the entire University community. The use of these
resources will not violate law or the rights of others.
Prohibited activities include, but are not limited to:

- Activities that violate copyright or other intellectual
  property rights of others, including but not limited to,
  the infringing use of peer-to-peer file sharing services;
- Sending copies of documents in violation of copyright
  laws via email or any other electronic transmission;
- Inclusion of the work of others into email
  communications or any other electronic transmission
  in violation of copyright laws;
- Activities that obstruct usage or deny access to
  technology resources;
- Activities that could be considered as discriminatory
  harassment, libel or obscenity;
- Activities that substantially disrupt University
  activities;
- Activities that violate University policies, local, state,
  or federal laws;
- Unauthorized use of computer accounts;
- Impersonating other individuals;
- Attempts to exploit or explore security provisions,
  either at the University or elsewhere;
- Activities that invade the right to privacy of others;
- Destruction or alteration of data belonging to others;
- Creating, using or distributing computer viruses;
- Allowing other individuals to use your account or
  password, including for the purpose of meeting
  attendance requirements in an online class;
- Disruption or unauthorized monitoring of electronic
  communications or of computer accounts; and
- Inappropriate/widespread email distribution.

Consequences for Misuse of Technology
Policies
If it is determined that a student is found responsible for
misuse of the Technology Policies, the issue may be
referred to Student Affairs for review and sanctioning, up
to and including removal from the University.

Online Netiquette
Effective written communication is an important factor in
all online educational programs. The ability to
communicate clearly and effectively is crucial to the
success of all learners. Ashford University has taken
special steps to maintain this type of online etiquette
(Netiquette).

Community Members should be:

Considerate: Students should treat each other with respect
and should take time to read and respond to each other in
such a way that a learning environment can continue to
develop. Students should format postings so that everyone
can learn from an individual’s knowledge, skills and
abilities.

Encouraging: Not everyone has had previous online
experience. Some students may spend more time observing
(reading other students’ postings, remaining invisible for
some time) than others. Notice the habits of other students
and classmates and provide encouragement for creative
and critical conversation.

Helpful: Even a well-presented course can create some
confusion. It is very easy to lose a place or miss reading
information on certain links or pages. When other students
are lost, offer a helping hand by pointing them in the right
online direction so they can regain their confidence in
online learning.

Aware: Be aware that the written word is the only form of
communication in an asynchronous learning environment.
Use words carefully – if a comment could possibly be
interpreted as insulting, disrespectful, discriminating,
mocking, or rude, students should choose other wording.

The following behaviors should be avoided:

Shouting: Using all capital letters when communicating in
an online environment is known as shouting. This usage is
considered a rude method of communicating. Avoid using
all capital letters in online communications.

Impatience: Once a student has posted a question or
concern to their instructor, students should wait patiently
for a reply.

Name Changes

Official Name Change
If Ashford University becomes aware that a student’s
name recorded in the University system does not match
their official name as reflected by the United States Social
Security Administration, the Registrar’s Office will change
the name in all systems to reflect the student’s legal name.
To update the University record as a result of a legal name
change, the student must complete the Ashford University
Name Change form and provide copies of a Social Security card reflecting the new name, along with supplemental documentation, as outlined on the Name Change form.

Preferred Name Change
Ashford University recognizes that there are scenarios where a student may wish to utilize a non-legal name. The University will attempt to respect the student’s request to use a preferred name with the understanding that issues may arise with respect to financial aid processing, identity management authentication, and receipt and application of transcripts from other institutions. Students wishing to make a request to utilize a preferred name in University records should contact the Registrar’s Office.

Nondiscrimination
Ashford University does not discriminate in its education programs and activities on the basis of race, color, creed, national or ethnic origin, religion, sex, pregnancy, childbirth and related medical conditions, marital status, medical condition, genetic information, service in the uniformed services, political activities and affiliations, age, disability, sexual orientation, gender identity, veteran status, or any other consideration made unlawful by federal, state, or local laws. Specifically, Title IX/SaVE requires the University not to discriminate on the basis of gender/sex in its education programs and activities. Gender/sex harassment, including gender/sex violence, is a form of prohibited gender/sex discrimination. Examples of covered acts are found in the University’s policies on Sexual Misconduct.

Questions regarding Title IX may be referred to the Ashford University Title IX Coordinator, Poppy Fitch, at titleix@ashford.edu, or 8620 Spectrum Center Blvd., San Diego, CA 92123, 866.974.5700 Ext. 20702 or to the Office for Civil Rights at Office for Civil Rights (OCR), United States Department of Education, Washington DC 20201, and/or a criminal complaint with local law enforcement.

Sexual Misconduct/Harassment Policy
The University prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as those terms are defined for purposes of the Clery Act (see definition section immediately below). For educational and awareness purposes, local jurisdiction definitions are also provided; however, these definitions are not used for the purposes of reporting Clery Act statistics. Note that local jurisdiction definitions may be different than the definitions used for Clery Act purposes. The University reserves the right to determine the applicable definition based upon factors including but not limited to location of alleged offense, applicable laws or location of the University. Under University policy or Title IX or other federal law, conduct may constitute sexual misconduct/harassment even though that conduct does not meet a specific state or other definition of an offense.

Dissemination of the Sexual Misconduct/Harassment Policy, Educational Programs, and Employee Training
This policy shall be disseminated through the Ashford University Academic Catalog, provided to the University community online through the University website, Student Portal, and other appropriate channels of communication. New and current students will be provided with educational materials to promote familiarity with this policy. Newly hired employees and current employees responsible for reporting sexual misconduct will be provided with annual, training. Furthermore, annual training appropriate to roles and responsibilities will be provided to investigators and those responsible for implementation of Title IX.

The educational programs and employee training provide ongoing awareness and prevention campaigns that also identifies safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than such bystander. Additionally,
STUDENT RIGHTS AND RESPONSIBILITIES

information is provided on risk reduction so that students, faculty/staff may recognize warning signs.

**Sexual Harassment**

Sexual harassment includes unwelcome conduct of a sexual nature, such as unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature that has the effect of unreasonably interfering with an individual's academic or work performance, or creates an intimidating, hostile, or offensive environment. Sexual violence is a form of sexual harassment prohibited by Title IX/SaVE.

**Three Types of Sexual Harassment**

1. **Hostile Environment** includes any situation in which there is harassing conduct that is sufficiently severe, pervasive/persistent or patently offensive so that it alters the conditions of education or employment, from both a subjective (the alleged victim’s) and an objective (reasonable person’s) viewpoint. The determination of whether an environment is “hostile” must be based on all of the circumstances. These circumstances could include:

   • The frequency of the conduct;
   • The nature and severity of the conduct;
   • Whether the conduct was physically threatening;
   • Whether the conduct was humiliating;
   • The effect of the conduct on the alleged victim’s mental or emotional state;
   • Whether the conduct was directed at more than one person;
   • Whether the conduct arose in the context of other discriminatory conduct;
   • Whether the statement is a mere utterance of an epithet which engenders offense in an individual, or offends by mere discourtesy or rudeness; and
   • Whether the speech or conduct deserves the protections under other principles such as academic freedom.

   Hostile Environment sexual harassment may occur in student to student, faculty/staff to student or student to faculty/staff relationships or third party to student/faculty/staff.

2. **Quid Pro Quo** sexual harassment exists when there are:

   • Unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature; and
   • Submission to or rejection of such conduct results in adverse educational or employment action.

   Quid Pro Quo sexual harassment may occur in student to student, faculty/staff to student or student to faculty/staff relationships.

3. **Retaliation:**

   - The University will sanction a faculty, student, or staff member who takes adverse action against a person because of the person’s participation in or support of an investigation of Sexual Misconduct/Harassment. Adverse action includes, but is not limited to, threats, harassment, intimidation (implied threats) or actual violence against the person or his or her property, adverse educational or employment consequences, ridicule, taunting, bullying, or ostracism.

   Retaliation sexual harassment may occur in student to student, faculty/staff to student or student to faculty/staff relationships, or third party to student/faculty/staff.

   Title IX/SaVE also prohibits gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

**Definitions and Examples of Sexual Misconduct/Harassment**

**Sexual Misconduct Offenses include, but are not limited to:**

   • Sexual Violence
   • Sexual Assault
   • Domestic and Dating Violence
   • Stalking

**Jurisdictional and Required Definitions:**

   • Sexual Assault
   • Domestic and Dating Violence
   • Stalking
   • Consent
   • Incapacitation

The University prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as those terms are defined for purposes of the Clery Act. For educational and awareness purposes, local jurisdiction definitions are also provided; however, these definitions are not used for the purposes of reporting for purposes of reporting crime statistics in its annual security report. Note that local jurisdiction definitions may be different than the definitions used for Clery Act purposes.

The University reserves the right to determine the applicable definition based upon factors including but not limited to location of alleged offense, applicable laws or location of the University. Under University policy or Title IX or other federal law, conduct may constitute sexual
misconduct/harassment even though that conduct does not meet a specific state or other definition of an offense.

**Sexual Violence**

Sexual violence is defined as physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent. A number of different acts fall into the category of sexual violence, including, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion, domestic violence, dating violence, and/or stalking. Sexual violence can be carried out by University employees, other students, or third parties. All such acts of sexual violence are forms of sex discrimination prohibited by Title IX.

**Stalking**

California law defines stalking as repeatedly following someone or engaging in a course of conduct that seriously alarms a person, and threatening to hurt them or a member of their immediate family or household.

The crime of cyberstalking involves annoying or harassing someone with repeated calls or electronic communications that are obscene or threatening.

It is also a crime to use an electronic device to distribute personal information about or digital images of someone with the intent to harass or harm that person.

Iowa law defines stalking as a pattern of conduct that causes the target to fear for the personal safety of the target or an immediate family member. Some common stalking behaviors are following the target, repeatedly making phone calls, leaving voice, text, or email messages, or delivering gifts. While each of these acts alone may seem noncriminal and nonthreatening, it's the pattern and context of the acts that turn them into a crime.

Harassment occurs when the actor intimidates, annoys, or alarms the target by actions such as:

- communications, threats, or other contact
- items or packages delivered to the target
- false police reports against the target

Iowa law additionally requires anyone convicted of sexually motivated stalking or harassment to register as a sex offender.

**Consent**

Under California law defining sex offenses, consent means an informed, voluntary, and affirmative decision to engage in sexual activity, which cannot be given by someone who is:

- unconscious, asleep, or incapacitated by drugs or alcohol
- unable to understand the nature of the activity due to a mental, physical, or developmental disability
- forced, threatened, or coerced
- under age (generally, the age of consent is 18)

In addition, asking the perpetrator to use a condom or other birth control device does not imply consent.

Under Iowa law consent to sexual activity cannot be given by a person who is:

- forced or threatened
- unable to understand the nature of the conduct or its consequences, or to exercise self-control, due to drugs, alcohol, or a mental defect
- unconscious, asleep, or otherwise physically unable to object, resist, or flee
- underage (generally, the age of consent is 16 years old)

Consent cannot be implied because the person did not physically resist.

**Incapacitation**

Incapacitation is the physical and/or mental inability to make informed, rational judgments. States of incapacitation include, but are not limited to, unconsciousness, sleep, and blackouts. Where alcohol or drugs are involved, incapacitation is defined with respect to how the alcohol or other drugs consumed affects a person’s decision-making capacity, awareness of consequences, and ability to make fully informed judgments. Being intoxicated by drugs or alcohol does not diminish one’s responsibilities to obtain consent. The factors to be considered when determining whether consent was given include whether the accused knew, or whether a reasonable person should have known, that the complainant was incapacitated.

**Sexual Assault**

California law defines sexual assault as engaging in sexual intercourse, oral or anal sex, or even slight penetration (including with an object), without the other person’s consent.

Iowa law does not define sexual assault, but defines sexual abuse to include sexual intercourse or oral or anal sex (including penetration with a finger, hand, or an object) with a person who:

- is forced, threatened, or coerced
- does not (or cannot) consent

Sexual abuse also includes sexual exploitation of an emotionally dependent patient by a therapist, or of a student by a school employee.
Domestic & Dating Violence

California law defines domestic violence as abusive behavior between two people who:

- have dated, married, or lived together
- have a child in common
- are related by blood or marriage
- are parent and child

Domestic and dating abuse can be spoken, written, or physical, and includes:

- sexual assault
- actual or attempted physical injury
- causing fear of imminent serious bodily injury
- threatening, harassing, stalking, disturbing their peace, or destroying their personal property
- emotional abuse, financial or property control, or other coercive and controlling behaviors

Iowa law defines domestic and dating abuse as assault between two people who:

- have married, dated, or lived together
- have a child in common
- are related by blood or marriage

Assault is actual or threatened acts — including physical contact — intended to insult, offend, or injure the other person. Anyone who commits assault in a dating or domestic abuse situation can go to jail (or prison, if the conduct is a felony).

Confidentiality

Students or parents of minor students, reporting incidents of Sexual Misconduct/Harassment may ask that the students’ names not be disclosed to the accused or that no investigation or disciplinary action be pursued to address the alleged Sexual Misconduct/Harassment. The University strongly supports a student’s interest in confidentiality in cases involving Sexual Misconduct/Harassment. There are situations in which the University must override a student’s request for confidentiality in order to meet its Title IX obligations; however, these instances will be limited and the information will only be shared with individuals who are responsible for handling the University’s response to incidents of Sexual Misconduct/Harassment. Given the sensitive nature of reports of Sexual Misconduct/Harassment, the University will ensure that the information is maintained in a secure manner. The University is aware that disregarding requests for confidentiality can have a chilling effect and discourage other students from reporting Sexual Misconduct/Harassment. In the case of minors, state mandatory reporting laws may require disclosure, but will generally be followed without disclosing information to University personnel who are not responsible for handling the University’s response to incidents of Sexual Misconduct/Harassment.

Even if a student does not specifically ask for confidentiality, to the extent possible, the University will only disclose information regarding alleged incidents of Sexual Misconduct/Harassment to individuals who are responsible for handling the University’s response. To improve trust in the process for investigating Sexual Misconduct/Harassment complaints, the University will notify students of the information that will be disclosed, to whom it will be disclosed, and why. Regardless of whether the student complainant requests confidentiality, the University will take steps to protect the complainant as necessary, including taking interim measures before the final outcome of an investigation.

For Title IX purposes, if a student requests that his/her name not be revealed to the accused or asks that the University not investigate or seek action against the accused, the University will inform the student that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the accused. The University will also explain that Title IX includes protection against retaliation, and that University officials will not only take steps to prevent retaliation but also take strong, responsive action if it occurs. This includes retaliatory action taken by the University and University officials. When the University knows or reasonably should know of possible retaliation by other students or third parties, including threats, intimidation, coercion, or discrimination (including harassment), it will take immediate and appropriate steps to investigate or otherwise determine what occurred. The University will protect the complainant and insure his/her safety as necessary. If the student still requests that his/her name not be disclosed to the accused, or that the University not investigate or seek action against the accused, the University will determine whether or not it can honor such a request while still providing a safe and non-discriminatory environment for all students, including the student who reported the Sexual Misconduct/Harassment. The Title IX Coordinator will evaluate confidentiality requests.

If the University determines that it can respect the student’s request not to disclose his/her identity to the accused it will take all reasonable steps to respond to the complaint consistent with the request. Although a student’s request to have his/her name withheld may limit the University’s ability to respond fully to an individual allegation of Sexual Misconduct/Harassment, the University will investigate other means available to
address the Sexual Misconduct/Harassment, without initiating formal action against the accused or revealing the identity of the student complainant. The University will also take immediate action as necessary to protect the student while keeping the identity of the student confidential.

Resources
Students should contact the Office of Student Access and Wellness Student Advocate HELPline at (866) 974-5700 ext. 24357 in order to access support services.

For additional resources, please refer to the Counseling, Treatment, and Rehabilitation Programs section in the Student Support, Health, and Safety section of this Catalog.

Retaliation
This policy also prohibits retaliation against a person who reports Sexual Misconduct/Harassment, assists someone with a report of Sexual Misconduct/Harassment, or participates in any manner in an investigation or resolution of a Sexual Misconduct/Harassment report. Retaliation includes threats, intimidation, reprisals, and/or adverse actions related to employment or education.

Recordkeeping
The Title IX/SaVE Coordinator, along with Legal & Compliance is responsible for maintaining records relating to sexual harassment and sexual violence reports, investigations, and resolutions. Records shall be maintained in accordance with University Record Retention Policies. All records pertaining to pending litigation or a request for records shall be maintained in accordance with instructions from the Legal & Compliance Department.

Reporting/Filing a Complaint for Title IX – Sexual Misconduct/Harassment
Sexual Misconduct/Harassment is a threat to the entire University community. Members from the University community are strongly encouraged to report all incidents that threaten a student’s continued well-being, safety, or security. Complaints from any member of the University community relating to discrimination, misconduct, harassment, domestic violence, dating or other related violence, stalking, or retaliation based on gender or sex concerning a faculty, staff, a student or students should be reported to:

Title IX/SaVE Coordinator for Ashford University:
Poppy Fitch, Associate Vice President, Student Affairs, Title IX/ADA Compliance Coordinator

Poppy Fitch can be contacted at:
Phone: (866) 974-5700, ext. 20702

Email: titleix@ashford.edu
Mailing Address: 8620 Spectrum Center Blvd, San Diego, CA 92123

Christina Jaquez, Student Conduct Specialist, Deputy Title IX Coordinator

Christina Jaquez can be contacted at:
Phone: (866) 974-5700, ext. 20793
Email: titleix@ashford.edu
Mailing Address: 8620 Spectrum Center Blvd, San Diego, CA 92123

The Title IX/SaVE Coordinator is responsible for the oversight, coordination and implementation of all Title IX compliance activities for the University. Title IX/SaVE Coordinator responsibilities include, but are not limited to, monitoring of the ongoing publication of the University’s policy of Nondiscrimination including the Title IX/SaVE Coordinators contact information, continuous monitoring and oversight of overall University activities for compliance with Title IX requirements including athletic equity, grievance procedures, investigations, sanctions and evaluating requests for confidentiality.

Upon receiving notice of a possible violation of the Sexual Misconduct/Harassment policy, the University will take immediate and appropriate steps to:

- End the behavior;
- Conduct a prompt, fair and impartial investigation;
- Remedy the effects, and
- Prevent it from reoccurring.

The investigator(s) will conduct investigation(s) in a manner appropriate in light of the circumstances of the case, which will typically include interviews with the complainant, the respondent, and any witnesses. As part of the investigation, the University will provide an opportunity for the parties to present statements, witnesses, and other evidence. The interviews will be supplemented by the gathering of any physical, documentary, or other evidence, as appropriate and available including but not limited to law enforcement investigation documents and student or employee personnel files. The investigation is to be prompt, equitable, effective, fair and impartial, and all individuals will be treated with appropriate sensitivity and respect throughout the investigation.

University personnel will inform students in writing of procedures that victims should follow, including:

- The importance of preservation of any evidence;
- Options regarding the assistance of local law enforcement, University officials;
- The option to decline assistance, or decline notifying local law enforcement;
Any interim protective measures that will be taken and their options for protective orders; and
Resources including counseling, health, and mental health services.

Individuals with complaints of any nature described above always have the right to simultaneously file a formal complaint with the Office for Civil Rights (OCR), United States Department of Education, Washington DC 20201, and/or a criminal complaint with local law enforcement.

In addition, the complainant or the accused has the right to a representative of his/her choosing at any point during the process.

Reporting/Filing a Complaint for Discrimination (Not Sexual Misconduct/Harassment)

All other complaints, including non-harassment, other forms of sex/gender based discrimination, misconduct, harassment, violence or retaliation based on race, color, creed, national or ethnic origin, religion, pregnancy, childbirth and related medical conditions, marital status, gender identity, medical condition, service in the uniformed services, political activities and affiliations, age, disability, veteran status, or any other consideration made unlawful by federal, state, or local laws, should follow the relevant procedure outlined in the Dispute Resolution Procedure for Student Complaints (see below) and/or contact:

Shandell Ruiz at (866) 475-0317, ext. 11322,
Amy Hill, ext. 11394,
or any member of the Student Dispute Resolution Center at Dispute.Resolution@ashford.edu.

Students may also contact the Title IX/SaVE Coordinator for Ashford University:

**Poppy Fitch, Associate Vice President, Student Affairs, Title IX/ADA Compliance Coordinator**

Poppy Fitch can be contacted at:
Phone: (866) 974-5700, ext. 20702
Email: titleix@ashford.edu
Mailing Address: 8620 Spectrum Center Blvd,
San Diego, CA 92123

**Christina Jaquez, Student Conduct Specialist, Deputy Title IX Coordinator**

Christina Jaquez can be contacted at:
Phone: (866) 974-5700, ext. 20793
Email: titleix@ashford.edu
Mailing Address: 8620 Spectrum Center Blvd,
San Diego, CA 92123

The Title IX/SaVE Coordinator is responsible for the oversight, coordination and implementation of all Title IX compliance activities for the University. Title IX/SaVE Coordinator responsibilities include, but are not limited to, monitoring of the ongoing publication of the University’s policy of Nondiscrimination including the Title IX/SaVE Coordinators contact information, continuous monitoring and oversight of overall University activities for compliance with Title IX requirements including athletic equity, grievance procedures, investigations, sanctions and evaluating requests for confidentiality.

The above complaint processes (Gender/Sex and Other Complaints) involve a thorough, impartial investigation designed to provide a fair, prompt, and reliable determination about whether the University nondiscrimination policies have been violated. As necessary, the University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim.

The University has an obligation to report any crimes of which it has knowledge under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act).

**Referral to Student Dispute Resolution Center**

Upon receipt of a complaint, the Title IX/SaVE Coordinator will refer the complaint to the Student Dispute Resolution Center (SDRC), and if necessary, to Employee Relations, for investigation.

- Generally, the investigation will be completed and findings and sanctions issued within sixty (60) calendar days from the receipt of the complaint. There may be extensions of this or any timeframe within this procedure for good cause with written notice to the parties of the delay and the reason for the delay.
- In all complaints, the Title IX/SaVE Coordinator and, if necessary, Human Resources, will provide interim measures upon the request of a reporting party if such measures are reasonably necessary and available.
- In order to protect the complainant at any time during the investigation, the University may also recommend interim measure.
- These interim measures may include, but are not limited to, resources and support services, issuance of No Contact orders to separate or limit contact between the parties, modification of extracurricular, transportation, dining, working or course schedules, assignments or tests, increased monitoring, supervising, or security at applicable locations or
activities, and/or interim suspension(s) pending investigation. These measures may apply in ground or online contexts.

- Efforts will be made to minimize the burden on the complainant. Failure to comply with these interim measures may be considered a separate violation of this policy.

Student Dispute Resolution Center Initial Investigation into Complaint

NOTE: As discussed under “Confidentiality,” students reporting incidents of Sexual Misconduct/Harassment may ask that the students’ names not be disclosed to the accused or that no investigation or disciplinary action be pursued to address the alleged Sexual Misconduct/Harassment. While the University strongly supports a student’s interest in confidentiality in cases involving Sexual Misconduct/Harassment when the University can honor such a request, the formal investigation described here cannot take place when confidentiality is honored. Only informal measures with no potential discipline for the responding party can result in circumstances where confidentiality does not allow the respondent to know the identity of the complainant and the allegations against her or him.

The Initial Investigation will be completed within ten (10) calendar days from the receipt of the complaint. There may be extensions of this or any timeframe within this procedure for good cause with written notice to the parties of the delay and the reason for the delay.

- Upon receipt of a complaint from the Title IX/SaVE Coordinator, the Student Dispute Resolution Center (SDRC), and if necessary, Human Resources staff, will mutually investigate the complaint.
- Only trained investigators will analyze and document the available evidence to support reliable decisions, objectively evaluate the credibility of parties and witnesses, synthesize all available evidence – including both inculpatory and exculpatory evidence – and take into account the unique and complex circumstances of each case.
- SDRC and, if necessary, Human Resources staff, will mutually determine the identity and contact information of the complainant, whether that will be the initiator, the alleged victim, or a University proxy or representative.
- SDRC and, if necessary, Human Resources staff, will mutually collaborate with the complainant to identify the correct policies allegedly violated.
- SDRC and, if necessary, Human Resources staff, will mutually conduct an immediate initial investigation to determine if there is reasonable cause to charge the accused individual, and what policy violations should be alleged as part of the complaint.

- Once SDRC and, if necessary, Human Resources staff, determines the need to open an investigation, SDRC and/or HR will provide written notice to the responding party of the allegations constituting a potential violation of the sexual misconduct policy, including sufficient details and with sufficient time to prepare a response before any initial interview.
- Sufficient details include the identities of the parties involved, the specific section of the code of conduct allegedly violated, the precise conduct allegedly constituting the potential violation, and the date and location of the alleged incident.
- The investigation should result in a written report summarizing the relevant exculpatory and inculpatory evidence.
- The reporting and responding parties and appropriate officials must have timely and equal access to any information that will be used during informal and formal meetings in this and all subsequent steps of the process, and be given the opportunity to present evidence, including written witness statements.
- If a reasonable cause exists, SDRC and, if necessary, Human Resources staff, will mutually prepare the Initial Investigation Report and if applicable, a proposed Notice of Charges on the basis of the initial investigation and submit it to the Title IX/SaVE Coordinator for further action.
- Once the Title IX/SaVE Coordinator receives a copy of the report of initial findings, the Title IX/SaVE Coordinator will review the findings and make a determination within three (3) calendar days of receipt of the initial investigation report and if applicable, the proposed Notice of Charges as to whether reasonable cause exists to bring charges against the accused individual. There may be extensions of this or any timeframe within this procedure for good cause with written notice to the parties of the delay and the reason for the delay. If reasonable cause exists, the matter shall proceed to a formal investigation.
- If the Title IX/SaVE Coordinator determines there is insufficient evidence to support reasonable cause, the Title IX/SaVE Coordinator or designee or, if necessary, Human Resources, will simultaneously and in writing inform the complainant and the accused that the investigation is discontinued and include the rationale for the result. Any interim measures taken will be reversed.
Notice of Charges and Continued Investigation of Complaint

- The decision whether to continue the Investigation will be made and communicated to the parties within fifteen (15) calendar days of the receipt of the complaint. There may be extensions of this or any timeframe within this procedure for good cause with written notice to the parties of the delay and the reason for the delay.

- The Title IX/SaVE Coordinator or his/her designee, will simultaneously communicate in writing to the parties the continuation of the investigation and intent to present the accused with a Notice of Charges. This notification must include any initial or interim decision and the rationale.

- If the Title IX/SaVE Coordinator determines there is sufficient evidence to support reasonable cause and approve the charges, the Title IX/SaVE Coordinator and, if necessary, Human Resources staff, will mutually determine the need for additional interim measure for any parties involved in the complaint.
  - In all complaints, the Title IX/SaVE Coordinator and, if necessary, Human Resources, will provide interim measures upon the request of a reporting party if such measures are reasonably necessary and available.
  - In order to protect the complainant at any time during the investigation, the University may also recommend interim measure.
  - These interim measures may include, but are not limited to, resources and support services, issuance of No Contact orders to separate or limit contact between the parties, modification of extracurricular, transportation, dining, working or living arrangements or course schedules, assignments or tests, increased monitoring, supervising, or security at applicable locations or activities, and/or interim suspension(s) pending investigation. These measures may apply in ground or online contexts.
  - Efforts will be made to minimize the burden on the complainant. Failure to comply with these interim measures may be considered a separate violation of this policy.

- Any requests for updates on the status of the investigation prior to its completion should be directed to the Title IX/SaVE Coordinator.

- The investigator will make a finding and present the findings to the Title IX/SaVE Coordinator within forty-five (45) calendar days of the receipt of the complaint. There may be extensions of this or any timeframe within this procedure for good cause with written notice to the parties of the delay and the reason for the delay.

- The Title IX/SaVE Coordinator will communicate the results, if applicable, to Human Resources staff.

- At any time during this process, the individual maintains the right to simultaneously file a formal complaint with the Office of Civil Rights (OCR), United States Department of Education, Washington DC 20201, and/or a criminal complaint with local law enforcement.

Presentation of Investigation Findings to the Parties

- The Title IX/SaVE Coordinator or designee, or, if necessary, Human Resources staff, will simultaneously and in writing communicate the findings to the accused and the complainant within fifty (50) calendar days of the receipt of the complaint There may be extensions of this or any timeframe within this procedure for good cause with written notice to the parties of the delay and the reason for the delay.

- This communication will inform the parties whether the preponderance of the evidence supports a finding against the accused for the alleged violation(s).

- The communicated findings will inform the parties as to 1) whether there is a finding of sexual harassment; 2) whether the interim measures will continue; 3) what actions will be taken, including any disciplinary procedures that will be initiated; and 4) whether any assistance will be provided to the victim.

- Where the accused is found not responsible for a violation, the Title IX/SaVE Coordinator and Human Resources staff where applicable, will consider the reversal of any remedial actions taken.

- The accused or the complainant may appeal the findings in part or in whole; the Title IX/SaVE Coordinator or his/her designee will advise the parties of the procedures to appeal of the result when communicating the findings.

Investigation Findings: Acceptance

- If the complainant and/or accused individual(s) accept the findings in whole, each shall notify the Title IX/SaVE Coordinator within three (3) business days of communication of findings. If the complainant and/or accused individual do not indicate his/her acceptance or Appeal of the findings within three (3) business days of communication, non-communication will be considered acceptance and the University will proceed accordingly with the process four (4) business days following communication of the investigation findings.
The Title IX SaVE/Coordinator will review all case information and determine appropriate sanctions within eight (8) business days following notification of all findings to the complainant and accused individual, barring documented unforeseen circumstances. If the accused is an employee, the Title IX/SaVE Coordinator in coordination with the Human Resources staff will determine appropriate sanctions.

The Title IX/SaVE Coordinator, or Human Resources staff (if applicable) shall, within two (2) business days, barring documented unforeseen circumstances, simultaneously and in writing inform the complainant and the accused of the sanction decision.

Sanctions against student(s) determined by this process are subject to the Sanction Appeal Process by the accused party.

Investigation Findings: Appeal

If the complainant and/or the accused individual(s) disagree with the findings, in part or in totality, either the complainant or the accused may appeal the finding in part or in totality on the following bases:

- The accused and/or complainant wants consideration of new evidence, which was unavailable during the original investigation that could be outcome determinative. A summary of this new evidence and its potential impact must be included;
- The accused and/or complainant alleges that a material deviation from written procedures impacted the fairness of the process in a way that could be outcome determinative;
- The accused and/or complainant challenges the assertion that the evidence presented during the investigation process was sufficient to find them responsible by a preponderance of the evidence; or
- The accused and/or complainant alleges bias by the investigator, or the Title IX/SaVE Coordinator which deprived the process of impartiality in a way that was outcome determinative.

The accused and/or complainant have five (5) business days, barring documented unforeseen circumstances from the date of communication of findings, to present the formal appeal, in writing, to the Senior Vice President for Academic Affairs and CAO of Ashford University, Dr. Laura Palmer Noone.

The Senior Vice President for Academic Affairs and CAO may be contacted as follows:
Email: Laura.PalmerNoone@ashford.edu
Mailing Address:
Dr. Laura Palmer Noone  
Senior Vice President for Academic Affairs and CAO, Ashford University  
8620 Spectrum Center Blvd, San Diego, CA 92123

Investigation Finding: Appeal Process

- Upon receipt of either party’s appeal of the findings, the Vice President for Academic Affairs will acknowledge receipt of the notice within three (3) business days.
- The written appeal must state the basis for appeal and provide sufficient information that supports the grounds for appeal.
- The Vice President for Academic Affairs or his/her designee will review all cases presented for appeal within five (5) business days of the appeal, barring documented unforeseen circumstances, to determine if the presented grounds for appeal and supporting information will be accepted or rejected.
- If the appeal does not meet the stated grounds for appeal, the appeal will be rejected. The Vice President for Academic Affairs, shall, within two (2) business days of the determination, barring documented unforeseen circumstances, simultaneously and in writing, inform the complainant and the accused of the appeal decision.
- If the Vice President for Academic Affairs determines there is sufficient evidence to support an appeal, the matter will return to the Student Dispute Resolution Center for further investigation unless the appeal alleges bias of the investigator which deprived the process of impartiality in a way that was outcome determinative or an assertion that the evidence was insufficient to meet the preponderance of the evidence standard. In those cases, the appeal will remain with the Vice President for Academic Affairs or his/her designee for review and final decision.
- Whether the investigation goes to the Student Dispute Resolution Center or remains with the Vice President for Academic Affairs or his/her designee, the appeal investigation will be completed within fourteen (14) calendar days of submission to the Vice President for Academic Affairs, barring documented unforeseen circumstances that may extend the appeal review.
- The Vice President for Academic Affairs, and if applicable in coordination with Human Resources, will communicate the appeal findings simultaneously and in writing to the complainant and the accused.
- Additionally, the Vice President for Academic Affairs will consult with the Title IX/SaVE Coordinator and Human Resources (when necessary) to consider the reversal of any remedial actions taken.
Additional Information for Sexual Misconduct/Harassment Investigations

Amnesty Policy: Ashford University encourages the reporting of crimes by victims and/or witnesses. Sometimes, victims and/or witnesses are hesitant to report to University officials because they fear that by reporting an incident he/she may be accused of policy violations, such as underage drinking at the time of the incident. It is in the best interests of this community that as many victims and/or witnesses as possible choose to report to University officials. To encourage reporting, Ashford University pursues a policy of offering victims and/or witnesses of crimes immunity from policy violations related to the incident, as long as those policy violations are not directly related to the crime itself. For example, if a student reported a rape in which he or she was involved as an accused individual, he or she would not be immune from policy violations.

Attempted Violations: In most circumstances, Ashford University will treat attempts to commit Sexual Misconduct/Harassment as if those attempts had been completed.

False Reporting: Ashford University will not tolerate intentional false reporting of incidents.

Group Actions: When members of groups, individuals acting collusively, or members of an organization act in concert in violation of any policy, they may be held accountable as a group or individually, and may proceed against the group of jointly accused students, or individually, at the discretion of the University.

Right to Present Own Complaint or Use Proxy: The alleged victim has the right to present his or her own complaint if he or she wants to, or to ask the University to stand as complainant in his or her place.

Sexual History: Questioning or presenting of evidence about the complainant’s prior sexual conduct with anyone other than the accused will be prohibited. Evidence of a prior consensual dating or sexual relationship between the parties by itself does not imply consent or preclude a finding of Sexual Misconduct/Harassment.

University as Complainant: As necessary, Ashford University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim of Sexual Misconduct/Harassment.

Possible Sanctions and Protective Measures
Any student found responsible for violating the policy on Sexual Misconduct/Harassment may receive a sanction ranging from a verbal warning, probation, and suspension to expulsion/termination, depending on the severity of the incident, and taking into account any previous documented conduct issues. If the accused individual is an employee, sanctions will be determined by Title IX/SaVE Coordinator in consultation with Human Resources if applicable.

In order to protect the complainant, at any time during the investigation, the University may recommend short term, or interim, protections or remedies. These remedial actions may include, but are not limited to, making the complainant aware of their rights, resources and support services, issuance of No Contact orders to separate or limit contact between the parties, modification of extracurricular, transportation, dining, working or living arrangements or course schedules, assignments or tests, increased monitoring, supervising, or security at applicable locations or activities, and/or interim suspension(s) pending investigation. These remedies or protections may apply to ground or online contexts.

Efforts will be made to minimize the burden on the complainant. Failure to comply with these interim protections may be considered a separate violation of this policy.

Sanction Process
The Title IX/SaVE Coordinator will review all case information and determine appropriate sanctions within five (5) business days of notification of acceptance or determination on appeal barring documented unforeseen circumstances.

Sanction Appeal Process
Where the accused party disagrees with the sanction(s), they have five (5) business days from the date sanctions are communicated, barring documented unforeseen circumstances to present an appeal of the sanctions, in writing, to the Vice President for Academic Affairs. The written request for appeal of the sanctions must state one or more of the five (5) basis for appeal (see the following), along with facts and information that support the grounds for appeal; and be accompanied by any relevant, new information or evidence that was not available during the investigation phase of the process. The Title IX/SaVE Coordinator will forward all case information to the Vice President for Academic Affairs or designee who will make a determination as to whether there is sufficient evidence to support an appeal of sanctions on the basis of:

- The availability of new information, unavailable during the original investigation, that could be outcome determinative regarding sanctions.
- A potential material deviation from written procedures which impacted the fairness of the process in a way...
that was outcome determinative regarding the sanctions.

- The potential of bias by the Title IX/SaVE Coordinator which may have deprived the process of impartiality in a way that was outcome determinative.

- A belief that a sanction(s) is substantially disproportionate to the severity of the offense.

- The sanction(s) appeal will be reviewed by the Vice President for Academic Affairs within five (5) business days of the sanction appeal notice, barring documented unforeseen circumstances, to determine whether there are sufficient grounds for appeal.

- If the appeal of the sanctions does not state a ground for appeal or sufficiently meet the grounds for appeal, the appeal will be rejected by the Vice President for Academic Affairs or designee and the decision to reject the appeal communicated to the Title IX/SaVE Coordinator and, if applicable, Human Resources.

- The Title IX/SaVE Coordinator and, if applicable, Human Resources, will in writing inform the accused of the rejection of the appeal within seven (7) calendar days of the determination, barring documented unforeseen circumstances.

- The Title IX/SaVE Coordinator will impose all sanctions on the accused student for the violation. Human Resources in consultation with the Title IX/SaVE Coordinator will impose all sanctions on the accused employee. Once the sanctions are carried out, the case will be closed.

- If the Vice President for Academic Affairs determines there are grounds for the sanction appeal, the Vice President for Academic Affairs will review all information presented with the sanction appeal and make a final sanction determination within fourteen (14) calendar days of acceptance of the appeal of sanctions, barring documented circumstances that may extend the determination. The Vice President for Academic Affairs will forward the determination to the Title IX/SaVE Coordinator.

- The Title IX/SaVE Coordinator and, if applicable, Human Resources, will in writing inform the accused of the appeal decision within seven (7) calendar days of the decision, barring documented unforeseen circumstances.

- The Title IX/SaVE Coordinator or designee, and if applicable, Human Resources, will impose all sanctions for the violation. Once the sanctions are carried out, the case will be closed.

- Nondisclosure Agreements: The University will not require a party to abide by a nondisclosure agreement, in writing or otherwise, that would prevent the redisclosure of information related to the outcome of the proceeding.

Disability Support Services

The University is committed to providing an equal opportunity to access a full educational experience. In accordance with Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act (ADA) of 1990, as amended, Ashford University prohibits discrimination on the basis of a disability. Reasonable accommodations will be granted to students who present appropriate documentation of disability and are otherwise qualified to participate in their specific program of study. Ashford University’s Office of Student Access and Wellness is dedicated to fostering equal opportunities to student success through accessible educational programs, disability related advocacy, faculty and staff education, and an enhanced awareness of individual abilities and contributions.

Complaints regarding allegations of disability discrimination shall be filed in accordance with the Dispute Resolution Procedures for Student Complaints section referenced in this Catalog.

Effective Communication for Persons with Disabilities

Ashford University will provide information to interested persons with disabilities concerning the existence of support services and accommodations to ensure accessible programs, services, and activities of the University. The University will ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. The University will furnish appropriate auxiliary aids and services where necessary to ensure effective communication with individuals with disabilities.

Disability Documentation

Ashford University will provide reasonable accommodation to students with documented disabilities in order to ensure the accessibility of programs, services, and activities of the University. The University requirements for documentation are based upon the Association on Higher Education and Disability (AHEAD) Best Practices: Disability Documentation in Higher Education.

The process for determining accommodations is a collaborative one that may or may not require third-party documentation. The University reserves the right to request a reasonable level of documentation. One or more of the following documentation categories will be
considered in the evaluation of student accommodation requests:

1. **Primary Documentation: Student’s Self-Report.** Ashford University believes the student is a vital source of information regarding how he or she may be “limited by impairment.” A student’s narrative of his or her experience of disability, barriers, and effective and ineffective accommodations is an important tool which, when structured by interview or questionnaire and interpreted by professional staff, may be sufficient for establishing disability and a need for accommodation.

2. **Secondary Documentation: Observation and Interaction.**
   The impressions and conclusions formed by Ashford University disability professionals during interviews and conversations with students or in evaluating the effectiveness of previously implemented or provisional accommodations are important forms of documentation. The University employs qualified and experienced disability professionals who will observe students’ language, performance, and strategies as an appropriate tool in validating student narrative and self-report.

3. **Tertiary Documentation: Information from External or Third Parties.**
   Documentation from external sources may include educational or medical records, reports and assessments created by health care providers, school psychologists, teachers, or the educational system. This information is inclusive of documents that reflect education and accommodation history, such as Individual Education Program (IEP), Summary Of Performance (SOP), and teacher observations. External documentation will vary in its relevance and value depending on the original context, credentials of the evaluator, the level of detail provided, and the comprehensiveness of the narrative.

A Note about Documentation:
These guidelines apply to students taking Ashford University classes. Students should be aware that other universities and testing agencies (which administer standardized tests such as the Graduate Record Exam and Law School Admission Test) may require more extensive documentation, and should review their requirements well in advance.

**Use of Mobility Devices**
Ashford University will maintain facilities accessible to persons with disabilities in compliance with the Americans with Disabilities Act, as amended. Individuals with disabilities who utilize power driven mobility devices, (e.g., any mobility device powered by batteries, fuel, or other engines—whether or not designed primarily for use by individuals with mobility disabilities—that is used by individuals with mobility disabilities for the purpose of locomotion, including golf cars, electronic personal assistance mobility devices [EPAMDS], such as the Segway® PT) may do so within University facilities only when operation of such mobility devices does not pose a substantial risk of harm to students, faculty, staff, or visitors to the campus. Use of power driven mobility devices for the purpose of ambulation between University facilities is permitted. Storage of power driven mobility devices within University facilities should not impede path of travel for pedestrian traffic areas. Responsibility for the securing of power driven mobility devices resides with the user. The University does not accept responsibility for damage, loss, or theft of property stored on its premises.

**Use of Service Animals**
Service animals, performing a specific task for an individual with a documented disability, are welcome in all University facilities and in all activities of the University. If it is not readily apparent that an animal is a service animal, or the service animal does not have visually identifiable apparel, apparatus, or other evidence that the animal is a service animal, faculty and staff may ask to confirm that the animal is a service animal.
A service animal, as defined by the Americans with Disabilities Act (ADA), is a guide dog, signal dog, or other animal (generally a dog) individually trained to do work or perform tasks in support of a person with a disability. An animal whose sole function is emotional support does not qualify under this definition.

Students and visitors to the University are responsible for the care and supervision of the service animal while on University premises or while engaged in University activities. Care includes, but is not limited to, feeding, toileting and hygiene.

*Disability is defined by the ADA as “a physical or mental impairment with respect to an individual that (a) substantially limits one or more of the major life activities, (b) a record of such an impairment or (c) being regarded as having such an impairment...” 42 U.S.C §12102

**Revisions to Title III regulations provide, “When considering requests for modifications, accommodations, or auxiliary aids or services, the entity gives considerable weight to documentation of past modifications, accommodations, or auxiliary aids or services received in similar testing situations, as well as such modifications, accommodations, or related aids and services provided in response to an Individualized Education Program (IEP) provided under [IDEA] or a plan describing services...”
provided pursuant to section 504 of the Rehabilitation Act of 1973 as amended.” (28 C.F.R. § 36.309(b)(1)(v))

Guidance and Section-by-Section Analysis provides these examples of types of information to consider: “recommendations of qualified professionals familiar with the individual, results of psycho-educational or other professional evaluations, an applicant’s history of diagnosis, participation in a special education program, observations by educators, or the applicant’s past use of testing accommodations.” 28 C.F.R part 36 (2010)

Contact Information
Students who believe they are in need of accommodations should contact:

The Office of Student Access and Wellness at access@ashford.edu or may review general information regarding disability services and accommodations at www.ashford.edu/accessandwellness.

Students who have a concern about their disability accommodations may contact:
Student Access and Wellness Manager at studentaccessandwellnessmanagers@ashford.edu.

Formal complaints will be handled in accordance with the grievance procedures outlined in this section of this Catalog.

ADA Coordinator of Ashford University,
Poppy Fitch, Associate Vice President, Student Affairs,
ADA Compliance Officer

Dispute Resolution Procedure for Student Complaints

The Ashford University community benefits from informal processes and formal procedures that encourage prompt and equitable resolution of complaints and concerns that students may have about the implementation of policies and procedures that govern the institution.

Who May File A Complaint: The Student Dispute Resolution Center (SDRC) addresses complaints filed by an individual student, alumnus, former student, prospective applicant, or applicant. The terms “student” and “complainant” are used interchangeably.

Complaints initiated by attorneys on behalf of students will begin at Step II below.

No Reprisal: Students will not be subjected to reprisal or retaliation for using or participating in the dispute resolution procedure.

Issues Eligible for Review: Issues eligible for review by the SDRC include, but are not limited to, issues concerning billing and/or refund policy, transcripts, technology, financial aid and other finance options (excluding Employee Tuition Benefit), course drop or scheduling concerns, personal hardship matters resulting in an account balance, student account complaints, military benefits, disability-related matters, and advising issues. In addition, any discrimination complaints, based on race, color, creed, national or ethnic origin, religion, pregnancy, childbirth and related medical conditions, marital status, sex or gender identity, medical condition, service in the uniformed services, political activities and affiliations, age, disability, veteran status, or any other consideration made unlawful by federal, state, or local laws excluding behavior that falls under the Sexual Misconduct/Harassment Policy.

Issues Not Eligible for Review: Issues not eligible for review by the SDRC include grade appeal requests and challenges to grade appeal outcome, challenge of course content, instructor issues, transfer credit and transfer credit appeal, appeal of satisfactory academic progress, appeal of dismissal, and appeal of Student Community Standards Committee findings. In addition, any discrimination that falls under the Sexual Misconduct/Harassment Policy.

The Dispute Resolution Procedure may only be used for these issues if the challenge relates to allegations of discrimination or bias. Otherwise, appeals of those matters should follow the procedures outlined elsewhere in this Catalog.
Dispute Resolution Procedure

Step I: Departmental Resolution

Students should address the complaint or concern at the departmental level with the individual involved in the complaint (e.g., Advisor, Collections Specialist, Faculty Support and Development Associate, Instructor, Manager, etc.). If satisfactory resolution is not reached after discussion with the individual or if it is impracticable to address the problem or complaint with the individual, the student should contact the individual’s direct supervisor to attempt to resolve the complaint. If the student’s concerns remain unresolved the student should proceed to filing a complaint with the SDRC.

How to File a Complaint

An individual student, alumnus, former student, prospective applicant, or applicant (“student” or “complainant”) may file a complaint with the SDRC by completing the Student Dispute Resolution Center Submission form found at www.ashfordprograms.com/complaints.

Students are encouraged to begin the dispute resolution process within thirty (30) calendar days of the incident prompting the complaint or from the date of knowledge of the incident prompting the complaint.

Upon receipt of the Student Dispute Resolution Center Submission form, the SDRC will review the complaint to determine if it is eligible to be addressed through the dispute resolution procedure and to ensure the required information is included so the complaint can be appropriately assigned. Complaints alleging discrimination or bias may at any time proceed directly to Step II: Grievance Resolution.

If the complaint is eligible for review by the SDRC and all required information has been submitted, the complaint will be assigned to a case handler within three (3) business days of receipt of the complaint. If the complaint is not eligible for review by the SDRC (see above for “Issues Eligible for Review”), the complainant will be notified by the SDRC within three (3) business days of receipt of the complaint. The SDRC will attempt to direct the complainant to the appropriate resource(s) for addressing the complaint.

If the required information has not been submitted with the complaint form, a representative from SDRC will inform the complainant in writing of the missing information. The complainant will be provided a reasonable amount of time, based on the circumstances and outstanding required information, to submit the missing information for the complaint. If the complainant does not submit the additional required information, the complaint will not be processed. Once the required information has been submitted, the complaint will be assigned to a case handler within three (3) business days of receipt of the required information.

Step II: Grievance Resolution

During Step II, the dispute resolution specialist will investigate the dispute, evaluate the findings and issue a written response. The dispute resolution specialist will adequately, reliably and impartially investigate the complaint.

Investigation

During the investigation phase, the dispute resolution specialist will contact the student and others, including all witnesses* identified by either complainant or respondent who are likely to have knowledge relevant to the allegation, to discuss the student’s concerns. The student’s participation in the process is essential, and the dispute resolution specialist may speak with the student several times during the investigation stage. Students should be prepared to speak with the dispute resolution specialist and provide any additional relevant information the dispute resolution specialist might request. Failure to provide the requested information may delay or preclude a thorough investigation.

*The dispute resolution specialist will document all efforts to contact relevant witness(es). If the dispute resolution specialist is unable to contact a relevant witness, the attempts to contact the witness and the reasons such attempts were unsuccessful must be documented by the dispute resolution specialist.

Evaluation and Response

Following the completion of the investigation, Step II grievances are evaluated through a collaborative process that may involve the following representatives, or their designee: an Executive Dean of the College in which the student is enrolled, University Vice President for Academic Affairs, Vice President of Student Services, Director of Student Affairs and Vice President of Financial Aid and Services. These representatives have decision-making authority in regards to formal grievances. The dispute resolution specialist will present the investigation findings and the student’s requested resolution to those designated with decision-making authority.

For complaints alleging discrimination or bias, the dispute resolution specialist will present the investigation findings, along with all evidence submitted or identified by the complainant or respondent to the University’s deliberating body. A deliberating body will be comprised of representatives from various University departments, or their designee(s) who have decision-making authority and are not the subject of the discrimination or bias charge.
Complaints alleging discrimination or bias must be concluded within fifteen (15) days following the completion of the investigation.

The Step II process will be completed within thirty (30) business days following receipt of the complaint. If additional time is needed for the investigation, evaluation, or response, the student will be notified. The response will be issued to the student and/or his/her representative via email or U.S. Mail.

Per Step III below, a student may appeal the outcome of the Step II Grievance. Unless a student articulates a permissible ground for appeal, the response at Step II is final.

**Step III: Presidential Appeal of Step II**

**Timeline for Filing an Appeal**

The student should file the appeal within ten (10) business days of the date of the University’s response.

Students may appeal the findings of the response at Step II only on the following grounds:

- To consider new evidence that was unavailable during the original investigation that could be outcome determinative;
- To assess whether a material deviation from written procedures impacted the fairness of the process in a way that could be outcome determinative;
- To challenge if the findings of the investigation do not accord with the preponderance of the evidence; or,
- To assess whether bias of the investigator deprived the process of impartiality in a way that could be outcome determinative.

**How to File an Appeal**

The student should set forth in writing at least one of the above grounds for appeal with the information that supports the ground(s) for appeal. The written appeal shall be sent to GrievanceAppeal@ashford.edu.

Students in the state of Georgia may appeal the final decision to:

Georgia Nonpublic Postsecondary Education Commission 2082 East Exchange Place, Suite 220 Tucker, GA 30084-5305 (770) 414-3300 www.gnpec.org

**Additional Resources**

Ashford University values its students and has created additional avenues to bring forth concerns. In addition to the previously described complaint procedures, at any time, the student may select to notify the University of a concern using the confidential, third-party alert hotline, www.ashfordstudentcomplaints.alertline.com or (855) 274-5539.

*The terms “student” and “complainant” are used interchangeably and refer to an individual student, alumnus, former student, prospective applicant or applicant.*

*Business day is defined to mean normal operating hours, Monday through Friday, excluding recognized University holidays.*

**Complaints to States and Accrediting Bodies**

Students may file a complaint with the University’s institutional accrediting body by contacting WASC Senior College and University Commission (WSCUC), 985 Atlantic Avenue, Suite 100, Alameda, CA 94501, (510) 748-9001, www.wscuc.org.

Students may file a complaint with the International Accreditation Council for Business Education (IACBE) via email (iacbe@iacbe.org) or by regular mail to
Academic Integrity

The Ashford University community will engage in educational pursuits with rigorous academic integrity. Academic integrity is the ethical use of information, thoughts, and ideas from which we build original thought to contribute to the academic conversation. All students, staff, faculty, and administration are held to the highest standard of ethical, integral behavior at Ashford University at all times. Academic integrity includes several specific behaviors, including:

**Original Thought:** Developing your own perspectives from careful analysis and synthesis of existing information;

**Academic Voice:** Utilizing your own voice, spoken or written, while presenting ideas, facts, arguments, and conclusions that are supported by research;

**Careful Attribution:** Following the rules of grammar and proper citation methods to accurately attribute words and information to the original source;

**Personal Responsibility:** Taking ownership for one’s own educational activities and responsibility for choices and their consequences;

**Continual Improvement:** Accepting the reality that mistakes are learning opportunities and that errors can be fixed and behaviors can be changed.

Academic Dishonesty

All Ashford students and alumni are expected to adhere to the standards of academic integrity. Violations of academic integrity constitute academic dishonesty. Academic dishonesty is a serious offense at the University because it undermines the bonds of trust and personal responsibility between and among students and faculty, weakens the credibility of the academic enterprise, and defrauds those who believe in the value and integrity of the degree.

The University may address allegations of academic misconduct after a student has graduated, and will process allegations concerning alumni in the same manner it addresses allegations concerning current students. All sanctions that could be applied to a current student could be applied to an alumnus, and the University reserves the right to rescind a previously conferred degree where the Student Community Standards Committee deems this an appropriate sanction. All references to "student" in the Academic Integrity policy section of this Catalog refer to current students and alumni.

Ashford University defines academic dishonesty as deceitful and/or deceptive attempts to fulfill academic requirements. While plagiarism is the most common form of academic dishonesty, cheating or furnishing fabricated or false information to Ashford University officials and/or faculty (such as lying to effect a grade change) are also acts of academic dishonesty prohibited by Student Community Standards.

Students suspected of and being investigated for Academic Dishonesty and/or knowingly furnishing false, falsified or forged information to the University may be placed on a finance and transcript hold and he or she will be unscheduled from future courses. For those students utilizing financial aid, this finance hold will prevent a financial aid disbursement until the issue is resolved through the appeal process and/or through a Student Community Standards formal hearing.

Ashford University will consider the cumulative record of any student with respect to academic integrity violations, regardless of the student’s current academic program or status. For example, violations of the Academic Integrity policy while an undergraduate, but not discovered until the student is enrolled in an Ashford graduate program, will be addressed during the student’s graduate program. This may result in sanctions, a change in the student’s eligibility status for his or her graduate enrollment, and/or impact retroactively on the student’s fulfillment of all undergraduate program requirements. Academic dishonesty may take several forms:

**Cheating:** Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise (e.g., tests, essays, etc.).

**Fabrication:** Intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

**Facilitating Academic Dishonesty:** Intentionally or knowingly helping or attempting to help another student to commit a violation of academic integrity.

**Plagiarism:** Plagiarizing denies the student the powerful opportunity to develop as an ethical and conscientious human being. **Ashford University defines plagiarism** as representing the words or ideas of another as one’s own in any academic exercise. This definition includes draft assignments that are submitted and graded as a part of the curriculum. Plagiarism occurs when someone deliberately uses the ideas, language, or other material (that is not common knowledge) without acknowledging the original
source. The use of materials, including printed or online texts, as well as the work of others, can be considered plagiarism when presented as one’s own work.

Acts of plagiarism include, but are not limited to:

- Copying text from printed materials, which include books, magazines, encyclopedias, newspapers, online sources, etc., without proper citation;
- The modification of text with the intent of changing phrases, changing words, or interspacing the student’s work into the plagiarized work;
- “Copy and paste” plagiarism, which involves copying and pasting materials from Internet sources and presenting them as one’s original work;
- The use of another student’s work, even if the student has the permission of the other student. The use of another’s work constitutes an act of collusion, which constitutes an act of plagiarism;
- The use of materials purchased from Internet or elsewhere;
- Paraphrasing or summarizing another’s work without giving appropriate credit; or
- Recycling a previously submitted assignment for a current course, but representing the assignment as original work.

Recycling of Academic Work

As part of the University’s policy on academic integrity, it is expected that students will not submit an assignment that is an exact copy of work previously submitted in another course at any institution. The University understands that work within a discipline is interconnected and expects students, when writing about similar topics, to enhance and refine the content of an assignment as they progress through their program of study. It is not acceptable to resubmit the exact same copy of work previously submitted without enhancing or refining the concepts contained in the assignment. Submitting an exact copy of work, or any portion of work, previously submitted in another course may adversely affect one’s grade and/or be considered a violation of the Student Community Standards.

The following exceptions to variations on recycling are allowed by Ashford.

- If a student wishes to repurpose work from a past course for a current course (for example, using work from PSY 202 in PSY 301), that student may do so only if all of the following criteria are satisfied:
  - Instructor permission is granted. Not all instructors grant this permission.
  - The student emails the current instructor a copy of the originally submitted work that they wish to repurpose prior to submitting an assignment that contains the recycled material. This submission includes the start date of the course where the material was originally used. The instructor may then provide written approval of the re-submission.
  - The reused material is properly attributed in terms of “self-citing” in the submitted document.
  - The student substantially enhances and refines what was submitted previously.
- A student may resubmit, without penalty, classwork from a previously unsuccessful attempt at a course in a second or subsequent attempt at the same course if University credit has not previously been earned in the course. An unsuccessful attempt is defined as failing the course, earning a grade of W or N/A, failing to meet the grade necessary to satisfy a general education competency, or failing to meet the grade for the course required by your degree program. However:
  - The student must inform the current course instructor of this reuse of content prior to submission of the reused material.

Common Knowledge vs. Plagiarism: Some students have the mistaken notion that they must give credit to a source only when they use a direct quotation. Paraphrasing (putting ideas into your own words) or changing a word or two in a source does not relieve the student of responsibility to credit the source. If an idea is not the student’s own, he or she must cite the source in the text of the paper and at the end of the paper as a reference. The only exception to this rule is if the idea the student uses is common knowledge. Facts that are common knowledge will generally be known by many people and can easily be found or referenced. Common knowledge facts (e.g., that Robert Kennedy was assassinated in 1968) do not need to be documented. However, students must reference lesser-known ideas and interpretations of common knowledge (e.g., a press release defense attorney Lawrence Teeter issued regarding the possible innocence of Sirhan Sirhan, the accused assassin of Robert Kennedy).

Plagiarism is a violation of Student Community Standards whether it is identified through Turnitin or found through other means. Turnitin is one tool available to students and instructors in the pursuit of honest, original writing.

Originality: Originality of student work is expected in an academic setting. Original writing should include:

- The writer’s individual perspective
- Unique insights and ideas on topics
- A personal academic voice
- Clear synthesis of information
- A specific alignment with the particular assignment
Avoiding Plagiarism: Academic and professional writing is formal, ethical, honest, and clear. All academic and professional writers depend upon a proven writing process that contains revision and review. Ashford University provides several tools to help students in their revision and review. Students who use the tools may discover ways to improve their writing, ensure academic honesty, develop a formal voice, and adhere to the required style guide. Address questions regarding plagiarism to the course instructor. Ashford University instructors utilize the Turnitin tool to check submitted work for originality. Turnitin highlights unoriginal passages in a student’s paper. Files submitted to Turnitin are compared against a repository, including internet sites, online text, archived internet data, student papers, books, journals, and other publications. Students and faculty have access to Turnitin in each class through the Waypoint grading system. Similarities and matches between assignments and items in the Turnitin repository will be highlighted in an originality report. Although Turnitin is not the only tool for identifying unoriginal work, it is an excellent resource for both students and faculty who wish to check documents for originality and avoid plagiarism.

Turnitin can be used to check work for unoriginal writing before submitting it in class. Often, issues can be attributed to one of these easy-to-correct mistakes:

- Colloquial Language (use of clichés and other overused casual phrases)
- Over-reliance on Direct Quotes
- Plagiarism (see definition in this section of the Catalog).

Consequences for Academic Dishonesty

A student who commits an act of academic dishonesty may face disciplinary action, including but not limited to: reflective essays, Academic Integrity trainings, failure to receive credit on an academic exercise, course failure, and/or separation from the University. Ashford University may also extend its jurisdiction to misconduct that occurs prior to, but not reported until after, the graduation of the offending student. There is no statute of limitations for violations of the Academic Integrity policy.

Instructors or other University staff may report instances of academic dishonesty to the Academic Integrity Department or designee; the student will receive a notice informing them of the offense, as well as any resulting disciplinary action(s). Academic Integrity violations are addressed collaboratively by the faculty and Academic Integrity Administrators.

If it is determined that a student is found responsible for violating the Academic Dishonesty policy and a singular violation is egregious, or there are multiple instances of academic dishonesty violations, the student will be referred to Student Affairs for review for the possibility of sanctioning up to and including removal from the University.

The student may be asked to meet for either an informal hearing or a formal hearing with the Student Community Standards Committee. Student Affairs will not reconsider the issue of student responsibility as determined by the Academic Integrity Department, rather it will instead determine appropriate sanctioning.

Student Community Standards

Ashford University is responsible for creating and maintaining an environment that is conducive to the pursuit of learning and living and to the development of students as scholars and citizens. University policies are necessary to safeguard the mission of Ashford University, thus protecting the students' ability to learn without undue interference by others. If misconduct occurs, the University community must respond in ways that protect all members of the community.

All students are expected to make themselves familiar with the Student Community Standards (herein referred to as Standards). Ignorance of these Standards, including behavioral expectations, specific prohibited conduct, or consequences for misconduct is not a defense to, nor grounds for, excusing violations of the Standards.

The following Standards are applicable to individuals during all periods of enrollment following the submission of an admissions application and including institutional breaks or approved Academic Leaves from the University. Please note that prospective students are also required to uphold the Standards. A prospective student who is found to have violated these Standards could be precluded from enrolling.

The University reserves the right to create, modify, or make changes to the Standards. The Standards may also be extended or amended to apply to new and unanticipated situations that may arise.

Authority over Student Conduct

Students are charged with the responsibility of having read, and agreeing to abide by, the provisions of the Student Community Standards (Standards) and the authority of the student conduct process. The Standards and the student conduct process apply to the conduct of individual students and University-affiliated student organizations. Because the Standards are based on shared values, they set a range of expectations for Ashford
University students no matter where or when their conduct may take place. Therefore, the Standards will apply to behaviors that take place at University-sponsored events, in online courses and may also apply off-campus, when the administration determines that the off-campus conduct affects a substantial University interest. A substantial University interest is defined to include any situation that is detrimental to the educational interests of the University.

Ashford University may also extend its authority over misconduct that occurs prior to, but is not reported until after, the graduation of the offending student. Those who are aware of misconduct are encouraged to report it as quickly as possible to appropriate University officials at scs@ashford.edu.

The Standards
Ashford University is committed to fostering an environment that is conducive to academic inquiry, student development, student engagement, thoughtful study, and discourse. A community exists on the basis of shared values and principles that form our Standards. Members of the student community are expected to uphold these Standards.

Integrity
Ashford University students exemplify honesty, integrity and a respect for truth in all of their dealings. Behavior that demonstrates a lapse of integrity includes, but is not limited to:

- Acts of academic dishonesty (as defined in this Catalog);
- Selling or otherwise providing course work, including exams, papers, and projects to third parties, which may be used for submission in fulfillment of any course or academic program requirement;
- Knowingly furnishing false, falsified, or forged information to any member of the University community, such as falsification or misuse of documents, accounts, records, identification, or financial instruments.

Community
Ashford University students honor and value their community. Behavior that violates this value includes, but is not limited to:

- Sharing or taking passwords from others, including University issued email accounts, student portal, online learning platform, etc.;
- Misuse or unauthorized use of University or organizational names and images;
- Violation of state or local fire policies, including:
  - Failure to evacuate a University-owned building during a fire alarm;
  - Improper use of University fire safety equipment; and
  - Tampering with or improperly engaging a fire alarm in a University building.

Fairness
Ashford University students exemplify fair treatment of each other in their dealings and interactions. Behavior that violates this value includes, but is not limited to:

- Disruption of University operations, including obstruction of teaching, research, administration, other University activities, or other authorized non-University activities;
- Harassment (verbal or physical) and/or intimidation of a member of a University conduct body prior to, during, and/or after a University conduct proceeding;
- Failure to comply with the sanction(s) imposed by the University conduct system.

Respect
Ashford University students show respect for each other, for property, and for the community. Behavior that violates this value includes, but is not limited to:

- Threatening or causing physical harm, extreme verbal abuse, or any other conduct which threatens or endangers the health or safety of any person;
- All forms of discrimination, intimidation, discriminatory harassment, or violence (as defined in this Catalog).

Responsibility
Ashford University students are given and accept a high level of responsibility as role models. Behavior that violates this value includes, but is not limited to:

- Allegations of violations of federal, state, or local laws which affect the interests of the University community;
- Assisting in the violation of University policies or public laws.

Hazing
All acts of hazing by any individual student and University registered student club or organization and any of its members or alumni are prohibited. Students are entitled to be treated with consideration and respect, and no individual may perform an act that is likely to cause physical or psychological harm or social ostracism to any other person within the University community. Accordingly, the following behavior is expressly forbidden
as hazing when related to the admission, initiation, pledging, joining, or any other group-affiliation activity:

- Physical abuse, including but not limited to paddling, slapping, kicking, choking, scratching and exposure to extreme (i.e., cold or hot) water temperatures, the consumption of disgusting and/or dangerous concoctions, alcohol, or drugs;
- Causing excessive mental stress, including but not limited to placing prospective members of an organization or group in ambiguous situations which lead to confusion, emotional stress, or sleep deprivation;
- Extreme verbal abuse, including but not limited to shouting, screaming, or use of derogatory, profane, or obscene language; or
- Subservience, including but not limited to any activity which promotes a class system within organizations or activities which facilitate inappropriate levels of authority over students.

This list is not exhaustive and any student or organization found to be involved in any hazing activity will face conduct action and will likely be subjected to expulsion from the University. Violation of this policy exists irrespective of the voluntary or consensual participation in the hazing activity by the person being hazed.

Standards Process Overview

The conduct process exists to protect the interests of the community, and to intervene when student behavior is not in accordance with the Standards. Whenever a complaint is made for alleged misconduct or violation of the Standards, the Conduct Administrator or designee will conduct a timely investigation of the allegations.

Students should be aware that the student conduct process is different from criminal and civil court proceedings. Procedures and rights in student conduct processes are conducted with fairness to all, but do not include the same protections afforded by the courts.

Standards Committee Procedures

Informal Hearing Procedures

Students are brought to conduct proceedings when a report of an alleged violation is received by the Office of Student Conduct and Community Standards. An informal hearing is designed to be a non-adversarial discussion of the misconduct with an impartial Conduct Officer. A Conduct Officer is a non-voting member who will organize the documentation and facilitate the hearing to ensure a fair process. All informal hearings are recorded and are conducted over the phone. Outcomes of informal hearings are designed to address certain behaviors from reoccurring and are developmental and/or educational in nature.

Participants: Conduct Officer and Charged Student

Student Responsibilities: To provide a written response in regards to the allegation(s); to provide a verbal response about the allegation(s) to a Conduct Officer; to choose to participate or not in an Informal Hearing.

Student Rights: Receive written notice of the specific alleged Standards violation(s); notification of a specific hearing date and time at least two (2) days in advance; a minimum of two (2) days to prepare for the informal hearing; receipt of a written statement of the hearing’s outcome within two (2) business days; to petition to appeal the outcome of the informal hearing based on the criteria outlined in this Catalog.

Formal Hearing Procedures

The Standards Committee, via formal teleconference, meets with students demonstrating behavior to be in violation of the University’s Standards. These cases are severe enough that suspension or expulsion is a possible consequence. If the student’s actions and/or behavior is more likely than not to have violated the Standards, the Committee will make a determination (by majority vote) and decide on any appropriate sanctions which should be applied as a result of such behavior.

Participants: Charge Student, Conduct Officer, Standards Committee

Student Responsibilities: Respond to all requests made from the University throughout the Student Conduct and Community Standards process; submit the written statement/form to scs@ashford.edu in order for the hearing to be scheduled; confirm the date and contact information two (2) days prior to the hearing and provide additional documentation to the Conduct Officer at least 48 hours prior to the hearing date and time.

Student Rights: Receive written notice of the specific allegation(s) and Standards violation(s) in question at least seven (7) business days prior to the formal hearing; be notified of the outcome within seven (7) business days of the hearing; to petition to appeal the outcome of the hearing base on the criteria outline in the Catalog.

Sanctions

Sanctions are intended to benefit the specific developmental needs of each individual student while protecting the integrity of the Institution. They can include, but are not limited to: Conduct probation; formal written warning; educational projects (e.g. written assignments, community service, coaching sessions); restricted or loss of privileges; suspension or expulsion.
Administrative Holds
If the student does not engage with the Student Conduct and Community Standards process, a hold will be placed on their account preventing registration for future courses, access to their transcripts, and/or receiving financial aid disbursements.

Appeal
Students have the right to petition to appeal the outcome of any hearing. To petition to appeal, students must complete the Petition to Appeal form and email the completed form to Standards at scs@ashford.edu within three (3) business days of receipt of their hearing outcome letter. In the petition to appeal, it is important that students substantiate one of the four basis for which an appeal should be granted.

On appeal by any party to the complaint, Conduct Administrator or designee or the Standards Committee (by majority vote) may support or change a decision, increase, decrease, or modify a sanction. The reviewing body will be deferential to the original decision maker, making changes to the finding only where there is clear error and to the sanction only if a compelling justification to do so exists.

Special Provisions
Attempted Violations
In most circumstances, Ashford University will treat attempts to commit any of the violations listed in the Standards as if those attempts had been completed.

University as Complainant
As necessary, Ashford University reserves the right to initiate a complaint, to serve as complainant, and to initiate conduct proceedings without a formal complaint by the victim of misconduct.

False Reports
Ashford University will not tolerate intentional false reporting of incidents. It is a violation of the Standards to make an intentionally false report of any policy violation, and it may also violate state criminal statutes and civil defamation laws.

Group Violations
When members of groups, individuals acting collusively, or members of an organization act in concert in violation of any policy, they may be held accountable as a group, and a hearing may proceed against the group as joint accused students. In any such action, however, determinations will be made with respect to the involvement of each accused individual.

Immunity for Victims
Ashford University encourages the reporting of conduct code violations and crimes by victims. Sometimes, victims are hesitant to report to University officials because they fear that they themselves may be accused of policy violations, such as underage drinking at the time of the incident. It is in the best interests of this community that as many victims as possible choose to report to University officials. To encourage reporting, Ashford University pursues a policy of offering victims of crimes amnesty from policy violations related to the incident.

Good Samaritan
The welfare of students in the University community is of paramount importance. At times, students on and off-campus may need assistance. Ashford University encourages students to offer help and assistance to others in need. Sometimes, students are hesitant to offer assistance to others, for fear that they may get themselves in trouble. Ashford University pursues a policy of immunity for students who offer help to others in need for any minor violations the Good Samaritan was involved in at the time.

Notification of Outcomes
The outcome of a Standards hearing is part of the education record of any student personally identified, and is protected from release under FERPA, a federal law. However, Ashford University observes the following legal exceptions:

- Complainants and accused in sexual misconduct and sexual harassment incidents have a right to be informed of the outcome and sanctions of the hearing, in writing, without condition or limitation, and to be kept apprised of the status of investigations;
- The University may release the final results of a disciplinary proceeding in which a student who is an alleged perpetrator of a crime of violence or non-forcible sex offense, is found in violation of the University’s Standards. A crime of violence includes arson, burglary, robbery, criminal homicide (manslaughter by negligence, murder, and non-negligent manslaughter), forcible sex offenses, assault, destruction/damage/vandalism of property and kidnapping/abduction. The University may not disclose the name of any other student, including the victim or witness, without the prior written consent of the other student. The University will also release this information to the complainant in any of these offenses regardless of the outcome;
- In the event that the alleged victim is deceased as a result of the crime or offense, the notification will be made to next of kin (upon written request).

Defenses
It has become common for students accused of policy violations to try to defend their actions with excuses, such as prescription drug interactions, self-defense, alcohol, etc. Defending actions is admitting to a policy violation. While
a student’s defense will not excuse his or her actions, Ashford University will take the legitimacy of his or her defense into consideration in addressing the proper sanction.

Emergency Administrative Leave
In situations requiring immediate action, and after consultation with concerned individuals (e.g., students, faculty, administrators, other staff members, internship, or student teaching supervisors, etc.), the Conduct Administrator or designee may place the student on an emergency administrative leave. Students placed on Emergency Administrative Leave are removed from all current and future courses.

During Emergency Administrative Leave, the University administration will conduct a timely investigation. Students will remain on an administrative leave no more than 14 days from the student’s last date of attendance. Within that 14-day period, the University administration will follow University procedures for administration of the Standards and render a decision as to any change in status and/or sanctions to be imposed by the University. Students on Emergency Administrative Leave are not permitted to return to participate in University classes or events.

Involuntary Leave
Ashford University considers the safety and well-being of its students, faculty, and staff as a top priority. The Involuntary Leave policy is not intended to be a substitute for appropriate disciplinary action when discipline is warranted, but may be used in cases when regular disciplinary proceedings cannot or should not be used, and after attempts to encourage the student to initiate a Voluntary Leave have been exhausted. Involuntary Leave is available to protect the health and safety of the University Community and is not a penalty.

A student may be subjected to Involuntary Leave if there is evidence that the student’s continued attendance presents an unreasonable risk of harm to members of the University Community. The leave will endure for a pre-determined period, or until the student no longer poses an unreasonable risk of harm, at which time the leave will end and the student will be reinstated. Grounds for Involuntary Leave include representing a significant threat to the safety and/or health of members of the University Community.

Consequences to Course Grades and Tuition or Other Fee Charges
If the Involuntary Leave policy is invoked, the student will normally receive “W” grades (withdraw grades) in all courses in which he or she is currently enrolled, and will be considered eligible for a tuition credit upon re-

Tuition or Other Fee Charges

ASHFORD UNIVERSITY
University Student Alcohol Use Policy

All individuals must observe state and federal laws regarding the use, consumption, possession, and distribution of alcohol. The University strictly prohibits the unauthorized use, consumption, possession, and distribution of alcohol by any student, regardless of legal drinking age, at the University or at University sponsored events and activities. The University Sanctions section set forth below provide additional explanation of the institution’s disciplinary procedures for students who are found to be in violation of this policy.

Alcohol may be served at certain University events or functions and only to those persons of legal drinking age who can verify their age with identification as required by the state in which the event or function occurs. Written permission must be obtained from the Vice President of Student Affairs or Clery designee to serve alcohol and any legally required alcohol permits obtained prior to the function.

University Student Drug Use Policy

The unlawful possession, use, sale, or distribution of illegal drugs or controlled substances is prohibited at the University or at University-sponsored events and activities. Controlled substances include those drugs listed in the federal Controlled Substances Act. The Student Community Standards section in this Catalog provides additional explanation of the institution’s disciplinary procedures for students who are found to be in violation of this policy.

Identity

Identity theft can include any misrepresentation, theft, or misuse of a person’s identity for any purpose, including but not limited to, obtaining federal financial aid, other financial gain, or obtaining access to confidential information. Theft of another person’s identity, whether living or deceased, is not only a violation of Ashford University policy, but may also constitute a criminal offense under federal and state law.

The University recognizes the importance of protecting student privacy and reserves the right to request documentation to establish or verify any student’s identity at any time, for administrative and/or compliance purposes. Students are expected to provide documentation and are responsible for any cost associated with acquiring and submitting the documentation. Students may be administratively withdrawn for failure to provide documentation requested by University officials for the purpose of authenticating a student’s identity. The University may also deny or rescind admission to any student for failure to authenticate his or her identity, or for engaging in identity theft.

Student’s authorize their wireless operator to disclose their mobile number, name, address, email, network status, customer type, customer role, billing type, mobile device identifiers (IMSI and IMEI) and other subscriber details, if available, to Ashford University and service providers for the duration of the business relationship, solely for identity verification and fraud avoidance. See our Privacy Policy for how the University treats student’s data.

Violations of Law

Violations of federal, state, and local laws are incorporated as offenses under the Standards. When an offense occurs over which the University has jurisdiction, the University conduct process will usually go forward notwithstanding any criminal charges that may arise from the same incident. Should a student withdraw from the University when criminal charges are made, it is the typical practice of the University to pursue investigation and resolution of conduct matters, regardless of the fact that the student has withdrawn.

When a student is accused, arrested, charged, or indicted for a violent or drug-related crime, the University may elect to take action against that student for violation of Standards, which incorporates alleged violations of local, state, and federal laws as Standards.

When it has reasonable cause to separate a student from the community, the University may separate a student via the Emergency Administrative Leave policy for a reasonable time pending the scheduling of a hearing for violation of Standards. The University reserves the right to exercise its authority of Emergency Administrative Leave suspension upon notification that a student is facing criminal investigation and/or charges. The University will permit a student who receives an Emergency Administrative Leave to request a meeting to show cause as to why an Emergency Administrative Leave is not merited. Regardless of the outcome of this meeting, the University may still proceed with the scheduling of a hearing.

When criminal charges are pending, the University may be delayed or prevented from conducting its own investigation, and moving forward with a hearing. In such cases, the University will delay its hearing until such time as it can conduct an internal investigation, or obtain from law enforcement sufficient information upon which to proceed.
Violation of Federal Copyright Laws
Any member of the University community who participates in the unauthorized distribution of copyrighted material, including peer-to-peer file sharing, may be subject to civil and criminal liabilities, in addition to sanctions imposed by the University. Penalties for violating federal copyright laws may include civil damages, costs and attorneys’ fees, injunctions, fines, and imprisonment. The following is a non-exhaustive list of specific penalties.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws
Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under Section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. For “willful” infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

For more information, please see the website of the U.S. Copyright Office at [www.copyright.gov](http://www.copyright.gov), especially their FAQs at [www.copyright.gov/help/faq](http://www.copyright.gov/help/faq).

Students who are found to have participated in the unauthorized distribution of copyrighted material and/or other forms of copyright infringement will be subject to an appropriate consequence in accordance with the Standards found in this Catalog.

Both the Recording Industry Association of America (RIAA) and the Motion Picture Association of America (MPAA) maintain a list of legal alternatives for downloading. Please visit [http://www.whymusicmatters.com](http://www.whymusicmatters.com) or [http://www.mpa.org](http://www.mpa.org) for more information.

Student Concerns with Instructors
If a student has a concern with the instructor of his or her course, the student should first attempt to discuss his or her concerns with the instructor. If the student and instructor are not able to resolve the matter, the student may file an Instructor Issues form. An Instructor Issues form may be submitted based on the student’s perception that any of the following conditions exist:

- Extended instructor absence from the classroom;
- Failure to respond to repeated attempts at communication*; or
- Detrimental behavior to a student’s performance.

*If an instructor fails to respond to an email within 48 hours, then a student should submit a post in the “Ask Your Instructor” forum to verify that the email was received by the instructor, and allow the instructor an opportunity to respond (24 to 48 hours).

If a student wishes to appeal a final grade, the student must first discuss his or her concerns with the instructor who issued the grade. If a resolution cannot be found, then the student can proceed with filing a Grade Appeal form. Refer to the Grade Appeal Procedure in this section of this Catalog.

Instructor Issues Review Process
The Instructor Issues Review Process is an informal complaint procedure within the University intended to investigate situations in the classroom that may impact student success. The student must complete an Instructor Issues form to initiate this process and attach documentation supporting the concern.

The student’s concerns will be thoroughly reviewed and the student will receive a confirmation/summary email from the Academic Issues Administrator. Then, within seven (7) business days, the Academic Issues Administrator will complete an investigation and begin corrective actions, if applicable.

Lastly, the student will receive follow-up communication from the Academic Issues Administrator concerning the submitted Instructor Issues form. The communication will include a summary of findings and support for moving forward in the student’s future courses at Ashford University.

Note: The University does not disclose confidential information about possible corrective action that may or may not occur in relation to a particular faculty member.
Grade Appeals

Basis for a Grade Appeal
Grades may be appealed based on the student’s perception that any of the following conditions exist:

- An error was made in the calculation of the course grade.
- The instructor was incorrect with respect to an objective fact within the discipline and this error affected the student’s final grade.
- Students experiencing extreme temporary hardship during the last 25% of a course should request an incomplete grade through their instructor prior to the course end date. However, there may be circumstances that prohibit a student from making this request prior to the conclusion of a course. To appeal for an “I” grade after the end date of a course, the student must fax or email the written grade appeal with official documentation of the hardship experienced. An incomplete grade or a grade of “W” may be approved and applied for the following documented reasons that directly impacted the student’s ability to complete the course requirements or program during the last 25% of the course:
  - Documented military duty that resulted in an inability to continue in the course or program;
  - Documented personal or family* medical emergency;
  - Documented act of nature;
  - Documented death in the family*; or
  - Documented temporary severe economic hardship.

Students who are administratively dropped from a course for not meeting attendance requirements are not eligible to receive an “I” grade. Students who are not able to complete at least 75% of the course prior to requesting an incomplete grade are also ineligible.

Note: Please refer to the General Academic Information and Policies section in this Catalog for complete details on Ashford University’s Incomplete Grade policy.

*Family is defined as including husband, wife, domestic partner, grandparent, grandchild, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, son-in-law, (step/adoptive) mother, (step/adoptive) father, (step/adoptive) brother, (step/adoptive) sister, and (step/adoptive) child.

Grade Appeal Procedure
1. If the student believes there is an error with the final grade issued in the class, the student should first discuss his or her concerns with the instructor who issued the grade. The student must appeal to the instructor in writing for reconsideration of the grade within seven (7) days of submission of the final grade.

4. If the student and instructor are not able to find resolution to the matter, the student can file a Grade Appeal form with the University, within fourteen (14) days of submission of the final grade. Grade appeals will be reviewed by an Administrator in the Academic Integrity Department.

- Students must submit the Grade Appeal form and documentation of communication with the instructor electronically to gradeappeals@ashford.edu.
- Students must be able to clearly identify and document either that:
  - An error was made in the calculation of the final course grade, or
  - The instructor was incorrect with respect to an objective fact within the discipline, and this error affected the student’s final grade.
- If the student is unable to demonstrate an instructor error as described above, the final grade will stand and the appeal will be closed without any further review.

5. Once the Grade Appeal form and supporting documentation are collected and thoroughly reviewed, and if the student is able to demonstrate a possible error as described previously, an Academic Integrity Administrator will facilitate the communication between the student and instructor and attempt to find resolution.

6. If the student is able to demonstrate a possible error as described previously, and the communication between those involved has not resulted in a resolution, the following steps will occur:

- The Academic Integrity Administrator will forward the Grade Appeal form and supporting documentation to the Executive Dean or designee. The Executive Dean or designee may either make a final determination, or elect to convene a faculty committee to make a final determination of the final grade.

Tuition Credit Request
A tuition credit may be approved and applied for the following documented reasons that directly impacted a student’s ability to continue in their course or program during the timeframe in which the course occurred:

- Documented military deployment that resulted in an inability to continue in the course or program*
- Documented emergency personal or family medical reasons
• Documented act of nature
• Documented death in the immediate family**
• Documented temporary severe economic hardship

Additional documented extenuating circumstances may also be considered. This process is accomplished by requesting a Tuition Credit Request form from the assigned Academic Advisor.

*Students who experienced military deployment that resulted in an inability to continue in the course or program are also eligible for a tuition credit but should instead complete and submit a Military Course Drop or Incomplete Request. Please see Readmission of Students after Military Service under the Higher Education Opportunity Act of 2008 in the General Academic Information and Policies section of this Catalog for more information.

**Immediate family is defined as husband, wife, grandchildren, (step/adoptive) mother, (step/adoptive) father, (step/adoptive) brother, (step/adoptive) sister, (step/adoptive) child, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, son-in-law, or grandparent.

Attendance Appeals

Basis for an Attendance Appeal in an Introductory Course

Students may appeal an administrative drop from an undergraduate introductory course, such as EXP 105, due to unforeseen and extreme extenuating circumstances that directly impact the ability to meet attendance requirements. The appeal may be approved for the following reasons resulting in the inability to meet attendance requirements during the period of absence:

- Military deployment;
- Emergency personal or family reason;
- Work requirement;
- Act of nature; or
- Death in the family.

At the time of appeal, students must have also met the following requirements:

- Students must have attended at least once in the first seven days of the course. Thus, students may only appeal for an excused absence for week two (2) or beyond.
- Students must have a grade equivalency of a “C” or better in points earned for the course in which they are appealing attendance through the weeks prior to the missed attendance week as of the last date of attendance.

Note: Please refer to the Undergraduate and Graduate Programs sections in this Catalog for more details on Ashford University's Attendance policies. Please see Readmission of Students after Military Service under the Higher Education Opportunity Act of 2008 in the General Academic Information and Policies section of this Catalog for more information.

Attendance Appeal Procedure

- Students must submit their appeal to their Enrollment Services Advisor or Academic Advisor.
- Appeals must include an explanation of the event that occurred which resulted in the inability to meet the attendance requirement and a rationale for the appeal that is documented.
- If an appeal is approved, students will be reinstated in their course.

Graduation/Completion Rates

In accordance with the Student Right-to-Know and Campus Security Act of 1990, Ashford University is pleased to share with you the following information on the graduation rates of our 2011-12 full-year cohort of full-time, first-time, degree or certificate seeking undergraduates.

As reported in the IPEDS graduation rates survey (GRS), 10,440 first-time, full-time, degree-seeking undergraduate students entered Ashford University between September 1, 2011 and August 31, 2012. This population of students includes both bachelor’s degree seeking students and associate degree seeking students. As of August 31, 2017, 8% of these students graduated from Ashford University within 150% of the normal time to complete their degree. Please contact the Registrar’s Office with any questions.

While reviewing this information, please keep the following in mind:

- All graduation rates are based upon 3 years of attendance for Associate programs and 6 years of attendance for Bachelor’s programs, which equates to 150% of the normal completion time.
- We have elected not to report transfer-out rates because our University's mission does not include providing substantial preparation for students to enroll in another eligible institution without completing or graduating.
• These charts do not identify the reasons why our students withdrew; therefore, students who withdrew for personal or medical reasons are included.

• Graduation rates do not include students who left school to serve in the U.S. Armed Forces, on official church missions, or with a foreign aid service of the federal government, or students who died or were totally and permanently disabled.

• Please note that the graduation/completion rate does not include any student who attended a college or university after high school and then enrolled in Ashford University.

Retention Rate

The retention rate for First-time/Full-time bachelor’s degree-seeking students at Ashford University beginning in Fall 2016 was 26%.

(Source: IPEDS Fall Enrollment Survey 2017-2018)

Graduation Rates

The three-year graduation rate for online associate degree seeking students is 14% based on all students in the 2013-14 entering cohort. The six-year graduation rate for online bachelor’s degree seeking students is 24% based on the 2010-11 entering cohort. The three-year graduation rate for online master’s degree seeking students is 53% based on the 2013-14 entering cohort.

For prior year enrollment and graduation rates, please refer to http://assessment.ashford.edu on the Ashford University website. 

Median Loan Debt
SECTION THREE: STUDENT SERVICES, HEALTH, AND SAFETY

Student Services
Ashford University is committed to providing the most straightforward information so students can put their effort into what matters most – their academic success. Our goal is to provide students the support they need so that they can focus on putting their effort toward their education. As one of the first fully online Universities, Ashford knows online support and student resources.

Academic Advisement
The Student Advising team works to help support student success at the University. Advisement is based on academic policies set by faculty, and operational procedures that uphold consistency and service to students.

A dedicated Advisor is assigned to each degree-seeking student upon enrollment. This approach provides students with a point of contact for academic and administrative support and direction. The Advisor assists the student in course scheduling/registration, developing a degree-completion plan, clarifying University policies and procedures, and providing awareness of the resources available to help students be successful in their educational journey.

Student Affairs
Student Affairs promotes student success through programs and services to meet the individualized needs of our learners. We empower self-determination and embrace the values of equity, inclusion, and mutual respect.

Supporting student and alumni success is accomplished by matching students with co-curricular programs and support services that are responsive to their unique needs and talents. Programs and services are actively integrated throughout the University and encompass values that enhance and enrich the moral, intellectual, spiritual, and psychological growth of the whole student.

Student Affairs includes student health and wellness resources, disability support services, student community standards, honor societies, peer mentoring, clubs and organizations, community service, and specialized support to our military and veteran students and their families. Please see Section Twelve for more information.

Student Organizations
Online student organizations are available. For a full list of online student organizations, please see http://www.ashford.edu/student_services/online-organizations.htm. Information about getting involved in an online student organization or creating a recognized student organization can be obtained by emailing Studentaffairs@ashford.edu.

Career Services
Ashford Career Services empower students to discover, develop, and apply their unique talents to achieve their greatest potential. Career Services provides individual and group coaching services and self-directed resources for active, degree-seeking students and alumni. Some of the services offered include career exploration tools, resume and cover letter guidance, interview preparation, job search assistance, access to job postings and internships, and career self-assessments.

Through skills and personality assessments, individuals may explore their interests, abilities, values, and career options and goals. More information can be found on Ashford University’s website at https://www.ashford.edu/online-learning-experience/alumni/benefits#CareerServices

Alumni Services
As a graduate of Ashford University, alumni will receive a complimentary membership in the Ashford University Alumni Association. Membership entitles alumni to valuable benefits including: career and professional development events, continued access to career services, discounts on select products and services, access to online social communities such as Facebook and LinkedIn, and AU Connect, Ashford’s online alumni community for continued support and networking with your peers across the nation.

Limitations Regarding Career and Alumni Services
Ashford University does not guarantee employment to any applicant as a result of his or her application, acceptance, attendance, completion of any course, or graduation in any program. Ashford University does not verify the content of job postings that are presented on the career services webpage of the University website, and therefore makes no representations or guarantees about the accuracy of positions or contact information listed on the University website. Ashford University is not responsible for consequences that may follow from application to jobs listed on the University website. The inclusion of an employer’s job posting on this site shall not be construed as an endorsement of the employer (or of any religious or political point of view promoted by the employer) by Ashford University or any of its affiliates, and does not constitute a guarantee that a job is available with a given employer.
It is the responsibility of the student or alumnus to perform his or her own careful background research when selecting a position, evaluating an employer, interviewing for, or accepting any position. It is the sole responsibility of the student or alumnus to obtain or confirm any necessary information concerning an employer. Ashford University is in no way responsible for the safety, wages, working conditions, or other aspects of employment.

Ashford University’s website also contains links to other websites as a convenience for its users and is not responsible for the contents of any linked site. Anyone who discovers misuse or abuse of our website is encouraged to report the matter to the Office of Career Services at CareerServices@ashford.edu.

The Office of Career Services abides by the principles of professional conduct set forth by the National Association of Colleges and Employers (NACE).

The Office of Career Services is committed to partnering with employment professionals that comply with the Equal Employment Opportunity (EEO) laws in all recruiting activities.

The University’s courses, programs and services are designed to prepare students and graduates to pursue employment in their field of study or related field; however, the University does not guarantee that students or graduates will be placed in any particular position or employment during their enrollment in the program at the University, or after its completion. Any statistics referenced on the University website and attributed to a source other than Ashford University have not been independently verified by Ashford University.

Employment Services
Ashford University does not guarantee employment to any applicant as a result of his or her application, acceptance, attendance, completion of any course, or graduation in any program. Ashford University does not generally promote employment services or make student referrals to prospective employers based on direct contact with the employer regarding current job openings to any student attending Ashford University online programs.

Registrar’s Office
The Ashford University Registrar’s Office works closely with members of the admission, academic, and student services departments to facilitate inclusive student recruitment and retention efforts in compliance with regulatory requirements. This office collects, records, maintains and reports all student records in accordance with FERPA guidelines, e.g., grades, attendance, registration information, transcripts, and student academic progress. The Registrar’s Office determines student admissibility by reviewing student’s admission application as well as requesting and evaluating all student transcripts to determine applicability to programs. Program change requests, name changes, official and unofficial transcript requests and graduation functions are all handled by the Registrar’s Office. Students in need of these services should contact the Registrar’s Office for more information.

Students access their final grade information in the Ashford University Student Portal.

Student Portal
Ashford University students use the Student Portal as a self-service resource center. The Student Portal provides one location for students to access and print versions of their schedule, degree progress report, and ledger card; access additional learning resources; receive important information regarding the University; and connect with their advisors. Online students also use the Student Portal to access the online classroom. Additionally, the Student Portal allows students to do the following:

- Make payments online;
- Use a GPA calculator;
- Download copies of their unofficial transcripts;
- View their financial aid award information;
- Generate financial receipts; and
- Receive important alerts and news regarding the University.

Website
Ashford University’s website, www.ashford.edu, provides students, prospective students, and the general public with up-to-date information about academic offerings and student events.

Bookstore
Students can order books, memorabilia, and supplies through the Student Store accessed through the Student Portal or the Ashford University website at https://www.ashford.edu/student-store.

General Headquarters Information
Ashford University’s headquarters is located at 8620 Spectrum Center Blvd., San Diego, CA 92123. Ashford University does not provide dormitory facilities and is not responsible for assisting students in finding housing in their respective locations. For reference, the median rental housing cost in California is $2,509 per month.

The Headquarters is housed in an 11-story, 273,764-square-foot building that is leased through February 2020. Master planning for the site, which also includes 1,472 parking spaces, is incorporated into the University’s annual capital planning cycle.
For staff and faculty comfort and well-being, on-site facilities include four wellness rooms, a fully staffed health clinic, a cafeteria, and a gymnasium. Each floor has business hub/breakrooms with multifunction printer/scanners as well as refrigerators, microwaves, coffeemakers, and watercoolers.

Clinton, Iowa Campus

The Clinton, Iowa Campus of Ashford University is located at 1310 19th Ave. NW, Clinton IA, 52732.

Academic Programs

The Bachelor of Arts in Business Administration and the Master of Business Administration programs are offered in a combined format (online and in-residence requirements) through the Forbes School of Business & Technology at the Clinton Campus of Ashford University. See Clinton Campus Undergraduate Programs and Hybrid Graduate Programs for more information.

Veterans’ Center

Ashford University’s Veterans’ Center is located on the Clinton Campus and is home to teams of Matriculation Coordinators, Academic Advisors, Veteran’s Affairs Coordinators (SCOs), and Tuition Assistance Specialists dedicated to serving veteran students. Through the Veteran’s Center, students and prospective students have the ability to schedule in-person meetings or phone sessions with their specialized advisors. These meetings can cover a range of topics including but not limited to career counseling, academic advising, accommodations, and review of military-specific programming that the University offers.

The Veteran’s Center boasts a comfortable, quiet, and welcoming environment with computer terminals and laptop connectivity stations where military and veteran students can focus on coursework and their studies. The center also provides additional lounge space with a myriad of printed informational materials intended to connect veterans to helpful community resources.

In addition to the physical location, Ashford University has an online Veteran’s Center that is located on the University’s external website. The online Veteran’s Center is accessible to all University students 24/7. It contains informational materials that connect veterans to helpful community resources. Additionally, the online Veteran’s Center houses information for the University’s military-specific programming including but not limited to the military and veteran peer mentoring program, the Student Veteran’s Organization, and SALUTE honor society.

VA Benefits

Veteran benefits for Ashford University students are managed by a team of Veteran Affairs Coordinators, who are also School Certifying Officials (SCOs), located at the Clinton Campus. Students utilizing Title 38 benefits may view their records at the Clinton Campus or direct questions to this office at VACertification@ashford.edu

Online Administrative and Student Service Center

Ashford University has an online administrative and student service center located at 7360 S. Kyrene Rd., Suite 105, Tempe, AZ 85283. The Center has 38,688 square feet of office space and includes a reception area, 14 administrative office, 5 conference rooms, 6 student testing stations, working and training space with 261 work stations, breakroom/copy area, and an employee lounge. Ashford will allocate a portion of the Center to create an Ashford University Veterans’ Center where nearby students will be able to meet virtually or face-to-face with an advisor and can be connected on-the-spot with other staff-members across online student services locations who are available to provide a variety of administrative services to our Veteran students. These services include:

Enrollment Services
- Program availability, admission, and orientation advisement.

Financial Aid Services
- VA Certifying Officials who provide advising on military tuition assistance, VA benefits, and other financial aid options.

Registrar Services
- Transfer-credit advisement regarding degree plan and transcript evaluations.

Student Services
- Academic advising on scheduling and program completion, as well as support for students with disabilities, access and wellness, and career services.

The Veteran’s Center will also provide onsite access to collateral materials, documents, and forms necessary for VA students. A component of the Veteran’s Center is a fully funded DSST Testing Center that provides active duty military, some spouses and military civilian employees the opportunity to complete testing at no additional cost.

The Testing Center is open Monday through Friday from 8:00 am to 4:00 pm. Testers can choose from more than 30 exams offered by DSST. Successful completion of an exam can result in awarding of college credit.

Instructional Materials

Virtual Classrooms

Ashford’s online students work in a virtual environment that provides asynchronous and synchronous learning opportunities in the process of taking classes and meeting course requirements. Students can access their virtual classrooms as well as support resources through the
university’s learning management system 24/7 within the parameters of a course, typically one week prior to the course start through to one week after the course end. All course learning activities, such as readings, assignments, lectures, and class discussions, are posted within the classroom as are eTextbooks and other resources. A technology helpdesk is available around the clock.

**Student Portal**
Using the Student Portal, students can access the Ashford University Online Library and Ashford Writing Center for resources related to research and writing any time of the day. Additionally, through the portal, they can print versions of their academic schedules, degree progress reports, and ledger cards; receive important University information; and connect with their advisors.

**Ashford Mobile**
Leveraging the latest technologies, the university provides Ashford Mobile, an innovative application for smartphones and tablets that connects students and faculty to key elements of the University experience. Students and faculty can complete assignments, contact support staff, review grades, access financial account information, and more from the convenience of their mobile devices.

**Publicity and Photo Release**
All media releases of information originating from the University should be channeled through the Communications Office. Media inquiries concerning Ashford University directed toward students, faculty, and staff are to be directed to the Communications Office. Administrators, faculty, or staff who are contacted directly by the media should refer the media to the Communications Office. Comments should not be given to the media until the Communications Office has been contacted.

All students authorize the University to record and use their names, images, likenesses and voices in all media, for instructional or promotional purposes, unless a written request to withhold directory information is on file in the Registrar’s Office.

Students, faculty, and staff are encouraged to inform the Communications Office about newsworthy events and developments regarding class and campus events of interest. Students should also contact their Advisors regarding newsworthy information.

**Health Information**

**Drug Free Schools and Communities Act Program**
Students may obtain information on the illegal possession, use, or distribution of alcohol and illicit drugs, as well as the University’s standards of conduct, associated health risks, drug or alcohol counseling and treatment programs, University disciplinary actions, and federal, state, and local sanctions for violations of law by viewing the Drug Free Schools and Communities Act Program Report, located on the Ashford University website at www.ashford.edu/DFSCA.

**Counseling, Treatment, and Rehabilitation Programs**
The following national toll-free telephone numbers are provided to assist any member of the University community who may require assistance in dealing with a drug or alcohol problem.

- **American Council on Alcoholism**
  (800) 527-5344: Addresses alcoholism as a treatable disease through public education, information, intervention, and referral;

- **Al-Anon**
  (888) 425-2666: Helps families and friends of alcoholics recover from the effects of living with the problem drinking of a relative or friend; and

- **The Substance Abuse and Mental Health Services Administration (SAMHSA) Treatment Referral Helpline**
  (800) 662-HELP / (800) 662-4357 / (800) 487-4889 (TDD): Provides information, support, treatment options, and referrals to local rehab centers for any drug or alcohol problem.

Health and Wellness Referrals
Pursuing a degree often results in navigating new challenges and situations that students may not have experienced previously. While many of these experiences are welcomed, they may also overwhelm and/or leave students feeling confused, discouraged, or anxious. Successful students are able to reach out for support before circumstances become unmanageable.

The Student Advocate HELPlines is a service available through the Office of Student Access and Wellness. Student Advocates assist students who are experiencing extreme personal hardships and critical life impacts by providing short-term de-escalation, assistance locating support resources in the local area, and action planning to address educational impact of situational stressors. Impacts supported include: concern for individual or community safety, homelessness and extreme financial hardship, sexual assault, domestic violence, and/or significant impact resulting from the loss of a loved one.

Student Advocates are available Monday – Friday between 8am and 5pm PT. Students are invited to contact the Office of Student Access and Wellness at ext. 24357 in order to seek assistance from a Student Advocate.

If you or the individual you are attempting to refer is in immediate danger, please dial 9-1-1, prior to contacting the Office of Student Access and Wellness.

Health Alerts, Communicable Disease Control, and Needle Safety Procedures
The University recognizes its responsibility to exercise reasonable care in protecting students, faculty, staff, administrators, and visitors from health dangers while on the campus. The Centers for Disease Control and Prevention and the United States Public Health Service report procedures and recommendations for dealing with communicable diseases. The University uses such guidelines in determining reasonable care on a case-by-case basis. Individuals who know or suspect they may have a communicable disease should contact their immediate supervisor or the Office of Student Access and Wellness so that reasonable care and protection can be assured to them and to others.

Individuals taking medication routinely administered by injection, such as insulin, must ensure proper disposal through a sharp disposal container for used needles and syringes, available in restrooms throughout the facilities.

This container is a requirement of the Occupational Safety and Health Administration (OSHA). Needles and syringes must never be disposed of in regular waste receptacles. Needles and syringes must only be disposed of in proper disposal containers.

Safety Information

Campus Security and Fire Safety Report
The Ashford University Campus Security and Fire Safety Report is compiled annually in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and is available for review. This report is required by federal law and contains policy statements and crime and fire statistics compiled by the University. The statements address the University’s policies, procedures, and programs concerning safety and security, for example, policies for responding to emergency situations, fire safety, and sexual misconduct offenses.

Statistics for the previous three calendar years are included for certain types of crimes that were reported to have occurred on campus, in or on off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus. This report is available at www.ashford.edu/campus_security_and_fire_safety_report. Students may also request a paper copy of the report be mailed to them by emailing their request to studentaffairs@ashford.edu.

Firearms/Explosives
Shotguns, rifles, handguns, air guns, bows and arrows, simulated weapons, ammunition, and other types of potentially dangerous weapons are not permitted anywhere on campus or at University sponsored events that take place off campus unless properly authorized by the University President. All types of explosives (incendiary and chemical) and fireworks (including smoke bombs) are prohibited in all areas of the University. Any object has the potential to become a weapon; therefore, the University reserves the right to further define a “weapon” based on its potential damage or threat.
SECTION FOUR: FINANCIAL INFORMATION

Financial Information

Ashford University is committed to helping students understand and manage the financial aspects of obtaining their education. For questions regarding tuition, fees, and payment options, students should contact the Financial Services Department at (800)798-0584. For cost of attendance information, please visit www.ashford.edu/admissions/online_financial_services.htm.

Tuition and Fees 2018-2019

Tuition rates and fees may change at any time without prior notice; however, students will not be charged retroactively for tuition and fee increases for coursework already completed or for coursework the student was in the process of completing.

Undergraduate Programs Tuition & Fees

The following is a list of tuition and fees applicable to Associate and Bachelor’s degree programs and/or undergraduate courses.

<table>
<thead>
<tr>
<th>Tuition per credit:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>100- to 400-level Courses</td>
<td>$475.00</td>
</tr>
</tbody>
</table>

Fees:

- Technology Fee (per course)*: $95.00
- Books, course digital materials** and instructional materials: $115.00
- Prior learning assessment - sponsored professional training (per credit evaluated): $30.00
- Prior learning assessment - experiential learning essay assessment (per evaluation): $125.00
- Insufficient funds fee: $10.00
- Graduation fee: $150.00
- Replacement/Duplicate Diploma: $45.00
- Official transcript: $10.00
- Education records – Per page ^: $0.50
- California Student Tuition Recovery Fund^^: $0

*The Technology Fee covers access to University systems such as the online classroom, the Student Portal, and other academic resources. The Technology Fee is fully refundable if a student does not attend beyond Week 1 of a course (Week 3 if covered under the Ashford Promise Refund Schedule). After this time, the fee becomes non-refundable. Students are charged the Technology Fee for repeated coursework.

**The Course Digital Materials (CDM) fee is fully refundable if a student does not attend beyond Week 1 of a course (Week 3 if covered under the Ashford Promise Refund Schedule). After this time, the fee becomes non-refundable. Students are not charged the CDM fee for repeated coursework if previously charged.

***Payment for evaluation does not guarantee that credit will be awarded.

^A fee of $0.50 per page is charged for copies of education records. A maximum of $25.00 will be charged. If the education record is digitally maintained and digitally delivered, no fee will be charged.

^^California law mandates the collection of a Student Tuition Recovery Fund (STRF) fee in the amount of $0 per $1,000 of tuition rounded to the nearest thousand to be paid to the state's tuition recovery fund in the event of school closure. The fee is charged to California residents only. [Currently in a period of non-collection.]

Indirect costs which are not billed directly by the University may be found at www.ashford.edu/admissions/online_tuition_fees.htm.

</table>

A period of attendance is defined as four courses or 12 credits for undergraduate students and as three courses or 9 credits for graduate students. Please refer to the Tuition and Fees lists in the Financial Information section for specific dollar amounts used to calculate these charges. Students who receive the Ashford University Military Grant should refer to their specific enrollment agreement tuition and fee lists for this information.

Schedule of Charges
The following list provides an estimated schedule of charges by online degree program for total charges for a period of attendance, and for an entire educational program.

*The Technology Fee covers access to University systems such as the online classroom, the Student Portal, and other academic resources. The Technology Fee is fully refundable if a student does not attend beyond Week 1 of a course (Week 3 if covered under the Ashford Promise Refund Schedule). After this time, the fee becomes non-refundable. Students are charged the Technology Fee for repeated coursework.

**The Course Digital Materials (CDM) fee is fully refundable if a student does not attend beyond Week 1 of a course (Week 3 if covered under the Ashford Promise Refund Schedule). After this time, the fee becomes non-refundable. Students are not charged the CDM fee for repeated coursework if previously charged.

^A fee of $0.50 per page is charged for copies of education records. A maximum of $25.00 will be charged. If the education record is digitally maintained and digitally delivered, no fee will be charged.

^^California law mandates the collection of a Student Tuition Recovery Fund (STRF) fee in the amount of $0.00 per $1,000 of tuition rounded to the nearest thousand to be paid to the state's tuition recovery fund in the event of school closure. The fee is charged to California residents only. [Currently in a period of non-collection.]

Indirect costs which are not billed directly by the University may be found at www.ashford.edu/admissions/online_tuition_fees.htm.
Sales Tax Disclaimer
Ashford University is required to charge sales tax for tuition and/or fees in certain jurisdictions based on state reporting obligations and the taxability of services and digital goods in accordance with local laws on the date of charge. For sales tax purposes, electronically-delivered services and digital goods are considered to be received at the student’s physical address. For specific sales tax charges, students should consult with their Academic Advisor.

Tennessee Tuition and Fee Guarantee

TN Residents Only
Applicants to an online program who reside in the state of Tennessee (as evidenced by the address on file at Ashford University) will qualify for the Tennessee Tuition and Fee Guarantee under the conditions set forth in this section. The Tennessee Tuition and Fee Guarantee is a commitment that the net cost of tuition and fees will not increase for a 12 month period, beginning on the date the student begins credit-bearing coursework. This benefit is applicable only to students who maintain a physical residence in the state of Tennessee. Upon expiration of the 12 month period, tuition and fee amounts for any such students are subject to adjustment to reflect the rates in effect at that time, and will also be subject to any future adjustments.

Students who relocate to another state are no longer eligible for the Tennessee Tuition and Fee Guarantee, and tuition and fees will be adjusted to reflect the rates in effect at that time, and will also be subject to any future adjustments, starting on the date their address is changed in University records. No retroactive tuition and fee adjustments for past classes are applied at the time of any address update. No retroactive tuition and fee adjustments for current classes are applied at the time of any address update, unless the address change is updated in University records within the first week of a student’s current course.

Students who apply to a new degree program are eligible for the Tennessee Tuition and Fee Guarantee for a new 12 month period. Students who re-enter the University after being officially or unofficially withdrawn are also eligible for the Tennessee Tuition and Fee Guarantee for a new 12 month period and will initiate with the prevailing rate of tuition and fees at the time of re-entry to the University.

Students who change their program of study are eligible for the Tennessee Tuition and Fee Guarantee for a new 12 month period beginning on the date the student begins credit-bearing coursework only if completed courses from the current payment period do not apply to the new program of study. Students who change programs and do not meet the above condition do not qualify for a new or renewed Tennessee Tuition and Fee Guarantee period.

California Student Tuition Recovery Fund

CA Residents Only
The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of...
the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

**Terms of Billing and Payment**

Tuition and fees are billed on a financial aid payment period basis, regardless of payment option. For undergraduate programs, a payment period is a minimum of 20 weeks of instructional time and 12 successfully earned credits. This is typically four courses taken sequentially during the payment period. For graduate programs, a payment period is a minimum of 18 weeks of instructional time and 9 successfully earned credits. This is typically three courses taken sequentially during the payment period. Tuition is due according to the terms and conditions of a student’s selected Payment Option. See the section on Payment Options for more information.

Ashford University reserves the right to cancel the registration of any student whose account is delinquent. Diplomas or certificates will be withheld, graduation participation will be delayed, and transcript of credits will not be forwarded to another institution or potential employer until all accounts with Ashford University are paid in full.

**Tuition Benefit Eligibility Requirements**

If a University tuition benefit, grant, or scholarship is offered to assist with the program-related fees and charges below, additional eligibility requirements must be submitted and approvals obtained prior to application of these benefits. Benefits will be awarded at the time of disclosing eligibility and submitting any required documents upon request; retroactive adjustments will not be applied to previous coursework or fees.

**Excess Credit Account Adjustment**

Undergraduate students who need 1 or 2 credits in order to meet the total number of credits required to graduate may be issued an “excess credit” account adjustment upon taking a final 3-credit class. An excess credit account adjustment is issued to the paying party in the amount of tuition paid in excess of what is required after satisfying the total credit requirement. Partial credit account adjustments will not be issued.

**Bankruptcy**

A student who has filed for bankruptcy may need to provide additional documentation before receiving aid. A student interested in using any payment option, with the exception of Cash and Corporate or Government Full Tuition Grant as a primary payment option upon re-entry or upon reapplication to the University may be required to do so as a secondary payment option and deferment of tuition and fee payment will not apply. The student may be required to pay any tuition and/or fee balance in full on an as-incurred basis.

**Payment Plans**

Ashford University offers Payment Plan options in select circumstances to students with outstanding balances. Students are allowed monthly payments as an option to
pay on outstanding balances, although students are always encouraged to pay any outstanding balances due in full, and only utilize a Payment Plan if needed.

All students must select their payment option type, manual-pay or auto-pay, at the time of payment plan approval. Students must make an initial payment after Payment Plan approval regardless of Payment Plan length or payment type. Students who elect to go on auto-pay are required to pay one (1) monthly payment amount initially (first payment). However, students who elect a manual pay option must pay 10% of the total balance owed or the equivalent of three (3) monthly payments as the initial (first) payment, whichever is greater. Payment Plans require monthly payments and are not recommended to extend more than six months beyond a student’s estimated graduation date.

If students have difficulty making payments or have questions, they should contact a Student Accounts Coordinator by dialing (800) 798-0584 and following the appropriate prompts for finance and payment arrangements.

Payment Options

Ashford University offers a variety of options for covering the costs of a student’s education. During the online application process, students select their primary payment option and any secondary payment option(s), if required. Funds are applied in the order received by the University, regardless of designation of primary or secondary.

Students utilizing the Cash Plan, Tuition Reimbursement, and/or Military Veterans’ Benefit Plan may choose to have their tuition and/or fees automatically charged to their credit card (recurring payment).

Ashford University will also accept debit cards that are endorsed by Visa or MasterCard or a personal check. A returned check may result in an insufficient funds fee. Students using endorsed debit cards should ensure they have sufficient funds in their account if they choose to use a debit card for automatic payments to avoid overdraft fees through their bank.

Endorsed debit cards may also have daily limits that cannot be exceeded. It is the student’s responsibility to understand these limits and ensure any payments on endorsed debit cards will not exceed these limits.

There may be differences in fraud protection features of debit cards and credit cards, particularly because debit card purchases are withdrawn directly from a checking or savings account. Students should be aware of these differences prior to submitting this information to any other entity.

Cash Plan

For students who have selected the Cash Plan as a primary payment option, 100% of tuition and any applicable fees are to be paid on or before each course start date. Students may choose to have their tuition and/or fees automatically charged to their credit card when the Cash Plan is their payment option. Automatic credit card payments are charged on the start date of each course; otherwise, full payment must be received on or before the start date of each course.

When selected as a secondary payment option, any amount not covered by the primary payment option can be applied in any acceptable form of payment.

Students are advised that credit cards are accepted as a convenient method of payment. Credit cards bearing high interest rates should not be used as a long-term financing method for educational costs. Ashford University encourages all students to utilize the free financial aid information that is available through the Financial Aid Office.

Any delay in payment may result in administrative withdrawal of the student from his or her current course during Week One. The student will then be scheduled for a future course and is not permitted to re-enter the course from which he or she was removed due to non-payment.

Tuition Reimbursement Plan

The Tuition Reimbursement Plan is available as a primary payment option if students qualify for their employer’s tuition reimbursement program and if their employer reimburses at least 50% of their annual tuition.

Under this plan, tuition payments, excluding fees, are deferred a maximum of 90 days from the course/term start date, regardless of when the student receives disbursement/reimbursement from his or her employer.

Tuition must be paid in full 90 days after the start date of a course/term; otherwise, the student’s credit card will be automatically charged. Applicable fees are due on or before the start date of each course/term. If fees are not paid in full on or before the start date of a course/term, the student’s credit card will be automatically charged. A returned check may result in an insufficient funds fee. Students who have two declined credit card payments will be required to comply with the terms of the Cash Plan and will no longer qualify for the Tuition Reimbursement Plan. The conditions of this plan are not dependent upon the receipt of a course grade or completion of the course.

To qualify, prior to the start of the course/term, students must submit a signed Tuition Reimbursement Certification and Authorization form that includes a valid credit card number with authorization to charge the card if the tuition is not paid within the 90-day time frame.
Direct Bill Plan (Third-Party Direct Billing)
Ashford University offers Third-Party Direct Billing as a primary payment option to students sponsored by a Third Party Agency with a Direct Bill Memorandum of Understanding on file. The Third-Party Agency must offer a tuition benefit of at least $2,500 annually for a student’s tuition to be eligible for this option. The Third Party Agency is expected to remit payment to Ashford University within 90 days of the course start date. Any amounts not paid by the Third Party Agency are the responsibility of the student. Vouchers, purchase orders, and other approved authorized mediums should be sent to directbill@ashford.edu or faxed to (877) 279-1203 at least five days prior to the start of each course or payment period. Failure to supply vouchers, purchase orders, and other approved mediums in a timely fashion may result in the loss of Third-Party Direct Billing benefits.

Documentation required for the Direct Bill Plan includes the following:

- Direct Bill Memorandum of Understanding
- Student Finance Agreement indicating Direct Bill;
- Direct Bill Certification and Authorization; and
- Voucher, purchase order, or other authorized medium approved by Ashford University.

Corporate Full Tuition Grant
Ashford University offers the Corporate Full Tuition Grant (CFTG) to students selected and sponsored by a participating Employer. The CFTG program is funded by both the Employer and Ashford University. This grant is intended to help students avoid educational loan debt by funding a recipient’s direct education-related costs. Direct education-related costs include tuition for all eligible courses (limited to two repeated courses), Technology Fee (per course), books, course digital materials, instructional materials, graduation fee, and Prior Learning Assessment (PLA) fees. If both electronic and hard copy course materials are available for the same course, the CFTG program will only fund the electronic course materials, and if a student chooses to receive hard copy course materials, the student will be responsible to pay the difference in price and shipping costs. As such, the Corporate Full Tuition Grant is only available as a primary payment option.

Students who choose to participate in the CFTG program are not able to receive funding from the federal student financial aid programs (such as Pell Grant and Direct Loans); this is a condition of participation in the CFTG program. The choice to participate in the CFTG program is optional and any eligible federal student financial aid is always available to students who choose that payment option in lieu of participation in the CFTG program. Students will become ineligible for the CFTG program if they choose to receive funds from any federal student financial aid program for the same enrollment period.

Students may become ineligible for the CFTG if they receive more than two (2) allowances (defined as any course that is not eligible for reimbursement through the CFTG Partner’s policies, including any unsuccessful grades of “F,” “WF,” “W,” or below a “C-“ for General Education Competency courses) during their program of study or if they violate University policies as outlined in the Ashford University Academic Catalog. Students must also abide by all applicable Undergraduate Program Satisfactory Academic Progress (SAP) Standards or Graduate Program SAP Standards. Students are always expected to understand, meet, and abide by any Employer requirements in order to continue to receive CFTG benefits. Ashford University or the Employer may remove a student from the CFTG at any time. If a student becomes ineligible for CFTG at any point in time, the University will automatically revert the student to cash as a payment option. If the student would like to use an alternate payment option instead of cash, they may submit a payment option change request. Students may appeal the loss of their CFTG eligibility to Ashford University at any time.

The CFTG funds up to ten (10) undergraduate or either (8) graduate courses per 12-month period, referred to as an FTG Year. Concurrent enrollment, defined as the enrollment in more than one class in every five (undergraduate) or six (graduate) week module, is available for students to request with an accompanied cash additional payment for course tuition. Pre-approval without a payment may be permitted for extenuating circumstances on a case-by-case basis at the discretion of Ashford University. Under no circumstances can a student complete more than ten (undergraduate) or eight (graduate) courses utilizing only employer funding within a single CFTG year.

All required CFTG forms (detailed below) must be completed, submitted, and approved prior to application for each new participating student. In addition, in order to continue participation in the grant program, students are required to re-confirm eligibility for benefits every twelve months. The CFTG benefits continue as long as (1) students continue to meet Employer’s eligibility requirements, (2) students have not completed their degree (continuation will require a new application), and (3) students do not elect to discontinue participation in the...
Government Full Tuition Grant
Ashford University offers the Government Full Tuition Grant (GFTG) to students selected and sponsored by a participating Government organization. The GFTG program is funded by both the Employer and Ashford University. This grant is intended to help students avoid educational loan debt by funding a recipient’s direct education-related costs. Direct education-related costs include tuition for all eligible courses (limited to two repeated courses), Technology Fee (per course), books, course digital materials, instructional materials, graduation fee, and Prior Learning Assessment (PLA) fees. If both electronic and hard copy course materials are available for the same course, the GFTG program will only fund the electronic course materials, and if a student chooses to receive hard copy course materials, the student will be responsible to pay the difference in price and shipping costs. As such, the Government Full Tuition Grant is only available as a primary payment option.

Students who choose to participate in the GFTG program are not able to receive funding from the federal student financial aid programs (such as Pell Grant and Direct Loans); this is a condition of participation in the GFTG program. The choice to participate in the GFTG program is optional and any eligible federal student financial aid is always available to students who choose that payment option in lieu of participation in the GFTG program. Students will become ineligible for the GFTG program if they choose to receive funds from any federal student financial aid program for the same enrollment period.

Students may become ineligible for the GFTG if they receive more than two (2) allowances (defined as any course that is not eligible for reimbursement through the GFTG Partner’s policies, including any unsuccessful grades of “F,” “WF,” “W,” or below a “C-” for General Education Competency courses) during their program of study or if they violate University policies as outlined in the Ashford University Academic Catalog. Students must also abide by all applicable Undergraduate Program Satisfactory Academic Progress (SAP) Standards or Graduate Program SAP Standards. Students are always expected to understand, meet, and abide by any Employer requirements in order to continue to receive GFTG benefits. Ashford University or the Employer may remove a student from the GFTG at any time. If a student becomes ineligible for GFTG at any point in time, the university will automatically revert the student to cash as a payment option. If the student would like to use an alternate payment option instead of cash, they may submit a payment option change request. Students may appeal the loss of their GFTG eligibility to Ashford University at any time.

The GFTG funds up to ten (10) undergraduate or eight (8) graduate courses per 12-month period, referred to as an FTG Year. Concurrent enrollment, defined as the enrollment in more than one class in every five (undergraduate) or six (graduate) week module is available for students to request with an accompanied additional cash payment for the course tuition. Pre-approval without a payment may be permitted for extenuating circumstances, on a case-by-case basis, at the discretion of Ashford University. Under no circumstances can a student complete more than ten (undergraduate) or eight (graduate) courses utilizing only employer funding within a single GFTG year.

All required GFTG forms (detailed below) must be completed, submitted, and approved prior to application for each new participating student. In addition, in order to continue participation in the grant program, students are required to re-confirm eligibility for benefits every twelve
months. The GFTG benefits continue as long as (1) students continue to meet Employer’s eligibility requirements, (2) students have not completed their degree (continuation will require a new application), and (3) students do not elect to discontinue participation in the GFTG program. Students must send all required forms to their assigned Advisor for verification at least seven (7) days prior to the start of classes in the applicable 12 month period.

The University provides this grant in conjunction with the funding provided by the Employer. The Employer must supply a qualified tuition benefit for their student to be eligible for GFTG. GFTG students who have employer or third-party administrator (TPA) required steps to ensure payments are issued will be required to maintain a valid credit card on file. Failure of the Employer or student to supply any required payment may result in loss of GFTG benefits for the grant recipient.

Documents required for the Government Full Tuition Grant:

- Government Full Tuition Grant confirmation of terms (executed between the University and Employer);
- Government Full Tuition Grant Acknowledgement Form;
- Full Tuition Grant Student Credit Card Payment Authorization (if applicable);
- Student Finance Agreement indicating Government Full Tuition Grant;
- Net Price Calculator Results, Shopping Sheet, and Data Summary (must be completed annually); and
- Government Full Tuition Grant Re-Confirmation of Benefits (completed annually after first year of enrollment).

This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Students are encouraged to speak with their advisor to explore all programs they may be eligible form prior to submitting their Government Full Tuition Grant documents.

Military Veteran’s Benefits Plan
Veteran Benefits for Ashford University students are managed by a team of Veteran Affairs Coordinators, who are also School Certifying Officials (SCOs). Ashford University’s facility code effective September 18, 2017 is 21007103. Students utilizing Title 38 benefits may direct questions to this office at VACertification@ashford.edu.

The Military Veterans Administration Plan requires that all tuition be paid on or before each course start date, with the exception of the first 60 days in the student’s first academic year. Under this plan, tuition payments are deferred for the first 60 days of continuous enrollment in a degree program, regardless of when the student receives disbursement from the Department of Veterans Affairs. Applicable fees are due on or before the start date of each course/term. To qualify, students must submit a signed Student Finance Agreement, prior to the start of the course/term.

Degree seeking students may choose to place a credit card on file for automatic recurring payment processing. Non-Degree seeking students will be required to place a credit card on file when selecting this option with authorization to charge the card if tuition is not paid within a sixty (60) day timeframe. Questions should be directed to the VA Coordinator at VACertification@ashford.edu.

VA Classification of Ashford University Online Students: Students enrolled in an online undergraduate program are classified as three-quarter time. The only way to receive the full-time payment rate is to double up on courses, which is allowed after successful completion of two courses with Ashford University. Students enrolled in an online graduate program are classified as full time.

VA Certification Term: Students may be certified for their Veterans Affairs (VA) educational benefits for up to a full certification term of scheduled courses. A certification term is defined as up to four courses for undergraduate students and up to three courses for graduate students. Certification for benefits will occur no earlier than 120 days prior to the start date of the last course within the certification term. Certification will occur no later than 30 days after the start date of a course.

GI® Bill Application Procedure: The student must obtain the appropriate form(s) from the Education Benefits Application Process website at https://www.vets.gov/education/apply/ Forms can be submitted online directly to the VA.

Students should double check and verify that all information provided is true and correct prior to submitting. Ashford University requires a copy of the students’ confirmation page after they have submitted their information to the VA which will contain one of the following:

- 22-1990 (Application for VA Education Benefits) for veteran students who are using their GI Bill for the first time.
• 22-1990E (Transfer of Entitlement) for spouse or dependents who are applying for transferred Post 9/11 benefits for the first time
• 22-1995 (Change of Program/Training) for veteran and TOE students who have applied and/or used their GI Bill benefits before.
• 22-5490 (Chapter 35 Dependent/Spouse DEA benefits) who are applying for this benefit for the first time.
• 22-5495 (Chapter 35 Dependent/Spouse DEA benefits) who have applied and/or used this benefit before.
• DD-214 (Release from Duty). Ashford University requires a copy of this form for the student’s file if available. This form does not hold up certification.

The University’s VA Certifying Official will periodically review and certify the student for courses throughout the year on the VA-ONCE website. GI® Bill is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by the VA is available at the official U.S. government website at www.benefits.va.gov/gibill.

Procedures While Enrolled:
After the student receives an award letter from the VA, he or she is required to begin monthly self-verification of enrollment by the 30th of each month. This is accomplished by using the Web Automated Verification of Enrollment (WAVE) or by Interactive Voice Response (IVR).

WAVE: https://www.gibill.va.gov/wave
IVR: (877) 823-2378

*Students utilizing Chapter 33 - Post 9/11 GI Bill and Chapter 35 DEA are exempt from verifying through the WAVE process.

• Students should allow 10 to 12 weeks after completion of all paperwork including school certifications, for the VA to process the first payment. Certification will begin with the student’s first date of eligible attendance in an Ashford University degree program. For students in conditional admission status, certification will occur once the student matriculates. The VA will process any subsequent payment monthly.

• Payment of VA benefits may be mailed directly to the student or sent directly to the school, depending on the chapter of benefits the student is utilizing. Students are responsible for paying Ashford University tuition and fees at the start of each course, unless there is alternative, approved financial aid or the student is 100% eligible under the Post 9/11 benefit. Payment by Direct Deposit/Electronic Funds Transfer is strongly encouraged. Payments are sent directly to the student’s savings or checking account. To establish or change direct deposit information, students should click on the ‘Direct Deposit Enrollment Form’ link after they have logged into WAVE. Changes and enrollments are usually processed the next business day.

The University’s VA Certifying Official will report course drops and withdrawals to the VA. Course drops may affect eligibility for VA benefits.

Military Tuition Assistance Plan
Ashford University is approved for active duty Military Tuition Assistance. Students are expected to submit Tuition Assistance (TA) vouchers to the Tuition Assistance Administrator prior to the start of each course. TA is applied only to tuition and reimbursable fees. Any tuition and applicable fees not covered by the TA program must be paid prior to the start date of each course. TA forms, vouchers, and questions should be directed to MilitaryTA@ashford.edu. Failure to have a voucher on file with Ashford prior to the corresponding course may result in being administratively removed from the scheduled course.

Ashford University does not conduct automatic program renewals or bundle courses or enrollments for purposes of TA approval. The student and military service must approve each course enrollment before the start date of the class.

Documentation required for the Military TA Plan:
• Military Tuition Assistance forms (branch specific)

Military Tuition Assistance Procedure:
• Military students must first complete the TA Authorization form;
• After command approval has been received, the student digitally signs the TA Authorization form and then sends it by fax or email to:
  Ashford University
  Military Tuition Assistance
  MilitaryTA@ashford.edu
  Fax: (858) 408-3511

• The TA Authorization form must be received before the fee waiver or course cost adjustments will be applied. TA vouchers must be received the Friday prior to the start of each course.
• Once the TA Authorization form has been received by the Ashford University Military Tuition Assistance Office, an invoice will be sent to the
Return of Military Tuition Assistance Funds (TA Invoicing)
Institutions receiving Military Tuition Assistance funds must have a policy that demonstrates compliance with the Military’s requirement to return unearned TA funds on a proportional basis through at least the 60 percent portion of the period for which the funds were provided.

Rather than invoicing Military Tuition Assistance (Military TA) at or prior to the start of a course and later refunding any portion of Military TA that is unearned, Ashford University defers invoicing Military TA until attendance requirements have been met.

Military TA funds are earned on a proportional basis through the 60 percent portion of a course, with the exception of the Add/Drop Period (Days 0-7) during which no TA is earned. The standard formula for determining the amount of TA earned is calculated on a percentage basis by comparing the total number of days completed* to the total number of days in the course. The calculation determines the amount of TA for which a student is eligible and thus the amount of Military TA for which the services will be invoiced.

*Number of days completed is based on a student’s last day of attendance in the course (LDA).

Determining Military TA Earned for Undergraduate 5-week Courses

For information regarding course drops due to military service obligation, please refer to the Military Deployment Provisions policy in the General Academic Information and Policies section of this Catalog.

Ashford University Military Grant

Undergraduate Students: Students enrolled in an undergraduate program may be eligible for the Ashford University Military Grant. Eligible students include Active Duty, National Guard, Reservists, spouses of Active Duty, National Guard, and Reservists, students using VA Education Benefits, Department of Defense employees, Veterans Affairs employees, and Civilian employees of the United States Coast Guard. Veterans of the U.S. Armed Forces must be certified for VA benefits through the U.S. Department of Veterans Affairs and by Ashford University. Grants are only applied to an eligible student’s account upon receipt of an approved VA certification. All other eligible students must provide the University with an approved TA Authorization form or appropriate verification of military service.

The grant reduces tuition for undergraduate courses to $250 per credit. In addition, this grant also covers the sales tax, technology fees, and course materials required for an eligible student's program of study, including standard shipping costs where applicable, when purchased through Ashford University’s bookstore or textbook partner. The cost of required electronic materials is also covered by the grant. When course materials are available in both electronic format and hard copy, students may opt to purchase a hard copy textbook and are charged the difference in cost plus shipping. Students should refrain from purchasing course materials prior to confirmation of sufficient enrollments. Military students who reside in a forward location may opt for a hard copy textbook at no additional charge.

Students who exceed 30 days of consecutive non-attendance and are not on an approved Academic Leave will be asked to recertify eligibility for the Ashford University Military Grant upon return by providing appropriate verification of military service.

Graduate Students: Students enrolled in a graduate program may be eligible for the Ashford University Military Grant. Eligible students include Active Duty, National Guard, Reservists, spouses of Active Duty, National Guard, and Reservists, students using VA Education Benefits, Department of Defense employees, Veterans Affairs employees, and Civilian employees of the United States Coast Guard. Veterans of the U.S. Armed Forces must be certified for VA benefits through the U.S. Department of Veterans Affairs and by Ashford University. Grants are only applied to an eligible student’s account upon receipt of an approved VA certification. All other eligible students must provide the University with an approved TA Authorization form or appropriate verification of military service.
The grant covers the sales tax, technology fees, and course materials, including standard shipping costs where applicable, required for an eligible student’s program of study and purchased through Ashford University’s bookstore or textbook partner. The cost of required electronic materials is also covered by the grant. When course materials are available in both electronic format and hard copy, students may opt to purchase a hard copy textbook and are charged the difference in cost plus shipping. Students should refrain from purchasing course materials prior to confirmation of sufficient enrollments. Military students who reside in a forward location may opt for a hard copy textbook at no additional charge. Grants are only applied to an eligible student’s account upon receipt of an approved VA certification. All other eligible students must provide the University with an approved TA Authorization form or appropriate verification of military service.

Students who exceed 30 days of consecutive non-attendance and are not on an approved Academic Leave will be asked to recertify eligibility for the Ashford University Military Grant upon return by providing appropriate verification of military service.

This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program.

### Military Grant Grandfathering

Students who previously received the Ashford University Military Grant, and who subsequently enroll in another degree program after graduating, are permitted to continue to receive the grant without recertifying eligibility, unless they have been out of attendance more than 30 days.

### Ashford Corporate Tuition Benefit Program

Students enrolled in undergraduate or graduate programs may be eligible for Ashford Corporate Tuition Benefit program. Eligible students include Participating Organizations’ employees, and select members. This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Students are encouraged to speak with their advisor to explore all programs they may be eligible for prior to submitting their Corporate Tuition Benefit Request form.

### Ashford Non-Profit Tuition Benefit Program

Students enrolled in undergraduate or graduate coursework may be eligible for the Ashford Non-Profit Tuition Benefit program. Eligibility will be limited to paid employees of Participating Organizations. A Participating Organization will be pre-qualified and on record with the University. Benefits are only applied to an eligible student’s account upon receipt and approval of the Non-Profit Tuition Benefit Request Form with valid supporting documentation demonstrating employment, membership or approved association with a Participating Organization. Ashford University reserves the right to request additional documentation to verify eligibility at any time. Benefits will not be retroactively applied to coursework that began prior to approval into the Corporate Tuition Benefit program.

Benefits are applicable towards course tuition, and are applied as a percentage discount of tuition charges. In addition, this benefit may also cover Technology Fees and course materials fee waivers. Course material fee waivers will only be applicable for course materials purchased directly through Ashford University, Ashford University’s bookstore, or alternate pre-approved vendors. A course material fee waiver will cover the cost of an electronic copy of all available items. If no electronic copy is available, the fee waiver will cover the cost of the hard copy materials plus standard shipping. When course materials are available in both electronic format and hard copy, students may opt to purchase a hard copy textbook, but will be responsible for all costs above the listed electronic materials price.

Students who exceed 14 days of consecutive non-attendance and are not on an approved Academic Leave will be removed from the Corporate Tuition Benefit program. Students who wish to return to the program will need to re-submit the eligibility form and documentation for approval.

This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Students are encouraged to speak with their advisor to explore all programs they may be eligible for prior to submitting their Corporate Tuition Benefit Request form.
Technology Fee waivers, and required course material fee waivers. Course material fee waivers will only be applicable for course materials purchased directly through Ashford University, Ashford University’s bookstore, or alternate pre-approved vendors. A course material fee waiver will cover the cost of an electronic copy of all available items. If no electronic copy is available, the fee waiver will cover the cost of the hard copy materials plus standard shipping. When course materials are available in both electronic format and hard copy, students may opt to purchase a hard copy textbook, but will be responsible for all costs above the listed electronic materials price.

Students who exceed 14 days of consecutive non-attendance and are not on an approved Academic Leave will be removed from the Non-profit Tuition Benefit program. Students who wish to return to the program will need to re-submit the eligibility form and documentation for approval.

This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Students are encouraged to speak with their advisor to explore all programs they may be eligible for prior to submitting their Non-Profit Tuition Benefit Eligibility Request form.

Ashford Government Tuition Benefit Program

Students enrolled in undergraduate or graduate coursework may be eligible for the Ashford Government Tuition Benefit program. Eligibility will be limited to paid employees or immediate family members of paid employees of participating state and local governmental organizations. Governmental organizations will be defined as an IRS Section 115 organization. An immediate family member is defined as: spouse (husband, wife, or domestic partner) and children (biological, step-children, adopted, and/or foster children). A Participating Organization will be pre-qualified and on record with the University. Grants are only applied to an eligible student’s account upon receipt and approval of the Government Tuition Benefit Request Form with valid supporting documentation demonstrating employment with a Participating Organization. Ashford University reserves the right to request additional documentation beyond what is requested to verify/confirm eligibility at any time.

Eligible students who attend Ashford University and successfully apply to the Government Tuition Benefit program will receive a 20% tuition discount, Technology Fee waivers, and required course material fee waivers. Course material fee waivers will only be applicable for course materials purchased directly through Ashford University, Ashford University’s bookstore or alternate pre-approved vendors. A course material fee waivers will cover the cost of an electronic copy of all available items. If no electronic copy is available, the fee waiver will cover the cost of the hard copy materials plus standard shipping. When course materials are available in both electronic format and hard copy, students may opt to purchase a hard copy textbook, but will be responsible for all costs above the listed electronic materials price.

Students who exceed 14 days of consecutive non-attendance and are not on approved Academic Leave will be removed from the Government Tuition Benefit program. Students who wish to return to the program will need to re-submit the request form and documentation for approval.

This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Students are encouraged to speak with their advisor to explore all programs they may be eligible for prior to submitting their Government Tuition Benefit Request form.

Ashford University College Continuation Benefit

Students who were previously receiving a Full Tuition Grant (FTG), Tuition Benefit (TB), Head Start Grant, or Bridgepoint Education Tuition Benefit may be eligible for the College Continuation Benefit if they are no longer eligible for benefits through their employer affiliation and are in good standing with Ashford University. The College Continuation Benefit offers a tuition discount of up to 20% of tuition costs and will align with the student’s previous benefits if less than 20%. Fee waivers may also be provided to align with fees waived under the previous grant or benefit type. Former FTG students utilizing the College Continuation Benefit will be required to utilize a primary payment option other than CFTG or GFTG.

Once enrolled under the College Continuation Benefit, students must abide by all applicable Satisfactory Academic Progress (SAP) Standards. This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Tuition benefits are applicable to course tuition and are applied as a percentage of tuition per credit hour. In addition, this may also cover Technology Fees and course materials required for an eligible student's program of study, including standard shipping costs where applicable, when purchased through Ashford University’s bookstore or textbook partner. When course materials are available in both electronic format and hard copy, students may opt to purchase a hard copy textbook and are charged the difference in cost plus shipping. Students are reviewed for CCB eligibility at the
time of the loss of employer benefits. If a student opts out of or is removed from CCB, that student must submit a request to regain CCB benefits.

This program may not be utilized concurrently in the same enrollment period with any other Ashford University sponsored grant, scholarship, or benefit program. Students are encouraged to speak with their advisor to explore all programs they may be eligible.

Ashford University Alumni Tuition Grant

Students who graduate from an Ashford University or University of the Rockies degree program and enroll in an online Ashford University or University of the Rockies degree program qualify for an Alumni Tuition Grant.

Students who qualify for the Alumni Tuition Grant must successfully complete four attempted courses after matriculation into an undergraduate degree program or three attempted courses after matriculation into a graduate degree program. The tuition grant will then be applied to the student’s account in the amount of tuition charged for the fifth or fourth attempted course to apply to the cost of the course, depending on the student’s degree program. Once the grant is applied to the student’s account, a student is not eligible for an additional grant until he/she graduates from another University of the Rockies or Ashford University degree program and meets admissions requirements to enroll in a subsequent degree program.

Alumni who paid a one-time Technology Services Fee (between $250 and $1,290) will also have each course’s Technology Fee waived.

Other Sources of Aid

StraighterLine Tuition Grant

Ashford University is proud to be a scholarship partner of StraighterLine, a low-cost provider of self-paced, competency-based online courses.

Ashford University offers a tuition grant to students who successfully complete 12 college-level credits at StraighterLine and matriculate into an online undergraduate program at Ashford. To determine eligibility, students must submit an official transcript to the Ashford University Registrar’s Office, showing successful completion of 12 college-level StraighterLine credits in order to be eligible for the grant. For eligible students, a 15% tuition grant will be applied to tuition charges for eight (8) attempted courses from the date the student is determined to be eligible. The tuition grant will only apply to future tuition charges and is not retroactive.

Ashford University is also an articulation partner of StraighterLine. StraighterLine courses are evaluated for credit by the American Council on Education (ACE) and are accepted in transfer by Ashford University. The transfer guide can be found on the Ashford University website in the Non-Traditional Credits section. This guide outlines which StraighterLine courses are equivalent to Ashford University courses. Remedial/developmental coursework is not transferrable to Ashford University and students should not complete courses they have previously completed as these may be considered duplication. StraighterLine credits are considered non-traditional. Please see the General Transfer Credit Provisions and Limitations section of the Academic Catalog for more information.

For more information about StraighterLine, please visit http://www.straighterline.com/colleges/ashford-university.

Outside Scholarships

Students are encouraged to search for outside funding for their education. Any student who receives additional funds from any source, such as an outside scholarship, before or after receiving financial aid from the University, must report the source and the value of the award to the Financial Aid Office. Additional funds could require an adjustment or cancellation to a portion of the existing financial aid award to avoid an “overaward” as defined by federal and state regulations. Scholarship searches are available at:

- www.fastweb.com
- www.finaid.org/scholarships
- www.scholarshipamerica.org

Ashford University is not responsible for the content of these websites and does not endorse any particular outside scholarship website. Please beware of sites that ask for payment for scholarship information and/or applications and review all information carefully before applying.

Private Loan

Before considering a private education loan, students are recommended to first apply for available federal student financial aid (Title IV) to ensure any eligible federal grant aid is utilized and/or any eligible federal low interest loans available are considered. If a student wishes to apply for a private education loan, Ashford University will work with any lender participating in a private student loan program from which a student wishes to borrow. If a student obtains a loan to pay for an education program, the student will have the responsibility to repay the full amount of the loan plus interest. Please contact the Financial Aid Office for additional information about all available education funding options.
Financial Aid Plan

The University will provide assistance to all students and families who are eligible for federal student financial aid (Title IV). The University provides a convenient online application process to complete the necessary financial aid documents listed below. All students seeking federal, financial aid must be admitted to an eligible degree program to determine financial aid eligibility. To complete the process for the Financial Aid Plan, students must provide the following:

- The Institutional Financial Aid Application;
- Proof of registration for a FSA ID at any of the following websites: fsaid.ed.gov; www.fafsa.gov; www.nslds.ed.gov; www.studentloans.gov; or www.studentaid.gov;
- The Free Application for Federal Student Aid (FAFSA)*;
- Entrance Loan Counseling, if applicable;
- A Direct Loan Master Promissory Note (MPN), if applicable;
- Understanding Your Financial Aid Offer Tool (EFIP), if applicable; and
- All related paperwork and documentation requested by the University.

*Note: New students enrolled March 1 through June 30 are highly encouraged to complete the current and future FAFSA. Completing both FAFSAs in this timeframe will allow the Financial Aid Office to determine all eligible aid.

Federal Student Aid Eligibility

Eligibility for federal student aid is based on financial need and on several other factors. To be eligible for most types of federal financial aid, a student must:

- Demonstrate financial need (for most programs);
- Have a high school diploma or a recognized equivalent such as a General Educational Development (GED) certificate or completion of a high school education in a homeschool setting approved under state law;
- Be a U.S. citizen, US national, or eligible noncitizen;
- Have a valid social security number unless you are from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau;
- Register with the Selective Service (if required);
- Be enrolled as a regular student in an eligible degree or certificate program;
- Maintain satisfactory academic progress once in school;
- Certify that no federal student loan is in a default status and no money is owed on a federal student grant; and
- Certify that use of federal student aid is only for educational purposes.

Financial Aid Student’s Rights

As a financial aid applicant or recipient, a student has the right to:

- Be advised on the different financial aid programs available and how to apply for them;
- Be advised on deadline dates for submitting applications for each financial aid program available;
- Be advised on how the student’s financial need was determined;
- Be advised on how financial aid will be disbursed;
- Be advised on each of the various programs in the student’s packaging;
- Be advised on the impacts of withdrawal, such as refunds or repayments of financial aid;
- Be advised on the requirements for maintaining financial aid eligibility and satisfactory academic progress;
- Have all application information treated with the highest confidentiality; and
- Be advised on the names of the organizations that accredit or license the University.

Financial Aid Student’s Responsibilities

As a financial aid applicant or recipient, students have the following responsibilities:

- To apply for financial aid by appropriate deadlines to be considered for financial assistance;
- To submit all required forms accurately and completely;
- To provide documentation, verification of income, corrections and/or any information to complete the financial aid file;
- To notify the Financial Aid Office when additional aid is received from outside sources;
- To accept responsibility for all forms and agreements that are signed;
• To use financial aid only for actual educational expenses; and
• To complete exit counseling online or to schedule an exit interview with the Financial Aid Office within 30 days of graduating or withdrawing from the University for any reason.

Cost of Attendance
Cost of Attendance (COA) budgets are estimated costs for completing a full academic year and provides students and parents with reasonable projected educational costs associated with full-time attendance at Ashford University.

The University uses these costs to develop budgets for awarding federal financial aid. Costs will vary according to the individual student profile; for example, whether the student is an undergraduate or graduate student or whether the student is living with parents or not.

The COA includes direct and indirect expenses:

- Direct expenses include tuition, fees, books, and supplies.
- Indirect expenses include room and board, as well as allowance for personal expenses.

Students who successfully complete the weeks and credits required in an academic year will be eligible to be packaged for the next grade level for registered coursework following completion of the academic year. Transfer students who are awarded credits equal to or greater than the number required for completion of an academic year are eligible to be packaged for the next grade level, where applicable (e.g., students transferring in 24 credits or greater are eligible to be packaged as a second year student). Students completing an Associate degree may only be eligible to borrow loan amounts up to a second year student grade level, regardless of the number of credits transferred in.

*A borrower who has reached his or her aggregate borrowing limit may not receive additional loans until he or she has reduced his or her aggregate loan amount.

**A dependent student whose parent is denied a PLUS loan is allowed to borrow additional Unsubsidized Direct amounts equal to the amount that independent borrowers are able to borrow.

How to Apply for Financial Aid
Potential students must complete an application for admission to the University. A student must be accepted by the University before a financial aid award can be determined. Students should then complete the Free Application for Federal Student Aid (FAFSA), and list the University (School Code: 001881) as a college to receive information. Also, complete an Institutional Application for financial aid, the Understanding Your Financial Aid Offer tool (if applicable), a Master Promissory Note (if applicable), and Entrance Loan Counseling (if applicable). The University may also require additional documents to verify aid eligibility (for additional information, please see the Verification for Federal Student Aid Eligibility in this section of the Catalog). It is highly recommended that the student or parent apply for the Federal Student Aid Identification Number (FSA ID) through the U.S. Department of Education at any of the following websites:

- fsaid.ed.gov;
- www.fafsa.gov;
- http://www.nslds.ed.gov;
- http://www.studentloans.gov; or
- http://www.studentaid.gov

The FSA ID serves as the student’s electronic signature and can be used to electronically apply for federal student aid and access Federal Student Aid records online. The FSA ID should be kept in a safe location and should not be shared with anyone.

Free Application for Federal Student Aid (FAFSA)
The FAFSA is available online at www.fafsa.gov. The completed form should be signed electronically with the applicant’s FSA ID so that the student’s financial need can be evaluated.

Verification for Federal Student Aid Eligibility
The federal government requires colleges and universities to verify, or confirm, the data reported by students and their parent(s) on the FAFSA. The verification process ensures that eligible students receive all the financial aid to which they are entitled and prevents ineligible students from receiving financial aid to which they are not entitled. A subset of financial aid applications are randomly selected by the U.S. Department of Education for verification. If a student is selected for verification, there is an asterisk next to the Expected Family Contribution (EFC) on the Student Aid Report (SAR). The SAR may be viewed online at www.fafsa.gov under Step 3, “View and Print Your Student Aid Report.”

Applications selected for verification are placed into a Verification Tracking Group (V1, V4, or V5). The SAR indicates with a tracking flag for which group the student has been selected. Items to be verified are based on the specific Verification Tracking Group. If a student is selected for verification, the Financial Aid Office notifies the student of required documentation. The student (and parent(s) of dependent students), are required to provide appropriate and legible supporting documents to the Financial Aid Office. Depending on the verification selection, one or more of the following documents may be requested:

1. Verification Worksheet;
2. IRS Tax Return Transcript or use of IRS Data Retrieval Process;
3. Documentation of Supplemental Nutrition Assistance Program (SNAP), if applicable;
4. Documentation of child support paid, if applicable;
5. Documentation of other untaxed income, if applicable;
6. Verification of high school completion (or equivalent), if applicable; and,

7. Identity and Statement of Educational Purpose, if applicable.

Please note that additional documents may be requested at the Financial Aid Office’s discretion.

Participation in the verification process is not optional. Students with V1 verification category, who do not submit the required documentation within 30 days of request may experience financial aid processing delays, and may be administratively withdrawn until all supporting verification documents have been received by the University’s Financial Aid Office. New online students who are selected for the customized verification categories of V4 or V5 must submit the required Identity and Statement of Educational Purpose documentation prior to progressing beyond conditional admission status or they will be administratively withdrawn prior to attending week four of their first course. Any other required documentation must be completed within 30 days of request. Continuing online students who are selected for the customized verification categories of V4 or V5 must submit the required Identity and Statement of Educational Purpose within 14 days of notification and any other requested documentation within 30 days.

If clarification is needed on a verification document or the Student Aid Report, an advisor from the Financial Aid Office will contact the student for additional information. Possible corrections may be required on the SAR. A financial aid hold will be immediately placed on the student’s account and students will be unscheduled from all future courses. For those students utilizing financial aid, this hold will prevent a financial aid disbursement until the issue is resolved through either the appeal process or through a Student Community Standards Formal Hearing. For more information on the code of conduct review process please see that section in this Catalog.

NSLDS Fraud Loan Flag and Federal Student Aid Eligibility

Students who have been convicted of fraudulently obtaining federal loans are no longer eligible for Federal Title IV aid. Students will be flagged on the Student Aid Report (SAR) as comment code 272. Students with this comment code must refer to the loan holder for resolution. A financial aid hold will be immediately placed on the student’s account and students will be unscheduled from all future courses. For those students utilizing financial aid, this hold will prevent a financial aid disbursement until the issue is resolved. If a student is still within the first week of their course, or within the Ashford Promise/Conditional Admission Period (CAP), those students will be removed from their current course as well. Students will be administratively withdrawn from the University after 14 days of non-attendance.

Identity Reject Flag and Federal Student Aid Eligibility

Students who meet certain conditions related to identity issues will be flagged on the Student Aid Report (SAR) as comment code 281 and are no longer eligible for Federal Title IV aid until resolved. A financial aid hold will be immediately placed on the student’s account and students will be unscheduled from all future courses. For those students utilizing financial aid, this hold will prevent a financial aid disbursement until the issue is resolved. If a student is still within the first week of their course, or within the Ashford Promise/Conditional Admission Period (CAP), those students will be removed from their current course as well. Students will be administratively withdrawn from the University after 14 days of non-attendance.

This comment code can only be overridden by the Department of Education. Students should contact Federal Student Aid at 202-377-3889 for resolution. The Department will work with students regarding requesting documentation directly to clear the issue. If the comment code is determined to be in error or is resolved, the school
will receive a reprocessed ISIR with an override comment code 283.

**Unusual Enrollment History and Federal Student Aid Eligibility**

Students who are flagged on the Student Aid Report (SAR) as comment code 359 or comment code 360, who did not successfully complete coursework during an academic year in which they also received a Pell grant and/or a Federal Direct Loan (not including a Direct Consolidation Loan or parent PLUS loan), may be required to submit a letter of explanation and appropriate college history documentation for review by Ashford. The letter and explanation must show that there were extraordinary or unusual circumstances that occurred which prevented the student from being successful in his or her studies. All requested documentation related to a comment code 359 or 360 for new online students must be submitted and approved by Ashford University prior to a student progressing beyond conditional admission status or the student will be administratively withdrawn prior to attending week four of their first course. For continuing students, if requested, the Identity and Statement of Educational Purpose must be submitted and approved within 14 days of notification or the student will be administratively withdrawn; any other requested documentation must be submitted and approved within 30 days. Financial aid will not be processed or disbursed if an applicant fails to provide the requested documentation.

**Total and Permanent Disability Discharge**

If a student has had previous student loans discharged due to total and permanent disability they must be counseled by a Financial Services Advisor regarding obligations on borrowing new loans. Students may also be required to submit additional documentation to be eligible to receive financial aid funding. If a student is in the process of having previous student loans discharged and is applying for financial aid, their application for dismissal of loans could potentially be rejected by the loan servicer and loans may go into repayment.

**General Financial Aid Reapplication Process**

It is the student’s responsibility to reapply for funding as necessary by completing the FAFSA and any subsequent document requested by the Financial Aid Office. Students must reapply 90 days prior to the start of each academic year. Tardiness in applying could result in disqualification of the Financial Aid Plan and requires compliance with the terms and conditions of the Cash Plan.

If a student does not complete the financial aid process in advance of his or her last date of attendance, he or she forfeits eligibility for financial assistance that might otherwise have been available during that period of enrollment, and becomes fully responsible for all remaining balances.

**Undergraduate Programs**

*Renewed Loan Eligibility:* A student enrolled in an undergraduate program may renew his or her loan for the next academic year once these conditions have been met:

- If required, submission of a new award year FAFSA and any subsequent documents requested by the Financial Aid Office;
- The student has completed the initial 40-weeks of instructional time and the loan period has ended;
- The student has successfully completed 24 undergraduate-level credits; and
- The student is registered for another course.

**Graduate Programs**

*Renewed Loan Eligibility:* A student enrolled in a graduate program may renew his or her loan for the next academic year once these conditions have been met:

- If required, submission of a new award year FAFSA and any subsequent documents requested by the Financial Aid Office;
- The student has completed the initial 36-weeks of instructional time and the loan period has ended;
- The student has successfully completed 18 graduate-level credits; and
- The student is registered for another course.

**Entrance Counseling for Federal Loan Recipients**

All first-time Federal Direct loan recipients who have received a Financial Aid Award offer and have accepted the Federal Direct Loan(s) are required to complete online Federal Direct Loan Entrance Counseling and to sign a Federal Direct Loan Master Promissory Note prior to the school receiving the funds. First-time borrowers of federal loans at Ashford University must complete entrance counseling as mandated by federal regulations. This requirement is met by completing an entrance counseling exercise online. Federal loans (Direct Loans and Grad PLUS) cannot be released to a student’s account until this federal requirement is satisfied. Students will be provided information on how to complete the required counseling exercises along with their financial aid award information. A PLUS loan applicant, either a parent or a graduate or professional student, that has an adverse credit history must complete additional required PLUS loan counseling via the StudentLoans.gov website.
Types of Financial Aid
In general, financial aid is provided in the form of grants and loans. Part-time work programs are also available for enrolled students. While some students may qualify for one type of financial assistance, others may qualify for a combination of two or more programs. The financial aid packaging process is awarding aid without exceeding the student’s financial need. This packaging of financial aid allows Ashford University to assist a larger number of students and to award aid suited to the student’s individual needs. Each student may be expected to make a financial contribution toward educational costs based on family circumstances and ability to pay. The family’s share of the cost and eligibility for aid are determined through the Free Application for Federal Student Aid (FAFSA).

State Aid Programs
Please visit the Education Resource Organization Directory (EROD) at wdcrobcolp01.ed.gov/Programs/EROD/index.cfm for a list of state grant agencies. Students may contact these agencies directly for information regarding state grants that may be available.

Federal Aid Programs (Title IV)
Federal Pell Grants: Federally funded grants for undergraduate students who have not earned a bachelor’s or professional degree. These grants are based on financial need and enrollment status at the University. Pell Grants provide a foundation of financial aid for many students to which other aid may be added. To determine eligibility for Federal Pell Grants, the U.S. Department of Education uses a standard formula to evaluate the information supplied to them from the student. This formula produces an Expected Family Contribution (EFC) amount. The amount a student receives for a Pell Grant depends on a student’s EFC, cost of attendance, status as either a full-time student or part-time student, and whether the student will attend school for a full academic year. Pell Grants are limited each award year in amounts depending upon program funding and a maximum per-student amount. Grants are currently awarded up to a maximum of $6,095 per academic year (award year 2018-2019). The amount of Federal Pell Grant funds a student may receive over his or her lifetime is limited to be the equivalent of six years or 600% of Pell Grant funding.

Federal Supplemental Educational Opportunity Grants (FSEOG): Grants funded by the federal government and the University to aid undergraduate students with exceptional financial need. The University determines who will receive FSEOG based on factors such as need, Pell Grant eligibility, and availability which may vary by payment period. The award amount could be up to $600 per academic year at Ashford University based on allocations.

Direct PLUS Loans (PLUS): Long-term, low-interest rate loans made available to eligible parents to help pay student expenses at an approved postsecondary educational institution. These are loans that must be repaid. An eligible parent may borrow up to the student’s cost of attendance, minus all other financial aid resources. The lender is the U.S. Department of Education. Repayment begins once the loan is fully disbursed. The parent borrower may contact his or her loan servicer to request a deferment. These loans are subject to credit approval and are available only to aid dependent students.

Direct Graduate PLUS Loans (Available for Graduate Programs Only): Long-term, low-interest unsubsidized loans for graduate students. These are loans that must be repaid. The student may borrow up to the cost of attendance, minus the Unsubsidized Direct Loan (if applicable), all other financial aid received, and any other aid resources. An eligible student may borrow directly from the Federal government. Repayment begins six months after the student ceases to be enrolled at least half-time. These loans are subject to credit approval.

Federal Direct Loans: Direct Loans are low-interest loans for students to help pay for the cost of a student’s education when attending post-secondary education after high school. These are loans that must be repaid. The lender is the U.S. Department of Education. Students may borrow directly from the federal government through the Direct Loan servicer. While the federal government is the lender for Direct Loans, the application and origination process occurs through the University. To be eligible for a Direct Loan, a student must be enrolled in an eligible degree program on at least a half-time basis. The Direct Loan Program offers a lower interest rate than most commercial loans. The federal government pays the interest on a Subsidized Direct Loan* for undergraduate students while attending at least a half-time program or during a period of deferment, as long as the student shows a demonstrated financial need. An origination fee may be deducted from the student’s loan amount that is disbursed. If a student does not demonstrate a financial need or is a graduate student, the Unsubsidized Direct Loan may be available and begins to accrue interest while the student is in school. Please refer to the Federal Direct Annual Loan Limits and Federal Direct Aggregate Loan Limits tables in this section of this Catalog. If a student received federal student financial aid funds, and withdraws from the institution, after review of the student’s account to determine if there are payments in excess of charges, the student is entitled to receive a refund of funds not paid from federal financial aid funds. The standard repayment plan begins six months after the student graduates or is no longer enrolled at least half-time, and up to 10 years may
Financial Aid Plan for Online Programs
To select the Financial Aid plan as the primary payment option for enrollment in an online program, students must be eligible for enough in federal loan funds to cover 50% of the cost of tuition and fees for an academic year or $5,500, whichever is less.

Under this plan when used as a primary payment option for enrollment in an online program, students are expected to submit all financial aid documents prior to their start date. Failure to submit required financial aid documents may result in the delay of a student’s start or administrative withdrawal from his or her current course. Students who are otherwise qualified may restart their program at a later date when all required financial aid documentation is submitted. If a student is unable to qualify for financial aid, he or she must select another payment option and is held responsible for any outstanding balances incurred.

Continuous attendance with no attendance breaks greater than 14 days or an approved Academic Leave is required to retain eligibility for disbursed federal financial aid funds. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual winter break, the non-enrollment period may extend the 14 day limit to include the break. The University may be required to return the federal funds of students with reduced financial aid eligibility due to attendance breaks or Academic Leaves, leaving the student responsible to the University for any balance on the student’s account. Students who are awarded Title IV aid in an amount exceeding the tuition and fees assessed by the University, and/or students who withdraw before completion of the term or program, may be required to return unearned funds to the Department of Education and/or Ashford University. Students in this situation who received excess funds stipend checks may be required to return unearned funds to the Department of Education and/or Ashford University. Students are strongly encouraged to contact the Financial Services Department to understand the potential impact attendance changes may have on their financial aid as far in advance as possible.

Financial Aid Specific to Undergraduate Programs

Definition of Academic Year
Week = 7 calendar days

Full Academic Year Definition = a minimum of 40 weeks of instructional time and 24 successfully earned credits that apply toward the student’s program of study. Please note: courses are offered 50 weeks in each calendar year. Therefore, students can complete five academic years in four calendar years.
A full Academic Year consists of two (2) increments that may be referenced as payment periods, financial aid payment periods or Satisfactory Academic Progress (SAP) increments.

- The first payment period in the Academic Year ends when half of the credits and weeks required for a completed Academic Year have been met.
- The second payment period in the Academic Year ends when the requirements for a completed Academic Year have been met.

Final Academic Year Exceptions:

- For any remaining portion of a program that is half of an Academic Year or less, the remaining portion is treated as a single payment period.
- For any remaining portion of a program that is more than half of an Academic Year but less than a full Academic Year, the remaining portion is divided into two payment periods and the first payment period is the period in which the student successfully completes half of the credits and half of the weeks of instructional time in the remaining portion.

Satisfactory Academic Progress (SAP) is evaluated at the end of each payment period.

**Loan Disbursement Information**

Loan periods for undergraduate programs are 40 weeks in length. Undergraduate students can expect two (2) disbursements (one per payment period) each academic year. An academic year for undergraduate students is comprised of eight (8) successfully completed courses. Each payment period is four (4) successfully completed courses. The beginning of the loan period will coincide with the beginning date of the first course in the student's program of study. The first disbursement is intended to be applied toward the first four (4) successfully completed courses and any applicable fees.

**Second Disbursement:** The second disbursement will be delivered once a student has successfully completed at least 12 undergraduate-level credits and is intended to be applied toward the remaining four (4) successfully completed courses and any applicable fees in the second payment period. A student must also be registered for and start the next class in the second payment period, and at least half of the loan period (20 weeks) must have passed. For students in a final academic year that is less than a full academic year but more than half of an academic year, the second disbursement will occur when the student has completed half the credits and half the weeks of instructional time remaining. Post Withdrawal Disbursement (PWD) eligibility is calculated by the University after withdrawal from a payment period and is never guaranteed.

**Note:** Grades of “W,” “WF,” “I,” or “F” do not count toward successfully completed courses. Grades of “D+,” “D,” or “D-” that do not count toward successful completion of required competency courses and thus must be repeated, also do not count toward successfully completed courses. In addition, students who are required or choose to repeat courses will not have the repeated course counted toward successfully completed courses. Once a grade of “I” is successfully completed for a permanent grade as outlined previously, the course will count toward successful completion.

**Financial/Financial Aid Implications for Residents of California, Mississippi, and Tennessee:** Financial aid may be certified but will not be disbursed until proof of graduation from high school or equivalent has been received by Ashford University. To allow time for receipt of this proof, students choosing the “financial aid” payment option will have their first disbursement of financial aid delayed until the later of eleven (11) calendar weeks post start date or the conclusion of the first six (6) attempted credits. Students whose proof of graduation from high school or equivalent is not received within the time frame described previously will:

1. Be placed on finance hold and unscheduled from future courses until proof of graduation from high school requirements are satisfied and financial aid is certified, or
2. Pay cash to bring their account current and for all courses they take until proof of graduation from high school requirements have been received and financial aid has been disbursed.

**Tuition Payment and Financial Aid**

Tuition and fees are billed on a financial aid payment period basis. A payment period is a minimum of 20 weeks of instructional time and 12 successfully earned credits in undergraduate programs and 18 weeks of instructional
time and 9 successfully earned credits in graduate programs. Students who have financial aid that is less than the cost of tuition and fees incurred during the payment period, drop a course with less than a 100% refund, or complete a course with an unsuccessful grade may be required to pay out of pocket to cover a shortfall. Students who fall below the minimum number of credit hours to receive a subsequent disbursement may have their financial aid funds reduced or prorated.

Online Bookstore Voucher (Undergraduate)
Undergraduate students may be eligible for a voucher to purchase required books and supplies through the University’s online bookstore. Vouchers are automatically generated and emailed to eligible students within the first seven days of the financial aid payment period.

This online bookstore voucher allows the student to purchase required books and supplies with an automated charge posted to his or her student account against anticipated financial aid, and only when the anticipated financial aid is greater than the amount of tuition and fees for the payment period. These voucher purchases will be paid by the student’s financial aid funds once disbursements are posted to the student’s account. In all cases, the student is obligated to reimburse Ashford University in full for the amount of charges incurred when the bookstore voucher is used whether or not sufficient financial aid funds are available on the student’s account. Such a situation may occur, but is not limited to, when:

- The bookstore charges are not able to be charged against financial aid;
- The student does not receive the anticipated financial aid; or
- The student does not receive sufficient financial aid to cover the full amount of the bookstore charges.

Online bookstore vouchers will only be issued to students who:

- Are eligible for a Federal Pell Grant; and
- Are estimated to be eligible for federal aid disbursements in excess of tuition and fee charges; and
- Complete their financial aid file 21 calendar days prior to the start of the financial aid payment period, or have their financial aid package completed 10 calendar days prior to the start of the payment period.

Online bookstore vouchers expire 21 days after the financial aid payment period begins and may only be used at the University’s online bookstore. These vouchers are not transferrable and cannot be redeemed for cash. Only one voucher per eligible student will be issued each financial aid payment period. Students are not obligated to use the voucher to purchase their books. Students may opt out by simply not using the book voucher and purchasing their books using personal funds.

Questions pertaining to the Online Bookstore Voucher should be directed to the Financial Services Department.

Financial Aid Specific to Graduate Programs

Definition of Academic Year
Week = 7 calendar days

Full Academic Year Definition = a minimum of 36 weeks of instructional time and 18 successfully earned credits that apply toward the student’s program of study.

A full Academic Year consists of two (2) increments that may be referenced as payment periods, financial aid payment periods or Satisfactory Academic Progress (SAP) increments.

- The first payment period in the Academic Year ends when half of the credits and weeks required for a completed Academic Year have been met.
- The second payment period in the Academic Year ends when the requirements for a completed Academic Year have been met.

Final Academic Year Exceptions:

- For any remaining portion of a program that is half of an Academic Year or less, the remaining portion is treated as a single payment period.
- For any remaining portion of a program that is more than half of an Academic Year but less than a full Academic Year, the remaining portion is divided into two payment periods and the first payment period is the period in which the student successfully completes half of the credits and half of the weeks of instructional time in the remaining portion.

Satisfactory Academic Progress (SAP) is evaluated at the end of each increment.

Loan Disbursement Information

First Disbursement: To receive a disbursement, students must have successfully completed the financial aid application process, including verification, if applicable. The first disbursement will be delivered no earlier than the first week a student has posted attendance in the first course. For students who are conditionally admitted with the Ashford Promise, the first disbursement will be delivered no earlier than at the time of matriculation during the 4th week of attendance in the first course. The first disbursement is intended to be applied toward the first
three (3) successfully completed courses and any applicable fees.

**Second Disbursement:** The second disbursement will be delivered once a student has successfully completed at least 9 graduate-level credits and is intended to be applied toward the remaining three (3) successfully completed courses and any applicable fees in the second payment period. A student must also be registered for and start the next class in the second payment period, and at least half of the loan period (18 weeks) must have passed.

*Note:* Grades of “W,” “WF,” “I,” or “F” do not count toward successfully completed courses. In addition, students who are required or choose to repeat courses will not have the repeated course counted toward successfully completed courses. In addition, students who are required or choose to repeat courses in which they earned a grade of “C,” will not have the repeated course counted toward successfully completed courses. Once a grade of “I” is successfully completed for a permanent grade as outlined previously, the course will count toward successful completion.

**Tuition Payment and Financial Aid**
Each financial aid disbursement is intended to cover tuition costs for at least 9 graduate-level credits. However, students who do not meet the criteria listed previously for receipt of loan funds may be required to pay for more than the minimum number of courses before a subsequent disbursement is available. Students who do not consistently register for sequential courses may not receive their financial aid disbursements.

**Financial Aid and Satisfactory Academic Progress Requirements**
Students are required to make satisfactory academic progress in order to maintain eligibility for Title IV federal financial aid. See the Satisfactory Academic Progress (SAP) policy in the Undergraduate Programs or Graduate Programs section of this Catalog for further details related to SAP review and requirements, and information related to conditions of Academic and Financial Aid Warning, Academic and Financial Aid Probation and Probation-Academic Plan during which students maintain Title IV eligibility.

*Note:* Grades of “W,” “WF,” “I,” or “F” do not count toward successfully completed courses. Grades of “D+,” “D,” or “D-” that do not count toward successful completion of required competency courses and thus must be repeated, also do not count toward successfully completed courses. In addition, students who are required or choose to repeat courses will not have the repeated course counted toward successfully completed courses. Once a grade of “I” is successfully completed for a permanent grade as outlined previously, the course will count toward successful completion.

**Exit Counseling for Federal Loan Recipients**
Students who leave the University or whose student status falls below half-time must complete exit counseling for federal loans (Direct and Grad PLUS) within 30 days of separation from the school as mandated by federal regulations. Students will be emailed instructions on how to complete their exit counseling online. Students may contact the Financial Aid Office to receive individual repayment or account information.

**Return of Title IV Funds**
The Financial Aid Office is required to perform a Return of Title IV Funds calculation when a Title IV recipient withdraws from his or her program. A student may withdraw from the University at any time either verbally or in writing. It is highly recommended that students speak with the Financial Services Department prior to withdrawing. The standard formula for Return of Title IV is calculated on a percentage basis by comparing the total number of days the student completed to the total number of days in the payment period. The calculation determines the amount of Title IV the student is eligible to keep and the amount of Title IV funds which are required to be returned. Students who do not complete at least 60 percent of a payment period will have part or all of their financial aid disbursed for this period returned. This applies to students who have officially or unofficially withdrawn. The Return of Title IV calculation may result in the student owing the University for unpaid tuition and fees and Department of Education for grants and Direct Loans.

For Return of Title IV calculation purposes, a payment period consist of one-half of the credit hours and weeks required for the academic year being attended at the time of withdrawal. For additional information on academic year and payment period, please refer to Definition of Academic Year in this section of this Catalog.

If a return of Title IV funds creates a balance on the student’s account, the student will be responsible for full payment. A student will not be allowed to re-enter, register, or receive an official academic transcript until the outstanding balance has been paid in full or is currently on an approved payment plan. If loan funds need to be returned by the student, the student may pay these funds back under the original terms of the loan. If grant funds need to be returned by the student, the University will return the funds on behalf of the student. The University will return the unearned Title IV funds in the following order:

- Unsubsidized Direct Loan
• Subsidized Direct Loan
• Direct Graduate PLUS
• Direct Parent PLUS
• Federal Pell Grant
• FSEOG
• TEACH Grant
• Iraq and Afghanistan Service Grant

For information regarding the determination of withdrawal date, please see the Withdrawal from the University policy in the General Academic Information and Policies section in this Catalog.

Direct Loan Grace Period

Direct Subsidized and Unsubsidized Loans:
When a student graduates, withdraws or is no longer enrolled at least halftime in an eligible program, he or she will be granted a six-month grace period for his or her Direct Subsidized and Unsubsidized Loans for which the student is not required to make a loan payment. The grace period begins the day after the student stops attending or drops below half-time enrollment. At the end of the grace period, repayment begins. For Direct Unsubsidized Loans any interest that accumulates during the deferment period will be added to the unpaid principal.

Direct Parent and Graduate PLUS Loan:
There is no grace period for Direct PLUS loans. However, parent PLUS borrowers, graduate, or professional PLUS borrowers can request to defer repayment for an additional six (6) months after the student graduates, withdraws or drops below half-time enrollment. In doing so, any interest that accumulates during the deferment period will be added to the unpaid principal. At the end of the grace period, repayment begins.

Direct Loan Repayment
There are several choices of repayment plans. The loan servicer will notify the student (and/or parent) of the date the loan goes into repayment. If the student does not choose a repayment plan, they will be placed on the standard repayment plan. The longer the loans are in repayment, the more interest that will be accrued. If a student obtains a loan to pay for their educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any funds returned to the lender determined after withdrawal during the Return of Title IV Funds calculation.

Graduate Repayment Plan:
The payments start out low and will increase every two years. The length of the repayment period will be up to 10 years. More interest is paid over time on this plan.

Extended Repayment Plan:
The student must have more than $30,000 in Direct Loan debt. Under the extended plan the student can take up to 25 years for repayment and two payment options: fixed or graduated. Fixed payments are the same amount each month, while the graduate payments start low and increase every two years.

Pay As You Earn Repayment Plan:
Maximum monthly payments are 10% of discretionary income, the difference between the adjusted gross income and 150% of the poverty guideline for the family size and state of residence. Payments change as income changes. Student (or parent) must have a partial financial hardship. The length of the repayment period will be up to 20 years.

Income Contingent Repayment Plan:
(Not available for parent PLUS Loans)
This plan gives the flexibility to meet the Direct Loan obligation without causing undue financial hardship. Each year the monthly payments are calculated on the basis of the student’s adjusted gross income (AGI, plus spouse’s income, if married), family size, and the total number of Direct Loans. The maximum repayment period is 25 years.

Income-Based Repayment Plan:
The required monthly payment will be based on the student’s (or parent’s) income during any period when he or she has a partial financial hardship. The monthly payment is adjusted annually. The maximum repayment period may not exceed 10 years.

Payment Support
If the student (or parent) has trouble making the loan payment, they should contact the loan servicer as soon as possible. There may be options such as changing repayment plan, deferment, or forbearance. Receiving a deferment or forbearance is not automatic. The student must apply for it. If there is uncertainty as to who the servicer is, go to NSLDS at www.nslds.ed.gov and use your FSA ID to access all loan information.

Deferment:
A deferment is a period during which repayment of the principal and interest is temporarily delayed. Depending on the type of loan, the federal government may pay the interest on the subsidized loan during the period of deferment.

A student may qualify for a deferment while he or she is:
• Enrolled at least half time in an eligible program at an eligible institution
• Unemployed or meet the rules for economic hardship (limited to 3 years)
• Based on qualifying active duty service in the U.S. Armed Forces or National Guard.

**Forbearance:**
If the student cannot make his or her scheduled loan payment and does not qualify for a deferment, he or she may be able to receive a forbearance. Forbearance allows the student to temporarily stop making payments, temporarily make smaller payments, or extend the time for making payments. Interest will continue to accrue on the subsidized and unsubsidized loans (including all PLUS loans).

Some common reasons for receiving forbearance are:
- Illness
- Financial hardship
- Serving in a medical or dental internship
- Residency

If the student has defaulted on a student loan, he or she is not eligible for a deferment or forbearance.

**Consolidation**
Consolidation is the process of combining multiple federal student loans into one loan so there is only one monthly payment. Loan consolidation can greatly simplify loan repayment by centralizing loans into one bill and can lower monthly payments by offering up to 30 years repayment. However, by consolidating, the length of the repayment period is increased. Students should understand the advantages and disadvantages of consolidation before submitting an application for consolidation. For more information, please visit www.studentaid.ed.gov.

**Consequences for Not Making Loan Payments**
If the student (or parent) does not make a loan payment or stops making payments and does not get a deferment or forbearance, the loan could go into default. To default means the student (or parent) fails to make the loan payment as scheduled according to the terms and conditions of the promissory note. Consequences for not making the loan payment could result in one or more of the following:
- The entire unpaid balance with interest due and payable;
- Loss of eligibility of deferment, forbearance or repayment plan;
- Loss of eligibility of future federal financial aid;
- The account being assigned to an outside credit agency;
- Loan being reported to the three major credit bureaus, damaging credit ratings;
- Federal and state income tax being withheld;
- Student loan debt increasing due to late fees, additional interest, court costs, collection fees, attorney’s fee and any other costs associated with the collection process;
- Wage garnishment.

For more information regarding Direct Loan Repayment please visit www.direct.ed.gov.

**Questions Regarding Financial Aid**
Students should call the Financial Aid Office for help in completing forms, answering questions, and explaining the award process. The Financial Aid Office telephone number for students is (800) 798-0584.
University Refund Policies

The following policies govern refunds to students in case of course drop, withdrawal, or dismissal from the University. Students who do not have federal financial aid will have their charges and financial credits assessed in accordance with the refund policy. Any nonfederal aid will be prorated and refunded using the same percentages in the refund policy. Students utilizing financial aid who drop or are administratively dropped from the institution are at risk of losing part or all of their financial aid if they do not successfully complete sixty percent (60%) of the payment period.

Institutional Tuition Refund Policy

Students who drop or are administratively withdrawn from a course (or the institution) may be eligible for a tuition refund. Tuition refunds are based upon course length. Return of Title IV is based on the length of the payment period. Students should refer to the Ashford University Tuition Refund Schedule or applicable state refund policy for specific information regarding tuition refunds. Students whose last date of attendance (LDA) is during the indicated week will receive the tuition credit indicated. If a student drops on or before the start date of a course, a 100% refund of the total cost of the course will be provided.

Ashford University Tuition Refund Schedule

The Ashford University Tuition Refund Schedule applies to students who drop or are administratively dropped from a course or the institution and who are not otherwise covered under a state-specific tuition refund policy.

Undergraduate Students Using Military Tuition Assistance Refund Policy

The Undergraduate Students Using Military Tuition Assistance policy applies to undergraduate students using military Tuition Assistance for a course. Military Tuition Assistance users will have tuition refunded according to this policy unless the student resides in a state where that state’s tuition policy is more favorable to the student. Military Tuition Assistance funds will be refunded to the branch of military from which it originated and never to the student.
The following pro rata refund schedule applies when students drop or are administratively dropped from a course or the institution**:

The University will make every effort to refund prepaid amounts for books, supplies, and other charges unless the student has consumed or used those items and they can no longer be used or sold to new students, or returned to the supplier by the University. A student will receive the refund within 40 days of the termination date. If a student withdraws after completing 60% of the instruction, and the withdrawal is due to mitigating circumstances beyond the student’s control (detailed in the Tuition Credit Request Policy and Procedure in the Student Rights and Responsibilities section of this Catalog), the school will refund a pro rata amount.

A written notice of withdrawal is not required. The University will honor any valid notice of withdrawal within the three (3) business day cancellation period, and within thirty (30) calendar days after dismissal of the student or receipt of notice of withdrawal, shall refund to the student any amounts due and arrange for a termination of the student’s obligation to pay any sum in excess of that permitted under the refund policy. For students receiving funds under Title IV, the school will comply with federal guidelines concerning constructive notice of withdrawal. All or a portion of the refund will be used to pay sponsors furnishing grants, loans, scholarships or other financial aid in conformity with federal and state law. After any disbursement to financial aid sponsors have been made, the student shall receive the balance, if any, for the amount due under the refund policy.
For information regarding the return of federal funds policies, please see the Return of Title IV Funds policy in this section of the Catalog. For information regarding the withdrawal policies, please see the Withdrawal from the University policy in the General Academic Policies and Information section in this Catalog.

Ashford Promise

Ashford affords new students the Ashford Promise, which is an opportunity to attend Ashford University risk-free. If a student cancels their enrollment during the conditional admission period (CAP), or, for undergraduate students only, if Ashford University establishes that a student does not meet our Basic Academic Requirements (BAR) at the conclusion of the conditional admission period, the student leaves with 1) no financial obligation to Ashford University, 2) no student loan debt as a result of enrollment at Ashford University, and 3) no academic record at Ashford University. During the first three weeks of a student’s first credit-bearing course, Ashford does not certify VA benefits or disburse Federal Financial Aid.

Special Circumstances

Students called to active duty in the Armed Forces of the United States or leaving the University because of illness or other causes beyond their control may receive special consideration. Each case will be considered individually based upon the special circumstances involved.

Special circumstances may include, but are not limited to, the following:

- Loss of Income
- Divorce
- Death of a wage earner
- Experience a natural or catastrophic disaster
- Major medical/dental expenses not covered by insurance
- Dependent Care

Students should contact their Academic Advisor for additional information.

Dismissal/Expulsion

Students dismissed or expelled from the University are not authorized refunds of any kind other than those provided by the Institutional Tuition Refund Policy in this section of the Catalog.
University Program Offerings

Associate, Bachelor’s and Master’s online programs are administered by the Forbes School of Business & Technology at Ashford University, the College of Education; the College of Health, Human Services and Science; and the College of Liberal Arts. For more information about on-time completion rates, the median loan debt of students who complete each program listed below, and other important information, please visit www.ashford.edu/pd.

General Education Curriculum

Philosophy and Purpose
The higher education offered by the University and other colleges and universities differs from other forms of postsecondary education in the belief that education involves preparation for living life as a whole rather than simply training a student for a specific job. Typically, colleges and universities have sought to provide such preparation by requiring that students devote a substantial portion—often about one-third—of their coursework to General Education programs that provide sufficient breadth of education and mastery of essential learning skills to enable them to understand and to adapt to a changing world as well as to contribute to its betterment. While virtually all institutions of higher education have some sort of General Education requirements, there is much variety, and the pattern that a college's General Education program takes says a great deal about its values, its view of the world, and its personality.

The University's General Education requirements are grounded firmly in the University's mission statement, which places the University squarely within the liberal arts tradition of higher education. It speaks of intellectual growth and of a shared search for truth within a community that values diversity in ways of learning and forms of knowledge as well as in terms of the people the University seeks to serve.

In crafting a General Education program that reflects the mission statement, the faculty believed that students graduating from the University should first of all possess certain competencies that define a college-educated person. In curricular terms, this takes the form of a competency block in which students must demonstrate proficiency in critical thinking, ethical reasoning, information literacy, oral and interpersonal communication, quantitative reasoning, and written communication.

These learning skills are valuable in and of themselves and, doubly so, when used as means to realize the intellectual growth and shared search for truth of the mission statement. They are also skills much in demand by employers.

A liberal arts education is rooted in the idea of preparing a person for life as a citizen in a free society and so demands breadth. In structuring this part of the General Education program, the faculty formulated six general goals in the areas of aesthetic awareness and reasoning, civic responsibility, digital literacy, foundations and skills for lifelong learning, intercultural and global awareness, and scientific reasoning These goals were then defined in greater detail as learning outcomes within each subject area. Courses appropriate to the desired outcomes were identified and incorporated into the General Education curriculum. Certain subject areas relate directly to elements of the mission statement. More generally, the distribution of coursework across six subject areas requires students to take courses in many disciplines. By experiencing a diversity of subject matter and ways of knowing, students will emerge with a broadly based education that equips them, in conjunction with studies in their major and elective coursework, not only to pursue successful careers but also to lead meaningful lives.

General Education Requirements
The General Education program incorporates a framework of specified competencies. Students must complete 21 credit of coursework in the Core and 19 credits in the remaining competencies and 3 credits for the General Education Capstone Requirement.

General Education requirements for all Ashford University Associate- and Bachelor-level programs are outlined in this section; however, specific General Education courses may be required for some programs and majors. Every Ashford University General Education course is not available in every degree program. Please refer to the program requirements sections of this Catalog for information on specific degree program requirements.

Core Competencies (21 credits)
Competencies are skills deemed necessary by the faculty to demonstrate a quality college education. The following general policies apply to the competencies:

- Prerequisite courses, if needed, must be completed before taking the competency course. However, required courses listed can be waived by means of high school advanced placement (AP) coursework and/or placement/competency testing. Students should consult their Academic Advisors for additional information regarding a waiver of competency requirements;
- A minimum grade of “C–” will be required to satisfy competencies and competency prerequisites; and
- Competency courses may not simultaneously be used to satisfy subject area requirements.

Demonstration of the competencies subsequently listed is required for the AA, BA, and BS degrees. Courses offered by Ashford University to satisfy these competency requirements are listed in each area.

Ethical Reasoning Competency (3 credits)
The ethical reasoning competency is the examination of principles of normative and non-normative ethical theories and the application of these principles in decision-making activities including case studies and contemporary social issues. Students will explore moral character: virtues and vices, commitments and attitudes, personal relationships, and community involvement, in addition to right and wrong conduct.

Learning Outcomes
Students meeting this competency will be able to do the following:

1. Identify ethical issues within current events, society or one or more fields of study;
2. Present one’s own ethical position in relation to problems, issues, norms or values;
3. Compare different ethical positions in relation to problems, issues, norms or values;
4. Apply ethical theory or appropriate professional ethical codes to social and moral issues in the field of study; and
5. Evaluate the application of ethical theories and codes in relation to problems, issues, norms or values.

One ethical reasoning course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- ABS 415 Leadership & Ethics in a Changing World (3 credits)
- BUS 250 Corporate & Social Responsibility (3 credits)
- ECD 330 Ethics & Legal Responsibility in Early Learning Settings (3 credits)
- HIM 252 Legal Aspects of Health Information (3 credits)
- MIL 275 Military Ethics (3 credits)
- PHI 208 Ethics & Moral Reasoning (3 credits)
- PHI 445 Personal & Organizational Ethics (3 credits)
- SOC 120 Introduction to Ethics & Social Responsibility (3 credits)

Typically, courses that deal with ethics or morality, usually with a PHI or REL prefix, may be applied in transfer to satisfy this competency.

Written Communication Competency (6 credits)
Written communication is the use of texts to create and transmit meaning. Students will examine, analyze, and utilize different types of communication appropriate in professional and academic settings. They will also develop and assess communication strategies appropriate for certain audiences as well as determine and evaluate ethical issues that arise from communicating with others.
Learning Outcomes

In writing, students meeting this competency will be able to do the following:

1. Interpret information from various sources;
2. Integrate information to effectively communicate a central message;
3. Employ successful processes for producing effective communication;
4. Use conventions of spelling, grammar, genre and style appropriate to a specific purpose or context;
5. Practice principles of academic integrity in written communication; and
6. Create cohesive and effective written work for a specific purpose.

Ashford University offers the following courses to satisfy the Communication I and II requirement:

- ENG 121 Composition I (3 credits)
- ENG 122 Composition II (3 credits)
- ENG 325 Intermediate Composition (3 credits)

Oral and Interpersonal Communication Competency (3 credits)

Oral and interpersonal communication is the use of language, speech, and affect to transmit messages. Students will examine the encoding of messages for different audiences and decoding of messages to reconstruct meaning. Students will assess appropriate communication strategies for various audiences and evaluate ethical issues that arise from communicating with others as well as utilize effective oral and interpersonal presentation strategies and methods.

Learning Outcomes

In Oral and Interpersonal Communication, students meeting this competency will be able to do the following:

1. Integrate a variety of message encoding techniques based on information about audiences;
2. Integrate a variety of message decoding techniques to reconstruct meaning of an incoming message;
3. Utilize communication strategies appropriate for different rhetorical purposes;
4. Apply principles of ethical communication; and
5. Examine the impact of communication in personal and professional contexts.

Ashford University offers the following courses to satisfy the Oral and Interpersonal Communication area:

- BUS 340 Business Communications (3 credits)
- CGD 240 Media Writing & Editing (3 credits)
- COM 200 Interpersonal Communication (3 credits)
- COM 223 Persuasion in Communication (3 credits)
- COM 325 Communication & Conflict (3 credits)
- COM 345 Media Writing for Communications (3 credits)
- COM 370 Intercultural Communication (3 credits)
- COM 425 Communication in Organizations (3 credits)
- HHS 207 Communication Skills for Health and Human Service Personnel (3 credits)
- SPE 103 Oral Communication (3 credits)

Critical Thinking Competency (3 credits)

Critical thinking is a set of skills and strategies for making decisions about what people ought to do and believe. Students will analyze thought processes and language, identify logically fallacious thinking, and use the essential skills of deductive and inductive argument in analysis and evaluation. Students will also learn to objectively identify problems, gather information from varied and appropriate sources, and utilize methods of decision-making to provide solutions to those problems.

Learning Outcomes

Students meeting this competency will be able to do the following:

1. Describe the issues or problems in a manner appropriate to the academic field of study;
2. Interpret evidence that is used to support positions in relation to a specific topic;
3. Evaluate evidence based on specific criteria;
4. Compare and contrast various positions, arguments, or theses related to the examined issues; and
5. Create arguments to support positions on issues or in relation to theses.

One critical thinking course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- COM 223 Persuasion in Communication (3 credits)
- PHI 103 Informal Logic (3 credits)

Typically, logic courses or courses stressing critical thinking may be applied in transfer to satisfy the critical thinking competency. Most applicable courses will have a PHI or LOG prefix.

Information Literacy Competency (3 credits)

Information literacy is the set of research skills that allow individuals to recognize when information is needed, to locate it, evaluate it, and effectively use it to communicate...
a message or support a claim. Students will develop the skills necessary to critically evaluate sources and communicate information appropriately, effectively, and ethically.

**Learning Outcomes**

Students meeting this competency will be able to do the following:

1. Identify nature and extent of information needed to support a specific purpose;
2. Use relevant and credible information sources that are appropriate to the field and purpose;
3. Evaluate information and its sources critically;
4. Communicate information using appropriate tools and technology to accomplish a specific purpose; and
5. Use information legally and ethically.

One information literacy course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- GEN 103 Information Literacy (3 credits)
- LNG 330 Language and Power (3 credits)

Typically, research methods courses or courses about the gathering, evaluation, and use of information may be applied in transfer to satisfy the information literacy competency.

### Quantitative Reasoning Competency (3 credits)

Quantitative reasoning is the ability to efficiently process data, interpret it, represent it using mathematical forms, and solve numerical and applied mathematical problems. Students will use mathematical forms, logical reasoning, and valid techniques to solve problems related to their fields of study as well as their personal lives.

**Learning Outcomes**

Students meeting this competency will be able to do the following:

1. Represent the given information using mathematical models and forms;
2. Interpret quantitative data;
3. Perform calculations that relate to specific topics and fields of study;
4. Evaluate quantitative evidence used to support a claim; and
5. Support a position using quantitative evidence.

One course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- MAT 222 Intermediate Algebra (3 credits)
- MAT 232 Statistical Literacy (3 credits)

A comparable course with a grade of “C-” or better may be applied in transfer to satisfy the quantitative reasoning competency.

### Competencies (19 credits)

A course may be applied only once to meet a General Education competency requirement. Whether a course may be applied simultaneously to a General Education competency requirement and to a major requirement depends on the requirements specified for each major. Courses offered to satisfy the competency requirements are subsequently listed:

#### Aesthetic Awareness and Reasoning (3 credits)

Aesthetic awareness and reasoning is the ability to creatively examine life and objects through the lens of beauty and artistic taste. Students will interpret creative works, articulate how creative works influence and respond to society and culture, determine the key contexts of creative works, and substantiate aesthetic judgments with appropriate evidence.

**Learning Outcomes**

Students meeting this competency will be able to do the following:

1. Interpret creative works using a theoretical approach;
2. Articulate the ways in which creative works influence and/or respond to society and culture;
3. Determine key contexts of creative works; and
4. Substantiate aesthetic judgments using appropriate evidence.

One aesthetic awareness and reasoning course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- ART 101 Art Appreciation (3 credits)
- ENG 125 Introduction to Literature (3 credits)
- ENG 201 American Literature to 1865 (3 credits)
- ENG 202 American Literature after 1865 (3 credits)
- ENG 225 Introduction to Film (3 credits)
- ENG 438 Literary Theory (3 credits)
- HIS 103 World Civilizations I (3 credits)
- HIS 104 World Civilizations II (3 credits)
- LIB 202 Women, Culture & Society (3 credits)
- LIB 316 Historical Contexts & Literature

Typically, a course in one of the following subject areas may be applied in transfer to satisfy the cultural and
aesthetic awareness requirement: art, film, photography, dance (non-PE activity), and music.

**Intercultural and Global Awareness (3 credits)**

Intercultural and global awareness is a recognition and understanding of knowledge and issues through the lens of various cultural perspectives. Students will examine identities, influences, and practices that shape and contribute to the diversity of culture. They will develop awareness of contemporary issues in the global community and examine multiple perspectives and responses to those issues from diverse viewpoints.

**Learning Outcomes**

Students meeting this competency will be able to do the following:

1. Analyze diverse modes of cultural expression and experience;
2. Interpret current global issues through multiple perspectives;
3. Evaluate the cultural biases that influence interactions;
4. Examine how social and cultural systems develop; and
5. Compare modes of creative expression using intercultural and global perspectives.

One intercultural and global awareness course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- ANT 101 Introduction to Cultural Anthropology (3 credits)
- ANT 348 Native American Anthropology (3 credits)
- ANT 351 Anthropology of Religion, Magic, and Ritual (3 credits)
- ART 101 Art Appreciation (3 credits)
- BUS 357 International Business (3 credits)
- ECD 335 Children & Families in a Diverse Society (3 credits)
- ELL 240 Linguistically & Culturally Diverse Learners (3 credits)
- ELL 361 Language Learning in a Global Context (3 credits)
- ENG 125 Introduction to Literature (3 credits)
- ENG 345 British Literature I (3 credits)
- ENG 346 British Literature II (3 credits)
- HHS 320 Cultural Awareness in the Human Services (3 credits)
- HIS 103 World Civilizations I (3 credits)
- HIS 104 World Civilizations II (3 credits)
- HIS 205 United States History I (3 credits)
- HIS 206 United States History II (3 credits)
- HSL 300 Social Welfare Policy & Social Programs: An Historical Perspective (3 credits)
- LIB 101 The Art of Being Human (3 credits)
- LIB 102 Human Questions (3 credits)
- LNG 360 Language & Society (3 credits)
- POL 255 Introduction to International Relations (3 credits)
- SOC 101 Introduction to Sociology (3 credits)
- SOC 203 Social Problems (3 credits)
- SOC 301 Identity and Social Inequality (3 credits)
- SOC 304 Social Gerontology (3 credits)
- SOC 307 Gender and Sexuality (3 credits)
- SOC 308 Racial and Ethnic Groups (3 credits)
- SOC 401 Engaging in Sociology (3 credits)
- SPA 103 Beginning Spanish I (3 credits)
- SPA 104 Beginning Spanish II (3 credits)
- SSC 101 Introduction to Social Science (3 credits)
- SSC 340 Human Health and Global Environmental Change (3 credits)

Typically, a course with a cross-cultural, global context, or a context other than the United States, may be applied in transfer to satisfy the diversity awareness requirement.

**Civic Responsibility (3 credits)**

Civic responsibility is the demand on a citizen to responsibly act and participate in the political and social community. Students will examine what it means to be a responsible and caring member of society. They will engage in intellectual, civic, political, and community action related to the positive development of themselves and their social environments.

**Learning Outcomes**

Students meeting this competency will be able to do the following:

1. Assess the civic identities of different cultures, communities, and societies, including one’s own;
2. Evaluate the impacts of various forms of civic engagement;
3. Articulate the intellectual foundations and governance processes of political systems;
4. Analyze political biases in messages in various forms of print, social and digital media; and
5. Explain how government policies or political discourse impact students’ personal, academic and professional lives.

One civic responsibility course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- ANT 348 Native American Anthropology (3 credits)
- CRJ 303 Corrections (3 credits)
- HIS 104 World Civilizations II (3 credits)
- HIS 205 United States History I (3 credits)
- HIS 206 United States History II (3 credits)
- POL 111 Introduction to Political Science (3 credits)
- POL 201 American National Government (3 credits)
- SOC 301 Identity and Social Inequality (3 credits)
- SOC 401 Engaging in Sociology (3 credits)

Typically, courses related to understanding the political structure and/or courses that related to the responsibilities of a citizen may be applied in transfer to satisfy the civic responsibility requirement.

Scientific Reasoning (4 credits)

Scientific reasoning is a perspective used to study and explore the natural world. Students will learn the scientific method, apply it, interpret data gathered through research, and propose solutions to problems grounded in scientific theory.

Learning Outcomes

Students meeting this competency will be able to do the following:

1. Apply the scientific method to solve problems;
2. Evaluate issues using scientific literature;
3. Interpret scientific topics using reductionist;
4. Communicate scientific information using multiple formats; and
5. Analyze the intersection of scientific information.

One scientific reasoning course, 4 credits (with lab), is required. Students with transfer credits in science may substitute 6 semester credits of science without lab. Ashford University offers the following courses to satisfy this requirement:

- ANT 202 Human Origins & Prehistory (4 credits)
- HIM 205 Anatomy & Physiology for HIM I (4 credits)
- HPR 205 The Human Body, Health & Disease (4 credits)
- SCI 207 Our Dependence upon the Environment (4 credits)

Typically, introductory courses with lab in the following areas may be applied in transfer to meet the science requirement: natural sciences including chemistry, biology, astronomy, and physics.

Foundations and Skills for Lifelong Learning (3 credits)

Foundations and skills for lifelong learning are the ongoing methods by which one can enhance knowledge and competence. Students will develop the fundamental skills necessary to be successful in academic pursuits through reflection about the learning process and an understanding of how prior knowledge and experiences integrate with newly acquired knowledge.

Learning Outcomes

Students meeting this competency will be able to do the following:

1. Evaluate learning processes;
2. Analyze metacognitive strategies;
3. Integrate prior knowledge and experiences with newly acquired knowledge; and
4. Develop a plan for learning.

One foundation and skills for lifelong learning course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- EXP 105 Personal Dimensions of Education (3 credits)

A minimum grade of C- is required to successfully complete the course. EXP 105 cannot be replaced or waived by credit in transfer, unless a student meets one of the requirements as outlined in the Bachelor’s Program Course Sequencing.

Digital Literacy (3 credits)

Digital Literacy is the ability to effectively utilize and protect oneself and others in a society dominated by new technologies and digital devices. Students will develop skills in the use of digital tools related to research, decision-making, problem-solving, and virtual identity communication and protection.

Learning Outcomes

Students meeting this competency will be able to do the following:

1. Utilize digital tools to perform specific tasks;
2. Examine the ethical and social issues relevant in a digital society;
3. Assess the impact of digital technology;
4. Evaluate the importance of digital literacy; and
5. Critique digital resources.
One digital literacy course, 3 credits, is required. Ashford University offers the following courses to satisfy this requirement:

- COM 355 Technology & Communication (3 credits)
- GEN 102 Digital Literacy for Life and the Workplace (3 credits)
- GEO 308 GIS Software Application (3 credits)
- INF 103 Computer Literacy (3 credits)
- INF 220 IS Principles (3 credits)
- INF 231 Programming Concepts (3 credits)
- INF 325 Telecommunication & Networking Concepts (3 credits)
- JRN 101 Digital and Media Literacy (3 credits)

Typically, introductory computer courses or courses stressing the application of computers to a specific industry may be applied in transfer to satisfy the digital literacy competency requirement, if completed within the last 10 years. Most applicable courses will have a BPC, CIS, INF, or COMP prefix.

Capstone Requirement (3 credits)
The General Education capstone provides students with a cumulative and integrated learning experience. Through the study of selected interdisciplinary topics and course-embedded assessments, students will demonstrate development of the general education core competencies. Students will apply general education principles informed by ethical and critical sensibility and provide evidence of growth in acquiring the habits of active citizenship. Prior to beginning their capstone course for their major, students must successfully complete the General Education capstone, unless they previously completed a Bachelor’s degree. Refer to Completion of Additional Undergraduate Degrees in this section of the catalog. A minimum grade of “C-” is required to meet course requirements. Prerequisite: 75 credits or permission of the student’s college or school dean.

Learning Outcomes

Students meeting this requirement will be able to do the following:

1. Demonstrate the application of ethics and moral reasoning with regard to academic knowledge and societal concerns;
2. Utilize principles of critical thinking in problem-solving;
3. Communicate through investigative research and writing;
4. Utilize information literacy or digital skills appropriate to interdisciplinary studies; and
5. Articulate the responsibility of global citizenship and multicultural understanding with regard to academic and professional pursuits.

One general education capstone course, 3 credits, is required for a Bachelor’s degree. Ashford University offers the following course to satisfy this requirement:

- GEN 499 General Education Capstone (3 credits)

General Academic Policies

Technology Requirements
It is the University’s intent to assist students and to prepare them for their coursework at Ashford University. Therefore, technology competencies and requirements have been established. These requirements are in effect for all Ashford University applicants and existing students and may be updated at any time.

Competencies

Students must meet the following competencies:

- Ability to access course and program material on the Internet;
- Ability to correspond with University staff, students, and faculty using email and the Internet; and
- Ability to use appropriate antivirus utilities so that files transmitted and received are virus free.

System Requirements

The following minimum system configuration and software are required:

- Operating System: Mac OS X 10.6 or higher or Windows 7 or higher (users on Windows 10 need to download the Windows 10 Anniversary Update to submit Canvas assignments) or Linux – chromeOS;
- Hardware: 1GB RAM, 2GHz processor, and CD-ROM;
- Productivity Software: Microsoft Word, PowerPoint, and Excel (provided); Adobe Reader 8.0 or higher; Adobe Flash 10 or higher (Constellation users);
- Web Browser: Firefox, Internet Explorer, Safari, Chrome, Flash, or Respondus Lockdown Browser, check your compatibility, https://guides.instructure.com/m/67952/l/720329-which-browsers-does-canvas-support;
- Networking: 56k dialup modem, DSL, or cable modem; and
- Email: use of an email account for communication with the University.
Additional System Requirements for Use of ebooks

The following additional platform and hardware requirements apply when using ebooks:

- Operating System: Mac OS X 10.6 or higher, Windows XP with service pack 2 or higher, or Vista;
- Hardware: 512 Mb RAM, CD-ROM, 1GHz processor, and 1Gb free disk space; 1024x768 screen resolution or larger.

Mobile Operating System Requirements

The following additional operating system and hardware requirements apply when using the mobile app:

- Operating System: iOS 7 and newer (versions vary by device) or Android 4.2 and newer.

Conferences

Conferences may be recorded for future use within the Ashford University classroom. Students choosing to participate in a classroom conference consent to being recorded as part of the conference.

Please note certain courses may require the use of additional Internet connectivity requirements, software, and/or hardware, such as a microphone and/or webcam to record sound or video files. Additionally, certain courses may require use of third-party websites. The University is not responsible for the practices of any third-party websites. If a student has serious objections to using a third-party website, he or she can request an alternative method of completing an assignment from the instructor of the course. If a student chooses to withhold the disclosure of Directory Information, no Directory Information will be released by Ashford University to non-university personnel unless the disclosure meets exception criteria as outlined in the Student Rights and Responsibilities section of this catalog. However, a student may still be required to make certain disclosures as part of coursework.

English Proficiency

All students enrolled in an undergraduate degree program must satisfy English Proficiency within the first 15 successfully completed credits through one of the following options:

- A grade of “C-” or better in a designated Ashford University English course (ENG 121 or ENG 122);
- A passing score on a designated National Testing Program exam completed within five (5) years from date of application; or
- A grade of “C-” or better in a comparable course from a regionally accredited or approved nationally accredited institution completed within five (5) years prior to the date of application.

Note: Due to the nature of the Ashford University curriculum, ENG 121 and ENG 122 are not considered duplicative of transfer courses. Students who have completed comparable or more advanced English courses but who have not satisfied English Proficiency through one of the previous options will have the credits applied toward Communication I, II, or Electives credit deficiencies. Students who have successfully completed an Ashford upper-division course in their major that demonstrates advanced writing skills (as determined by the Academic Program Chair) may request that the course satisfy their English Proficiency requirement.

Course Delivery Method

Ashford University offers programs using the following course structure and delivery modality. Please note that all course instruction will occur in the English language only.

Online Course Delivery

Generally, undergraduate students complete three credits in accelerated online delivery in five (5) weeks. An accelerated online graduate course typically lasts six (6) weeks. Specific log-in requirements are built into the design of each course and monitored over the Internet through the online learning instructional platform. The course structure allows students to take the initiative to learn content on their own time and provides carefully developed learning activities that allow students to optimize their knowledge processing/application efforts. Course objectives are clearly stated and measured through multiple measures. Instructors are expected to provide feedback and grades on assignments within 6 days of the assignment due date.

Clinton Campus Course Delivery

Limited program and course offerings are available at the Ashford University Clinton campus. Generally, classes meet on the Clinton Campus on evenings and/or weekends.
Schedule Changes, Program Changes, and Course Cancellation
Ashford University reserves the right to make adjustments to student schedules including, but not limited to, course dates, sequence, and modality as deemed necessary by University administration. Registration in a particular course section or with a specific instructor is not guaranteed.

Ashford University may cancel or postpone courses or programs as deemed necessary by the University. In such situations the University will notify impacted students and return applicable tuition and fees to the appropriate entity. In addition, the University will work with students in an effort to provide them with the opportunity to reschedule or to transfer to a comparable University course or program, if available. Any payments made for canceled courses will be refunded or will be applied to another University course or program.

The University will make a reasonable attempt to notify affected students through various communication methods.

Prerequisite Courses
Students are required to fulfill any prerequisites for registered courses, even if those prerequisites are not a requirement within their selected majors. Any prerequisite courses that are not included in the student’s major may be applied to his or her elective requirements.

Plans to Improve an Academic Program
Ashford University continuously looks for ways to improve academic programs. In the event there is a plan to make a significant improvement to a program, as deemed so by the University, the information will be posted on the Student Consumer Information page, located at www.ashford.edu/about/consumer-information.htm. Once an effective date for a significant improvement to an academic program is determined, information about the change will be posted on the website. Please note that significant improvements to academic programs generally only impact new students enrolling after the effective date. In the event that a significant improvement impacts current students in the program, students will be notified directly.

Program Enrollment and Cancellation
Initial enrollment at Ashford University is arranged through a University Enrollment Services Advisor. New students should contact an Enrollment Services Advisor to apply. It is the student’s responsibility to officially apply for the program course of study. To ensure that students are successful at navigating inside of the classroom and to become familiar with all of the resources available to them at Ashford University, newly enrolled students may participate in a live webinar of a guided tour of the online classroom. After initial enrollment, students will work with their Academic Advisors to register, add courses, or change their course schedule. Any change in the original registration must be communicated to the student’s Academic Advisor. Major changes in a student’s schedule may necessitate completion of a new Admissions Application and Enrollment Agreement.

Degree seeking students have the right to cancel the Enrollment Agreement and obtain a full refund of charges through attendance in week 3 (day 21 of the first course). Applicants who want to cancel an enrollment agreement must contact their Enrollment Services Advisor prior to attending in Week 4 of their first online or face-to-face course. Applicants who cancel enrollment will be allowed one more period of conditional admission at Ashford University. Individuals who cancel their enrollment two times while in conditional standing may re-apply to Ashford University no earlier than six months from their last date of attendance.

Non-degree seeking students have the right to cancel the Enrollment Agreement and obtain a full refund of charges through attendance in week 1 (day 7 of the first course). Cancellation is effective on the date that the written notice of cancellation is sent. Applicants who want to cancel an enrollment agreement must contact their Enrollment Services Advisor prior to attending in week 2 of their first online course.

Ashford University reserves the right to cancel or terminate the agreement if the applicant fails to meet basic academic requirements during conditional admission, violate the Student Community Standards, fail to make satisfactory academic progress, fail to make payment in accordance with the terms of his or her student finance agreement, and/or fail to meet attendance requirements as outlined in this Catalog. Applicants who are denied admission may be allowed one more period of conditional admission at Ashford University. Individuals who are denied admission two times while in conditional standing may re-apply to Ashford University no earlier than six months from their last date of attendance.

Students who receive federal student financial aid funds are entitled to a refund of money not paid from federal student financial aid program funds. Students who obtain loan(s) to pay for an educational program will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

Registration and Academic Placement
Initial registration and student scheduling is a one-time process based upon the information provided to Ashford University in the admission application. The student’s initial schedule is based upon the student’s desired start
date and program of study in conjunction with previous education. Initial registration occurs in consultation with an Enrollment Services Advisor and is completed by the Office of the Registrar. Upon completion of initial registration, students can view their individual course schedules and the dates of each course for which they are registered via the Student Portal.

Student schedules are adjusted by the student’s Academic Advisor, in consultation with the student, to accommodate courses applied in transfer once the admission file is completed and the student receives full admission to the University. It is the student’s responsibility to review his or her schedule regularly through the Student Portal and to notify their Academic Advisor to initiate any schedule changes.

Classification of Students

Degree-Seeking Students

A degree-seeking student is one who has been accepted into a degree program by the University as a degree candidate and is currently enrolled. A student who remains continuously enrolled is classified as a less than half-time, half-time, three-quarter time, or full-time student according to enrollment requirements for the degree program. Undergraduate students are further classified as a freshman, sophomore, junior or senior, according to the number of undergraduate credits earned. Students enrolled in graduate programs are classified as graduate-level students.

Non-Degree Seeking Students

Students who wish to take a limited number of courses and do not wish to be enrolled in a degree program at Ashford University may enroll as non-degree seeking students (non-degree students or non-matriculated students) by completing an application for admission. Non-degree seeking students pay the standard tuition rate and are ineligible for financial aid or in-school Title IV loan deferment. Credit is granted when courses are successfully completed and all earned grades are recorded.

Applicants seeking to enroll in one or more courses as a non-degree seeking student are generally expected to meet the full admissions requirements for the degree program through which the course(s) are offered* and any prerequisite coursework required for an individual course. Non-degree seeking students are not eligible to take EXP 105 or Capstone coursework. Admission requirements for enrolling in coursework as a non-degree seeking student are outlined specifically in each degree-level section of this Catalog.

Registering as a non-degree seeking student in no way guarantees or implies admission to an Ashford University degree program. Non-degree seeking students planning to formally apply for admission to a degree program should have their intended course selections reviewed by their Academic Advisors to determine relevance and potential applicability to the intended program. Students who wish to apply non-degree seeking coursework to an undergraduate program at Ashford University may apply up to 30 credits. Students who wish to apply non-degree seeking coursework to a graduate-level degree program at Ashford University may apply up to 15 credits. Students who wish to attempt more than these credit maximums must seek approval from the Office of the Registrar.

Individuals who previously have been denied regular admission, or those who have been dismissed or disqualified from Ashford University must petition the Registrar’s Office and receive permission to register as a non-degree seeking student. Graduates of Ashford University are generally permitted to register for continued coursework as non-degree seeking students.

The number of non-degree seeking students in any class may be limited. Ashford encourages students to select a degree program no later than one calendar year from the date of enrollment. Ashford University reserves the right to assess the suitability of a non-degree seeking student for any course.

*Note: Applicants under the age of 22 cannot be enrolled in an Ashford University degree program unless they meet specific exceptions. Please refer to undergraduate admission requirements for full admission requirements into a degree-seeking program.

All applicants applying under the age of 18 must have all legal documents signed by a parent or legal guardian.

Student Grade Levels

Undergraduate Class Level:

<table>
<thead>
<tr>
<th>Class Level</th>
<th>Credits Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0–24</td>
</tr>
<tr>
<td>Sophomore</td>
<td>25–48</td>
</tr>
<tr>
<td>Junior</td>
<td>49–72</td>
</tr>
<tr>
<td>Senior</td>
<td>73+</td>
</tr>
</tbody>
</table>

Once a student has earned 24 credits and registers for his or her 25th credit, he or she will be classified as a Sophomore.

Once a student has earned 48 credits and registers for his or her 49th credit, he or she will be classified as a Junior.

Once a student has earned 72 credits and registers for his or her 73rd credit, he or she will be classified as a Senior.
Graduate Class Level:
Students enrolled in graduate programs are classified as graduate-level students.

Enrollment Status
Students who remain continuously enrolled in non-term-based programs are classified as full-time. Students who are on a break of up to 14 consecutive days or on an approved Academic Leave are still classified as full-time. Students who fail to return from a break or approved Academic Leave as scheduled should refer to the Withdrawal from the University policies for information regarding determination of withdrawal date. The University may schedule breaks during which no courses are scheduled. When this occurs, such as during the annual winter break, the student's break will extend the 14 day limit to include the scheduled break. The annual winter break does not extend the 45 day limit for approved Academic Leaves that are greater than 14 days.

Auditing of Courses
Ashford University does not allow for course auditing due to the accelerated nature of course offerings and the unique nature of the classroom environments.

Transfer Concentration Guidelines for Bachelor’s Programs
Transfer concentrations are intended for Bachelor’s students in the BABA, BAOM, and BASS who have experience and/or extensive transfer credit coursework in a field of study at the time of admission.

Students must petition for a transfer concentration in a defined subject area and submit a minimum of twelve (12) credits of coursework before approval is granted. In rare cases, a student with some transfer coursework completed in a given subject area may petition to the University Registrar’s Office, after admission, to complete part of a concentration through Ashford University coursework.

- Transfer concentrations generally will not be approved in fields of study that lead to licensure or certification.
- Transfer credits will only be applied toward the required coursework in applicable majors if the student has maximized all other transfer credit possibilities within the Bachelor’s degree and has otherwise earned enough upper-division credits to meet program requirements. Otherwise, transfer concentration coursework will be applied toward elective credit.
- A student can earn more than one transfer concentration as long as each transfer concentration has at least six credits that do not apply to another concentration or major.
- Students earning transfer concentrations with substitutions against major coursework are not exempt from the minimum requirement for earning thirty (30) upper-division credits.

SMART Track Program

SMART Track Program Requirements for Bachelor's Programs
Students enrolled in an Ashford University Bachelor’s degree program may be eligible to enroll in up to six (6) credits (nine (9) applicable credits for the MACC, MBA, MISM, MPA or MSCJ programs) of graduate-level coursework toward their Bachelor’s degree and accelerate completion of a Master’s degree with Ashford University.

Bachelor’s Program Stipulations and Requirements for Enrolling and Applying Master’s-Level Coursework

- Students in a Bachelor’s-level program offered at Ashford University may attempt up to six (6) Master’s-level credits* offered at Ashford University to satisfy elective requirements in their Bachelor’s program.
- Bachelor’s-level tuition applies to any Ashford University Master’s-level coursework attempted as part of the Bachelor’s program. Students are limited to six (6) attempted credits* at the Bachelor’s-level tuition rate (Ashford University Military Grant rates are applicable for students who qualify). Financial aid is also awarded at the Bachelor’s-level.
- Students are not permitted to retake Master’s-level courses attempted while enrolled in a Bachelor’s program. Only one attempt per Master’s course is permitted at the undergraduate-level (W and WF grades included).
- Master’s-level coursework attempted as part of a Bachelor’s program is applied toward the Bachelor’s-level cumulative grade point average (CGPA).
- Enrollment in the Master’s degree program begins after an applicant has been formally admitted to the program by submitting an application indicating an earned Bachelor’s degree. Students are subject to the academic requirements that are in effect at the time of enrollment in the Master’s degree program. Any Master’s degree requirements that have been satisfied by coursework taken as part of the SMART Track will be considered fulfilled.
- Unless otherwise stipulated by program, the graduate-level coursework will apply toward elective credit requirements.
• Master’s-level courses taken while enrolled in a Bachelor’s program will count toward the upper division credit requirement.

• Graduate-level courses are normally six (6) weeks in length; therefore enrollment may extend graduation dates and may delay financial aid disbursement timing.

• Graduate-level courses are graded as follows: A, B, C, F, W, WF, or I. Plus, Minus, and D grades are not awarded in graduate-level coursework.

• Students may not apply more than 9 credits of graduate coursework to their Bachelor’s degree program.

SMART Track Courses

Specific graduate-level courses for which Bachelor’s students are eligible to enroll may be stipulated by each Master’s degree program. The following courses have been designated by program for SMART Track student enrollment. Enrollment in any courses other than those subsequently designated must be approved by the appropriate Dean, Vice President for Academic Affairs or designee.

Master of Accountancy*

• BUS 600 Management Communications with Technology Tools (3 credits)
• ECO 610 Global Economics (3 credits)
• *BUS 591 Financial Accounting & Analysis (3 credits)

Master of Arts in Early Childhood Education Leadership

• ECE 600 Leadership, Innovation, and Social Justice in Early Childhood Education (3 credits)
• ECE 624 Advanced Topics in Child Development, Learning, and Developmentally Appropriate Practices (3 credits)

Master of Arts in Education

• EDU 650 Teaching, Learning & Leading in the 21st Century (3 credits)
• EDU 692 Creativity, Culture, & Global Contexts in Education Decision Making (3 credits)

Master of Arts in Health Care Administration

• MHA 601 Principles of Health Care Administration (3 credits)
• MHA 622 Health Care Ethics & Law (3 credits)

Master of Arts in Organizational Management

• BUS 600 Management Communications with Technology Tools (3 credits)
• BUS 610 Organizational Behavior (3 credits)

Master of Arts in Psychology

• PSY 600 Introduction to Graduate Study in Psychology (3 credits)
• PSY 605 Developmental Psychology (3 credits)

Master of Arts in Special Education

• ESE 601 Introduction to Students with Exceptionalities in the School Setting (3 credits)
• ESE 603 Law & Ethics in Special Education (3 credits)

Master of Arts in Teaching and Learning with Technology

• EDU 648 Teaching & Learning with Technology (3 credits)
• EDU 652 Instructional Design & Delivery (3 credits)

Master of Business Administration*

• BUS 600 Management Communications with Technology Tools (3 credits)
• BUS 610 Organizational Behavior (3 credits)
• BUS 591 Financial Accounting & Analysis (3 credits)

Master of Human Resource Management

• BUS 600 Management Communications with Technology Tools (3 credits)
• OMM 618 Human Resources Management (3 credits)

Master of Information Systems Management **

• ISM 500 Introduction into Management Information Systems (3 credits)
• ISM 510 Introduction into Computer Programming for Business Applications (3 credits)
• BUS 600 Management Communications with Technology Tools (3 credits)
• INF 630 Systems Analysis and Design (3 credits)

Master of Public Administration***

• BUS 600 Management Communications with Technology Tools (3 credits)
• BUS 610 Organizational Behavior (3 credits)
• MAT 540 Statistical Concepts for Research (3 credits)

Master of Public Health

• MPH 601 Introduction to Public Health Concepts (3 credits)
• MPH 602 Social & Biological Determinants of Public Health (3 credits)

Master of Science in Instructional Design and Technology

• IDT 601 Instructional Analysis I (3 credits)
• IDT 602 Instructional Analysis II (3 credits)
Master of Science in Criminal Justice+
- CRJ 501 Criminal Justice, Criminal Law & the Constitution (3 credits)
- CRJ 510 Criminal Justice Policy & Theory (3 credits)
- CRJ 512 Criminological Theory (3 credits)

Master of Science in Finance
- FIN 671 Financial Analysis and Security Valuation (3 credits)
- FIN 681 Money, Banking, and Financial Institutions (3 credits)

*Otherwise eligible students enrolled in a Bachelor’s degree program who plan to apply to the Ashford University MACC or MBA program may take BUS 591 for an additional three (3) elective credits for a total of nine (9) Master’s level credits to satisfy appropriate Bachelor’s degree requirements and this prerequisite course to the MACC or MBA program.

** Students who plan to apply to the Ashford University MISM program may take ISM 500 and/or ISM 510 for up to an additional six (6) elective credits to satisfy appropriate Bachelor’s degree requirements and these prerequisite courses for the MISM program. Students who are required to take one or both of the prerequisite courses may enroll in a maximum of nine (9) credits from the MISM program as an undergraduate student.

***Students who plan to apply to the Ashford University MPA program may take MAT 540 for an additional three (3) elective credits for a total of nine (9) Master’s level credits to satisfy appropriate Bachelor’s degree requirements and this prerequisite course to the MPA program.

Students who graduate from an Ashford University Bachelor’s program may apply up to six (6) applicable Master’s level credits (or nine (9) applicable credits for the MACC, MBA, MPA, or MSCJ programs) earned as part of their Bachelor’s program to an Ashford University Master’s program. In order to be applied toward completion of an Ashford University Master’s program, courses taken at the Bachelor’s level must be:
- Applicable to the specific Ashford University Master’s program in which the student enrolls.
- Students are encouraged to complete the graduate level course with a “B” or higher. Grades earned in Master’s level courses completed as part of an undergraduate program will be calculated into the graduate-level cumulative grade point average (CGPA).

Students who have successfully completed BUS 591 as part of their Bachelor’s degree program with a grade of “C” or higher have also satisfied this prerequisite in the MBA.

Students who have successfully completed MAT 540 as part of their Bachelor’s degree program with a grade of “C” or higher have also satisfied this prerequisite in the MPA.

Undergraduate Area of Study Course Overlap Policy
Students who wish to pursue a major, minor, specialization, and/or concentration in addition to their primary major may do so as long as the following unique credit requirements are met. This policy does not apply to any overlap with general education requirements.

Transfer coursework that is accepted as a direct transfer to an Ashford University course is not exempted from this policy. Specializations must be approved for the major the student is enrolled in.

<table>
<thead>
<tr>
<th>Area of Study Type</th>
<th>Minimum Unique Credits</th>

Completion of Additional Undergraduate Degrees
A student who has previously earned an Associate or Bachelor’s degree from Ashford University cannot earn a subsequent Associate degree from Ashford University, as Associate degrees do not contain a sufficient number of unique credits as outlined in the Undergraduate Area of Study Course Overlap Policy.

A student who has previously earned a Bachelor's degree at Ashford University or from a regionally or approved nationally accredited institution, and wishes to earn an additional Bachelor's degree must complete an additional 30 upper-division credits at the University and fulfill all graduation requirements applicable to the additional degree. Students should have a minimum of 24 unique credits in their major coursework in order to receive an additional Bachelor’s degree. Students who completed a Bachelor’s degree from countries other than the United States must have their degree evaluated by an approved evaluation service, and accepted by Ashford University, as equivalent to a Bachelor’s degree in the United States. Unless the additional degree requires coursework that also fulfills General Education requirements, an appropriately accredited Bachelor’s degree will meet all General Education requirements.

Completion of an additional area of study within a Bachelor’s Degree does not constitute a second degree, but only a second area of study.

Completion of Additional Master’s Degrees
A student who has previously earned a Master’s degree at Ashford University, or from a regionally or approved nationally accredited institution, and wishes to earn an additional Master’s degree must fulfill all degree and graduation requirements applicable to the additional degree. Students who completed a Master’s degree from countries other than the United States must have their degree evaluated by an approved evaluation service, and accepted by Ashford University, as equivalent to a Master’s degree in the United States. A maximum of 50 percent of Ashford University courses from an earned Master’s degree, including specialization courses, may be applied to a subsequent Ashford University Master’s degree. Students may not enroll in a second Master’s degree program if more than 50 percent of the courses are shared with the previously awarded Master’s degree. Completion of an additional area of specialization within the same degree does not qualify for a second degree. For Ashford University graduates, an additional Forbes School of Business & Technology Master’s degree cannot duplicate specializations with the previously awarded Master’s degree. The additional Master’s degree must be taken with a new advanced sequence or a new specialization.

Graduate Restrictions for Degree Pairings
The following graduate degree program and specialization pairings are restricted. Students who wish to complete an additional Master's degree that is restricted must choose a new specialization or degree program. Due to the nature of the graduate degree programs, students are not permitted to concurrently enroll in more than one Master’s degree program.

| Restricted Program Pairings |
|---|---|
| MBA, Public Administration Specialization | Master of Public Administration |
| MBA, Human Resources Management Specialization | Master of Human Resource Management |
| MA in Organizational Management, Public Administration Specialization | Master of Public Administration |
### Restricted Program Pairings

### Degree Regression

Degree regression may occur if a student enrolls in a lower level degree than one previously earned. Students may experience regression when course content completed at a higher level is repeated for fulfillment of lower level degree requirements. Since students applying for lower level degrees risk regression, degree-seeking students must petition to the Vice President of Academic Affairs to enroll in a lower level degree, prior to being admitted to the program, in order to ensure credit requirements for the additional degree will not be considered regression.

### Sequence of Courses

In most cases, students are not permitted to take a course for credit after they have completed a more advanced course in the same subject with a grade of “C-” or higher. Course sequencing requirements may be outlined for each degree program, major, minor, and/or specialization.

### Capstone Courses

Most Bachelor’s and graduate degree programs require students to successfully complete a capstone course. Capstone courses are designed as a comprehensive method for students to demonstrate achievement and understanding of their program learning outcomes. Students will be scheduled for their capstone course as the final course requirement to complete their degree with the exception of those pursuing an undergraduate specialization. Students may not take capstone courses for elective credit, or as a non-degree seeking student.

### Academic Credit

Academic credit at Ashford University is granted using the semester credit hour system.

### Grade Point Average

The grade point average is determined by dividing the total number of quality points earned by the total number of credits attempted for which quality points are given. The grades of “Incomplete” and “Passing” do not alter the grade point average. If a student repeats a course, only the most recent grade earned affects the grade point average; the grade point value of the first grade is no longer included in calculating the cumulative average. “W” grades are counted as credits attempted when calculating completion-rate requirements for satisfactory academic progress. “WF” grades are counted as credits attempted and equal the same grade points as “F” grades. No grades are awarded for transferred credits, and transfer credit hours are not reflected in the Ashford University grade point average.

### Grading System and Grade Points

Credits are awarded in semester credit hours.

**Grades/Quality Points:**

- A = 4.0
- A- = 3.7
- B+ = 3.3
- B = 3.0
- B- = 2.7
- C+ = 2.3
- C = 2.0
- C- = 1.7
- D+ = 1.3
- D = 1.0
- D- = 0.7
- F = 0
- WF = 0

**Other Grading Designations**

<table>
<thead>
<tr>
<th>T</th>
<th>=</th>
<th>Transfer Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>=</td>
<td>Incomplete Course (replaced when final grade is awarded)</td>
</tr>
<tr>
<td>P</td>
<td>=</td>
<td>Designates Pass/Fail credit earned for courses specifically designated as Pass/Fail. Credits earned count toward the degree requirements, although grade points will not be earned.</td>
</tr>
<tr>
<td>PR</td>
<td>=</td>
<td>Progressing. Indicates student eligibility to continue to the next term of Practicum, a multiple term experience. Credits are attempted and earned. However, PR grades will be changed to Pass only when the student completes all academic requirements for successful completion of the Practicum. Credits are attempted and earned.</td>
</tr>
<tr>
<td>NA</td>
<td>=</td>
<td>Not Applicable, issued when a student only attends during the add/drop period of a course, and subsequently drops or is administratively dropped from the course. GPA and Completion Rate are not affected; however, the grade may affect the Consecutive Course Drop policy. This grade will not appear the transcript.</td>
</tr>
</tbody>
</table>
NP = No Pass. A grade of NP is given for failure to complete Practicum in a satisfactory manner. Credit is attempted but not earned.

E = Enrolled in Course

W = Withdrawed from Course, grade points will not be earned.

WF = Withdrawn Fail, issued when a student drops or is administratively dropped from a course after the deadline for dropping a course with a grade of W has passed, based on the last date of attendance. Credits are marked as attempted and grade points are equivalent to an "F" grade.

MW = Military Withdrawal, issued when a Military Course Drop is granted to a student, the student receives an administrative “MW” grade. Ashford University waives or refunds the tuition and fees for the course to the service or entity from which they originated. The grade does not award any earned or attempted credit or quality points and is not SAP applicable. This grade will not appear the transcript.

CE = Competency by Exam

** = Repeated Course*

NC = No Credit

A student may repeat a course previously taken only if the initial grade earned was a "C" or lower. Unless otherwise designated, credit is earned for a course only once. The previous grades for all repeated courses are retained on the transcript and count as credits attempted. Only the most recent grades and points are used in calculating the grade point average (GPA). Transfer credit from other institutions is noted on the transcript in semester credit hours.

Repeated Courses

A course may be repeated at the University if the initial grade in the course was a “C” or lower. The most recent grade earned in the course is used in computing the cumulative grade point average. Limits on the number of courses or times a course may be repeated may be set at the degree and/or major level. Additionally, a student may not retake a course in an area in which he or she has already completed coursework that is more advanced in content level. Degree-seeking students should work with their Academic Advisor to determine if coursework will fit into their academic plan and not be considered regression from previous credit awarded. Students choosing to repeat coursework must do so prior to the completion of program requirements. Repeating coursework may affect eligibility for Title IV financial aid.

Incomplete Grades

Eligibility Criteria

For students experiencing temporary hardships, Incomplete “I” grades may be issued at the discretion of the instructor. To issue a grade of “I” for a course, the following conditions must be met:

- The student must have completed at least 2/3 of the assignments in the course;
- With the exception of assignments due during the final week of the course, the student’s Course Weighted Average to Date must be at least 59.50 (undergraduate students) or 69.50 (graduate students); and
- The student must submit an Incomplete Grade Request to his or her instructor prior to the submission of final grades.

Students who are unable to submit an Incomplete Grade Request prior to the submission of final grades should refer to the Student Rights and Responsibilities section in this Catalog for complete details on Ashford University’s Grade Appeals policy to review other options.

Attendance Requirements

Regardless of a request for an incomplete grade, students must meet weekly attendance requirements through the end of the course or term. Students who are dropped from a course or term due to not meeting attendance requirements are not eligible to receive an “I” grade.

Approved Incompletes

The instructor must approve the plan presented by the student for satisfying the requirements of the course. The student has up to 30 days, based on instructor discretion, from the last day of the course to finish his or her coursework. If the student does not complete the work, his or her grade automatically defaults to the grade earned as of the conclusion of the course. Students who have an outstanding incomplete grade at the time of Satisfactory Academic Progress (SAP) review may not be allowed to continue to the next term until the “I” grade is successfully completed. The “I” grade appears on grade reports and/or official transcripts until a final grade is determined and recorded.

Appeal Procedure

Students requesting an extension for an incomplete grade and students who have been denied an incomplete grade may appeal the decision to the Vice President for Academic Affairs, or designee. The outcome of the request will be communicated in writing to the student. A maximum of an additional 30 days may be granted to a student with an approved appeal.
Course Drop
To drop from a course(s), a student must contact his or her assigned Enrollment Services Advisor, Academic Advisor, or other advisor within the Enrollment Services or Student Services Departments. Students who officially drop from a course or courses during the add/drop period, which is before the conclusion of the first instructional week, will have that course removed from their academic transcripts.

Drop Deadlines:
5-week course = Week 1
6-week course = Week 1
10-Week course = Week 1

For 5-week courses, students who officially drop or are administratively dropped from a course after Week 1 and have a Last Date of Attendance (LDA) in Weeks 2 through 4 will receive a grade of “W” in the course. Students who officially drop or are administratively dropped from a course prior to the course end date and have an LDA in Week 5 will receive a grade of “WF” in the course.

For 6-week courses, students who officially drop or are administratively dropped from a course after Week 1 and have a Last Date of Attendance (LDA) in Weeks 2 through 5 will receive a grade of “W” in the course. Students who officially drop or are administratively dropped from a course prior to the course end date and have an LDA in Week 6 will receive a grade of “WF” in the course.

For 10-week courses, students who officially drop or are administratively dropped from a course after Week 1 and have a Last Date of Attendance (LDA) in Weeks 2 through 8 will receive a grade of “W” in the course. Students who officially drop or are administratively dropped from a course prior to the course end date and have an LDA in Weeks 9 or 10 will receive a grade of “WF” in the course.

Deadlines to Drop with a Grade of W:
5-week course = Week 4
6-week course = Week 5
10-week course = Week 8

Students who officially drop or are administratively dropped from a course after the deadline to drop with a grade of “W” will receive a grade of “WF” in the course.

Please note that course drop dates are based on a student’s last date of attendance in the course.

Consecutive Course Drops
Degree-seeking students only meeting attendance requirements in the first week of a course for four consecutively enrolled courses at Ashford University without earning credit will be administratively withdrawn for a period of no less than six months from the student’s last date of attendance. Students who have been withdrawn may appeal this policy by contacting their Academic Advisor. Students who have an approved appeal and do not successfully complete their next scheduled course will be withdrawn for a period of no less than six months.

Consecutive Unsuccessful Grades
Students who earn three consecutive unsuccessful grades at Ashford University will be academically dismissed. Unsuccessful final grades include the following:
- F, W, WF, or
- In a General Education Core Competency, or General Education Capstone course, D+, D, or D-;
- In EXP 105, D+, D or D-; or
- In HIM 217, C-, D+, D or D-.

Dismissed students should refer to the Appeal of Academic Dismissal policy outlined in this Catalog. Appeals are evaluated by an Appeals Committee made up of the University Registrar or designee, and representative from Academic Affairs. Students who are denied re-admission after an appeal will not be eligible to submit another appeal for a period of less than six months since their last appeal was received by the University. Students who have an approved appeal and do not successfully complete their next scheduled course will be dismissed and may not submit another appeal for a period of less than six months.

Satisfactory Academic Progress Policy (SAP)
Ashford University is dedicated to the academic success of students. As such, the following policies outline the academic requirements for Ashford University’s programs and describe how they are measured to ensure that students are making satisfactory academic progress toward successful degree completion. This policy applies to all undergraduate and graduate-level coursework attempted at Ashford University, regardless of date attempted.

Academic and Financial Aid Warning, and Academic and Financial Aid Probation statuses provide an opportunity for students to improve academic performance and meet overall requirements for degree completion. Students placed on one of these statuses should meet with their Academic Advisor to discuss course scheduling and to plan for remediation.

Please contact the Ashford University Registrar with any questions concerning the requirements outlined in this policy. This policy applies to all coursework accepted and applied in transfer as well as attempted at Ashford
University, as outlined in this policy, regardless of date attempted.

**Undergraduate Non-Term Based Program Measures**

- Week = 7 calendar days
- Full Academic Year Definition = a minimum of 40 weeks of instructional time and 24 successfully earned credits that apply toward the student’s program of study. Please note: courses are offered 50 weeks in each calendar year. Therefore, students can complete five academic years in four calendar years.
- A full Academic Year consists of 2 increments also referred to in this Catalog as payment periods, financial aid payment periods and Satisfactory Academic Progress (SAP) increments.
  - The first payment period in the Academic Year ends when half of the credits and weeks required for a completed Academic Year have been successfully met.
  - The second payment period in the Academic Year ends when the requirements for a completed Academic Year have been successfully met.

**Graduate Non-Term Based Program Measures**

- Week = 7 calendar days
- Full Academic Year Definition = a minimum of 36 weeks of instructional time and 18 successfully earned credits that apply toward the student’s program of study.
- A full Academic Year consists of 2 increments also referred to in this Academic Catalog as payment periods, financial aid payment periods and Satisfactory Academic Progress (SAP) increments.
  - The first payment period in the Academic Year ends when half of the credits and weeks required for a completed Academic Year have been successfully met.
  - The second payment period in the Academic Year ends when the requirements for a completed Academic Year have been successfully met.

**Final Academic Year Exceptions:**

- For any remaining portion of a program that is half of an Academic Year or less, the remaining portion is treated as a single payment period.
- For any remaining portion of a program that is more than half of an Academic Year but less than a full Academic Year, the remaining portion is divided into two payment periods and the first payment period is the period in which the student successfully completes half of the credits and half of the weeks of instructional time in the remaining portion.

Satisfactory Academic Progress (SAP) is evaluated at the end of each payment period.

Full-Time Enrollment = Students who remain continuously enrolled, including breaks of 14 days or less, in non-term-based programs are classified as full-time. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual winter break, the non-enrollment period may extend the 14 day limit to include the break.

**Undergraduate Satisfactory Academic Progress Standards**

Undergraduate students must meet the following minimum qualitative and quantitative standards to make satisfactory academic progress:

- Minimum cumulative GPA in Ashford University coursework for all undergraduate students = 2.00.
- Cumulative GPA includes all undergraduate-level coursework attempted at Ashford University, excluding grades of Pass, I, or W. Only the later grade is counted in the cumulative GPA when a course is repeated.
- Grade points earned at another college are not used in the computation of the grade point average at Ashford University.
- Successful Completion Rate = 67% or 2/3 of all attempted credits. Attempted undergraduate credits are all Ashford University course attempts recorded on the academic transcript, including repeated courses, withdrawals, and incompletes, as well as transfer credits that apply toward the student’s current degree program. Grades that count negatively against successful completion rates include I, W, WF, and F.
- Grades of D+, D, or D- that do not count toward successful completion of required competency courses and thus must be repeated, also do not count toward successfully completed courses.
- Grade of C- in HIM 217 does not count toward successful completion of this course requirement and thus must be repeated, also will not count toward successful completion.
- Successful completion of all program requirements must be accomplished within 150% of the normal length of the program as measured in credits attempted.
toward the program. Credits accepted in transfer toward the program are included as attempted and earned credits in determining the maximum timeframe.

- Repeated courses count negatively against successful completion rates.

If at any point during the program, the institution determines that the student will not be able to successfully complete all program requirements at the conclusion of 150% of the normal length of a program as measured in credits, he or she will be dismissed from the University.

Graduate Satisfactory Academic Progress Standards
Graduate students must meet the following minimum qualitative and quantitative requirements to make satisfactory academic progress:

- Cumulative GPA in Ashford University coursework for all graduate students = 3.00.
- Cumulative GPA includes all graduate-level coursework attempted at Ashford University, excluding grades of Pass, I, or W. Only the later grade is counted in the cumulative GPA when a course is repeated.
- Successful Completion Rate = 67% or 2/3 of all attempted credits. Attempted graduate-level credits are all Ashford University course attempts recorded on the academic transcript, including repeated courses, withdrawals, and incompletes as well as transfer credits that apply toward the student’s current degree program. Grades that count negatively against successful completion rates include I, W, WF, and F.
- Successful completion of all program requirements must be accomplished within 150% of the normal length of the program as measured in credits attempted toward the program. Credits accepted in transfer toward the program are included as attempted and earned credits in determining the maximum timeframe.
- Repeated courses count negatively against successful completion rates.

If at any point during the program, the institution determines that the student will not be able to successfully complete all program requirements at the conclusion of 150% of the normal length of a program as measured in credits, he or she will be dismissed from the University.

Satisfactory Academic Progress Review and Evaluation
Satisfactory Academic Progress (SAP) is reviewed at regular SAP increments. Students are evaluated against both qualitative and quantitative standards at the conclusion of a SAP increment. After each evaluation, students who do not meet SAP standards will be notified in writing. Students who have an outstanding incomplete grade at the time of SAP review may not be allowed to continue until the incomplete grade is successfully completed.

SAP increments will be adjusted to coincide with the payment period. Please note any of the following activities may have an impact on the student’s payment period which will result in a SAP review that may not be congruent with the standard SAP increment:

- Changing program of study;
- Returning to the University after being officially or unofficially withdrawn;
- Earning letter grades in competency courses that are considered unsuccessful for fulfillment of competency requirements;
- Repeating coursework in which a passing grade was earned;
- Returning after being out of attendance over 180 days;
- Completing courses which do not apply to the student’s program of study; and/or
- Taking courses concurrently.

Additionally, if it is determined that the SAP review did not align with the Financial Aid Payment Period, SAP will be reevaluated to coincide with the Financial Aid Payment Period and could affect the outcome of a previous SAP review.

Academic and Financial Aid Warning
Students who do not meet the minimum requirements for making satisfactory academic progress at the time of evaluation are initially placed on Academic and Financial Aid Warning for the following SAP increment. Students are given up to one SAP increment to meet the requirements for satisfactory academic progress. All coursework earned after the period during which the student did not meet satisfactory academic progress is counted as a part of the Academic and Financial Aid Warning period. Students who are otherwise eligible to receive Title IV financial aid are eligible to receive Title IV financial aid while on Academic and Financial Aid Warning. Students may be required to re-take coursework previously completed in order to increase the likelihood of successfully meeting satisfactory academic progress and/or graduation requirements. These requirements may affect the student’s eligibility for financial aid funds.

At the conclusion of the Academic and Financial Aid Warning period, students who do not meet the requirements for satisfactory academic progress will be dismissed from the University. Dismissed students are not eligible to receive Title IV financial aid. Dismissed
students should refer to the *Appeal of Academic Dismissal* policy in this section of this *Catalog.*

**Academic and Financial Aid Probation**

Students who have been granted an appeal for readmission after dismissal following a period of Academic and Financial Aid Warning, are placed on Academic and Financial Aid Probation for the following payment period. Students who are otherwise eligible to receive Title IV financial aid are eligible to receive Title IV financial aid while on Academic and Financial Aid Probation. Students may be required to re-take coursework previously completed in order to increase the likelihood of successfully meeting satisfactory academic progress and/or graduation requirements. These requirements may affect the student’s eligibility for financial aid funds.

At the conclusion of the Academic and Financial Aid Probation period, students who do not meet the requirements for satisfactory academic progress will be dismissed from the University. Dismissed students are not eligible to receive Title IV financial aid. Dismissed students should refer to the *Appeal of Academic Dismissal* policy in this section of this *Catalog.*

**Probation-Academic Plan**

Students who are approved by the Appeals Committee for re-admission after dismissal following a period of Academic and Financial Aid Probation, after a period on Probation-Academic Plan or after dismissal due to exceeding the maximum time frame are placed on Probation-Academic Plan, and are required to meet specific academic requirements outlined in writing in an academic plan from the Registrar’s Office. Students are provided with an academic plan to assist the student in meeting regular SAP requirements within a specific period of time. Students may be limited in the number of courses for which they are scheduled while on Probation-Academic Plan. It is the student’s responsibility to adhere to the academic plan.

Students who are otherwise eligible to receive Title IV financial aid are eligible to receive Title IV financial aid while on Probation-Academic Plan. Students may be required to re-take coursework previously completed in order to increase the likelihood of successfully meeting satisfactory academic progress and/or graduation requirements. These requirements may affect the student’s eligibility for financial aid funds.

Students will be placed on Probation–Academic Plan for the first payment period/SAP increment while on the academic plan. Students on Probation-Academic Plan are reviewed against the progression requirements outlined in the academic plan. Students who are not meeting plan requirements at the time of review will be dismissed from the University and will no longer be are not eligible to receive Title IV financial aid or VA education benefits. Dismissed students should refer to the *Appeal of Academic Dismissal* policy in this section of this *Catalog.*

**Appeal of Academic Dismissal**

Students who have been dismissed from the University for failure to meet satisfactory academic progress requirements or the consecutive unsuccessful grades policy may appeal to be re-admitted to the University. Students must appeal in writing to the University Registrar. The appeal must be submitted to academic.progress@ashford.edu or electronically via the online *SAP Appeal* form or the *Unsuccessful Grades Dismissal Appeal* form and approved prior to enrollment in any future courses. Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
- Compelling evidence that they have the ability to demonstrate satisfactory academic progress and to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college level credits during the period of absence; and
- A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

Appeals are evaluated by an Appeals Committee made up of the University Registrar or designee, and representative from Academic Affairs. The decision of the Committee will be communicated in writing to the student by the Registrar’s Office.

The passage of time does not substantiate eligibility for readmission or appeal for readmission, however, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements or the consecutive unsuccessful grades policy, and have been denied re-admission after an appeal, may submit another appeal to be re-admitted after six months have elapsed since their last appeal was received by the University. The appeal must meet the criteria outlined previously and the student must present compelling evidence that they have the ability to demonstrate satisfactory academic progress and to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college level credits since the last appeal was submitted.
Undergraduate General Transfer Credit Provisions and Limitations

Students are responsible for reviewing their scheduled courses with their Academic Advisor and informing him or her of any courses that they believe are duplicative or equivalent in content to previously completed coursework or nontraditional learning. Students may submit official transcripts to Ashford University for review of transfer credits at any time. However, transfer credit and/or nontraditional credit is not retroactive. Credits submitted and evaluated will not be accepted if they are duplicative of course work already earned at Ashford University, through transfer of credit, or nontraditional credit. Students are fully responsible for any charges for duplicative coursework taken at Ashford University.

Ashford University’s Registrar’s Office maintains records of all previous education and training obtained from students as part of the initial transfer credit evaluation at enrollment. Any additional evaluation requested by students following enrollment is also maintained. The outcomes of all transfer credit evaluations completed are communicated to students along with the resulting shortened program of study where applicable, as shown in their Student Portal.

Ashford University will provide an unofficial pre-evaluation of transfer credit upon request of the student and submission of unofficial transcripts. This service is intended to assist the student in determining how many transfer credits are likely to apply to an Ashford University degree and if transfer credit is equivalent to Ashford University courses prior to submission and evaluation of official transcripts. Pre-evaluation of transfer credit prior to the submission of official transcripts is NEVER a guarantee that a certain number of transfer credits will officially apply toward the student’s specific degree program.

Once official transfer credit evaluation is completed, students are responsible for reviewing their degree progress reports and notifying their Academic Advisors of any perceived discrepancies between credits completed and credits applied in transfer.

Duplication: It is the student’s responsibility to ensure that transfer credits, nontraditional learning, and/or Ashford University coursework do not duplicate previous credit earned. A student may not earn credit by examination, nontraditional learning or transfer credits in an area in which he or she has completed an equivalent course/exam or a course of a similar level. Degree-seeking students should work with their Academic Advisor to determine if coursework will fit into their academic plan and not duplicate previous credit awarded.

Regression: It is the student’s responsibility to ensure that transfer credits, nontraditional learning, and/or Ashford University coursework is not considered regression from previous credit earned. A student may not earn credit by examination, nontraditional learning or transfer credits in an area in which would be considered regression from previous courses/exams he or she completed. A student may not take Ashford University coursework in an area in which he or she has already completed a course that is more advanced in content level. Degree-seeking students should work with their Academic Advisor to determine if coursework will fit into their academic plan and not be considered regression from previous credit awarded.

Applicants and/or students who have questions concerning their transfer credit evaluation and/or official degree progress report should contact their Academic Advisor to discuss their concerns. Students requesting re-evaluation of specific transfer credits will be directed to the Transfer Credit Appeal form in the Student Portal at www.ashford.edu and are required to submit course descriptions and/or syllabi for the previous courses to be reviewed by the Office of the Registrar.

Transfer credits will be officially evaluated, based on review of official transcripts by the Office of the Registrar, in terms of curriculum. Courses similar in content and level will be accepted as equivalents to University courses based on the following criteria along with any program specific criteria:

- Transfer credits must carry college level academic credit (generally, 100-level or higher). Remedial or developmental course credit is not transferable into a program of study.
- Credits must have been earned a passing grader from regionally accredited and approved nationally accredited colleges or universities. Transfer credits will generally be evaluated from each college or university independently.
- Credits from international institutions will be accepted based on a detailed evaluation from an approved evaluation service.
- Transfer credit may not be granted when it duplicates college credit previously earned. Credit will not be given for the same learning twice.
- Unless special conditions exist, upper-division courses will not be considered equivalent or duplicative of lower-division courses.
- No general age limit on transfer credit from regionally accredited and approved nationally accredited institutions, with possible exceptions in subject areas
where there has been significant change. Requirements are noted in specific degree/major requirements.

- Graduate-level credits cannot be applied to undergraduate degrees.
- A quarter credit hour taken in transfer will be equated to two-thirds of a semester hour. When quarter credits are used as equivalencies to General Education requirements, the difference in required credits must be earned through completion of coursework necessary to achieve the total required credits for graduation. For example: A 3-quarter-credit course may be accepted as meeting General Education core or competency requirements but will equate to 2.00 credits applied towards that requirement. Therefore, one additional credit of coursework will be needed to meet General Education graduation requirements. A minimum of 5 quarter credits in Natural Science is required to meet the General Education Science requirement, if a laboratory component is included. If not, the equivalent of 6 semester credits, without a laboratory component, is required.
- Limitations on the number and type of transfer credits accepted are set by each Ashford University degree program.
- Capstone courses must be taken at Ashford University. Students may not use transfer credits or nontraditional credits to waive capstone course requirements, with the exception of GEN 499 General Education Capstone, in certain circumstances. Refer to General Education Capstone in the General Academic Information and Policies section of this Catalog.

Nationally accredited institutions granted accreditation by the following accrediting agencies will be considered in transfer:

- Association of Advanced Rabbinical and Talmudic Schools, Accreditation Commission (AARTS);
- Association of Biblical Higher Education (ABHE, formerly known as AABC);
- Accrediting Bureau of Health Education Schools (ABHES);
- Accrediting Council for Continuing Education and Training (ACCET);
- Accrediting Commission of Career Schools and Colleges (ACCSC);
- Accrediting Council for Independent Colleges and Schools (ACICS, formerly known as AICS or CCAACICS)*;
- Association of Institutions of Jewish Studies (AIJS);
- Association of Theological Schools in the United States and Canada, Commission on Accrediting (ATS);
- Council on Occupational Education (COE, formerly known as SACS-COE);
- Distance Education and Training Council, Accrediting Commission (DEAC, formerly known as DETC and NHSC);
- National Accrediting Commission of Career Arts and Sciences (NACCAS); and
- Transnational Association of Christian Colleges and Schools, Accreditation Commission (TRACS).

Credits from any institutions with whom Ashford University has current articulation agreements will be considered for transfer.

*Credits earned from Colleges and Schools with this accreditation will be reviewed on a case by case basis to determine if the accrediting body was approved and in good standing when credits were earned.

Associate of Arts Transfer Credit, Prior Learning Credit, and Nontraditional Credit Provisions and Limitations

- Students in an Associate of Arts program may apply a maximum of 49 credits of combined nontraditional learning and/or transfer credits toward the 67 credits required for an Associate of Arts degree. Students in a 64 credit Associate of Arts program may apply a maximum of 46 credits of combined nontraditional learning and/or transfer credits toward the degree.
- A maximum of 30 nontraditional credits of which a maximum of 15 PLA credits may be applied toward degree completion on a course match basis.
- PLA credit cannot be awarded for a course previously taken with the University when a failing grade was received.
- A maximum of 9 credits with a "D" grade are transferrable into a program of study as long as the student's cumulative overall GPA is 2.0 or above. If students sign an Authorization to Close File form or all transcripts are not obtained, their CGPA cannot be determined therefore, "D" grades cannot be applied. "D" credits cannot be applied toward the major or toward General Education competencies at any time.
- Students who transfer in General Education courses or transfer from an Ashford Bachelor’s program will be required to complete all of the course requirements for an Associate of Arts program, even if the student transfers in 64 credits or more.
• Washington residents may apply a maximum of 16 credits toward an Associate degree from a combination of prior learning assessment or other nontraditional learning, including national testing programs, or credit recommendation services.

• Georgia residents may apply a maximum of 16 credits toward an Associate degree from credit by examination and prior learning assessment.

Bachelor's Degree Transfer Credit, Prior Learning Credit, and Nontraditional Credit

Provisions and Limitations

• A maximum of 90 credits of combined nontraditional learning, prior learning, and transfer credits may be accepted and applied toward the 120 credits required for a Bachelor’s degree.

• Within the 90 credit maximum, a maximum of 75 credits of nontraditional credit, including a maximum of 30 credits of prior learning may be applied toward degree completion. These 75 credits can be any combination of acceptable types of nontraditional credit.

• Within the 75 credit nontraditional maximum, a maximum of nine (9) nontraditional credits may be applied toward the major requirements (including additional majors). Nontraditional credits may also apply up to a maximum of 50% of the requirements for a minor or specialization or 100% of the requirements for a transfer concentration. The content of nontraditional credits must be comparable to the content of the replaced course.

• Nontraditional credit may not be counted toward the residency requirement in a degree program.

• Nontraditional credit may not be granted when it duplicates college credit previously earned. Credit will not be given for the same learning twice.

• Nontraditional credit is posted to the transcript as credit earned (i.e., without a grade), and does not affect a student’s grade point average.

• PLA credit cannot be awarded for a course previously taken with the University when a failing grade was received.

• A maximum of 9 credits with a “D” grade are transferable into a program of study as long as the student’s cumulative overall GPA is 2.0 or above. If students sign an Authorization to Close File form or all transcripts are not obtained, their CGPA cannot be determined therefore, “D” grades cannot be applied. “D” credits cannot be applied toward the major or toward General Education competencies at any time.

• Maximum allowance of six (6) credits may be accepted from Physical Education type activity courses (unless student was a prior PE major). Physical Education type credits are generally applied towards the elective credit requirement.

• Maximum allowance of six (6) credits may be accepted for software applications courses.

• Unless special conditions exist, upper-division courses will not be considered equivalent or duplicative of lower-division courses.

• Credits earned from a regionally or approved nationally accredited institution as part of an Associate degree where a student earned a 2.0 cumulative GPA or higher are accepted as fulfilling all General Education competency and core competency requirements of a Bachelor’s program*, with the exception of Foundations and Skills for Lifelong Learning General Education Competency, and the General Education Capstone, if one of the two subsequent conditions is satisfied:
  o The student meets the General Education requirements for Bachelor degrees offered through state universities in which the college granting the Associate degree resides; OR
  o The transfer credits have been evaluated and deemed acceptable by the University Registrar’s Office.

*This does not constitute a waiver of any course required to earn a particular major.

• Associate of Applied Science (AAS) degrees will not be accepted as fulfilling the General Education or competency requirements. Credits earned in an AAS degree or a certificate program will be evaluated on an individual basis for application toward the Bachelor's degree. Courses taken that are similar to those taken in an Associate of Arts or Associate of Science degree program will be accepted in transfer.

• Washington residents may apply a maximum of 30 credits toward a Bachelor's degree from any combination of prior learning assessment or other nontraditional learning, including national testing programs, or credit recommendation services.

• Georgia residents may apply a maximum of 30 credits toward a Bachelor's degree from credit by examination and prior learning assessment.

Nontraditional Credits

Ashford University recognizes the uniqueness of each student’s experience and realizes that learning takes place in a variety of environments. Nontraditional credits can be awarded in three ways: through national testing programs, through national credit recommendations, and through
prior learning assessment. National testing programs include AP: Advanced Placement, Berlitz, CLEP: College Level Examination Program, DSST: DANTES Subject Standardized Tests, Excelsior: UExcel, IB: International Baccalaureate, and TECEP: Thomas Edison College Examination Program. National credit recommendations include ACE: American Council on Education, and National CCRS: National College Credit Recommendation Service. Prior learning assessment includes Sponsored Professional Training and Experiential Essays. National testing programs and national credit recommendations should be transferred in through the Registrar's Office. All Prior Learning submissions should be processed by the Prior Learning Assessment Department. Please review the Nontraditional Credit Provisions and Limitations sections for additional information regarding nontraditional credits.

**Prior Learning Assessment (PLA)**
The Ashford University Prior Learning Assessment program allows students pursuing an Associate or a Bachelor’s degree the opportunity to earn credit for college-level learning that occurs outside a traditional classroom setting. The program complies fully with the Council for Adult and Experiential Learning (CAEL) standards for excellence. Credit will only be awarded in areas that fall within the regular curricular offerings at Ashford University.

Students may earn credit through the Prior Learning Assessment program in two ways:

**Through Sponsored Professional Training:** Students may participate in the Sponsored Professional Training component of PLA by providing the following documentation:

- Evidence of successful completion (i.e., official certificate or letter)
- Evidence of length of course (number of contact hours)
- Evidence of course content (i.e., syllabus or handouts)
- Contact information for course instructor/work supervisor (current phone/email)
- Credit Rationale Paper for each submission/topic

Ashford University faculty will evaluate the submission of Sponsored Professional Training for evidence of college-level learning. Applicable fees for evaluation of Sponsored Professional Training are listed in the Financial Information section of this Catalog. Payment for evaluation is charged per credit submitted for evaluation and does not guarantee that credit will be awarded. PLA cannot be used to waive EXP 105, or a Capstone course; and, Prior learning assessment credit may or may not be transferable. It is the student’s responsibility to find out if credits will transfer to an institution that the student may plan to attend in the future. Students who have formally completed the PLA process but disagree with the final credit decision may be eligible to appeal. Please contact the Department of Prior Learning Assessment to discuss the appeal process. Please read the

**Through Experiential Learning:** Students may participate in the experiential learning component by first enrolling in the experiential learning course, EXP 200 Fundamentals of Adult Learning. EXP 200 is a 3-credit elective course, and per-credit tuition is charged at the regular rate outlined in the current tuition and fee schedule in the Financial Information section of this Catalog. Upon successful completion of EXP 200, students may submit one or more experiential essays for review. Ashford University faculty will evaluate the experiential essay submission for evidence of college-level learning applicable to the student’s Ashford University degree program. Additional charges apply per evaluation submitted, as outlined in the tuition and fee schedule in the Financial Information section of this Catalog. Payment for evaluation is charged per essay submitted for evaluation and does not guarantee that credit will be awarded.

Students may participate in one or both PLA components depending on their experience, background, and need.

Prior Learning Assessment credit awarded at another regionally or approved nationally accredited institution may be transferred to Ashford University with the approval of the Ashford University Registrar and the Department of Prior Learning Assessment, if the content area falls within the regular curricular offerings of Ashford University. In order to be applied toward an Ashford University degree, transcript records must include PLA subject area and/or content information. Students may also be required to submit the original PLA documentation. Such transfer credit counts toward the nontraditional credit maximum applicable in a degree program.

Prior Learning Assessment applies to students pursuing Associate or Bachelor’s degrees. It does not apply to students pursuing a graduate degree or non-degree seeking students. To be eligible for PLA, undergraduate students must be fully admitted, satisfy the English Proficiency requirement, and successfully complete their first course at Ashford. Additionally:

- Prior Learning Assessment credit may be applied to an Associate of Arts program on a course match basis only;
- PLA cannot be used to waive EXP 105, or a Capstone course; and,
- Prior learning assessment credit may or may not be transferable. It is the student’s responsibility to find out if credits will transfer to an institution that the student may plan to attend in the future.

Students who have formally completed the PLA process but disagree with the final credit decision may be eligible to appeal. Please contact the Department of Prior Learning Assessment to discuss the appeal process. Please read the
Nontraditional Credit Provisions and Limitations for more information in this section of the Catalog.

NCLEX-RN® Exam Credit
Students in the Bachelor of Science in Nursing program at Ashford University may be eligible to receive up to 20 non-traditional elective credits through Prior Learning Assessment for completing the NCLEX-RN® exam. Students should wait until all previous post-secondary coursework has been reviewed and then contact their Academic Advisor to determine if there is a need for the exam to be reviewed for college credit. To request the credit to be applied, students must complete the Application for NCLEX-RN Exam Credit (provided by the Academic Advisor), provide a copy of their current RN license, write a 1-3 page essay, and submit all documents to pla@ashford.edu.

Articulation Agreements
Ashford University enters into articulation agreements with other schools in the spirit of cooperation and to mutually recognize each other as quality institutions of higher learning. The purpose of an articulation agreement is to enable students transferring to Ashford University to carry with them the credit they have already earned for as much relevant study as possible. Students who transfer under the terms and conditions of a valid articulation agreement are subject to the requirements outlined by the articulation agreement and Ashford University Academic Catalog at the time the student is enrolled into his or her Ashford University program. A list of schools with which Ashford University has established articulation agreements, terms of articulation and transfer guides outlining all articulated courses by degree program can be found on Ashford University’s website at www.ashford.edu/admissions/community_colleges.htm.

Graduate Transfer Credit Policy
Students who have earned graduate-level course credits prior to matriculation at Ashford University may be eligible to transfer up to nine (9) credits toward an Ashford University graduate-level degree. Additional credits may be accepted when offered under an agreement approved by Ashford University up to a maximum of 15 credits. Once admitted and/or matriculated into an Ashford University Master’s program, students are not permitted to take coursework at other institutions and transfer it into Ashford University, unless offered in an approved program or agreement.

Ashford University’s Registrar’s Office maintains records of all previous education and training obtained from students as part of the initial transfer credit evaluation at enrollment. Any additional evaluation requested by students following enrollment is also maintained. The outcomes of all transfer credit evaluations completed are communicated to students along with the resulting shortened program of study, where applicable, as shown in their Student Portal.

Graduate-level college credits completed are acceptable for transfer under the following conditions, unless offered in an approved program or under an agreement approved by Ashford University:

- Credits should have been earned no more than ten (10) years before the date of admission to the degree program to which the credit is to be applied.
- Graduate courses cannot have been used to satisfy the requirements for a previous graduate degree from other institutions, including Ashford University courses.
- The course must have been equivalent in content and level to the Ashford University course against which it is to be applied.
- All capstone courses must be taken at Ashford University. Degree programs may determine that certain courses are not eligible for transfer of credit.
- Official transcripts are required for transfer credit to be considered. In addition, students may be required to provide a copy of the catalog description and/or the course syllabus from the institution where the credit was awarded to validate that the course satisfies the transfer credit criteria.
- California residents who have earned graduate-level course credits prior to matriculation at Ashford University may be eligible to transfer up to six (6) credits awarded by another institution toward an Ashford University graduate-level degree.
Requests for Program Change

Students who are requesting a program change must submit a new application required for the new program of study. Students must meet admission requirements and complete all degree requirements in effect for the program of study at the time of admission to the new program. Admission is not guaranteed. The University will determine the conditions under which the student may enroll and will convey those conditions to the student. Any changes to a program may result in removal of an approved transfer concentration, specialization, or minor.

Students using Military Tuition Assistance to fund their education must obtain permission from the Education Services Officer to change their program. When permission is obtained and the request is processed, an updated military degree plan will be reissued by the Office of the Registrar within 60 days.

Associate to Bachelor’s Program Change Requirements

Matriculated students seeking approval to change from an Associate to a Bachelor’s degree program must have earned a minimum of 18 credits at Ashford University and be in good academic standing. Matriculated students who have earned fewer than 18 credits at Ashford University are exempt from this requirement if all General Education coursework has been successfully completed.

Withdrawal and Readmission Policies

Withdrawal from the University

Students wishing to officially withdraw from Ashford University must notify their assigned Enrollment Services Advisor, Academic Advisor, or other advisor within the Enrollment Services or Student Services Departments. Students choosing to notify their Academic Advisors verbally of their intent to withdraw may be asked to fill out a written request to withdraw.

Please refer to drop policies for grade implications when not meeting attendance requirements. Students who drop a course or are dropped for not meeting attendance requirements and do not attend within 14 days of their last date of attendance will be administratively withdrawn. Students who attend on the first day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual winter break, the break may extend the 14 day limit to include the break. No approved Academic Leave can exceed 45 days including University scheduled periods of non-enrollment.

The student must resolve any financial obligations to Ashford University before receiving an official transcript from the Office of the Registrar.

Official Withdrawal

Ashford University determines that a student is officially withdrawn when a student requests to officially withdraw from the University. Students wishing to officially withdraw from Ashford University must notify their assigned Enrollment Services Advisor, Academic Advisor, or other advisor within the Enrollment Services or Student Services Department. For official withdrawals, a student’s withdrawal date is:

- The last documented date of academically related activity by the student.

Unofficial Withdrawal

Ashford University determines that a student is unofficially withdrawn when he or she falls into one of the following categories:

- Students who do not register for and attend the current semester, term, or course sequence;
- Students who fail to follow the proper procedures for requesting an Academic Leave or who do not return from an approved Academic Leave as scheduled; or
- Students who do not meet the minimum attendance requirements for the program as outlined in the current Catalog or Catalog Supplement.

For unofficial withdrawals, a student’s withdrawal date is:

- The last documented date of academically related activity by the student

Reinstatement Process after Withdrawal (Less Than One Year)

Students who withdraw or are withdrawn from Ashford University may request reinstatement to the same degree/program in which they were enrolled at the time of withdrawal. Students seeking reinstatement to a different degree/program must submit a new application required for the new program of study. Students must meet admission requirements and complete all degree requirements in effect for the program of study corresponding with the catalog year in which the student changed his or her program. Students seeking reinstatement to Ashford University should contact their Academic Advisor. Reinstatement is not guaranteed. If
reinstatement is granted, Ashford University will determine any conditions under which the student may be reinstated and will convey those conditions to the student.

Military service members should review the Readmission of Students after Military Service under the Higher Education Opportunity Act of 2008 policy located in this section of the Catalog.

Readmission Process after Withdrawal (One Year or More)
Students who withdraw or are withdrawn from Ashford University and are seeking readmission to the same or a different degree/program must submit a new application. This process is to ensure that the University has current demographic information for each student. If the student has continued his or her education at another school since leaving the University, official transcript(s) from any other college attended should be submitted by the student to the Registrar's Office for review.

Students must meet admission requirements and complete all degree requirements in effect for the program of study at the time of readmission. Readmission is not guaranteed. If readmission is granted, the University will determine the conditions under which the student may re-enroll and will convey those conditions to the student.

Military service members should review the Readmission of Students after Military Service under the Higher Education Opportunity Act of 2008 policy located in this section of the Catalog.

Military Deployment Provisions
Any member of the United States armed forces, spouse of an Active Duty, National Guard or Reservist, a Department of Defense employee or a civilian employee of the US Coast Guard who is ordered to state or federal service or duty is entitled to the following provisions for each course the student is attending:

- Students may withdraw from any current course(s) and receive a tuition credit, or refund where applicable,* to be applied in the amount of tuition accrued in the current course(s). Students will be assigned a withdrawal grade that does not count negatively against Satisfactory Academic Progress.
- Students may make arrangements with instructors for course grades or administratively request a grade of incomplete by submitting any of the subsequent request forms. If such arrangements are made, tuition shall be assessed for the course(s) in full.
- Students who withdraw from the institution due to military service are allotted a one-year grace period for collection of any institutional balances owed. This grace period does not apply to repayment of federal student loans which are subject to Title IV repayment regulations.

If students have a military service related obligation expected to extend longer than 45 days, they have the option of requesting a Military Withdrawal.

If students have a military related service obligation to last few than 45 days, they may request a Military Course Drop. The Military Course Drop removes the student from a course without regard to how far along the student is in the course. When a Military Course Drop is granted to a student, the student receives an administrative “MW” grade, and Ashford University waives or refunds the tuition and fees for the course to the service or entity from which they originated.

Both of these request forms are available in the Student Portal.

*Residents of Iowa shall receive a full refund of tuition and mandatory fees. Military Tuition Assistance is refunded to the branch of service from which it originated.

Readmission of Students after Military Service under the Higher Education Opportunity Act of 2008
Ashford University does not deny readmission to a service member of the uniformed services for reasons relating to that service. Students who meet the criteria subsequently outlined will be readmitted with the same academic status as the student had when he or she last attended Ashford University. An affected service member is any individual who is a member of, applies to be a member of, or performs, has performed, applies to perform, or has the obligation to perform, service in the uniformed services. Service in the uniformed services means service, whether voluntary or involuntary, in the Armed Forces, including service as a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under Federal authority for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days.

Any student whose absence from Ashford University is necessitated by reason of service in the uniformed services is entitled to readmission if the following apply:

- The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives advance written or verbal notice of such service to Ashford University and provides such notice as far in advance as is reasonable under the circumstances;
- The cumulative length of the absence and of all previous absences from Ashford University by reason of service in the uniformed services, including only the time the student spends actually performing service in
the uniformed services, does not exceed five years; and

- Except as otherwise provided in this section, the student submits a verbal or written notification of intent to re-enroll at Ashford University by informing an Academic Advisor, an Enrollment Services Advisor, or the Office of the Registrar or by submitting a new application for admission.

However, no advance notice by the student is required if the giving of such notice is precluded by military necessity, such as a mission, operation, exercise, or requirement that is classified; or a pending or ongoing mission, operation, exercise, or requirement that may be compromised or otherwise adversely affected by public knowledge.

In addition, any student (or an appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance written or verbal notice of service to an Academic Advisor, an Enrollment Services Advisor, or the Office of the Registrar may meet the notice requirement by submitting, at the time the student seeks readmission, an attestation to Ashford University that the student performed service in the uniformed services that necessitated the student’s absence from Ashford University.

When determining the cumulative length of the student’s absence for service, the period of service does not include any service:

- That is required, beyond five years, to complete an initial period of obligated service;

- During which the student was unable to obtain orders releasing the student from a period of service in the uniformed services before the expiration of the five-year period and the inability to obtain those orders was through no fault of the student; or

- Performed by a member of the Armed Forces (including the National Guard and Reserves) who is:
  - Ordered to or retained on active duty under sections 688, 12301(a), 12301(g), 12302, 12304, or 12305 of Title 10, U.S.C., or under sections 331, 332, 359, 360, 367, or 712 of Title 14, U.S.C.;
  - Ordered to or retained on active duty (other than for training) under any provision of law because of a war or national emergency declared by the President or the Congress as determined by the Secretary concerned;
  - Ordered to active duty (other than for training) in support, as determined by the Secretary concerned, of an operational mission for which personnel have been ordered to active duty under section 12304 of Title 10, U.S.C.;
  - Ordered to active duty in support, as determined by the Secretary concerned, of a critical mission or requirement of the Armed Forces (including the National Guard or Reserve); or
  - Called into Federal service as a member of the National Guard under chapter 15 of Title 10, U.S.C., or section 12406 of Title 10, U.S.C (i.e., called to respond to an invasion, danger of invasion, rebellion, danger of rebellion, insurrection, or the inability of the President with regular forces to execute the laws of the United States).

An affected service member must, upon the completion of a period of service in the uniformed services, notify Ashford University of his or her intent to return to Ashford University not later than three years after the completion of the period of service. However, a student who is hospitalized for or convalescing from an illness or injury incurred in or aggravated during the performance of service in the uniformed services must notify an Academic Advisor, an Enrollment Services Advisor, or the Office of the Registrar of his or her intent to return to Ashford University not later than two years after the end of the period that is necessary for recovery from such illness or injury. A student who fails to apply for readmission within the required period does not automatically forfeit eligibility for readmission to Ashford University, but is subject to Ashford University’s established general policies and practices.

A student who submits an application for readmission to Ashford University must provide to Ashford University documentation to establish that:

- The student has not exceeded the specified service limitations; and

- The student’s eligibility for readmission has not been terminated due to the occurrence of:
  - A separation from the Armed Forces (including the National Guard and Reserves) with a dishonorable or bad conduct discharge.
  - A dismissal of a commissioned officer permitted under section 1161(a) of Title 10, USC by sentence of a general court-martial; in commutation of a sentence of a general court-martial; or, in time of war, by order of the President.
  - A dropping of a commissioned officer from the rolls pursuant to section 1161(b) of Title 10, USC due to absence without authority for at least three months; separation by reason of a sentence to confinement adjudged by a court-martial; or, a sentence to confinement in a Federal or State penitentiary or correctional institution.
GENERAL ACADEMIC INFORMATION AND POLICIES

In order for a service member to qualify for these benefits by reason of service, a student must submit appropriate documentation to the University. Documents that might establish service member eligibility include, but are not limited to:

- DD214—Certificate of Release or Discharge from Active Duty;
- Copy of duty orders prepared by the facility where the orders were fulfilled with a service completion endorsement;
- Letter from the Commanding Officer of a Personnel Support Activity (or someone of comparable authority);
- Certificate of completion from military training school;
- Discharge certificate showing character of service;
- Copy of extracts from payroll documents showing periods of service; or
- Letter from National Disaster Medical System (NDMS) Team Leader or Administrative Officer verifying dates and times of NDMS training or Federal activation.

Ashford University may not delay or attempt to avoid a readmission of a student under this section by demanding documentation that does not exist, or is not readily available, at the time of readmission.

Students who meet the criteria for readmission after military service outlined previously will be promptly readmitted with the same academic status as when they last attended or were last admitted to the institution, but did not begin attendance because of that membership, application for membership, performance of service, application for service, or obligation to permit service.

“Same academic status” means that Ashford University shall admit the student:

- To the same program to which he or she was last admitted, or, if that exact program is no longer offered, the program that is most similar to that program, unless the student requests or agrees to admission to a different program;
- At the same enrollment status last held at Ashford University, unless the student requests or agrees to admission at a different enrollment status;
- With the same number of credit hours completed previously, unless the student is readmitted to a different program to which the completed credit hours are not transferable; and
- With the same academic standing previously held.

If the student is readmitted to the same program, for the first academic year in which the student returns, the student will be assessed the same tuition and fee charges that the student was or would have been assessed for the academic year during which the student left the institution.

If the student is admitted to a different program, and for subsequent academic years for a student admitted to the same program, the student will be assessed no more than the tuition and fee charges that other students in the program are assessed for that academic year.

If Ashford University determines that the student is not prepared to resume the program, or will not be able to complete the program, the University will make reasonable efforts at no extra cost to the student to help the student become prepared or to enable the student to complete the program, including but not limited to providing refresher courses at no extra cost to the student.

Ashford University is not required to readmit the student on his or her return if:

- After reasonable efforts by the University, the University determines that the student is not prepared to resume the program at the point where he or she left off;
- After reasonable efforts by the University, the University determines that the student is unable to complete the program; or
- The University determines that there are no reasonable efforts it can take to prepare the student to resume the program at the point where he or she left off or to enable the student to complete the program.

Servicemembers Opportunity College

Ashford University is a Servicemembers Opportunity College (SOC) Degree Network School. As a SOC member, students who apply for admission to a Bachelor of Arts degree at Ashford University and are members of one of the following Armed Forces are eligible to receive a Servicemembers Opportunity College SOC Student Agreement:

- **Military Branch:** Army, Navy, Marines, or Coast Guard; or
- **Military Status:** Active Duty, Active National Guard, Active Reserves servicemember, or Spouses/Adult Dependents Not Utilizing Benefits.

Ashford University may also issue SOC agreements to servicemembers of other branches of service based on SOC policies and requirements.

Ashford University must receive all previous college transcripts and military credit recommendations prior to the end of the second attempted course. Upon full
admission, the student will receive a SOC Student Agreement outlining their degree requirements.

SOC Student Agreement degree requirements are valid for 8 years from the time the agreement is issued or the student voluntarily changes the degree program at which time a new agreement will be issued for the new program. Students who leave Ashford University and return after one year under a valid SOC Student Agreement will be given the program requirements under the last contract for degree. When degree or course requirements change, students have the opportunity to voluntarily choose the new program to be more in-line with industry standards. Students that return to a degree program that is no longer offered through Ashford University will be given the opportunity to be admitted into the most current program or under the contract version without loss toward academic progress.

Department of Defense (DoD) Voluntary Education Partnership

Ashford University is a participating institution in the Voluntary Education Partnership with the DoD. In accordance with this partnership, any Active Duty, National Guard, or Reservist student who attends the University will receive a military degree plan within 60 days after admission to the educational institution in which the individual has selected a degree program and all required official transcripts have been received.

The student will receive a Military Degree Plan with the evaluation of previous coursework received and the requirements for the degree program selected.

The Military Degree Plan affords the student the opportunity to complete the degree requirements within the enrolled degree program within five (5) years of the issued date without the loss of academic progress. Students who choose to change their degree program will forfeit the issued degree plan and be issued a new Military Degree Plan for the new program.

Transfer of Ashford University Credits to Other Institutions

Since Ashford University is a regionally accredited institution, other institutions may elect to accept Ashford University credits. However, students should be aware that the transfer of credit is controlled by the receiving institution, and therefore cannot be guaranteed by Ashford University unless part of a valid articulation agreement or included in an articulation numbering system.

Outside any formal partnership or agreement, students considering transferring to another institution have the responsibility to determine whether that institution will accept Ashford University credits. Ashford University does not imply, promise, or guarantee transferability of its credits to any other institution. Please visit www.ashford.edu/admissions/transferability.htm to find information about transfer guidelines and a current list of articulation agreements.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Ashford University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Ashford University to determine if your credits or degree will transfer.

Learning Resources

Appropriate Use of Database Content

Researchers are permitted to access the databases only for the purposes of providing or pursuing an education through Ashford University. They may not use the materials for any other purpose. Neither database access nor materials retrieved from the databases may be shared inside or outside of the University.

Violations may result in disciplinary action and/or legal liability to the database providers. Ashford University requires its students, faculty and staff to respect intellectual property rights, and will take action against anyone who abuses access to the database content made available by the library.

Library

The Ashford University Library coordinates access for online students and faculty to electronic academic and business research databases and collections. These resources provide hundreds of thousands of full-text periodicals and academic journal articles, e-books, videos and other materials. These electronic research resources
are available to students on a 24/7 basis. The library provides all students with tip sheets and video tutorials that show users how to navigate the Ashford University Library and help them better understand the research process.

Students can interact with librarians via phone, chat and email. These resources, as well as librarian contact information, instructional aids, and tutorials are available on the library website, which can be accessed through the Student Portal or through your online courses.

The library is also a full cataloging and interlibrary loan member of the Online Computer Library Center (OCLC). With this national network, all students can access more than 72,000 collections, large and small, through interlibrary loan. Ashford librarians can obtain articles and other documents for students if these items are not available through the Ashford University Library’s collections.

Assistance in Developing Writing Proficiency
A number of self-help resources are available on the Ashford University website for students preparing to meet the writing proficiency standards in degree programs offered online.

Course Digital Materials (CDM)
Course digital materials (CDM) refers to all course-specific educational materials and resources provided directly to the student via the online classroom. Course materials include essential readings, audio and video assets, interactive exercises, and other digital supplements. CDMs offer a more dynamic, interactive, and robust set of resources for student learning in the online modality. For courses in which course digital materials are provided in lieu of textbooks, a fee (CDM fee) is applied directly to the student’s account concurrent with the charge for tuition. Students are not charged the CDM fee for repeated coursework if previously charged. CDM fees are fully refundable if a student does not attend beyond Week 1 of a course (Week 3 if covered under the Ashford Promise Refund Schedule).

Constellation™
Constellation™ course digital materials are designed to help students master the instructional goals of Ashford University degree programs. Constellation™ digital materials are created specifically to support Ashford University’s curriculum. These materials may be displayed on a browser-based Constellation™ Reader or on a number of devices, such as the iPhone, Kindle, and Blackberry. Once students have access to their Constellation™ digital materials through the online classroom, they can read their materials online, download and save them to their hard drive, print without restriction, keep materials for future reference, or share with friends.

Constellation™ does not include restrictions on file storage or print functions. Full functionality of Constellation™ is best experienced with the included reader. The Constellation™ Reader will allow students to highlight material in a variety of colors, create notes and make bookmarks. While the reader offers robust functionality, students will be able to access, download and print their learning materials in accordance with their preferences. Students will lose access to any course digital materials approximately 60 days after the end of their course or their withdrawal date, unless they have downloaded the material to an external device or hard drive.

Honors College

Description
The Ashford University Honors College serves to enhance the experience and opportunities available to Ashford’s highest achieving students. Acceptance into Honors College is merit based and Honors College students are expected to continually demonstrate a high level of achievement and leadership within the Ashford Community.

Mission Statement
The Ashford University Honors College engages a community of exceptional students in educational opportunities that promote leadership, innovation, global perspective, and civic responsibility.

Honors College Learning Outcomes
Students who successfully complete the sequence of Honors courses will be able to:
1. Display leadership and interdisciplinary teamwork skills;
2. Utilize innovative approaches and informed decision-making when solving problems;
3. Interpret current global issues through multiple perspectives; and
4. Evaluate the impact of various forms of civic engagement.

Benefits and Opportunities
Honors College students will have access to Honors College exclusive curriculum designed to enhance the chosen program of study. Students will have an opportunity to learn amongst the highest achieving
students at Ashford. Honors College Courses are small discussion-based classes with special topics.
Additionally, Honors College students will have access to exclusive benefits and opportunities to help foster their continued success and achievement. Below are the opportunities currently available:

Upon acceptance into the Honors College, students will receive:
- Certificate of Acceptance into the Honors College
- Support from a collaborative and holistic support team consisting of a Student Advisor, Financial Aid Advisor, and Career & Alumni Advisor
- Mentorship from an Ashford faculty member
- A dedicated phone line to contact Honors advisors
- Access to the benefits of Ashford’s partnership with Forbes
- An invitation to join a college community group within AU Connect, Ashford’s online alumni community
- An invitation to join exclusive Honors College groups on Facebook and LinkedIn
- Student Membership in the National Collegiate Honors Council
- Student Membership in the SALUTE Veterans National Honor Society (for qualified military/veteran students only)
- Honors College designation on transcript

Upon successful completion of their first Honors College (HON) course, students will be provided with:
- iPad® mobile digital device

Upon graduation, students will receive:
- Special recognition from the Honors College at commencement, including a Honors College Medallion Ceremony;
- Ashford University framed diploma; and
- Honors College designation on diploma.

Eligibility
To be eligible for acceptance into the Honors College, students must meet the following criteria:
- Be an active student seeking a Bachelor’s degree; AND
  - Completed 15 or more credits at Ashford University with a cumulative GPA of 3.75 or higher OR
  - Completed 30 or more transferrable credits with a cumulative college GPA of 3.75 or higher*.

*Military students that have met the credit requirement for transferrable credit but do not have credits with a cumulative GPA are still eligible to apply. Additionally, students who apply to the Honors College utilizing transfer credits must still meet the 3.75 Ashford Cumulative GPA at the time the application is reviewed.

Once accepted into Honors College, students are expected to maintain a minimum 3.5 cumulative GPA at all times. If an Honors College student’s cumulative GPA drops below a 3.0, that student will be removed immediately from the Honors College and all Honors College benefits. Students who are removed from Honors College are welcome to submit an Honors College Reapplication form (available in the Student Portal) once they are again meeting the 3.75 GPA required for acceptance.

How to Apply
Applications are accepted year round. Once a student meets eligibility requirements, they can begin the application process.

Students who wish to apply will need to complete an application for acceptance into the Honors College. Students are encouraged to speak with their advisor or an admissions representative to see if they meet the acceptance criteria. Applications will be reviewed weekly by the Honors College Selection Committee. Decisions will be communicated via email.

Materials
Applicants are required to submit the materials listed below. These materials will be used to determine whether or not an applicant is accepted into the Honors College and are evaluated based on prior experience, creativity, substance, and the applicant’s overall attitude towards achievement and education.
- Honors College Application for Acceptance
- Two letters of recommendation **
- A current resume
- An honors essay (between 500 – 700 words)***
- Unofficial or official transcripts (only required if the applicant is utilizing transfer credits to meet eligibility requirements and transcripts are not currently on file with Ashford University)

** By applying for the honors college you are giving us permission to contact the writer.

*** Essays will be reviewed for originality. Students should be aware that Ashford University utilizes Turnitin, an educational tool that helps prevent and identify plagiarism from Internet resources. This tool compares students’ work with texts available in Ashford University’s
internal database as well as any written work submitted to Turnitin.

Honors College Distinctions
Students who are accepted into the Honors College, complete their honors curriculum, and who meet the 3.5 cumulative GPA graduation requirement will graduation with Honors College Distinctions as defined below:

Honors College Fellow
Students who choose this sequence will take all six Honors College courses listed below in addition to their chosen program of study. Upon graduation, they will receive the distinction of being an Honors College Fellow on their diploma and transcript.

- HON 270 Thinking Critically about Global Issues (3 credits)
- HON 280 Society, Power, and Responsibility (3 credits)
- HON 290 Studies in Culture and Society: Exploring Diverse Perspectives (3 credits)
- HON 470 Leadership in the 21st Century (3 credits)
- HON 480 Envisioning Innovation and Creativity in the 21st Century (3 credits)
- HON 490 Honors College Seminar (3 credits)

Honors College Scholar
Students who choose this sequence will take the three upper division Honors College courses listed below in addition to their chosen program of study. Upon graduation, they will receive the distinction of being an Honors College Scholar on their diploma and transcript.

- HON 470 Leadership in the 21st Century (3 credits)
- HON 480 Envisioning Innovation and Creativity in the 21st Century (3 credits)
- HON 490 Honors College Seminar (3 credits)

Changing the Honors College Course Sequence or Dropping from the Honors College
Students who wish to change their Honors College course sequence or who wish to remove themselves from Honors College may do so by submitting an Honors College – Change of Sequence form available in the Student Portal.

Reapplying to the Honors College
Students who were previously accepted into the Honors College and are now interested in re-joining the Honors college may do so by submitting an Honors College Reapplication form (available in the Student Portal) providing that they meet all eligibility requirements including the 3.75 cumulative GPA.

Honor Societies

Alpha Sigma Lambda
Alpha Sigma Lambda is an honor society devoted to the advancement of scholarship and leadership of nontraditional/adult students in higher education. To be eligible for membership in the Ashford University Alpha Lambda chapter of the Alpha Sigma Lambda Honor Society, students must be seeking their first Bachelor’s degree, be in the highest twenty (20) percent of eligible baccalaureate students based upon cumulative GPA, and meet the following criteria as of January 1 or July 1, and completion of a minimum of:

- 24 credits at Ashford University; and
- 12 credits of liberal arts coursework.

Any Alpha Sigma Lambda member who participates in the Ashford University Commencement Ceremony will be distinguished with Alpha Sigma Lambda regalia provided by the University.

Phi Theta Kappa
Phi Theta Kappa is the International Honor Society of the two-year college/Associate degree-granting institution. Phi Theta Kappa’s mission is two-fold: to recognize and encourage the academic achievement of two-year college students and provide opportunities for individual growth and development through participation in honors, leadership, service, and fellowship programs. Membership is by invitation only. In order to receive an invitation for membership, students must meet the criteria listed subsequently as of January 1 and July 1:

- Be an active student seeking an Associate degree;
- Have completed at least 12 credit hours of coursework that may be applied to an Associate degree;
- Have a grade point average of 3.7 (a cumulative grade point average of 3.5 must be maintained to remain in good standing); and,
- Be willing to adhere to the moral standards of the Society.

There is a one-time membership fee of $60.
Students who meet the eligibility criteria will be sent an invitation to become a member. Names of inductees will be published on the Phi Theta Kappa webpage on the Ashford University website once the induction process for eligible students is complete. Students who are inducted into the honor society will be mailed a certificate.

Any Phi Theta Kappa member who participates in the on-campus commencement ceremony will be distinguished with Phi Theta Kappa regalia provided by the University.

Delta Alpha Pi International
Delta Alpha Pi International is an academic honor society for students with disabilities. Delta Alpha Pi Honor Society presents an opportunity to change negative stereotypes associated with disability by recognizing students with disabilities for their academic accomplishments. In addition, this honor society facilitates development of skills in leadership, advocacy, and education for participating students. Members of Delta Alpha Pi Honor Society participate in activities designed to educate the community and society regarding disability issues and the need for universal design in learning.

Membership in Delta Alpha Pi International Honor society is by invitation only and open to all eligible Ashford University students. To attain membership into DAPi, the following criteria must be met as of January 1 and July 1:

- Be a student with a documented disability through the Office of Student Access and Wellness.
- Demonstrate an interest in disability issues.
- Be an undergraduate student currently enrolled and have completed a minimum of 24 credits with a minimum GPA of 3.10, OR
- Be a graduate student currently enrolled and have completed 18 credits of graduate coursework with a minimum GPA of 3.30.

Students who meet the eligibility criteria will be sent an invitation via email to become a member. There are no membership fees or dues. Names of inductees will be published on the Delta Alpha Pi webpage on the Ashford University website. Students who are inducted into the honor society will be mailed a certificate.

Any Delta Alpha Pi member who participates in the Ashford University Commencement Ceremony will be distinguished with Delta Alpha Pi regalia provided by the University.

Golden Key International Honour Society
Golden Key International Honour Society is the world’s premier collegiate honor society connecting members locally, regionally and globally with lifetime opportunity, reward and success. Membership in Golden Key is by invitation only.

To qualify for membership in Golden Key International Honour Society, active students must meet the following criteria as of January 1 or July 1:

- Be in the top 15% of your undergraduate class (Bachelor’s degree seeking Sophomores, Juniors and Seniors), based on GPA; or
- Be a top-performing graduate student, based on GPA.

Membership in Golden Key consists of one-time lifetime membership fee of $95 paid at the time of induction.

Students who meet the eligibility criteria will be sent notice of their eligibility via email and be told to expect an exclusive invitation via email to join the honor society directly from Golden Key International Honour Society headquarters.

Names of inductees will be published on the Golden Key webpage on the Ashford University website. Students who are inducted into the honor society will be mailed a certificate.

Any Golden Key member who participates in the Ashford University Commencement Ceremony will be distinguished with Golden Key regalia provided by the University.

SALUTE National Veterans Honor Society
SALUTE is the first national veteran's honor society. SALUTE stands for Service, Academics, Leadership, Unity, Tribute, and Excellence. In 2009, Colorado State University was awarded the ACE/Wal-Mart Success for Veterans Grant, and from that SALUTE Veterans National Honor Society was created. SALUTE is the first honor society created for student veterans and military at two- and four-year higher education institutions nationwide.

To attain membership into SALUTE as an undergraduate student, the following criteria must be met as of January 1 and July 1:

- Be currently enrolled as an undergraduate student;
- Qualify as military or veteran student under locally-derived and maintained definitions, or submit a DD-214 Member 4 copy that displays the character of service (honorable discharge);
- Have a minimum GPA of a 3.0;
- Have served or currently be serving in the military, National Guard, or reserves or, if no longer serving, submit a DD-214 Member 4 copy that displays the character of service (honorable discharge); and
- Maintain the highest ethical standards.
A unique element for undergraduate students is the GPA-ranking tier. This system was designed to encourage student veterans to strive for academic success at their university. Undergraduate members of SALUTE advance to higher tiers of the GPA ranking system during their tenure at their university.

To attain membership into SALUTE as a graduate student, the following criteria must be met as of January 1 and July 1:

- Be currently enrolled as a graduate student;
- Qualify as a military or veteran student under locally-derived and maintained definitions;
- Have a minimum GPA of a 3.5;
- Have completed at least 12 credits of graduate coursework;
- Have served or currently be serving in the military, National Guard, or reserves or, if no longer serving, submit a DD-214 Member 4 copy that displays the character of service (honorable discharge); and
- Maintain the highest ethical standards.

Membership in SALUTE consists of one-time lifetime membership fee of $20 paid at the time of induction.

Students who meet the eligibility criteria will be sent notice of their eligibility via email and be provided with information on the necessary application materials to be reviewed by a committee. Following committee review, students who meet all eligibility requirements will be sent an invitation via email to formally induct into SALUTE. Names of inductees will be published on the SALUTE webpage on the Ashford University website once the induction process for eligible students is complete.

Students who are inducted into the honor society will be mailed a certificate and a military style challenge coin by the SALUTE Headquarters.

Any SALUTE member who participates in the Ashford University Commencement Ceremony will be distinguished with SALUTE regalia provided by the University.

Program Completion and Honors

Dean’s List

Associate and Bachelor degree-seeking students will be evaluated twice per calendar year for academic recognition, at the end of June and at the end of December. Students who meet the following criteria will be recognized for their scholarship through the Academic Dean’s List.

- Have a 3.50 Ashford University cumulative grade point average;
- Have completed a minimum of 12 credit hours in an online program;
- Have enrolled in and completed at least one course since the time the previous Dean’s List was determined;
- Are in good academic standing at the time of review; and
- Are currently attending or are on an approved Academic Leave at the time of review.

Graduation Process

Students should petition to graduate when they are within six (6) months of program completion. The completed Petition to Graduate form, including required fees, must be submitted to release all transcripts, diplomas and verifications for degrees awarded. The Petition to Graduate is available online in the Student Portal at www.ashford.edu.

The date of degree conferral recorded on the student’s transcript and diploma reflects the date the student completes all academic degree requirements. Degree completion is generally recorded on a student’s official transcript within 30 days after completion of ALL program requirements. Diplomas are generally ordered within 30 days after completion of all program requirements and payment of all related tuition and fees. Diplomas and transcripts will be withheld until all accounts at the University are paid in full.

Graduation Honors and Awards

Candidates for an undergraduate degree who have exhibited outstanding achievement may be awarded the following honors at graduation by earning the corresponding grade point average:

- Cum laude 3.50–3.69
- Magna cum laude 3.70–3.89
- Summa cum laude 3.90 or above

Recognition also is given to Scholars Institute graduates and to students who are members of honor societies: Junior/Senior Honor Society, Alpha Sigma Lambda, Golden Key International Honour Society, and Mu Sigma Eta. Also recognized are students who were selected for “Who’s Who Among Students in American Colleges and Universities.”

Posthumous Degree Policy

The University may grant undergraduate and graduate degrees posthumously. When the University determines that a deceased student was in good standing and had
completed enough credits toward a degree, the Vice President for Academic Affairs or designee has the authority to grant the degree posthumously.

Generally, students should have completed a majority of their coursework for the program of study in order to qualify for a posthumous degree. Additionally, students must have been meeting Satisfactory Academic Progress and all Student Community Standards.

Formal requests may be submitted in writing to the Office of the Registrar for consideration by emailing student.records@ashford.edu.

Degree Rescindment Policy
An Ashford University degree may be rescinded when there is clear and convincing evidence that one of the following has occurred:

- A degree has been conferred in error;
- All University-defined requirements were not satisfied at the time the degree was granted; or
- A previously awarded passing grade is reversed, resulting in unmet degree requirements.

Commencement Ceremony
Ashford University commencement ceremonies are held in the fall and spring each year. In order to participate, students must meet the following requirements:

Fall Ceremony - October 2018
- Expect to graduate between July 1 and December 31; and
- Purchase appropriate* cap and gown by August 15.

Spring Ceremony - May 2019
- Expect to graduate between January 1 and June 30; and
- Purchase appropriate* cap and gown by March 15.

*Cap and gown must be purchased from Ashford University’s authorized vendor.

Specific graduation dates and locations are available on the Graduation Information webpage located at www.ashford.edu/student_services/graduation.htm.

Students who wish to attend a ceremony different from that assigned by his or her expected graduation date may request to attend a future ceremony by emailing graduation_information@ashford.edu.
Overview

Ashford University offers online undergraduate programs which are administered by the academic colleges and the Forbes School of Business & Technology™ at Ashford University. These programs serve adult and distance learners seeking Associate and Bachelor’s degrees from Ashford University.

Grounded in the principles of adult learning and established to address the unique needs of mature and distance learners, Ashford University recognizes the aspirations and qualities of self-directedness and serious motivation that broadly characterize working adults who seek college degrees. Programs offered through the online modality, therefore, provide diverse and alternative ways for such individuals to earn and accumulate credits to be used in completing baccalaureate degrees.

Besides offering online courses that are accelerated and conveniently scheduled, Ashford University administers assessment activities to determine college-level credit that adult learners may have already achieved. Alternative sources of credit at the undergraduate level may include credit for experiential learning, military training, sponsored professional training, advanced placement, national testing programs, and national credit recommendations.

Admission Policies and Procedures for Online Associate of Arts Degree Programs

Conditional Admission Requirements for Associate Degree Programs

Applicants seeking admission to an Associate of Arts degree program must meet the following admission requirements prior to the start of the first course at Ashford University:

- Have a regular high-school diploma earned through college preparatory or regular high school courses, a GED or state certificate awarded after passing an authorized test that the state recognizes as equivalent to a high school diploma, completed secondary school through home schooling as defined by state law, or earned an equivalent to a US high school diploma at an international high school according to approved Foreign Evaluation services.*

  - An earned IEP or Special Education Diploma or Certificate of Completion based upon IEP goals does not meet the regular high school diploma requirement for admission to Ashford University.

  - Qualified applicants will self-certify as to their high school education on the application for admission. Ashford University may also require, at its discretion, that an applicant or student provide a high school transcript, high school diploma, and/or evidence of passing the GED or state certificate awarded.

  - If no high school diploma was earned, applicants who have successfully completed at least a two-year program or have earned a minimum of 60 transferable credits that is acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as defined by Ashford University transfer credit policies, may be admitted.

- Have access to a computer with an Internet connection for the Web-based programs and meet the minimum technology and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section.

- Have the ability to study in English indicated by one of the following**:

  - Achieved a recognized high school diploma or equivalent in which the primary language of instruction was English;***
  
  - Received a GED that was taken in English;***
  
  - A minimum of 30 transferable credits have been earned from regionally or approved nationally accredited colleges/universities in the United States or equivalent in which the primary language of instruction was English; or

  - Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination taken within the past two (2) years. For the TOEFL, a minimum score of 500 paper-based or 61 Internet-based is required. For the IELTS, a minimum score of 6 is required. Copies of official scores must be submitted prior to provisional enrollment, and official scores must be submitted for full admission.
Due to the accelerated, adult-learner focus of the academic programs offered in the online modality, applicants under the age of 18 generally will not be admitted.

*Requirements for residents of California, Mississippi, and Tennessee are outlined separately; please refer to Additional Admission Requirements for Residents of California, Mississippi, and Tennessee.

**Satisfying the English Language Requirement does not exempt a student who earned his/her high school diploma outside of the United States from the additional admission requirements for international applicants.

***If satisfying the English Language Requirement through a high school diploma, GED, or equivalent not completed in the United States, additional documentation may be required. Please contact the Registrar’s Office for further information.

Conditionally admitted students who do not achieve provisional or full admission status after one attempt in the Ashford Promise, are allowed a second period of conditional admission in order to be provisionally or fully admitted.

Attendance in the first course is confirmation of a student’s intent to matriculate and, therefore, constitutes an attempt. Subsequent withdrawal from the course or institution, whether administrative or student-initiated, concludes an attempt. Failing to meet Basic Academic Requirements (BAR) (attaining a cumulative course grade of C- or better as of Day 6 of Week 3 in the first course) also concludes an attempt.

Students who fail to meet Basic Academic Requirements are denied admission and are required to successfully complete the Student Success Orientation as a prerequisite to a subsequent attempt (if they have not already successfully completed it).

Students who are administratively withdrawn for failing to submit required Financial Aid documents during the conditional admission period are required to submit the required documents as a prerequisite to a subsequent attempt.

Applicants are conditionally admitted to an Associate of Arts degree program when they submit a completed application indicating that they meet admission requirements outlined for that program and are approved by the Registrar’s Office. Applicants in a conditional admission status are not eligible for Title IV funds and are not considered regular students until granted provisional or full admission.

Appeal Procedure for a Third Consecutive Conditional Admission Period or Ashford Promise

Provisional admission status must be attained by the end of the second (2nd) attempt of the Ashford Promise, while a student is in conditional standing. Students who fail to attain provisional admission by the end of their second (2nd) attempt of the Ashford Promise must wait six months from the date they were denied admission to re-apply, or they may appeal the University’s decision using the process outlined subsequently to request a third (3rd) consecutive attempt of conditional admission in the Ashford Promise.

Disagreements over academic quality will not be considered as an appropriate basis for such appeals. In cases of appropriate cause, the Ashford University Admission Appeals Committee reviews the appeals and renders a decision to the student. Appeals must include an explanation of the event that occurred, which caused the student to not attain provisional admission to the University after two attempts.

Students must appeal in writing to the University Registrar. The appeal must be submitted to academic.progress@ashford.edu or electronically via the online Conditional Admission Appeal form and approved prior to enrollment in any future courses. Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in the undue hardship to the student;
- Compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college level credits during their period of absence; and,
- A plan for completion of the coursework required to meet basic academic requirements during their coursework at Ashford University.

Appeal decisions will be communicated from the Registrar’s Office to students via email.
Additional Conditional Admission Requirements for Applicants with International Academic Credentials
The following requirements are applicable to applicants relying on academic credentials earned outside the United States for admission. Please note that visa services are not provided and that the University will not vouch for a nonimmigrant alien student’s status or associated charges. In addition to the conditional admission requirements outlined in the admission policy for Associate of Arts degree programs, copies of documentation indicating that the student meets the following admission requirements are required for conditional admission:

- Submit copies of an official evaluation from an approved evaluation service indicating that the student has met one of the following requirements:
  - Completion of a two-year program from an appropriately accredited post-secondary institution, as defined by Ashford University transfer credit policies; or,
  - Achievement of equivalency of a United States high school diploma.

- All academic records from countries other than the United States must have been evaluated by one of the following evaluation services:
  - Educational Credentials Evaluators, Inc. (ECE); OR
  - World Education Services (WES).

Note: Applicants who have already had their international credentials evaluated prior to applying to Ashford University may petition the Registrar’s Office for acceptance of evaluations from other credible agencies.

Provisional Admission Requirements for Associate Degree Programs
Students must meet the following requirements in order to be provisionally admitted to an Associate of Arts degree program at Ashford University:

- Successfully complete Student Success Orientation;
- Attain a cumulative course grade of C- or better by Day 6 of Week 3 in their first course; and,
- Attend Week 4 of their first course.

Attendance in Week 4 constitutes a student’s confirmation of his or her intention to continue in the program as a regular student. Upon attendance in Week 4 of their first course, students are considered matriculated, regular students in their degree program. Students who meet the requirements for Full Admission will be fully admitted into the degree program.

Transfer Credit Evaluation for Associate Degree Programs
Upon being granted provisional admission to an undergraduate degree program, the Records Management staff will begin requesting transcripts of a student’s prior postsecondary education using the signed Transcript Request form.

The Records Management Department will request official transcripts of all prior postsecondary education, as provided by the student in the application for admission, as well as from any school appearing in the student’s National Student Clearinghouse record. This includes:

- College or university transcripts from any regionally or approved nationally accredited postsecondary educational institution attended.
- Military credits evaluated for equivalency to college credits.

Students are responsible for submitting official documentation of any postsecondary credit previously earned through examination or credit earned through non-collegiate instruction to be evaluated for applicability to Ashford University program requirements.

Once transcripts of all prior postsecondary education have been received, the Registrar’s Office staff will complete the student’s transfer credit evaluation.

At the conclusion of the fourth (4th) attempted Ashford University course in a degree seeking program, if any transcripts of prior postsecondary education have not yet been received, the Registrar’s Office staff will proceed with the transfer credit evaluation of any transcripts of postsecondary education received to date. The student is then admitted on Academic Watch due to failure to provide confirmation of a combined cumulative grade point average of 2.0 or higher in all prior postsecondary education. Additional transcripts may be submitted for evaluation at a later date, should they become available.

If it is determined prior to the conclusion of the fourth (4th) attempted Ashford University course that certain transcripts are unable to be provided, students may sign and submit an Authorization to Close File form thereby waiving potential transfer credits from previously attended schools, in order to expedite the transfer credit evaluation process. Any student who signs an Authorization to Close File form, thereby waiving potential transfer credits from previously attended schools, is admitted on Academic Watch due to failure to provide confirmation of a combined cumulative grade point average of 2.0 or higher in all prior postsecondary education. These transcripts may be submitted for evaluation at a later date, should they become available.
Students are responsible for reviewing their transfer credit evaluation as well as their scheduled courses with their Academic Advisor and informing their advisor of any courses they feel are duplicative or equivalent in content to previously completed coursework or non-traditional learning.

Students may submit official transcripts to Ashford University for review of transfer credits at any time.

Full Admission Requirements for Associate Degree Programs

The following requirements must be met prior to the conclusion of the fourth (4th) attempted Ashford University course in a degree seeking program. To start the fifth (5th) course, students must complete all the requirements subsequently outlined.

- Official TOEFL or IELTS scores, if required for admission.
  - Students who meet the English Language requirement with 30 transferable credits must submit the official transcript(s) where these credits were earned.
- Students who were provisionally admitted with completion of a two-year program from an appropriately accredited postsecondary institution as defined by Ashford University transfer credit policies must have official transcripts of those credits on file to meet full admissions requirements.

Note: Additional requirements for residents of California, Mississippi, and Tennessee and for students seeking admission based on credentials earned outside of the United States are outlined separately.

Students who do not meet all requirements will not be fully admitted and will be withdrawn from the program. Students may be readmitted to Ashford University at such time that all requirements for full admission have been met.

Students for whom the aforementioned required documentation does not apply, are fully admitted at the time of their transfer credit evaluation, in accordance with the Transfer Credit Evaluation policy. Students with no history of postsecondary education are fully admitted upon successful completion of the Conditional Admission Period.

The student is responsible for all eligibility-related assertions, attestations, and verifications relied upon by the institution during the admissions process. Should any of the student’s information be subsequently established as inaccurate, resulting in the student’s disqualification for full admission, the student will remain responsible for any and all financial obligations incurred while at the institution, including, but not limited to, financial aid funds that were consequently returned by the University.

If at any time it is determined that the student does not meet admission requirements outlined for the program as indicated on the application for admission, provisional and/or full admission will be rescinded and the student will be withdrawn from the University.

Undergraduate degree-seeking transfer students must provide official documentation of an undergraduate cumulative grade point average (CGPA) of 2.0 in all combined undergraduate coursework attempted at regionally or approved nationally accredited colleges/universities since high school, or he or she is admitted on Academic Watch. Any student who signs an Authorization to Close File form, thereby waiving potential transfer credits from previously attended schools and failing to provide confirmation of a cumulative GPA of 2.0 or higher, is admitted on Academic Watch. Students on Academic Watch are required to have achieved a cumulative Ashford University GPA of 2.0 and successfully complete 67% of credits attempted at the conclusion of the first Satisfactory Academic Progress increment. Students who have not met the requirements at the conclusion of the Academic Watch period will be dismissed from the University. Please refer to the Satisfactory Academic Progress (SAP) Requirements in this section to review all related satisfactory academic progress guidelines.

Graduates of an Ashford University undergraduate degree program who subsequently enroll in another undergraduate degree program will not be placed on Academic Watch. Students who change programs in the same degree level who have successfully completed one (1) SAP increment and are in good academic standing with the University will not be placed on Academic Watch.

Appeal of Dismissal Following Academic Watch

A student who has been dismissed for not meeting satisfactory academic progress requirements following Academic Watch may appeal to the University Registrar for re-admission. Appeals are evaluated by a committee comprised of the University Registrar or designee, and a representative from Academic Affairs. The decision of the committee will be communicated in writing to the student by the Registrar’s Office.

Additionally, the student’s appeal letter must include the following:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a
student’s family member, or other reasons resulting in undue hardship to the student;
• Compelling evidence that the student has the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits during the period of absence; and
• A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

The passage of time does not substantiate eligibility for readmission or appeal for readmission, however, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements and have been denied re-admission after an appeal, may submit another appeal to be readmitted after six months have elapsed since their last appeal was received by the University. The appeal must meet the criteria outlined above and the student must present compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate level credits since the last appeal was submitted.

Note: See the Satisfactory Academic Progress Requirements in this section to review all related Satisfactory Academic Progress guidelines.

Additional Full Admission Requirements for Applicants with International Academic Credentials
In addition to meeting requirements for full admission outlined in the admission policy for Associate of Arts programs, applicants relying on academic credentials earned outside the United States must submit an official evaluation sent directly from an approved evaluation service indicating that the student meets full admission requirements (student copies are not accepted) prior to the conclusion of the fourth (4th) attempted Ashford University course (equivalent to one academic term). To start the fifth (5th) course, applicants relying on academic credentials earned outside the United States must complete this requirement or they will be withdrawn from the program.

Additional Full Admission Requirements for Residents of California, Mississippi, and Tennessee
California residents must submit proof of graduation from high school in one of the following forms:
• Official or unofficial copy of high school transcripts indicating graduation;

• Official or unofficial documentation of passing the GED or state certificate awarded; or

• Proof of at least a two-year program or a minimum of 60 transferrable credits that are acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as defined by Ashford University transfer credit policies.

Mississippi and Tennessee residents must submit proof of graduation from high school in one of the following forms:
• Official high school transcript indicating graduation;

• Notation on transcript from another college indicating graduation from high school for transfer students; or,

• Official documentation of earned GED.

Transfer students who successfully completed a two-year program that is acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as per Ashford University admission policy, are exempt from the requirement to provide proof of high school graduation, but must submit official transcripts of the two-year program.

Proof of graduation, or equivalent, is required prior to disbursement of any financial aid. See Financial/Financial Aid Implications for Residents of California, Mississippi, and Tennessee under Loan Disbursement Information in the Financial Information section of this Catalog for more information concerning financial aid and payment requirements for California, Mississippi, and Tennessee residents.

Admission Policies and Procedures for Online Bachelor’s Degree Programs

Conditional Admission Requirements for Bachelor's Degree Programs
Applicants seeking admission to a Bachelor's degree program must meet the following admission requirements prior to the start of the first course at Ashford University:
• Be 22 years of age or older or be exempt from this requirement by meeting one of the following criteria:
  o Has earned a minimum of 20 transferable credits* as defined by Ashford University transfer credit policies;
  o Has 0-19 transferable credits and successfully completed the Student Success Orientation course;
  o Is seeking readmission to Ashford University after withdrawal from a degree program;
Online Undergraduate Programs

- Is a current degree-seeking student at Ashford University requesting to change majors; or
- Is a former Ashford University Clinton Campus student requesting to transfer to the online modality.

*If satisfying the Under 22 exemption with 20 transferable credits, unofficial transcripts must be submitted with the Application for Admission.

Due to the accelerated, adult-learner focus of the academic programs, applicants under the age of 18 generally will not be admitted.

- Have a regular high-school diploma earned through college preparatory or regular high school courses, a GED or state certificate awarded after passing an authorized test that the state recognizes as equivalent to a high school diploma, completed secondary school through home schooling as defined by state law, or earned an equivalent to a US high school diploma at an international high school according to approved Foreign Evaluation services.**
  - An earned IEP or Special Education Diploma or Certificate of Completion based upon IEP goals does not meet the regular high school diploma requirement for admission to Ashford University.
  - Qualified applicants will self-certify as to their high school education on the application for admission. Ashford University may also require, at its discretion, that an applicant or student provide a high school transcript, high school diploma, and/or evidence of passing the GED or state certificate awarded.
  - If no high school diploma was earned, applicants who have successfully completed at least a two-year program or have earned a minimum of 60 transferable credits that is acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as defined by Ashford University transfer credit policies, may be admitted.

- Have access to a computer with an Internet connection for the Web-based programs and meet the minimum technology and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section.

- Have the ability to study in English indicated by one of the following***:
  - Achieved a recognized high school diploma or equivalent in which the primary language of instruction was English^;
  - Received a GED that was taken in English^;
  - Earned a minimum of 30 transferable credits from regionally or approved nationally accredited colleges/universities in the United States or equivalent in which the primary language of instruction was English; or
  - Took the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination within the past two (2) years. For the TOEFL, a minimum score of 500 paper-based or 61 Internet-based is required. For the IELTS, a minimum score of 6 is required. Copies of official scores must be submitted prior to provisional enrollment, and official scores must be submitted for full admission.

**Requirements for residents of California, Mississippi, and Tennessee are outlined separately; please refer to Additional Admission Requirements for Residents of California, Mississippi, and Tennessee.

***Satisfying the English Language Requirement does not exempt a student who earned his/her high school diploma outside of the United States from the additional admission requirements for applicants with international academic credentials.

^If satisfying the English Language Requirement through a high school diploma, GED, or equivalent was not completed in the United States, additional documentation may be required. Please contact the Registrar’s Office for further information.

Conditionally admitted students who do not achieve provisional or full admission status after one attempt in the Ashford Promise are allowed a second period of conditional admission to be provisionally or fully admitted.

Attendance in the first course is confirmation of a student’s intent to matriculate and, therefore, constitutes an attempt. Subsequent withdrawal from the course or institution, whether administrative or student-initiated, concludes an attempt.

Failing to meet Basic Academic Requirements (BAR) (attaining a cumulative course grade of C- or better as of Day 6 of Week 3 in the first course) also concludes an attempt.

Students who fail to meet Basic Academic Requirements are denied admission and are required to successfully complete the Student Success Orientation as a prerequisite to a subsequent attempt (if they have not already successfully completed it).

Students who are administratively withdrawn for failing to submit required Financial Aid documents during the
conditional admission period are required to submit the required documents as a prerequisite to a subsequent attempt.

Ashford University reserves the right to deny admission or re-admission to any applicant. Ashford University does not admit students based on an “ability-to-benefit” test. Ashford University recognizes the importance of protecting student privacy and reserves the right to request documentation to establish or verify any student’s identity at any time, for administrative or compliance purposes. Students are expected to provide such documentation, and failure to do so may be considered a violation of the Student Community Standards. The University may deny or rescind admission to any student for failure to authenticate his or her identity.

Applicants are conditionally admitted to a Bachelor's degree program when they submit a completed application indicating that they meet admission requirements outlined for that program and are approved by the Registrar's Office. Applicants in a conditional admission status are not eligible for Title IV funds and are not considered regular students until granted provisional or full admission.

Appeal Procedure for a Third Consecutive Conditional Admission Period or Ashford Promise

Provisional admission status must be attained by the end of the second (2nd) attempt of the Ashford Promise, while a student is in conditional standing. Students who fail to attain provisional admission by the end of their second (2nd) attempt of the Ashford Promise must wait six months from the date they were denied admission to re-apply, or they may appeal the University’s decision using the process outlined subsequently to request a third (3rd) consecutive attempt of conditional admission in the Ashford Promise.

Disagreements over academic quality will not be considered as an appropriate basis for such appeals. In cases of appropriate cause, the Ashford University Admission Appeals Committee reviews the appeals and renders a decision to the student. Appeals must include an explanation of the event that occurred, which caused the student not to attain provisional admission to the University after two attempts.

Students must appeal in writing to the University Registrar. The appeal must be submitted to academic.progress@ashford.edu or electronically via the online Conditional Admission Appeal form and approved prior to enrollment in any future courses. Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
- Compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college-level credits during their period of absence; and,
- A plan for completion of the coursework required to meet basic academic requirements during their coursework at Ashford University.

Appeal decisions will be communicated from the Registrar’s Office to students via email.

Additional Conditional Admission Requirements for Applicants to the Bachelor of Science in Nursing (RN to BSN) Program

Applicants seeking admission to the Bachelor of Science in Nursing (RN to BSN) program must meet the following admission requirements prior to the start of the first course at Ashford University:

- Possess a current, active, unrestricted license to practice as a Registered Nurse or its equivalent in at least one U.S. state. Students must maintain an active unrestricted license throughout the program.
- Have earned a nursing (hospital) diploma or Associate degree in Nursing from a regionally accredited or approved nationally accredited college or university**.
- Have earned a grade of C- or higher in Microbiology (with lab), or equivalent, from a regionally accredited or approved nationally accredited institution**.

**Unofficial or official transcripts showing an earned nursing (hospital) diploma or Associate degree in Nursing and Microbiology (with lab) coursework must be submitted with the Application for Admission. In order to determine a student’s initial course schedule, students should submit unofficial or official transcripts demonstrating successful completion of coursework in: Introduction to Sociology, Introduction to Psychology, Introduction to Statistics, Human Anatomy (with lab), Human Physiology (with lab), if available.

Additional Conditional Admission Requirements for Applicants with International Academic Credentials

The following admission requirements are applicable to applicants relying on academic credentials earned outside the United States. Please note that visa services are not provided and that the University will not vouch for a nonimmigrant alien student’s status or associated charges. In addition to the conditional admission requirements
outlined in the admission policy for Bachelor's degree programs, copies of documentation indicating that the student meets the following admission requirements are required for conditional admission:

- Submit copies of an official evaluation from an approved evaluation service indicating that the student has met one of the following requirements:
  - Completion of a two-year program from an appropriately accredited post-secondary institution, as defined by Ashford University transfer credit policies.
  - Achievement of equivalency of a United States high school diploma.
- All academic records from countries other than the United States must have been evaluated by one of the following evaluation services:
  - Educational Credentials Evaluators, Inc. (ECE); OR
  - World Education Services (WES).

*Note: Applicants who have already had their international credentials evaluated prior to applying to Ashford University may petition the Registrar’s Office for acceptance of evaluations from other credible agencies.*

Provisional Admission Requirements for Bachelor’s Degree Programs

Students must meet the following requirements to be provisionally admitted to a Bachelor's degree program at Ashford University:

- Successful completion of Student Success Orientation, if required*;
- Attain a cumulative course grade of C- or better by Day 6 of Week 3 in their first course; and
- Attend Week 4 of their first course.

*Students are required to successfully complete Student Success Orientation if they:
- Have zero (0) traditional college-level transferable credits at the time of application, or
- Are under age 22 and have 0-19 transferable credits.

Attendance in Week 4 constitutes a student’s confirmation of their intention to continue the program as a regular student. Upon attendance in Week 4 of their first course, students are considered matriculated, regular students in their degree program. Students who meet the requirements for Full Admission will be fully admitted into the degree program.

Transfer Credit Evaluation for Bachelor's Degree Programs

Upon being granted provisional admission to an undergraduate degree program, the Ashford University Registrar’s Office staff will begin requesting transcripts of a student’s prior postsecondary education using the signed Transcript Request form.

The Registrar’s Office will request official transcripts of all prior postsecondary education, as provided by the student in the application for admission, as well as from any school appearing in the student’s National Student Clearinghouse record. This includes:

- College or university transcripts from any regionally or approved nationally accredited postsecondary educational institution attended.
- Military credits evaluated for equivalency to college credits.

Students are responsible for submitting official documentation of any postsecondary credit previously earned through examination or credit earned through non-collegiate instruction to be evaluated for applicability to Ashford University program requirements.

Once transcripts of all prior postsecondary education have been received, the Registrar’s Office staff will complete the student’s transfer credit evaluation.

At the conclusion of the fourth (4th) attempted Ashford University course in a degree seeking program, if any transcripts of prior postsecondary education have not yet been received, the Registrar’s Office staff will proceed with the transfer credit evaluation of any transcripts of postsecondary education received to date. The student is then admitted on Academic Watch due to failure to provide confirmation of a combined cumulative grade point average of 2.0 or higher in all prior postsecondary education. Additional transcripts may be submitted for evaluation at a later date, should they become available.

If it is determined prior to the conclusion of the fourth (4th) attempted Ashford University course that certain transcripts are unable to be provided, students may sign and submit an Authorization to Close File form thereby waiving potential transfer credits from previously attended schools, in order to expedite the transfer credit evaluation process. Any student who signs an Authorization to Close File form, thereby waiving potential transfer credits from previously attended schools, is admitted on Academic Watch due to failure to provide confirmation of a combined cumulative grade point average of 2.0 or higher in all prior postsecondary education. These transcripts may be submitted for evaluation at a later date, should they become available.
Students are responsible for reviewing their transfer credit evaluation as well as their scheduled courses with their Academic Advisor and informing the advisor of any courses they feel are duplicative or equivalent in content to previously completed coursework or non-traditional learning.

Students may submit official transcripts to Ashford University for review of transfer credits at any time.

**Full Admission Requirements for Bachelor's Degree Programs**

The following requirements must be met prior to the conclusion of the fourth (4th) attempted Ashford University course in a degree seeking program. To start the fifth (5th) course, students must complete all the requirements subsequently outlined.

- Official TOEFL or IELTS scores, if required for admission.
  - Students that meet the English Language requirement with 30 transferable credits must submit the official transcript(s) where these credits were earned.

- Students who were provisionally admitted with completion of a two-year program from an appropriately accredited postsecondary institution as defined by Ashford University transfer credit policies must have official transcripts of those credits on file to meet full admissions requirements.

**Note:** Additional requirements for residents of California, Mississippi, and Tennessee and for students seeking admission based on credentials earned outside of the United States are outlined separately.

Students who do not meet all requirements will not be fully admitted and will be withdrawn from the program. Students may be readmitted to Ashford University at such time that all requirements for full admission have been met.

Students for whom the aforementioned required documentation does not apply are fully admitted at the time of their transfer credit evaluation, in accordance with the Transfer Credit Evaluation policy. Students with no history of postsecondary education are fully admitted upon successful completion of the Conditional Admission Period.

The student is responsible for all eligibility-related assertions, attestations, and verifications relied upon by the institution during the admissions process. Should any of the student’s information be subsequently established as inaccurate, resulting in the student’s disqualification for full admission, the student will remain responsible for any and all financial obligations incurred while at the institution, including, but not limited to, financial aid funds that were consequently returned by the University.

If at any time it is determined that the student does not meet admission requirements outlined for the program as indicated on the application for admission, provisional and/or full admission will be rescinded and the student will be withdrawn from the University.

Undergraduate degree-seeking transfer students must provide official documentation of an undergraduate cumulative grade-point average (CGPA) of 2.0 in all combined undergraduate coursework attempted at regionally or approved nationally accredited colleges/universities since high school, or he or she is admitted on Academic Watch. Any student who signs an Authorization to Close File form, thereby waiving potential transfer credits from previously attended schools and failing to provide confirmation of a cumulative GPA of 2.0 or higher, is admitted on Academic Watch. Students on Academic Watch are required to have achieved a cumulative Ashford University GPA of 2.0 and successfully complete 67% of credits attempted at the conclusion of the first Satisfactory Academic Progress increment. Students who have not met the requirements at the conclusion of the Academic Watch period will be dismissed from the University. Please refer to the Satisfactory Academic Progress (SAP) Requirements in this section to review all related satisfactory academic progress guidelines.

Graduates of an Ashford University undergraduate degree program who subsequently enroll in another undergraduate degree program will not be placed on Academic Watch. Students who change programs in the same degree level who have successfully completed one (1) SAP increment and are in good academic standing with the University will not be placed on Academic Watch.

**Appeal of Dismissal Following Academic Watch**

A student who has been dismissed for not meeting satisfactory academic progress requirements following Academic Watch may appeal to the University Registrar for re-admission. Appeals are evaluated by a committee comprised of the University Registrar or designee, and a representative from Academic Affairs. The decision of the committee will be communicated in writing to the student by the Registrar’s Office.

Additionally, the student’s appeal letter must include the following:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
• Compelling evidence that the student has the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits during the period of absence; and

• A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

The passage of time does not substantiate eligibility for readmission or appeal for readmission, however, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements and have been denied re-admission after an appeal, may submit another appeal to be readmitted after six months have elapsed since their last appeal was received by the University. The appeal must meet the criteria outlined above and the student must present compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate level credits since the last appeal was submitted.

Note: See the Satisfactory Academic Progress Requirements in this section to review all related Satisfactory Academic Progress guidelines.

Additional Full Admission Requirements for Applicants with International Academic Credentials
In addition to meeting the requirements for full admission outlined in the admission policy for Bachelor's degree programs, applicants relying on academic credentials earned outside the United States must submit an official evaluation sent directly from an approved evaluation service indicating that the student meets full admission requirements (student copies are not accepted) prior to the conclusion of the fourth (4th) attempted Ashford University course (equivalent to one academic term). To start the fifth (5th) course, applicants relying on academic credentials earned outside the United States must complete this requirement or they will be withdrawn from the program.

Additional Full Admission Requirements for Residents of California, Mississippi, and Tennessee
California residents must submit proof of graduation from high school in one of the following forms:

• Official or unofficial copy of high school transcripts indicating graduation;

• Official or unofficial documentation of passing the GED or state certificate awarded; or

• Proof of at least a two-year program or a minimum of 60 transferrable credits that are acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as defined by Ashford University transfer credit policies.

Mississippi and Tennessee residents must submit proof of graduation from high school in one of the following forms:

• Official high school transcript indicating graduation;

• Notation on transcript from another college indicating graduation for transfer students; or

• Official documentation of earned GED.

Transfer students who successfully completed a two-year program that is acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as per Ashford University admission policy, are exempt from the requirement to provide proof of high school graduation, but must submit official transcripts of the two-year program.

Proof of graduation, or equivalent, is required prior to disbursement of any financial aid. See Financial Aid Implications for Residents of California, Mississippi, and Tennessee under Loan Disbursement Information in the Financial Information section of this Catalog for more information concerning financial aid and payment.
Student Success Orientation
The orientation is designed to provide students with a complete overview of the Ashford University experience, prepare them for success in their courses, and help them to self-evaluate their readiness to succeed in an online classroom setting.

Students will be instructed on Ashford University policies and the learner resources that are available to them through interactive videos and assessments. Students enrolled in orientation must successfully complete all assigned activities. Students must successfully complete orientation prior to commencing any credit-bearing coursework at Ashford University, if required. Students who have successfully completed online coursework at Ashford University are exempt from the orientation requirement.

Non-Degree Seeking Student General Admission Requirements
It is the responsibility of the applicant to provide Ashford University with all materials required for admission prior to enrolling in coursework as a non-degree seeking student. Please see additional policies for non-degree seeking students under Classification of Students in the General Academic Information and Policies section of this Catalog.

Students seeking to enroll in undergraduate coursework as a non-degree seeking student must meet the following requirements prior to the start of the first course at Ashford University:

- Have a regular high-school diploma earned through college preparatory or regular high school courses, a GED, or state certificate awarded after passing an authorized test that the state recognizes as equivalent to a high school diploma, completed secondary school through home schooling as defined by state law, or earned an equivalent to a US high school diploma at an international high school.
  - An earned IEP or Special Education Diploma or Certificate of Completion based upon IEP goals does not meet the regular high school diploma requirement for admission to Ashford University.
  - Qualified applicants will self-certify as to their high school education on the application for admission. Ashford University may also require, at its discretion, that an applicant or student provide a high school transcript, high school diploma, and/or evidence of passing the GED or state certificate awarded.
  - If no high school diploma was earned, applicants who have successfully completed at least a two-year program or have earned a minimum of 60 transferable credits that is acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as defined by Ashford University transfer credit policies, may be admitted.

- Due to the accelerated, adult-learner focus of the academic programs, applicants under the age of 18 generally will not be admitted.

- Submit an official or unofficial transcript from the regionally accredited or approved nationally accredited institution showing proof of credit awarded for any required prerequisite coursework.

- Have access to a computer with an Internet connection for the Web-based programs and meet the minimum technology and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section, and,

- Have the ability to study in English indicated by one of the following:
  - Achieved a recognized high school diploma or equivalent in which the primary language of instruction was English;
  - Received a GED that was taken in English;
  - A minimum of 30 credits have been earned from regionally or approved nationally accredited colleges/universities in the United States or equivalent in which the primary language of instruction was English; or,
  - Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination taken within the past two (2) years. For the TOEFL, a minimum score of 500 paper-based or 61 Internet-based is required. For the IELTS, a minimum score of 6 is required. Copies of official or unofficial scores must be submitted prior to enrolling in coursework as a non-degree seeking student.

Additional Non-Degree Seeking Student General Admission Requirements for Residents of California and Tennessee
California residents must submit proof of graduation from high school in one of the following forms:

- Official or unofficial copy of high school transcripts indicating graduation;
- Official or unofficial documentation of passing the GED or state certificate awarded; or
• Proof of at least a two-year program or a minimum of 60 transferrable credits that are acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as defined by Ashford University transfer credit policies.

Tennessee residents must submit proof of graduation from high school in one of the following forms:
• Official high school transcript indicating graduation;
• Notation on transcript from another college indicating graduation from high school for transfer students; or,
• Official documentation of earned GED.

Transfer students who successfully completed a two-year program that is acceptable for full credit toward a bachelor’s degree from an appropriately accredited postsecondary institution, as per Ashford University admission policy, are exempt from the requirement to provide proof of high school graduation, but must submit official transcripts of the two-year program.

Academic Policies and Procedures

Academic Calendar
The academic calendar is continuous (also known as non-term) rather than defined by semesters. In continuously enrolled programs, students typically take one course at a time and move to the next course in the program sequence without a break. Opportunities to enroll in programs and begin courses in an undergraduate degree program are available most every week. Most courses are offered in an accelerated, five-week format.

There is an annual two-week Winter Break when courses are not scheduled. The Winter Break for 2018-2019 occurs from December 18, 2018 to December 31, 2018.

Undergraduate Credit Maximum Policy
A maximum of 36 credits may be attempted per academic year. Students may appeal in writing to the Registrar’s Office for an increase to a maximum of 48 credits attempted per academic year.

Concurrent Course (Double Up) Registration Policy
• Concurrent course registration may occur when the student is fully admitted and has completed his or her first two courses.*
• Student must be meeting Satisfactory Academic Progress requirements.*

Students in the BSHIM and BSN programs who wish to double up in major coursework must have completed at least one major course and have a minimum grade point average of 2.50 in all major coursework attempted at the University.

Payment for concurrent courses can be paid in full prior to the course start date.

Concurrent course registration cannot violate progression or prerequisite requirements.

At no time may a student attend more than two Ashford University courses concurrently.

If using Financial Aid, student should discuss financial implications of concurrent course registration with his/her Student Account Advisor. Students utilizing financial aid may be eligible to apply available funding towards their concurrent course.

*Non-degree seeking students are exempt from this requirement to register for concurrent courses.

Attendance Policy for Undergraduate Courses
Students are expected to attend each week of the course. Attendance is defined as participating in an academic activity within the online classroom which includes posting in a graded discussion forum, submitting a written assignment or journal entry or submitting a quiz or exam. Postings not related to graded discussion forums or written assignments or journal entries not related to the actual assignment may be reviewed and disqualified for attendance purposes. Attendance on the basis of submitting a quiz or exam is determined by submission status at the conclusion of the calendar day (11:59 pm Mountain Time).

Each instructional week begins on a Tuesday and concludes on the following Monday. A student is recorded either absent or present each day based on participation in an academic activity. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students enrolled in introductory courses, such as EXP 105, are required to attend at least once in any seven consecutive day period for the duration of the course. Students who do not attend once in any seven consecutive days in an introductory course will be administratively dropped retroactive to the last date of recorded attendance. The course must then be repeated. Limited exceptions to introductory course attendance requirements based on exceptional circumstances, such as an emergency personal or family reason, may be made. Please refer to the Attendance Appeal policy in the Student Rights and Responsibilities section in this Catalog.
Students enrolled in non-introductory courses who do not attend at least once in any seven consecutive day period will be issued an attendance warning. Students who do not attend at least once in any 14 consecutive day period will be dropped from the course and administratively withdrawn from the University retroactive to the last date of recorded attendance. Students who attend on the first day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn.

Students who participate in an academic activity in a course prior to its official start date will not be dropped from their course during Week 1 for non-attendance as long as they subsequently attend at least once during Week 1 of the course.

Please refer to drop policies for grade implications when not meeting attendance requirements. Students who drop a course or are dropped for not meeting attendance requirements and do not attend within 14 days of their last date of attendance will be administratively withdrawn from the University. A student’s last date of attendance following successful completion of a course is the end date of that course. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual winter break, the non-enrollment period may extend the 14 day limit to include the break. No approved Academic Leave can exceed 45 days including University scheduled periods of non-enrollment.

For information regarding the determination of withdrawal date, please see the Withdrawal from the University policy in the General Academic Information and Policies section in this Catalog.

Note: New students who do not meet attendance requirements for, or do not complete, their first course will be administratively withdrawn from the University and must work with their Enrollment Services Advisor to reschedule their enrollment in the program.

**Academic Participation**

In addition to meeting attendance requirements, students attending are expected to participate in their courses by actively engaging in weekly discussion forums with substantial posts and completing the required assignments for each week. A list of all assignments can be found within the course calendar in each class and also by week in the weekly instructional units.

Failure to meet academic participation requirements may negatively impact an assignment and/or course grade. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students who anticipate being absent for an entire week of a course should contact the instructor in advance and make arrangements to complete the required assignments. While students cannot be tardy in an asynchronous learning environment, nor can they cut class in a traditional sense, acceptance of late or make-up work is at the discretion of the instructor and does not waive attendance requirements.

**Academic Leave**

Students who plan to take a break in attendance of greater than 14 days but no more than 30 days from their last date of attendance, who provide a written confirmation of their intent to return, will not be administratively withdrawn, provided they return as scheduled.

Written confirmations must be provided via the Academic Leave Request form in the Student Portal, and should be submitted within 14 days of the last date of attendance. Academic Leave Requests allow students to postpone the start date of their next scheduled course and maintain an active status with the University. To gain access to the Academic Leave Request form, students must speak with an Academic Advisor. New students must complete their first course in order to be eligible for an Academic Leave.

Students who do not return from Academic Leave on their scheduled return date or do not attend within the first seven days of the course they are scheduled for when returning from an approved Academic Leave will be administratively withdrawn. Please note that administrative withdrawal may occur at any point in a student’s enrollment when 14 consecutive days of non-attendance occur, whether within an active course or between the last date of attendance in a prior course and the first date of attendance in a subsequent course.

Students who attend on the first day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn.

Exceptions to submitting an Academic Leave Request through the Student Portal may be made in instances where extreme extenuating circumstances exist for students unable to access the Student Portal. Students must contact an Academic Advisor for assistance with this exception.

The University can make exceptions in which a 45 day break in attendance may be granted on a case-by-case basis.

**Associate Program Academic Policies**

**General Education Courses in Associate Programs**
While the General Education courses in each Associate degree program are recommended, Associate students may speak with their Academic Advisor if they would prefer to take a different 100 to 200-level General Education course. This policy does not apply to core courses in the Associate degree program.

Residency Requirements in Associate Programs
Students enrolling into an Associate of Arts degree program must successfully complete a minimum of eighteen (18) credits of Ashford University courses and all other program requirements for degree completion. Credits earned through Prior Learning Assessment are not included in the 18-credit calculation. Students are not required to complete their final course toward degree completion at Ashford University.

Associate Programs Course Sequencing
Associate of Arts students will be required to successfully complete an online orientation prior to enrolling in credit-bearing coursework as outlined in the Admission Policies and Procedures for Associate of Arts Degree Programs. Following successful completion of orientation, students are required to successfully complete EXP 105 Personal Dimensions of Education as their first course. Unsuccessful completion of EXP 105 will result in the rescheduling of the course and revision of future course sequence. EXP 105 satisfies an Associate of Arts core program requirement and cannot be replaced or waived by transfer credit. Associate of Arts students will be registered, per the program of enrollment indicated on their Admissions Application, for the full Associate of Arts program course sequence.

Students may request changes to course registration in writing to their Enrollment Services Advisor, or Academic Advisor and should include any appropriate supporting documentation. It is the student’s responsibility to inform his or her Enrollment Services Advisor and Academic Advisor, in writing, of potential equivalent transfer courses and to provide appropriate supporting documentation prior to each course start date.

Progression Requirements in Associate Programs
To ensure a framework for success, and to make certain students have built the necessary skills to recognize the complex subject matter inherent in major coursework, Associate degree-seeking students are eligible to be enrolled in upper division coursework to meet their elective requirement once the following requirements are met. Students must successfully meet:

- The English Proficiency requirement;
- The General Education Information Literacy Competency; and
- The Written Communication Competencies I & II.

Students who meet all progression requirements will be allowed to take approved 100 or 200 level courses in their respective program (if applicable), as long as they are taken in the prescribed order and meet all prerequisite requirements. Once students meet the above requirements and successfully earn at least 30 credits, they will be allowed to take 300 or 400 level courses to meet their respective program’s elective requirement, as long as they meet all prerequisite requirements.

Bachelor’s Program

Academic Policies

Residency Requirements in Bachelor’s Programs
At least 30 credits included in the degree must be Ashford University credits. Credits earned through Prior Learning Assessment are not included in the 30-credit calculation. Students are not required to complete their final course toward degree completion at Ashford University.

Progression Requirements for Online Bachelor’s Programs
To ensure a framework for success, and to make certain students have built the necessary skills to recognize the complex subject matter inherent in major coursework, Bachelor degree-seeking students are eligible to be enrolled in major coursework once the following requirements are met. Students must successfully meet:

- The English Proficiency requirement;
- The General Education Information Literacy Competency; and
- The Written Communication Competencies I & II.

Students who meet all progression requirements will be allowed to take approved 100 or 200 level courses in their respective majors (if applicable), as long as they are taken in the prescribed order and meet all prerequisite requirements. Once students meet the above requirements and successfully earn at least 30 credits, they will be allowed to take 300 or 400 level major courses, as long as they are taken in the prescribed order and meet all prerequisite requirements.
Bachelor’s Program Course Sequencing
All Bachelor’s program students are required to successfully complete EXP 105 Personal Dimensions of Education as their first course. Students with zero (0) traditional college-level transferable credits are also required to successfully complete an online orientation prior to enrolling in credit-bearing coursework as outlined in the Admission Policies and Procedures for Online Bachelor's Degree Programs. Following successful completion of orientation, students are required to successfully complete EXP 105. Unsuccessful completion of EXP 105 will result in the rescheduling of the course and revision of future course sequence. A minimum grade of C- is required to successfully complete the course. EXP 105 cannot be replaced or waived by credit in transfer, unless a student provides proof of one of the following:

- 90 credits of lower-division transfer credits that are applicable to the student’s chosen degree program prior to initial program enrollment.
- A previously earned Bachelor’s degree at Ashford University, or from a regionally or approved nationally accredited institution; or
- A Bachelor’s degree from a country other than the United States that has been evaluated by an approved evaluation service, and accepted by Ashford University as equivalent to a Bachelor’s degree in the United States.
- Earned nine (9) credits or more at Ashford University with a cumulative grade point average of 3.0 or higher.

Students who have not previously completed the coursework applicable to the Ashford University General Education requirements, and have not fulfilled the Bachelor’s progression requirements, will generally be enrolled in the General Education course sequence or in specific General Education courses required for degree completion and then progress into their appropriate major course sequence. Students who do not wish to take any or all of the General Education course sequence through Ashford University must generally fulfill the Bachelor’s progression requirements and contact their Academic Advisor to request a schedule change in order to begin major coursework.

Students may request changes to course registration by contacting their Enrollment Services Advisor, or Academic Advisor and should include any appropriate supporting documentation. It is the student’s responsibility to inform his or her Enrollment Services Advisor and Academic Advisor of potential equivalent transfer courses and to provide appropriate supporting documentation prior to each course start date.

General Education Course Sequence
The following General Education course sequence is the standard for the University. On occasion, courses may be substituted to satisfy specific General Education requirements.

- EXP 105 Personal Dimensions of Education (3 credits)
- GEN 102 Digital Literacy for Life & the Workplace (3 credits)
- ENG 121 English Composition I (3 credits)
- GEN 103 Information Literacy (3 credits)
- ENG 122 English Composition II (3 credits)  Prerequisite: Successful completion of ENG 121 or equivalent with a grade of “C-” or better
- COM 200 Interpersonal Communication (3 credits)
- ENG 225 Introduction to Film (3 credits)
- PHI 103 Informal Logic (3 credits)
- PHI 208 Ethics & Moral Reasoning (3 credits)
- POL 201 American National Government (3 credits)
- ANT 101 Introduction to Cultural Anthropology (3 credits)
- SCI 207 Our Dependence upon Environment (4 credits)
- MAT 222 Intermediate Algebra (3 credits)
- GEN 499 General Education Capstone (3 credits)  Capstone prerequisite: Completion of a minimum of 75 credits

Graduation Requirements for Bachelor’s Degrees
To be eligible for a Bachelor’s degree, a student must successfully accomplish the following:

- Completion of a minimum of 120 total credits; including:
  - A minimum of 30 credits completed at the University as a matriculated student (residency requirement); and
  - A minimum of 30 credits of upper-division coursework, including 18 credits of upper-division coursework in the chosen major (upper-division requirement).
- Completion of the General Education competency requirements, including core competencies;
- Completion of all required major, minor, and specialization course requirements;
- Minimum cumulative grade point average of 2.00 in all coursework attempted at the University; and
• A minimum cumulative grade point average of 2.50 is required for all major coursework taken at Ashford University in the Bachelor of Science in Health Information Management and the Bachelor of Science in Nursing majors.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Programs will be noted on the transcript as shown on the program heading. Programs with transfer concentrations or specializations are also noted on the transcript.

Forbes School of Business: Undergraduate Programs and Requirements

Associate of Arts in Business

(This program is not accepting new enrollments)

The Associate of Arts in Business program is designed to prepare students in entry-level work in business organizations. All credits in the Associate of Arts in Business program are transferable to the Ashford University Bachelor degree programs. The Associate of Arts in Business program will provide basic proficiency skills necessary for entering the field of business and will allow students to develop a broad personal perspective and world view and to focus on professional competencies that are essential to success in the workplace. The Associate of Arts in Business program is a 67-credit program that includes completion of current Ashford University General Education requirements. No on-campus residency will be required for graduation, but at least 18 credits included in the degree must be Ashford University credits.

Special Terms and Conditions: Successful completion of this program by itself does not provide licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes

Students who successfully complete the Associate of Arts in Business degree program will be able to:

1. Communicate information and ideas at a competency level acceptable in business through written, verbal, and technological means;
2. Demonstrate skill in quantitative reasoning and data interpretation at a level useful in decision-making activities;
3. Understand critical thinking processes and apply strategies that demonstrate competent use of logic in problem solving;
4. Apply basic skills in management, marketing and accounting;
5. Evaluate significant contributions to knowledge of self and knowledge of society that are expressed through psychology, literature, history, science and religion; and
6. Interpret important social, corporate and global issues and begin to develop a personal world view that integrates conclusions reached about these issues.

Program Requirements

Total number of credits required: 67 credits
General Education Requirements: *49 credits
Core Requirements: *27 credits

*In this program, 6 credits from the core and 3 credits from introductory course requirements may also satisfy General Education requirements.

Introductory Course Requirements (6 credits)

- +EXP 105 Personal Dimensions of Education (3 credits)
- +PSY 202 Adult Development & Life Assessment (3 credits) Satisfies General Education Social and Personal Awareness requirement

Core Requirements (21 credits)

- ACC 201 Principles of Financial Accounting (3 credits)
- ACC 202 Principles of Managerial Accounting (3 credits)
- BUS 201 Principles of Management (3 credits)
- BUS 235 Introduction to Marketing (3 credits)
- BUS 250 Corporate & Social Responsibility (3 credits) Satisfies General Education Applied Ethics Competency requirement
• CGD 218 Visual Literacy in Business (3 credits)
  Satisfies General Education Cultural and Aesthetic Awareness requirement
• ECO 100 Survey of Contemporary Economic Issues (3 credits)

General Education Requirements (49 credits)
• COM 200 Interpersonal Communication (3 credits)
  Satisfies General Education Communication III Competency requirement
• ENG 121 English Composition I (3 credits)
  Satisfies General Education Communication I Competency requirement
• ENG 122 English Composition II (3 credits)
  Satisfies General Education Communication II Competency requirement
• ENG 125 Introduction to Literature (3 credits)
  Satisfies General Education Literature requirement
• HIS 103 World Civilizations I (3 credits)
  Satisfies General Education History requirement
• HIS 104 World Civilizations II (3 credits)
  Satisfies General Education Diversity Awareness requirement
• INF 103 Computer Literacy (3 credits)
  Satisfies General Education Information Technology Competency requirement
• *MAT 221 Introduction to Algebra (3 credits)
  Satisfies General Education Mathematical Competency Prerequisite requirement
• MAT 222 Intermediate Algebra (3 credits)
  Satisfies General Education Mathematical Competency requirement
• PHI 103 Informal Logic (3 credits)
  Satisfies General Education Critical Thinking Competency requirement
• PHI 208 Ethics & Moral Reasoning (3 credits)
  Satisfies a General Education Humanities requirement
• SCI 207 Dependence of Man on the Environment (4 credits)
  Satisfies General Education Science requirement
• POL 201 American National Government (3 credits)
  Satisfies a General Education Political Science requirement

+ EXP 105 and PSY 202 are required core courses in the major and must be taken by all Associate of Arts students.
* Students who waive MAT 221 are required to take 64 total program credits in order to meet graduation requirements.

Associate of Arts in Business Graduation Requirements
To be eligible for an Associate of Arts in Business degree, a student must successfully accomplish the following:
• Completion of all program/course requirements;
• Completion of a minimum of 67 credits. Additional prerequisite courses may be required;
• Minimum cumulative grade point average of 2.00; and
• At least 18 credits earned toward the Associate of Arts degree must be completed at Ashford University.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

The degree will be noted on the transcript as an Associate of Arts in Business.

Associate of Arts in Organizational Management
(This program is not accepting new enrollments)
The Associate of Arts in Organizational Management provides students with a solid foundation in general education from which the fundamentals of Organizational Management can be laid. Students will learn about management practice, leadership, group behavior, organizational change, and interpersonal communication.

Special Terms and Conditions: Successful completion of this program by itself does not provide licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Students who successfully complete the Associate of Arts in Organizational Management degree program will be able to:
1. Describe the basic functions of management and their practical implications;
2. Communicate information and ideas at a competency level acceptable in business through written, verbal, and technological means; and
3. Identify organizational behavior, communications, and change theories and their practical implications.

Program Requirements

Total number of credits required: 67 credits
General Education Requirements: *49 credits
Core Requirements: *27 credits

*In this program, 6 credits from the core and 3 credits from introductory course requirements may also satisfy General Education requirements.

Introductory Course Requirements (6 credits)

- +EXP 105 Personal Dimensions of Education (3 credits)
- +PSY 202 Adult Development & Life Assessment (3 credits) Satisfies General Education Social and Personal Awareness requirement

Core Requirements (21 credits)

- BUS 114 Principles of Supervision (3 credits)
- BUS 117 Introduction to Organizational Dynamics (3 credits)
- BUS 119 Principles of Personal & Organizational Leadership (3 credits)
- BUS 201 Principles of Management (3 credits)
- BUS 226 Introduction to Personnel Administration (3 credits)
- BUS 250 Corporate & Social Responsibility (3 credits) Satisfies General Education Applied Ethics Competency requirement
- CGD 218 Visual Literacy in Business (3 credits) Satisfies General Education Cultural and Aesthetic Awareness requirement

General Education Requirements (49 credits)

- COM 200 Interpersonal Communication (3 credits) Satisfies General Education Communication III Competency requirement
- ENG 121 English Composition I (3 credits) Satisfies General Education Communication I Competency requirement
- ENG 122 English Composition II (3 credits) Satisfies General Education Communication II Competency requirement
- ENG 125 Introduction to Literature (3 credits) Satisfies General Education Literature requirement
- HIS 103 World Civilizations I (3 credits) Satisfies General Education History requirement
- HIS 104 World Civilizations II (3 credits) Satisfies General Education Diversity Awareness requirement
- INF 103 Computer Literacy (3 credits) Satisfies General Education Information Technology Competency requirement
- *MAT 221 Introduction to Algebra (3 credits) Satisfies General Education Mathematical Competency Prerequisite requirement
- MAT 222 Intermediate Algebra (3 credits) Satisfies General Education Mathematical Competency requirement
- PHI 103 Informal Logic (3 credits) Satisfies General Education Critical Thinking Competency requirement
- PHI 208 Ethics & Moral Reasoning (3 credits) Satisfies a General Education Humanities requirement
- SCI 207 Dependence of Man on the Environment (4 credits) Satisfies General Education Science requirement

+EXP 105 and PSY 202 are required as core courses in the major and must be taken by all Associate of Arts students.

* Students who waive MAT 221 are required to take 64 total program credits in order to meet graduation requirements.

Associate of Arts in Organizational Management Graduation Requirements

To be eligible for an Associate of Arts in Organizational Management degree, a student must successfully accomplish the following:

- Completion of all program/course requirements;
- Completion of a minimum of 67 credits. Additional prerequisite courses may be required;
- Minimum cumulative grade point average of 2.00; and
- At least 18 credits earned toward the Associate of Arts degree must be completed at Ashford University.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

The degree will be noted on the transcript as an Associate of Arts in Organizational Management.
Bachelor of Arts in Accounting

Students pursuing the Accounting major at the University will develop the necessary analytical, conceptual, technical knowledge and proficiency in accounting. The curriculum will enable students to better understand the internal and external business environment through study in business administration, economics, and quantitative methods.

Special Terms and Conditions: Successful completion of this program by itself does not qualify a student to sit for the Certified Public Accountant (CPA) examination. All prospective students are advised to contact individual state boards of accounting for additional information relating to licensure requirements (e.g., education and work experience and any potential restrictions, such as prior criminal convictions) prior to enrolling. A list of state accounting boards is available here: www.nasba.org/stateboards/. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

Additionally, students may wish to seek a Certified Management Accountant designation. Information on the CMA exam can be found at their website (www.imanet.org). Students are advised that a degree program is different from an exam preparation course and they may need more education in addition to work experience in order to successfully pass the examination.

California Students: This program alone does not lead to licensure. In order to sit for the Certified Public Account (CPA) examination, a total of 150 semester credits must be completed, which includes obtaining a baccalaureate degree. Ashford students who transfer in general education credits may need to determine that they are meeting the requirements during their program of study. There is an additional Ethics requirement that is also not met in the undergraduate program at Ashford University. Applicants must provide the California Board of Accountancy (CBA) with satisfactory evidence of having completed a minimum of 12 months of general accounting experience, a CBA-accepted ethics examination that must be passed within two years of submitting the CPA application, a criminal history background check by fingerprint via a Live Scan service and the completion of a Criminal Conviction Disclosure Form to disclose any misdemeanor or felony convictions. For additional details regarding the CA requirements for obtaining a CPA license, please visit: http://www.dca.ca.gov/cba/applicants/applbook.pdf.

Program Outcomes

Accounting major graduates will be able to:

1. Assess fundamental accounting principles and procedures;
2. Apply technology tools related to the area of accounting;
3. Evaluate alternatives to complex accounting problems;
4. Integrate accounting and finance information in business decision making; and
5. Analyze the legal, regulatory and ethical issues in the practice of accounting.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 42 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (42 credits)

- ACC 205 Principles of Accounting I (3 credits) 
- ACC 206 Principles of Accounting II (3 credits) Prerequisite: ACC 205
- ACC 308 Accounting Information Systems (3 credits)
- ACC 305 Intermediate Accounting I (3 credits) Prerequisite: ACC 206
- ACC 306 Intermediate Accounting II (3 credits) Prerequisite: ACC 305
- ^BUS 308 Statistics for Managers (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- ^BUS 401 Principles of Finance (3 credits) Prerequisite: ACC 201 or ACC 205 or ACC 208 or ACC 281
- ACC 310 Cost Accounting I (3 credits) Prerequisite: ACC 206
- ACC 380 Accounting for Not-For-Profit Organizations (3 credits) Prerequisite: ACC 206
- BUS 311 Business Law I (3 credits)
- ACC 401 Federal Income Taxes I (3 credits) Prerequisite: ACC 205
- ACC 407 Advanced Accounting (3 credits) Prerequisites: ACC 306 and ACC 310
- ^^ACC 410 Auditing (3 credits) Prerequisite: GEN 499.

^ Quantitative Reasoning Core Competency requirement must be met before taking these courses.
^^ This course must be taken last in the program.

Please note, student who have successfully completed ACC 201 and/or ACC 202 at the Associate level will be waived
from ACC 205 and/or ACC 206 respectively at the Bachelor’s level.

Bachelor of Arts in Business Administration

The Bachelor of Arts in Business Administration program prepares students for professional opportunities and advancement in dynamic, global business environments. The program is designed to focus on both current and emerging business issues while incorporating a foundation of business literature and theory appropriate for future success in managing the business function of the firm. Students also gain additional skills in critical thinking, problem solving, quantitative analysis, applied business research, and business writing in addition to fundamental knowledge of accounting, finance, production and distribution, management, marketing, business law, and strategy.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes

Business Administration major graduates will be able to:

1. Examine the role of competitive advantage in business environments using strategic and operational methods;
2. Compare and contrast regional, national, and international business environments;
3. Evaluate the legal, social, political, and economic environments of business;
4. Analyze financial information and other business data to ensure effective managerial decision-making;
5. Design effective solutions by diagnosing organizational problems; and
6. Create a strategic business plan.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 38 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)

- MGT 330 Management for Organizations (3 credits)
- BUS 303 Human Resource Management (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- *INF 220 IS Principles (3 credits)
- ACC 201 Principles of Financial Accounting (3 credits)
- ACC 202 Principles of Managerial Accounting (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- *BUS 340 Business Communications (3 credits)
- BUS 311 Business Law I (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)
- ^MGT 302 Foundations of Productions & Operations Management (3 credits) Prerequisites: ACC 206 or ACC 202, BUS 308 and MGT 330.
- ^BUS 357 International Business (3 credits)
- ^BUS 401 Principles of Finance (3 credits) Prerequisites: ACC 201 or ACC 205 or ACC 208 or ACC 281
- ^^BUS 402 Strategic Management & Business Policy (3 credits) Prerequisite: GEN 499.

* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking these courses.
^^ This course must be taken last in the program.

Transfer Concentration Option

Students may add a transfer concentration to the BA in Business Administration program by transferring in 12 applicable credits in one of the following areas:

- Business Management
- Marketing
- Accounting
- Finance
- Hospitality Management
- Retail Management
- Computer Science Studies

Transfer concentrations are intended for students who have experience and/or extensive transfer credit coursework in a field of study at the time of admission to the program. The following major courses are designated for substitution

138 ASHFORD UNIVERSITY
with concentration coursework, where appropriate: ECO 203, INF 220, BUS 303, and BUS 340. For additional details, see Transfer Concentration Guidelines in the General Academic Information and Policies section of this Catalog.

Bachelor of Arts in Business Economics
The Bachelor of Arts in Business Economics links the fields of economics and business to provide students with an understanding of the theoretical and practical approaches of economics while preparing graduates for employment in a continually changing global and technologically innovative business environment. It prepares students for employment in a variety of business fields, particularly finance, banking, business management, and government service.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Business Economics major graduates will be able to:
1. Assess business facts and interpret them consistent with economic thinking;
2. Examine of how decision makers allocate scarce resources to achieve economic efficiency;
3. Apply economic tools to analyze decisions made by consumers, firms, and policy makers; and
4. Predict the impact of fiscal, monetary, and trade policy on a firm using microeconomic and macroeconomic models.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 45 credits
Electives: 32 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (45 credits)
• MGT 330 Management for Organizations (3 credits)
• BUS 311 Business Law I (3 credits)
• ECO 203 Principles of Macroeconomics (3 credits)
• ECO 204 Principles of Microeconomics (3 credits)
• ACC 205 Principles of Accounting I (3 credits)
• ACC 206 Principles of Accounting II (3 credits) Prerequisite: ACC 205
• ^BUS 308 Statistics for Managers (3 credits)
• ECO 316 Financial Institutions & Markets (3 credits) Prerequisite: ECO 100 or ECO 203
• ECO 320 International Economics (3 credits)
• ^ECO 342 Principles of Econometrics (3 credits) Prerequisite: BUS 308
• ^BUS 401 Principles of Finance (3 credits) Prerequisite: ACC 201 or ACC 205 or ACC 208 or ACC 281
• MGT 380 Leadership for Organizations (3 credits)
• ECO 408 Managerial Economics (3 credits) Prerequisite: ECO 204
• ECO 406 Business Cycles & Growth (3 credits) Prerequisite: ECO 203
• ^^BUS 402 Strategic Management & Business Policy (3 credits) Prerequisite: GEN 499.

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.

Bachelor of Arts in Business Information Systems
The Bachelor of Arts in Business Information Systems program enables graduates to understand the interaction, planning, development, and operations of information systems and information sharing within a business or organization. Courses focus on information technology planning, networking, e-business strategies, strategic data utilization, and business management, as well as problem solving and leadership in designing, developing, and implementing new or existing information systems within businesses and organizations.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Business Information Systems major graduates will be able to:
1. Apply analytical, logical, and critical thinking abilities in the development of effective information systems solutions;
2. Evaluate information systems and enterprise solutions appropriate to meet presented business challenges;
3. Compare and contrast the local and global impact of computing on individuals, organizations, providers, and society;
4. Develop alternative information systems solutions appropriate for addressing business problems;
5. Evaluate processes that support the delivery and management of information systems within the business application environment;
6. Apply knowledge to make responsible decisions when addressing professional, ethical, legal, and social issues and responsibilities relevant to the Information Technology discipline; and
7. Employ collaborative team skills to accomplish a common goal.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)
- MGT 330 Management for Organizations (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- *INF 220 IS Principles (3 credits) Prerequisite: INF 103 or permission of instructor.
- BUS 311 Business Law I (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)
- COM 340 Technical Writing (3 credits)
- **INF 231 Programming Concepts (3 credits) Prerequisite: INF 103 or permission of instructor.

Bachelor of Arts in Business Leadership
The Bachelor of Arts in Business Leadership focuses on understanding the skills and knowledge necessary to be an effective leader in business organizations. The program emphasizes theory and practice through a comprehensive curriculum of communications, industrial/organizational psychology, conflict management, organizational behavior, social responsibility, motivation, strategic management, and leadership.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification.

Program Outcomes
Business Leadership major graduates will be able to:
1. Examine the influence of leadership, vision, and strategic planning in a variety of organizations and environments;
2. Assess the process of leading others in environments increasingly characterized by change and complexity;
3. Apply principles of human behavior and motivation to maximize use of human resources;
4. Analyze methods of organization change and development; and
5. Evaluate the most recent tools and concepts emerging in management and leadership.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *39 credits
Electives: 44 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (39 credits)
- BUS 119 Principles of Personal & Organizational Leadership (3 credits)
- *BUS 250 Corporate & Social Responsibility (3 credits)
- MGT 330 Management for Organizations (3 credits)
- BUS 318 Organizational Behavior (3 credits)  \(Prerequisite: BUS 201 \text{ or MGT 330}\)
- PSY 302 Industrial/Organizational Psychology (3 credits)
- BUS 340 Business Communications (3 credits)
- *COM 325 Communication & Conflict (3 credits)  \(Prerequisites: ENG 121 \text{ and ENG 122 or equivalents}\)
- MGT 380 Leadership for Organizations (3 credits)
- MGT 425 Leadership & Motivation (3 credits)
- MGT 321 Assessing Leadership Skills (3 credits)
- BUS 370 Organizational Development (3 credits)  \(Prerequisite: BUS 201 \text{ or MGT 330 or HCA 459}\)
- MGT 450 Strategic Planning for Organizations (3 credits)  \(Prerequisite: MGT 330\)
- ^MGT 460 Leadership Priorities & Practice (3 credits)  \(Prerequisite: GEN 499.\)
* Satisfies General Education requirements.
^This course must be taken last in the program.

Bachelor of Arts in Consumer and Family Financial Services
The Bachelor of Arts in Consumer and Family Financial Services program is designed to prepare students for careers in insurance, investments, or family financial advisement. While this program provides students with a comprehensive knowledge of business finance, personal financial planning, investment management, life and health insurance, property and casualty insurance, principles of banking, consumer lending, international finance, financial institutions, and trust operations, it is distinct from a pure corporate finance program due to its focus on individual and personal support.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Consumer and Family Financial Services major graduates will be able to:
1. Recommend appropriate financial information to individual consumers;
2. Assess legal concepts and their application to the individual investor;
3. Evaluate personal financial practices to achieve the most efficient use of the clients financial resources;
4. Assess the role of financial advisor in the provision of business services to clients;
5. Construct both short range and long range financial plans for a client;
6. Examine the role of life, health, property, and casualty insurance in business and personal financial planning; and
7. Evaluate various types of investments in terms of their risks and potential returns.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)
- BUS 215 Personal Financial Management (3 credits)
- BUS 311 Business Law I (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
ONLINE UNDERGRADUATE PROGRAMS

- SRV 301 Introduction to Service Management (3 credits)
- *PHI 445 Personal & Organizational Ethics (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)

^^ This course must be taken last in the program.

Bachelor of Arts in Entrepreneurship

Business is inherently entrepreneurial in nature but the skill set and knowledge required to be an entrepreneur are different from those required of other business managers. Ashford University’s Bachelor of Arts in Entrepreneurship curriculum was designed to help emerging entrepreneurs build successful businesses and harness opportunities. The program takes students through a course of study that educates them in sound business principles, preparing a
business plan, and how to finance and manage a small business.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Entrepreneurship major graduates will be able to:

1. Assess the risks involved in an entrepreneurial venture;
2. Analyze the impact of the political, legal and ethical environment on entrepreneurial ventures;
3. Analyze emerging issues facing emerging businesses in competitive markets;
4. Integrate the functional areas of business in the strategic planning process; and
5. Construct a business plan for an entrepreneurial venture.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)
- MGT 330 Management for Organizations (3 credits)
- PHI 445 Personal & Organizational Ethics (3 credits)
- BUS 303 Human Resource Management (3 credits)
- BUS 311 Business Law I (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)

- BUS 433 New Business Strategy (3 credits) Prerequisite: BUS 362
- BUS 455 Internet & Social Media Marketing (3 credits) Prerequisite: BUS 330
- BUS 437 Business Plan Development (3 credits) Prerequisite: GEN 499.

* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.

Bachelor of Arts in Finance
The Bachelor of Arts in Finance provides students with an understanding of financial analysis, financial management, and financial systems. It prepares students for employment in a variety of business fields including credit manager, trust administrator, financial planning, financial services, banking, real estate, corporate financial management, risk management and insurance, and securities sales and management.

Special Terms and Conditions: A degree in finance prepares a student for many different career options. Some of these career options will require holding specific certifications such as Certified Financial Planner, Chartered Financial Analyst or FINRA registration. While a degree program provides a wide background in the finance field, Ashford University does not guarantee that any student is prepared for any certification examination at the completion of their degree. You are encouraged to research the requirements of each organization so that you can see how your education and work experience can help prepare you for the designation you will need.

Program Outcomes
Finance major graduates will be able to:

1. Analyze business and financial conditions using appropriate problem solving skills;
2. Apply financial theories to conduct financial analysis;
3. Appraise financial practices to achieve the efficient use of financial resources;
4. Evaluate the political, social, legal, regulatory, and technological issues in the context of micro- and macro-finance;
5. Evaluate financial information and non-financial information in order to appropriately assess business opportunities; and
6. Construct long-range financial planning, implementation, and control systems.

**Program Requirements**

Total number of credits required: 120 credits

General Education Requirements: *43 credits

Major Course Requirements: *45 credits

Electives: 35 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (45 credits)**

- MGT 330 Management for Organizations (3 credits)
- BUS 311 Business Law I (3 credits)
- PHI 445 Personal & Organizational Ethics (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)

* Satisfies General Education requirements.

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.

^^ This course must be taken last in the program.

**Bachelor of Arts in Human Resources Management**

The Bachelor of Arts in Human Resources Management degree program is designed for students seeking to acquire a concentration of human resource knowledge within a broad base of business concepts. Students will explore and acquire insights into the relationship between the organization’s ability to implement its strategic intent through the HR organization’s functional areas like recruitment and selection, training and development, compensation and benefits. All students must complete a capstone requirement which integrates content across the degree program and validates the students’ knowledge.

**Special Terms and Conditions:** Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

**Program Outcomes**

Human Resources Management major graduates will be able to:

1. Evaluate internal and external organizational environments and the impact of their interrelationships on human resource functions;
2. Analyze the process of job analysis, staffing, appraisal and compensation, training, career planning, and organizational development;
3. Examine the interaction among management, labor, and labor law;
4. Assess and develop methods designed to prevent employer liability and labor relation issues (anti-discrimination statutes, employee and labor relations, union and non-union environment issues); and
5. Analyze the ethical, legal, and safety challenges faced in the workplace.

**Program Requirements**

Total number of credits required: 120 credits

General Education Requirements: 43 credits

Major Course Requirements: 45 credits

Electives: 32 credits

Students must earn a minimum of 30 upper-division credits.

**Major Course Requirements (45 credits)**

- MGT 330 Management for Organizations (3 credits)
- BUS 303 Human Resource Management (3 credits)
- BUS 318 Organizational Behavior (3 credits) *Prerequisite: BUS 201 or MGT 330

• ^^MGT 492 Strategic Management for the Multinational Enterprise Capstone (3 credits)  Prerequisite: GEN 499.

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.

Bachelor of Arts in Marketing

Ashford University’s Bachelor of Arts in Marketing Program focuses on preparing students for professional
careers in marketing. The program provides an academic baseline and develops technical knowledge and application skills in market research, consumer behavior, advertising, and strategy. Graduates will be able to analyze marketing data, develop marketing plans, and examine the appropriate use of marketing media.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Marketing major graduates will be able to:

1. Apply management and marketing concepts to diverse marketing needs among domestic and multiple global cultures;
2. Employ market research, data analysis and analytics techniques to make informed marketing decisions;
3. Compare legal, ethical, sustainable, and socially responsible marketing principles;
4. Utilize appropriate marketing communications and digital practices to meet organizational and consumer needs; and
5. Create a strategic marketing plan for a dynamic business environment.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.

* In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)

- MGT 330 Management for Organizations (3 credits)
- *BUS 340 Business Communications (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- BUS 317 Introduction to Advertising (3 credits)

^^ This course must be taken last in the program.

Bachelor of Arts in Operations Management and Analysis

The Bachelor of Arts in Operations Management and Analysis program prepares students to be operations managers who possess the analytical, problem-solving, and behavioral management skills needed to diagnose problems, improve operating systems, and communicate and gather support for required system improvements that contribute to a business’ success. It prepares students for employment in a variety of business fields, particularly manufacturing, production control, distribution, inventory control, quality management, and supply chain management.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Operations Management and Analysis major graduates will be able to:

1. Apply systems analysis to management decisions and operational success;
2. Assess methods of quality management, product and service development, and learn processes in business operations;
3. Develop skills in managing projects and programs;
4. Examine globalization effects on the organization’s operations, supply chain, and product or services production; and
5. Analyze effective decision-making, problem solving, and technical skills required in management.

Program Requirements
Total number of credits required: 120 credits

General Education Requirements: 43 credits
Major Course Requirements: 45 credits

  Prerequisite: GEN 499.

Bachelor of Arts in Organizational Management
The Organizational Management program is designed for students who have work experience and desire to improve their understanding of how organizations function and develop effective skills in management and leadership. The curriculum places emphasis on the human side of managing organizations, allowing for skill development in communication, group behavior, decision making, human resource management, and ethics. Focused attention is given to defining and understanding strategic planning, financial management, law, and marketing areas in which an organizational leader must be knowledgeable to be effective.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Organizational Management major graduates will be able to:
1. Examine one’s personal leadership style and determine its appropriateness to various organizational situations;
2. Formulate management-level decisions within the organizational framework;
3. Formulate strategies for effective team development;
4. Analyze alternative solutions for complex business problems;
5. Compare and contrast individual characteristics that influence work behaviors and organizational effectiveness; and
6. Analyze the impact of social problems on the workplace at the individual, group, organizational, and societal levels.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 47 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.
Major Course Requirements (36 credits)

- BUS 119 Principles of Personal and Organizational Leadership (3 credits)
- *BUS 250 Corporate and Social Responsibility (3 credits)
- MGT 330 Management for Organizations (3 credits)
- MGT 380 Leadership for Organizations (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- BUS 318 Organizational Behavior (3 credits)  
  Prerequisite: BUS 201 or MGT 330
- *BUS 340 Business Communication (3 credits)
- MGT 435 Organizational Change (3 credits)
- BUS 303 Human Resource Management (3 credits)
- BUS 370 Organizational Development (3 credits)  
  Prerequisite: BUS 201 or MGT 330 or HCA 459
- MGT 450 Strategic Planning for Organizations (3 credits)  
  Prerequisite: MGT 330
- ^MGT 460 Leadership Priorities & Practice (3 credits)  
  Prerequisite: GEN 499.

* Satisfies General Education requirements.
^ This course must be taken last in the program.

Transfer Concentration Option

Students may add a transfer concentration to the Bachelor of Arts in Organizational Management program by transferring in 12 applicable credits in a defined subject area. Transfer concentrations are not required and are intended for students who have experience and/or extensive transfer credit coursework in a field of study at the time of admission to the program. The following major courses are designated for substitution with concentration coursework, where appropriate: BUS 119, BUS 250, BUS 340 and MGT 435. For additional details, see Transfer Concentration Guidelines in the General Academic Information and Policies section of this Catalog.

Bachelor of Arts in Project Management

The Bachelor of Arts in Project Management program provides students with the critical skills needed to manage projects and lead project teams. Students learn how to initiate, plan, execute, control, and close projects. Students also learn critical skills related to leadership, team development, risk analysis, project cost management, schedule/task control, effective communication, and quality control. This major is also designed to incorporate the core business knowledge appropriate to manage wider organizational processes.

Special Terms and Conditions: Successful completion of this degree by itself does not qualify a student to sit for any certification examinations offered by the Project Management Institute (PMI) including: the Certified Associate in Project Management (CAPM), Project Management Professional (PMP), Program Management Professional (PgMP), PMI Agile Certified Practitioner (PMI-ACP), PMI Risk Management Professional (PMI-RMP), or the PMI Scheduling Professional (PMI-SP). Graduates of this program may meet some of the requirements to sit for PMI certification exams, but, it is the responsibility of each student or graduate to research the requirements for each. In most instances, the requirements to sit for a PMI certification exam include a secondary diploma or a four year degree, and a certain number of documented hours of project management experience.

The Project Management Institute (PMI) is an independent entity not affiliated with Ashford University. Successful completion of this degree does not fully qualify a student for any PMI certification. Students or graduates that are interested in pursuing PMI certifications are strongly encouraged to visit their website (www.pmi.org) for additional information.

Program Outcomes

Project Management major graduates will be able to:

1. Apply proven project management principles to business situations;
2. Apply current project management best practices to initiate, plan, execute, control, and close a well-documented project;
3. Examine successful project team development and management strategies;
4. Assess how project management practices can support organizational effectiveness and the corporate strategic planning process;
5. Evaluate the role of risk in projects and ways to mitigate its effects;
6. Examine the application of ethics to the practice of project management; and
7. Integrate dynamic business data using relevant technology solutions.

Program Requirements

Total number of credits required: 120 credits  
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.
Major Course Requirements (45 credits)

- MGT 330 Management for Organizations (3 credits)
- BUS 311 Business Law I (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- ^BUS 401 Principles of Finance (3 credits)
  \textit{Prerequisites: ACC 201 or ACC 205 or ACC 208 or ACC 281}
- BUS 303 Human Resource Management (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)
- PRM 300 Introduction to Project Management (3 credits)
- INF 337 Integrated Cost & Schedule Control (3 credits)
  \textit{Prerequisites: ACC 205 and BUS 308 or MAT 332}
- *PHI 445 Personal & Organizational Ethics (3 credits)
- MGT 380 Leadership for Organizations (3 credits)
- INF 336 Project Procurement Management (3 credits)
  \textit{Prerequisite: INF 231 or permission of the instructor}
- BUS 445 Total Quality Management (3 credits)
- MGT 435 Organizational Change (3 credits)
- ^BUS 402 Strategic Management & Business Policy (3 credits)
  \textit{Prerequisite: GEN 499}
* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.

Bachelor of Arts in Public Administration

The Bachelor of Art in Public Administration is designed for students who seek entry-level management careers in government management at the federal, state, or local level and nonprofit management. Students will receive a solid foundation in public sector practices and processes complemented by coursework in the social sciences.

\textit{Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.}

Program Outcomes

Public Administration major graduates will be able to:

1. Organize theoretical knowledge for understanding, developing, and implementing public policy and administration;
2. Integrate academic theory and practical applications;
3. Apply management theory to the practice of public administration;
4. Analyze relevant political and legal factors in the policy process and analyze their roles critically; and
5. Judge the ethical components of public responsibility.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits

Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)

- MGT 330 Management for Organizations (3 credits)
- MGT 380 Leadership for Organizations (3 credits)
- POL 303 The American Constitution (3 credits)
- POL 310 Environmental Policies (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)
- *PHI 445 Personal & Organizational Ethics (3 credits)
- PPA 301 Principles of Public Administration (3 credits)
- PPA 303 Finance for Public Administrators (3 credits)
  \textit{Prerequisite: ECO 203}
- PPA 305 Budgeting for Public Administrators (3 credits)
- PPA 307 Intergovernmental Relations & Issues (3 credits)
  \textit{Prerequisite: PPA 301}
- PPA 401 Urban Management (3 credits)
  \textit{Prerequisite: PPA 301}
- PPA 403 Administrative Law (3 credits)
- PPA 405 Personnel Management (3 credits)
- ^PPA 497 Public Policy Formation (3 credits)
  \textit{Prerequisite: GEN 499}
* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.
Bachelor of Arts in Public Relations and Marketing

Graduates of the major in Public Relations and Marketing will be able to develop an understanding and mastery of marketing and public relations functions. Emphasis is on creating a repertoire of communication skills in order to become an effective communicator across contexts, as well as to develop competence in using planning skills to create and implement marketing and public relations solutions to meet client’s needs. Graduates will be able to evaluate the effectiveness and appropriateness of marketing and public relations messages and engage in problem analysis, strategic planning, message development, and tactical solutions.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes

Public Relations and Marketing major graduates will be able to:

1. Develop an understanding and mastery of marketing, and public relations functions;
2. Create a repertoire of communication skills in order to become an effective communicator across contexts;
3. Develop competence in using planning skills to create and implement marketing and public relations solutions to meet client’s needs;
4. Evaluate the effectiveness and appropriateness of marketing and public relations messages; and
5. Engage in problem analysis, strategic planning, message development, and tactical solutions.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: *43 credits

Major Course Requirements: *45 credits

Electives: 38 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)

- MGT 330 Management for Organizations (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- BUS 317 Introduction to Advertising (3 credits)
- BUS 336 Marketing Strategy (3 credits)
- BUS 339 Marketing Research (3 credits)
- *BUS 340 Business Communications (3 credits)
- BUS 343 International Marketing (3 credits)
- BUS 350 Consumer Behavior (3 credits)
- BUS 352 e-Business (3 credits)
- CGD 218 Visual Literacy in Business (3 credits)
- CGD 240 Media Writing & Editing (3 credits)
- CGD 318 Public Relations Practices & Promotional Writing (3 credits)
- PRM 300 Introduction to Project Management (3 credits)
- *PHI 445 Personal & Organizational Ethics (3 credits)
- ^BUS 421 PR/Marketing Capstone (3 credits) Prerequisite: GEN 499

* Satisfies General Education requirements.

^ This course must be taken last in the program.

Bachelor of Arts in Real Estate Studies

The Bachelor of Arts in Real Estate Studies degree prepares student for a career in the real estate profession. The curriculum incorporates a rich foundation of general business with the specialized advanced core in real estate studies. The real estate major prepares students for careers in mortgage lending, development, equity investment, brokerage and sales, valuation, consulting, property and asset management, etc.

Special Terms and Conditions: Successful completion of this degree does not guarantee that any state real estate licensing agency will accept a student’s or a graduate’s application to sit for or successfully complete any such exam. In addition, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for a certification or as a qualifying academic credential for membership in such professional organization.

Most US states require licensing to perform various professional activities associated with real estate business services. Such licensing may require an examination performed by designated controlling state agencies. If students or graduates are interested in pursuing any state licenses, they are strongly encouraged to research their local state real estate agency’s requirements for licensure.
California Students: This program alone does not lead to licensure. For students wishing to sit for the California Real Estate Salesperson Licensing Exam, this program only meets the educational requirements. For this purpose, a total of two specific (RES301 and RES325) and one optional course is required, for a total of 9 college credits. Optional courses can be satisfied by any course within the program. Finishing this program, or only completing the 9 college credits mentioned above, does not prepare a student to sit for the exam. In addition to these three courses, applicants must be 18 years or older, be a CA resident or qualify as an out-of-state applicant, and pass a criminal history background check by fingerprint via a Live Scan service that may include an investigation into felony and misdemeanor convictions. For students wishing to sit for the CA Broker License Exam, additional courses will need to be completed and a minimum of two years full-time licensed salesperson experience within the last five years or the equivalent is required. The additional courses required, however, must be examined on a case by case basis. For additional details regarding the CA requirements for obtaining a real estate salesperson, please visit: http://www.bre.ca.gov/Examinees.

Program Outcomes
Real Estate Studies major graduates will be able to:
1. Assess real estate professional governance and licensing in the states and how such laws and systems benefit consumers;
2. Examine essential real estate business practices;
3. Apply real estate law, contract law, and Uniform Commercial Code in solving complex real estate problems;
4. Discern how economic, demographic, dynamic, and market trends influence real estate and real estate valuations; and
5. Examine basic real estate financial markets and financing methods most commonly applied to single family residences, multiple family residences, and commercial properties.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)
- MGT 330 Management for Organizations (3 credits)
- BUS 311 Business Law I (3 credits)
- PHI 445 Personal & Organizational Ethics (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- BUS 308 Statistics for Managers (3 credits)
- RES 301 Principles of Real Estate (3 credits)
- RES 325 Real Estate Practice (3 credits)
- RES 327 Real Estate Economics (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- RES 334 Real Estate Finance (3 credits)
- RES 345 Legal Aspects of Real Estate (3 credits)
- RES 429 Property Management (3 credits)
- RES 431 Commercial Real Estate Investment (3 credits)
- RES 450 Real Estate Appraisal (3 credits)
- RES 497 Strategic Management of the Real Estate Enterprise (3 credits) Prerequisite: GEN 499

Bachelor of Arts in Service Management
The Bachelor of Arts in Service Management with specializations program is designed to provide the knowledge and skills to be effective in one of the fastest growing sectors of the economy. The course of study prepares students to deliver services that include all internal and external activities of organizations aimed at customer acquisition, retention and care.

Because careers may range from consultant and specialist jobs to management tasks within the numerous fields and functions in the service sector, students must select a specialization in this program. Specializations include Non-profit Enterprise, Hospitality Enterprise, Restaurant Enterprise Management, and Retail Management.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Service Management major graduates will be able to:
1. Assess service logistics in a variety of service environments;
2. Apply various service systems to construct customer relationship platforms;
3. Integrate innovative practices and processes designed to increase the performance of a service organization;
4. Develop new human capital strategies in service organizations; and
5. Design service metrics based on the needs of a service organization.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 33 credits
Required Specialization: 12 credits
Electives: 32 credits

Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (33 credits)

- MGT 330 Management for Organizations (3 credits)
- BUS 303 Human Resource Management (3 credits)
- BUS 311 Business Law I (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- ACC 206 Principles of Accounting II (3 credits)  
  Prerequisite: ACC 205
- ECO 204 Principles of Microeconomics (3 credits)
- SRV 301 Introduction to Service Management (3 credits)
- SRV 312 Service Operations Management (3 credits)  
  Prerequisite: SRV 301
- SRV 340 Marketing in a Services Environment (3 credits)  
  Prerequisite: SRV 301
- ^BUS 401 Principles of Finance (3 credits)  
  Prerequisite: ACC 201 or ACC 205 or ACC 208 or ACC 281
- ^BUS 402 Strategic Management & Business Policy (3 credits)  
  Prerequisite: GEN 499

Choose one specialization from the following:

Hospitality Enterprise Specialization (12 credits)

- SRV 332 Fundamentals of Hospitality (3 credits)  
  Prerequisite: SRV 301
- SRV 333 Resort Management (3 credits)  
  Prerequisite: SRV 301
- SRV 423 Food & Beverage Control (3 credits)  
  Prerequisite: SRV 301

Retail Management Specialization (12 credits)

- BUS 337 Principles of Retail Management (3 credits)
- BUS 317 Introduction to Advertising (3 credits)
- BUS 441 Retail Pricing Management (3 credits)  
  Prerequisites: ECO 204 and SRV 340
- BUS 442 Retail Merchandising (3 credits)

Non-Profit Enterprise Specialization (12 credits)

- SOC 315 Cross-Cultural Perspectives (3 credits)
- BUS 318 Organizational Behavior (3 credits)  
  Prerequisite: BUS 201 or MGT 330
- SRV 428 Non-Profit Agency Management (3 credits)  
  Prerequisite: SRV 301
- SRV 429 Fiscal Management of Nonprofit Organizations (3 credits)  
  Prerequisite: SRV 301

Restaurant Enterprise Management Specialization (12 credits)

- SRV 346 Introduction to Restaurant Management (3 credits)  
  Prerequisite: SRV 301
- SRV 347 Sanitation & Safety (3 credits)  
  Prerequisite: SRV 301
- SRV 438 Menu Planning & Design (3 credits)  
  Prerequisite: SRV 301
- SRV 423 Food & Beverage Control (3 credits)  
  Prerequisite: SRV 301

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.

Bachelor of Arts in Sports and Recreation Management

The Sports and Recreation Management major helps to prepare professionals for managerial positions in the sports and recreation industry including professional, intercollegiate, and interscholastic sports; sport/fitness clubs; sports/athletics equipment merchandising; public, private, and commercial recreation programs; and intramural and recreational sports.

Students complete coursework in the following areas: accounting, business, economics, English, information systems, philosophy, physical education, sociology, speech, and psychology. The curriculum consists of learning experiences that are essential for assuming entry-level business management positions in the sports and recreation profession.
Students completing the required coursework will be exposed to various theories of management in the field of business administration, exhibit college-level writing and speaking skills, and acquire a knowledge base in the field of sports and recreation management.

**Special Terms and Conditions:** This degree program is in Candidacy Status by the Commission on Sport Management Accreditation (COSMA), located in Fort Collins, CO, USA.

Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

**Program Outcomes**

Sports and Recreation Management major graduates will be able to:

1. Integrate knowledge from sports recreation and business administration fields;
2. Examine the relationship between theory and practice;
3. Analyze effective means of communication in a variety of modalities;
4. Apply business procedures to team and facilities management; and
5. Assess appropriate decision making skills in a variety of sports and recreation organizations.

**Program Requirements**

Total number of credits required: 120 credits

**General Education Requirements:** *43 credits

**Major Course Requirements:** *45 credits

**Electives:** 35 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (45 credits)**

- MGT 330 Management for Organizations (3 credits)
- CGD 218 Visual Literacy in Business (3 credits)
- CGD 318 Public Relations Practices & Promotional Writing (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- BUS 340 Business Communications (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- ^BUS 307 Operations Management & Quantitative Techniques (3 credits)
- SRM 401 Sport Finance (3 credits)  **Prerequisite:** ACC 205
- SRM 311 Sport Law (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- PRM 300 Introduction to Project Management (3 credits)
- BUS 303 Human Resource Management (3 credits)
- SRM 320 Organization & Administration of Sports & Recreation Management (3 credits)  **Prerequisite:** Junior standing or permission of instructor.
- SRM 410 Contemporary Issues in Sports Marketing & Management (3 credits)
- ^^SRM 325 Case Research in Sports & Recreation Management (3 credits)  **Prerequisite:** GEN 499

* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking these courses.
^^ This course must be taken last in the program.

**Bachelor of Arts in Supply Chain Management**

The Bachelor of Arts in Supply Chain Management program focuses on effective management of supply chain processes and information flows that optimize activities and costs to serve the customer efficiently and effectively. Production schedules, procurement, transportation services, quality, and warehousing management activities are studied as individual functions as well as strategic relationships among the functions. Emphasis is placed on problem solving, logical thinking, and development of accurate management assessments. This major is also designed to incorporate the core business knowledge appropriate to manage wider organizational processes.

**Special Terms and Conditions:** Successful completion of this degree by itself does not qualify students to obtain any certifications from The Association for Operations Management (APICS). Also, successful completion of this degree does not by itself qualify students to sit for the APICS Certified Supply Chain Professional (CSCP) certificate examination. The requirements to sit for the CSCP certificate examination include a combination of education and documented supply chain management experience. Conversely, the APICS Certified in Production and Inventory Management (CPIM) certificate does not have any requirements to take the five examinations which are required to obtain CPIM certification, aside from exam registration fees.
Students or graduates interested in pursuing the APICS CSCP or the APICS CPIM certification are strongly encouraged to visit the APICS website (www.apics.org) for additional information.

Similarly, successful completion of this degree by itself does not qualify students to obtain any certifications from The American Purchasing Society or sit for any of their certification examinations. If a student or graduate is interested in pursuing certifications offered by this professional association including: the Certified Purchasing Professional (CPP), the Certified Professional Purchasing Manager (CPPM), and the Certified Professional Purchasing Consultant (CPPC), they are strongly encouraged to visit The American Purchasing Society portal (www.american-purchasing.com). Some of the prerequisites for eligibility for certification are a minimum of three years purchasing related experience or a degree from a recognized college, plus two years of purchasing related experience. Information on other prerequisites and requirements for certification is available at www.american-purchasing.com.

Program Outcomes
Supply Chain Management major graduates will be able to:
1. Apply proven supply chain management principles to business situations;
2. Examine globalization effects on the organization’s supply chain and product or services production;
3. Evaluate an appropriate supply chain design for a given application;
4. Analyze the implications of supply chain management to organizational effectiveness;
5. Assess supply chain performance using information technology; and
6. Integrate supply chain goals with the corporate strategic planning process.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 48 credits
Electives: 32 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (48 credits)
- MGT 330 Management for Organizations (3 credits)
- BUS 311 Business Law I (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- MGT 380 Leadership for Organizations (3 credits)
- ^BUS 401 Principles of Finance (3 credits)
  Prerequisites: ACC 201 or ACC 205 or ACC 208 or ACC 281
- ^BUS 308 Statistics for Managers (3 credits)
- *INF 220 IS Principles (3 credits)  Prerequisite: INF 103 or permission of instructor
- ^BUS 307 Operations Management & Quantitative Techniques (3 credits)
- MGT 323 Principles of Supply Chain Management (3 credits)  Prerequisite: MGT 330
- MGT 370 International Supply Chain Management (3 credits)
- MGT 300 Supply Management (3 credits)
- MGT 400 Logistics Management (3 credits)  Prerequisite: MGT 330
- BUS 445 Total Quality Management (3 credits)
- BUS 461 Decision Modeling & Analysis (3 credits)  Prerequisites: MGT 330 and BUS 308
- ^^MGT 496 Strategic Warehouse Management (3 credits)  Prerequisite: GEN 499

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.
^^ This course must be taken last in the program.

Bachelor of Arts in Sustainable Enterprise Management
(This program is not accepting new enrollments)
The emerging green economy requires significantly different business skills, competencies, and world view. The Ashford University Bachelor of Arts in Sustainable Enterprise Management curriculum is designed to ready students for those careers in which sustainable business practices and operating principles are the norm. The focus of the program beyond the general business core is the development of specialized competencies in social responsibility and environmentally friendly business practices.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will...
Program Outcomes
Sustainable Enterprise Management major graduates will be able to:

1. Evaluate business processes applying environmentally appropriate management techniques;
2. Develop economically, environmentally, and socially sound sustainable decision processes;
3. Evaluate the impact of products, processes, and activities through life cycle assessment;
4. Examine professional and ethically responsible challenges in the environmentally friendly business context; and
5. Assess the business as an integrated system including the relations among the functional areas, and the application of long-range planning, implementation and control systems.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *52 credits
Major Course Requirements: *46 credits
Electives: 32 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 10 credits from the major and 3 credits from introductory requirements may also satisfy General Education requirements.

Introductory Course Requirements (6 credits)
- +EXP 105 Personal Dimensions of Education (3 credits)
- *PSY 202 Adult Development & Life Assessment (3 credits)

Major Course Requirements (46 credits)
- *SCI 207 Dependence of Man on the Environment (4 credits)
- ENV 230 Concepts of Sustainability (3 credits)
- MGT 330 Management for Organizations (3 credits)
- BUS 311 Business Law I (3 credits)
- *POL 310 Environmental Policies (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ACC 205 Principles of Accounting I (3 credits)
- BUS 307 Operations Management & Quantitative Techniques (3 credits) Prerequisite: Mathematical competency
- BUS 308 Statistics for Managers (3 credits) Prerequisite: Mathematical competency
- ENV 322 Energy & Environmental Systems (3 credits)
- ENV 333 Environmental Impact (3 credits)
- BUS 401 Principles of Finance (3 credits) Prerequisites: ACC 205 or ACC 208 and Mathematical competency
- BUS 427 Sustainable Business Practices (3 credits)
- *PHI 445 Personal & Organizational Ethics (3 credits)
- BUS 402 Strategic Management & Business Policy (3 credits) Prerequisites: BUS 201 or MGT 330, ACC 205 and ECO 203 or ECO 204 and GEN 499

* Satisfies General Education requirements.

Bachelor of Science in Computer Software Technology
The Bachelor of Science degree in Computer Software Technology at Ashford University has been built on a solid foundation of mathematics and computer programming. The program is aimed to help students develop and maintain software systems that behave reliably and efficiently, are affordable to develop and maintain, and satisfy all the requirements that customers have defined for them. The Computer Software Technology program is developed on the basis of adaptive and engaged learning concepts and aimed to improve student professionalism and develop their ability to communicate ideas, work in groups, manage software products, and build quality into software products.

Special Terms and Conditions: Successful completion of the Bachelor of Science in Computer Software Technology degree by itself does not provide licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment in this degree program. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification.

Program Specific Requirements:
- Platforms: Windows 8 or Mac OS 10.7 or higher.
- Hardware: 2.2 GHz or faster processor, 250 GB minimum available disk space. 8 GB RAM minimum available. 16 GB RAM recommended.

● Web Browser: Latest version recommended of Chrome, Edge, Firefox, or Internet Explorer Safari, or other major web browser.

● Networking: High speed Internet connection required. Note: Dial up connections have been found to be incompatible with the large file transfers often required for coursework.

● Administrative Rights: Students must obtain administrative rights to their computer and Internet connection. The ability to download and upload files from various sources and providers will be required.

Program Outcomes
Computer Software Technology major graduates will be able to:

1. Apply knowledge of mathematics, computing, and scientific methods to system components and process development that meet requirement constraints in the application domain;

2. Employ professionalism, ethics, and social responsibility values related to computer software technology tasks and projects;

3. Identify the software requirements that meet stakeholders’ specifications and concerns by selecting the appropriate requirements and elicitation techniques;

4. Use proven techniques and patterns to design software structure before it is implemented;

5. Utilize values, skills, and critical thinking throughout computer software engineering decision making processes;

6. Apply established verification and validation techniques with well-defined objectives and targets to ensure that the software is meeting its stakeholders’ specifications and deliverables;

7. Communicate complex software engineering concepts in a multidisciplinary team using a variety of formats; and

8. Integrate modern knowledge, techniques, programming and management skills to develop and deliver reliable and complex software in a cost-effective manner.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 57 credits
Electives: 20 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (57 credits)

Core Course of Study

- MAT 232 Statistical Literacy (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ENG 328 Scientific & Technical Writing (3 credits)
  Prerequisites: ENG 122 and Fulfillment of General Education Scientific Reasoning requirement.
- INT 100 Fundamentals of Information Technology & Literacy (3 credits)
- CPT 200 Fundamentals of Programming Languages (3 credits) Prerequisite: INT 100
- CPT 301 Computer Organization and Architecture (3 credits) Prerequisite: CPT 200
- CPT 304 Operating Systems Theory & Design (3 credits) Prerequisite: CPT 200
- CPT 307 Data Structures, Algorithms, and Designs (3 credits) Prerequisite: CPT 200
- INT 301 Computer Networking (3 credits) Prerequisite: CPT 307
- CPT 310 Database Systems & Management (3 credits) Prerequisite: CPT 307
- CYB 300 System Administration and Security (3 credits) Prerequisite: INT 301
- CST 301 Software Technology and Design (3 credits) Prerequisite: CPT 301
- PRM 300 Introduction to Project Management (3 credits)

Major Course of Study

- CST 304 Software Requirements & Analysis (3 credits) Prerequisite: CST 301
- CST 307 Software Architecture & Design (3 credits) Prerequisite: CST 301
- CST 310 Software Development (3 credits) Prerequisite: CST 301
- CST 313 Software Testing (3 credits) Prerequisite: CST 301
- CST 316 Information Security Management (3 credits) Prerequisite: CST 301
- ^CST 499 Capstone for Computer Software Technology (3 credits) Prerequisite: GEN 499

^ This course must be taken last in the program.
Bachelor of Science in Information Technology

The Bachelor of Science in Information Technology degree program integrates technology skill development with the business enterprise acumen required in the fast-paced, rapidly changing global workplace. The program builds the foundation in business theory and practice supported by understanding the impact of advanced IT solutions in the workplace and develops IT professionals with a strong blend of business, organizational, technical, and interpersonal skills. The BSIT enables technology professionals to become critical thinkers and innovative process improvement agents through offering technology solutions. The program prepares students in the fields of Information Technology in areas of Business Analysis, Network and Information Security, Network Engineering and Network Administration, Information System and Information Technology Specialist, Information Technology Management, Project Management, Database Administration, Software and Application Development.

Special Terms and Conditions: Successful completion of the Bachelor of Science in Information Technology degree by itself does not provide licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment in this degree program. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification.

Program Specific Requirements:

- Platforms: Windows 8 or Mac OS 10.7 or higher.
- Hardware: 2.2 GHz or faster processor, 250 GB minimum available disk space. 8 GB RAM minimum available. 16 GB RAM recommended.
- Web Browser: Latest version recommended of Chrome, Edge, Firefox, or Internet Explorer Safari, or other major web browser.
- Networking: High speed Internet connection required. Note: Dial up connections have been found to be incompatible with the large file transfers often required for coursework.
- Administrative Rights: Students must obtain administrative rights to their computer and Internet connection. The ability to download and upload files from various sources and providers will be required.

Program Outcomes

Information Technology major graduates will be able to:

1. Apply information, strategies and techniques towards system improvement and the development of cutting edge Information Technology (IT) solutions;
2. Utilize state of the art project management tools and technical skills to apply the appropriate System Development Lifecycle methods in creating and maintaining IT solutions that fulfill the organizational goals;
3. Evaluate integration possibilities of various technologies, products, and services from multiple sources in one user environment;
4. Develop risk-management and system security plans and procedures using best-practices and appropriate system quality standards; and
5. Assess ethical, legal, security, and social aspects and values within organizations.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 54 credits
Electives: 23 credits

Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (54 credits)

Core Course of Study

- MAT 232 Statistical Literacy (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ENG 328 Scientific and Technical Writing (3 credits)  Prerequisites: ENG 122 and fulfillment of General
- INT 100 Fundamentals of Information Technology & Literacy (3 credits)
- CPT 200 Fundamentals of Programming Languages (3 credits)  Prerequisite: INT 100
- CPT 301 Computer Organization & Architecture (3 credits)  Prerequisite: CPT 200
- CPT 304 Operating Systems Theory & Design (3 credits)  Prerequisite: CPT 200
- CPT 307 Data Structures, Algorithms, & Designs (3 credits)  Prerequisite: CPT 200
- INT 301 Computer Networking (3 credits)  Prerequisite: CPT 307
- CPT 310 Database Systems & Management (3 credits)  Prerequisite: CPT 307
- CYB 300 System Administration & Security (3 credits) Prerequisite: INT 301
- CST 301 Software Technology & Design (3 credits) Prerequisite: CPT 310
- PRM 300 Introduction to Project Management (3 credits)

Major Course of Study
- INT 302 Programming with C++ (3 credits) Prerequisite: CST 301
- INT 303 Human Computer Interaction (3 credits) Prerequisite: CST 301
- INT 304 Web Design & Development (3 credits) Prerequisite: CST 301
- INT 305 Mobile Application Design & Development (3 credits) Prerequisite: CST 301
- INT 401 Information Technology Strategy & Management (3 credits) Prerequisite: CST 301
- ^ INT 499 Capstone for Information Technology (3 credits) Prerequisite: GEN 499.

^ This course must be taken last in the program.

College of Education: Undergraduate Programs and Requirements

Associate of Arts in Early Childhood Education
The Associate of Arts in Early Childhood Education is designed around courses that are grounded in the National Association for the Education of Young Children (NAEYC) standards, developmentally appropriate practices based upon best practices in child development research, center-based curriculum, and professionalism.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher’s license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford’s online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu.

Hawaii Students: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/index.asp.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes
Students who successfully complete the Associate of Arts in Early Childhood Education degree program will be able to:
1. Construct and evaluate curriculum designed to meet the differentiated academic, social and developmental needs of young children in alignment with the NAEYC standards;

2. Effectively utilize and evaluate assessment information as both formative and summative to inform and adapt instruction;

3. Demonstrate knowledge of a wide range of instructional strategies and behavioral techniques to address the developmental needs of various ages of young children in a structured setting;

4. Identify knowledge of the unique needs of special learners and adapt curriculum and instruction to meet these needs; and

5. Identify the stages of language, physical and social development in children ages birth to eight.

Program Requirements

Total number of credits required: 67 credits

General Education Requirements: *40 credits

Core Requirements: *21 credits

Elective Requirements: 12 credits

*In this program, 6 credits from the core may also satisfy General Education requirements.

General Education Requirements (40 credits*)

- PED 212 Foundations of Movement & Motor Activities (3 credits)

Associate of Arts in Early Childhood Education Graduation Requirements

To be eligible for an Associate of Arts in Early Childhood Education degree, a student must successfully accomplish the following:

- Completion of all program/course requirements;
- Completion of a minimum of 67 credits. Additional prerequisite courses may be required;
- Minimum cumulative grade point average of 2.00 in all coursework attempted at the University; and
- At least 18 credits earned toward the Associate of Arts degree must be completed at Ashford University.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

The degree will be noted on the transcript as an Associate of Arts in Early Childhood Education.
Bachelor of Arts in Child Development

The Child Development major will focus on a comprehensive study of children (infancy through adolescence), and the family, cultural, peer, school and neighborhood contexts that influence the development of children. With an increasing attention to the importance of factors impacting the development of children, the Child Development major will provide investigation and knowledge of the development of children.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher’s license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford’s online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu.

Hawaii Students: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa Residents: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Iowa.

Program Outcomes

Child Development major graduates will be able to:

1. Utilize knowledge of child development to construct and evaluate curriculum that effectively addresses the stages of development including cognitive, language, physical and affective development of young children;
2. Analyze the influence and impact of families and communities on a child’s learning and development;
3. Describe how family structure and cultural backgrounds influence communication processes in a child’s environment;
4. Evaluate the critical role of play in children’s learning and development; and
5. Apply their knowledge as an advocate for children, families, childcare and education.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: 43 credits

Major Course Requirements: 39 credits

Electives: 38 credits

Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (39 credits)

- EDU 100 Issues in Education (3 credits)
- PSY 104 Child & Adolescent Development (3 credits)
- ECE 205 Introduction to Child Development (3 credits)
- ECE 313 Collaboration with Parents & Community (3 credits)
- ECD 310 Exceptional Learning & Inclusion (3 credits)

• ECD 315 Curriculum Planning & Design for Early Learners (3 credits)
• ECE 351 Play & Learning for the Young Child (3 credits)
• EDU 499 College of Education Capstone (3 credits) Prerequisite: GEN 499

Bachelor of Arts in Cognitive Studies
Cognitive Studies is a versatile degree offering which includes the study of the mind, brain, and learning. This is a growing field of study due to technological advances that have allowed us to examine the brain and brain functioning. This degree is an interdisciplinary study with courses in psychology, education, and neuroscience.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. Hawaii Students: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa Residents: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Iowa.

Program Outcomes
Cognitive Studies major graduates will be able to:

1. Apply knowledge of brain functioning to diverse ways of learning and teaching;
2. Examine cognitive development and the impact of learning across the lifespan;
3. Evaluate the unique needs of learners with developmental delays, brain-behavior relationships, and cognitive advances, and programs to address these need;
4. Compare and contrast changes in the child and adult brain over time and the impact on cognitive functioning;
5. Integrate ethical, environmental and cultural theories into teaching and learning strategies; and
6. Investigate an area of cognitive functions and processes using foundational research skills.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 39 credits
Electives: 38 credits
Students must earn a minimum of 30 upper-division credits.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Bachelor of Arts in Early Childhood Development with Differentiated Instruction graduates will be able to:

1. Synthesize theories, processes, and approaches in the study of early child development from diverse perspectives across domains;

2. Analyze theories which address the interrelationship of child, family and community, and culture on the growth, behavior, and development of children;
3. Compile evidence-based strategies that demonstrate an awareness of exceptionalities and cultural diversity within the field of early child development;

4. Assess the impact of contemporary issues and trends relating to the field of early child development and their multiple influences on current practice and knowledge;

5. Propose diverse models of inclusion to emphasize access, participation, and partnerships with children and families; and,

6. Apply professional and ethical practice aligned to national standards to include critical thinking, individual reflection, and collaboration.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *27 credits
Required Specialization: 12 credits
Electives: 44 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (27 credits)
- EDU 100 Issues in Education (3 credits)
- ECD 101 Foundations of Early Learning and Development (3 credits)
- ECD 201 Atypical Development (3 credits)  
  Prerequisite: ECD 101
- ECD 305 Positive Learning Environments (3 credits)  
  Prerequisite: ECD 301 or 302
- ECD 310 Exceptional Learning and Inclusion (3 credits)
- *ECD 330 Ethics and Legal Responsibility in Early Learning Settings (3 credits)  
  Prerequisite: ECD 315 or 320
- *ECD 335 Children & Families in a Diverse Society (3 credits)  
  Prerequisite: ECD 330
- ECD 405 Assessment and Intervention (3 credits)  
  Prerequisite: ECD 340 or 345
- EDU 499 College of Education Capstone (3 credits)  
  Prerequisite: GEN 499

* Satisfies General Education requirements.

Choose one specialization from the following:

Early Intervention Specialization (12 credits)
- ECD 301 Foundations of Early Intervention (3 credits)  
  Prerequisite: ECD 201
- ECD 302 Cognition and Language Development (3 credits)  
  Prerequisite: ECD 310
- ECD 345 Family Systems and Community Resources (3 credits)  
  Prerequisite: ECD 335
- ECD 410 Behavioral Methods and Strategies (3 credits)  
  Prerequisite: ECD 405

Early Learning Specialization (12 credits)
- ECD 302 Safe and Healthy Learning Environments (3 credits)  
  Prerequisite: ECD 201
- ECD 315 Curriculum Planning and Design for Early Learners (3 credits)  
  Prerequisite: ECD 310
- ECD 340 Language and Literacy Development (3 credits)  
  Prerequisite: ECD 335
- ECD 415 Foundations of Play and Learning (3 credits)  
  Prerequisite: ECD 405

Bachelor of Arts in Early Childhood Education
The Bachelor of Arts in Early Childhood Education major prepares students for a career in education. Upon completion of coursework in childhood development, curricula, and program development, students will be well acquainted with the education industry, be highly trained in various theories of childhood development, and exhibit advanced instructional skills.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Early Childhood Education major graduates will be able to:

1. Summarize principles of child development including cognitive, physical, linguistic, social-emotional and affective domains that define healthy, respectful, supportive, and developmentally stimulating environments for children;
2. Design developmentally appropriate teaching strategies to implement professional learning standards and curriculum, focused on meeting the academic and developmental needs of children;
3. Justify the goals, benefits, and responsible use of observation, documentation, and assessment strategies in working with families, colleagues, and communities to determine appropriate learning methods for children;
4. Analyze effective strategies that focus on collaboration and communication with families, communities, and colleagues to foster positive and supportive relationships that impact learning and development of children;
5. Analyze the principles of equity, pedagogy, and inclusivity to meet the needs of typically and atypically developing; and
6. Promote ethical standards through reflective practice and collaboration, critical application of current research and theories, and identification as an early childhood professional and leader while continually advocating on behalf of children and families.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 42 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (42 credits)

Bachelor of Arts in Education and Public Policy
(This program is not accepting new enrollments)
The Bachelor of Arts in Education and Public Policy major will focus on a comprehensive study of the role of policy and government in education. This program is designed for students who have backgrounds and interests in educational organizations, government, community development, public service, and work with non-profit organizations as well as those that have an interest in pursuing graduate school.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford's online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Students: Contact the Teacher Education and Certification Division of the Alabama State Department of Education at 334-353-8567 or www.alsde.edu to verify that these programs qualify for teacher certification, endorsement, and/or salary benefits. State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama certificate. Applicants who complete an educator preparation program at an institution outside of Alabama must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu.

Hawaii Students: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary.
enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/certification/outofstate.asp.

Missouri Students: Contact the Missouri Department of Elementary and Secondary Education, Routes to Certification at 573-751-0051 or at http://dese.mo.gov/eq/cert/routes-to-certification.htm to verify additional coursework and/or other requirements and how those requirements can be met in Missouri.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes
Education and Public Policy major graduates will be able to:
1. Describe the roles, processes, and dynamics of educational policy-making;
2. Explain how educational program policies are directed toward a specific population in meeting organizational and individual needs;
3. Explain the historical and philosophical foundations of education in the development of educational policy;
4. Analyze issues and trends that drive education reform;
5. Examine methods and techniques for analyzing educational needs, alternative policies, and implementation of selected policies; and
6. Analyze the impact of globalization on education policy.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *52 credits
Major Course Requirements: *36 credits
Electives: 38 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major and 3 credits from introductory requirements may also satisfy General Education requirements.

Introductory Course Requirements (6 credits)
- +EXP 105 Personal Dimensions of Education (3 credits)
- *PSY 202 Adult Development & Life Assessment (3 credits)

Major Course Requirements (36 credits)
- EDU 108 Introduction to Policy & Education (3 credits)
- *HIS 324 History of American Education (3 credits)
- *POL 303 The American Constitution (3 credits)
- EDU 363 Education & Social Justice (3 credits)
- EDU 365 Politics of American Education (3 credits)
- MGT 380 Leadership for Organizations (3 credits)
- EDU 422 Public Policy & Special Education (3 credits)
- EDU 428 Student Achievement in Public Schools (3 credits)
- EDU 471 Public Policy Issues in Education (3 credits)
- EDU 473 Divergent Perspectives in Educational Policy & Practice (3 credits)
- EDU 486 Educational Policy & Administration (3 credits)
- EDU 497 Capstone: Education & Public Policy Development (3 credits) Prerequisite: GEN 499
  + EXP 105 fulfills 3 credits toward total elective credit requirements and is required for online students with fewer than 24 transferable credits
  * Satisfies General Education requirements.

Bachelor of Arts in Education Studies
The Bachelor of Arts in Education Studies program is designed to provide the foundational knowledge and skills needed to understand and work in education in a variety of settings. Although this BA does not provide teacher certification or licensure, the course of study prepares students to work with students in a variety of capacities or to continue their education in a Post-Baccalaureate program to complete their teaching degree requirements. Careers in the field of education or working with students may include any of the following settings: business, childcare, recreation centers, nonprofit organizations, health and human services, career services, sociology, and public administration. Education specializations that may be included with this degree include Early Childhood Education, Child Development, Instructional Design, and English Language Learner Studies.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a
ONLINE UNDERGRADUATE PROGRAMS

state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford's online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu.

California Students: According to education code in California, a degree in professional education does not qualify as the Bachelor’s degree requirement listed in the qualifications to obtain a teaching credential. Thus, the Bachelor of Arts in Education Studies degree offered at Ashford University will not satisfy the BA requirement in the list of qualifications needed to obtain a teaching credential in the state of California.

Hawaii Students: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa Residents: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Iowa.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/certification/outofstate.asp.

Missouri Students: Contact the Missouri Department of Elementary and Secondary Education, Routes to Certification at 573-751-0051 or at http://dese.mo.gov/eg/cert/routes-to-certification.htm to verify additional coursework and/or other requirements and how those requirements can be met in Missouri.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Education Studies major graduates will be able to:

1. Design effective curriculum, instruction and assessment to meet the needs of diverse learners;
2. Demonstrate knowledge of child and adolescent development in the cognitive, social, physical, and emotional domains;
3. Identify the unique needs of special learners and adapt curriculum and instruction to meet these needs;
4. Apply alignment practices of standards, instruction and assessment to identified academic, district and state standards, goals and priorities as part of the planning and material selection process; and
5. Apply foundational research skills to a topic of interest in an area of education.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 36 credits
Electives: 41 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (36 credits)

Introduction
- EDU 100 Issues in Education (3 credits)
- EDU 304 Introduction to Education (3 credits)

Foundation
- EDU 324 History of American Education (3 credits)
• EDU 372 Educational Psychology (3 credits)
• ESE 370 Learning & the Brain (3 credits)
• PSY 104 Child & Adolescent Development (3 credits)

Methodology
• EDU 381 Curriculum & Instructional Design (3 credits)
• EDU 382 Meeting the Needs of Diverse Learners (3 credits)

Literacy
• EDU 371 Phonics-Based Reading & Decoding (3 credits)  *Prerequisite: EDU 372

Technology and Diverse Populations
• EDU 321 Introduction to Serving English Language Learners (3 credits)
• EDU 352 Foundations of Educational Technology (3 credits)

Capstone
• EDU 499 College of Education Capstone (3 credits)  *Prerequisite: GEN 499

Bachelor of Arts in English Language Learner Studies
The Bachelor of Arts in English Language Learner Studies major focuses on a comprehensive study of the broad application of linguistics in addressing second language learning needs. The program of study is designed around courses that are grounded in the Teachers of English to Speakers of Other Languages (TESOL) standards. This program addresses English Language Development (ELD) as it applies to its five stages for children and adults. The program focuses on best practices to deliver instruction in research-based four square and sheltered models to address ELD standards that map to national consortiums as well as support the Common Core Standards for K-12 learners. In addition, to prepare those who will address adult ELL populations, a concentration on adult learner models and authentic learning activities is embedded in the program curriculum.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher’s license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford’s online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu.

Iowa Residents: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Iowa.

Hawaii Students: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Program Outcomes
English Language Learner Studies major graduates will be able to:

1. Apply concepts, linguistic theories, research, knowledge of the structure of English, and sociolinguistics to facilitate the acquisition of English for English Language Learners;
2. Analyze the influences of culture and diversity as it affects second language learning;
3. Apply knowledge of meta-linguistics in second language development in constructing multiple identities;
4. Describe standards-based practices and strategies for developing and integrating English listening, speaking, reading and writing skills in instructional settings; and

5. Demonstrate knowledge of history, research and current practices in the field of second language acquisition and ELL.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *39 credits
Electives: 41 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (39 credits)

- EDU 100 Issues in Education (3 credits)
- EDU 321 Introduction to Serving English Language Learners (3 credits)
- *ELL 240 Linguistically & Culturally Diverse Learners (3 credits)
- LNG 212 Second Language Acquisition (3 credits)
  Prerequisite: LNG 101 or LNG 321
- ELL 354 Grammar in a Second Language (3 credits)
- ELL 355 Methods, Materials, & Technology for Learning a Second Language (3 credits)
- ELL 351 Listening & Speaking in a Second Language (3 credits)
- ELL 353 Reading & Writing in a Second Language (3 credits)
- ELL 352 Reading & Writing in a Second Language (3 credits)
- LNG 360 Language & Society (3 credits)
  Prerequisite: LNG 100 or LNG 321
- ELL 420 Testing & Assessment for ELL Students (3 credits)
- LNG 415 Meaning in Language (3 credits)
  Prerequisite: LNG 101 or LNG 321
- ELL 361 Language Learning in a Global Context (3 credits)
- EDU 499 College of Education Capstone (3 credits)
  Prerequisite: GEN 499

*Satisfies General Education requirements.

Bachelor of Arts in Instructional Design

The Bachelor of Arts in Instructional Design program prepares students to design training and instruction for online, place-based, and blended learning environments. Students develop expertise with instructional design theories, practices, and technologies through realistic project-based assessments that ensure preparation for practicing instructional design within corporate, government, military, non-profit, school, university, and consulting contexts.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford’s online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Iowa Residents: An education degree offered through Ashford University's online modality does not lead to teacher licensure in the state of Iowa.

Program Outcomes

Instructional Design major graduates will be able to:

1. Design instructional and training interventions and assessments for online, place-based, and blended delivery;
2. Apply the results of learning, task, performance, and other analyses to the design of training and instruction;
3. Apply evaluations of technologies for developing, delivering, and assessing instructional and training interventions;
4. Distinguish how different principles and theories of learning, design, and assessment influence design processes and outcomes;
5. Develop plans to manage collaborative processes and participants typically involved in an instructional design project; and
6. Respond appropriately to ethical, legal, and political factors influencing instructional design projects for diverse learners and contexts.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: 43 credits

Major Course Requirements: 39 credits

Electives: 38 credits

Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (39 credits)

- EDU 100 Issues in Education (3 credits)

Bachelor of Arts in Library Science and Media

Library Science and Media is a growing field. In addition to programming and developing collections, librarians in the 21st century are charged with managing various informational literacies including digital resources. As technology continues to advance and as institutions continue to develop their virtual presence, librarians will play an essential role in supporting research and informational systems. The evolving role of librarians and the training necessary to become 21st century information experts will be explored through coursework in this degree program.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford's online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student's criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).
Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Hawaii Students: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa Residents: The Bachelor of Arts in Library Science and Media does not lead to licensure in Iowa as a school librarian, also known as a school media specialist.

Program Outcomes
Library Science and Media major graduates will be able to:

1. Apply the concepts and tools of inquiry to create learning environments and experiences to include multiple environments;
2. Evaluate technology tools and applications for effective instructional delivery and research applications;
3. Create learning opportunities that are adapted to diverse learners and cultures;
4. Analyze media, literature and materials for inclusion in specific settings and programs, including multiple modalities; and,
5. Develop research skills and strategies to support accurate, efficient and appropriate information acquisition.

Program Requirements

College of Health, Human Services, and Science: Undergraduate Programs and Requirements

Bachelor of Arts in Adult Development
(This program is not accepting new enrollments)
The Bachelor of Arts in Adult Development program is a generalist degree program designed to provide the foundation knowledge and skills needed to understand and work with adults in a variety of settings. The course of study prepares students to serve and interface with adults in various stages of adulthood including adults in the work force, those with young families, retired, re-careered, interdependent, and completely dependent adults.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *52 credits
Major Course Requirements: *39 credits

Prerequisite: GEN 499
Electives: 32 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major and 3 credits from introductory requirements may also satisfy General Education requirements.

Introductory Course Requirements (6 credits)
- +EXP 105 Personal Dimensions of Education (3 credits)
- *PSY 202 Adult Development & Life Assessment (3 credits)

Major Course Requirements (39 credits)
- PSY 101 Introduction to Psychology (3 credits)
- PSY 307 The Journey of Adulthood (3 credits)
- HCS 311 Health & Wellness in Adulthood (3 credits)
- SOC 322 Sociological Aspects of Adulthood (3 credits)
- EDU 362 Adult Learning & Instruction (3 credits)
- EDU 334 Adult Learning in the Workplace (3 credits)
- *SOC 326 Diversity & Aging (3 credits)
- PSY 323 Perception, Learning, & Cognition (3 credits)  
  Prerequisite: PSY 101 or equivalent
- PSY 317 Cognitive Functioning in the Elderly (3 credits)  
  Prerequisite: PSY 101 or equivalent
- EDU 352 Foundations of Educational Technology (3 credits)

- PSY 326 Research Methods (3 credits)  
  Prerequisite: MAT 232
- PSY 495 Adult Development Capstone (3 credits)  
  Prerequisite: GEN 499

+ EXP 105 fulfills 3 credits toward total elective credit requirements and is required for online students with fewer than 24 transferable credits
* Satisfies General Education requirements.

Bachelor of Arts in Applied Behavioral Science
The Bachelor of Arts in Applied Behavioral Science is a generalist degree with an interdisciplinary emphasis. Providing a foundation from the social and behavioral sciences, the degree program teaches students to utilize critical thinking to understand behavior and solve societal problems at the individual, family, and community level. An interdisciplinary approach is utilized to assist students in developing an overview of the diversity of societal problems, and the interdisciplinary framework for solutions.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes
Applied Behavioral Science major graduates will be able to:
1. Analyze major concepts, theoretical perspectives, and empirical findings to solve complex problems in the field of study;
2. Compose effective communications in a variety of formats for assessment, evaluation, and/or intervention purposes;
3. Apply the principles of the scientific method to assessment, evaluation, and intervention at intrapersonal and interpersonal levels;
4. Explain the value of empirical evidence, acting ethically, and acknowledging and respecting human diversity; and
5. Utilize the scientific approach to address practical problems related to the cognition, affect, and behavior of individuals in social contexts.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *39 credits
Electives: 44 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (39 credits)
- PSY 101 Introduction to Psychology (3 credits)
- ABS 200 Introduction to Applied Behavioral Sciences (3 credits)
- *SOC 203 Social Problems (3 credits)
ONLINE UNDERGRADUATE PROGRAMS

- *COM 325 Communication & Conflict (3 credits)

- PSY 301 Social Psychology (3 credits)  Prerequisite: PSY 101, SSC 101 or equivalent

- HHS 320 Cultural Awareness in the Human Services (3 credits)

- ^PSY 325 Statistics for the Behavioral & Social Sciences (3 credits)

- PSY 326 Research Methods (3 credits)  Prerequisite: MAT 232

- ABS 300 Psychological Assessment (3 credits)  Prerequisite: PSY 101.

- PSY 352 Cognitive Psychology (3 credits)  Prerequisite: PSY 101 and PSY 326

- GRO 410 Death & Dying (3 credits)

- ABS 497 Applied Behavioral Sciences Capstone (3 credits)  Prerequisite: GEN 499

* Satisfies General Education requirements.

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.

Bachelor of Arts in Complementary and Alternative Health

This degree provides students the opportunity to study the history and delivery of major non-allopathic health systems including but not limited to the following: Chinese Medicine, Ayurveda, Homeopathy, Naturopathic Medicine, Biofeedback, Herbal Medicines, Chiropractic Medicine, Acupuncture, Hypnosis, Acupressure, Reiki, Reflexology, Energy Systems, and Transpersonal Health such as meditation, hypnosis, and prayer. Students analyze complementary and alternative health studies as well as identify usage trends, and integration into health services and disease management from multi-cultural perspectives.

Special Terms and Conditions: Please note, each of the professions previously listed may require additional study for certification, licensing, or licensing examination preparation. Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Complementary and Alternative Health major graduates will be able to:

1. Explore the history and practice of non-allopathic health systems;
2. Examine cultural influences as related to complementary and alternative health practices;
3. Analyze complementary and alternative health usage trends;
4. Differentiate major complementary and alternative health systems;
5. Examine complementary and alternative health practices integrated into U.S. health care delivery;
6. Analyze research in complementary and alternative health; and
7. Examine components of holistic health care service and delivery.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: *43 credits

Major Course Requirements: *36 credits

Electives: 44 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- *ANT 101 Introduction to Cultural Anthropology (3 credits)
- HWE 200 Introduction to Health & Wellness (3 credits)
- HCS 326 Holistic Health (3 credits)
- HCS 316 Cultural Diversity in Health & Illness (3 credits)
- HCS 321 Foundations of Complementary & Alternative Health (3 credits)
- HCS 339 Introduction to Western Herbalism; Basic Doctrine, Energetics and Classifications (3 credits)  Prerequisites: HCS 321 and HCS 326
- HCS 308 Introduction to Nutritional Concepts (3 credits)
- PSY 361 Health Psychology (3 credits)
- CAH 390 Introduction to Chinese Medicine (3 credits)
- HCS 435 Spirituality, Health, & Healing (3 credits)
- HPR 460 Analysis of Health Research (3 credits)
- HCS 495 Complementary & Alternative Health Capstone (3 credits)  prerequisite: GEN 499 & majority of major coursework.

* Satisfies General Education requirements.

**Bachelor of Arts in Gerontology**

This degree provides a foundation of the biological, psychological, social, spiritual, and developmental aspects of aging and longevity. A multidisciplinary perspective promotes student exploration of the needs and influences of the growing population of senior citizens, and their impact on multiple aspects of society. Multiculturalism, social, and ethical issues of aging and longevity are explored within the multidisciplinary context of the major.

**Special Terms and Conditions:** Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

**Program Outcomes**

Gerontology major graduates will be able to:

1. Describe interdisciplinary aspects of aging;
2. Examine legal, ethical, and financial factors influencing aging independence;
3. Analyze multicultural perspectives on aging;
4. Explain the mental, physical, social, spiritual, and developmental aspects of aging; and
5. Assess contemporary theory and research in gerontology.

**Program Requirements**

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 36 credits
Electives: 44 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (36 credits)**

- PSY 304 Lifespan Development (3 credits)  prerequisite: PSY 101
- GRO 200 Introduction to Gerontology (3 credits)
- PSY 317 Cognitive Functioning in the Elderly (3 credits)  prerequisite: PSY 101 or equivalent.
- GRO 325 Aging & Health (3 credits)
- SOC 304 Social Gerontology (3 credits)
- HCS 435 Spirituality, Health & Healing (3 credits)
- HCS 316 Cultural Diversity in Health & Illness (3 credits)
- GRO 410 Death & Dying (3 credits)
- HCA 322 Health Care Ethics & Medical Law (3 credits)  prerequisite: HCA 305, HCA 205, HPR 231 or NUR 300
- HCA 442 Contemporary Issues in Aging (3 credits)
- PSY 326 Research Methods (3 credits)  prerequisite: MAT 232
- GRO 497 Gerontology Capstone (3 credits)  prerequisite: GEN 499

**Bachelor of Arts in Health and Human Services**

The Bachelor of Arts in Health and Human Services is an interdisciplinary degree program preparing students to work in diverse entry level positions in health and human services. Emphasis of the major is on the delivery of health and human services to diverse populations, in the context of the current and emerging political, socioeconomic, psychosocial, and regulatory environment.

**Special Terms and Conditions:** Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

**Program Outcomes**

Health and Human Services major graduates will be able to:
1. Analyze health and human services delivery from political, socioeconomic, and psychosocial perspectives;
2. Evaluate social and human delivery systems at the individual, family, group, organization, and community levels;
3. Analyze social problems within the context of health care environments;
4. Evaluate ethical issues and challenges inherent in the provision of health and human services, and service provision;
5. Analyze human behaviors within the health and human services context;
6. Evaluate health and human services issues, challenges, and interventions;
7. Discuss the provision of health and human services from multi-cultural perspectives; and
8. Identify effective communication components and strategies with diverse health and human services constituents.

**Program Requirements**

Total number of credits required: 120 credits

General Education Requirements: *43 credits

Major Course Requirements: *36 credits

Electives: 47 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (36 credits)**

- HHS 201 Introduction to Human Services (3 credits)
- HHS 207 Communication Skills for Health & Human Service Personnel (3 credits)
- HHS 310 Health & Human Services Culture: The Helping Relationship (3 credits)
- HCA 205 Introduction to Health Care (3 credits)
- SOC 313 Social Implications of Medical Issues (3 credits)
- HCA 415 Community & Public Health (3 credits)
- *HHS 320 Cultural Awareness in the Human Services (3 credits)
- HCA 430 Special Populations (3 credits)
- HHS 435 Contemporary Issues, Trends, Health Law Ethics in Health & Human Services (3 credits)
- HIM 301 Introduction to Health Informatics (3 credits)
- HHS 460 Research Methods in Health & Human Services (3 credits)
- HHS 497 Health & Human Services Capstone (3 credits)  
  Prerequisite: GEN 499

* Satisfies General Education requirements.

**Bachelor of Arts in Health and Wellness**

This degree explores the dimensions of health and wellness and their relationship to health status and disease and injury prevention. Through a holistic wellness perspective, students study the implications of positive and negative health practices impacting physical, social, occupational, emotional, intellectual, spiritual, and environmental health. Students examine major health risks and diseases affecting contemporary society, and explore the principal ways to promote health and wellness through lifestyle and behavioral change throughout the lifespan.

**Special Terms and Conditions:** Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

**Program Outcomes**

Health and Wellness major graduates will be able to:

1. Describe the function of the human body;
2. Examine chronic conditions and diseases;
3. Analyze lifestyle factors which affect health and wellness;
4. Assess the health and wellness status of individuals;
5. Develop personalized wellness programs using evidenced-based strategies;
6. Apply behavior change theories, motivational strategies, and counseling techniques to implementation plans of wellness programs;
7. Employ cultural competence in wellness programming; and
8. Evaluate the effectiveness of wellness programs.

**Program Requirements**

Total number of credits required: 120 credits

General Education Requirements: *43 credits
Major Course Requirements: *37 credits
Electives: 44 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 4 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (37 credits)**
- HWE 200 Introduction to Health & Wellness (3 credits)
- *HPR 205 The Human Body, Health, & Disease (4 credits)
- HCS 308 Introduction to Nutritional Concepts (3 credits)  
  **Prerequisite:** HWE 200
- HWE 330 Musculoskeletal Anatomy & Physiology (3 credits)  
  **Prerequisite:** HPR 205
- HCS 334 Personal Fitness & Wellness for Optimal Living (3 credits)  
  **Prerequisites:** HWE 200 and HPR 205
- HWE 340 Exercise & Physiology (3 credits)  
  **Prerequisites:** HPR 205 and HWE 330
- PSY 361 Health Psychology (3 credits)
- PSY 380 Counseling and Behavior Change (3 credits)  
  **Prerequisites:** HWE 200 and PSY 361
- HWE 415 Stress Management (3 credits)  
  **Prerequisite:** HWE 200
- HWE 420 Wellness for Special Populations (3 credits)  
  **Prerequisites:** HWE 200, HWE 330, HWE 340, and HCS 334
- HPR 460 Analysis of Health Research (3 credits)
- HWE 498 Health & Wellness Capstone (3 credits)  
  **Prerequisite:** GEN 499 and completion of BAHW program core courses

* Satisfies General Education requirements.

**Bachelor of Arts in Health Care Administration**
The Health Care Administration major provides foundational knowledge in health-related topics, operations, and applications for those working in or seeking careers in the rapidly growing healthcare industry. The degree is characterized by an interdisciplinary and integrated learning approach, reflecting the realities of the healthcare system. Specific curriculum in health administration, regulation and financing, health care planning, health policy, and quality monitoring is provided.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study. For additional information, please refer to your state licensing board or agency.

**Program Outcomes**
Health Care Administration major graduates will be able to:

1. Analyze the legal and ethical issues of healthcare systems;
2. Explore cultural and social-demographic variables influencing the delivery of healthcare services;
3. Examine the provision of healthcare services within a regulatory environment;
4. Analyze the major financing systems of U.S. healthcare services;
5. Analyze the major forces driving change in the healthcare system;
6. Assess the major issues confronting community and public health services; and
7. Apply the theoretical dimensions of leadership within the health care environment.

**Program Requirements**
Total number of credits required: 120 credits

General Education Requirements: 43 credits
Major Course Requirements: 36 credits
Electives: 41 credits
Students must earn a minimum of 30 upper-division credits.

**Major Course Requirements (36 credits)**
- HCA 205 Introduction to Health Care (3 credits)
- SOC 313 Social Implications of Medical Issues (3 credits)
- HCA 340 Managing in Health & Human Services (3 credits)  
  **Prerequisite:** HCA 305 or 205
- HCA 322 Health Care Ethics & Medical Law (3 credits)  
  **Prerequisites:** HCA 305, HCA 205, HPR 231 or NUR 300
- BUS 303 Human Resource Management (3 credits)
- HCA 375 Continuous Quality Monitoring & Accreditation (3 credits)  
  **Prerequisite:** HCA 205
ONLINE UNDERGRADUATE PROGRAMS

• ^ACC 281 Accounting Concepts for Health Care Professionals (3 credits)  Prerequisite: Digital Literacy competency
• HCA 312 Health Care Finance (3 credits)  Prerequisites: HCA 305 or 205 and ACC 281
• HCA 430 Special Populations (3 credits)
• HCA 415 Community & Public Health (3 credits)
• HCA 421 Health Care Planning & Evaluation (3 credits)  Prerequisite: Successful completion of the majority of major coursework
• HCA 459 Senior Project (3 credits)  Prerequisite: GEN 499 & majority of major coursework

^ Quantitative Reasoning Core Competency requirement must be met before taking this course

Bachelor of Arts in Health Care Studies
(This program is not accepting new enrollments)

The Bachelor of Arts in Health Care Studies is designed to facilitate the attainment of a Bachelor’s degree for individuals working in the health care system, as well as learners desiring an entry level health care degree. This generalist degree stresses the knowledge of the health care industry and emphasizes the development of qualitative skills. It is intended to complement our more quantitative managerial BA in Health Care Administration.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes
Health Care Studies major graduates will be able to:
1. Explain the major components of the U.S. health care system;
2. Explain the major population factors that influence the delivery of health services;
3. Analyze driving factors influencing health care, including reform and quality;
4. Apply principles from management theory, social and health sciences;
5. Analyze non-clinical issues arising in delivering health care;
6. Discuss regulatory elements influencing health care delivery such as ethics and legal issues; and
7. Demonstrate communication skills that facilitate the delivery of health services.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *52 credits
Major Course Requirements: *30 credits
Electives: 41 credits

Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Introductory Course Requirement (6 credits)
+ EXP 105 Personal Dimensions of Education (3 credits)
* PSY 202 Adult Development & Life Assessment (3 credits)

Major Course Requirements (30 credits)
• HCA 205 The U.S. Health Care System (3 credits)
• *HCA 322 Health Care Ethics & Medical Law (3 credits) Prerequisite: HCA 305
• SOC 313 Social Implications of Medical Issues (3 credits) Prerequisites: PSY 101 and SOC 101 or equivalents
• HCA 340 Managing in Health & Human Services (3 credits) Prerequisite: HCA 305 or 205
• BUS 303 Human Resource Management (3 credits)
• HCA 415 Community & Public Health (3 credits)
• HCA 430 Special Populations (3 credits)
• HPR 231 Introduction to Health Education (3 credits)
• HCA 333 Introduction to Long Term Care (3 credits)
• HCA 497 Health Care Studies Capstone (3 credits) Prerequisite: GEN 499

+ EXP 105 fulfills 3 credits toward total elective credit requirements and is required for online students with fewer than 24 transferable credits.
* Satisfies General Education requirements.

Transfer Concentration Option
Students may add a transfer concentration to the Bachelor of Arts in Health Care Studies program by transferring in 12 applicable credits in a defined subject area. Transfer concentrations are not required and are intended for
students who have experience and/or extensive transfer credit coursework in a field of study at the time of admission to the program. The following major courses are designated for substitution with concentration coursework, where appropriate: HCA 305, SOC 313, HCA 340, and BUS 303. For additional details, see Transfer Concentration Guidelines in the General Academic Information and Policies section of this Catalog.

Bachelor of Arts in Health Education
This public health/health promotion-based degree identifies and explores the theoretical and practical issues encountered by health educators, and provides students the skills needed to apply health education principles to health challenges facing individuals, groups, and communities. Upon completion of this degree, students will have foundational understanding of the interrelationships between physical, social, and cultural forces in the etiology of disease and the ensuing practices of assessing, planning, executing, and evaluating health challenges impacting the well-being of today’s multicultural society. While this program prepares students to become health educators that encourage healthy lifestyles and wellness through educating individuals and communities about behaviors that promote healthy living and prevent diseases and other health problems, it is NOT intended to prepare students to become certified teachers in the K-12 setting.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Missouri Students: Contact the Missouri Department of Elementary and Secondary Education, Routes to Certification at 573-751-0051 or at http://dese.mo.gov/eq/cert/routes-to-certification.htm to verify additional coursework and/or other requirements and how those requirements can be met in Missouri.

Program Outcomes
Health Education major graduates will be able to:
1. Analyze research in health education;
2. Identify elements of effective health education;
3. Differentiate tools health educators use to bring about health change;
4. Examine the interrelationships between physical, social, mental, and cultural forces in the etiology of disease;
5. Examine behavior change theories and models in the context of health education; and
6. Apply measures of individual and community health needs to health education planning, delivery, and evaluation.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 36 credits
Electives: 41 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (36 credits)
- HPR 231 Introduction to Health Education (3 credits)
- HPR 232 Community Health Promotion Methods (3 credits)
- HCA 322 Health Care Ethics & Medical Law (3 credits) Prerequisite: HCA 305, HCA 205, HPR 231 or NUR 300
- HPR 303 Health Communications (3 credits)
- HCA 340 Managing in Health & Human Services (3 credits) Prerequisite: HCA 305 or HCA 205
- HPR 350 Introduction to Epidemiology (3 credits)
- HCS 412 Health Promotion Planning & Evaluation (3 credits)
- HCA 415 Community & Public Health (3 credits)
- HCA 430 Special Populations (3 credits)
- HPR 450 Grant Writing and Evaluation (3 credits)
- HPR 460 Analysis of Health Research (3 credits)
- HCS 497 Health Education Capstone (3 credits) Prerequisite: GEN 499

Bachelor of Arts in Health Informatics
(This program is not accepting new enrollments)
This degree provides a generalist orientation to the field of Health Informatics, in which students receive a broad overview of how health care data can be used to reduce costs and improve efficiency and quality of health care. Students who complete this degree acquire an understanding of how health and allied health personnel
and organizations acquire, store, and utilize data. In addition, the degree introduces students to the regulatory and compliance factors impacting the design, use, and application of Health Informatics.

Special Terms and Conditions: Successful completion of this program does not lead to certification from the American Health Information Management Association (AHIMA) or the American Society of Health Informatics Managers (ASHIM), which may be a requirement for certain positions in this field. In addition, this program is not accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), which is a requirement for some AHIMA certifications. Prospective students are advised to regularly review the requirements for job postings in their intended field of employment. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining certification or employment in this field.

Program Outcomes
Health Informatics major graduates will be able to:
1. Analyze the role of health informatics in health care delivery, administration, education, and research;
2. Analyze the impact of technology on health care quality, and service delivery;
3. Examine the regulatory forces impacting the acquisition, storage, maintenance, and usage of health care data;
4. Analyze components of Health Informatics systems;
5. Examine issues and trends in Health Informatics;
6. Examine emerging applications in Health Informatics; and
7. Examine research in Health Informatics.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *52 credits
Major Course Requirements: *36 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Introductory Course Requirement (6 credits)
- +EXP 105 Personal Dimensions of Education (3 credits)
- *PSY 202 Adult Development & Life Assessment (3 credits)

Major Course Requirements (36 credits)
- HCA 401 Introduction to Health Care Informatics (3 credits)
- **HIM 217 Electronic Health Records (3 credits)
  Prerequisite: HCA 205
- INF 220 IS Principles (3 credits)  Prerequisite: INF 103 or permission of instructor
- INF 231 Programming Concepts (3 credits)
  Prerequisite: INF 103 or permission of instructor.
- INF 325 Telecommunications & Networking Concepts (3 credits)  Prerequisite: INF 231 or permission of the instructor
- HCA 375 Continuous Quality Monitoring & Accreditation (3 credits)  Prerequisite: HCA 205
- HCA 352 Legal & Ethical Aspects of Health Information Management (3 credits)
- HCA 435 Informatics Applications (3 credits)
- HCA 419 Current Topics in Informatics (3 credits)
- PSY 325 Statistics for the Behavioral & Social Sciences (3 credits)
- HHS 460 Research Methods in Health & Human Services (3 credits)
- HCA 496 Health Informatics Capstone (3 credits)
  Prerequisite: GEN 499

+ EXP 105 fulfills 3 credits toward total elective credit requirements and is required for online students with fewer than 24 transferable credits.
* Satisfies General Education requirements.
** A grade of C or higher is required.

Bachelor of Arts in Health Marketing and Communication
(This program is not accepting new enrollments)
This multidisciplinary degree prepares students to apply theories, strategies, and techniques in the design of health interventions, campaigns, communications, and research projects for targeted audiences. Drawing from the disciplines of marketing, public relations, health promotion, prevention and wellness, students learn to create, communicate, and deliver health information and interventions using customer-centered and science-based strategies to protect and promote the health of diverse populations.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose
Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes
Health Marketing and Communication major graduates will be able to:

1. Apply health behavior theory to develop strategies and messages to target audiences;
2. Examine health marketing and communication strategies used in raising awareness, advocacy, behavior change, and risk communication;
3. Choose marketing and communication strategies to achieve health communication objectives;
4. Analyze the strengths and weaknesses of communication channels used in health marketing;
5. Identify eHealth channels;
6. Examine current eHealth trends; and
7. Examine ethical perspectives and issues in health marketing and communication.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *52 credits
Major Course Requirements: *36 credits
Electives: 38 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

Introductory Course Requirement (6 credits)
- +EXP 105 Personal Dimensions of Education (3 credits)
- *PSY 202 Adult Development & Life Assessment (3 credits)

Major Course Requirements (36 credits)
- HCA 415 Community & Public Health (3 credits)
- SOC 313 Social Implications of Medical Issues (3 credits) Prerequisites: PSY 101 and SOC 101 or equivalents
- *HCS 316 Cultural Diversity in Health & Illness (3 credits)
- HCS 323 Health & Wellness Promotion Throughout the Lifespan (3 credits)
- HPR 303 Health Communications (3 credits)
- HMC 312 Health Marketing & Advertising (3 credits)
- CGD 318 Public Relations Practices & Promotional Writing (3 credits)
- JRN 335 Cyber-journalism (3 credits)
- HMC 314 Social Media & Health Promotion (3 credits)
- *HMC 334 Ethics in Health Marketing & Communication (3 credits)
- HMC 462 Contemporary Issues & Trends in Health Marketing & Communication (3 credits)
- HMC 499 Health Marketing & Communication Capstone (3 credits) Prerequisite: GEN 499

Bachelor of Arts in Psychology
The Psychology major focuses on the study of human behavior and mental processes. This major explores psychology both as an area of scientific investigation and as a health or human services profession. Students majoring in psychology may also seek employment opportunities in business, law, government, health care, and other careers that involve understanding human behavior and providing competent leadership.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes
Psychology major graduates will be able to:

1. Demonstrate breadth of psychological knowledge;
2. Analyze information and data with scientific thinking;
3. Defend ethics, social justice, and diversity;
4. Illustrate professional communication skills; and
5. Apply professional skills to career planning and success.
Program Requirements
Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 36 credits
Electives: 41 credits
Students must earn a minimum of 30 upper-division credits.

Major Course Requirements (36 credits)
- PSY 101 Introduction to Psychology (3 credits)
- PSY 104 Child & Adolescent Development (3 credits)
- PSY 331 Psychology of Learning (3 credits)
- PSY 301 Social Psychology (3 credits)  Prerequisite: PSY 101, SSC 101 or equivalent
- PSY 302 Industrial/Organizational Psychology (3 credits)
- PSY 325 Statistics for the Behavioral & Social Sciences (3 credits)  Prerequisite: MAT 232
- PSY 304 Lifespan Development (3 credits)  Prerequisite: PSY 101
- PSY 326 Research Methods (3 credits)  Prerequisite: MAT 232
- PSY 330 Theories of Personality (3 credits)  Prerequisite: PSY 101 or equivalent
- PSY 350 Physiological Psychology (3 credits)  Prerequisite: PSY 101 or equivalent
- PSY 303 Abnormal Psychology (3 credits)  Prerequisite: PSY 101 or equivalent and PSY 330
- PSY 496 Applied Project (3 credits)  Prerequisite: GEN 499

Bachelor of Science in Health Information Management
Health information management (HIM) is the practice of acquiring, analyzing, and protecting the medical information that's vital to providing patient care, and providing the data that health professionals need in order to provide quality care. HIM professionals are highly trained in the latest technology and understand the workflow of healthcare providers, from large hospital systems to the private practice. They are vital to daily operations and managing electronic health records.

Students in this online degree program will compare and contrast biomedical research, quality management, and performance improvement strategies used in health care. Employment in the field is projected to grow much faster on average than other professions (www.bls.gov/ooh/healthcare/medical-records-and-health-information-technicians.htm). Students will be able to evaluate emerging trends in technology, information systems, and data security.

Criminal Convictions
Applicants are advised that healthcare organizations (hospitals, home health agencies, clinics and other types of health agencies) may require a background check for any student completing a professional practice experience as well as for employment.

Professional Practice Experiences
Students earning the Bachelor of Science in Health Information Management degree will complete two Professional Practice Experiences, one that is virtual and one that is a combination of virtual and onsite at a facility. As part of the second Professional Practice Experience embedded in HIM 495, students will complete a minimum of 40 hours of supervised Professional Practice Experience at an approved facility. The 40 hours must be completed during normal business hours of Monday through Friday from 8AM to 5 PM while they are enrolled in HIM 495. Students can only complete their Professional Practice Experiences in states where this program is available.

All Students enrolling in a degree program with a practicum requirement are expected to complete the practicum in the United States. If you anticipate that you will not be able to complete your practicum in the United States all exceptions must be approved prior to admission to the program.

Students who reside and/or work outside the United States may be ineligible to complete practicum hours at a facility abroad; requirements and restrictions vary by country. Students must notify the Program Chair prior to enrolling in the program to discuss a potential practicum location and obtain Program Chair permission to enroll.

Memberships
Students should also be aware that they will be required to pay for other memberships and fees to the American Health Information Management Association (AHIMA) in order to successfully complete this program.

Special Terms and Conditions: The baccalaureate degree Health Information Management program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Successful completion of this program does not guarantee certification from the American Health Information Management Association (AHIMA), which may be a requirement for certain positions in this field. Prospective students are advised to regularly review the requirements for job postings in their intended field of employment.
which are subject to change. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining employment in this field.

Program Outcomes
Students who successfully complete the Bachelor of Science in Health Information Management degree program will be able to:

1. Analyze health data structure, content, standards, clinical classification systems and reimbursement methodologies;
2. Manage strategic planning and organizational development;
3. Compare and contrast health statistics, biomedical research, quality management, and performance improvement strategies used in health care;
4. Examine driving factors influencing healthcare organization, delivery systems, healthcare privacy, confidentiality, and legal and ethical issues;
5. Evaluate emerging applications in health informatics;
6. Evaluate emerging healthcare trends in information and communication technology, information systems and data security; and
7. Analyze the process of job analysis, staffing, appraisal and compensation, training, career planning, and organizational development.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *70 credits
Electives: 17 credits
Students must earn a minimum of 30 upper-division credits.
Students must earn a minimum cumulative grade point average of 2.50 in all major coursework attempted at the University.

Students in the BSHIM program who wish to double up in major coursework must have completed at least one major course and have a minimum grade point average of 2.50 in all major coursework attempted at the University.

*In this program, 10 credits from the major can also satisfy General Education requirements.

Major Course Requirements (70 credits)
- *INF 103 Computer Literacy (3 credits)
- INF 231 Programming Concepts (3 credits) Prerequisite: INF 103 or permission of instructor.
- HCA 205 Introduction to Health Care (3 credits)
- HIM 105 Medical Terminology (3 credits)
- *HIM 205 Anatomy & Physiology I (4 credits)
- HIM 206 Anatomy & Physiology II (3 credits) Prerequisite: HIM 205
- **HIM 217 Electronic Health Records (3 credits) Prerequisite: HCA 205
- HIM 210 Pathophysiology (3 credits) Prerequisites: HIM 105, HIM 205 and HIM 206
- HIM 250 Clinical Classification Systems I (3 credits) Prerequisites: HIM 105, HIM 205, HIM 206, HIM 210, and HIM 217
- *HIM 252 Legal Aspects of Health Information (3 credits) Prerequisite HIM 217 and HCA 205
- HIM 251 Clinical Classification Systems II (3 credits) Prerequisites: HIM 105, HIM 205, HIM 206, HIM 210, HIM 217 and HIM 250
- HIM 310 Healthcare Reimbursement (3 credits) Prerequisite: HCA 205, HIM 250, and HIM 251
- HIM 301 Introduction to Health Informatics (3 credits)
- ^HIM 360 Healthcare Statistics (3 credits) Prerequisites: HCA 205, HIM 217, HIM 250, and HIM 251 and Quantitative Reasoning Core Competency.
- HIM 370 Professional Practice Experience I (3 credits) Prerequisites: HIM 105, HIM 205, HIM 206, HIM 250, HIM 251, HCA 205, HIM 301, and HIM 370
- HCA 375 Continuous Quality Monitoring and Accreditation (3 credits) Prerequisite: HCA 205
- HIM 410 Health Informatics – A Systems Perspective (3 credits) Prerequisite: HIM 301
- HIM 420 Health Information Governance & Strategic Planning (3 credits) Prerequisite: HCA 205, HIM 217, HIM 252, HIM 301, and HIM 370
- ^HIM 450 Healthcare Management (3 credits) Prerequisites: HCA 205, HCA 375, HIM 105, HIM 205, HIM 206, HIM 210, HIM 217, HIM 250, HIM 251, HIM 252, HIM 310, HCA 360, and HIM 370
- HIM 435 Analyzing Healthcare Data (3 credits) Prerequisite: HIM 301
- ^HIM 440 Health Informatics Research Methods and Data Analysis (3 credits) Prerequisites: HCA 205, HIM 252, HIM 360.
- HIM 445 Healthcare Project Management (3 credits) Prerequisite: HCA 205 and HIM 450, HCA 311, HCA 312 or ACC 281
ONLINE UNDERGRADUATE PROGRAMS

• ^HIM 495 Professional Practice Experience II (3 credits)  Prerequisite: Completion of BSHIM program core courses. This course must be taken at Ashford University and may not be transferred from another institution. This course is not eligible to be taken as Non-degree seeking. PPE site approval is required before this course can be scheduled.

* Satisfies General Education requirements.

** A grade of C or higher is required.

^^ Quantitative Reasoning Core Competency requirement must be met before taking this course

Bachelor of Science in Human Services Leadership

The Bachelor of Science in Human Services Leadership is designed to prepare students with the knowledge, skills, and competencies needed to successfully lead human service organizations in a rapidly changing and challenging environment. The program will build on students’ existing skills and interests in the social services to further develop their capacity to design and lead organizational approaches for the prevention and resolution of problems facing vulnerable populations in our society. Students will gain a keen sense of leadership as a means to improve the performance of human services organizations and the programs and services offered to address changing needs of increasingly diverse communities. The major coursework in the program is aligned with the national standards for human service education outlined by the Council for Standards in Human Service Organization and the human services management competencies established by the Network for Social Work Management. The primary objective of the program is to prepare human services professionals with the knowledge and skills necessary to promote effective service delivery and program management with increased attention to planning and governance. For more information about on-time completion rates, the median loan debt of students who completed this program, and other important information, please visit www.ashford.edu/pd/obshsl.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes

Human Services Leadership major graduates will be able to:

1. Analyze the delivery of social and community services from a political, socioeconomic, and psychosocial perspective to inform human services leadership decision making;

2. Apply ethical and cultural sensitivity as a human services leader in determining the scope and provision of human services for a variety of populations;

3. Evaluate local social and human services and program offerings at the individual, family, group, organization, and community levels;

4. Analyze ethical issues and challenges inherent in the administration and provision of human services from a leadership perspective;

5. Examine the development and management of community-based human services programs that support children, adolescents, adults, and families; and

6. Originate research-based projects and develop proposals to implement public policy in the Human Services context.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: *43 credits

Major Course Requirements: *57 credits

Electives: 32 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 12 credits from the major may also satisfy General Education requirements.

Major Course Requirements (57 credits)

- ECO 203 Principles of Macroeconomics (3 credits)
- PSY 101 Introduction to Psychology (3 credits)
- *MAT 232 Statistical Literacy (3 credits)
- HHS 201 Introduction to Human Services (3 credits)
- *HHS 207 Communication Skills for Health & Human Service Personnel (3 credits)
- HSL 200 Direct Service Skills and Interventions in Human Services (3 credits)
- PSY 304 Lifespan Development (3 credits)  Prerequisite: PSY 101
- *HSL 300 Social Welfare Policy and Social Programs: An Historical Perspective (3 credits)
ONLINE UNDERGRADUATE PROGRAMS

- HHS 320 Cultural Awareness in the Human Services (3 credits)
- HCA 340 Managing in Health & Human Services (3 credits)  
  Prerequisite: HCA 305, HCA 205 or HPR 231.
- COM 425 Communication in Organizations (3 credits)
- HIM 301 Introduction to Health Informatics (3 credits)
- PPA 303 Finance for Public Administrators I (3 credits)  
  Prerequisite: ECO 203
- PPA 305 Budgeting for Public Administrators (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)
- *ABS 415 Leadership & Ethics in a Changing World (3 credits)
- HCA 421 Health Care Planning & Evaluation (3 credits)  
  Prerequisite: Successful completion of the major of major coursework
- HPR 450 Grant Writing and Evaluations (3 credits)
- HSL 497 Human Services Leadership Capstone (3 credits)  
  Prerequisite: GEN 499

* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking these courses.

Bachelor of Science in Nursing (RN to BSN)

The Bachelor of Science in Nursing (RN to BSN) program is designed for registered nurses seeking to expand their knowledge in the increasingly complex health care industry, and for students who wish to earn a Bachelor’s degree as a stepping-stone for future graduate study. In this program, coursework and practice experiences cover a wide range of content from patient care quality and safety, to leadership, community health, ethics and technology. Students will address areas of need for planned change within a healthcare organization or the community and use their assessment skills to create evidence-based interventions based upon observations, practice-focused research, and learning.

Special Terms and Conditions: The baccalaureate degree in nursing (RN-BSN) at Ashford University is a new applicant pursuing initial accreditation by the Commission on Collegiate Nursing Education. One Dupont Circle, NW, Suite 530, Washington, DC 20036, (202) 887-6791. New applicant status is neither a status of accreditation nor a guarantee that accreditation will be granted. Please be advised that without programmatic accreditation, RN to BSN program students may not be able to transfer credits to another higher education nursing program, apply for federal scholarships or grants, obtain federal employment or join the military in an RN capacity until such accreditation is obtained. In addition, if initial accreditation is not granted prior to the conclusion of a student’s program, RN to BSN program graduates should be aware that graduation from a programatically accredited undergraduate nursing program may be an admissions requirement for entry into graduate-level study in the field.

Alabama Residents: State approval of a program to offer Alabama licensed nurses opportunities for advanced degrees does not indicate eligibility for approval to practice as an advanced practice nurse in Alabama. Applicants for approval in Alabama are required to meet the Alabama requirements for national certification, graduation from a specific-type program for the advanced practice approval, and completion of the appropriate application. Any program offering a pre-licensure track to Alabama students shall meet the requirements of the Alabama regulations for pre-licensure programs or the graduates may not be eligible to take the national licensure examination required by the Alabama Board of Nursing to enter the practice. www.abn.alabama.gov.

Program Outcomes

Students who successfully complete the Bachelor of Science in Nursing online degree program will be able to:

1. Apply nursing leadership concepts and skills to promote quality care and patient safety across a variety of healthcare settings;
2. Apply (a) current evidence and (b) critical thinking and (c) assessment skills to professional nursing practice;
3. Use technological and informatics systems related to health care to promote quality patient care;
4. Synthesize local and federal policies that affect health, health care delivery, and health care management;
5. Use inter-professional communication and collaborative skills to communicate with and educate peers, health care professionals, patients and their families, and the community;
6. Assess health and wellness beliefs and practices to promote health and disease prevention among individuals, families, groups, communities, and populations;
7. Articulate the value of pursuing practice excellence, through lifelong learning and engagement, to grow professionally; and
8. Integrate holistic nursing knowledge, values, skills, and attitudes into practice across the lifespan and continuum of healthcare environments.
Program Requirements

Total number of credits required: 120 credits
General Education Requirements: 43 credits
Major Course Requirements: 42 credits
Electives: 35 credits*

Students must earn a minimum of 30 upper-division credits.

*Students in the Bachelor of Science in Nursing program at Ashford University may be eligible to receive up to 20 non-traditional elective credits through Prior Learning Assessment for completing the NCLEX-RN exam. Students should wait until all previous post-secondary coursework has been reviewed and then contact their Academic Advisor to determine if there is a need for the exam to be reviewed for college credit. To request the credit to be applied, students must complete the Application for NCLEX-RN Exam Credit (provided by the Academic Advisor), write a 1-3 page essay, and submit both documents to pla@ashford.edu. Prerequisite Course Requirements

The following coursework or equivalent must be successfully completed prior to enrolling in 300 level courses in the Bachelor of Science in Nursing major:

- Introduction to Sociology
- Introduction to Psychology
- Introduction to Statistics
- Human Anatomy (with lab)
- Human Physiology (with lab)

Students who have not satisfied required prerequisite coursework in transfer may enroll in the applicable Ashford University coursework below to satisfy this requirement:

- SOC 101 Introduction to Sociology
- PSY 101 Introduction to Psychology
- PSY 325 Statistics for the Behavioral & Social Sciences
- HIM 205 Anatomy and Physiology I and HIM 206 Anatomy and Physiology II

Any prerequisite coursework completed at Ashford University is applied to a student’s elective credit requirements or General Education requirements.

Major Course Requirements (42 credits)

- ENG 328 Scientific and Technical Writing (3 credits) Prerequisite: ENG 122 and fulfillment of General Education Scientific Reasoning requirement
- NUR 300 Professional Role Development and Practice in Nursing (3 credits) Prerequisite: ENG 328
- HCA 322 Health Care Ethics and Medical Law (3 credits) Prerequisite: HCA 305, HCA 205, HPR 231 or NUR 300
- NUR 302 Transcultural Nursing Care (3 credits) Prerequisite: NUR 300
- NUR 304 Health Assessment (3 credits) Prerequisite: NUR 302
- NUR 306 Nursing Research (3 credits) Prerequisite: NUR 300
- HIM 301 Introduction to Health Informatics (3 credits)
- GRO 325 Aging and Health (3 credits)
- NUR 400 Family Health Nursing (3 credits) Prerequisites: NUR 304, NUR 306 and GRO 325
- NUR 402 Community Health Nursing (3 credits) Prerequisites: NUR 304 and NUR 306
- NUR 404 Nursing Care and Management of Chronic Illness and Disability (3 credits) Prerequisites: NUR 400 and NUR 402
- NUR 406 Leading and Managing in Nursing (3 credits) Prerequisites: NUR 304 and NUR 306
- NUR 492 Capstone I: Nursing Practice Improvement Inquiry (3 credits) Prerequisites: NUR 404, NUR 406 and permission of the program chair
- NUR 494 Capstone II: Nursing Practice Improvement and Evaluation (3 credits) Prerequisites: NUR 492 and permission of the program chair

College of Liberal Arts: Undergraduate Programs and Requirements

Associate of Arts in Military Studies

The Associate of Arts in Military Studies degree provides students with a solid foundation in general education from which the fundamentals of military studies can be drawn. Students will make use of the critically reflective tools for interpreting pertinent historical, cultural, philosophical, and political issues that lead to an understanding of military studies.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to contact the appropriate professional organization for their desired profession.
Online Undergraduate Programs

Encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study. This program is not a Military Science (ROTC) program and does not lead to a commission.

Program Outcomes

Students who successfully complete the Associate of Arts in Military Studies degree program will be able to:

1. Develop logical reasoning skills at a level useful in decision making and problem-solving activities;
2. Develop the ability to communicate written ideas clearly;
3. Explain the concept of power and how it can be exercised;
4. Apply historical events or perspectives to the study of the military;
5. Assess how international relations relate to the study of the military;
6. Examine the role of the military as an instrument for the preservation of peace, as well as the waging of war; and
7. Identify moral and ethical issues related to the military.

Program Requirements

Total number of credits required: 64 credits

General Education Requirements: *40 credits
Core Requirements: *21 credits
Elective Requirement: 9 credits

*In this program, 6 credits from the core may also satisfy General Education requirements.

General Education Requirements (40 credits*)

Associate of Arts in Military Studies Graduation Requirements

To be eligible for an Associate of Arts in Military Studies degree, a student must successfully accomplish the following:

- Completion of all program/course requirements;
- Completion of a minimum of 64 credits. Additional prerequisite courses may be required;
- Minimum cumulative grade point average of 2.00 in all coursework attempted at the University; and
- At least 18 credits earned toward the Associate of Arts degree must be completed at Ashford University.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of
the graduation fee, and payment of any outstanding balances with the University.

The degree will be noted on the transcript as an Associate of Arts in Military Studies.

Bachelor of Arts in Applied Linguistics

Applied Linguistics is an interdisciplinary field of study focusing on the practical problems of language-related issues in order to improve the lives of individuals and conditions in society. This major draws from courses in anthropology, English, psychology, sociology, education, and more. Students in this major will address topics such as: how languages can best be learned and taught, social factors that affect language learning, and how technology can be used to contribute to the effectiveness of language teaching and learning. A Bachelor’s degree in Applied Linguistics provides students with valuable training for many opportunities following graduation, and for continuing on to graduate degrees in specialized areas of the field.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state.

Program Outcomes

Applied Linguistics major graduates will be able to:

1. Examine the overall theories and purposes of linguistic study and research;
2. Analyze how language is acquired;
3. Predict the use of language-related technologies and their impact on professions;
4. Assess the interdisciplinary connections between language, culture, and community;
5. Analyze the principles and processes of Linguistics fields, such as phonetics, phonology, morphology, syntax, semantics, pragmatics, computational/corpus linguistics, and historical linguistics;
6. Interpret the policy issues and sociological aspects of applied linguistics; and
7. Develop a capstone research paper exemplifying the ability to apply theoretical knowledge, and research and technological skills in preparation for a career in the field.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 47 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- LNG 101 Introduction to Language (3 credits)
- SPA 103 Beginning Spanish I (3 credits)
- SPA 104 Beginning Spanish II (3 credits)
- LNG 310 Sounds of Language (3 credits)

- ANT 343 Language, Culture & Communication (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement
- LNG 497 Applied Linguistics Capstone (3 credits)
  Prerequisites: LNG 101 or LNG 321 and GEN 499

* Satisfies General Education requirements.

Bachelor of Arts in Communication Studies

The Bachelor of Arts in Communication Studies major is designed for students who seek career opportunities in many fields, including, but not limited to: public relations, human resources, business management, communications management, education, public policy and administration, sociology, journalism, and the media. Communication Studies provides students with an understanding of ethical responsibilities when accessing and disseminating information, and the role in a democratic society of messages encoded through speech and writing, as well as
through emerging modes of communication such as social media and digital media. Within the program, students will examine multiple topics in communication from persuasion and communication theory to various forms of oral, written and visual/multimedia communication, in interpersonal, group, organizational and societal contexts.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Communication Studies major graduates will be able to:

1. Communicate with fluency and clarity;
2. Select effective communication techniques appropriate to audience and context;
3. Identify barriers to effective communication in different contexts and formulate effective solutions;
4. Articulate the value of free expression to a democratic society;
5. Demonstrate sensitivity in communications between and among different groups and individuals of diverse backgrounds;
6. Demonstrate adaptability to changes in communication technology;
7. Conduct effective independent research; and
8. Communicate in ways consistent with the highest ethical standards of the communications professions.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 50 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 9 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- COM 101 Introduction to Communication (3 credits)
- *COM 223 Persuasion in Communication (3 credits)
- *SPE 103 Oral Communication (3 credits)
- COM 425 Communication in Organizations (3 credits)
- COM 345 Media Writing for Communication (3 credits)
- JRN 321 Visual Journalism (3 credits) Prerequisite: JRN 301
- COM 325 Communication & Conflict (3 credits) Prerequisites: ENG 121 and ENG 122 or equivalents
- COM 370 Intercultural Communication (3 credits)
- ENG 328 Scientific & Technical Writing (3 credits) Prerequisites: ENG 122 and fulfillment of the General Education Scientific Reasoning requirement.
- CGD 318 Public Relations Practice & Promotional Writing (3 credits)
- *COM 355 Technology & Communication (3 credits)
- COM 480 Communication Studies Capstone (3 credits) Prerequisite: GEN 499

Bachelor of Arts in Cultural Anthropology

A Bachelor of Arts degree in Cultural Anthropology provides students with basic skills of critical thinking, writing, research, and cross-cultural understanding. The Cultural Anthropology major examines patterns and processes of cultural change with a focus on how people live in particular places, and how they organize, govern and create meaning. Students will examine diversity in other cultures and consider other world views to gain an understanding of how and why diversity in human culture came about. Research in cultural anthropology is distinguished by its reliance on participant observation, and students will learn the research methodologies used to collect and assess critically anthropological data. Students who complete the program will be prepared to enter graduate school in several of the social science disciplines. Course offerings examine topics ranging from anthropological theory, urban and gender anthropology and the study of Native American culture.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state.

Note: Some applications in major courses may require additional hardware, software, and/or internet
ONLINE UNDERGRADUATE PROGRAMS

connectivity requirements. This includes the use of plug-in software Adobe Flash Player 8 for Windows or 8.0 for Mac users.

Program Outcomes
Cultural Anthropology major graduates will be able to:

1. Synthesize the topical scope and main concepts of anthropology;
2. Assess human biological, cultural, and linguistic diversity, past and present;
3. Evaluate the importance of anthropology for understanding contemporary cultures;
4. Evaluate the ethical principles and guidelines that are the foundation for all anthropological work;
5. Apply anthropological research skills in the collection and analysis of data and artifacts; and
6. Analyze the interplay between biological and cultural factors in the human condition.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *37 credits
Electives: 50 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 10 credits from the major may also satisfy General Education requirements.

Major Course Requirements (37 credits)
- ^ANT 234 Family, Kin, & Groups (3 credits)
- ^ANT 202 Human Origins & Prehistory (4 credits)
- ^ANT 307 Anthropology of War (3 credits)
- ^ANT 340 Anthropological Theory (3 credits)
- ^ANT 343 Language, Culture, & Communication (3 credits)
- ^ANT 315 Material Culture: Archaeology & the Human Condition (3 credits)  Prerequisite: ANT 202
- ^ANT 351 Anthropology of Religion, Magic, & Ritual (3 credits)
- SSC 340 Human Health & Global Environmental Change (3 credits)
- ^ANT 353 Anthropology of Gender (3 credits)
- ^ANT 348 Native American Anthropology (3 credits)
- ANT 462 Anthropological Research Methods (3 credits)  Prerequisite: Prerequisite: All 300 level courses required for major and GEN 499
- ANT 499 Ethnographic Study Capstone (3 credits)  Prerequisites: ANT 462, no more than 12 additional credits required before graduation, and GEN 499.

* Satisfies General Education requirements.

Bachelor of Arts in English
This program will offer students a disciplined study of literature and provide a rigorously designed foundation for the development of writing and critical thinking skills. An English degree is versatile, and employers value the proficiency in communication and composition that are valuable in any career.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state.

Program Outcomes
English major graduates will be able to:

1. Demonstrate an understanding of various literary genres and works in their historical, analytical, and sociopolitical contexts;
2. Develop the ability to write creatively, clearly, and concisely;
3. Develop critical thinking skills through intellectual inquiry;
4. Demonstrate the ability to integrate significant literary ideas and themes into a personal worldview;
5. Evaluate the power of language relative to ethnicities and gender;
6. Analyze how writing, language, and literature function to shape human culture and individual identity; and
7. Apply effective independent research skills.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 50 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 9 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (36 credits)**

All students must take ENG 121 and ENG 122 or their equivalents prior to beginning their English major course requirements.

- *ENG 125 Introduction to Literature (3 credits)
- ENG 301 American Literature to 1865 (3 credits)
- ENG 302 American Literature After 1865 (3 credits)
- *ENG 345 British Literature I (3 credits)
- ENG 346 British Literature II (3 credits)
- ENG 315 Business & Professional Writing (3 credits)
- LIB 202 Women, Culture & Society (3 credits)
- ENG 317 International Voices (3 credits)
  *Prerequisites: English Proficiency
- *LNG 330 Language & Power: An Introduction to Discourse Analysis (3 credits)
- JRN 200 Elements of Journalism (3 credits)
- ENG 438 Literary Theory (3 credits)
- ENG 497 English Capstone (3 credits)  *Prerequisite: GEN 499

* Satisfies General Education requirements.

**Program Outcomes**

Environmental Studies major graduates will be able to:

1. Analyze environmental issues and solutions;
2. Evaluate the impacts of culture, diversity, ethics, history, law, policy, society, and technology on global environmental issues;
3. Explain environmental issues and solutions in a scientific manner;
4. Apply multidisciplinary and interdisciplinary knowledge to topics in environmental science;
5. Synthesize the complex relationship between humans and the environment; and
6. Apply quantitative analyses to research and management decisions.

**Program Requirements.**

Total number of credits required: 120 credits

- General Education Requirements: *43 credits
- Major Course Requirements: *36 credits
- Electives: 44 credits

Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

**Major Course Requirements (36 credits)**

- ENV 100 Introduction to Environmental Studies (3 credits)
- ENV 322 Energy & Environmental Systems (3 credits)
- ENV 325 Environmental Management (3 credits)
- ENV 326 Ecology & Evolution (3 credits)  *Prerequisite: ENV 100
- ENV 350 Conservation Biology (3 credits)  *Prerequisite: ENV 326
- ENV 333 Environmental Impact (3 credits)
- ENV 345 Business & the Environment (3 credits)
- POL 310 Environmental Policies (3 credits)
- ENV 385 Chemistry and Toxicology (3 credits)
- **GEO 308 Geographic Information Systems (3 credits)
- BUS 308 Statistics for Managers (3 credits)  *Prerequisite: Quantitative Reasoning Core Competency
- **ENV 497 Environmental Studies Capstone (3 credits)  *Prerequisite: GEN 499

* Satisfies General Education requirements.

Please note that some applications in this course may require additional hardware, software, and/or internet
connectivity requirements. This includes use of Windows XP with Service Pack 2.0 or higher and broadband Internet access. GIS software used in this program is not compatible with Mac OS.

Bachelor of Arts in History

In a world transformed by the powerful tides of globalization, history provides an intellectual toolkit for dealing with complex national and international realities. Every aspect of the present is rooted in aspects of the past. Immersion in place-based knowledge and understanding how unintended consequences shape our lives help students to understand an increasingly complex world.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state.

Program Outcomes

History major graduates will be able to:

1. Utilize appropriate historical sources in the completion of written and/or oral narratives and analysis;
2. Interpret events, institutions, and human communities in their historical contexts;
3. Assess historical phenomena in terms of continuity, change, causation, and significance;
4. Analyze major issues, trends and debates with respect to the historiography of specific topics and themes;
5. Evaluate historical events and trends from global perspectives that examine interaction between societies and cultures; and
6. Assess the significance of social and cultural developments within broader historical contexts.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 50 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 9 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- *HIS 103 World Civilizations I (3 credits)
- *HIS 104 World Civilizations II (3 credits)
- *HIS 205 United States History I (3 credits)
- HIS 206 United States History II (3 credits)
- POL 303 The American Constitution (3 credits)
- LIB 320 Global Socioeconomic Perspectives (3 credits)
- HIS 378 Historiography & Historical Methodologies (3 credits)
  Prerequisites: ENG 122 and HIS 206
- HIS 340 Recent American History (3 credits)
  Prerequisites: ENG 122 and HIS 206
- HIS 311 Gender in History (3 credits)
  Prerequisites: ENG 122 and HIS 206
- HIS 355 Decolonization in Asia, Africa and the Americas
  Prerequisites: ENG 122, HIS 204 and HIS 206
- HIS 379 The Atlantic World (3 credits)
  Prerequisites: ENG 122, HIS 104 and HIS 206
- HIS 497 History Capstone: Advanced Research Project (3 credits)
  Prerequisite: GEN 499 and all major course requirements

* Satisfies General Education requirements.

Bachelor of Arts in Homeland Security and Emergency Management

The Bachelor of Arts in Homeland Security and Emergency Management provides students with a broad view of homeland security, emergency management, and preparedness at the federal, state, and local levels. The program is designed to transcend a single discipline to consider counter-terrorism, emergency planning for natural disasters and response to terrorism, research and analysis, and an interdisciplinary foundation of courses including ethics, international relations, cyber crime, as well as a strong emphasis on American Government and the United States Constitution.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining
licensure, certification, or employment in this field of study.

Program Outcomes

Homeland Security and Emergency Management major graduates will be able to:

1. Demonstrate a comprehension of relevant bodies of law, the intelligence community, and international, political, social, and cultural environments;
2. Develop critical thinking skills for effective problem solving relative to crisis management issues, principles, and procedures;
3. Understand the importance of the historic, cultural, and diversity aspects of selected populations;
4. Demonstrate the ability to write a substantive report or analysis using strong research skills and technical writing proficiency;
5. Evaluate data and analyze the validity of the information;
6. Create a report that demonstrates the ability to retrieve information from relevant websites including the pertinent governmental websites and repositories of information; and
7. Evaluate the ethical implications of Homeland Security measures.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 44 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- HSM 101 Introduction to Homeland Security and Emergency Management (3 credits)
- HSM 201 Department of Homeland Security Missions and Current Issues (3 credits)
- *POL 111 Introduction to Political Science (3 credits)
- CRJ 306 Criminal Law & Procedure (3 credits)
- CRJ 310 Applied Constitutional Issues (3 credits)
- SOC 333 Research Methods (3 credits)
- HSM 315 Emergency Planning (3 credits)
- HSM 323 Revolution & Terrorism in the Modern World (3 credits)
- HSM 433 Counter Terrorism & Intelligence Analysis (3 credits)
- HSM 435 Psychology of Disaster (3 credits)
- HSM 438 Introduction to Cyber Crime (3 credits)
- HSM 497 Homeland Security & Emergency Management Capstone (3 credits)  Prerequisite: GEN 499

* Satisfies General Education requirements.

Bachelor of Arts in Journalism and Mass Communication

The Bachelor of Arts in Journalism and Mass Communication prepares students with the necessary skills to explore career opportunities as reporters, journalists, writers, editors, and in other areas of communication focused on presentation of news and information. Students who major in this degree program will explore the various aspects of print, broadcast, and digital media systems. Students will also learn to critically examine news and information media, conduct audience analyses, and learn skills to produce news for various media platforms. Additionally, students will learn to consider legal and ethical principles associated with the dissemination of information in the media.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Journalism and Mass Communication major graduates will be able to:

1. Demonstrate an understanding of the rights, roles and responsibilities of news media professionals;
2. Apply the principles of Freedom of Speech and Freedom of the Press in a domestic and global society;
3. Demonstrate an understanding of diverse cultures and groups in a domestic and global society in relation to mediated communications;
4. Apply ethical principles a in the pursuit of truth, accuracy, fairness, and diversity;
5. Demonstrate the ability to develop accurate, timely, and impactful mediated messages while applying the appropriate theories and concepts in the presentation of information and images;

6. Demonstrate the ability to conduct research, apply basic numerical and statistical concepts, evaluate information using the appropriate methods, and write clearly in the forms and styles appropriate for the profession; and

7. Demonstrate the ability to think critically, creatively, and independently in the development of news, and in the evaluation of their own work, and the work of others.

Program Requirements

Total number of credits required: 120 credits

General Education Requirements: *43 credits

Major Course Requirements: 36 credits

Electives: 50 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 9 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- JRN 101 Digital & Media Literacy (3 credits)
- JRN 200 Elements of Journalism (3 credits)  
  Prerequisite: ENG 121 and ENG 122 or equivalents
- JRN 201 Multimedia News Writing and Editing (3 credits)  
  Prerequisite: JRN 200
- JRN 301 Newsgathering & Reporting (3 credits)  
  Prerequisite: JRN 201
- JRN 321 Visual Journalism (3 credits)  
  Prerequisite: JRN 301
- JRN 412 Advanced Editorial & Feature Writing (3 credits)  
  Prerequisite: JRN 301
- JRN 341 Specialized Journalism (3 credits)  
  Prerequisite: JRN 301
- LNG 330 Language and Power (3 credits)  
  Prerequisite: LNG 101 or LNG 321
- LNG 360 Language and Society (3 credits)
- JRN 330 Media Law and Ethics (3 credits)  
  Prerequisites: JRN 200 and JRN 201
- JRN 450 Investigative Journalism (3 credits)
- JRN 497 Journalism & Mass Communication Capstone (3 credits)  
  Prerequisite: All Major Core courses and GEN 499

Bachelor of Arts in Law Enforcement Administration

The Bachelor of Arts in Law Enforcement Administration (LEA) is designed for students who wish to advance their careers by developing management skills in the field of law enforcement. The major is designed to provide students with the knowledge and leadership skills necessary to maintain social order, protect individual rights, meet public needs, and uphold the laws and institutions of democracy. Students will learn problem solving and communication skills, and develop increased empathy and a greater understanding of diversity.

Special Terms and Conditions: Successful completion of this program by itself does not lead to professional licensure or certification in any state, regardless of concentration or specialization, and students will not receive the training required to become a law enforcement officer. Each state has its own standards and training requirements for appointment as a law enforcement officer. It is the student’s responsibility to review any state certification or licensure requirements in their intended field of employment.

Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Law Enforcement Administration major graduates will be able to:

1. Develop management and leadership skills appropriate to law enforcement administration;
2. Evaluate the practices and systems for maintaining individual rights;
3. Develop an understanding of police responsibility, ethics, and rights;
4. Analyze criminal behavior;
5. Demonstrate an understanding of race, crime, and social policy;
6. Develop an understanding of the character traits necessary for becoming a responsible, moral law enforcement leader;
7. Evaluate the guidelines for policing in today’s communities; and
8. Create a final project that demonstrates an understanding of research and illustrates critical thinking and clear and concise writing skills.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 44 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)
- LEA 101 Introduction to Concepts in Law Enforcement Administration (3 credits)
- LEA 300 Policing Models for the 21st Century (3 credits)
- *LEA 200 Ethical Leadership in Law Enforcement (3 credits)
- LEA 301 Supervision & Human Resource Management in Law Enforcement (3 credits)
- HSM 315 Emergency Planning (3 credits)
- CRJ 306 Criminal Law & Procedures (3 credits)
- LEA 413 Investigations Management (3 credits)
- PPA 305 Budgeting for Public Administrators (3 credits)
- CRJ 310 Applied Constitutional Issues (3 credits)
- ENG 315 Business & Professional Writing (3 credits)  
  Prerequisites: ENG 122 and junior standing or permission of the instructor
- LEA 444 Training Management (3 credits)
- LEA 497 Law Enforcement Administration Capstone (3 credits)  
  Prerequisite: GEN 499

* Satisfies General Education requirements.

Bachelor of Arts in Liberal Arts
The Bachelor of Arts in Liberal Arts major is designed for students who seek career opportunities in many fields. The Liberal Arts program is designed to provide students with a broad-based liberal arts experience enriching the student’s understanding of the physical and social world. The diversity of courses will enable the student to examine major national and global issues, especially those issues related to cultures and their diversity. Liberal studies emphasize literature, philosophy, social science, and analytical and critical thinking skills, all of which prepare students for lifelong learning and social, cultural, and technological change.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state.

Program Outcomes
Liberal Arts major graduates will be able to:
1. Demonstrate appropriate comparative and analytical communication skills across disciplines;
2. Develop skills to conduct effective independent research;
3. Develop and apply culturally diverse communication skills between and among different groups and individuals in a global environment;
4. Apply critical thinking skills in analyzing, environmental, social, and political issues;
5. Develop the ability to integrate viewpoints from different disciplines; and
6. Analyze the values that influence interactions among people, groups, and nations.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *33 credits
Electives: 50 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (33 credits)
- *LIB 101 The Art of Being Human (3 credits)
- LIB 102 Human Questions (3 credits)
- LIB 301 Liberal Arts Seminar (3 credits)
- *LIB 202 Women, Culture & Society (3 credits)
- LIB 315 The Environment & the Human Spirit (3 credits)  
  Prerequisite: ENG 122 or equivalent
- LIB 316 Historical Contexts & Literature (3 credits)
- ENG 317 International Voices (3 credits)  
  Prerequisites: English Proficiency
- ENG 438 Literary Theory (3 credits)
- LIB 332 Science & Culture (3 credits)
• LIB 356 Research Methods for the Humanities (3 credits)
• LIB 495 Capstone – Advanced Research Project (3 credits)  Prerequisite: GEN 499
* Satisfies General Education requirements.

Bachelor of Arts in Military Studies
The Military Studies program is developed to provide students with a foundation in the areas of historical and political studies and methodologies to understand the role of the military as an institution within society. This major will provide students with historical and ethical perspectives on military affairs. Students will take a broad variety of courses that provide a context in chronology and geography to develop the skills, knowledge base, and moral awareness in preparation for a career as a leader in the military or in the private sector.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study. This program is not a Military Science (ROTC) program and does not lead to a commission.

Program Outcomes
Military Studies major graduates will be able to:
1. Examine the interrelationship between grand strategy and war;
2. Analyze issues concerning the role of the military within its chronological and geographical context;
3. Examine how military and civilian authority should co-exist, both in the United States and in deployments abroad;
4. Assess the moral and ethical concerns raised through the study of the relationship of the military to society;
5. Analyze the importance of the military as an instrument for the preservation of peace, as well as the waging of war; and
6. Evaluate the character traits necessary for becoming amoral and effective leader.

Program Requirements

Bachelor of Arts in Political Science and Government
The Bachelor of Arts in Political Science and Government focuses on the systematic study of political institutions, behavior, political parties, research methods, comparative politics, and an emphasis on our national government. Political Science is key for imparting knowledge of political processes, values, and public policy and is designed to provide students with the analytical tools and critical thinking skills to address the intricate and complex relationships among the private, public, transnational, and global sectors.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose
of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes
Political Science and Government major graduates will be able to:

1. Demonstrate an understanding of the ways in which power and authority are embedded in the structures and workings of the government and politics;
2. Analyze political issues and develop methods to resolve them through effective and creative communication;
3. Develop the ability to undertake in-depth analyses of political behavior as it applies to various political theories in democracy and representation;
4. Assess critically the causes and implications of conflict, compromise, and cooperation at the local, national, transnational, and global levels; and
5. Evaluate public policy as it relates to political behavior, rights, and justice.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 47 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)
- *POL 111 Introduction to Political Science (3 credits)
- POL 201 American National Government (3 credits)
- *POL 255 Introduction to International Relations (3 credits)
- POL 303 The American Constitution (3 credits)
- POL 310 Environmental Policies (3 credits)
- HSM 323 Revolution & Terrorism in the Modern World (3 credits)
- SSC 330 Peacemaking: A Global Study of Conflict Resolution and Activism (3 credits)
- POL 353 Comparative Politics (3 credits)
- SSC 340 Human Health & Global Environmental Change (3 credits)
- POL 470 Introduction to Political Analysis (3 credits) Prerequisite: 18 credit hours in Political Science
- POL 480 Methodology in Political Science (3 credits) Prerequisite: POL 470
- POL 497 Political Science Capstone (3 credits) Prerequisite: GEN 499
* Satisfies General Education requirements.

Bachelor of Arts in Social and Criminal Justice
The Social and Criminal Justice major offers a unique interdisciplinary program that examines criminal justice from a perspective that sees it as a means of building a more just society. Students examine topics such as forensics, psychology, crime prevention, the Constitution, criminal law, and the correctional system.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study. For additional information, please refer to your state licensing board or agency.

Program Outcomes
Social and Criminal Justice major graduates will be able to:

1. Analyze criminal justice issues within the systems of law enforcement, the judiciary, and corrections;
2. Evaluate the application of the social justice principles of equality, solidarity, and human rights toward building a just society;
3. Apply knowledge of cultural sensitivity and diversity awareness to social and criminal justice;
4. Deconstruct the relationship between law enforcement, the judiciary, and corrections;
5. Interpret the relationship between social justice and criminal justice; and,
6. Develop critical perspectives in the study of social and criminal justice by drawing on the fields of criminology, law, philosophy, psychology, science, and sociology.

Program Requirements
ONLINE UNDERGRADUATE PROGRAMS

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 47 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- *SOC 120 Introduction to Ethics & Social Responsibility (3 credits)
- CRJ 310 Applied Constitutional Law (3 credits)
- CRJ 201 Introduction to Criminal Justice (3 credits)
- SOC 305 Crime & Society (3 credits)
- SOC 333 Research Methods (3 credits)

- CRJ 311 Forensics (3 credits)
- *CRJ 303 Corrections (3 credits)
- CRJ 422 Criminal Justice Capstone (3 credits) Prerequisite: GEN 499

* Satisfies General Education requirements.

Note: CRJ 201 should be taken prior to 300-level CRJ courses and above.

Bachelor of Arts in Social Science

The Social Science Program explores global environmental, health, social and technological issues and social change that shape our world from an interdisciplinary perspective. The program brings together diverse disciplines in a comprehensive manner, enabling students to develop a meaningful understanding of the complex associations and influences within a topic and to become global thinkers.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Social Science major graduates will be able to:
1. Evaluate fundamental social science concepts;
2. Integrate knowledge from the social sciences to examine a variety of perspectives about contemporary issues;
3. Evaluate the importance and influence of diversity within and among cultures and societies;
4. Communicate theoretical perspectives, findings, and interpretations of contemporary issues in the social sciences;
5. Analyze contemporary issues in the social sciences using critical thinking and ethical reasoning skills; and
6. Apply qualitative and quantitative research methods to explain and analyze issues of global and contemporary significance

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *36 credits
Electives: 47 credits
Students must earn a minimum of 30 upper-division credits.
*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (36 credits)

- *SSC 101 Introduction to Social Science (3 credits)
- POL 255 Introduction to International Relations (3 credits)
- SOC 308 Racial & Ethnic Groups (3 credits)
- SSC 320 Global Socioeconomic Perspectives (3 credits)
- SSC 330 Peacemaking: A Global Study of Conflict Resolution & Activism (3 credits)
- SSC 330 Peacemaking: A Global Study of Conflict Resolution & Activism (3 credits)
- SSC 340 Human Health and Global Environmental Change (3 credits)
- ANT 340 Anthopological Theory (3 credits) Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement
- ANT 353 Anthopology of Gender (3 credits) Prerequisite: Written Communication Core
Competency and ANT 101 or Global Awareness Competency Requirement

- *COM 370 Intercultural Communication (3 credits)
- PSY 325 Statistics for the Behavioral & Social Sciences (3 credits)  Prerequisite: MAT 232
- ANT 462 Anthropological Research Methods (3 credits)  Prerequisite: All 300 level courses required for major and GEN 499
- ANT 499 Ethnographic Study Capstone (3 credits)  Prerequisites: ANT 462, no more than 12 additional credits required before graduation, and GEN 499.

* Satisfies General Education requirements.

^ Quantitative Reasoning Core Competency requirement must be met before taking this course.

Note: SSC 101 should be taken prior to 300-level courses and above in their respective subject areas.

Transfer Concentration Option

Students may add a transfer concentration to the Bachelor of Arts in Social Science program by transferring in 12 applicable credits in a defined subject area. Transfer concentrations are not required and are intended for students who have experience and/or extensive transfer credit coursework in a field of study at the time of admission to the program. The following major courses are designated for substitution with concentration coursework, where appropriate: POL 255, LIB 320, ANT 353, and SOC 308. For additional details, see Transfer Concentration Guidelines in the General Academic Information and Policies section of this Catalog.

Bachelor of Arts in Sociology

The BA in sociology is focused on the study of humans in society, and specifically in reference to their identifying groups (race, gender, sexuality, etc.) and the unique issues they can face. Sociology majors study social theory and social structures, research methods and the making and implementation of social policy. This allows majors to understand the cause of social issues, provide solutions, and influence positive social change. Graduates of the program are prepared for entry-level social research, analysis, public and social services, as well as workplace and community advocacy and activism positions.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Sociology major graduates will be able to:

1. Defend knowledge of foundational sociological concepts; specifically, concepts of diversity, social responsibility, human rights, and dignity and respect for others in society;
2. Assess a variety of classical and contemporary sociological theoretical perspectives;
3. Evaluate research methodologies within the sociological context;
4. Critically evaluate sociological issues; and
5. Apply sociological tools to impact societal issues.

Program Requirements

Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *33 credits
Electives: 50 credits

Students must earn a minimum of 30 upper-division credits.

*In this program, 6 credits from the major may also satisfy General Education requirements.

Major Course Requirements (33 credits)

- *SOC 101 Introduction to Sociology (3 credits)
- SOC 203 Social Problems (3 credits)
- SOC 205 Social Theory (3 credits)
- SOC 333 Research Methods (3 credits)
- PSY 325 Statistics for the Behavioral & Social Sciences (3 credits)  Prerequisite: MAT 232
- *SOC 301 Identity & Social Inequality (3 credits)
- SOC 304 Social Gerontology (3 credits)
- SSC 320 Global Socioeconomic Perspectives (3 credits)
- SOC 308 Racial & Ethnic Groups (3 credits)
- SOC 307 Gender & Sexuality (3 credits)
- SOC 401 Engaging in Sociology (3 credits)  Prerequisites: SOC 101, SOC 333 and SOC 301

* Satisfies General Education requirements.
Minors

Minors offered in the online modality provide students with additional opportunities to broaden and enrich their education. A minor is a program of study that is distinct from and supplements a student’s major. A minor may be taken as a way to give a coherent pattern to elective credits, to expand career options, to prepare for graduate study, or simply to explore in greater depth an area different from one’s major.

Coursework that is applied toward fulfillment of a minor may count toward elective or General Education requirements, but will not apply toward fulfillment of a transfer concentration or specialization. Students cannot earn a minor in the same subject area as their major field of study or a major that has more than 50% of the same coursework, unless otherwise noted. In addition, students cannot declare or earn two minors that share more than 50% of the same coursework. Students must declare a minor prior to degree conferral.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Accounting Minor (18 credits)

Please note: This minor is not available to students majoring in Accounting.

- ACC 205 Principles of Accounting I (3 credits)
- ACC 206 Principles of Accounting II (3 credits) Prerequisite: ACC 205
- ACC 305 Intermediate Accounting I (3 credits) Prerequisite: ACC 206
- ACC 306 Intermediate Accounting II (3 credits) Prerequisite: ACC 305
- ACC 310 Cost Accounting I (3 credits) Prerequisite: ACC 206
- ACC 401 Federal Income Taxes I (3 credits) Prerequisite: ACC 205

Business Administration Minor (18 credits)

Please note: This minor is not available to students majoring in Business Administration, Business Economics, Human Resources Management, or Sports and Recreation Management.

- ACC 205 Principles of Accounting I (3 credits)
- BUS 303 Human Resource Management (3 credits)
- BUS 311 Business Law I (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- MGT 330 Management for Organizations (3 credits)

Business Economics Minor (18 credits)

Please note: This minor is not available to students majoring in Business Economics.

- BUS 308 Statistics for Managers (3 credits) Prerequisite: Quantitative Reasoning Core Competency
- ECO 203 Principles of Macroeconomics (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- ECO 316 Financial Institutions & Markets (3 credits) Prerequisite: ECO 100 and ECO 203
- ECO 320 International Economics (3 credits)
- ECO 406 Business Cycles & Growth (3 credits) Prerequisite: ECO 203

Child Development Minor (18 credits)

- ECE 315 Language Development in Young Children (3 credits)
- ECE 353 Cognitive Development of Infants & Young Children (3 credits)
- ECE 354 Assessment & Intervention During Early Childhood (3 credits)
- ECE 355 Understanding Behavior & Family Dynamics (3 credits)
- PSY 104 Child & Adolescent Development (3 credits)
- SOC 312 Child, Family & Society (3 credits)

Communication Studies Minor (18 credits)

Please note: This minor is not available to students majoring in Communication Studies.

- COM 101 Introduction to Communication (3 credits)
- COM 223 Persuasion in Communication (3 credits)
- COM 325 Communication & Conflict (3 credits) Prerequisites: ENG 121 and ENG 122 or equivalents
- COM 345 Media Writing for Communication (3 credits)
- COM 370 Intercultural Communication (3 credits)
- COM 425 Communication in Organizations (3 credits)
Cultural Anthropology Minor (18 credits)

Please note: This minor is not available to students majoring in Cultural Anthropology.

Required Courses:
- ANT 234 Family, Kin, & Groups (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Intercultural & Global Awareness Competency Requirement
- ANT 307 Anthropology of War (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement
- ANT 351 Anthropology of Religion, Magic, & Ritual (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement

Choose from three of the following courses:
- ANT 340 Anthropological Theory (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement
- ANT 343 Language, Culture, & Communication (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement
- ANT 353 Anthropology of Gender (3 credits)
  Prerequisite: Written Communication Core Competency and ANT 101 or Global Awareness Competency Requirement
- ANT 348 Native American Anthropology (3 credits)
  Prerequisite: Written Communication Core Competency and ANT 101 or Global Awareness Competency Requirement
- ANT 315 Material Culture: Archaeology & the Human Condition (3 credits) Prerequisite: ANT 202

Educational Psychology Minor (18 credits)

Please note: This minor is not available to students majoring in Psychology

Required Courses:
- PSY 101 Introduction to Psychology (3 credits)
- PSY 331 Psychology of Learning (3 credits)
- PSY 323 Perception, Learning, & Cognition (3 credits)
  Prerequisite: PSY 101 or equivalent

Entrepreneurship Minor (18 credits)

Please note: This minor is not available to students majoring in Entrepreneurship.

- BUS 362 Introduction to Entrepreneurship (3 credits)
- BUS 365 Creativity & Innovation (3 credits)
  Prerequisite: BUS 362
- BUS 368 Venture Capital & Banking (3 credits)
  Prerequisite: BUS 362
- BUS 433 New Business Strategy (3 credits)
  Prerequisite: BUS 362
- BUS 435 Small Business Ventures (3 credits)
  Prerequisite: BUS 362
- MGT 330 Management for Organizations (3 credits)

Environmental Studies Minor (18 credits)

Please note: This minor is not available to students majoring in Environmental Studies.

Required Courses:
- ENV 100 Introduction to Environmental Studies (3 credits)
- ENV 322 Energy & Environmental Systems (3 credits)
- ENV 325 Environmental Management (3 credits)

Choose three of the following courses:
- ENV 326 Ecology & Evolution (3 credits)
- ENV 350 Conservation Biology (3 credits)
- ENV 333 Environmental Impact (3 credits)
- ENV 345 Business & the Environment (3 credits)
- POL 310 Environmental Policies (3 credits)

Finance Minor (18 credits)

- ACC 205 Principles of Accounting I (3 credits)
- BUS 215 Personal Financial Management (3 credits)
- BUS 401 Principles of Finance (3 credits)
  Prerequisites: ACC 201 or ACC 205 or ACC 208 or ACC 281 and Quantitative Reasoning Core Competency
ONLINE UNDERGRADUATE PROGRAMS

- BUS 405 Principles of Investments (3 credits)  
  Prerequisite: BUS 401
- BUS 430 Finance Seminar (3 credits)  
  Prerequisite: BUS 405
- ECO 316 Financial Institutions & Markets (3 credits)  
  Prerequisite: ECO 100 and ECO 203

Global Studies Minor (18 credits)
- LIB 318 Peacemaking: A Study of Conflict Resolution (3 credits)
- ENG 317 International Voices (3 credits)  
  Prerequisites: English Proficiency
- POL 255 Introduction to International Relations (3 credits)
- POL 353 Comparative Politics (3 credits)
- ENV 322 Energy & Environmental Systems (3 credits)
- LIB 320 Global Socioeconomic Perspectives (3 credits)

Health and Wellness Minor (18 credits)
Please note: This minor is not available to students majoring in Health and Wellness.
- HWE 200 Introduction to Health and Wellness (3 credits)
- HCS 308 Introduction to Nutritional Concepts (3 credits)  
  Prerequisite: HWE 200
- HCS 334 Personal Fitness and Wellness for Optimal Living (3 credits)  
  Prerequisites: HPR 205 and HWE 200
- HWE 330 Musculoskeletal Anatomy and Physiology (3 credits)  
  Prerequisite: HPR 205
- HWE 340 Exercise and Physiology (3 credits)  
  Prerequisites: HPR 205 and HWE 330
- HWE 420 Wellness for Special Populations (3 credits)  
  Prerequisites: HWE 200, HWE 330, HWE 340, and HCS 334

Health Care Administration Minor (18 credits)
Please note: This minor is not available to students majoring in Health Care Administration.
- HCA 205 Introduction to Health Care (3 credits)
- HCA 340 Managing in Health & Human Services (3 credits)  
  Prerequisite: HCA 305 or HCA 205
- HCA 322 Health Care Ethics & Medical Law (3 credits)  
  Prerequisite: HCA 305, HCA 205, HPR 231 or NUR 300
- HCA 415 Community & Public Health (3 credits)
- HCA 421 Health Care Planning & Evaluation (3 credits)  
  Prerequisite: Successful completion of the majority of major coursework
- HCA 430 Special Populations (3 credits)  
  Prerequisite: Successful completion of the majority of major coursework

Health Education Minor (18 credits)
Please note: This minor is not available to students majoring in Health Education.
- HPR 231 Introduction to Health Education (3 credits)
- HPR 232 Community Health Promotion Methods (3 credits)
- HPR 303 Health Communication (3 credits)
- HPR 350 Introduction to Epidemiology (3 credits)
- HCA 340 Managing in Health and Human Services (3 credits)  
  Prerequisite: HCA 305 or 205
- HCS 412 Health Promotion Planning and Evaluation (3 credits)

Health Psychology Minor (18 credits)
Please note: This minor is not available to students majoring in Psychology.
- PSY 101 Introduction to Psychology (3 credits)
- GRO 202 Psychology of Aging (3 credits)
- HCS 316 Cultural Diversity in Health & Illness
- PSY 350 Physiological Psychology (3 credits)  
  Prerequisite: PSY 101 or equivalent
- PSY 361 Health Psychology (3 credits)
- PSY 380 Counseling and Behavior Change (3 credits)  
  Prerequisites: HWE 200 and PSY 361

Homeland Security and Emergency Management Minor (18 credits)
Please note: This minor is not available to students majoring in Homeland Security and Emergency Management.
- HSM 101 Introduction to Homeland Security & Emergency Management (3 credits)
• HSM 201 Department of Homeland Security Missions & Current Issues (3 credits)
• HSM 315 Emergency Planning (3 credits)
• HSM 433 Counter Terrorism & Intelligence Analysis (3 credits)
• HSM 435 Psychology of Disaster (3 credits)
• HSM 438 Introduction to Cyber Crime (3 credits)

Humanities Minor (18 credits)

Please note: This minor is not available to students majoring in Liberal Arts.

• LIB 101 The Art of Being Human (3 credits)
• LIB 102 Human Questions (3 credits)
• LIB 315 The Environment & the Human Spirit (3 credits)
  Prerequisite: ENG 122 or equivalent
• LIB 316 Historical Contexts & Literature (3 credits)
• LIB 202 Women, Culture & Society (3 credits)
• LIB 332 Science & Culture (3 credits)

Human Resources Management Minor (18 credits)

Please note: This minor is not available to students majoring in Human Resources Management.

• BUS 303 Human Resource Management (3 credits)
• BUS 370 Organizational Development (3 credits)
  Prerequisite: BUS 201 or MGT 330 or HCA 459
• BUS 372 Employee & Labor Relations (3 credits)
  Prerequisite: BUS 303
• BUS 375 Employee Training (3 credits)
  Prerequisite: BUS 303
• BUS 434 Compensation & Benefits Management (3 credits)
  Prerequisite: BUS 303
• MGT 330 Management for Organizations (3 credits)

Identity Studies Minor (18 credits)

• SOC 301 Identity & Social Inequality (3 credits)
• SOC 307 Gender & Sexuality (3 credits)
• SOC 308 Race & Ethnicity (3 credits)
• LIB 202 Women, Culture & Society (3 credits)
• ANT 348 Native American Anthropology (3 credits)
  Prerequisite: Written Communication Competency and ANT 101 or Global Awareness Competency Requirement

Information Systems Minor (18 credits)

Please note: This minor is not available to students majoring in Business Information Systems.

• INF 220 IS Principles (3 credits)
  Prerequisite: INF 103 or permission of instructor.
• INF 231 Programming Concepts (3 credits)
  Prerequisite: INF 103 or permission of instructor.
• INF 322 Database Management Systems (3 credits)
  Prerequisite: INF 231 and Quantitative Reasoning Core Competency
• INF 325 Telecommunications & Networking Concepts (3 credits)
  Prerequisite: INF 231 or permission of the instructor
• INF 340 Business Systems Analysis (3 credits)
  Prerequisite: Digital Literacy Competency
• PRM 300 Introduction to Project Management (3 credits)

Instructional Design Minor (18 credits)

Please note: This minor is not available to students majoring in Instruction Design, or students majoring in Education Studies with an Instructional Design Specialization.

• EDU 120 Principles of Instructional Design (3 credits)
• EDU 337 Collaboration in the Virtual Classroom (3 credits)
  Prerequisites: EDU 120 and EDU 232
• EDU 356 Emerging Issues in Educational Technology (3 credits)
  Prerequisites: EDU 120 and EDU 232
• EDU 358 Assessment of Student Learning (3 credits)
  Prerequisites: EDU 120 and EDU 232
• EDU 362 Adult Learning & Instruction (3 credits)
• ESE 370 Learning & the Brain (3 credits)

International Management Minor (18 credits)

Please note: This minor is not available to students majoring in International Business.

• BUS 343 International Marketing (3 credits)
• BUS 357 International Business (3 credits)
• BUS 378 International Business Law (3 credits)
• BUS 439 International Human Resources Management (3 credits)
• BUS 450 International Finance (3 credits)
• ECO 320 International Economics (3 credits)

International Security and Military Studies Minor (18 credits)
• MIL 350 Studies in Military Leadership (3 credits)
• MIL 312 Peacekeeping (3 credits)
• MIL 275 Military Ethics (3 credits)
• LIB 318 Peacemaking: A Study of Conflict Resolution (3 credits)
• LIB 323 Revolution and Terrorism in the Modern World (3 credits)
• HSM 433 Counter Terrorism & Intelligence Analysis (3 credits)

Journalism & Mass Communication Minor (18 credits)
Please note: This minor is not available to students majoring in Journalism & Mass Communication.
• JRN 200 Elements of Journalism (3 credits)
  Prerequisite: ENG 121, ENG 122
• JRN 201 Multimedia News Writing & Editing (3 credits)
  Prerequisite: JRN 200
• JRN 301 Newsgathering & Reporting (3 credits)
  Prerequisite: JRN 201
• JRN 341 Specialized Journalism (3 credits)
• JRN 333 Ethics in Journalism (3 credits)
  Prerequisite: JRN 200
• JRN 410 Journalism Law (3 credits)  Prerequisite: JRN 200

Law Enforcement Administration Minor (18 credits)
Please note: This minor is not available to students majoring in Law Enforcement Administration.
• LEA 101 Introduction to Law Enforcement Administration (3 credits)
• LEA 200 Ethical Leadership (3 credits)
• LEA 301 Supervision & Human Resource Management in Law Enforcement (3 credits)
• LEA 300 Policing Models for the 21st Century (3 credits)
• PPA 305 Budgeting for Public Administrators (3 credits)
• LEA 444 Training Management (3 credits)

Literature Minor (18 credits)
Please note: This minor is not available to students majoring in English.

Required Courses:
• ENG 317 International Voices (3 credits)
  Prerequisites: English Proficiency
• ENG 380 Literary Research (3 credits)
• ENG 497 English Capstone (3 credits)
  Prerequisite: GEN 499

Choose three of the following courses:
• ENG 201 American Literature to 1865 (3 credits)
• ENG 202 American Literature After 1865 (3 credits)
• ENG 345 British Literature I (3 credits)
• ENG 346 British Literature II (3 credits)
• ENG 341 Studies in Literary Genres (3 credits)
• ENG 438 Literary Theory (3 credits)

Logistics Management Minor (18 credits)
• BUS 445 Total Quality Management (3 credits)
• INF 220 IS Principles (3 credits)
  Prerequisite: Prerequisite: INF 103 or permission of instructor.
• MGT 323 Principles of Supply Chain Management
  Prerequisites: MGT 330
• MGT 400 Logistics Management (3 credits)
• MGT 330 Management for Organizations (3 credits)
• MGT 401 Hazardous Materials Management (3 credits)
  Prerequisite: MGT 330

Long Term Care Administration Minor (18 credits)
Please note: This minor is not available to students majoring in Health Care Administration.
• HCA 333 Introduction to Long Term Care (3 credits)
• BUS 303 Human Resource Management (3 credits)
• HIM 217 Electronic Health Records (3 credits)
  Prerequisite: HCA 205
• HCA 312 Health Care Finance (3 credits)
  Prerequisites: ACC 281 and HCA 305 or HCA 205
• HCA322 Healthcare Ethics and Medical Law (3 credits)
  Prerequisite: HCA 305 or HCA 205.
• HCA 375 Continuous Quality Monitoring & Accreditation (3 credits)
  Prerequisite: HCA 205.
Special Terms and Conditions: The Minor in Long Term Care Administration is not a licensure program. Ashford University cannot confirm whether this course or program meets requirements for professional licensure in any state. For information regarding professional licensure requirements in your state, you should contact the applicable testing agency and licensing board/agency in your state and determine whether the program meets requirements for licensure in the state where you reside.

Marketing Minor (18 credits)

Please note: This minor is not available to students majoring in Public Relations and Marketing.

- BUS 317 Introduction to Advertising (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- BUS 336 Marketing Strategy (3 credits)
- BUS 339 Marketing Research (3 credits)
- BUS 343 International Marketing (3 credits)
- BUS 350 Consumer Behavior (3 credits)

Operations Management Minor (18 credits)

Please note: This minor is not available to students majoring in Operations Management and Analysis.

- BUS 307 Operations Management & Quantitative Techniques (3 credits)
  Prerequisite: Quantitative Reasoning Core Competency
- BUS 308 Statistics for Managers (3 credits)
  Prerequisite: Quantitative Reasoning Core Competency
- BUS 345 Total Quality Management (3 credits)
- BUS 446 Production Operations Control (3 credits)
- INF 336 Project Procurement Management (3 credits)
  Prerequisite: INF 231 or permission of the instructor
- INF 340 Business Systems Analysis (3 credits)
  Prerequisite: Digital Literacy Competency

Organizational Management Minor (18 credits)

Please note: This minor is not available to students majoring in Business Administration or Organizational Management.

- BUS 303 Human Resource Management (3 credits)
- BUS 340 Business Communication (3 credits)
- MGT 330 Management for Organizations (3 credits)
- MGT 380 Leadership for Organizations (3 credits)
- BUS 318 Organizational Behavior (3 credits)
  Prerequisite: BUS 201 or MGT 330
- MGT 435 Organizational Change (3 credits)

Political Science and Government Minor (18 credits)

Please note: This minor is not available to students majoring in Political Science and Government.

- POL 201 American National Government (3 credits)
- POL 111 Introduction to Political Science (3 credits)
- POL 303 The American Constitution (3 credits)
- POL 310 Environmental Policies (3 credits)
- POL 353 Comparative Politics (3 credits)
- POL 255 Introduction to International Relations (3 credits)

Project Management Minor (18 credits)

Please note: This minor is not available to students majoring in Project Management.

- INF 336 Project Procurement Management (3 credits)
  Prerequisite: INF 231 or permission of the instructor
- INF 337 Integrated Cost & Schedule Control (3 credits)
  Prerequisites: ACC 205, and MAT 332 or BUS 308
- MGT 380 Leadership for Organizations (3 credits)
- BUS 445 Total Quality Management (3 credits)
- PRM 300 Introduction to Project Management (3 credits)
- MGT 435 Organizational Change (3 credits)

Psychology Minor (18 credits)

Please note: This minor is not available to students majoring in Psychology.

- PSY 101 Introduction to Psychology (3 credits)
- PSY 301 Social Psychology (3 credits)
  Prerequisite: PSY 101, SSC 101 or equivalent
- PSY 330 Theories of Personality (3 credits)
  Prerequisite: PSY 101 or equivalent
- PSY 303 Abnormal Psychology (3 credits)
  Prerequisite: PSY 101 or equivalent and PSY 330
- PSY 331 Psychology of Learning (3 credits)
- PSY 350 Physiological Psychology (3 credits)
  Prerequisite: PSY 101 or equivalent
Public Administration Minor (18 credits)

*Please note: This minor is not available to students majoring in Public Administration.*

- PPA 301 Principles of Public Administration (3 credits)
- PPA 303 Finance for Public Administrators (3 credits)  
  *Prerequisite: ECO 203*
- PPA 305 Budgeting for Public Administrators (3 credits)
- PPA 307 Intergovernmental Relations & Issues (3 credits)  
  *Prerequisite: PPA 301*
- PPA 401 Urban Management (3 credits)  
  *Prerequisite: PPA 301*
- PPA 403 Administrative Law (3 credits)

Social and Criminal Justice Minor (18 credits)

*Please note: This minor is not available to students majoring in Social and Criminal Justice.*

- CRJ 201 Introduction to Criminal Justice (3 credits)
- CRJ 301 Juvenile Justice (3 credits)
- CRJ 303 Corrections (3 credits)
- CRJ 305 Crime Prevention (3 credits)
- CRJ 306 Criminal Law & Procedure (3 credits)
- CRJ 311 Forensics (3 credits)

Social Sciences Minor (18 credits)

*Please note: This minor is not available to students majoring in Social Science.*

- SSC 101 Introduction to Social Science (3 credits)
- POL 255 Introduction to International Relations (3 credits)
- LIB 320 Global Socioeconomic Perspectives (3 credits)
- SSC 330 Peacemaking: A Study of Conflict Resolution & Activism (3 credits)
- SSC 340 Human Health and Global Environmental Change (3 credits)
- ANT 353 Anthropology of Gender (3 credits)  
  *Prerequisite: Written Communication Core Competency and ANT 101 or Global Awareness Competency Requirement*

Sociology Minor (18 credits)

*Please note: This minor is not available to students majoring in Sociology.*

- SOC 101 Introduction to Sociology (3 credits)
- SOC 203 Social Problems (3 credits)
- SOC 205 Social Theory (3 credits)
- SOC 301 Identity and Social Inequality (3 credits)
- SOC 333 Research Methods (3 credits)
- SOC 401 Engaging in Sociology (3 credits)

Sports and Recreation Management Minor (18 credits)

*Please note: This minor is not available to students majoring in Sports and Recreation Management.*

- ACC 205 Principles of Accounting I (3 credits)
- BUS 303 Human Resource Management (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- MGT 330 Management for Organizations (3 credits)
- SRM 401 Sport Finance (3 credits)  
  *Prerequisite: ACC 205*
- SRM 410 Contemporary Issues in Sports Marketing & Management (3 credits)

World History Minor (18 credits)

*Please note: This minor is not available to students majoring in History.*

- HIS 104 World Civilizations II (3 credits)
- HIS 378 Historiography & Historical Methodologies (3 credits)
- HIS 306 Twentieth-Century Europe (3 credits)
- LIB 320 Global Socioeconomic Perspectives (3 credits)
- HIS 355 Decolonization in Asia, Africa and the Americas (3 credits)  
  *Prerequisites: HIS 204 and English Proficiency*
- HIS 379 The Atlantic World (3 credits)

Writing Minor (18 credits)

*Please note: This minor is not available to students majoring in English.*

- ENG 315 Business and Professional Writing (3 credits)  
  *Prerequisites: ENG 122 and junior standing.*
- ENG 438 Literary Theory (3 credits)
• ENG 328 Scientific & Technical Writing (3 credits)
  Prerequisites: ENG 122 and fulfillment of the General Education Science requirement.
• JRN 200 Elements of Journalism (3 credits)
  Prerequisites: ENG 121 and ENG 122 or equivalents
• COM 345 Media Writing for Communication (3 credits)
• LNG 330 Language & Power: An Introduction to Discourse Analysis (3 credits)

Specializations
A specialization is an area of study that supplements select undergraduate majors. Students begin specialization coursework following successful completion of the major capstone. Students must declare a specialization prior to completion of program requirements.

Business Economics Specialization (12 credits)
Available for Bachelor of Arts in Accounting degree program only.
• ECO 203 Principles of Macroeconomics (3 credits)
• ECO 316 Financial Institutions & Markets (3 credits)
  Prerequisite: ECO 100 and ECO 203
• ECO 320 International Economics (3 credits)
• ECO 406 Business Cycles & Growth (3 credits)
  Prerequisite: ECO 203

Child Development Specialization (12 credits)
Available for Bachelor of Arts in Education Studies degree program only.
• ECE 205 Introduction to Child Development (3 credits)
• ECE 332 Child Development (3 credits)
• ECE 351 Play & Learning for the Young Child (3 credits)
• ECE 355 Understanding Behavior & Family Dynamics (3 credits)

Early Childhood Education Specialization (12 credits)
Available for Bachelor of Arts in Education Studies degree program only.
• ECE 101 Introduction to Early Childhood Education (3 credits)

ECE 311 Early Childhood Curriculum & Methods (3 credits)
• ECE 315 Language Development in Young Children (3 credits)
• ECE 335 Children’s Literature (3 credits)

Education and Public Policy Specialization (12 credits)
Available for Bachelor of Arts in Education Studies degree program only.
• EDU 108 Introduction to Policy & Education (3 credits)
• EDU 363 Education & Social Justice (3 credits)
• EDU 365 Politics of American Education (3 credits)
• EDU 428 Student Achievement in Public Schools (3 credits)

English Language Learner Studies Specialization (12 credits)
Available for Bachelor of Arts in Education Studies degree program only.
• ELL 240 Linguistically & Culturally Diverse Learners (3 credits)
• ELL 351 Listening & Speaking in a Second Language (3 credits)
• ELL 353 Reading & Writing in a Second Language (3 credits)
• ELL 420 Testing & Assessment for ELL Students (3 credits)

Entrepreneurship Specialization (12 credits)
Available in Bachelor of Arts in Accounting, Business Administration, Health Care Administration, Human Resources Management, and Sports and Recreation Management degree programs only.
• BUS 362 Introduction to Entrepreneurship (3 credits)
• BUS 365 Creativity & Innovation (3 credits)
  Prerequisite: BUS 362
• BUS 368 Venture Capital & Banking (3 credits)
  Prerequisite: BUS 362
• BUS 433 New Business Strategy (3 credits)
  Prerequisite: BUS 362
Finance Specialization (12 credits)

Available in Bachelor of Arts in Accounting, Business Administration, Health Care Administration, and Sports and Recreation Management degree programs only.

- BUS 215 Personal Financial Management (3 credits)
- BUS 401 Principles of Finance (3 credits)
  Prerequisites: ACC 201 or ACC 205 or ACC 208 or ACC 281 and Quantitative Reasoning Core Competency
- BUS 405 Principles of Investments (3 credits)
  Prerequisite: BUS 401
- ECO 316 Financial Institutions & Markets (3 credits)
  Prerequisite: ECO 100 or ECO 203

Health Care Informatics Systems Specialization (12 credits)

Available in all Bachelor’s programs in the College of Health, Human Services, and Science except for Applied Behavioral Science, Psychology, Health Information Management and Nursing (RN to BSN).

- HIM 301 Introduction to Health Informatics (3 credits)
- HIM 217 Electronic Health Records (3 credits)
  Prerequisite: HCA 205
- HIM 410 Health Informatics-A Systems Perspective (3 credits)
- HIM 435 Analyzing Healthcare Data (3 credits)

Human Resources Management Specialization (12 credits)

Available in Bachelor of Arts in Business Administration, Health Care Administration and Organizational Management degree programs only.

- BUS 370 Organizational Development (3 credits)
  Prerequisite: BUS 201 or MGT 330 or HCA 459
- BUS 372 Employee & Labor Relations (3 credits)
  Prerequisite: BUS 303
- BUS 375 Employee Training (3 credits)
  Prerequisite: BUS 303
- BUS 434 Compensation & Benefits Management (3 credits)
  Prerequisite: BUS 303

Infant and Toddler Care Specialization (12 credits)

Available in Bachelor of Arts in Early Childhood Education and Early Childhood Education Administration only.

- ECE 341 Social & Emotional Growth of Infants & Toddlers (3 credits)
- ECE 343 Quality Care Environments for Infants & Toddlers (3 credits)
- ECE 345 Infant & Toddler Learning & Development (3 credits)
- ECE 347 Culture, Family & Childcare (3 credits)

Information Systems Specialization (12 credits)

Available in Bachelor of Arts in Accounting, Business Administration, Health Care Administration, Public Relations and Marketing and Sports and Recreation Management degree programs only.

- INF 231 Programming Concepts (3 credits)
  Prerequisite: INF 103 or permission of instructor.
- INF 322 Database Management Systems (3 credits)
  Prerequisites: INF 231 and Quantitative Reasoning Core Competency
- INF 325 Telecommunications & Networking Concepts (3 credits)
  Prerequisite: INF 231 or permission of the instructor
- INF 340 Business Systems Analysis (3 credits)
  Prerequisite: Digital Literacy Competency

Instructional Design Specialization (12 credits)

Available for Bachelor of Arts in Education Studies degree program only.

- EDU 120 Principles of Instructional Design (3 credits)
- EDU 232 Instructional Design for E-Learning (3 credits)
  Prerequisite: EDU 120
- EDU 335 Design Concepts & Applications for Online Learning (3 credits)
  Prerequisites: EDU 120 and EDU 232
- EDU 336 Evaluation of E-Learning (3 credits)
  Prerequisites: EDU 120 and EDU 232

International Management Specialization (12 credits)

Available in Bachelor of Arts in Accounting, Business Administration, Health Care Administration, and Public Relations and Marketing degree programs only.
• BUS 343 International Marketing (3 credits)
• BUS 357 International Business (3 credits)
• BUS 450 International Finance (3 credits)
• ECO 320 International Economics (3 credits)

Logistics Management Specialization (12 credits)
Available in Bachelor of Arts in Business Administration, Entrepreneurship, International Business, Organizational Management, Operations Management and Analysis, and Public Administration only.
• MGT 323 Principles of Supply Chain Management
  Prerequisite: MGT 330
• MGT 400 Logistics Management (3 credits)
• MGT 370 International Supply Chain Management (3 credits)
• MGT 401 Hazardous Materials Management (3 credits)
  Prerequisite: MGT 330

Long-Term Care Specialization (12 credits)
Available in the Bachelor of Arts in Health and Human Services degree program only.
• HCA 333 Introduction to Long-Term Care (3 credits)
• HCA 442 Contemporary Issues in Aging (3 credits)
• PSY 317 Cognitive Functioning in the Elderly (3 credits)
  Prerequisite: PSY 101 or equivalent
• SOC 304 Social Gerontology (3 credits)

Long-Term Care Management Specialization (12 credits)
Available in Bachelor of Arts in Health Care Administration degree program only.
• HCA 442 Contemporary Issues in Aging (3 credits)
• HCA 444 Long-Term Care: The Consumer Perspective (3 credits)
• PSY 317 Cognitive Functioning in the Elderly (3 credits)
  Prerequisite: PSY 101 or equivalent
• SOC 304 Social Gerontology (3 credits)

Marketing Specialization (12 credits)
Available in Bachelor of Arts in Business Administration and Sports and Recreation Management degree programs only.
• BUS 317 Introduction to Advertising (3 credits)
• BUS 339 Marketing Research (3 credits)

Operations Management Specialization (12 credits)
Available in Bachelor of Arts in Accounting and Business Administration degree programs only.
• BUS 307 Operations Management & Quantitative Techniques (3 credits)
  Prerequisite: Quantitative Reasoning Core Competency
• BUS 445 Total Quality Management (3 credits)
• BUS 446 Production Operations Control (3 credits)
• INF 336 Project Procurement Management (3 credits)
  Prerequisite: INF 231 or permission of the instructor

Project Management Specialization (12 credits)
Available in Bachelor of Arts in Accounting, Business Administration, Health Care Administration, Organizational Management, Public Relations and Marketing, and Sports and Recreation Management degree programs only.
• INF 336 Project Procurement Management (3 credits)
  Prerequisite: INF 231 or permission of the instructor
• INF 337 Integrated Cost & Schedule Control (3 credits)
  Prerequisite: ACC 205, and MAT 332 or BUS 308
• BUS 445 Total Quality Management (3 credits)
• PRM 300 Introduction to Project Management (3 credits)

Public Administration Specialization (12 credits)
Available in Bachelor of Arts in Accounting, Business Administration, Health Care Administration, and Organizational Management degree programs only.
• PPA 301 Principles of Public Administration (3 credits)
• PPA 303 Finance for Public Administrators (3 credits)
  Prerequisite: ECO 203
• PPA 305 Budgeting for Public Administrators (3 credits)
• PPA 401 Urban Management (3 credits)
  Prerequisite: PPA 301
Sports and Recreation Management Specialization (12 credits)

*Available in Bachelor of Arts in Business Administration, Organizational Management and Public Administration degree programs only.*

- ACC 205 Principles of Accounting I (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- SRM 401 Sport Finance (3 credits)
- SRM 410 Contemporary Issues in Sports Marketing & Management (3 credits)
SECTION SEVEN: CLINTON CAMPUS UNDERGRADUATE PROGRAMS

Overview

The Clinton Campus undergraduate programs combine traditional face-to-face classes with the convenience of online classes through the Forbes School of Business & Technology™ at Ashford University.

Admission Policies and Procedures

Conditional Admission Requirements

Applicants seeking admission to a Clinton, Iowa bachelor’s degree program must meet the following admission requirements prior to the start of the first course at Ashford University:

- Be a resident of Iowa or Illinois;
- Have the ability to attend one 4.5-hour weekday evening session per week at the Ashford campus;
- Have access to a computer with an Internet connection and meet the minimum technology and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section of this Catalog;
- Have the ability to study in English indicated by one of the following**:
  - Achieved a recognized high school diploma or equivalent in which the primary language of instruction was English^;
  - Received a GED that was taken in English^;
  - A minimum of 30 transferable credits have been earned from regionally or approved nationally accredited colleges/universities in the United States or equivalent in which the primary language of instruction was English; or
  - Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination taken within the past two (2) years. For the TOEFL, a minimum score of 500 paper-based or 61 Internet-based is required. For the IELTS, a minimum score of 6 is required. Copies of official scores must be submitted prior to provisional enrollment, and official scores must be submitted for full admission; and
- Completion of admissions interview with Clinton Campus President or designee.

**Satisfying the English Language Requirement does not exempt a student who earned his/her high school diploma outside of the United States from the additional admission requirements for applicants with international academic credentials.

^If satisfying the English Language Requirement through a high school diploma, GED, or equivalent was not completed in the United States, additional documentation may be required. Please contact the Registrar’s Office for further information.

Conditionally admitted students who do not achieve provisional or full admission status after one attempt in the Ashford Promise, are allowed a second period of conditional admission in order to be provisionally or fully admitted.

Attendance in the first course (online or face-to-face) is confirmation of a student’s intent to matriculate and, therefore, constitutes an attempt. Subsequent withdrawal from the course or institution, whether administrative or student-initiated, concludes an attempt.

Failing to meet Basic Academic Requirements (BAR) attaining a cumulative course grade of C- or better as of Day 6 of Week 3 in the first course(s) also concludes an attempt.

Students who fail to meet Basic Academic Requirements are denied admission.

Students who are administratively withdrawn for failing to submit required Financial Aid documents during the conditional admission period are required to submit the required documents as a prerequisite to a subsequent attempt.

Ashford University reserves the right to deny admission or re-admission to any applicant. Ashford University does not admit students based on an “ability-to-benefit” test. Ashford University recognizes the importance of protecting student privacy and reserves the right to request documentation to establish or verify any student’s identity at any time, for administrative or compliance purposes. Students are expected to provide such documentation, and failure to do so may be considered a violation of the Student Community Standards. The University may deny or rescind admission to any student for failure to authenticate his or her identity.

Applicants are conditionally admitted to a Bachelor’s degree program when they submit a completed application indicating that they meet admission requirements outlined for that program and are approved by the Registrar’s
Office. Applicants in a conditional admission status are not eligible for Title IV funds and are not considered regular students until granted provisional or full admission.

Appeal Procedure for a Third Consecutive Conditional Admission Period or Ashford Promise

Provisional admission status must be attained by the end of the second (2nd) attempt of the Ashford Promise, while a student is in conditional standing. Students who fail to attain provisional admission by the end of their second (2nd) attempt of the Ashford Promise must wait six months from the date they were denied admission to re-apply, or they may appeal the University’s decision using the process outlined subsequently to request a third (3rd) consecutive attempt of conditional admission in the Ashford Promise.

Disagreements over academic quality will not be considered as an appropriate basis for such appeals. In cases of appropriate cause, the Ashford University Admission Appeals Committee reviews the appeals and renders a decision to the student. The decision will be communicated to the student via email from the Registrar's Office. Appeals must include an explanation of the event that occurred, which caused the student to not attain provisional admission to the University after two attempts.

Students must appeal in writing to the University Registrar. The appeal must be submitted to academic.progress@ashford.edu and approved prior to enrollment in any future courses. Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
- Compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college level credits during their period of absence; and,
- A plan for completion of the coursework required to meet basic academic requirements during their coursework at Ashford University.

Appeal decisions will be communicated from the Registrar’s Office to students via email.

Additional Conditional Admission Requirements for Applicants with International Academic Credentials for Bachelor's Degree Programs

The following admission requirements are applicable to applicants relying on academic credentials earned outside the United States. Please note that visa services are not provided and that the University will not vouch for a nonimmigrant alien student’s status or associated charges.

In addition to the conditional admission requirements outlined in the admission policy for Clinton, Iowa Bachelor's degree programs, copies of documentation indicating that the student meets the following admission requirements are required for conditional admission:

- Submit copies of an official evaluation from an approved evaluation service indicating that the student has met one of the following requirements:
  - Completion of a two-year program from an appropriately accredited post-secondary institution, as defined by Ashford University transfer credit policies.
  - Achievement of equivalency of a United States high school diploma.
- All academic records from countries other than the United States must have been evaluated by one of the following evaluation services:
  - Educational Credentials Evaluators, Inc. (ECE); or
  - World Education Services (WES).

Note: Applicants who have already had their international credentials evaluated prior to applying to Ashford University may petition the Registrar’s Office for acceptance of evaluations from other credible agencies.

Provisional Admission Requirements for Bachelor's Degree Programs

Students must meet the following requirements in order to be provisionally admitted to a Clinton, Iowa Bachelor's degree program at Ashford University:

- Attain a cumulative course grade of C- or better by Day 6 of Week 3 in their first online course; and
- Attend Week 4 of their first online or face-to-face course.

Attendance in Week 4 constitutes a student’s confirmation of their intention to continue the program as a regular student. Upon attendance in Week 4, students are considered matriculated, regular students in their degree program. Students who meet the requirements for Full Admission will be fully admitted into the degree program.
Transfer Credit Evaluation for Bachelor's Degree Programs

Upon being granted conditional admission to an undergraduate degree program, the Ashford University Registrar’s Office staff will begin requesting transcripts of a student’s prior postsecondary education using the signed Transcript Request form.

The Registrar’s Office will request official transcripts of all prior postsecondary education, as provided by the student in the application for admission, as well as any school appearing in the student’s National Student Clearinghouse record. This includes:

- College or university transcripts from any regionally or approved nationally accredited postsecondary educational institution attended.
- Military credits evaluated for equivalency to college credits.

Students are responsible for submitting official documentation of any postsecondary credit previously earned through examination or credit earned through non-collegiate instruction to be evaluated for applicability to Ashford University program requirements.

Once transcripts of all prior postsecondary education have been received, the Registrar’s Office staff will complete the student’s transfer credit evaluation.

At the conclusion of the second (2nd) attempted Ashford University face-to-face course in a degree seeking program, if any transcripts of prior postsecondary education have not yet been received, the Registrar’s Office staff will proceed with the transfer credit evaluation of any transcripts of postsecondary education received to date. The student is then admitted on Academic Watch due to failure to provide confirmation of a combined cumulative grade point average of 2.0 or higher in all prior postsecondary education. Additional transcripts may be submitted for evaluation at a later date, should they become available.

If it is determined prior to the conclusion of the second (2nd) attempted Ashford University face-to-face course that certain transcripts are unable to be provided, students may sign and submit an Authorization to Close File form thereby waiving potential transfer credits from previously attended schools, in order to expedite the transfer credit evaluation process. Any student who signs an Authorization to Close File form, thereby waiving potential transfer credits from previously attended schools, is admitted on Academic Watch due to failure to provide confirmation of a combined cumulative grade point average of 2.0 or higher in all prior postsecondary education. These transcripts may be submitted for evaluation at a later date, should they become available.

Students are responsible for reviewing their transfer credit evaluation as well as their scheduled courses with their Academic Advisor and informing them of any courses that they feel are duplicative or equivalent in content to previously completed coursework or non-traditional learning.

Students may submit official transcripts to Ashford University for review of transfer credits at any time.

Full Admission Requirements for Bachelor's Degree Programs

The following requirements must be met prior to the conclusion of the second (2nd) attempted Ashford University face-to-face course in a degree seeking program. To start the third (3rd) face-to-face course, students must complete all the requirements subsequently outlined.

- Official TOEFL or IELTS scores, if required for admission.
  - Students that meet the English Language requirement with 30 transferable credits must submit the official transcript(s) where these credits were earned.
- Students who were provisionally admitted with completion of a two-year program from an appropriately accredited postsecondary institution as defined by Ashford University transfer credit policies must have official transcripts of those credits on file to meet full admissions requirements.

Students who do not meet all requirements will not be fully admitted and will be withdrawn from the program. Students may be readmitted to Ashford University at such time that all requirements for full admission have been met.

Students for whom the aforementioned required documentation does not apply, are fully admitted at the time of their transfer credit evaluation, in accordance with the Transfer Credit Evaluation policy. Students with no history of postsecondary education are fully admitted upon successful completion of the Conditional Admission Period.

The student is responsible for all eligibility-related assertions, attestations, and verifications relied upon by the institution during the admissions process. Should any of the student’s information be subsequently established as inaccurate, resulting in the student’s disqualification for full admission, the student will remain responsible for any and all financial obligations incurred while at the institution, including, but not limited to, financial aid funds that were consequently returned by the University.

If at any time it is determined that the student does not meet admission requirements outlined for the program as
indicated on the application for admission, provisional and/or full admission will be rescinded and the student will be withdrawn from the University.

Undergraduate degree-seeking transfer students must provide official documentation of an undergraduate cumulative grade point average (CGPA) of 2.0 in all combined undergraduate coursework attempted at regionally or approved nationally accredited colleges/universities since high school, or he or she is admitted on Academic Watch. Any student who signs an Authorization to Close File form, thereby waiving potential transfer credits from previously attended schools and failing to provide confirmation of a cumulative GPA of 2.0 or higher, is admitted on Academic Watch. Students on Academic Watch are required to have achieved a cumulative Ashford University GPA of 2.0 and successfully complete 67% of credits attempted at the conclusion of the first Satisfactory Academic Progress increment. Students who have not met the requirements at the conclusion of the Academic Watch period will be dismissed from the University. Please refer to the Satisfactory Academic Progress (SAP) Requirements in this section to review all related satisfactory academic progress guidelines.

Graduates of an Ashford University undergraduate degree program who subsequently enroll in another undergraduate degree program will not be placed on Academic Watch. Students who change programs in the same degree level who have successfully completed one (1) SAP increment and are in good academic standing with the University will not be placed on Academic Watch.

Appeal of Dismissal Following Academic Watch

A student who has been dismissed for not meeting satisfactory academic progress requirements following Academic Watch may appeal to the University Registrar for re-admission. Appeals are evaluated by a committee comprised of the University Registrar or designee, and a representative from Academic Affairs. The decision of the committee will be communicated in writing to the student by the Registrar’s Office.

Additionally, the student’s appeal letter must include the following:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;

- Compelling evidence that the student has the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits during the period of absence; and

- A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

The passage of time does not substantiate eligibility for readmission or appeal for readmission, however, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements and have been denied re-admission after an appeal, may submit another appeal to be readmitted after six months have elapsed since their last appeal was received by the University. The appeal must meet the criteria outlined above and the student must present compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate level credits since the last appeal was submitted.

Note: See the Satisfactory Academic Progress Requirements in this section to review all related Satisfactory Academic Progress guidelines.

Additional Full Admission Requirements for Applicants with International Academic Credentials for Bachelor’s Degree Programs

In addition to meeting requirements for full admission outlined in the admission policy for Clinton, Iowa Bachelor's degree programs, applicants relying on academic credentials earned outside the United States must submit an official evaluation sent directly from an approved evaluation service indicating that the student meets full admission requirements (student copies are not accepted) prior to the conclusion of the fourth (4th) attempted Ashford University course (equivalent to one academic term). To start the fifth (5th) course, applicants relying on academic credentials earned outside the United States must complete this requirement or they will be withdrawn from the program.

Clinton, Iowa Undergraduate Program Grant

Students enrolled in a Clinton, Iowa undergraduate program are eligible for the Clinton, Iowa Undergraduate Program Grant as long as they remain continuously enrolled (or on an approved Academic Leave), attend the in-person instructional requirements for each required face-to-face course, and maintain satisfactory academic progress. Grants are applicable to courses for which tuition is in excess of $149 per credit hour.
Academic Policies and Procedures

Academic Calendar
The academic calendar is continuous (also known as non-term) rather than defined by semesters. In Clinton, Iowa undergraduate programs, students begin one five-week online course at the same time as one 10-week face-to-face course. Each 10-week course begins at the end of the preceding one. Students will typically take one five-week online course concurrent with each 10-week face-to-face course throughout the program, although exceptions may occur. Opportunities to enroll and begin courses in a Clinton, Iowa undergraduate degree program may be as frequent as five times per year.

There is an annual two-week Winter Break when courses are not scheduled. The Winter Break for 2018-2019 occurs from December 18, 2018 to December 31, 2018.

Program Enrollment and Cancellation
Initial enrollment in Ashford University undergraduate programs is arranged through a University Enrollment Services Advisor. New students should contact an Enrollment Services Advisor to register. It is the student’s responsibility to officially register for the program course of study. After initial enrollment, students will work with their Academic Advisors to register, add courses, or change their course schedule. Any change in the original registration must be communicated to the student’s Academic Advisor.

Students have the right to cancel the Enrollment Agreement and obtain a full refund of charges through attendance in Week 3 (day 21 of the first course). Applicants who want to cancel an enrollment agreement must contact their Enrollment Services Advisor prior to attending in Week 4 of their first online or face-to-face course. Applicants who cancel enrollment will be allowed one more period of conditional admission at Ashford University. Individuals who cancel their enrollment two times while in conditional standing may re-apply to Ashford University no earlier than six months from their last date of attendance.

Students who receive federal student financial aid funds are entitled to a refund of money not paid from federal student financial aid program funds.

Students who obtain a loan(s) to pay for an educational program will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

Credit Maximum Policy
A maximum of 12 credits will be scheduled in the first 20 weeks of the program. Following that period, a student may appeal to the Campus President or designee to attempt up to 18 credits in any 20-week timeframe.

Concurrent Course (Double Up) Registration Policy
Students are typically required to enroll in one five-week online course concurrently with each 10-week face-to-face course. Additional concurrent enrollments of five-week online courses may occur at a student’s request when the student has been fully admitted and has successfully completed the first two face-to-face courses.

Attendance Policy for Undergraduate Courses
Students are expected to attend each week of a course. Attendance is defined as attending an in-person class session or participating in an academic activity within the online classroom such as posting in a graded discussion forum, submitting a written assignment or journal entry, or submitting a quiz or exam. Postings not related to graded discussion forums or written assignments or journal entries not related to the actual assignment may be reviewed and disqualified for attendance purposes. Attendance on the basis of submitting a quiz or exam is determined by submission status at the conclusion of the calendar day (11:59 pm Mountain Time).

Each instructional week begins on a Tuesday and concludes on the following Monday. A student is recorded either absent or present each day based on participation in an academic activity. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students enrolled in non-introductory courses who do not attend at least once in any seven consecutive day period will be issued an attendance warning. Students who do not attend at least once in any 14 consecutive day period will be dropped from the course(s) and administratively withdrawn from the University retroactive to the last date of recorded attendance. Students who attend on the first
day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn.

Students who participate in an academic activity in a course prior to its official start date will not be dropped from their course during Week 1 for non-attendance as long as they subsequently attend at least once during Week 1 of the course.

Students are required to attend the weekly in-person class sessions with Clinton, Iowa Bachelor’s Programs. Exceptions for mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student must be approved by the Clinton Campus President or designee.

Please refer to drop policies for grade implications when not meeting attendance requirements. Students who drop a course or are dropped for not meeting attendance requirements and do not attend within 14 days of their last date of attendance will be administratively withdrawn from the University. A student’s last date of attendance following successful completion of a course is the end date of that course. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual Winter Break, the non-enrollment period may extend the 14 day limit to include the break. No approved Academic Leave can exceed 45 days, including University scheduled periods of non-enrollment.

For information regarding the determination of withdrawal date, please see the Withdrawal from the University policy in the General Academic Information and Policies section in this Catalog.

Note: New students who do not meet attendance requirements for, or do not complete, their first course will be administratively withdrawn from the University and must work with their Enrollment Services Advisor to reschedule their enrollment in the program.

Academic Participation

In addition to meeting attendance requirements, students are expected to participate in their courses by actively engaging in weekly discussion forums with substantial posts and completing the required assignments for each week. A list of all assignments can be found within the course calendar in each class and also by week in the weekly instructional units.

Failure to meet academic participation requirements may negatively impact an assignment and/or course grade. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students who anticipate being absent for an entire week of a course should contact the instructor in advance and make arrangements to complete the required assignments. While students cannot be tardy in an asynchronous learning environment, nor can they cut class in a traditional sense, acceptance of late or make-up work is at the discretion of the instructor and does not waive attendance requirements.

Academic Leave

Students who need to take a break in attendance must complete the Clinton, Iowa Undergraduate Program Academic Leave Request form. Academic Leave requests will be reviewed for consideration by the Clinton Campus President.

Students may be required to enroll in additional online courses concurrently within the Clinton, Iowa Undergraduate Program if a core course is not successfully completed at the time it is scheduled.

Students who do not return from Academic Leave on their scheduled return date may be withdrawn from the program. Exceptions may be made at the discretion of the Campus President.

Clinton, Iowa Bachelor’s Program Academic Policies

Residency Requirements in Bachelor’s Programs

At least 30 credits included in the degree must be Ashford University credits. Credits earned through Prior Learning Assessment are not included in the 30-credit calculation. Students are not required to complete their final course toward degree completion at Ashford University.

Bachelor’s Program Course Sequencing

All Bachelor’s program students are required to successfully complete EXP 105 Personal Dimensions of Education as their first course. Students with zero (0) traditional college-level transferable credits are also required to successfully complete an online orientation prior to enrolling in credit-bearing coursework as outlined in the Admission Policies and Procedures for Online Bachelor’s Degree Programs. Following successful completion of orientation, students are required to successfully complete EXP 105. Unsuccessful completion of EXP 105 will result in the rescheduling of the course and revision of future course sequence. A minimum grade of C- is required to successfully complete the course. EXP 105 cannot be replaced or waived by credit in transfer, unless a student provides proof of one of the following:
• 90 credits of lower-division transfer credits that are applicable to the student’s chosen degree program prior to initial program enrollment.

• A previously earned Bachelor’s degree at Ashford University, or from a regionally or approved nationally accredited institution; or

• A Bachelor’s degree from a country other than the United States that has been evaluated by an approved evaluation service, and accepted by Ashford University as equivalent to a Bachelor’s degree in the United States.

• Earned nine (9) credits or more at Ashford University with a cumulative grade point average of 3.0 or higher.

Students may request changes to course registration by contacting their Enrollment Services Advisor, or Academic Advisor and should include any appropriate supporting documentation. It is the student’s responsibility to inform his or her Enrollment Services Advisor and Academic Advisor of potential equivalent transfer courses and to provide appropriate supporting documentation prior to each course start date.

General Education Course Sequence:
The following General Education course sequence is the standard for the University. On occasion, courses may be substituted to satisfy specific General Education requirements.

• EXP 105 Personal Dimensions of Education (3 credits)
• GEN 102 Digital Literacy for Life & the Workplace (3 credits)
• ENG 121 English Composition I (3 credits)
• GEN 103 Information Literacy (3 credits)
• ENG 122 English Composition II (3 credits)
• COM 200 Interpersonal Communication (3 credits)
• ENG 225 Introduction to Film (3 credits)
• PHI 103 Informal Logic (3 credits)
• PHI 208 Ethics & Moral Reasoning (3 credits)
• POL 201 American National Government (3 credits)
• ANT 101 Introduction to Cultural Anthropology (3 credits)
• SCI 207 Our Dependence upon Environment (4 credits)
• MAT 222 Intermediate Algebra (3 credits)
• GEN 499 General Education Capstone (3 credits)

Capstone prerequisite: Completion of a minimum of 75 credits

Graduation Requirements for Bachelor’s Degrees
To be eligible for a Bachelor’s degree, a student must successfully accomplish the following:

• Completion of a minimum of 120 total credits; including:
  ○ Minimum of 30 credits completed at the University as a matriculated student (residency requirement); and
  ○ Minimum of 30 credits of upper-division coursework, including 18 credits of upper-division coursework in the chosen major (upper-division requirement).

• Completion of the General Education requirements, including competencies;

• Completion of all required major, minor, and specialization course requirements; and

• Minimum cumulative grade point average of 2.00 in all coursework attempted at the University.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Program will be noted on the transcript as a Bachelor of Arts in Business Administration. Programs with transfer concentrations or specializations are also noted on the transcript.

Forbes School of Business & Technology

Bachelor of Arts in Business Administration
The BA in Business Administration will provide students with the technical knowledge, critical thinking skills, and the ability to communicate ideas in a collaborative environment. Graduates will be equipped with a practical understanding of these and other important business concepts and skills. Ashford University takes great pride in ensuring that students are challenged to open their minds to new ways of thinking and problem solving. The BA in Business Administration degree will assist students in meeting both personal and professional goals.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or
specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Business Administration major graduates will be able to:
1. Examine the role of competitive advantage in business environments using strategic and operational methods;
2. Compare and contrast regional, national, and international business environments;
3. Evaluate the legal, social, political, and economic environments of business;
4. Analyze financial information and other business data to ensure effective managerial decision-making;
5. Design effective solutions by diagnosing organizational problems; and
6. Create a strategic business plan.

Program Requirements
Total number of credits required: 120 credits
General Education Requirements: *43 credits
Major Course Requirements: *45 credits
Electives: 35 credits
Students must earn a minimum of 30 upper-division credits.

*In this program, 3 credits from the major may also satisfy General Education requirements.

Major Course Requirements (45 credits)
- MGT 330 Management for Organizations (3 credits)
- BUS 303 Human Resource Management (3 credits)
- ECO 203 Principles of Macroeconomics (3 credits)
- ECO 204 Principles of Microeconomics (3 credits)
- *INF 220 IS Principles (3 credits) Prerequisite: INF 103 or permission of instructor.
- ACC 201 Principles of Financial Accounting (3 credits)
- ACC 202 Principles of Managerial Accounting (3 credits)
- BUS 330 Principles of Marketing (3 credits)
- BUS 340 Business Communications (3 credits)
- BUS 311 Business Law I (3 credits)
- ^BUS 308 Statistics for Managers (3 credits)
- ^MGT 302 Foundations of Productions & Operations Management (3 credits) Prerequisites: ACC 206 or ACC 202, BUS 308 and MGT 330
- BUS 357 International Business (3 credits)
- ^BUS 401 Principles of Finance (3 credits) Prerequisites: ACC 201 or ACC 205 or ACC 208 or ACC 281
- BUS 402 Strategic Management & Business Policy (3 credits) Prerequisites: BUS 201 or MGT 330; ACC 201 or ACC 205, ECO 203 or ECO 204; GEN 499

* Satisfies General Education requirements.
^ Quantitative Reasoning Core Competency requirement must be met before taking these courses.

Major courses will be offered at the Clinton, Iowa Campus.

Elective Courses Offered at the Clinton, Iowa Campus (18 credits)
- BUS 317 Introduction to Advertising (3 credits)
- BUS 319 The Social Responsibility of Organizations (3 credits) Prerequisites: ENG 121 and ENG 122.
- MGT 415 Group Behavior in Organizations (3 credits)
- MGT 435 Organizational Change (3 credits)
- BUS 370 Organizational Development (3 credits) Prerequisite: BUS 201 or MGT 330 or HCA 459
- MGT 380 Leadership for Organizations (3 credits)

Transfer Concentration Option
Students may add a transfer concentration to the BA in Business Administration program by transferring in 12 applicable credits in one of the following areas:
- Business Management
- Marketing
- Accounting
- Finance
- Hospitality Management
- Retail Management
- Computer Science Studies

Transfer concentrations are intended for students who have experience and/or extensive transfer credit coursework in a field of study at the time of admission to the program. The following major courses are designated for substitution with concentration coursework, where appropriate: ECO 203, INF 220, BUS 303, and BUS 340. For additional details, see Transfer Concentration Guidelines in the General Academic Information and Policies section of the Catalog.
SECTION EIGHT: ONLINE GRADUATE PROGRAMS

Overview
The following online graduate programs are offered through the Ashford University’s Forbes School of Business™, the College of Education; the College of Health, Human Services, and Science; and the College of Liberal Arts.

Admission Policies and Procedures for Graduate Programs

Conditional Admission Requirements (Graduate Programs)
Applicants seeking admission to any Master’s degree program must meet the following admission requirements prior to the start of the first course at Ashford University:

1. Have a Bachelor’s degree or a graduate level degree from a regionally accredited or approved nationally accredited college or university with a grade point average (GPA) of 2.0 or above. Applicants with a grade point average of 2.0 to 2.74 will be placed on Academic Watch;

2. Have access to a computer with an Internet connection for the Web-based programs and meet the minimum technology requirements and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section of this Catalog;

3. Have the ability to study in English indicated by one of the following:
   - Earned a Bachelor’s degree in which the primary language of instruction was English; or
   - Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination taken within the past two (2) years. For the TOEFL, a minimum score of 550 paper-based or 79 internet-based is required. For the IELTS, a minimum score of 6.5 is required. Copies of official scores must be submitted prior to provisional enrollment, and official scores must be submitted prior to full admission.

Bachelor’s degrees from nationally accredited institutions granted accreditation by the following accrediting agencies may be considered for admission:

- Association of Advanced Rabbinical and Talmudic Schools, Accreditation Commission (AARTS);
- Association of Biblical Higher Education (ABHE, formerly known as AABC);
- Accrediting Commission of Career Schools and Colleges (ACCSC, formerly known as ACCSCT, NATTS or CCA-ACICS);
- Accrediting Council for Independent Colleges and Schools (ACICS, formerly known as AICS or CCAACICS)*;
- Association of Theological Schools in the United States and Canada, Commission on Accrediting (ATS);
- Council on Occupational Education (COE, formerly known as SACS-COEI);
- Distance Education and Training Council, Accrediting Commission (DETC, formerly known as NHSC);
- Transnational Association of Christian Colleges and Schools, Accreditation Commission (TRACS); and
- Accrediting Bureau of Health Education Schools (ABHES).

*Credits earned from Colleges and Schools with this accreditation will be reviewed on a case by case basis to determine if the accrediting body was approved and in good standing when credits were earned.

Students with Bachelor’s degrees accredited by the aforementioned institutions may be required to submit unofficial documentation to the Registrar’s Office at the time of provisional admissions.

Ashford University reserves the right to deny admission or re-admission to any applicant. Ashford University recognizes the importance of protecting student privacy and reserves the right to request documentation to establish or verify any student’s identity at any time, for administrative or compliance purposes. Students are expected to provide such documentation, and failure to do so may be considered a violation of the Student Community Standards. The University may deny or rescind admission to any student for failure to authenticate his or her identity.

Applicants are conditionally admitted to a Master’s degree program when they submit a completed application indicating that they meet admission requirements outlined for that program and are approved by the Registrar’s Office. Applicants in a conditional admission status are not eligible for Title IV funds and are not considered regular students until granted provisional or full admission.

Appeal Procedure for a Third Consecutive Conditional Admission Period or Ashford Promise
Provisional admission status must be attained by the end of the second (2nd) attempt of the Ashford Promise, while a student is in conditional standing. Students who fail to attain provisional admission by the end of their second (2nd) attempt of the Ashford Promise must wait one year from the date they were denied admission to re-apply, or they may appeal the University’s decision using the process outlined subsequently to request a third (3rd) consecutive attempt of conditional admission in the Ashford Promise.

Disagreements over academic quality will not be considered as an appropriate basis for such appeals. In cases of appropriate cause, the Ashford University Admission Appeals Committee reviews the appeals and renders a decision to the student. The decision will be communicated to the student via email from the Registrar's Office. Appeals must include an explanation of the event that occurred, which caused the student to not attain provisional admission to the University after two attempts.

Students must appeal in writing to the University Registrar. The appeal must be submitted to academic.progress@ashford.edu and approved prior to enrollment in any future courses. Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in the undue hardship to the student;
- Compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college-level credits during their period of absence; and
- A plan for completion of the coursework required to meet basic academic requirements during their coursework at Ashford University.

Appeal decisions will be communicated from the Registrar’s Office to students via email.

Transfer Credit Evaluation for Graduate Degree Programs

Records Management staff will begin requesting official transcripts from schools where any graduate-level credit was earned, using the signed Transcript Request form. This includes:

- College or university transcripts from institutions where graduate credit was earned.
- Military credits evaluated for equivalency to graduate-level college credits.

Once these transcripts have been received, the Registrar’s Office staff will complete the student’s transfer credit evaluation.

At the conclusion of the third (3rd) attempted Ashford University course in a degree-seeking program, if any transcripts from institutions where graduate credit was earned have not yet been received, the Registrar’s Office staff will proceed with the transfer credit evaluation of any transcripts received to date. Additional transcripts may be submitted for evaluation at a later date, should they become available.

If it is determined prior to the conclusion of the third (3rd) attempted Ashford University course that certain transcripts where graduate credit was earned are unable to be provided, students may sign and submit an Authorization to Close File form thereby waiving potential transfer credits from previously attended schools, to expedite the transfer credit evaluation process. These transcripts may be submitted for evaluation at a later date, should they become available.

Students are responsible for reviewing their transfer credit evaluation as well as their scheduled courses with their Academic Advisor and informing them of any courses that they feel are duplicative or equivalent in content to previously completed coursework.

Students may submit official transcripts to Ashford University for review of transfer credits at any time.

Full Admission Requirements

The following requirements must be met prior to the conclusion of the third (3rd) attempted Ashford University course in a degree-seeking program. To start the fourth (4th) course, students must complete all the requirements subsequently outlined and must meet all admissions requirements applicable to their specific degree program. Students who do not complete all requirements will not be fully admitted and will be withdrawn from the program.

- Submission of an official transcript from the regionally accredited or approved nationally accredited institution that awarded the baccalaureate or graduate level degree indicating a minimum GPA of 2.0 with a degree
A student who has been dismissed for not meeting satisfactory academic progress requirements following Academic Watch may appeal to the University Registrar for re-admission. Appeals are evaluated by a committee comprised of the University Registrar or designee, and a representative from Academic Affairs. The decision of the committee will be communicated in writing to the student by the Registrar’s Office.

Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
- Compelling evidence that the student has the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits during the period of absence; and
- A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

The passage of time does not substantiate eligibility for readmission or appeal for readmission. However, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements and have been denied re-admission after an appeal, may submit another appeal to be readmitted after one or more years have elapsed since their last appeal. The appeal must meet the criteria outlined previously and the student must present compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits since the last appeal was submitted.

Note: See the Satisfactory Academic Progress Requirements in this section to review all related Satisfactory Academic Progress guidelines.

**Appeal of Dismissal Following Academic Watch**

A student who has been dismissed for not meeting satisfactory academic progress requirements following Academic Watch may appeal to the University Registrar for re-admission. Appeals are evaluated by a committee comprised of the University Registrar or designee, and a representative from Academic Affairs. The decision of the committee will be communicated in writing to the student by the Registrar’s Office.

Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
- Compelling evidence that the student has the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits during the period of absence; and
- A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

The passage of time does not substantiate eligibility for readmission or appeal for readmission. However, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements and have been denied re-admission after an appeal, may submit another appeal to be readmitted after one or more years have elapsed since their last appeal. The appeal must meet the criteria outlined previously and the student must present compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits since the last appeal was submitted.

Note: See the Satisfactory Academic Progress Requirements in this section to review all related Satisfactory Academic Progress guidelines.

**MACC Program-Specific Requirements**

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

**MBA Program-Specific Requirements**

Master of Business Administration students who submit official transcripts indicating that they have earned a Bachelor’s degree or higher in Business, Business Administration, Accounting, Finance, or Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis. Students who have successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they have earned a Bachelor’s degree or higher in Business, Business Administration, Accounting, Finance, or Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.
Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research. Students are responsible for notifying the University if they believe they have met these requirements through previous college coursework during the application process and are responsible for submitting official transcripts for verification.

MISM Program-Specific Requirements
Students who have successfully completed undergraduate or graduate-level coursework in management information systems, information systems or computer science with a grade of “B-” or higher within the last ten (10) years will be exempt from ISM 500 Introduction to Management of Information Systems.

Students who have successfully completed undergraduate or graduate-level coursework in computer programming with a grade of “B-” or higher within the last ten (10) years or who have earned a certificate in computer programming/coding from a recognized non-traditional training provider (e.g. coding boot camp, etc.) within the last ten (10) years will be exempt from ISM 510 Introduction to Computer Programming for Business Applications.

Students are responsible for notifying the University if they believe they have met these requirements through previous college coursework during the application process.

MPA Program-Specific Requirements
Master of Public Administration students who submit official transcripts indicating that they have successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research. Students are responsible for notifying the University if they believe they have met these requirements through previous college coursework during the application process and are responsible for submitting official transcripts for verification.

MPH Program-Specific Requirements
Students are required to complete a practicum consisting of ninety (90) contact hours, which may be paid or unpaid. As practical knowledge and skills are essential to a successful career in public health, a planned, supervised, and evaluated practicum is an essential component of a public health professional degree program. The goal of the practicum is to provide an opportunity for students to synthesize, integrate, and apply practical skills, knowledge, and training learned through courses, to gain professional experience in a public health work environment, and to work on public health practice projects that are of particular interest to the student.

Prior to beginning a supervised practicum and/or employment in most health care facilities students may need to provide or successfully complete:

- Background checks
- Blood-borne pathogen training
- Liability coverage
- HIPPA training
- Proof of current immunizations (required of the state) including a two-step TB test (within a year of clinical practicum), MMR or titers, Tdap (10 yr. booster), Varicella, Hepatitis B immunizations or titers, Influenza or record of decline, and/or health clearance from a physician.

Practicum Locations Potential locations for practicum include:

- Health care offices
- Public health offices
- Community health centers
- Non-profit organizations
- State health offices, or
- Other health-related organizations

Students can only complete their Professional Practice Experiences in states where this program is available. All Students enrolling in a degree program with a practicum requirement are expected to complete the practicum in the United States. If students anticipate that they will not be able to complete their practicum in the United States all exceptions must be approved prior to admission to the program.

Students who reside and/or work outside the United States may be ineligible to complete practicum hours at a facility abroad; requirements and restrictions vary by country.

Students must notify the Program Chair prior to enrolling in the program to discuss a potential practicum location and obtain Program Chair permission to enroll.

Practicum Equivalent Experience
Although there are no exemptions or waivers of the practicum, in rare situations it is possible to receive Practicum Equivalent Experience, reducing the total number of practicum hours needed to be completed through Ashford University by up to 30 contact hours. This request can only be approved if a student provides evidence of substantial prior public health experience relevant to program-specific competencies. In general, this substantiation would include one or more years of relevant, full-time public health work prior to matriculation in the program. Students who wish to apply for Practicum Equivalent Experience must submit a Student Petition to Waive Practicum Hours Form during their first course. This timeframe allows students to plan a practicum should prior experience not be sufficient.

**MSCJ Program-Specific Requirements**

Master of Science in Criminal Justice students who have earned an undergraduate degree in criminal justice or have successfully completed undergraduate coursework in criminal justice, criminal law and constitutional law with a grade of “C” or higher will be exempt from the requirement to take CRJ 501 Criminal Justice, Criminal Law & the Constitution. Students are responsible for notifying the University if they believe they have met these requirements through previous college coursework during the application process.

### Additional Requirements for Applicants to the Master of Science in Finance Program

#### Conditional Admission

Applicants seeking admission to the Master of Science in Finance degree program are required to meet the following requirements:

- Have a bachelor's or graduate level degree in accounting, business administration, economics, or finance from a regionally accredited or approved nationally accredited college or university with a grade point average (GPA) of 2.0 or above. Students with a grade point average of 2.0 to 2.74 will be placed on Academic Watch; or if a degree is not earned in the above disciplines, a bachelor’s or graduate level degree and successful completion of undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be eligible for admission to the program.*

*Unofficial or official transcripts showing an earned bachelor’s or graduate level degree in the area of accounting, business administration, economics, or finance or an earned bachelor’s degree or graduate degree and successful completion of undergraduate coursework in accounting or finance with a grade of “C” or higher; or graduate coursework in accounting or finance with a grade of “B” or higher must be submitted with the Application for Admission.

#### Full Admission

The following requirements must be met prior to the conclusion of the third (3rd) attempted Ashford University course in a degree seeking program. To start the fourth (4th) course, students must complete all the requirements subsequently outlined and must meet all admissions requirements applicable to their specific degree program. Students who do not complete all requirements will not be fully admitted and will be withdrawn from the program.

Submission of an official transcript from the regionally accredited or approved nationally accredited institution that awarded the accounting, business administration, economics, or finance baccalaureate or post-graduate degree indicating a minimum GPA of 2.0 with a degree conferral date prior to the start of the first course at Ashford University, or official transcripts from the regionally accredited or approved nationally accredited institution showing an earned baccalaureate or graduate level degree indicating a minimum GPA of 2.0 with a degree conferral date prior to the start of the first course at Ashford University and successful completion of undergraduate coursework in accounting or finance with a grade of “C” or higher, or graduate coursework in accounting or finance with a grade of “B” or higher.

### Additional Admission Requirements for International Applicants

The following requirements are applicable to international applicants and applicants relying on academic credentials earned outside the United States for admission to the programs offered through the online modality. Please note that visa services are not provided for enrollment in online programs and that the University will not vouch for a nonimmigrant alien student’s status or associated charges.

#### Provisional Admission Requirements

In addition to the requirements for provisional admission outlined in the admission policy for graduate programs, copies of documentation indicating that the student meets the following admission requirements are required for provisional admission:

- Submit copies of an official evaluation from an approved evaluation service indicating that the student has met the following requirements:
  - The equivalent of a regionally or approved nationally accredited Bachelor’s degree from the United States.
  - The requirement for official evaluation of the Bachelor’s degree may be waived when a Master’s degree has been earned at an appropriately accredited university in the United States.
All academic records from countries other than the United States must have been evaluated by one of the following evaluation services:

- Educational Credentials Evaluators, Inc. (ECE); OR
- World Education Services (WES)

*Note: Students who have already had their international credentials evaluated prior to applying to Ashford University may petition the Office of the Registrar for acceptance of evaluations from other credible agencies.

**Full Admission Requirements**

In addition to the requirements for full admission outlined in the admission policy for graduate programs, international students must submit an official evaluation sent directly from an approved evaluation service indicating that the student meets full admission requirement (student copies are not accepted) prior to the conclusion of three (3) Ashford University courses (equivalent to one academic term) if that institution is where their undergraduate degree was earned. To begin the fourth (4th) Ashford University course, international students must complete the requirement or they will be withdrawn from the program at the conclusion of the third (3rd) attempted Ashford University course.

**Non-Degree Seeking Student General Admission Requirements for Graduate Level Coursework**

It is the responsibility of the applicant to provide Ashford University with all materials required for admission prior to enrolling in coursework as a non-degree seeking student. Please see additional policies for non-degree seeking students under Classification of Students in the General Academic Information and Policies section of this Catalog.

Students seeking to enroll in graduate-level coursework as a non-degree seeking student must meet the following requirements:

1. Submit an official or unofficial transcript from the regionally accredited or approved nationally accredited institution that awarded the baccalaureate degree indicating a minimum GPA of 2.0 with a degree conferral date prior to the start of the first course at Ashford University;
2. Submit an official or unofficial transcript from the regionally accredited or approved nationally accredited institution showing proof of credit awarded for any required prerequisite coursework;
3. Have access to a computer with an Internet connection for the Web-based programs and meet the minimum technology and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section; and
4. Have the ability to study in English indicated by one of the following:
   - Earned a Bachelor’s degree in which the primary language of instruction was English;
   - A minimum of 30 credits have been earned from regionally or approved nationally accredited colleges/universities in the United States or equivalent in which the primary language of instruction was English; or
   - Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination taken within the past two (2) years. For the TOEFL, a minimum score of 550 paper-based or 79 internet-based is required. For the IELTS, a minimum score of 6.5 is required. Copies of official or unofficial scores must be submitted prior to enrolling in coursework as a non-degree seeking student.

**Academic Policies and Procedures**

**Academic Calendar**

The academic calendar for Ashford University graduate programs is continuous (also known as non-term), rather than defined by semester dates. Typically, students take one course at a time and move to the next course in the program sequence without a break. Opportunities to enroll in graduate studies and to begin a course sequence in a degree program are available frequently throughout the calendar year.

Most courses are six weeks long with an annual two-week Winter Break when courses are not scheduled. The Winter Break for 2018-2019 occurs from December 18, 2018 to December 31, 2018.

**Graduate Programs Credit Maximum Policy**

A maximum of 24 credits may be attempted per academic year. Students may appeal in writing to the Registrar’s Office for an increase to a maximum of 36 credits attempted per academic year.

**Concurrent Course (Double Up) Registration Policy**

- Concurrent course registration may occur when the student is fully admitted and has completed his or her first two courses.
• Student must meet Satisfactory Academic Progress requirements.
• Payment of concurrent courses is not deferred and must be paid for in advance of the course start date.
• Concurrent course registration cannot violate progression or prerequisite requirements.
• At no time may a student attend more than two Ashford University courses concurrently.

Attendance Policy for Graduate Courses

Students taking online courses are expected to attend each week of the course. Attendance is defined as participating in an academic activity within the online classroom which includes posting in a graded discussion forum, submitting a written assignment or journal entry, or submitting a quiz or exam. Postings not related to graded discussion forums or written assignments or journal entries not related to the actual assignment may be reviewed and disqualified for attendance purposes. Attendance on the basis of submitting a quiz or exam is determined by submission status at the conclusion of the calendar day (11:59 pm Mountain Time Zone).

Each instructional week begins on a Tuesday and concludes on the following Monday. A student is recorded either absent or present each day based on participation in an academic activity. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students who do not attend at least once in any seven consecutive day period will be issued an attendance warning. Students who do not attend at least once in any 14 consecutive day period will be dropped from the course administratively withdrawn from the University retroactive to the last date of recorded attendance. Students who attend on the first day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn.

Students who participate in an academic activity in a course prior to its official start date will not be dropped from their course during Week 1 for non-attendance as long as they subsequently attend at least once during Week 1 of the course.

Please refer to drop policies for grade implications when not meeting attendance requirements. Students not meeting attendance requirements will be dropped from the course and administratively withdrawn from the University retroactive to the last date of recorded attendance. A student’s last date of attendance following successful completion of a course is the end date of that course. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual winter break, the non-enrollment period may extend the 14 day limit to include the break. No approved Academic Leave can exceed 45 days including University scheduled periods of non-enrollment.

Note: New students who do not meet attendance requirements for the first week of their first course or do not complete their first course, will be administratively withdrawn from the University and must work with their Enrollment Services Advisor to reschedule their enrollment in the program.

Academic Participation

In addition to meeting attendance requirements, students attending are expected to participate in their courses by actively engaging in weekly discussion forums with substantial posts and completing the required assignments for each week. A list of all assignments can be found within the course calendar in each online class and also by week in the weekly instructional units.

Failure to meet academic participation requirements may negatively impact an assignment and/or course grade. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students who anticipate being absent for an entire week of a course should contact the instructor in advance and make arrangements to complete the required assignments. While students cannot be tardy in an asynchronous learning environment, nor can they cut class in a traditional sense, acceptance of late or make-up work is at the discretion of the instructor and does not waive attendance requirements.

Academic Leave

Students who plan to take a break in attendance of greater than 14 days but no more than 30 days from their last date of attendance, who provide a written confirmation of their intent to return, will not be administratively withdrawn, provided they return as scheduled.

Written confirmations must be provided via the Academic Leave Request form in the Student Portal, and should be submitted within 14 days of the last date of attendance. Academic Leave Requests allow students to postpone the start date of their next scheduled course and maintain an active status with the University. To gain access to the Academic Leave Request form, students must speak with an Academic Advisor. New students must complete their first course in order to be eligible for an Academic Leave.

Students who do not return on their scheduled return date or do not attend within the first seven days of the course they are scheduled for when returning from an approved Academic Leave will be administratively withdrawn. Please note that administrative withdrawal may occur at any point in a student’s enrollment when 14 consecutive days of non-attendance occur, whether within an active course or...
between the last date of attendance in a prior course and the first date of attendance in a subsequent course. Students who attend on the first day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn.

Exceptions to submitting an Academic Leave Request through the Student Portal may be made in instances where extreme extenuating circumstances exist for students unable to access the Student Portal. Students must contact an Academic Advisor for assistance with this exception. The University can make exceptions in which a 45 day break in attendance may be granted on a case-by-case basis.

Repeating Courses
A maximum of two different courses with letter grades of F, or WF may be repeated once at the graduate level. If a single course is failed more than once, or more than two different courses are failed, students exceed the number of allowable F or WF grades and will be automatically dismissed from their program of study.

All courses remain on the transcript. Unsuccessful completion of the first course of a student’s program will result in the rescheduling of the course and revision of future course sequence. There is no restriction on the number of courses with a grade of C or W that may be repeated at the Master’s level so long as other requirements of satisfactory academic progress are met. The grade point average will be calculated based on the grade given in the second course. Exceptions to the limit on repeating courses must be approved by the Vice President of Academic Services, the University Registrar, or designee.

Dismissed students should refer to the Appeal of Academic Dismissal policy outlined in this Catalog. Appeals are evaluated by an Appeals Committee made up of the University Registrar or designee, and representative from Academic Affairs. Students who are denied re-admission after an appeal will not be eligible to submit another appeal for a period of less than six (6) months since their last appeal was received by the University. Students who have an approved appeal and do not successfully complete their next scheduled repeated course will be dismissed and may not submit another appeal for a period of less than six (6) months.

Courses that must be repeated due to an unsuccessful grade do not count towards eligibility for financial aid. This may affect the student’s eligibility for financial aid funds. Students are encouraged to contact the Financial Aid Office for more information.

SMART Track Program
Students enrolled in an Ashford University Bachelor’s degree program may be eligible to enroll in up to six (6) credits of graduate-level coursework (or nine (9) applicable credits for the MACC, MBA, MISM, MPA or MSCJ programs) toward their Bachelor’s degree and accelerate completion of a Master’s degree with Ashford University. Please see the SMART Track Program Requirements in the General Academic Information and Policies section of this Catalog for more information.

Forbes School of Business:
Graduate Programs and Requirements

Master of Accountancy

Degree Focus
The Master of Accountancy program focuses on preparing students for professional careers in accounting. The graduate program develops technical knowledge and application skills as well as enhances students’ analytical, communication, and decision-making skills. The Master of Accountancy helps prepare students for careers in public, corporate, and non-business accounting positions. This graduate degree offers innovative, high-quality learning opportunities for the corporate, governmental, and not-for profit segments of the marketplace. Students may select one of the specializations to focus study areas.

Special Terms and Conditions: Successful completion of this program by itself does not qualify a student to sit for the Certified Public Accountant (CPA) examination. All prospective students should contact individual state boards of accounting for additional information relating to licensure requirements prior to enrolling. These requirements include, but are not limited to, education and work experience and any potential restrictions, such as age minimums or prior criminal convictions. A list of state accounting boards is available here: [www.nasba.org/stateboards](http://www.nasba.org/stateboards). Students seeking licensure or certification in a particular profession should carefully research the requirements prior to enrollment.

Requirements vary by state. Prospective students also should regularly review the state’s policies and procedures relating to licensure as those policies are subject to change. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification and graduates may have to complete additional coursework to be eligible to sit for certain professional certification exams.

Students who do not have an undergraduate accounting degree or substantial coursework in accounting will most
likely be unable to meet state requirements to sit for the CPA examination.

Additionally, students may wish to seek a Certified Management Accountant (CMA) designation. Information on the CMA exam can be found at their website (www.imanet.org). Students are advised that a degree program is different from an exam preparation course and they may need more education in addition to work experience in order to successfully pass the examination. This degree program is not accredited by International Assembly for Collegiate Business Education.

California Students: This program alone does not lead to licensure. In order to sit for the Certified Public Account (CPA) examination, a total of 150 semester credits must be completed, of which includes obtaining a baccalaureate degree. Ashford students who transfer in undergraduate general education credits may need to determine that they are meeting the requirements during their program of study. The completion of Ashford’s Bachelor of Arts in Accounting and its Master of Accountancy degrees do meet the educational requirements to sit for the CPA examination. Applicants must provide the California Board of Accountancy (CBA) with satisfactory evidence of having completed a minimum of 12 months of general accounting experience, a CBA-accepted ethics examination that must be passed within two years of submitting the CPA application, a criminal history background check by fingerprint via a Live Scan service and the completion of a Criminal Conviction Disclosure Form to disclose any misdemeanor or felony convictions. For additional details regarding the CA requirements for obtaining a CPA license, please visit: http://www.dca.ca.gov/cba/applicants/applbook.pdf.

Missouri Residents: Prospective students who wish to sit for the Certified Public Accountant (CPA) examination in the State of Missouri must meet the following requirements:

- A minimum of a baccalaureate degree
- Minimum of 150 semester hours are required to sit for the exam
  - Minimum of 33 semester hours in accounting (at least one (1) course in Auditing and at least 18 semester hours of the accounting courses must be upper division accounting). Please note: Accounting Law and Business Law courses are not acceptable toward the accounting requirement regardless of the department in which they were offered.
  - Minimum of 27 semester hours in general business (e.g., marketing, management, economics, finance, etc.).

Texas Residents: Prospective students who wish to sit for the Certified Public Accountant (CPA) examination in the State of Texas should be aware that the state requires 15 credits of traditional face-to-face classroom education in order to qualify to sit for the CPA examination. Any online coursework completed at Ashford University will not meet the traditional face-to-face classroom education requirement.

Program Outcomes
Master of Accountancy graduates will be able to:

1. Develop technical knowledge and competency in the field of accountancy;
2. Evaluate how to research complex accounting issues using professional resources;
3. Articulate applied concepts and principles to real world problems;
4. Assess the relevancy, accuracy, and value of financial and nonfinancial information; and
5. Appraise ethical issues and decision alternatives by incorporating professional codes of conduct and social responsibility.

Program-Specific Requirements
Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research.

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Accounting or Finance or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 590 General Cost Accounting.

Core Requirements (39 credits)

- BUS 600 Management Communications with Technology (3 credits)
- BUS 607 Business Law for the Accountant (3 credits)
- ECO 610 Global Economics (3 credits)
- *BUS 591 Financial Accounting & Analysis (3 credits)
ONLINE GRADUATE PROGRAMS

**Master of Arts in Organizational Management**

**Degree Focus**

The Master of Arts in Organizational Management is designed to develop professional competence in a world of rapid and global change. This degree develops advanced skills in dealing with the complex problems organizations and individuals face in today’s marketplace. Courses in organizational change, marketing, decision making, strategic thinking, and innovation cultivate the landscape for building an organizational culture that embraces quality and diversity.

**Special Terms and Conditions:** Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

**Program Outcomes**

Master of Arts in Organizational Management graduates will be able to:

1. Evaluate the role of management practice in organizations and the managerial processes to effectively implement an organizational communication plan;
2. Analyze common behavioral factors that are present in organizations;
3. Analyze the factors that shape the legal environment of an organization;
4. Develop processes and policies to manage human capital in organizations;
5. Evaluate the importance of ethics and corporate social responsibility; and
6. Develop a framework of analysis for strategic planning.

**Core Requirements (24 credits)**

- BUS 600 Management Communications with Technology Tools (3 credits)
- MGT 601 The Functions of Modern Management (3 credits)
- BUS 610 Organizational Behavior (3 credits)
- BUS 670 Legal Environment (3 credits)
• OMM 615 Strategies: Marketing/Advertising/Public Relations (3 credits)
• OMM 618 Human Resources Management (3 credits)
• OMM 622 Financial Decision-making (3 credits)
• OMM 640 Business Ethics & Social Responsibility (3 credits)

Specialization Requirements (9 credits)

Standard Specialization
• OMM 612 Managing in Social Change (3 credits)
• BUS 644 Operations Management (3 credits)
• OMM 692 Organizational Management Strategy (3 credits)

Global Management Specialization
• BUS 616 International Business (3 credits)
• BUS 606 Global Comparative Management (3 credits)
• BUS 693 Global Business Strategy (3 credits)

Human Resources Management Specialization
• BUS 680 Training & Development (3 credits)
• BUS 681 Compensation & Benefits (3 credits)
• BUS 692 Strategies in Human Resource Management (3 credits)

Media Management Specialization
• BUS 635 Media Markets & System (3 credits)

Supply Chain Management Specialization
• BUS 631 Integrated Supply Chain Management (3 credits)
• BUS 632 Advanced Logistics (3 credits)
• BUS 698 Supply Chain Strategic Management (3 credits)

Graduation Requirements
To be eligible for the Master of Arts in Organizational Management degree, a student must successfully complete the following:
• The approved program consisting of 33 credits; and
• A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Organizational Management.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Business Administration

Degree Focus
The Master of Business Administration (MBA) program provides a comprehensive learning experience in key areas of business administration. The program emphasizes the interrelationships among the various functional business disciplines and provides a strong foundation in the skills appropriate to analytical management. Students may select one of several specializations to focus study areas.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Master of Business Administration graduates will be able to:
1. Solve managerial problems using critical thinking skills and quantitative analysis;
2. Evaluate the moral and ethical principles practiced in the organizational setting;
3. Analyze the use of managerial and leadership skills used to develop productive teams;
4. Evaluate the influence of internal and external forces within organizations;
5. Research business information to support the decision making process;
6. Assess internal and external communication practices used in business; and
7. Analyze business opportunities and challenges from a global perspective.

Program-Specific Requirements

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research.

Core Requirements (33 credits)
- BUS 600 Management Communications with Technology Tools (3 credits)
- BUS 610 Organizational Behavior (3 credits)
- BUS 620 Managerial Marketing (3 credits)
- BUS 670 Legal Environment (3 credits)
- *MAT 540 Statistical Concepts for Research (3 credits)
- *BUS 591 Financial Accounting & Analysis (3 credits)
- BUS 630 Managerial Accounting (3 credits)
- BUS 640 Managerial Economics (3 credits)
- BUS 650 Managerial Finance (3 credits)
- BUS 644 Operations Management (3 credits)
- BUS 687 MBA Capstone (3 credits)  Prerequisites: Successful completion of MBA program core courses

*Students who waive MAT 540 and BUS 591 are required to take 36 total program credits in order to meet graduation requirements.

Specialization Requirements (9 credits)

Standard Specialization
- BUS 616 International Business (3 credits)
- INF 620 Management of Information Systems (3 credits)
- BUS 690 Business Strategy (3 credits)

Business Economics Specialization
- BUS 668 Macroeconomics of Financial Markets (3 credits)
- BUS 669 Managerial Economic Analysis (3 credits)
- BUS 689 Market Structure & Firm Strategy (3 credits)

Entrepreneurship Specialization
- BUS 604 New Business Venture Management (3 credits)
- BUS 605 Venture Capital & Private Equity (3 credits)
- BUS 696 Strategic Thinking for Entrepreneurs (3 credits)

Environmental Management Specialization
- BUS 665 Environmental Law & Compliance (3 credits)
- BUS 667 Energy, Environment & Economics (3 credits)
- BUS 688 Business Strategy: The Sustainable Enterprise (3 credits)

Finance Specialization
- BUS 655 Financial Investment Management (3 credits)
- BUS 657 Corporate Managerial Finance (3 credits)
- BUS 694 Finance Seminar (3 credits)

Global Management Specialization
- BUS 616 International Business (3 credits)
- BUS 606 Global Comparative Management (3 credits)
- BUS 693 Global Business Strategy (3 credits)

Human Resources Management Specialization
- BUS 680 Training & Development (3 credits)
- BUS 681 Compensation & Benefits (3 credits)
- BUS 692 Strategies in Human Resource Management (3 credits)

Information Systems Specialization
- INF 620 Management of Information Systems (3 credits)
- INF 630 Systems Analysis (3 credits)
• INF 690 ISS Seminar (3 credits)

Marketing Specialization
• MKT 640 Brand Publishing (3 credits)
• MKT 635 Market Research (3 credits)
• BUS 695 Marketing Seminar (3 credits)

Media Management Specialization
• BUS 635 Media Markets and System (3 credits)
• BUS 636 Media Management and Innovation (3 credits)
• BUS 699 Media Strategies and Applications (3 credits)

Organizational Leadership Specialization
• BUS 660 Contemporary Issues in Organizational Leadership (3 credits)
• BUS 661 Leading Organizational Change (3 credits)
• BUS 691 Strategies in Organizational Leadership (3 credits)

Project Management Specialization
• BUS 611 Project Planning & Management (3 credits)
• BUS 612 Advanced Project Procurement (3 credits)
• BUS 697 Project Management Strategy (3 credits)

Public Administration Specialization
• PPA 601 Foundations of Public Administration (3 credits)
• PPA 603 Government Budgeting (3 credits)
• PPA 699 Public Policy Development (3 credits)

Supply Chain Management Specialization
• BUS 631 Integrated Supply Chain Management (3 credits)
• BUS 632 Advanced Logistics (3 credits)
• BUS 698 Supply Chain Strategic Management (3 credits)

Graduation Requirements
To be eligible for the Master of Business Administration degree, a student must successfully complete the following:

• The approved program consisting of 42 credits; and
• A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Business Administration.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Human Resource Management

Degree Focus
The Master of Human Resource Management (MHRM) degree offers a robust, HR-specific curriculum preparing students with the competencies needed to add value to organizations through effective HR strategies. The program is designed to equip students with the problem-solving, data-driven decision-making, and strategic management skills needed in today’s rapidly changing business environment. Students will be prepared to address the social, ethical, legal, and economic issues facing virtual, domestic, and internationally focused organizations and provide strategic leadership in the core areas of Human Resource Management. The MHRM degree is aligned with national standards in Human Resource Management using well-defined, HR curriculum content and competencies identified by the Society for Human Resource Management (SHRM). The curriculum focuses on critical content areas, including change management, employee and labor relations, legal and ethical issues, compensation and benefits, training and development, workforce planning and talent management, organizational development, HR information systems, and globalization.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification. Successful completion of this program by itself does not provide Society for Human Resource Management (SHRM) HR certification or the SHRM Assurance of Learning® Assessment Certificate of Learning. Students in their final year of study (and have a minimum of 500 hours of relevant experience) may be eligible to apply for the SHRM Certified Professional (SHRM-CP) exam. For details regarding eligibility requirements please visit: https://www.shrm.org/certification/apply/EligibilityCriteria/Pages/default.aspx.

Program Outcomes
Master of Human Resource Management graduates will be able to:
1. Evaluate organizational needs as strategic business partner in the core areas of Human Resource Management;
2. Assess change management initiatives to fulfill strategic organizational objectives;
3. Analyze internal and external business environments and management strategies of virtual, domestic, and internationally focused organizations;
4. Assess issues of diversity as they affect the human resource function;
5. Construct strategies for planning, recruiting, selecting, training, and retaining employees to ensure human resources supports organizational goals; and
6. Evaluate regulatory, legal, and ethical issues when developing and administering policies and procedures in the workplace.

Core Requirements (39 credits)
- BUS 600 Management Communications with Technology Tools (3 credits)
- OMM 618 Human Resources Management (3 credits)
- OMM 640 Business Ethics & Social Responsibility (3 credits)
- HRM 610 Employment Law & Labor Relations (3 credits)
- HRM 620 Job Analysis & Design (3 credits)  Prerequisite: HRM 610
- HRM 630 Workforce Planning & Talent Management (3 credits)  Prerequisite: HRM 620.
- HRM 640 Performance Management: Metrics & Measurement of Human Resources (3 credits)  Prerequisite: HRM 630.
- HRM 650 Managing a Global & Diverse Workforce (3 credits)  Prerequisite: HRM 640.
- BUS 661 Leading Organizational Change (3 credits)
- BUS 680 Training & Development (3 credits)
- BUS 681 Compensation & Benefits (3 credits)
- BUS 692 Strategies in Human Resource Management (3 credits)
- HRM 660 Organizational Development (3 credits)  Prerequisite: HRM 650

Graduation Requirements
To be eligible for the Master of Human Resource Management degree, a student must successfully complete the following:
- The approved program consisting of 39 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Human Resource Management.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Information Systems Management

Degree Focus
The Master of Information Systems Management (MISM) program focuses on efficient management of information technology and effective business integration. The MISM degree will assist graduates in managing information flow within organizations and leveraging technology to facilitate operational excellence. Students examine foundational elements, such as strategic technology planning, technology operations, and data management, and incorporate core technical knowledge for managing wider technology functions and processes in organizations. In certain courses, students apply what they have learned using a virtual lab. The MISM degree prepares students for employment in fields that leverage data analysis and information technology. Students may select from one of three specializations in the program: Business Intelligence, Project Management, or IT Organizational Management and Leadership.

Special Terms and Conditions: Successful completion of this program by itself does not provide licensure or certification in any state, regardless of concentration or specialization. Students seeking industry certification are strongly encouraged to carefully research the requirements prior to enrollment. Ashford University does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification.

Program Outcomes
Master of Information Systems Management graduates will be able to:
1. Assess business needs and appropriate technological solutions using analytical and critical thinking;
2. Evaluate the interrelationships between user needs, business goals, and technology solutions;
Apply strategic planning methods for long term technological solutions;
Integrate dynamic business data demands using ease-of-use technology solutions; and
Apply effective project management business technology management, and budgeting models to enterprise issues.

Program-Specific Requirements
Students who have successfully completed undergraduate or graduate-level coursework in management information systems, information systems or computer science with a grade of “B-” or higher within the last ten (10) years will be exempt from ISM 500 Introduction to Management of Information Systems.

Students who have successfully completed undergraduate or graduate-level coursework in computer programming with a grade of “B-” or higher within the last ten (10) years or who have earned a certificate in computer programming/coding from a recognized non-traditional training provider (e.g. coding boot camp, etc.) within the last ten (10) years will be exempt from ISM 510 Introduction to Computer Programming for Business Applications.

Prerequisite Requirements (6 credits)
- *ISM 500 Introduction to Management of Information Systems (3 credits)
- *ISM 510 Introduction to Computer Programming for Business Applications (3 credits)

Core Requirements (27 credits)
- BUS 600 Management Communications with Technology Tools (3 credits)
- OMM 622 Financial Decision Making (3 credits)
- INF 630 Systems Analysis and Design (3 credits)
- ISM 640 Computer Networking and Telecommunication Design (3 credits)  
Prerequisites: BUS 600 and INF 630
- ISM 641 Database Design and Management (3 credits)  
Prerequisites: BUS 600 and INF 630
- ISM 642 Information Security and IT Governance (3 credits)  
Prerequisites: BUS 600 and INF 630
- ISM 643 Leadership in Business Systems Development (3 credits)  
Prerequisites: OMM 622 and ISM 641
- ISM 644 Legal and Ethical Issues in Technology (3 credits)  
Prerequisites: OMM 622 and ISM 642
- ISM 645 Information Technology Strategic Planning (3 credits)  
Prerequisites: OMM 622, ISM 642 and ISM 643

*Students who waive ISM 500 or ISM 510 are required to take 39 total program credits in order to meet graduation requirements. Students who waive ISM 500 and ISM 510 are required to take 36 total program credits in order to meet graduation requirements.

Specialization Requirements (9 credits)

Business Intelligence Specialization
- ISM 680 Big Data Applications (3 credits)
- ISM 681 Business Intelligence Systems (3 credits)
- ISM 682 Advanced Data Management and Acquisition Capstone (3 credits)

IT Organizational Management and Leadership Specialization
- OMM 640 Business Ethics and Social Responsibility (3 credits)
- BUS 661 Leading Organizational Change (3 credits)
- ISM 670 IT Organizational Management and Leadership Capstone (3 credits)
ONLINE GRADUATE PROGRAMS

Project Management Specialization

- ISM 650 Information Systems Project Methodologies I (3 credits)
- ISM 651 Information Technology Methodologies II (3 credits)
- ISM 652 Project Management Capstone – Strategic Project Management (3 credits)

Graduation Requirements

To be eligible for the Master of Information Systems Management degree, a student must successfully complete the following:

- The approved program consisting of 42 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Information Systems Management.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Public Administration

Degree Focus

The Master of Public Administration is designed for students with a baccalaureate degree in any academic discipline who seek careers in government management at the federal, state, or local level and in non-profit management. Graduates increase interpersonal and management skills while gaining a wide range of proficiencies in financial management, budgeting, quantitative methods, urban planning/redevelopment, and personnel management.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes

Master of Public Administration graduates will be able to:

1. Develop critical thinking skills relevant to public administration contexts;
2. Evaluate the impact of political influences on the public sector decision-making process;
3. Analyze the needs of various stakeholders in the development of public policy;
4. Assess the effectiveness of public administration strategies for dealing with urban planning and redevelopment;
5. Evaluate public administration trends and strategies for financing government operations; and
6. Assess the role and function of public administration in today’s multicultural environment.

Program-Specific Requirements

Students who submit official transcripts indicating that they successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research.

Course Requirements (36 credits)

- BUS 600 Management Communications with Technology Tools (3 credits)
- BUS 610 Organizational Behavior (3 credits)
- OMM 618 Human Resources Management (3 credits)
- OMM 640 Business Ethics & Social Responsibility (3 credits)
- BUS 660 Contemporary Issues in Organizational Leadership (3 credits)
- *MAT 540 Statistical Concepts for Research (3 credits)
- PPA 601 Foundations of Public Administration (3 credits)
- PPA 602 Public Financial Management (3 credits)
- PPA 603 Government Budgeting (3 credits)
- PPA 604 Urban Planning/Redevelopment (3 credits)
- PPA 605 Negotiation, Bargaining & Conflict Management (3 credits)
- PPA 699 Public Policy Development (3 credits)

*Students who waive MAT 540 are required to take 33 total program credits in order to meet graduation requirements.
Graduation Requirements

To be eligible for the Master of Public Administration degree, a student must successfully complete the following:

• The approved program consisting of 36 credits; and
• A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Public Administration.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Science in Finance

Degree Focus

The Master of Science in Finance degree will offer a robust and finance-specific educational curriculum that prepares students with the competencies needed to find gainful employment within the fields of Financial Analytics or Management. Upon successful completion of the Master of Science in Finance degree, students will be prepared for a career in a variety of business fields including financial planning, financial services, banking, real estate, corporate financial management, risk management and insurance, and securities sales and management. Employment sectors include private, government or non-profit organizations. This program was designed to enhance lifetime value in that it lays the foundation for continued growth in the financial industry.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes

Master of Science in Finance graduates will be able to:

1. Apply appropriate principles of valuation for financial assets and securities;
2. Assess investment and financial practices to assess the organization’s value;
3. Design appropriate risk management strategies based on an evaluation of an organization’s financial risk;
4. Evaluate the trade-off between risk and return in investment management;
5. Utilize ethical and professional standards in the financial decision making process;
6. Measure the return on investment of corporate initiatives and policies for organizational strategic decision making; and
7. Make financial recommendations for an organization with consideration to a global perspective.

Program-Specific Requirements

Applicants must have a Bachelor's or graduate-level degree in accounting, business administration, economics, or finance or successful completion of undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher to be admitted. See Admission Policies and Procedures for Graduate Programs for full details.

Major Course Requirements (39 credits)

- FIN 671 Financial Analysis and Security Valuation (3 credits)
- FIN 678 Statistics for Financial Managers (3 credits)
- FIN 675 Financial Economics (3 credits)
- FIN 676 Financial Accounting (3 credits)
- FIN 689 Advanced Financial Management and Analysis (3 credits)
- FIN 674 Strategic Cost Analysis (3 credits)
- FIN 677 International Finance (3 credits)
- FIN 681 Money Banking & Financial Institutions (3 credits)
- FIN 683 Investment Analysis (3 credits)
- FIN 679 Advanced Corporate Finance (3 credits)
- FIN 672 Financial Instruments & Derivatives
- FIN 673 Applied Portfolio Management (3 credits)
- FIN 680 Corporate Finance Capstone (3 credits)

Graduation Requirements

To be eligible for the Master of Science in Finance degree, a student must successfully complete the following:

• The approved program consisting of 39 credits; and
• A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Science in Finance.
Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

College of Education: Graduate Programs and Requirements

Master of Arts in Early Childhood Education Leadership

Degree Focus

The Master of Arts in Early Childhood Education Leadership program prepares professionals in early childhood education to address the developmental needs of young children in a variety of settings using ethical practice, innovative technology, and research-based advocacy. The program is designed to empower students from a variety of backgrounds and experiences in the growing field of early childhood education. This program is open to learners with a Bachelor’s degree in Early Childhood Education or a related field and those who are currently or have been previously employed in the field of early childhood education.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford's online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu

Hawaii Residents: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa Residents: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Iowa.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/certification/outofstate.asp.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Master of Arts in Early Childhood Education Leadership graduates will be able to:

1. Evaluate evidence-based theories and strategies aligned with early development and learning needs to support high quality learning environments;
2. Assess effective communication and collaboration strategies to positively influence partnerships with community agencies and families with young children;
3. Evaluate early childhood curricula designed to promote development and learning across all domains of development;
4. Evaluate effective assessment and evaluation strategies, tools, and procedures designed to improve outcomes for young children, families, and programs;
5. Design discipline-specific action research based on relevant theory and research methodology;
6. Propose ethical solutions that promote educational transformation in the field of early childhood education; and
7. Construct a personal definition of leadership as an early childhood education professional.

Program-Specific Requirements
Applicants to the Master of Arts in Early Childhood Education Leadership must have:

- Earned a bachelor’s degree* from a regionally accredited or an approved nationally accredited university in early childhood education or a related field; or
- Current or previous employment in the field of early childhood education.

* Unofficial or official transcripts showing an earned undergraduate degree in Early Childhood Education or a related field must be submitted with the Application for Admission.

Core Requirements (30 credits)

- ECE 600 Leadership, Innovation, & Social Justice in Early Childhood Education (3 credits)
- ECE 624 Advanced Topics in Child Development, Learning, & Developmentally Appropriate Practices (3 credits) \( \text{Prerequisite: ECE 600 or EDU 650} \)
- ECE 631 Building Family & Community Partnerships (3 credits) \( \text{Prerequisite: ECE 600 or EDU 650} \)
- ECE 642 Quality Curriculum in Early Childhood Education (3 credits) \( \text{Prerequisite: ECE 600 or EDU 650} \)
- ECE 657 Assessment to Support Young Children and Families (3 credits)
- ECE 660 Action Research & Inquiry in Education (3 credits) \( \text{Prerequisite: ECE 631, ECE 642 and ECE 657} \)
- ECE 671 Management & Administration of Early Childhood Programs (3 credits) \( \text{Prerequisite: ECE 600 or EDU 650} \)
- ECE 672 Personnel Management & Staff Development for Early Childhood Administrators (3 credits)
- ECE 673 Advocacy, Policy, and Social Justice in Early Childhood Education (3 credits) \( \text{Prerequisite: ECE 671} \)
- ECE 695 Professional and Ethical Leadership in Early Childhood Education- Capstone Course (3 credits) \( \text{Prerequisite: All MAECEL core course requirements.} \)

Graduation Requirements
To be eligible for the Master of Arts in Early Childhood Education Leadership degree, a student must successfully complete the following:

- The approved program consisting of 30 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Early Childhood Education Leadership.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Arts in Education

Degree Focus
The Master of Arts in Education is designed to present foundational perspectives in education as well as build expertise by emphasizing various specializations. Its core courses are aligned to program outcomes that define the knowledge, skills, and dispositions that are essential for providing effective and innovative instruction to diverse student populations. Its specializations are comprised of courses students can select based on their personal area of interest and expertise in education.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher’s license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford’s online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an
applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu

California Students: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of California. In order to obtain teacher licensure, a baccalaureate or higher degree, except in professional education, from a regionally-accredited college or university is required. Residents that meet the education requirement must also complete a CA state approved teacher preparation program which includes coursework, a supervised student teaching experience and a formal recommendation by the institution where the preparation program was completed. They also must pass the state exams which includes California Basic Educational Skills TestTM (CBEST®) and California Subject Examinations for Teachers® (CSET®). A criminal history background check by fingerprint via a Live Scan service must be passed that may include an investigation into felony and misdemeanor convictions. For additional details regarding the CA requirements for obtaining a single subject teaching credential, please visit: http://www.ctc.ca.gov/credentials/leaflets/cl560c.pdf.

Hawaii Students: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Iowa.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/certification/outofstate.asp.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

**Program Outcomes**

Master of Arts in Education graduates will be able to:

1. Design appropriate and challenging learning experiences informed by analysis of how learners develop individually across the cognitive, linguistic, social, emotional, and physical patterns to promote student learning and growth;

2. Employ differentiated instructional practices aligned with learner strengths and differences, diverse cultures, and diverse communities to promote student learning in a safe, collaborative, engaging, inclusive, 21st century learning environment;

3. Design a variety of evidence-based assessments used for ongoing evaluation of student progress, and to guide teacher and learner decision making;

4. Execute an action research study that draws on the research and methods of various disciplines to address local or global educational issues;

5. Design learner-centered instruction aligned with Common Core State Standards, digital age standards (NETS-S), and 21st Century skills to promote learner achievement and growth;

6. Engage in continuous professional growth through leadership in educational environments and the demonstration of legal and ethical behavior in professional practices;

7. Use knowledge of subject matter and central concepts of the discipline(s) to create technology-enriched learning environments that promote learner achievement and innovation;

8. Effectively communicate and collaborate with various stakeholders through written communication, verbal communication, and a variety of current and emerging digital age tools to ensure learner growth and to advance the profession; and
Use a range of digital technology tools to research, organize, evaluate, and communicate information while exhibiting an understanding of ethical and legal issues surrounding the use of information technologies.

Core Requirements (24 credits)

Note: Degree-seeking students are required to complete courses in the correct sequence. For this program, the specialization courses may be taken after completion of ESE 601. The last two courses completed as part of this program should be EDU 694 and EDU 696.

- EDU 650 Teaching, Learning and Leading in the 21st Century (3 credits)
- EDU 692 Creativity, Culture, & Global Contexts in Education Decision Making (3 credits)  Prerequisite: EDU 650
- EDU 673 Instructional Strategies for Differentiated Teaching & Learning (3 credits)  Prerequisite: EDU 650
- EDU 645 Learning & Assessment for the 21st Century (3 credits)  Prerequisite: EDU 673
- EDU 620 Meeting Individual Student Needs with Technology (3 credits)  Prerequisite: EDU 673
- ESE 601 Students with Exceptionalities in the School Setting (3 credits)
- EDU 694 Capstone I: Educational Research (3 credits)  Prerequisite: EDU 620
- EDU 696 Capstone II: Culminating Project (3 credits)  Prerequisite: EDU 694

Specialization Requirements (12 credits)

Child Development Specialization (12 credits)

- ECE 630 Language, Physical & Social Development in Young Children (3 credits)
- ECE 653 Cognitive Development of Infants & Young Children (3 credits)
- ECE 654 Assessment & Intervention in Early Childhood (3 credits)
- ECE 605 Children & Families in a Diverse Society (3 credits)

Curriculum and Instruction Specialization (12 credits)

- ECI 601 Introduction to Curriculum and Instruction: The Science of Learning and Teaching (3 credits)
- ECI 610 21st Century Curriculum, Standards, and Assessment (3 credits)  Prerequisite: ECI 601
- ECI 615 Intentional Approaches to Intervention (3 credits)  Prerequisite: ECI 601
- ECI 685 Transforming Curriculum and Instruction Through Empowering (3 credits)  Prerequisite: ECI 601 and EDU 650

Early Childhood Education Specialization (12 credits)

- ECE 624 Advanced Topics in Child Development, Learning & Developmentally Appropriate Practices (3 credits)  Prerequisite: ECE 600 or EDU 650
- ECE 631 Building Family & Community Partnerships (3 credits)  Prerequisite: ECE 600 or EDU 650
- ECE 642 Quality Curriculum in Early Childhood Education (3 credits)  Prerequisite: ECE 600 or EDU 650
- ECE 671 Management & Administration of Early Childhood (3 credits)  Prerequisite: ECE 600 or EDU 650

English Language Learners Specialization (12 credits)

- EDU 629 Linguistically & Culturally Diverse Learners (3 credits)
- EDU 642 Understanding & Teaching English Language (3 credits)
- EDU 643 Methods, Materials & Technology for Learning a Second Language (3 credits)
- EDU 659 Testing & Assessment for English Language Learners (3 credits)

Family and Community Services Specialization (12 credits)

- EDU 617 School, Family & Community Partnerships (3 credits)
- EDU 635 Community & Youth Development (3 credits)
- EDU 644 Child & Family Welfare (3 credits)
- EDU 647 Families, Community & Diversity (3 credits)

Higher Education Specialization (12 credits)

- EDU 586 Foundations of American Higher Education (3 credits)
- EDU 587 Adult Learning and Development (3 credits)
- EDU 588 Student Services (3 credits)
- EDU 589 Issues and Innovations in Higher Education (3 credits)

School Leadership in the 21st Century (12 credits)

- EDU 684 Shared Vision of Learning (3 credits)
- EDU 687 Building a Learning–Centered Culture (3 credits)
• EDU 688 Organizational Management for Student Learning (3 credits)
• EDU 689 Personal Ethics & Leadership Capacity (3 credits)

**Special Education Specialization (12 credits)**
• EDU 647 Families, Communities & Diversity (3 credits)
• ESE 603 Law & Ethics in Special Education (3 credits)  
  *Prerequisite: ESE 601*
• ESE 610 Assessment & Evaluation of Students with Mild to Moderate Disabilities (3 credits)
• ESE 634 Education-Based Collaborative Relationships (3 credits)  
  *Prerequisite: ESE 601*

**Graduation Requirements**
To be eligible for the Master of Arts in Education degree, a student must successfully complete the following:
• The approved program consisting of 36 credits; and
• A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Education.

*Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.*

**Master of Arts in Special Education**
**Degree Focus**
The Master of Arts in Special Education is an online degree program for adult learners with a previously earned bachelor’s degree in any discipline. The program is intended for non-certified teachers who are interested in working with children with disabilities as well as certified teachers and employed non-licensed education professionals seeking job advancement or added knowledge within the field.

Educational experiences in the Master of Arts in Special Education program will blend academic scholarship, analytical thinking, effective communication, and workplace relevance while providing students the flexibility of the online learning modality. The online courses will be embedded with structured video observations, simulations, and interviews with key personnel in the field, enabling students to apply concepts, knowledge, and skills in classroom settings. The Master of Arts in Special Education program will provide an in-depth knowledge base on classroom instruction, laws, assessment, and communication skills needed for a career in the special education field. This program requires the use of an e-Portfolio, which may have an out-of-pocket cost associated with it, depending on the specific product selected by the student.

*Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state’s education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford’s online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.*

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).*

**Alabama Residents:** State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at [www.alsde.edu](http://www.alsde.edu)

**Hawaii Residents:** An education degree offered through Ashford University's online modality does not lead to
teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Iowa.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/certification/outofstate.asp.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Master of Arts in Special Education graduates will be able to:

1. Design appropriate learning experiences for students with exceptionalities that are informed by diverse cultural experiences and varied patterns of learning and development;
2. Create a safe, inclusive, culturally responsive environment that cultivates active and effective learning for students with exceptionalities;
3. Plan cross-disciplinary learning experiences that promote individualized academic and social abilities, attitudes, values, interests, and career options for students with exceptionalities;
4. Synthesize results from multiple evidence-based assessments to guide educational decisions for individuals with exceptionalities;
5. Incorporate cross-disciplinary skills using evidenced-based instructional strategies for students with exceptionalities;
6. Evaluate how ethical principles and practice standards influence special education laws, regulations and individual professional accountability;
7. Construct an action research proposal that addresses local or global issues related to individuals with exceptionalities; and
8. Integrate positive collaborative practices with various stakeholders to address the needs of students with exceptionalities across a range of learning experiences.

Core Requirements (30 credits)

- ESE 601 Students with Exceptionalities in the School Setting (3 credits)
- ESE 603 Law & Ethics in Special Education (3 credits) Prerequisite: ESE 601
- ESE 610 Assessment & Evaluation of Students with Mild to Moderate Disabilities (3 credits) Prerequisite: ESE 601
- ESE 634 Education-Based Collaborative Relationships (3 credits) Prerequisite: ESE 601
- ESE 645 Lesson Design for Students with Mild to Moderate Disabilities (3 credits) Prerequisite: ESE 601
- ESE 656 Positive Behavior Supports in the Classroom (3 credits) Prerequisite: ESE 601
- EDU 620 Meeting Individual Students Needs with Technology (3 credits) Prerequisites: EDU 673 or ESE 601
- ESE 668 Evidenced-Based Instructional Methods for Students with Mild to Moderate Disabilities (3 credits) Prerequisite: ESE 601
- EDU 694 Capstone I: Education Research (3 credits) Prerequisite: EDU 620
- EDU 696 Capstone II: Culminating Project (3 credits) Prerequisite: EDU 694

Graduation Requirements

To be eligible for the Master of Arts in Special Education degree, a student must successfully complete the following:

- The approved program consisting of 30 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Special Education.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Arts in Teaching and Learning with Technology

Degree Focus

The Master of Arts in Teaching and Learning with Technology focuses on developing expertise in designing, implementing, and facilitating Instructional Technology in a
variety of learning environments. Learners connect theory and practice in the design of learning solutions for a digital age. Competencies build knowledge and skills to integrate current and emerging instructional technologies into educational and professional settings. Professional opportunities include instructional technology leaders, consultants and coaches, online educators, school or college technology experts, and educational entrepreneurs.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at Ashford to determine what state-specific requirements you must complete before obtaining your teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford's online education programs are CAEP, TEAC or NCATE accredited, which is a requirement for certification in some states. Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Master of Arts in Teaching and Learning with Technology graduates will be able to:

1. Generate a shared and learner-focused instructional vision;
2. Synthesize data to draw conclusions that inform the design of effective learning solutions;
3. Design effective learning solutions by blending theory and accepted practice;
4. Create strategies for safe, legal, and ethical use of digital information and technology;
5. Propose solutions for equitable access to digital tools and technology;
6. Construct solutions specific to target audiences and learning environments;
7. Facilitate effective and engaging learning events; and
8. Prescribe a variety of technologies for teaching and learning in a digital world.

Note: Program outcomes for the Master of Arts in Teaching and Learning with Technology have been adopted from the NETS*T standards (National Educational Technology Standards for Teachers) that serve as nationally recognized professional standards.

Core Requirements (15 credits)
- EDU 648 Teaching & Learning with Technology (3 credits)
- EDU 652 Instructional Design & Delivery (3 credits)
- EDU 671 Fundamentals of Educational Research (3 credits)  
  Prerequisite: EDU 620 or EDU 652
- EDU 658 Instructional Leadership (3 credits)
- EDU 697 MATLT Capstone (3 credits)

Specialization Requirements (15 credits)

Standard Specialization
- EDU 655 Trends & Issues in Instructional Design & Technology for Online Learning (3 credits)
- EDU 656 Technology Solutions for Just in Time Training & Learning (3 credits)
- EDU 679 Technology Solutions for Organizational Improvement (3 credits)
- EDU 651 Collaboration & Learning in a Virtual Environment (3 credits)
- EDU 649 Technologies for Teaching & Learning (3 credits)

Online Educator Specialization
- EDU 600 Introduction to Online Learning (3 credits)
- EDU 602 Assessing Knowledge and Skills in the Online Learning Environment (3 credits)  
  Prerequisite: EDU 600
- EDU 601 Promoting Student Success in the Online Learning (3 credits)  
  Prerequisite: EDU 602
- EDU 609 Online Teaching Internship (3 credits)  
  Prerequisite: EDU 601
- EDU 651 Collaboration & Learning in a Virtual Environment (3 credits)

Graduation Requirements
To be eligible for the Master of Arts in Teaching and Learning with Technology degree, a student must successfully complete the following:
- The approved program consisting of 30 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Teaching and Learning with Technology.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Science in Instructional Design and Technology

Degree Focus
The Master of Science in Instructional Design & Technology (MSIDT) program will prepare students for ethical practice in the areas of effective learning analysis, design, development, implementation, and evaluation. Serving varied audiences in diverse educational settings, the MSIDT program will provide relevant connections between theoretical concepts and real world application, take students through the rigors of the instructional design process as they design and develop learning/performance solutions to an identified problem or need, allow students to tailor course work to individual instructional design interests, and incorporate the development and refinement of a work-ready ePortfolio throughout the program.

Certification and Licensure Terms and Conditions: An online degree from Ashford University does not lead to immediate teacher licensure in any state. If the desire is to become a classroom teacher, students must contact their state's education authorities prior to enrolling at Ashford to determine what state-specific requirements must be completed before obtaining a teacher's license. Ashford graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of Ashford's online education programs are CAEP, TEAC or
NCATE accredited, which is a requirement for certification in some states. Other factors, such as a student’s criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state’s policies and procedures relating to licensure as those policies are subject to change.

*The Council for the Accreditation of Educator Preparation (CAEP) is the resulting entity from the merger of the Teacher Education Accreditation Council (TEAC) and National Council for Accreditation of Teacher Education (NCATE).

Alabama Residents: State authorization to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama professional educator or professional leadership certificate. Applicants who complete an educator preparation program at a non-Alabama institution must apply for an Alabama professional educator or professional leadership certificate through the Alabama Certificate Reciprocity Approach. Current requirements may be found at www.alsde.edu.

Hawaii Students: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Hawaii. In Hawaii, an alternative route to certification is not available.

Iowa Residents: An education degree offered through Ashford University’s online modality does not lead to teacher licensure in the state of Iowa.

Kentucky Residents: Please be advised that although Ashford University College of Education offers a variety of programs aimed at preparing potential educators in diverse settings, our K-12 educator preparation programs are NOT accredited in Kentucky by the Education Professional Standards Board and are NOT recognized for initial, additional, or renewal of certification or salary enhancement (rank change) for K-12 educators in Kentucky. For more information, please visit the Education Professional Standards Board’s website at http://www.epsb.ky.gov/certification/outofstate.asp.

Washington Residents: This program is not intended to lead to teacher certification. Teachers are advised to contact their individual school districts as to whether this program may qualify for salary advancement.

Program Outcomes

Master of Science in Instructional Design and Technology graduates will be able to:

1. Apply fundamental research and communication skills into the instructional design process using instructional designer professional foundations;

2. Conduct comprehensive needs and instructional analyses as part of a learning project including an examination of target populations, environmental and learning characteristics, instructional materials, and multi-media and adaptive technologies;

3. Create learning and performance solutions using learning theory, instructional design techniques and strategies to meet the needs of diverse learners and purposes;

4. Implement and Evaluate learning and performance solutions based on instructional design proposals and learning projects; and

5. Model instructional designer management skills throughout the instructional design process.

Core Requirements (36 credits)

- IDT 601 Instructional Analysis I (3 credits)
- IDT 602 Instructional Analysis II (3 credits) 
  Prerequisite: IDT 601
- IDT 603 Instructional Design and Technology I (3 credits) Prerequisite: IDT 602
- IDT 604 Instructional Design and Technology II (3 credits) Prerequisite: IDT 603
- IDT 605 ID Project Management (3 credits) 
  Prerequisite: IDT 604
- IDT 606 ID Technology Research (3 credits) 
  Prerequisite: IDT 605
- IDT 607 Evaluation of Instructional Systems (3 credits) 
  Prerequisite: IDT 606
- IDT 608 Database Systems and Management (3 credits) 
  Prerequisite: IDT 607
- IDT 609 Advanced Instructional Design and Technology (3 credits) 
  Prerequisite: IDT 608
- IDT 610 Advanced Instructional Design and Technology II (3 credits) 
  Prerequisite: IDT 609
- IDT 611 Final Project Phase I (3 credits) 
  Prerequisite: IDT 610
- IDT 612 ID Final Project Phase II (3 credits) 
  Prerequisite: IDT 611

Graduation Requirements
To be eligible for the Master of Science in Instructional Design and Technology degree, a student must successfully complete the following:

- The approved program consisting of 36 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Science in Instructional Design and Technology.

Note: The date of degree conferral recorded on the student's transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

College of Health, Human Services, and Science: Graduate Programs and Requirements

Master of Arts in Health Care Administration

Degree Focus
The Master of Arts in Health Care Administration prepares graduates to assume leadership and management positions in health care organizations. The program incorporates integration and application of health care theories and concepts across the domains of organizational health care. Topics addressed throughout the program are: management, finance, accounting, economics, administrative leadership, quality improvement, risk management, health policy, law, ethics, strategic planning, information systems, statistical reasoning, and human resources.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Further, Ashford University does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Program Outcomes

Master of Arts in Health Care Administration graduates will be able to:

1. Apply health care financial and accounting concepts in organizational decision making;
2. Apply principles of leadership in the developing of strategic goals, achieving organizational outcomes, and modeling professional values;
3. Formulate health care decisions consistent with legal and ethical standards;
4. Utilize health care information technology and statistical reasoning in organizational planning and decision-making;
5. Demonstrate sensitivity to diversity in the health care setting;
6. Evaluate health care outcomes using quality improvement and risk standards;
7. Apply health care economic perspectives in the interpretation of health policy;
8. Apply problem-solving approaches in the resolution of health care issues; and
9. Communicate the responsibility of a health care professional remaining current in their professional knowledge.

Course Requirements (36 credits)

- MHA 601 Principles of Health Care Administration (3 credits)
- MHA 622 Health Care Ethics & Law (3 credits)
- MHA 620 Health Policy Analyses (3 credits)
- MHA 630 Global & Population Health Comparative Systems (3 credits)
- MHA 616 Health Care Management Information Systems (3 credits)
- MHA 605 Business Intelligence (3 credits)
- MHA 612 Financial & Managerial Accounting (3 credits)
- MHA 618 Health Economics (3 credits)
- MHA 624 Continuous Quality Improvements & Risk Management (3 credits)
- MHA 628 Managed Care & Contractual Services (3 credits)
- MHA 626 Strategic Planning & Marketing in Health Care (3 credits)
- MHA 690 Health Care Capstone (3 credits)

Graduation Requirements
To be eligible for the Master of Arts in Health Care Administration degree, a student must successfully complete the following:

- The approved program consisting of 36 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Health Care Administration.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Master of Arts in Psychology

Degree Focus

The Master of Arts in Psychology program guides students through an in-depth exploration of the discipline. At the core of the program is the “generalist model,” a conceptual framework emphasizing an understanding of the processes that underlie human experience and behavior, as well as core knowledge, theories, and research in the field of psychology.

Special Terms and Conditions: The Master of Arts in Psychology is not a licensure program and does not prepare an individual to become a licensed psychology professional. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification or licensure. Students seeking licensure or certification in the field of psychology should carefully research the requirements prior to enrollment. Requirements vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

California Students: This program does not lead to licensure. According to the California Board of Psychology, candidates for licensure must have a doctorate degree in clinical or counseling psychology. The Board of Behavioral Sciences which governs licensure for LMFT, LPC, LPCC, and LCSW, requires candidates to meet didactic requirements and rigorous practicum/supervised professional hours that range between 500 to 2000 hours depending on the type of license. Coursework in the MAPSY may partially meet didactic requirements for CA licensure but that evaluation is done by the respective boards, and the purpose of the program is not designed to prepare students for licensure of any type. A criminal history background check by fingerprint via a Live Scan service must be passed that may include an investigation into felony and misdemeanor convictions. For additional details regarding the CA requirements for obtaining licensure, please visit: http://www.psychology.ca.gov/licensees/.

Washington Students: This program may not necessarily qualify a student for licensure in Washington State. All Washington students should contact the Health Professions Quality Assurance Division of the Washington Department of Health at (360) 236-4700 to inquire about the criteria for licensure.

Program Outcomes

Master of Arts in Psychology graduates will be able to:

1. Apply ethical principles and standards of psychology to academic and professional activities;
2. Explain psychological concepts using the professional standards of the discipline;
3. Analyze major concepts, theories, methodologies, and historical trends in psychology;
4. Evaluate the scientific merit of the professional literature in psychology; and
5. Integrate psychological theory and research.

Core Requirements (36 credits)

- PSY 600 Introduction to Graduate Study in Psychology (3 credits)
- PSY 605 Developmental Psychology (3 credits)
- PSY 610 Applied Social Psychology (3 credits)
- PSY 615 Personality Theories (3 credits)
- PSY 620 Learning & Cognition (3 credits)
- PSY 625 Biological Bases of Behavior (3 credits) Prerequisite: PSY 600, PSY 605, PSY 610, PSY 615 and PSY 620
- PSY 630 Psychopharmacology (3 credits) Prerequisite: PSY 625
- PSY 635 Research Design & Methods (3 credits)
- PSY 640 Psychological Testing & Assessment (3 credits) Prerequisite: PSY 635
- PSY 645 Psychopathology (3 credits)
- PSY 650 Introduction to Clinical & Counseling Psychology (3 credits) Prerequisite: PSY 645
- PSY 699 Master of Arts in Psychology Capstone (3 credits)

Graduation Requirements
To be eligible for the Master of Arts in Psychology degree, a student must successfully complete the following:

- The approved program consisting of 36 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Arts in Psychology.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

**Master of Public Health**

**Degree Focus**

The Master of Public Health program in the College of Health, Human Services, and Science examines the socio-environmental issues responsible for health-related behaviors that lead to morbidity, mortality and health disparities. Master of Public Health students will be able to gain knowledge and an understanding of the biological and social determinants of health while exploring key public health issues through epidemiology, biostatistics and research. Upon graduation, students will be able to create, plan, administer, and evaluate public health programs in diverse settings, including research institutions, health care facilities, community organizations, schools, and governmental agencies both large and small. Students can follow either a generalist track or pursue a specialization in Health Services Administration. The program integrates seven interdisciplinary themes throughout all coursework: Integration of Science and Practice, Quantitative Foundations, Health Policy, Structural Determinants of Health Systems Thinking, Leadership, Diversity and Culture.

**Special Terms and Conditions:** Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of track. Further, Ashford University does not guarantee that any professional organization will accept a graduate's application to sit for any exam for the purpose of professional certification. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Further, a student’s criminal history may prevent them from obtaining licensure, certification, or employment in this field.

The Master of Public Health program is not accredited by the Council on Education for Public Health (CEPH). CEPH is an independent accrediting organization whose mission is to serve the public interest by establishing and enforcing quality Accreditation Standards for Public Health programs. Academic leadership intends to pursue CEPH programmatic accreditation once eligible to apply.

**Program Outcomes**

Master of Public Health graduates will be able to:

1. Design and conduct assessments that integrate the concepts, methods, and tools of public health data collection, analysis, interpretation, and evidence-based reasoning to determine the health status and/or health needs of a population;
2. Demonstrate effective communication skills and the ability to interact with both diverse individuals and communities utilizing public health education, community empowerment, and information dissemination;
3. Integrate public health theories, models, and concepts across a broad range of disciplines (social, scientific, behavioral, etc.) into public health research and practice to produce or impact an intended public health outcome;
4. Apply quantitative and qualitative research findings found in medical, public health, and social science journals to the identification and pursuit of opportunities for promoting health and preventing disease across the lifespan and for enhancing public health preparedness;
5. Evaluate how the biological, environmental, socioeconomic, behavioral, and cultural determinants of health influence the global and societal burden of disease and contribute to health disparities;
6. Apply systems thinking concepts to effectively implement and manage public health interventions as members of interdisciplinary teams; and
7. Evaluate how the legal, ethical, economic, and regulatory dimensions of health care and public health system influence public health policies.

**Practicum Requirements**

Students are required to complete a practicum consisting of ninety (90) contact hours, which may be paid or unpaid. As practical knowledge and skills are essential to a successful career in public health, a planned, supervised, and evaluated practicum is an essential component of a public health professional degree program. The goal of the practicum is to provide an opportunity for students to synthesize, integrate, and apply practical skills, knowledge, and training learned through courses, to gain professional experience in a public
health work environment, and to work on public health practice projects that are of particular interest to the student. Prior to beginning a supervised practicum and/or employment in most health care facilities students may need to provide or successfully complete:

- Background checks
- Blood-borne pathogen training
- Liability coverage
- HIPPA training
- Proof of current immunizations (required of the state) including a two-step TB test (within a year of clinical practicum), MMR or titers, Tdap (10 yr. booster), Varicella, Hepatitis B immunizations or titers, Influenza or record of decline, and/or health clearance from a physician.

**Practicum Locations**

Potential locations for practicum include:

- Health care offices
- Public health offices
- Community health centers
- Non-profit organizations
- State health offices, or
- Other health-related organizations

Students can only complete their Professional Practice Experiences in states where this program is available. All Students enrolling in a degree program with a practicum requirement are expected to complete the practicum in the United States. If students anticipate that they will not be able to complete their practicum in the United States all exceptions must be approved prior to admission to the program.

Students who reside and/or work outside the United States may be ineligible to complete practicum hours at a facility abroad; requirements and restrictions vary by country. Students must notify the Program Chair prior to enrolling in the program to discuss a potential practicum location and obtain Program Chair permission to enroll.

**Practicum Equivalent Experience**

Although there are no exemptions or waivers of the practicum, in rare situations it is possible to receive Practicum Equivalent Experience, reducing the total number of practicum hours needed to be completed through Ashford University by up to 30 contact hours. This request can only be approved if a student provides evidence of substantial prior public health experience relevant to program-specific competencies. In general, this substantiation would include one or more years of relevant, full-time public health work prior to matriculation in the program. Students who wish to apply for Practicum Equivalent Experience must submit a Student Petition to Waive Practicum Hours Form during their first course. This timeframe allows students to plan a practicum should prior experience not be sufficient.

**Core Requirements (27 credits)**

- MPH 601 Introduction to Public Health Concepts (3 credits)
- MPH 602 Social and Biological Determinants of Public Health (3 credits)  
  **Prerequisite:** MPH 601
- HIA 625 Principles of Biostatistics (3 credits)
- MPH 603 Applied Behavioral Science (3 credits)  
  **Prerequisite:** MPH 602, HIA 625
- MPH 604 Principles of Epidemiology (3 credits)  
  **Prerequisite:** MPH 603
- MPH 606 Health Services Administration (3 credits)  
  **Prerequisite:** MPH 604
- MPH 605 Environmental Health Sciences (3 credits)  
  **Prerequisite:** MPH 606
- ^MPH 650 Public Health Practicum I (1 credit)  
  **Prerequisite:** Practicum Site approval.
- ^MPH 651 Public Health Practicum II (1 credit)  
  **Prerequisite:** MPH 650
- ^MPH 652 Public Health Practicum III (1 credit)  
  **Prerequisite:** MPH 651
- ^MPH 699 Public Health Capstone/Culminating Experience (3 credits)  
  **Prerequisite:** MPH 605.

When practicum is incomplete and all courses in the Master of Public Health degree are complete, students must register in ^MPH 653 Public Health Practicum Extension (1 credit) consecutively until the Practicum is complete.

^ This course must be taken at Ashford University and may not be transferred from another institution.

**Tracks (15 credits)**

**Generalist Track**

- MPH 607 Global Health (3 credits)  
  **Prerequisite:** HIA 625
- MPH 608 Health Communication Practice and Theory (3 credits)  
  **Prerequisite:** MPH 605
- MPH 609 Public Health Education Methods (3 credits)  
  **Prerequisite:** MPH 605
- MPH 610 Public Health Program Planning and Implementation (3 credits)  
  **Prerequisite:** MPH 609
- MPH 611 Public Health Program Assessment and Evaluation (3 credits)  
  **Prerequisite:** MPH 610
Health Care Administration Track
- MPH 621 Public Health Systems (3 credits)
  Prerequisite: HIA 625
- MHA 618 Health Economics (3 credits)
- MHA 620 Health Policy Analyses (3 credits)
- MHA 622 Health Care Ethics & Law (3 credits)
- MPH 623 Human Resources Management (3 credits)
  Prerequisite: MHA 622

Graduation Requirements
To be eligible for the Master of Public Health degree, a student must successfully complete the following:
- The approved program consisting of 42 credits;
- Practicum requirements; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Public Health.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

College of Liberal Arts:
Graduate Programs and Requirements

Master of Science in Criminal Justice

Degree Focus
The Ashford University Master of Science in Criminal Justice program prepares students for professional careers in the field of criminal justice. The rapid advance of technology and the specter of terrorism have created an expanding need for criminal justice professionals with advanced skills to grapple with the criminal justice issues of the 21st century.

The Master of Science in Criminal Justice program develops students’ knowledge and skills in the areas of criminal law, criminal justice, forensics and crime scene investigations, cybercrime and technology, management, constitutional processes, ethics, victimology, comparisons of criminal justice systems, and other current and related topics. The Master of Science in Criminal Justice program also provides students with an understanding of social problems and social responsibility perspectives.

Special Terms and Conditions: Successful completion of this program by itself may not qualify a student for employment with a federal, state or local law enforcement agency. State and local police agencies require training and certification specified by the individual state’s Police Officer Standards and Training (P.O.S.T.) Board and are often provided post-hire at a police academy. Other federal, state and local agencies as well as private entities have individualized requirements. Prospective students are advised to contact individual agencies and states’ P.O.S.T. boards for additional information relating to these requirements. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment.

Requirements may vary by state. Further, a criminal record may prevent an applicant from obtaining licensure, certification, or employment in this field of study.

Please note: The Master of Science in Criminal Justice, Forensic Science specialization is not intended to prepare students for direct employment as forensic investigators or analysts. The Forensic Science specialization is not a pathway to employment as a forensic scientist. In addition, the Forensic Science specialization is not intended to prepare students for professional examinations required as a function of employment in the capacity of forensic investigator or analyst.

Program Outcomes
Master of Science in Criminal Justice graduates will be able to:
1. Analyze the major systems of criminal justice and how the functions of police, prosecution, courts, and corrections are interrelated;
2. Evaluate the issues and management of personnel administration in criminal justice;
3. Analyze the judicial processes of the U.S. Constitution;
4. Explain ethical issues within the criminal justice system;
5. Evaluate research regarding criminal justice and public policy and its effect on society, victims, and rehabilitation;
6. Apply forensic methods and crime scene investigation to real-world situations; and
7. Assess research and methods used to investigate a key empirical or theoretical issue relating to criminal justice.

Program-Specific Requirements
Master of Science in Criminal Justice students who submit official transcripts indicating that they have earned an undergraduate degree in criminal justice or have successfully completed undergraduate coursework in criminal justice, criminal law and constitutional law with a grade of C or higher will be exempt from the requirement to take CRJ 501 Criminal Justice, Criminal Law & the Constitution. Students are responsible for notifying the University if they believe they have met these requirements through previous college coursework during the application process and are responsible for submitting official transcripts for verification.

Core Requirements (30 credits)
- *CRJ 501 Criminal Justice, Criminal Law & the Constitution (3 credits)
- CRJ 510 Criminal Justice Policy & Theory (3 credits)
- CRJ 512 Criminological Theory (3 credits)
- CRJ 514 Constitutional & Judicial Processes (3 credits)
- CRJ 520 Research Methods in Criminal Justice (3 credits)
- CRJ 522 Psychological Factors in Criminal Justice (3 credits)
- CRJ 524 Ethics in Criminal Justice (3 credits)
- CRJ 613 Comparative Criminal Justice Systems (3 credits)
- CRJ 615 Victimology (3 credits)
- CRJ 697 Capstone: Evaluation & Program Analysis in Criminal Justice (3 credits)

*Students who waive CRJ 501 are required to take 36 total program credits in order to meet graduation requirements.

Law Enforcement & Corrections Administration Specialization
- CRJ 620 Organizational Behavior in Law Enforcement & Corrections (3 credits)
- CRJ 625 Employment & Policy Law for Law Enforcement & Corrections Administrators (3 credits)
- CRJ 630 Budgeting for Finance Law Enforcement & Corrections Administrators (3 credits)

Graduation Requirements
To be eligible for the Master of Science in Criminal Justice degree, a student must successfully complete the following:
- The approved program consisting of 39 credits; and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.

Specialization Requirements (9 credits)

Cybercrime & Technology Specialization
- CRJ 621 Cybercrime Investigation (3 credits)
- CRJ 626 Computer Forensics (3 credits)
- CRJ 631 Security & Protection for Cybercrime (3 credits)

Forensic Science Specialization
- CRJ 622 Introduction to Forensic Science (3 credits)
- CRJ 627 Advanced Forensic Science (3 credits)
- CRJ 632 Crime Scene Investigation & Management (3 credits)

Homeland Security Specialization
- CRJ 623 Homeland Security (3 credits)
- CRJ 628 Terrorism: Threats & Strategy (3 credits)
SECTION NINE: HYBRID GRADUATE PROGRAMS

Overview

The Master of Business Administration program is offered in a hybrid format (online and in-residence requirements) through the Forbes School of Business & Technology™ at the Clinton Campus of Ashford University.

Admission Policies and Procedures

Conditional Admission Requirements (Hybrid Graduate Programs)

Applicants seeking admission to a hybrid graduate program must meet the following admission requirements prior to the start of the first course at Ashford University:

1. Have a Bachelor’s degree or graduate level degree from a regionally accredited or approved nationally accredited college or university with a grade point average (GPA) of 2.0 or above. Applicants with a grade point average of 2.0 to 2.74 will be placed on Academic Watch;

2. Have access to a computer with an Internet connection for the Web-based programs and meet the minimum technology requirements and minimum computer skills, abilities, features, system configurations, hardware, and software outlined in the General Academic Information & Policies section of this Catalog;

3. Have the ability to attend in-residence and synchronous instructional requirements for each core course in the program, as follows:
   • Attend a 1-2 hour synchronous webinar, Skype, or teleconference that will be scheduled during Week 1 of each core course.
   • Attend a 7-8 hour in-residence class at the Clinton, Iowa campus on a scheduled Saturday of Week 3, 4, or 5 of each core course.

4. Have the ability to study in English indicated by one of the following:
   • Earned a Bachelor’s degree in which the primary language of instruction was English; or
   • Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) examination taken within the past two (2) years. For the TOEFL, a minimum score of 550 paper-based or 79 internet-based is required. For the IELTS, a minimum score of 6.5 is required. Copies of official scores must be submitted prior to provisional enrollment, and official scores must be submitted prior to full admission.

Bachelor’s degrees from nationally accredited institutions granted accreditation by the following accrediting agencies may be considered for admission:

- Association of Advanced Rabbinical and Talmudic Schools, Accreditation Commission (AARTS);
- Association of Biblical Higher Education (ABHE, formerly known as AABC);
- Accrediting Council for Continuing Education and Training (ACCET);
- Accrediting Commission of Career Schools and Colleges (ACCSC, formerly known as ACCSCT, NATTS, or CCAACICS)
- Accrediting Council for Independent Colleges and Schools (ACICS, formerly known as AICS or CCAACICS)*;
- Association of Institutions of Jewish Studies (AIJS);
- Association of Theological Schools in the United States and Canada, Commission on Accrediting (ATS);
- Council on Occupational Education (COE, formerly known as SACS-COEI);
- Distance Education and Training Council, Accrediting Commission (DETC, formerly known as NHSC);
- National Accrediting Commission of Career Arts and Sciences (NACCAS);
- Transnational Association of Christian Colleges and Schools, Accreditation Commission (TRACS); and
- Accrediting Bureau of Health Education Schools (ABHES).

*Credits earned from Colleges and Schools with this accreditation will be reviewed on a case by case basis to determine if the accrediting body was approved and in good standing when credits were earned.

Students with Bachelor’s degrees accredited by the aforementioned institutions may be required to submit unofficial documentation to the Registrar’s Office at the time of provisional admissions.

Ashford University reserves the right to deny admission or re-admission to any applicant. Ashford University recognizes the importance of protecting student privacy and reserves the right to request documentation to establish or verify any student’s identity at any time, for administrative or compliance purposes. Students are
expected to provide such documentation, and failure to do so may be considered a violation of the Student Community Standards. The University may deny or rescind admission to any student for failure to authenticate his or her identity.

Applicants are conditionally admitted to a Master’s degree program when they submit a completed application indicating that they meet admission requirements outlined for that program and are approved by the Registrar’s Office. Applicants in a conditional admission status are not eligible for Title IV funds and are not considered regular students until granted provisional or full admission.

Appeal Procedure for a Third (3rd) Consecutive Conditional
Admission Period or Ashford Promise Provisional admission status must be attained by the end of the second (2nd) attempt of the Ashford Promise, while a student is in conditional standing. Students who fail to attain provisional admission by the end of their second (2nd) attempt of the Ashford Promise must wait six months from the date they were denied admission to re-apply, or they may appeal the University’s decision using the process outlined subsequently to request a third (3rd) consecutive attempt of conditional admission in the Ashford Promise.
Disagreements over academic quality will not be considered as an appropriate basis for such appeals. In cases of appropriate cause, the Ashford University Admission Appeals Committee reviews the appeals and renders a decision to the student. The decision will be communicated to the student via email from the Registrar’s Office. Appeals must include an explanation of the event that occurred, which caused the student to not attain provisional admission to the University after two attempts.

Students must appeal in writing to the University Registrar. The appeal must be submitted to academic.progress@ashford.edu and approved prior to enrollment in any future courses. Additionally, the student’s appeal letter must include:

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in the undue hardship to the student;
- Compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of college-level credits during their period of absence; and,
- A plan for completion of the coursework required to meet basic academic requirements during their coursework at Ashford University.

Appeal decisions will be communicated from the Registrar’s Office to students via email.

Provisional Admission Requirements
Students must attend beyond Week 3 of their first course in order to be provisionally admitted to a Master’s degree program at Ashford University:

Attendance beyond Week 3 constitutes a student’s confirmation of their intention to continue in the program as a regular student. Upon attendance beyond Week 3 of their first course, students are considered matriculated, regular students in their degree program. Students who meet the requirements for Full Admission will be fully admitted into the degree program.

Transfer Credit Evaluation for Graduate Degree Programs
Upon being granted provisional admission to a graduate degree program, the Ashford University Registrar’s Office staff will begin requesting official transcripts from schools where any graduate-level credit was earned, using the signed Transcript Request form.

This includes:
- College or university transcripts from institutions where graduate credit was earned
- Military credits evaluated for equivalency to graduate-level college credits

Once these transcripts have been received, the Registrar’s Office will complete the student’s transfer credit evaluation.
At the conclusion of the third (3rd) attempted Ashford University course in a degree-seeking program, if any transcripts from institutions where graduate credit was earned have not yet been received, the Registrar’s Office staff will proceed with the transfer credit evaluation of any transcripts received to date. Additional transcripts may be submitted for evaluation at a later date, should they become available.

If it is determined prior to the conclusion of the third (3rd) attempted Ashford University course that certain transcripts where graduate credit was earned are unable to be provided, students may sign and submit an Authorization to Close File form thereby waiving potential transfer credits from previously attended schools to expedite the transfer credit evaluation process. These transcripts may be submitted for evaluation at a later date, should they become available.

Students are responsible for reviewing their transfer credit evaluation as well as their scheduled courses with their Academic Advisor and informing them of any courses that they feel are duplicative or equivalent in content to
previously completed coursework. Students may submit official transcripts to Ashford University for review of transfer credits at any time.

**Full Admission Requirements**
The following requirements must be met prior to the conclusion of the third (3rd) attempted Ashford University course in a degree-seeking program. To start the fourth (4th) course, students must complete all the requirements subsequently outlined and must meet all admissions requirements applicable to their specific degree program. Students who do not complete all requirements will not be fully admitted and will be withdrawn from the program.

- Submission of an official transcript from the regionally accredited or approved nationally accredited institution that awarded the baccalaureate or graduate level degree indicating a minimum GPA of 2.0 with a degree conferral date prior to the start of the first course at Ashford University.
- Students who do not meet the minimum GPA requirements outlined in the following two options but do have a minimum of a 2.0 GPA are fully admitted on Academic Watch and are required to achieve a cumulative GPA of 3.0 and successfully complete 67% of credits attempted by the conclusion of the first payment period.
  - Students who have completed only a Bachelor’s degree or fewer than 12 credits of graduate-level coursework will have their GPA calculated for the Bachelor’s degree only to meet the 2.75 GPA requirements.
  - Students who have completed 12 credits or more of graduate-level coursework may have their GPA calculated for graduate coursework to meet the 3.0 graduate GPA requirement.
- Students must submit official TOEFL or IELTS scores, if required for admission.
- At the conclusion of the Academic Watch period or the first payment period, any student who does not meet the requirements for satisfactory academic progress will be dismissed from the University.

**Appeal of Dismissal Following Academic Watch**
A student who has been dismissed for not meeting satisfactory academic progress requirements following Academic Watch may appeal to the University Registrar for re-admission. Appeals are evaluated by a committee comprised of the University Registrar or designee, and a representative from Academic Affairs. The decision of the committee will be communicated in writing to the student by the Registrar’s Office. Additionally, the student’s appeal letter must include

- A reasonable explanation for the student’s academic performance to date, which includes mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student;
- Compelling evidence that the student has the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits during the period of absence; and
- A plan for completion of the coursework required to meet satisfactory academic progress during the following payment period.

The passage of time does not substantiate eligibility for readmission or appeal for readmission. However, students who have experienced mitigating circumstances and have been dismissed from the University for failure to meet satisfactory academic progress requirements and have been denied re-admission after an appeal may submit another appeal to be readmitted after six months have elapsed since their last appeal was received by the University. The appeal must meet the criteria outlined previously and the student must present compelling evidence that they have the ability to succeed in an academic program due to changed circumstances, experience, and/or successful completion of graduate-level credits since the last appeal was submitted.

*Note: See the Satisfactory Academic Progress Requirements in this section to review all related Satisfactory Academic Progress guidelines.*

**MBA Program-Specific Requirements**
Master of Business Administration students who submit official transcripts indicating that they have earned a Bachelor’s degree or higher in Business, Business Administration, Accounting, Finance, or Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher, or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who have successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research.
Students are responsible for notifying the University if they believe they have met these requirements through previous college coursework during the application process and are responsible for submitting official transcripts for verification.

Hybrid Graduate Program Grant
Students enrolled in a hybrid graduate program are eligible for the Hybrid Graduate Program Grant as long as they remain continuously enrolled, attend the in-residence and synchronous instructional requirements for each core course in the program, and maintain satisfactory academic progress. Grants are applicable to courses for which tuition is in excess of $250 per credit hour.

Academic Policies and Procedures

Academic Calendar
The academic calendar for Ashford University graduate programs is continuous (also known as non-term) rather than defined by semester dates. Typically, students take one course at a time and move to the next course in the program sequence without a break. Cohorts are anticipated to begin in the spring and fall of each calendar year.

Most courses are six weeks long with an annual two-week Winter Break when courses are not scheduled. The Winter Break for 2018-2019 occurs from December 18, 2018 to December 31, 2018.

Graduate Programs Credit Maximum Policy
A maximum of 24 credits may be attempted per academic year. Students may appeal in writing to the Registrar’s Office for an increase to a maximum of 36 credits attempted per academic year.

Concurrent Course (Double Up) Registration Policy
Students may be required to enroll in an online course concurrently within the Hybrid Graduate program if a core course is not successfully completed at the time it is scheduled.

Attendance Policy for Graduate Courses
Students taking online courses are expected to attend each week of the course. Attendance is defined as participating in an academic activity within the online classroom, which includes posting in a graded discussion forum, submitting a written assignment or journal entry, or submitting a quiz or exam. Postings not related to graded discussion forums or written assignments or journal entries not related to the actual assignment may be reviewed and disqualified for attendance purposes. Attendance on the basis of submitting a quiz or exam is determined by submission status at the conclusion of the calendar day (11:59 pm Mountain Time Zone).

Each instructional week begins on a Tuesday and concludes on the following Monday. A student is recorded either absent or present each day based on participation in an academic activity. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students who do not attend at least once in any seven consecutive day period will be issued an attendance warning. Students who do not attend at least once in any 14 consecutive day period will be dropped from the course and administratively withdrawn from the University retroactive to the last date of recorded attendance. Students who attend on the first day following 14 consecutive days of non-attendance will not be dropped from their course or administratively withdrawn.

Students who participate in an academic activity in a course prior to its official start date will not be dropped from their course during Week 1 for non-attendance as long as they subsequently attend at least once during Week 1 of the course.

Students are required to complete the synchronous and in-residence requirements within Hybrid Graduate Programs. Exceptions for mitigating circumstances such as student injury/illness, death of a student’s family member, or other reasons resulting in undue hardship to the student must be approved by the Clinton Campus President.

Please refer to drop policies for grade implications when not meeting attendance requirements. Students not meeting attendance requirements will be dropped from the course and administratively withdrawn from the University retroactive to the last date of recorded attendance. A student’s last date of attendance following successful completion of a course is the end date of that course. The University may schedule periods of non-enrollment during which no courses are scheduled. When this occurs, such as during the annual Winter Break, the non-enrollment period may extend the 14 day limit to include the break. No approved Academic Leave can exceed 42 days including University scheduled periods of non-enrollment.

Note: New students who do not meet attendance requirements for the first week of their first course or do not complete their first course will be administratively withdrawn from the University and must work with their Enrollment Services Advisor to reschedule their enrollment in the program.
Academic Participation
In addition to meeting attendance requirements, students attending are expected to participate in their courses by actively engaging in weekly discussion forums with substantial posts and completing the required assignments for each week. A list of all assignments can be found within the course calendar in each online class and also by week in the weekly instructional units.

Failure to meet academic participation requirements may negatively impact an assignment and/or course grade. All recorded time stamps for assignment submissions, discussion board posts, and attendance records will reflect Mountain Time Zone.

Students who anticipate being absent for an entire week of a course should contact the instructor in advance and make arrangements to complete the required assignments. While students cannot be tardy in an asynchronous learning environment, nor can they cut class in a traditional sense, acceptance of late or make-up work is at the discretion of the instructor and does not waive attendance requirements.

Academic Leave
Students who need to take a break in attendance must complete the Hybrid Graduate Program Academic Leave Request available within the Student Portal. Academic Leave will be reviewed for consideration by the Campus President.

Students may be required to enroll in additional online courses concurrently within the Hybrid Undergraduate program if a core course is not successfully completed at the time it is scheduled.

Students who do not return on their scheduled return date from Academic Leave may be withdrawn from the program. Exceptions may be made at the discretion of the Campus President.

SMART Track Program
Students enrolled in an Ashford University Bachelor’s degree program may be eligible to enroll in up to nine (9) applicable credits for the MBA program toward their Bachelor’s degree and accelerate completion of a Master’s degree with Ashford University. Please see the SMART Track Program Requirements in the Online Undergraduate Programs section of this Catalog for more information.

Forbes School of Business & Technology
Master of Business Administration - Hybrid Format

Degree Focus
The Master of Business Administration (MBA) program provides a comprehensive learning experience in key areas of business administration. The program emphasizes the interrelationships among the various functional business disciplines and provides a strong foundation in the skills appropriate to analytical management. Students may select one of several specializations to focus study areas.

Special Terms and Conditions: Successful completion of this program by itself does not lead to licensure or certification in any state, regardless of concentration or specialization. Students seeking licensure or certification in a particular profession are strongly encouraged to carefully research the requirements prior to enrollment. Requirements may vary by state. Ashford University does not guarantee that any professional organization will accept a graduate’s application to sit for any exam for the purpose of professional certification.

Program Outcomes
Master of Business Administration graduates will be able to:
1. Solve managerial problems using critical-thinking skills and quantitative analysis;
2. Evaluate the moral and ethical principles practiced in the organizational setting;
3. Analyze the use of managerial and leadership skills used to develop productive teams;
4. Evaluate the influence of internal and external forces within organizations;
5. Research business information to support the decision-making process;
6. Assess internal and external communication practices used in business; and
7. Analyze business opportunities and challenges from a global perspective.
Program-Specific Requirements

Students who submit official transcripts indicating that they have earned a Bachelor’s degree in Business, Business Administration, Accounting, Finance, Economics or have successfully completed undergraduate coursework in Accounting or Finance with a grade of “C” or higher or graduate coursework in Accounting or Finance with a grade of “B” or higher will be exempt from the requirement to take BUS 591 Financial Accounting & Analysis.

Students who submit official transcripts indicating that they successfully completed undergraduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “C” or higher or graduate coursework in Statistics, Business Statistics, or Quantitative Methods with a grade of “B” or higher will be exempt from the requirement to take MAT 540 Statistical Concepts for Research.

Core Requirements (33 credits) - Hybrid Format

- BUS 600 Management Communications with Technology Tools (3 credits)
- BUS 610 Organizational Behavior (3 credits)
- BUS 620 Managerial Marketing (3 credits)
- BUS 670 Legal Environment (3 credits)
- *MAT 540 Statistical Concepts for Research (3 credits)
- *BUS 591 Financial Accounting & Analysis (3 credits)
- BUS 630 Managerial Accounting (3 credits)
- BUS 640 Managerial Economics (3 credits)
- BUS 650 Managerial Finance (3 credits)
- BUS 644 Operations Management (3 credits)
- BUS 687 MBA Capstone (3 credits) *Prerequisites: Successful completion of MBA program core courses.

*Students who waive MAT 540 and BUS 591 are required to take 36 total program credits to meet graduation requirements.

Specialization Requirements (9 credits) - Online Format

Standard Specialization

- BUS 616 International Business (3 credits)
- INF 620 Management of Information Systems (3 credits)
- BUS 690 Business Strategy (3 credits)

Business Economics Specialization

- BUS 668 Macroeconomics of Financial Markets (3 credits)
- BUS 669 Managerial Economic Analysis (3 credits)
- BUS 689 Market Structure & Firm Strategy (3 credits)

Entrepreneurship Specialization

- BUS 604 New Business Venture Management (3 credits)
- BUS 605 Venture Capital & Private Equity (3 credits)
- BUS 696 Strategic Thinking for Entrepreneurs (3 credits)

Environmental Management Specialization

- BUS 665 Environmental Law & Compliance (3 credits)
- BUS 667 Energy, Environment & Economics (3 credits)
- BUS 688 Business Strategy: The Sustainable Enterprise (3 credits)

Finance Specialization

- BUS 655 Financial Investment Management (3 credits)
- BUS 657 Corporate Managerial Finance (3 credits)
- BUS 694 Finance Seminar (3 credits)

Global Management Specialization

- BUS 616 International Business (3 credits)
- BUS 606 Global Comparative Management (3 credits)
- BUS 693 Global Business Strategy (3 credits)

Human Resources Management Specialization

- BUS 680 Training & Development (3 credits)
- BUS 681 Compensation & Benefits (3 credits)
- BUS 692 Strategies in Human Resource Management (3 credits)

Information Systems Specialization

- INF 620 Management of Information Systems (3 credits)
- INF 630 Systems Analysis (3 credits)
- INF 690 ISS Seminar (3 credits)

Marketing Specialization

- MKT 640 Brand Publishing (3 credits)
- MKT 635 Market Research (3 credits)
- BUS 695 Marketing Seminar (3 credits)
Media Management Specialization
- BUS 635 Media Markets and System (3 credits)
- BUS 636 Media Management and Innovation (3 credits)
- BUS 699 Media Strategies and Applications (3 credits)

Organizational Leadership Specialization
- BUS 660 Contemporary Issues in Organizational Leadership (3 credits)
- BUS 661 Leading Organizational Change (3 credits)
- BUS 691 Strategies in Organizational Leadership (3 credits)

Project Management Specialization
- BUS 611 Project Planning & Management (3 credits)
- BUS 612 Advanced Project Procurement (3 credits)
- BUS 697 Project Management Strategy (3 credits)

Public Administration Specialization
- PPA 601 Foundations of Public Administration (3 credits)
- PPA 603 Government Budgeting (3 credits)
- PPA 699 Public Policy Development (3 credits)

Supply Chain Management Specialization
- BUS 631 Integrated Supply Chain Management (3 credits)
- BUS 632 Advanced Logistics (3 credits)
- BUS 698 Supply Chain Strategic Management (3 credits)

Graduation Requirements
To be eligible for the Master of Business Administration degree, a student must successfully complete the following:
- The approved program consisting of 42 credits, and
- A minimum cumulative grade point average of 3.00 in all coursework attempted at the University.

The degree will be noted on the transcript as a Master of Business Administration.

Note: The date of degree conferral recorded on the student’s transcript and diploma will reflect the date the student completes all academic degree requirements. However, release of transcripts, diplomas, and verifications for degrees awarded are contingent upon submission of the Petition to Graduate form, payment of the graduation fee, and payment of any outstanding balances with the University.
Not all courses are offered in all modalities or with the same frequency. Please reference the academic programs sections of this Catalog to find a list of courses offered and/or required in each degree program. Course prerequisites may also be listed in the individual program sections.

Course descriptions that reference “successful completion” of a prerequisite course assume the student will have earned a grade of “C-” or higher, unless otherwise noted in the program requirements. Course offering dates are subject to change.

Course Numbering System
While many courses cross lines between class levels, the following offers a general correlation between course numbers and grade levels:

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Course Number Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lower Division</td>
<td>100–299</td>
</tr>
<tr>
<td>Upper Division</td>
<td>300–499</td>
</tr>
<tr>
<td>Graduate Level</td>
<td>500–699</td>
</tr>
</tbody>
</table>

Ashford University awards semester credit hours.

ABS Applied Behavioral Science

**ABS 200 Introduction to Applied Behavioral Science** 3 Credits
This course provides an introduction and overview of the application and use of applied behavioral science. Basic terms and definitions are reviewed, and students are introduced to the varied components of applied behavioral science. Topics covered include definition of the field, sub-specialties, and real world applications, and aspects of the field.

**ABS 300 Psychological Assessment** 3 Credits
This course will survey instruments of psychometric assessment that are frequently used in education and clinical practice. Fundamental theory and research pertaining to the quantitative measurement of human traits will be reviewed. Psychometric instruments will include standardized neuropsychological tests, intelligence tests, and personality tests. Strengths and limitations of these instruments will be carefully examined. Prerequisite: PSY 101.

**ABS 415 Leadership & Ethics in a Changing World** 3 Credits
This course examines leadership and ethics from a broad perspective, and includes an overview of key leadership theories. Students explore leadership characteristics and values as applied to ethical decision-making, and challenges, as well as in regard to their own lives. Also included is an exploration of future leadership trends in a dynamic evolving world.

**ABS 417 Community Organizing & Development** 3 Credits
This course examines methods, techniques, and theories involved in working with people to solve problems in community-based settings.

**ABS 497 Applied Behavioral Sciences Capstone** 3 Credits
This course provides the opportunity for the synthesis and application of content learned throughout the degree program. Students complete a project that demonstrates application of concepts presented throughout the degree coursework. Prerequisite: Successful completion of the General Education Capstone course.

**ACC Accounting**

**ACC 201 Principles of Financial Accounting** 3 Credits
This course is an introduction to financial accounting for non-accounting business majors. Emphasis is on accrual accounting procedures and the development and use of financial statements. Students who successfully complete ACC 201 may waive ACC 205, in approved circumstances.

**ACC 202 Principles of Managerial Accounting** 3 Credits
This course is an introduction to managerial and cost accounting concepts for the non-accounting business major. Emphasis is placed on managerial planning and control, cost behaviors, budgeting, and performance analysis. (Equivalent to ACC 208). Students who successfully complete ACC 202 may waive ACC 206, in approved circumstances.

**ACC 205 Principles of Accounting I** 3 Credits
Introduction to the principles and procedures of general financial accounting with an emphasis on reporting to individuals outside the organization. Development of accounting reports on an accrual basis. Students who successfully complete ACC 205 may waive ACC 201, in approved circumstances.

**ACC 206 Principles of Accounting II** 3 Credits
Primarily covers the principles of managerial accounting. Emphasis on reporting to individuals inside the organization. Major concepts include job order costing, process costing, budgets and standards, and statement analysis. Prerequisite: ACC 205. Students who successfully complete ACC 206 may waive ACC 202, in approved circumstances.

**ACC 281 Accounting Concepts for Health Care Professionals** 3 Credits
This course is designed as an applied managerial and financial accounting course, designed to provide health care decision-makers with fundamental concepts of health care accounting practices and procedures. Prerequisites: Successful completion of Quantitative Reasoning Core competency and Digital Literacy competency.

**ACC 305 Intermediate Accounting I** 3 Credits

**ACC 306 Intermediate Accounting II** 3 Credits
A continuation of ACC 305. Covers the rest of the balance sheet: current liabilities, long-term liabilities, leases, pensions, and contributed capital retained earnings. Other topics include non-operating income, earnings per share, statement of changes in financial position, and impact of changing prices. Prerequisite: ACC 305.

**ACC 308 Accounting Information Systems** 3 Credits
This course serves to advance the knowledge of computerized accounting for service and merchandising businesses, the underlying differences between manual and computerized accounting, and build students’ understanding of the accounting cycle and business processes including bookkeeping, invoicing, billing, and business trends.

**ACC 310 Cost Accounting I** 3 Credits
Covers traditional “cost” concepts: factory overhead, cost accumulation, job order cost system, process cost system, joint product and byproduct costing, standard costs and variances. Prerequisite: ACC 206.

**ACC 380 Accounting for Not-for-Profit Organizations** 3 Credits
Examines the differences in accounting between not-for-profit and for-profit organizations. Accounting for funds including general funds, special revenue funds, capital projects funds, debts service funds,
special assessment funds, internal service funds, enterprise funds, fiduciary funds, the general fixed asset group of accounts, and the general long-term debt group of accounts. Prerequisite: ACC 206.

ACC 401 Federal Income Taxes I 3 Credits
A study of federal income tax laws and their application to individuals, partnerships, and corporations. Prerequisite: ACC 205.

ACC 407 Advanced Accounting 3 Credits
Primarily a course dealing with combined business entities. Topics include mergers, acquisitions and combinations, consolidated financial statements, intercompany profit, changes in equity, international operations, and partnerships. Prerequisite: ACC 306 and ACC 310.

ACC 410 Auditing 3 Credits
Principles, procedures, and standards of public accounting. Emphasis on auditor’s working papers and submission of audit statements. Prerequisites: ACC 306 and ACC 310 and successful completion of the General Education Capstone course.

ACC 610 Advanced Federal Taxation 3 Credits
This course explores advanced managerial and cost accounting topics as they relate to problem-solving skills for managers. Topics include activity-based costing, activity-based management, cost of quality, theory of constraints related to capacity planning and new emerging practices that support management decision-making.

ACC 611 Advanced Tax Research 3 Credits
This course is designed with an emphasis on developing research skills related to complex tax issues. The focus is on interpretation of tax law and finding support for various positions on difficult tax issues related to a variety of business, personal, and estate tax issues.

ACC 612 Advanced Financial Accounting 3 Credits
This course expands on the basic financial reporting concept with a focus on business combination reporting for corporations and partnerships, foreign currency transaction reporting and financial statement translation, and financial statement note disclosure.

ACC 614 Auditing & Fraud Detection 3 Credits
This course will cover the components of the auditing process with a strong emphasis on planning, risk assessment, and gathering audit evidence. The course will provide a foundation in the fundamentals of assurance, attestation, and auditing.

ACC 615 Current Issues in Advanced Taxation 3 Credits
This course is designed to focus on selected taxation issues relevant to today’s economic climate. Topics will vary based on changing tax law and current political climate with an emphasis on interpretation of new tax regulations and pronouncements.

ACC 616 Forensic Accounting 3 Credits
This course will cover the basic concepts of forensic accounting including identifying, detecting, and preventing fraud. There will be an emphasis on investigating documentary evidence, interviewing witnesses and potential suspects, writing investigative reports, and testifying to findings.

ACC 617 Current Issues in Advanced Auditing 3 Credits
This course will examine current and advanced issues affecting the auditing profession. Topics will include the study of audit risk, corporate governance, audit planning and execution, special reports, and assurance engagements.

ACC 618 Professional Ethics for the Accountant 3 Credits
This course will provide an understanding of the ethics and code of professional conduct provided by the American Institute of Certified Public Accountants (AICPA). In addition, ethic guidelines and codes of conduct endorsed by other professional accounting organizations such as the Institute of Managerial Accountants will be introduced.

ACC 622 Accounting Information Systems 3 Credits
This course will include a review of accounting information systems application controls and internal controls. Topics include hardware and software concepts, application internal controls, internal control procedures, integrated audit software, generalized general ledger software, Sarbanes-Oxley (SOX) internal control requirements, and required company and audit documentation.

ACC 623 Advanced Topics in Excel & Access 3 Credits
This course utilizes the Microsoft Access database management system and Excel spreadsheet tools to build the accounting system elements for each of the four main transaction cycles: revenue, purchase, payroll, and production. Access topics include creating and maintaining tables; designing, maintaining and querying a database; creating forms and reports; and using VBA procedures on a database. Excel topics include the use of functions and formulas of Excel with emphasis on accounting as a financial analysis tool.

ACC 624 Current Issues in Accounting Information Systems 3 Credits
This advanced course provides an in-depth study of Accounting Information System concepts including business intelligence solutions, computerized accounting, enterprise resource planning, information technology strategy, data integrity, security techniques, user interface design, and internal controls. Emphasis is placed on understanding how accounting information systems can ensure the accuracy and reliability of financial information and aid in the decision-making process of an organization.

ACC 626 Accounting in a Global Environment 3 Credits
This course will include the study of an entity reported as either a multinational company or an entity whose reporting obligations to stakeholders are located in a country other than that of the reporting entity. Conceptual and practical applications of accounting are investigated from a global perspective. Special emphasis is placed on managing multinational enterprises with respect to how accounting applies to global strategies and the key accounting issues that influence multinational decision-making. In addition, a detailed investigation on the convergence of U.S. Generally Accepted Accounting Principles (GAAP) and International Financial Reporting Standards (IFRS) is covered in this course. Also discussed are the effects of financial reporting, international taxation, and international financial statement analysis on a multinational reporting entity.

ACC 630 Advanced Government & Non-Profit Accounting 3 Credits
This course introduces specialized accounting principles applicable to state and local governments and other non-profit organizations. Emphasis will be on fund accounting, and students will gain an understanding of the differences between private and public sector accounting.

ACC 640 Advanced Managerial & Cost Accounting 3 Credits
This course explores advanced managerial and cost accounting topics as they relate to problem-solving skills for managers. Topics include activity-based costing, activity-based management, cost of quality, theory of constraints related to capacity planning, and new emerging practices that support management decision-making.

ACC 695 Accounting Capstone 3 Credits
This course is designed to bring together knowledge gained from the previous program courses and allow the student to demonstrate how the various components of an accounting system work together. Broadly, the course encompasses complex accounting concepts, financial statement reporting, taxes, risks, information systems, auditing, business law, and ethics.

ACC 696 Tax Capstone 3 Credits
This capstone course will integrate the knowledge learned from prior courses using comprehensive business/individual taxation problems. The course will examine principles and policies that underlie the tax systems and rules. Students will research complicated tax issues involving a variety of tax topics, including businesses, financial tax
planning, estates, and wills. The culmination of the course involves a
complex comprehensive tax research case.

**ACC 697 Audit Capstone**  3 Credits
This course is designed to bring together knowledge gained from the
previous program courses. Broadly, the course emphasizes complex 
auditing concepts and will also encompass accounting concepts, 
financial statement reporting, taxes, risks, information systems, business law, and ethics.

**ACC 698 Accounting Information Systems Capstone**  3 Credits
This course requires students to use all of the skills and knowledge gained during completion of the program by applying them to
temporary information systems issues and problems facing the profession. Students will be required to apply accounting information 
systems to complex areas of accounting and taxation. The course 
emphasizes both the practical and ethical issues of the practice of
accounting.

**ANT Anthropology**

**ANT 101 Introduction to Cultural Anthropology**  3 Credits
Students explore culture in its role of guiding human behavior and
providing social order, structure, and stability for individuals and 
groups of people. Culture is presented as a system of adaptation 
involving beliefs, behavior, language, customs, socio/political 
strategies, traditions, and technology that evolve over time. 
Recommended prerequisite: ENG 122.

**ANT 202 Human Origins & Prehistory**  4 Credits
This course will introduce students to the anthropological study of 
human evolution and prehistory. Students will be introduced to the 
theory of natural selection and to humanity as a member of the primate 
order. Topics covered will be the human ancestors, the Neolithic 
revolution, and how humans both differ and are similar to other 
primates. Prerequisite: Written Communication Competency and ANT 
101 or Intercultural & Global Awareness.

**ANT 234 Family, Kin, & Groups**  3 Credits
The course explores kinship systems, ethnicity, neighborhood and other 
social arrangements in various cultural settings through the reading of 
selected ethnographic materials. Students will study the kinship on a 
cross-cultural and worldwide basis, beginning with immediate social 
ties in familial contexts to broad connotations in ethnic, national, and 
universal domains. Prerequisite: Written Communication Competency 
and ANT 101 or Intercultural & Global Awareness.

**ANT 307 Anthropology of War**  3 Credits
An examination of the nature of war, primarily as it occurs in pre-
industrial societies, and a survey of the anthropological explanations 
regarding this phenomenon. Emphasis is on understanding the 
complexity, variability, and cultural embeddedness of war as it occurs 
among the world. Prerequisite: Written Communication Competency 
and ANT 101 or Intercultural & Global Awareness.

**ANT 315 Material Culture: Archaeology and the 
Human Condition**  3 Credits
This course examines the anthropological sub-discipline of archaeology, 
the study of the human past, looking specifically at the theories and 
methods used by archaeologists. Students will learn how archaeologists 
gather and use data, and how this information is relevant to 
contemporary society. Students will explore the history and background 
of archaeology, as well as how archaeologists approach such topics as 
the origins of inequality, gender roles, complex societies, and ethical 
isues such as who owns the past. Prerequisite: ANT 202.

**ANT 340 Anthropological Theory**  3 Credits
This course explores anthropological theory in a historical perspective 
focusing on the rise of a distinct anthropological perspective on the 
comparative study of human societies and cultures. The course will 
detail various theoretical models developed in the 19th and 20th 
centuries to explain the similarities and differences in cultural systems.

**ANT 343 Language, Culture, & Communication**  3 Credits
This course is an introduction to the study of the relationship of 
language and culture, including examination of the characteristics and 
structural principles of natural language. After exploring the basic 
characteristics of sound, word formation, and sentence structure, these 
principles are applied to such topics as language variation, language 
change, psycholinguistics, and pragmatics. Prerequisite: Written Communication Competency and ANT 101 or Intercultural & Global Awareness.

**ANT 348 Native American Anthropology**  3 Credits
This course examines the nature and distribution of North American 
Indian cultures from the pre-Columbian period to the present. Through 
the use of archeological, anthropological, and contemporary community 
studies, this course will explore the diversity of traditional North 
American Indian and Inuit cultures and the adaptation of indigenous 
peoples to America. Prerequisite: Written Communication Competency 
and ANT 101 or Intercultural & Global Awareness.

**ANT 351 Anthropology of Religion, Magic, & Ritual**  3 Credits
This course examines the nature of religious belief systems, myth and 
r ritual, witchcraft, and magic and sorcery in various societies of the 
world. These behavioral and symbolic forms exist or have existed in 
virtually all human societies and cultures. In this course, students will 
study many different belief systems, define these entities, and develop 
an understanding of how they work in societies. The differences among 
traditions in nation states on cultures and political systems will be 
explored. Prerequisite: Written Communication Competency and ANT 
101 or Intercultural & Global Awareness.

**ANT 353 Anthropology of Gender**  3 Credits
This course examines cross-cultural analysis of gender roles while 
focusing on non-Western societies, using data from other societies to 
better understand the gender system of our own culture. Issues include 
status of women and men, the meaning of “femaleness” and “maleness” 
historically and in contemporary society. Gender roles, transnational 
migrations, social movements, international relations, and religion are 
examined. Prerequisite: Written Communication Core Competency and 
ANT 101 or Global Awareness Competency Requirement.

**ANT 462 Anthropological Research Methods**  3 Credits
The course introduces students to qualitative research methods. 
Students will learn techniques such as participant observation, informal and formal interviewing, and archival research and explore the 
connection between theory and methodology. The perspective guiding 
the course is qualitative research as an empirical, rigorous approach that 
analyzes and interprets social and cultural aspects of human life. 
Prerequisite: All 300-level courses required for major and successful 
completion of the General Education Capstone course. Recommended Prerequisite: Senior Level Status.

**ANT 499 Ethnographic Study Capstone**  3 Credits
This course will provide an opportunity for students to engage in a 
qualitative research project to practice the skills and concepts acquired 
throughout their programs. Particularly attentive to the problems of 
conducting ethnographic research in a changing world characterized by 
transnational ties, the course is meant to form the capstone experience 
for anthropology and social science majors. Prerequisite: ANT 462, no 
more than 12 additional credits required before graduation, and 
successful completion of the General Education Capstone course.

**ART Art**

**ART 101 Art Appreciation**  3 Credits
A survey course providing an overview of the history of Western Art 
and the principles of art as they relate to society. Students are 
encouraged to discover personal interests through their own research on 
historical or contemporary styles and themes in art.
BUS Business

BUS 119 Principles of Personal & Organizational Leadership 3 Credits
This is a leadership skills development course. This course provides an overview and introduction to leadership principles and leadership applications in various organizational settings. It examines the concept of leadership, leadership styles, traits, and types, and the evolution of leadership behaviors observed during recent generations.

BUS 201 Principles of Management 3 Credits
This course is an introduction to the nature and problems of management and organizations, leadership, and control. The relationships between the needs of the individual, the organization, and society are examined. (Equivalent to MGT 330.)

BUS 215 Personal Financial Management 3 Credits
This course provides an introduction to the field of personal financial management and planning, focusing on the tools individuals and families employ to manage their financial affairs.

BUS 226 Introduction to Personnel Administration 3 Credits
This course examines relationships and issues in personnel administration within a broad range of organizations. Students study personnel management, organizational development, recruitment and selection, performance management systems, discipline, and collective bargaining.

BUS 235 Introduction to Marketing 3 Credits
This course is an introduction to marketing principles, concepts, and theories that define the marketing discipline. Basic marketing strategies relating to product, price, promotion and distribution, cultural trends, societal behavior, technology, and legal environments that influence effective marketing decisions are examined.

BUS 250 Corporate & Social Responsibility 3 Credits
This course explores philosophic perspectives for understanding the meaning of corporate responsibility in society, and considers the leadership roles of managers in implementing corporate and social responsibilities. Topics include uses of power, government regulations, environmental issues, employee rights and responsibilities, consumer protection, and ethical integrity.

BUS 303 Human Resource Management 3 Credits
An introduction to the field of human resource management. Topics to be discussed include communication, motivation, and management of personnel. The course will include a review of current standards and practices as well as the legal environment as it pertains to the human resource field. (Equivalent to MGT 445.)

BUS 307 Operations Management & Quantitative Techniques 3 Credits
A survey of relevant quantitative techniques commonly used in accounting, business, and information systems. Topics will vary, but, typically, elementary probability theory and applications, decision theory, and linear programming are included. Prerequisite: Fulfillment of Quantitative Reasoning Core Competency.

BUS 308 Statistics for Managers 3 Credits
This course examines the application of statistical analysis, hypothesis testing, and regression analysis in business decision-making. Additionally, the course focuses on the utilization of statistical methods as applied to business problems and operations. Prerequisite: Fulfillment of Quantitative Reasoning Core Competency.

BUS 311 Business Law I 3 Credits
Introduction to the legal environment of business in the United States. Examination of the Constitution, administrative law, contracts, agency, and the protection of competition, consumers, employees, investors, the environment, and international trade.

BUS 317 Introduction to Advertising 3 Credits
This course is designed to introduce students to the field of advertising as a promotional force with emphasis on institutions, planning, strategic practices, and tactical decisions made by advertising executives. It will also explore the various career opportunities including account executive, media buying, copywriting, production, and research.

BUS 318 Organizational Behavior 3 Credits
This course is designed to develop the student’s skills in the understanding of factors that affect how individuals and groups act and interact with one another and with management. It also looks at how organizations manage their internal environment with the aim of improving productivity, efficiency, and communications among members. Prerequisite: BUS 201 or MGT 330.

BUS 319 The Social Responsibility of Organization 3 Credits
The course is designed to provide students with insights into the complex environment that organizations of any size operate. Organizational leaders’ and organizational members’ responsibility to use ethical thinking to balance stakeholder interests with organizational duty are examined. Modern managers and leaders face increasing demands in local, regional, national and global environments with competing value expectations. The values and beliefs of organizational members fundamentally impact the success of the organization. In this course, students will gain appreciation for and understanding of social responsibility of the organization under such conditions. Prerequisites: ENG 121 and ENG 122.

BUS 323 Risk Management & Insurance 3 Credits
In this course, students study identification and quantification of risk, the span of methods of handling risk, and common contracts for managing risk. Common commercial/industrial situations and personal risk management situations are addressed.

BUS 330 Principles of Marketing 3 Credits
The methods used by producers of goods and services to determine and satisfy the wants of society. An examination of external and internal environments that impact marketing decisions, the basic elements of a marketing program, and issues in ethics and social responsibility. (Equivalent to MGT 350.)

BUS 336 Marketing Strategy 3 Credits
The objective of this course is to advance the students’ ability to develop, implement, and critically evaluate the marketing strategy for a product or service. It will provide the conceptual frameworks and hone the analytical and creative skills that are necessary to define and develop superior value, persuasively communicate that value, profitably deliver it to a carefully selected target market, and sustain both the value and the profitability in the face of ever-changing customer needs and competitive offerings.

BUS 337 Principles of Retail Management 3 Credits
Principles and practices used in management of retail businesses. The course covers topics such as site selection, layout, organization, staffing, positioning, customer service, promotional techniques, and all aspects of the critical buying function.

BUS 339 Marketing Research 3 Credits
Study and analysis of the marketing information system. Includes the organizational characteristics of marketing research, basic tools and procedures, and management science applications.

BUS 340 Business Communications 3 Credits
Every aspect of contemporary business communications — from determining what information to communicate to processing information and sharing it — depends on technology. Students will learn to compose, format, and manage business letters, memos, reports, email, and resumes. Students will use software to access information and to evaluate the quality of the information they receive. Students will create electronic presentations to communicate information.

BUS 342 Financial Planning & Practice 3 Credits
This course is a study of the various aspects of family financial planning from the perspective of the financial planning professional. It introduces
BUS 343 International Marketing 3 Credits
Examination of cultural, economic, and political factors that affect marketing of goods and services worldwide. Emphasis is on adapting the marketing strategies of domestic marketers to international operations and the institutional structure that exists in international markets. Marketing strategies of firms operation within these markets are also examined.

BUS 350 Consumer Behavior 3 Credits
This course illustrates the psychological, socio-cultural, and decision-making aspects of consumer behavior. Students study behavioral concepts, motivation, and the role of consumer behavior in our society.

BUS 351 Integrated Marketing Communications 3 Credits
This course is designed to reinforce the concept of integrated marketing communications (IMC). It aims to increase students' understanding of the planning, implementation and evaluation process of an IMC campaign. Particular emphasis is on the integration of key elements of the marketing communication mix (e.g., advertising, promotion, direct marketing, interactive marketing, PR and publicity, etc.). Students will also learn how different types of media are employed in IMC.

BUS 352 e-Business 3 Credits
An introduction to the fundamental concepts used in e-business and e-commerce. This course identifies and describes the wide range of applications in business. It explains what the Internet is and how it can be used for business applications in a competitive environment. Through Internet labs, this course will compare various Web strategies of current businesses. Students need to be proficient in using the Internet to find information.

BUS 353 International Business 3 Credits
Students examine functional areas of business from an international perspective. The importance of differing cultural and political assumptions in business is also addressed. (Equivalent to BUS 403.)

BUS 362 Introduction to Entrepreneurship 3 Credits
This course introduces students to the opportunities and challenges associated with the creation and management of entrepreneurial organizations. The course focuses on the issues associated with starting and managing a new venture including recognizing opportunity, basic business planning, essential human resources management, introductory marketing, legal issues, location selection, funding, buying a business as well as discussing various exit strategies.

BUS 365 Creativity & Innovation 3 Credits
This course focuses on creativity and innovation as a process in organizations. The course also examines how individuals can be innovative in organizations and the challenges of building innovative organizations. Prerequisite: BUS 362.

BUS 368 Venture Capital & Banking 3 Credits
This course examines financing the start-up of a new venture, from bootstrapping with personal resources or bank debt to equity investment by angel investors or venture capitalists. The course also covers the four main aspects of venture capital: valuation, deal structuring, governance, and harvesting. Prerequisite: BUS 362.

BUS 370 Organizational Development 3 Credits
The course overviews how, why, and when to integrate the behavioral sciences with human resources management principles to increase individual and organizational effectiveness. Students will also be introduced to many types of interpersonal, intra-group, inter-group, and organizational interventions that are used to effect comprehensive and lasting changes. Prerequisite: BUS 201, MGT 330 or HCA 459.

BUS 372 Employee & Labor Relations 3 Credits
The course provides students with both the common and complex issues related to human behavior in the workplace as it relates to employee relations, and an examination of relationships among unions, workers, management, laws and government regulation. Prerequisite: BUS 303.

BUS 375 Employee Training 3 Credits
This course provides essential managerial-level comprehension of training theory and its practical applications in the business and management environment. Students learn the functions and duties of training: trainer/developer, the identification and assessment of training needs, program design and development, selection of delivery methods and means of instruction, the implementation of training programs, and evaluation. Prerequisite: BUS 303.

BUS 378 International Business Law 3 Credits
This course focuses on the legal environment associated with international commercial transactions, including an analysis of major Western and non-Western legal traditions and the supranational law of the European Community, a detailed analysis of the negotiation, formation, enforcement, and financing of international sales contracts, an analysis of international trade regulation, analysis of methods of regulating global competition, and the protection of business property rights in international transactions.

BUS 401 Principles of Finance 3 Credits
Basic corporate finance is presented with the emphasis on risk and return, bond and equity markets, valuation of bonds and equities, present value analysis, internal rate of return analysis, and project analysis using the weighted average cost of capital. Prerequisites: ACC 205 or ACC 208 or ACC 281 and fulfillment of the Quantitative Reasoning Core Competency. (Equivalent to BUS 320.)

BUS 402 Strategic Management & Business Policy 3 Credits
A case-based course that discusses the set of managerial decisions and actions that determine the long-run performance of a company. The course includes environmental scanning, strategy formulation, strategy implementation, and evaluation and control. Prerequisites: BUS 201 or MGT 330, ACC 205, and ECO 203 or ECO 204 and successful completion of the General Education Capstone course.

BUS 405 Principles of Investments 3 Credits
The study and analysis of securities and other forms of investments. Emphasis is on investment principles from the manager's point of view. Prerequisite: BUS 401.

BUS 410 Digital Marketing Essentials 3 Credits
This course is designed to provide the theoretical understanding of the internet marketplace necessary to adapt to its many changes, while also equipping the students with the skills they will need to perform vital functions of internet marketing.

BUS 411 PR/Marketing Capstone 3 Credits
This course is designed to bring together the knowledge gained through the entire program and permits the student to demonstrate mastery in the various course competencies. Students are expected to apply and integrate a variety of skills, tools, and knowledge to assess real-world problems offering realistic solutions. Students will analyze, design, implement, and document an appropriate solution for a capstone project. The project should exemplify the student's ability to apply program outcomes. Prerequisite: Successful completion of the General Education Capstone course.

BUS 427 Sustainable Business Practices 3 Credits
Using readings and cases, students examine business strategies in response to and anticipation of opportunities resulting from shifting economic, political, and environmental conditions including social change, market failures, or interruption of business operations. Compliance and risk management strategies will be emphasized while emphasis focuses on business innovation and business sustainability.

BUS 430 Finance Seminar 3 Credits
Using readings and case studies, students gain understanding the types
of analysis performed and decisions made by the financial managers of corporations, focusing on valuation concepts and managing for value. Students also explore specific financing and investing decisions made by the firm’s management to mitigate corporate risk using insurance and financial derivatives; valuation of real options; real estate investment decision; issues and methods of corporate financial management in an international environment. Prerequisite: BUS 405.

BUS 433 New Business Strategy 3 Credits
This course is intended to provide prospective entrepreneurs with information and tools for evaluating opportunities for starting a new firm—how to choose markets for entry, when to enter, and what resources and capabilities it will take to enter and provide a platform for future growth. Prerequisite: BUS 362.

BUS 434 Compensation & Benefits Management 3 Credits
This course reviews the fundamentals of wage and salary programs, including conducting salary surveys, defining compensable factors, adjusting pay structures, evaluating pay differentials, and relating pay to performance. Benefit programs and related employee incentive and service programs are also covered. Prerequisite: BUS 303.

BUS 435 Small Business Ventures 3 Credits
This course explores the strategic planning, operating, financing, legal, career and other business issues found in launching a small business or operating family-owned and managed companies or privately-held firms. Other course topics include the challenge of identifying viable business opportunities, gaining the appropriate business skills and tools to be successful, and defining the capital requirements to operate the business. Prerequisite: BUS 362.

BUS 437 Business Plan Development 3 Credits
This course gives students the opportunity to study the elements of a successful business plan and to put that knowledge to work in creating a comprehensive business plan for a new venture. Prerequisites: BUS 362 and successful completion of the General Education Capstone course.

BUS 439 International Human Resources Management 3 Credits
In this course, students will examine human resources practices in an international business environment. The course also addresses HR strategies and practices to increase organizational effectiveness and efficiency as well as international compliance problems faced by HR professionals.

BUS 441 Retail Pricing Management 3 Credits
The purpose of this course is to provide an in-depth understanding of the issues and considerations in the pricing of retail products, illustrate the role of pricing and product management in achieving strategic retail business goals, and demonstrate the link between pricing and product management within the context of the marketing mix within the marketing management process. Prerequisites: ECO 204 and SRV 340.

BUS 442 Retail Merchandising 3 Credits
This course addresses the central issues of retailing business while emphasizing issues related to channel options available to the final consumer. The course features concepts applied to both store based (e.g., specialty store, department store, multi-unit retail) and non-store based (e.g., Internet and catalog) retailing channels.

BUS 445 Total Quality Management 3 Credits
This course presents quality procedures and concepts for enhancing goods, services and the entire business environment. Students learn various methods of process control and acceptance sampling, including using control charts and sampling plans. Quality planning, assurance and control are covered as parts of a total quality system. Probability and statistical concepts are further explored as related to process control.

BUS 446 Production Operations Control 3 Credits
Students analyze production control requirements as applied to both "push" and "pull" production environments. Students will gain an understanding of the ideologies related to forecasting, planning, scheduling, and managing operations with regard to the important relationship between the supply chain and production control. Students further learn to capture data to produce goods and services.

BUS 450 International Finance 3 Credits
An examination of the international aspects of corporate finance and investing, the course covers balance of payments, foreign exchange with emphasis on exchange rate determination, exchange risk, hedging, and interest arbitrage, international money and capital markets, international financing, and international banking.

BUS 455 Internet & Social Media Marketing 3 Credits
This course is an introduction to the use of the internet and social media applications as part of an integrated marketing strategy. Students will be exposed to a variety of alternative media as well as other online marketing tools and strategies. The course will also evaluate how these tools fit into the marketing theoretical framework. Prerequisite: BUS 330.

BUS 458 Consumer & Family Finance Capstone 3 Credits
This course provides a link between the traditional advisement services (finance, investment, tax, insurance, retirement planning, trust planning) and the client’s life plan to manage financial affairs. As a final exercise, students complete a model financial plan for a mock client. Prerequisite: Successful completion of the General Education Capstone course.

BUS 461 Decision Modeling & Analysis 3 Credits
An introduction to the application of management science techniques and statistical tools to business decisions. Students will learn the assumptions and techniques necessary to apply and to implement solutions from optimization and other decision science models. The focus of the course will be on problem solving, which includes problem definition, problem analysis, evaluation and choice of alternatives, and implementation and evaluation of the decision. Prerequisites: MGT 330 or BUS 308.

BUS 495 Marketing Capstone Course 3 Credits
This course is designed to bring together marketing knowledge gained throughout the entire program. Students will demonstrate a mastery of marketing components by designing and developing a marketing plan for a product or service. The student will be attentive to domestic and global markets in a sustainable and responsible manner. Prerequisite: Completion of BAM program core courses and successful completion of the General Education Capstone course.

BUS 497 e-Marketing Capstone 3 Credits
This course discusses the elements of a marketing plan as they are applied in an internet marketing situation. Students will create an e-marketing plan, beginning with an environmental scan and progressing through product strategy, channel strategy, and marketing communication. Prerequisite: Successful completion of the General Education Capstone course.

BUS 590 General Cost Accounting 3 Credits
This course covers principles of planning, measuring, recording, and controlling costs in different types of organizations. Key concepts will include cost records, cost behavior and allocation, inventory valuation, product costing, standard costs, responsibility accounting, and cost planning and control. Emphasis is placed on costing analysis, evaluation, and reporting in order to assist management with the decision-making process.

BUS 591 Financial Accounting & Analysis 3 Credits
This course is a study of how the firm’s management captures and uses financial information for reporting and analysis to both internal and external stakeholders. Various course topics include the accounting cycle, sources of the information contained in financial statements, time value of money, ratio analysis, the preparation and analysis of income statements, balance sheets, and statements of cash flows.

BUS 599 Introduction to Quantitative Principles 3 Credits
This course is an overview of the fundamentals of accounting, finance,
and economics. Students will investigate the fundamental principles of accounting through the preparation of financial statements. The basics of managerial finance including the use of net present valuation models, fundamental financial ratio analysis will be examined. Students will also explore modern economic philosophy including an understanding of basic supply and demand, and micro- and macroeconomics systems. Note: This course can be waived if the student has an undergraduate degree in business.

**BUS 600 Management Communications** 3 Credits

This course focuses on the important aspects of starting a new business enterprise with emphasis on the challenges faced by the entrepreneur in initiating a business venture and directing its early development. The course also addresses the process of forming business ventures, the identification and evaluation of new venture opportunities, and the development of appropriate entry strategies.

**BUS 604 New Business Venture Management** 3 Credits

This course provides an overview of current logistics and distribution management; Technology as a supply chain tool; Utilizing the key principles of organizational management. Students will focus on the media approach in an organization and providing an understanding of the dramatic ways in which the field is changing. The emphasis through the text and course is on using account information to help manage an organization. Some topics covered in this course include: cost management, various budgeting theories and techniques, and decision-making processes. Prerequisite: BUS 591 or equivalent.

**BUS 605 Venture Capital & Private Equity** 3 Credits

This course involves in-depth study of specific laws and practices as available and cultures impacted by media will include assessment of the dramatic ways in which the field is changing. The emphasis through the text and course is on using account information to help manage an organization. Some topics covered in this course include: cost management, various budgeting theories and techniques, and decision-making processes. Prerequisite: BUS 591 or equivalent.

**BUS 606 Global Comparative Management** 3 Credits

This course reviews management systems within their political, social, and economic environments with a global perspective. This course also emphasizes the managerial processes in a global business environment and provides a strategic assessment of the fundamental issues involved in the management of multinational corporations. Topics include comparative studies of practices of management in foreign nations and examination of the influences of culture on business operations.

**BUS 607 Business Law for the Accountant** 3 Credits

This course will examine the role of finance and the formation of financial strategies needed to support each phase of the business start-up. Sources of equity and debt capital along with entry strategies such as franchising and acquisition are examined. Alternative working capital, capital structure, and investment strategies unique to the start-up are presented.

**BUS 608 Organizational Behavior** 3 Credits

This course focuses on the important aspects of starting a new business enterprise with emphasis on the challenges faced by the entrepreneur in initiating a business venture and directing its early development. The course also addresses the process of forming business ventures, the identification and evaluation of new venture opportunities, and the development of appropriate entry strategies.

**BUS 609 Project Planning & Management** 3 Credits

This course provides an overview of current logistics and distribution management; Technology as a supply chain tool; Utilizing the key principles of organizational management. Students will focus on the media approach in an organization and providing an understanding of the dramatic ways in which the field is changing. The emphasis through the text and course is on using account information to help manage an organization. Some topics covered in this course include: cost management, various budgeting theories and techniques, and decision-making processes. Prerequisite: BUS 591 or equivalent.

**BUS 610 Organizational Behavior** 3 Credits

This course focuses on the important aspects of starting a new business enterprise with emphasis on the challenges faced by the entrepreneur in initiating a business venture and directing its early development. The course also addresses the process of forming business ventures, the identification and evaluation of new venture opportunities, and the development of appropriate entry strategies.

**BUS 611 Advanced Project Procurement** 3 Credits

This course focuses on the important aspects of starting a new business enterprise with emphasis on the challenges faced by the entrepreneur in initiating a business venture and directing its early development. The course also addresses the process of forming business ventures, the identification and evaluation of new venture opportunities, and the development of appropriate entry strategies.
BUS 642 Business Research Methods & Tools 3 Credits
This course examines the use of quantitative techniques business decision-making. Using spreadsheet software, the course addresses managerial problem solving through the use descriptive statistics, hypothesis testing, and correlation and regression (single and multiple) analysis. This course also provides a graduate foundation for conducting business research. Topic coverage includes: research methodology, literature review, hypothesis generation, data collection and summary techniques. Additional coverage includes study of qualitative and quantitative data as well as reviewing conceptual versus empirical research studies. Prerequisite: MAT 540 or equivalent.

BUS 644 Operations Management 3 Credits
This course focuses on the principles associated with the effective design, implementation and management of organizational processes and systems. With an emphasis on efficiency, course coverage includes: systems design for products and services, inventory management systems, distribution and supply chain management.

BUS 650 Managerial Finance 3 Credits
This course studies the role and major functions of corporate finance within the organization. Upon developing an understanding of the theoretical foundation of corporate finance, students will use financial tools in an applied case and problem format. Topics covered include: net present value analysis (time value of money), risk assessment, security valuation, decisions on capital structure and allocation, and the weighted average cost of capital. Prerequisite: BUS 591 or equivalent.

BUS 655 Financial Investment Management 3 Credits
The central focus of this course is to develop an understanding of how security markets function, factors that influence security valuation, differentiating between various investment types and understanding investment risk and return principles. This course covers security markets operations, investment information, portfolio asset allocation; financial environment analysis; and evaluation of equity and fixed income securities.

BUS 657 Corporate Managerial Finance 3 Credits
This course introduces the financial theory and practices firm managers use to attain their goal of maximizing corporate shareholder wealth. Topics covered are: analysis techniques of financial statement and cash flows; working capital management and financial forecasting; valuation methods for debt and equity capital; risk and rate of return theory; cost of capital, capital project budgeting decisions and cash flow estimation; optimal capital structure and dividend policy.

BUS 660 Contemporary Issues in Organizational Leadership 3 Credits
This course provides an in-depth examination of the multi-faceted concept of leadership studies by presenting the student with the vocabulary, concepts, theories, and applicable research that are fundamental to the understanding of leadership. The course examines contemporary and historical leadership issues, moral and ethical responsibilities of leadership, and leadership in a variety of contexts. Leadership as a social and political influence process is examined.

BUS 661 Leading Organizational Change 3 Credits
This course blends theories of leadership with concepts and models of organizational change. The change process consists of a series of steps that focuses on vision, implementation, change agents, and other internal and external components. The course provides insight into types of changes that impact organizations and possible strategies to effectively address those changes.

BUS 665 Environmental Law & Compliance 3 Credits
This course begins with an analysis of The Solid Waste Disposal Act/Resource Conservation and Recovery Act (RCRA), Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). Further, it will familiarize students with an environmental manager’s duties in permitting, reporting, record keeping and sampling. It emphasizes a systematic approach to identifying obligations with respect to regulated media and developing appropriate responses. Obligations under United States environmental laws, their relationship to state and local laws, and state and local obligations are considered as a model for analysis and response.

BUS 667 Energy, Environment & Economics 3 Credits
This course deals with the linkage of energy, environmental and economic issues. The impact of energy supply and end-use on human well-being and the ecosystem is covered. It also includes a comprehensive approach to the resolution of resource, technical, economic, strategic, environmental, socio- and geopolitical problems of the energy industries. In addition, pathways to a sustainable global energy system are presented.

BUS 668 Macroeconomics of Financial Markets 3 Credits
This course examines the monetary aspects of production, spending, borrowing, and lending decisions, organization, performance and scope of services provided by financial markets and institutions, and the powers of the Federal Reserve System to use monetary policy and limits to credit expansion. The regulatory and globalization aspects and relevance of market behavior to the financial system are also examined.

BUS 669 Managerial Economic Analysis 3 Credits
Managerial economics introduces the basic principles of economic analysis as applied to managerial decisions to determine how an organization can achieve its aims most efficiently. This course applies statistical and quantitative tools and the methodological approaches commonly used by economists to business problems as demand estimation, product pricing, profit maximizing level of output, cost minimizing level of input use, and forecasting.

BUS 670 Legal Environment 3 Credits
This course involves the study of business law, its foundations, and the role it plays in managing a business, with a particular emphasis on the corporate form. Topics of relevance to be explored include the following core concepts: constitutional law, case law, government regulation, ethics, contracts, anti-trust law, securities regulations, employment law, environmental law, and crimes and torts.

BUS 680 Training & Development 3 Credits
This course provides in-depth knowledge of training and performance development concepts essential for line managers or human resource specialists. Beginning with fundamental principles of performance, the course focus is on identifying critical factors in workplace performance and in determining how to analyze the causes of performance problems. Additionally, this course distinguishes between training and development and addresses their complementary functions in the modern organization.

BUS 681 Compensation & Benefits 3 Credits
This course provides in-depth knowledge into compensation theories, policies, systems, and practices, with particular emphasis toward designing effective compensation programs.

BUS 687 MBA Capstone 3 Credits
This course provides a personalized, directed, and experiential learning process that involves practical application of knowledge and skills developed and acquired during the MBA degree program. In this course, students will examine practical application of finance, marketing, human resources management, and information technology. Students are required to conduct research, analysis, and implementation of strategic plans related to business establishment, growth, and longevity. The course provides experience with ethical conduct associated with a socially-responsible business. Prerequisites: Successful completion of MBA program core courses.

BUS 688 Business Strategy: The Sustainable Enterprise 3 Credits
This course integrates environmental management issues with use of strategic planning tools for assessing and responding to the driving forces of the "next" economy: globalization, technology, demographics and the environment. The course examines the challenge of corporations competing in the global economy of the new millennium in...
such a way that will allow the planet to support them indefinitely. Emphasis is on the company’s ability to build and sustain a competitive advantage utilizing traditional management concepts as well as new sustainability practices.

BUS 689 Market Structure & Firm Strategy 3 Credits
This course focuses on the study of markets, laws, and government regulations used to smooth significant market imperfections, especially the problems caused by market structure and market power. The course further examines how firms formulate business strategies and activities to position themselves for profit advantage. This course is cumulative in nature, integrating knowledge and information attained while completing the entire MBA/Business Economics curriculum. In addition, the course project requires the generation and presentation of an industry economic analysis.

BUS 690 Business Strategy 3 Credits
This course explores the formulation, implementation, and evaluation/control of organizational strategic management. In the context of a globally competitive market, students will explore methods of directing an entire organization through applied case analysis. Topics include analysis of competitive position, value creation, development of system-wide goals and objectives, and creation of a strategic plan. This course is cumulative in nature, integrating knowledge and information attained while completing the entire MBA curriculum. Additionally, the course project requires the generation and presentation of an industry analysis.

BUS 691 Strategies in Organizational Leadership 3 Credits
This course builds on leadership, business, and management concepts. This strategy course provides the student with the opportunity to synthesize all prior learning in leadership and related coursework and experiences, both personal and professional. The course expands the leader’s thinking and explores the arena of leadership and how it will impact the future of the individual, the organization, and the world in which we live.

BUS 692 Strategies in Human Resource Management 3 Credits
This course examines how to manage human resources effectively in the dynamic legal, social, and economic environment currently impacting organizations. The course examines human resource management in the current business environment and develops alignment with vision, strategy, organizational values, and HR functions. Emphasis is placed on integrating human resource management with the overall business strategy.

BUS 693 Global Business Strategy 3 Credits
This course builds on the leadership, business, and management concepts while integrating a comprehensive look at strategic planning and management in a global environment. The course is designed to employ case analyses, critical assessments, global market evaluations, and a comprehensive strategic planning project to lead the student to fluency in the global strategic planning process.

BUS 694 Finance Seminar 3 Credits
This course will cover advanced financial topics including: International financial management, corporate risk management, merger and acquisitions, portfolio management theory and real options.

BUS 695 Marketing Seminar 3 Credits
This course builds on the leadership, business, and management concepts contained in the MBA program while introducing the principles and tools for managers to apply in the development, implementation, and review of marketing strategy for organizations. Topics include internal and external environmental analysis; value, competition, and strategic choice; strategic positioning; and implementation and control issues. In addition, the course project requires the generation and presentation of strategic marketing plan.

BUS 696 Strategic Thinking for Entrepreneurs 3 Credits
This course focuses on application of key strategic and managerial approaches necessary for entrepreneurs to implement the strategy for a start up or business takeover enterprise. It examines and discusses how entrepreneurial firms develop and implement innovative business plans, create functional operations, and incorporate technology strategies. Emphasis is placed on the vision of the firm, the strategic planning process, and strategic management. The final component is the generation of a business plan.

BUS 697 Project Management Strategy 3 Credits
This course focuses on application of managerial approaches necessary to align significant projects with organizational strategy. It examines and discusses how firms determine business benefits and project feasibility, report progress, and measure project quality while communicating with key organizational stakeholders. Emphasis is placed on Earned Value Management techniques and achieving project progress and technical performance of the project.

BUS 698 Supply Chain Strategic Management 3 Credits
This course covers the strategic implications of sourcing and supplier relationships in the context of supply chain management. Critical elements including identifying and selecting suppliers, negotiating contract terms and conditions, implementing contracts, and measuring performance in the context of the organization’s strategic plans are covered. Practical examples of sourcing excellence are provided.

BUS 699 Media Strategies & Applications 3 Credits
This course is designed to integrate media management concepts in to a strategic plan. The course is focused on building and implementing the media strategies for an integrated and comprehensive plan that is consistent with an institution’s vision and mission and follows standard strategic planning theory and practice.

CAH Complementary & Alternative Health

CAH 390 Introduction to Chinese Medicine 3 Credits
Introduction to Chinese medicine is the study of the medical system and healing practices traditionally used in China, and more recently, in the United States and other countries. The course endeavors to explore the conceptual framework of Chinese medicine; in particular, from a contextual and historical perspective. Additionally the course will focus on how Chinese Medicine understands the concepts of health and disease, creating context for how health imbalances are understood in the medical system.

CGD Computer Graphic Design

CGD 218 Visual Literacy in Business 3 Credits
This course examines the evolution and trends in digital media utilized in business. Course content and activities focus on message content and creation and the visual principles and theories that shape effective visual communication in the business environment. Legal and ethical issues relating to visual communication will be introduced and incorporated into projects that develop visual literacy and visual problem-solving skills.

CGD 240 Media Writing & Editing 3 Credits
An introduction to the process of writing for varied media. Emphasis is on gathering information, writing styles, editing, and organization of written communication.

CGD 318 Public Relations Practices & Promotional Writing 3 Credits
An introduction to current procedures and duties of public relations personnel will be studied. Students will write news releases, brochures, speeches, reports, memos, scripts, and ad copy using workshop format.

COM Communications

COM 101 Introduction to Communication 3 Credits
This course serves as an introduction to the study of human communication. Students will examine classic and modern views of communication as well as theories and research relating to various sub-disciplines of communication such as interpersonal, group,
organizational, mass and public communication. They will discuss and evaluate these theories and research findings and assess the impact of technology on the communication process. Relationship stages, theories, and contemporary views of “family” are examined, as well as the impact of family, culture, and gender on communication patterns. Types of groups and organizations are identified, as well as concepts of power and interaction in group, organizational, and public settings. Mass communication and its impact on individuals and society will be explored. In this class, students will also have an opportunity to examine the practical implications of these concepts in building their own communication skills as well as future career path.

COM 200 Interpersonal Communication 3 Credits
This course is designed to aid students in understanding the dynamics of interpersonal relationships. Verbal and nonverbal communication patterns between people in personal, social, academic, and professional settings will be examined, and the nature of those interactions will be evaluated using contemporary communication theory. The course will enable students to identify their interpersonal communication behaviors and to more critically evaluate their own oral communication and that of others. A primary goal of the course is to improve the quality of students’ communication in their personal and professional relationships.

COM 223 Persuasion in Communication 3 Credits
Students learn to analyze and evaluate persuasive messages and determine which contribute to effective and non-effective persuasion. Students formulate persuasive arguments and learn to deliver those arguments effectively, in a variety of forms. This course examines the purpose and function of research in supporting elements of persuasion and the need to understand receiver variables.

COM 325 Communication & Conflict 3 Credits
The course provides students with conflict resolution techniques through communication. Students will analyze the purpose of conflict, learn to work with difficult people, and understand communication as a significant factor in the development, management, and resolution of conflict at the interpersonal, small group, organization, and societal levels. Prerequisites: ENG 121 and ENG 122 or equivalents.

COM 340 Technical Writing 3 Credits
This course provides students with technical writing concepts and principles and the skills necessary to compose effective technical documents for a broad range of professions. Emphasis is placed on making complex and technical information understandable to a variety of audiences. Students will explore types of technical documents and the specific techniques applicable to technical writing such as outlines, abstracts, definition, and classification strategies. They will have an opportunity to apply their knowledge by writing a process or mechanism description, a proposal/recommendation report, and a detailed instruction for performing a task or operation.

COM 345 Media Writing for Communication 3 Credits
This course is an introduction to the process of writing for varied media. Emphasis is on gathering information, writing styles, editing, and organization of written communication.

COM 355 Technology & Communication 3 Credits
Students will be introduced to communication fields’ standards related to the design of visual messages and the various software programs within the field. This course will teach students the importance of visual elements in communication, and how to effectively incorporate visual elements into messages for various media platforms.

COM 360 Advanced Communications in Society 3 Credits
This course integrates the use of advanced communication techniques into a variety of contexts shaped by socially and culturally-constructed distinctions between and among individuals and groups. Topics include intercultural, multicultural, international, and inter-gender communications.

COM 370 Intercultural Communication 3 Credits
This course integrates the use of advanced communication techniques into a variety of contexts shaped by socially and culturally constructed distinctions between and among individuals and groups. Topics include intercultural, multicultural, international, and intergender communications.

COM 425 Communication in Organizations 3 Credits
This course investigates the role of communication in creating an effective and ethical organizational environment. Students will be assisted in developing and strengthening such communication skills as self-awareness, intrapersonal efficacy, interpersonal competence, and leadership and team skills.

COM 480 Communication Studies Capstone 3 Credits
This course is a summative compilation of representative work from each course in the program. Students will create an electronic portfolio containing the assignments completed throughout the program to demonstrate professional achievement. Students will complete a comprehensive research project on a selected career field. Prerequisite: Successful completion of the General Education Capstone course.

CPT Computer Technology

CPT 200 Fundamentals of Programming Languages 3 Credits
This course will introduce students to the fundamentals of computer programming. Students will learn fundamentals of computer programming including primitive data types, expressions, control statements, functions, and arrays. Students in this course will be using Python programming language. Python is a widely used high-level, general-purpose, interpreted, dynamic programming language. Prerequisite: INT 100.

CPT 301 Computer Organization & Architecture 3 Credits
This course provides students with an opportunity to form a strong understanding of the design and architecture of modern computers. In this course, students will learn the principles of computer organization and basic architecture concepts, including computer instruction, arithmetic of computers, and memory hierarchy and technologies. Prerequisite: CPT 200.

CPT 304 Operating Systems Theory & Design 3 Credits
This course will introduce students to the fundamental concepts and techniques for Operating Systems Theory and Design. Students will learn the operating system concepts including implementation, processes, deadlocks, communication, multi-processing, multilevel memory management, file systems, protection, resource allocation, and scheduling. This course is designed to provide students an overview of operating systems principles, implementations, and methodologies. Prerequisite: CPT 200.

CPT 307 Data Structures & Algorithm 3 Credits
In this course, students will learn data structure foundations; concepts and features of object-oriented-programming, arrays, stacks, queues, lists; and trees. Students will analyze different sorting and searching algorithms. Emphasis is placed on the appropriate use and choice of standard data structures. Prerequisite: CPT 200.

CPT 310 Database Systems & Management 3 Credits
This course introduces the students to fundamentals of database design, modeling, and relational databases. Students will utilize the concepts to construct and test a database and associated application components. The developments of efficient database application systems require an understanding of fundamentals of database management system. Prerequisite: CPT 307.

CRJ Criminal Justice

CRJ 201 Introduction to Criminal Justice 3 Credits
This course involves an analysis of the criminal justice system focusing on the police, courts, and corrections.
CRJ 301 Juvenile Justice 3 Credits
This course describes prevalent patterns of juvenile delinquency, relates these patterns to theories of child and adolescent development, and examines various theories pertaining to the causes of criminal behavior among juveniles. In addition, the course surveys the roles of police, courts, and delinquency intervention programs in the administration of juvenile justice. Emphasis will be given to strategies of prevention and early intervention.

CRJ 303 Corrections 3 Credits
An analysis of correctional procedures and institutions, especially jails, prisons, parole, and probation is the focus of this course. Other topics include inmate subcultures, rehabilitation, and prisonization.

CRJ 305 Crime Prevention 3 Credits
This course explores strategies of crime prevention including programs designed to reduce opportunities to commit crime, programs to alleviate demoralizing community social and economic conditions that foster criminal behavior, programs to improve police/community cooperation, and programs to educate young people as to likely consequences of criminal behavior.

CRJ 306 Criminal Law & Procedure 3 Credits
A survey of constitutional rights, police compliance to constitutional rights, and constitutional amendments that specifically apply to the individual. The course examines the application of these rights in the enforcement, investigation, and adjudication of specific crimes.

CRJ 308 Psychology of Criminal Behavior 3 Credits
Psychology of Criminal Behavior is an integrated course applying the research and methodology of psychology and sociology to the understanding of criminal conduct. Theories of psychology are explored including biological, developmental, cognitive, social learning, and psychoanalytic. The sociological concepts of social process and structure, social control, and social conflict are introduced.

CRJ 310 Applied Constitutional Issues 3 Credits
This course will introduce students to constitutional rights and issues as they apply to the work of police departments and other law enforcement organizations at the federal, state, and local level. The course will focus on the Bill of Rights, particularly the First, Fourth, Fifth, Sixth, and Eighth Amendments to the Constitution of the United States, as well as the Fourteenth Amendment. The course examines the application of these rights in the enforcement, investigation, and adjudication of crime.

CRJ 311 Forensics 3 Credits
Forensic science applies scientific methodology to crime scene investigation and crime solving. This course analyzes techniques of crime scene investigation and the lawful gathering of evidence. Emphasis is placed upon the Federal Rules of Evidence, including the admissibility of physical evidence at trial, as well as the role of forensic science in the criminal justice system and the identification, collection, and preservation of physical evidence (chain of custody issues).

CRJ 422 Criminal Justice Capstone 3 Credits
Students will review all learning objectives achieved throughout previous coursework and develop a comprehensive, focused study of a modern criminal justice issue while applying solutions and predictions for future trends in criminal and social justice. Successful students will focus on the pragmatic application of principles and theories that guide criminal justice practice in the United States. Prerequisite: Successful completion of the General Education Capstone course.

CRJ 501 Criminal Justice, Criminal Law & the Constitution 3 Credits
This course introduces students to the fundamentals of the criminal justice system, substantive criminal law, and the U.S. Constitution. This course may be waived for students holding undergraduate degrees in criminal justice or having completed certain courses.

CRJ 510 Criminal Justice Policy & Theory 3 Credits
This course provides an extensive analysis of the functions, processes, and structures of the criminal justice system. Principles, doctrines, selected rules of criminal law, and law as social control will be examined.

CRJ 512 Criminological Theory 3 Credits
This course explores classical and contemporary literature in criminology and criminal justice. Both theory and empirical research will be used to examine criminal behavior as well as the structure, function, and interaction of the criminal justice system.

CRJ 514 Constitutional & Judicial Processes 3 Credits
This course examines the structure, functions, and operations of the constitution and judicial processes. The impact of historical and contemporary constitutional issues on the criminal justice process will also be examined.

CRJ 520 Research Methods in Criminal Justice 3 Credits
This course introduces the use of research methods in the study of criminal justice. The focus is on the examination of the issues related to collecting, analyzing, and using data. Students will learn to test hypotheses, draw inferences, and write a research report.

CRJ 522 Psychological Factors in Criminal Justice 3 Credits
This course introduces students to the use of psychological methods and theoretical models in the criminal justice system. Students will examine criminal and police psychology with an overview of forensic psychology.

CRJ 524 Ethics in Criminal Justice 3 Credits
This course examines theoretical and applied criminal justice ethical standards as they relate to criminal justice decision making. Students will evaluate issues concerning discretion, due process, truthfulness, corruption, and discrimination.

CRJ 613 Comparative Criminal Justice Systems 3 Credits
This course provides an international perspective on law enforcement. Students will focus on the phenomena of globalization of criminal activity, major aspects of the legal traditions and criminal justice systems of selected countries, as well as international legal and law enforcement institutions.

CRJ 615 Victimology 3 Credits
This course provides an overview of the principles and concepts of victimology, an analysis of patterns and trends, as well as theoretical reasoning and responses to criminal victimization. Students will examine the consequences suffered by victims as well as the services and resources available to them.

CRJ 620 Organizational Behavior in Law Enforcement & Corrections 3 Credits
This course provides an analysis of the various issues facing criminal justice and correctional organizations in the context of professional practice, including, the theoretical concepts of organizational behavior, management and leadership of human resources, and design and structural processes of such organizations. Included topics are fiscal accountability; personnel deployment; implementation of change, motivation and retention of personnel, the hiring, assignment, and promotion of personnel, organizational communication; professional development, and applicable legal issues as they pertain to agency operations.

CRJ 621 Cybercrime Investigation 3 Credits
This course will introduce students to the methods for investigating internet crime. Students will learn how to gather evidence, build a case against the perpetrator, and manage an Internet crime scene.

CRJ 622 Introduction to Forensic Science 3 Credits
This course will introduce students to the history of forensic science along with current technologies, procedures and methods of laboratory analysis in use today. Topics covered will include recognition, protection, documentation and collection of physical evidence as well as analysis of such physical evidence. Legal recognition of new technologies will also be reviewed.
COURSE DESCRIPTIONS

CRJ 623 Homeland Security 3 Credits
This course introduces the student to the responsibilities and functions across agencies at various jurisdictional levels that have the charge of mitigating hostilities, threats, hazards, and consequences. Additionally, this course will study the methods of the most effective response systems. Students will develop the skills to identify, evaluate, and resolve complex policy issues and initiate practical actions.

CRJ 625 Employment & Policy Law for Law Enforcement & Corrections Administrators 3 Credits
This course explores specialized topics in substantive and procedural law with a special emphasis on employment law, and how these legal issues impact ethics and leadership in criminal justice and correctional organizations. This course is well suited for command-level personnel in response to a variety of potential agency and personal liability issues.

CRJ 626 Computer Forensics 3 Credits
This course will introduce students to the methods for preventing and detecting cybercrime. Students will learn the basics of retrieving and analyzing data from various mediums, such as computers, global positioning systems, or removable storage devices.

CRJ 627 Advanced Forensic Science 3 Credits
This course will review the forensic science subjects covered in CRJ 622 and introduce the student to the scientific techniques used in processing evidence found at investigations and crime scenes. This course is designed to allow the student to complete exercises in the forensic fields most commonly used today.

CRJ 628 Terrorism: Threats & Strategy 3 Credits
This course is designed to provide the student with an understanding of terrorism, both international and domestic. The course will explore the causes and effects of terrorism as they relate to political structures from both religious and historical perspectives; with particular focus on present day impacts.

CRJ 630 Budgeting for Finance Law Enforcement & Corrections Administrators 3 Credits
This course will introduce students to public program budgeting and finance concepts. Special emphasis is given to methods of financing public programs and the preparation and management of budgets for the programs. This course is intended to provide students with an opportunity to learn and practice the technical aspects of program budgeting and finance in the public safety arena.

CRJ 631 Security & Protection for Cybercrime 3 Credits
This course will instruct students of the basic rights of business and individuals who are affected by cybercrime as well as the means to protect them. Students will learn how to protect potential victims whether minors in chat rooms or multinational businesses from cyber criminals.

CRJ 632 Crime Scene Investigation & Management 3 Credits
This course will introduce the student to the forensic techniques utilized in crime scene investigations (CSI). Students will learn how to process and retrieve trace evidence such as DNA and other items of evidentiary value. Student will also learn accepted methodologies employed in contemporary crime scene management. Students will also become familiarized with commonly accepted forensic techniques, contemporary specialized techniques, and judicial expectations and requirements relative to the admittance of evidence collected by forensic crime scene investigators.

CRJ 633 Risk Assessment 3 Credits
This course is intended to provide the student with advanced knowledge and understanding of the area of risk assessment and management. The focus is on the recognition of real and perceived threats, sharing information between communities and agencies, the collaboration of resources, and the management of risk. Students will examine the concepts of risk assessment, risk analysis, and the impacts of actual and suspected threats.

CRJ 697 Capstone: Evaluation & Program Analysis in Criminal Justice 3 Credits
Students will research key concepts, methods, and issues in the field of evaluation research. In addition, students will analyze and develop an evaluation proposal on a discreet topic within the field of criminal justice. The focus will center on needs assessment, impact, monitoring, as well as the application of quantitative and qualitative techniques.

CST Computer Software Technology

CST 301 Software Technology & Design 3 Credits
This course will introduce students to the methods for preventing and detecting cybercrime. Students will learn the basics of retrieving and analyzing data from various mediums, such as computers, global positioning systems, or removable storage devices.

CST 304 Software Requirements & Analysis 3 Credits
The course will discuss concepts for systematically establishing, defining and managing the requirements for a large, complex, changing and software-intensive systems, from technical, organizational and management perspectives. The course will involve building models of both requirements Technology process and requirements Technology product, concerning both functional and non-functional. Prerequisite: CST 301

CST 307 Software Architecture & Design 3 Credits
This course introduces basic concepts and principles about software architecture and design. It starts with discussion on architectural structures and styles, followed by coverage of design issues and design patterns. The emphasis is on the interaction between software design and quality attributes such as availability, performance, security, interoperability, and modifiability. Prerequisite: CST 301

CST 310 Software Development 3 Credits
This course introduces students to modern software development principles and practices. It provides the necessary grounding on the different technologies associated with developing business websites. Students in this course will learn client-side web development (such as HTML5, CSS3, and Bootstrap), as well as server-side web development using PHP programing language. Prerequisite: CST 301

CST 313 Software Testing 3 Credits
This course introduces students to software testing and quality control concepts, principles, and methodologies. The emphasis here is on understanding software testing process, planning, strategy, criteria, and testing methods, as well as software quality assurance concepts & control process. It covers the various subjects, including test models, test design techniques (black box and white-box testing techniques), integration, regression, and system testing methods. Prerequisite: CST 301

CST 316 Information Security Management 3 Credits
This course introduces students to skills, knowledge, techniques, and tools required by information technology security professionals. Topics include application security principles and techniques, network security mechanisms, cryptography, and secure programming techniques including cross site scripting, and SQL injection. Prerequisite: CST 301

CST 499 Capstone for Computer Software Technology 3 Credits
This course will offer an opportunity for students to work on real life problems through an applied project in a teamwork environment. This course will cover the major software development lifecycle phases: software requirements gathering, software architecture & design, software development, software testing, and software project management. Students are required to apply appropriate methodologies to the activities in the aforementioned phases based on the selected topic. Each group of students will report their progress through a
weekly interactive assignment and receive feedback from the instructor. Upon the completion of the course, each group will be required to submit a professional technical report and a working software demonstration. Prerequisite: CST 304, CST 307, CST 310, CST 313, CST 316, GEN 499

CYB Cyber & Data Security Technology

ECD 302 Safe & Healthy Learning Environments 3 Credits
Prerequisite: ECD 201
Students will explain early intervention strategies and services and early intervention. Students will analyze the roles of early educators in creating and maintaining healthy learning environments. In addition, students will apply required codes and configuration management. Students will gain an understanding of the legal and educational basis for early intervention. Subsequently students will describe professional standards and ethics and their relationship to professionalism. Prerequisite: ECD 201.

Finally students will describe resources that support a commitment to environments for children with exceptionalities. Students will apply evidence based instructional methods and strategies to support children with diverse needs. In addition, students will analyze the collaborative models in inclusive settings that support and serve children and their families. Finally students will create a professional- and ethical-based philosophy of inclusion for children with exceptionalities.

ECD 315 Curriculum Planning & Design for Early Learners 3 Credits
This course provides an examination of the essential elements of curriculum planning and design for diverse settings and learners. Students will analyze developmentally appropriate planning, teaching and assessment strategies used with a diverse childhood population. In addition students will assess the role of educators in fostering each child’s development and joy of learning. Finally students will create individualized objectives and design integrated standards based lessons for a diverse childhood population. Prerequisite: ECD 310.

ECD 320 Cognition & Language Development 3 Credits
This course provides students with a foundation of the theoretical frameworks related to cognitive and language development in children from birth to age three. Using this foundation, students will analyze current research and its influence on language acquisition and cognitive development. Additionally, students will explore the relationship between cognitive and language development. Finally, students will prepare an analysis of referral and intervention strategies for students with exceptionalities related to language and cognitive development. Prerequisite: ECD 310.

ECD 330 Ethics and Legal Responsibility in Early Learning Settings 3 Credits
This course provides a comprehensive introduction to special education in early learning settings. Students will examine legislation that impacts current special education practices in early learning settings. In addition, students will analyze the Individuals with Disabilities Education Act (Part C) and identify the components of Individualized Family Service Plans (IFSP). Students will also focus on the process of Individualized Education Plans and how to differentiate placement consideration mandates for diverse learners. Prerequisite: ECD 315 or ECD 320.

ECD 335 Children & Families in a Diverse Society 3 Credits
In this course, students will apply concepts of multicultural education and anti-bias in the context of early learning settings. Students will explain relevant methods in providing culturally responsive learning opportunities as well as analyze misconceptions and stereotypes in early learning and inclusive settings. Finally, students will evaluate the impact of diverse family structures on the development and socialization of children from birth to age 8. Prerequisite: ECD 330.

ECD 340 Language & Literacy Development 3 Credits
This course focuses on language and literacy development in children. In this course, students will examine foundational theories, milestones and research related to the development of language and literacy in young children. Students will promote effective strategies for involving families and explain a variety of assessment tools for language and literacy development. In addition students will develop a theoretical-based philosophy of language and literacy development and examine the influence of linguistic and cultural diversity on the development of language and literacy. Finally, students will design developmentally appropriate standards-based lessons that foster language and literacy development. Prerequisite: ECD 335.

ECD 345 Family Systems and Community Resources 3 Credits
This course provides students with an analysis of theories and approaches for working with children, families, and the community. Students will examine how culture and family structure influences a child’s learning and development. Additionally, students will synthesize how children’s needs are met and supported through the family and community environment as socializing agents. Finally, students will evaluate family and community programs, agencies and resources that support the diverse needs of children. Prerequisite: ECD 335.
ECD 405 Assessment & Intervention 3 Credits
The content in this course will allow students to analyze the purpose of assessment in supporting children across all developmental domains. Using this foundation, students will examine the practical application of assessment tools and utilize assessment strategies to enhance the growth and development of children. Finally, students will synthesize their learning by developing an assessment portfolio that contains intervention strategies for meeting the developmental needs of children. Prerequisite: ECD 340 or ECD 345.

ECD 410 Behavioral Methods & Strategies 3 Credits
In this course students will analyze the major theories of behavior. Students will evaluate effective strategies for both practitioners and families to use to promote optimal behavior in a diverse childhood population. In addition, students will create an environment that is inclusive of different behavioral needs. Finally, students will design an individual behavioral support plan for specific disruptive behaviors. Prerequisite: ECD 405.

ECD 415 Foundations of Play & Learning 3 Credits
This course focuses on play as the primary learning modality for young children. In this course, students will explain the function of play as a teaching and learning tool as well as analyze the role of play as a means of assessment. Students will evaluate the cultural and individual student factors that impact play in diverse settings. Finally students will design appropriate play based activities and formulate a framework of play and learning for working with young children. Prerequisite: ECD 405.

ECE Early Childhood Education

ECE 101 Introduction to Early Childhood Education 3 Credits
This course provides an overview of the field of early childhood education including history, philosophy, advocacy, public policy, issues, trends, and careers.

ECE 201 Introduction to Early Childhood Behavior Management 3 Credits
This course will address age appropriate behavior expectations for classrooms and ideas for supporting student learning. Motivation theory, positive reinforcement and behavior support plans will be covered. Major theories of behavior will be considered as they relate to educational settings.

ECE 203 Introduction to Curriculum & Instruction for the Early Childhood Classroom 3 Credits
Introduction to Curriculum & Instruction for the Early Childhood Classroom examines the relationship between curriculum, instruction, and assessment. This course is designed to provide students with the opportunity to analyze developmentally appropriate practices for early childhood settings, as well as compare the effectiveness of early childhood curricular approaches. In addition, students will apply specific methods for early childhood instruction and assessment. For the final project, students will develop a curriculum unit plan.

ECE 205 Introduction to Child Development 3 Credits
Introduction to Child Development examines the principles of child development from birth to adolescence. The course begins with students describing the major developmental stages, domains and milestones of child development. Students will also explore the biological, environmental, societal, and cultural influences on typical and atypical development. In addition, students will analyze how knowledge of theories, developmental stages, and domains of development support developmentally appropriate practices. Throughout the course students will explore the importance of family involvement and the strategies that foster communication and engagement from families. In addition, the overall responsibilities that early childhood educators have in maintaining an ethical and high quality learning environment will be studied. Finally, using their knowledge of developmentally appropriate practices, students will propose environments that nurture the physical, socio-emotional, language and cognitive growth of every child.

ECE 214 Nutrition & Health of Children & Families 3 Credits
This course provides a study of the health and nutrition needs of children and families.

ECE 311 Early Childhood Curriculum & Methods 3 Credits
This course focuses on curriculum development in early childhood and teaching strategies with a developmentally appropriate approach. Students will prepare curriculum and practice teaching strategies which illustrate the characteristics of play and creativity. The guidance of young children to include behavior management and creating positive learning environments will also be emphasized.

ECE 312 Administration of Early Childhood Education Programs 3 Credits
This course focuses on the development and implementation of early childhood programs for a variety of age groups and purposes. Specifically, curriculum development, materials, teaching strategies, evaluation, budgets, hiring procedures and state guidelines/regulations are addressed as are the skills and competencies to implement the above.

ECE 313 Collaboration with Parents & Community 3 Credits
Factors that promote effective communication and collaboration with parents of babies and preschool-aged children, families and community resources are considered in this course.

ECE 315 Language Development in Young Children 3 Credits
This course provides an introduction to the developmental stages of language acquisition in young children from birth to the age of 6. The focus of the course is on the facilitation of language acquisition in young children.

ECE 332 Child Development 3 Credits
This course provides a basic introduction to the nature of human growth and development as it occurs from conception through early childhood. Students learn about motor, cognitive, social, emotional, moral, aesthetic, and language development in early childhood.

ECE 335 Children’s Literature 3 Credits
Students learn how to select and use children’s books and other media relating to physical, cognitive, emotional, and social development of babies and preschool-aged children.

ECE 341 Social & Emotional Growth of Infants & Toddlers 3 Credits
Social-emotional development including the management of emotions and the ability to establish positive relationships with others will be covered in this course. Students will learn the important elements in a childcare setting that support healthy social, emotional, and behavioral adjustment in infants and toddlers.

ECE 343 Quality Care Environments for Infants & Toddlers 3 Credits
Students will learn both theory and application of why and how to set up, arrange and change early childhood learning environments to effectively meet the developmental needs of very young children. The role of the teacher, the importance of the environment, design principles, health and safety will be covered in this course.

ECE 345 Infant & Toddler Learning & Development 3 Credits
Emphasis will be placed on effective activities and practices to promote language development, cognitive development and motor skill development in young children. Sensory, music and movement development will also be covered in this course. Appropriate behavior teaching and coaching for infants, toddlers and two year olds will be discussed.

ECE 347 Culture, Family & Childcare 3 Credits
This course will increase the students expertise and understanding of all the components that must work together to create an effective childcare setting in which all children can thrive. Elements to be covered in the planning of a childcare environment include discipline and behavior
management as well as consideration of the child’s developmental level, the family and cultural context.

**ECE 351 Play & Learning for the Young Child**  3 Credits
In this course students explore the significant role and impact of play on the development of children. Students will actively participate in discussions and activities related to major theorists, current research on play, the developmental stages of play, cultural influences, and current trends and topic related to play.

**ECE 353 Cognitive Development of Infants & Young Children**  3 Credits
Gain knowledge of cognitive and brain development in children from birth to eight years of age. The variations in rates of cognitive development and the impact on development in other areas will be explored throughout the course. Students will apply this knowledge to designing programs to meet the needs of children with varying needs and abilities.

**ECE 354 Assessment & Intervention During Early Childhood**  3 Credits
Throughout this course, students analyze the purpose of assessment in supporting children across all developmental domains. Using this foundation, students examine the practical application of assessment tools and utilize assessment strategies to enhance the growth and development of children. Finally, students synthesize their learning by developing an assessment portfolio that contains intervention strategies for meeting the developmental needs of children.

**ECE 355 Understanding Behavior & Family Dynamics**  3 Credits
This course explores developmental theory and the relationship to the socialization and education of young children in child rearing, caring, and education. Special emphasis will be placed upon exploring how the child is viewed in the context of his or her family and the community at large.

**ECE 405 Children & Families in a Diverse Society**  3 Credits
This course will provide a clear and practical introduction to multicultural and anti-bias issues, and aid students in developing culturally relevant methods in working with children and families in early childhood settings.

**ECE 430 Early Childhood Education Capstone**  3 Credits
This is the capstone course for the Early Childhood Education and the Early Childhood Education Administration Major, to be taken at the completion of all the classes required within the major. This course provides students with the opportunity to integrate and apply their learning from the course of study for Early Childhood Education in a comprehensive manner. Students will reflect on the courses taken and develop an understanding of the knowledge, skills, dispositions, and standards expected of early childhood education professionals and innovative leaders in the field. Further, this course will introduce several programmatic themes—social justice, 21st century teaching and learning, and leadership—to inspire students to be active early childhood advocates for children. Students will also gain insights and understanding related to the academic, personal, and professional expectations of graduate students to support their success in the MAECEL program and in their profession.

**ECE 497 Child Development Capstone**  3 Credits
The capstone course is designed to be taken at the completion of all courses in this area of study. This capstone course will bring together information regarding advocacy and legislation for children and families and ways that this shapes children’s experiences and opportunities. Students will have the opportunity to integrate and apply their learning from the course of study in the Child Development Major in a comprehensive manner. Prerequisite: Successful completion of the General Education Capstone course.

**ECE 600 Leadership, Innovation, and Social Justice in Early Childhood Education**  3 Credits
Students in this course will be introduced to the professional knowledge, skills, dispositions, and standards expected of early childhood education professionals and innovative leaders in the field. Further, this course will introduce several programmatic themes—social justice, 21st century teaching and learning, and leadership—to inspire students to be active early childhood advocates for children. Students will also gain insights and understanding related to the academic, personal, and professional expectations of graduate students to support their success in the MAECEL program and in their profession.

**ECE 601 Introduction to Early Childhood Education**  3 Credits
This course provides an overview of the field of early childhood education including history, philosophy, advocacy, public policy, issues, trends, and careers.

**ECE 605 Children & Families in a Diverse Society**  3 Credits
This course will provide a clear and practical introduction to multicultural and anti-bias issues and will aid students in developing culturally relevant methods in working with children and families in early childhood settings.

**ECE 611 Early Childhood Curriculum & Methods**  3 Credits
This course focuses on curriculum development in early childhood and teaching strategies with a developmentally appropriate approach. Students will prepare curriculum and practice teaching strategies which illustrate the characteristics of play and creativity. The guidance of young children to include behavior management and creating positive learning environments will also be emphasized.

**ECE 612 Administration of Early Childhood Education**  3 Credits
This course focuses on the development and implementation of early childhood programs for a variety of age groups and purposes. Specifically, curriculum development, materials, teaching strategies, evaluation, budgets, hiring procedures and state guidelines/regulations are addressed as are the skills and competencies to implement the above.

**ECE 624 Advanced Topics in Child Development, Learning, and Developmentally Appropriate Practices**  3 Credits
This course examines current issues, trends, theories, and research related to child development and developmentally appropriate practices in the early childhood classroom. Students generate ethical solutions to relevant issues in the field of early childhood education and social justice. Further, students will examine how various leadership models foster professional knowledge and skills within their chosen field of study. Using this information, students design a classroom environment that incorporates evidence-based and developmentally appropriate strategies that promote optimal learning and development in young children. Prerequisite: ECE 600 or EDU 650

**ECE 625 Family & Community Engagement**  3 Credits
This course focuses on factors that promote effective engagement with families of infants, toddlers and preschool-aged children, and the impact of this relationship on young children’s development, learning and behavior. Integration of concepts with best practice in early care and education, as well as family context and community resources are considered in this course.

**ECE 630 Language, Physical & Social Development in Young Children**  3 Credits
This course provides an introduction to the developmental stages of language acquisition, physical and social development in young children from birth to 6. The focus of the course is on the specific developmental milestones in young children.

**ECE 631 Building Family and Community Partnerships**  3 Credits
This course provides opportunities for students to examine partnerships among early childhood professionals, families, and the communities in which they work. Throughout the course, students evaluate how their daily instructional practices promote positive outcomes for young children. Students explore the various partnerships necessary in early childhood education and discover how these partnerships can support curriculum, learners’ development, and the learning environment.
Course requirements provide several opportunities for students to examine and discuss the effectiveness of ethical communication and collaboration strategies. Approaching course topics as reflective practitioners, students are able to determine how these specific partnerships fit into their future roles. Prerequisite: ECE 600 or EDU 650.

ECE 653 Cognitive Development of Infants & Young Children 3 Credits
This course deals with theories regarding cognitive development in children from birth to eight years of age including knowledge resulting from brain research. The relationship between the rate of cognitive development and overall development will be explored throughout the course. Students will apply this knowledge to design programs to meet the needs of children with varying needs and abilities.

ECE 654 Assessment & Intervention in Early Childhood 3 Credits
This course explores the issues around early assessment and intervention with young children. Specific developmental concerns will be identified and intervention programs will be examined.

ECE 655 Assessment to Support Young Children and Families 3 Credits
In this course, students examine the purpose and ethical use of assessment and evaluation strategies, tools, and procedures in early childhood education. In addition, students analyze assessment methods related to developmental concerns and intervention strategies in early childhood settings. Students also evaluate leadership roles and responsibilities in building effective learning environments and programs through assessment partnerships and action research initiatives with families and colleagues. Throughout the course, students learn how to utilize effective assessment strategies to positively influence child development.

ECE 656 Action Research and Inquiry in Education 3 Credits
Students enrolled in this course are introduced to action research and are provided with an explanation of the goals, rationale, and value of action research in the early childhood environment. Students will demonstrate effective use of research sources using digital tools and evaluative methods. They will apply methodologies and use ethics to evaluate various educational theories and research and acquire skills that support best practices. During this course, students will identify a problem, construct an action research proposal, collect and analyze data, and identify implications for future action research while considering their professional and leadership capabilities. Prerequisite: ECE 600, ECE 631, ECE 657

ECE 657 Management and Administration of Early Childhood Programs 3 Credits
This course provides students with an overview of the knowledge and skills necessary to develop and administer an early childhood facility. Students will create a personal definition of leadership and evaluate high-quality early childhood programs that meet the needs of diverse children, families, and communities. In addition, students will develop a strategic plan that meets high-quality and developmentally appropriate aspects of early childhood programs. Students will also examine how early childhood administrators evaluate faculty and staff. Prerequisite: ECE 600 or EDU 650

ECE 658 Advocacy, Policy, and Social Justice in Early Childhood Education 3 Credits
In this course, students will learn about public policy and law as it relates to early childhood education. Students will leverage leadership skills, advocacy skills, and professional knowledge to promote educational transformation, social justice, and positive change in early childhood education. Prerequisite: ECE 671.

ECE 695 Professional and Ethical Leadership in Early Childhood Education - Capstone 3 Credits
The capstone course is the culminating experience for the Master of Arts in Early Childhood Leadership program. In this course, students integrate concepts they have learned through a capstone project designed to propose solutions to complex ethical dilemmas in the field of early childhood. In addition, students critique and showcase their attainment of program learning outcomes through a professional e-portfolio designed for program and professional purposes. Prerequisite: All MAECEL Core course requirements.

ECI Education Curriculum and Instruction
ECI 601 Introduction to Curriculum and Instruction: The Science of Learning and Teaching 3 Credits
This introductory course examines the science of learning and the impact that brain compatible instruction can have on learning. Students in the course analyze how learning theories, practices, and brain research-based strategies can support the development of effective curriculum & instruction and promote student success.

ECI 610 21st Century Curriculum, Standards, & Assessment 3 Credits
This course establishes the relationship between curriculum design and instructional strategies deemed best practices. Students design creative, student-centered, and standards-based learning opportunities incorporating 21st century skills. Participation in this course challenges students to commit to a shift away from educational approaches of the past and embrace proven effective methods to engage diverse learners in a variety of learning environments. Prerequisite: ECI 601.

ECI 615 Intentional Approaches to Intervention 3 Credits
This course is designed to get students thinking about appropriate and intentional interventions to address a variety of challenges faced by learners in the instructional setting. Students apply practical, yet innovative instructional strategies to realistic situations in which interventions are needed to advance learners to the next level of success. A variety of evidence-based curriculum adaptations and interventions are examined with the goal of improved outcomes for learners, schools, districts or organizations. Prerequisite: ECI 601.

ECI 685 Transforming Curriculum and Instruction Through Empowering Leadership 3 Credits
When it comes to school or organizational improvement, leaders play a pivotal role in ensuring that a culture of achievement and growth is shared by all. In this course, students investigate a variety of principles including; growth mindset, transformational leadership, transparency, fostering a culture of continuous growth and achievement, principles of servant leadership, and the power of collaboration. The role of professional development plays in laying a foundation for the curriculum design and implementation process is also examined. Leadership experience is not required to be successful in this course. Teachers, trainers, and educational leaders or administrators will learn practical, yet powerful ways to improve their professional practice. Prerequisites: ECI 601 and EDU 650.

ECO Economics
ECO 100 Survey of Contemporary Economic Issues 3 Credits
Contemporary economic issues are discussed and relevant economic theory is introduced throughout this course of study. The economic
EDU 120 Principles of Instructional Design 3 Credits

EDU 201 Introduction to Library & Information Science 3 Credits
This course provides a sufficiently broad yet detailed exposure to the realities of teaching English Language Learners. The course is designed to prepare students to deliver content area instruction to English Language Learners. Students will also examine policies and procedures related to library collections, and learn how library materials are classified and organized.

EDU 302 Foundations of Library & Information Science 3 Credits
This course is an introduction to collection development and management. Students will learn the essential skills needed to manage a library collection in a variety of library settings. Learners will explore multiple categories of resources, including informational books, digital material, and media, and develop instructional materials to promote learning. Students will also examine policies and procedures related to library collections, and learn how library materials are classified and organized.

EDU 308 Reference & Research Services 3 Credits
This course provides knowledge and skills using general and specialized reference tools, materials and services for patrons. It includes topics including an exploration of the role of teaching, information literacy and the research process, the reference interview, information seeking behavior, and evaluation of reference resources and services.

EDU 232 Instructional Design for E-Learning 3 Credits
This course will introduce students to a variety of eLearning strategies preparing them to select and evaluate eLearning for a variety of learners and organizational contexts. Throughout this course, students will have an opportunity to evaluate eLearning and create effective assessments for eLearning. Additionally, students build on prior learning about needs assessment in instructional design contexts. Prerequisite: EDU 120.

EDU 203 Principles of Macroeconomics 3 Credits
Introduction to national income determination and the equilibrium level of output and employment. Monetary and fiscal policies as well as open economy issues are discussed. Recommended prerequisites: Fulfillment of the General Education Critical Thinking core competency and Digital Literacy competency.

ECO 203 Principles of Macroeconomics 3 Credits
This course is an introduction to the theory of consumption, market structure, and wage determination. Recommended prerequisites: Fulfillment of the General Education Critical Thinking core competency, Quantitative Reasoning Core competency, and Digital Literacy competency. (Equivalent to ECO 308.)

ECO 203 Principles of Microeconomics 3 Credits
Introduction to the theory of consumer equilibrium, market structure, and wage determination. Recommended prerequisites: Fulfillment of the General Education Critical Thinking core competency and Digital Literacy competency. (Equivalent to ECO 308.)
EDU 324 History of American Education 3 Credits
This course provides an overview of sentinel events, theories, and important historical figures that have shaped the United States education system. (Cross-listed as HIS 324.)

EDU 335 Design Concepts & Application for Online Learning 3 Credits
The application of instructional design for online learning will be emphasized as students apply their knowledge to analyze, select, and design instructional strategies that are most effective for engaging and teaching online learners. Students will learn methods for managing and delivering online instruction utilizing course management tools and multimedia technologies in both synchronous and asynchronous environments. Prerequisites: EDU 120 and EDU 232.

EDU 336 Evaluation of E-Learning 3 Credits
Students will examine the components of on-line instruction and classroom design for high quality standards. Learners will evaluate and assess instructional design and its impact on student learning through a review of various sites and programs. Tools for evaluation of instructional material will be reviewed. Prerequisites: EDU 120 and EDU 232.

EDU 337 Collaboration in the Virtual Classroom 3 Credits
The use of e-learning to promote collaboration and team work in a virtual environment will be explored in this course. Opportunities for collaboration utilizing social networking and other tools will be evaluated. Students will utilize a variety of tools to experience real time learning in the virtual classroom. Prerequisites: EDU 120 and EDU 232.

EDU 338 Human Development & Learning 3 Credits
Brain development as related to human development and the capacity for learning will be explored throughout this course. The neuroscience of brain development and how this information translates into education, as well as the implications of this information for maximizing learning, memory, behavior and overall functioning, are topics that will be addressed.

EDU 352 Foundations of Educational Technology 3 Credits
Strategies and ideas for the use of technology to enhance learning will be explored in this course. The latest in Web applications will be explored and evaluated for their instructional application.

EDU 356 Emerging Issues in Educational Technology 3 Credits
Strategies and ideas of including the latest in technology advancements to promote student engagement and learner success will be examined in this course. Mobil learning, the use of social media such as blogs, Facebook, etc. as well as other Web 2.0 applications will be explored and evaluated for instructional application. Prerequisites: EDU 120 and EDU 232.

EDU 358 Assessment of Student Learning 3 Credits
Students will learn to identify the differences in formative and summative evaluation data and design on-line learning scenarios to address both of these. The effectiveness of e-learning will be explored through research. The philosophy, use and development of grading rubrics for assignments will be explored. Issues of plagiarism and cheating in e-learning will also be examined. Prerequisites: EDU 120 and EDU 232.

EDU 362 Adult Learning & Instruction 3 Credits
Students will learn about the various theories and practices associated with adult learning. Various modalities of instruction will be addressed including e-learning, accelerated courses, and training sessions.

EDU 363 Education & Social Justice 3 Credits
The influences of educational policy and its’ convergence with social justice will be studied in this course. Issues of race, gender, sexuality, globalism, and other multicultural issues within the study of politics and policy will be explored throughout this course.

EDU 365 Politics of American Education 3 Credits
The political dimensions of policy formation/implementation in education and the use of power to influence educational policy will be explored. Conflict resolution and the analysis of consequences and impact will be examined.

EDU 367 Elementary & Secondary School Media 3 Credits
This class will explore the role of the teacher librarian and role of the library media center at three different levels of education (elementary, middle, and high school). Students will research programs, library practices, teaching styles and management in the facilitation of a library media center.

EDU 371 Phonics-Based Reading & Decoding 3 Credits
This course provides an overview of research, curricular content, and instructional practices associated with Research Based Systematic Phonics Instruction (RBSPI) and other methods for teaching reading. Emphasis and focus are on methods mandated by Arizona legislation. This course covers the history of written language, alphabetic reading and writing systems, and implementation of effective methods for reading instruction. Note: Students enrolled in EDU 371 will be required to find a student to teach or instruct for this course. The student can be a child or adult, age 5 or above. The time commitment will be approximately 3 hours per week for three weeks beginning the second week of this course. There are no exceptions to this requirement. Prerequisite: EDU 372.

EDU 372 Educational Psychology 3 Credits
Educational Psychology explores the theories of how people learn. Selected learning theories are analyzed from the perspective of teaching and learning. Developmental theory and environmental and social factors are explored as they interface with the learning process. Educational psychology’s research is applied to the measurement, assessment, and evaluation of learning and the effectiveness and efficiency of teaching-learning interactions.

EDU 381 Curriculum & Instructional Design 3 Credits
Students will examine the pedagogy involved in designing, selecting and assessing curriculum to meet the needs of diverse learners. The basics such as how to write learning outcomes based on academic standards to selecting the research based materials and activities to support student learning, will be covered. Evaluation of student learning will be included in the course.

EDU 382 Meeting the Needs of Diverse Learners 3 Credits
Students will explore the variety of learning differences found in the classroom today including linguistically diverse students, students with mild to moderate disabilities as well as Gifted and Talented learners. Specific strategies and classroom accommodations that may be used at all levels to meet the needs of all students will be addressed. Working as a member of a collaborative team will also be covered.

EDU 400 Library Materials for Mid-grade & Young Adults 3 Credits
In this course students will explore, read, discuss, and assess a variety of middle grade and young adult literature, including informational text, award winning fiction, multicultural materials and more. Students will focus on recommending materials for library purchase from the perspective of the librarian, explore review sources, recommend materials for individual users, and learn about resources in the YA and middle grades fields. Students will examine programs that promote reading and other library activities and examine legal, ethical and other issues surrounding youth services in libraries.

EDU 401 Literature for Children 3 Credits
This class will expose students to many different types of children’s literature and resources. Students will develop material lists for different genres, explore current trends in children’s interests, and exhibit knowledge of library review sources.

EDU 411 Reading & Cognition 3 Credits
The task of learning to read is a very complex process involving the
application of perceptual, sensory, linguistic, and cognitive skills to making meaning of text. Exploration of the specific cognitive functions that are applied while reading and strategies supporting reading instruction and reading comprehension skills will be addressed. The implications of digital media on reading skills will also be explored in this course.

**EDU 416 Intelligence Assessment**  3 Credits
This course will explore different theories of intelligence, the use of intelligence tests to create a numeric score, and the impact of family and culture on intelligence. Educational expectations and programs based on intelligence scores and cultural biases that may impact educational opportunities.

**EDU 417 Cognitive Studies Capstone**  3 Credits
In this capstone course, students in the Cognitive Studies degree program will demonstrate their attainment of the program learning outcomes through the completion of a project. Prerequisite: Successful completion of the General Education Capstone course.

**EDU 422 Public Policy & Special Education**  3 Credits
A study of the educational, legal, sociological and ethical issues that influence public policy related to the provision of special education to students with disabilities.

**EDU 428 Student Achievement in Public Schools**  3 Credits
This course will examine various factors influencing student achievement in public schools. Influencing factors will include motivation theories, as well as the impact of families, teachers and schools on student success. Issues of equity and access to quality educational programs will be considered.

**EDU 431 Advanced Instructional Design**  3 Credits
Students will apply a systematic approach to instructional and informational design to meet specific identified learner outcomes. Applying all of the steps for instructional design students will bring together the strategies and theories explored in the pre-requisite courses to a learning project. Prerequisites: EDU 120 and EDU 232.

**EDU 433 Project Management for Instructional Design**  3 Credits
Instructional design requires careful and thoughtful collaboration among a variety of design team members. In this course various project management tools, procedures, and methodologies will be introduced as they are applied to projects in education or training. Students will explore the relationship of time constraints, cost, scope and the nature of the project being designed. Prerequisites: EDU 120 and EDU 232.

**EDU 440 Information Literacy**  3 Credits
This course will provide students with hands-on experiences in strategies to access information in the 21st century, evaluate resources, and effectively use search engines to locate information. Students will learn Web 2.0 tools in a systematic way recommended by professional library associations.

**EDU 441 Research & Analysis Skills**  3 Credits
This course will introduce students to the theory and methods of evaluating research methods. It explores the ways in which professionals identify and frame research and evaluation questions, assess current scholarly literature on specific topics, locate and critically use primary and secondary source data, and formulate worthwhile evaluation projects. Emphasis will be placed on the research tools and processes professionals use and the role information professionals play in their development, dissemination, and use.

**EDU 443 Literature for Children & Teens**  3 Credits
This class will expose students to many different types of children and young adult literature, media, and resources. Students will develop material lists for different genres, explore current trends in student interests, and exhibit knowledge of library published journals.

**EDU 471 Public Policy Issues in Education**  3 Credits
Public policy issues in education including historical, international and political will be examined in light of current research perspectives.

**EDU 472 Public Policy & Practice**  3 Credits
Current and emerging policy strategies for reforming U.S. public schools will be highlighted.

**EDU 473 Divergent Perspectives in Educational Policy & Practice**  3 Credits
Current issues and debates in the field of education will be investigated. Students will examine the purpose of schooling and the challenges of meeting a variety of visions for what the school system should accomplish today.

**EDU 486 Educational Policy & Administration**  3 Credits
This course focuses on the societal and political contexts in educational settings. Students will examine various issues that are likely to have an impact on teaching and learning in diverse educational settings. Educational policy areas considered include governance, curriculum, accountability, personnel development, and school finance.

**EDU 495 Library Science & Media Capstone**  3 Credits
The Capstone Course is an opportunity for students to demonstrate understanding of the Library Science and Media program outcomes through the application of concepts and tools of inquiry to create learning environments, evaluate technology tools and applications for instruction and research, create learning opportunities for a variety of learners, and analyze literature materials for inclusion in specific settings and programs. Prerequisite: Successful completion of the General Education Capstone course.

**EDU 496 Capstone Instructional Design**  3 Credits
As the culmination of the BA in Instructional Design students throughout this course will complete a design project demonstrating their achievement of all program outcomes. Prerequisite: Successful completion of the General Education Capstone course.

**EDU 497 Capstone: Education & Public Policy Development**  3 Credits
The capstone course is an examination of influences affecting policy development and decision making in the education arena. It will cover policy management, policy execution, establishing and measuring criteria for policy success, and effective communication throughout the public policy process. This course is cumulative in nature, integrating knowledge and information attained throughout the completion of the EPP major. Prerequisite: Successful completion of the General Education Capstone course.

**EDU 498 Education Studies Capstone**  3 Credits
This course provides students with the opportunity to integrate and apply learning from their professional program of study in a comprehensive manner. Students will also assess the impact of their educational experiences on their ethical perspectives and critical thinking skills. Students will reflect on and evaluate their personal and professional growth, the benefits of lifelong learning, knowledge and strategy evaluation, and the impact of these elements on their future. Prerequisite: Successful completion of the General Education Capstone course.

**EDU 499 College of Education Capstone**  3 Credits
The capstone course will tie together the themes and concepts students have learned throughout their degree program. With this information as the foundation, students will synthesize theories, knowledge, and professional standards related to their field of study. Students will assess multiple influences, such as social and cultural factors, contemporary issues, and trends have on their practice. Students will further demonstrate their knowledge of the field by applying evidence-based strategies, approaches, and technologies to their work. The students will explain environments that support optimal outcomes to the field of study. Finally, students will propose professional and ethical based practices that emphasize access, participation, and partnerships with children and families. Prerequisite: Successful completion of the General Education Capstone course.

**EDU 600 Introduction to Online Learning**  3 Credits
This course presents an overview of the online learning environment from the instructor's point of view. It is a description of the
EDU 601 Promoting Student Success in the Online Learning 3 Credits
This course covers the basic tools needed for student success in an online learning environment. Topics include communication, collaboration, and software skills required to succeed in online learning. Also covered are instructor and student responsibilities and expectations, as well as potential roadblocks to success. Tools and techniques for organizing, prioritizing, and completing course tasks are discussed. Finally, instructional methods for guiding students and evaluating student progress in online courses are also addressed. Prerequisite: EDU 600.

EDU 602 Assessing Knowledge & Skills in the Online Learning Environment 3 Credits
This course examines approaches that assess student knowledge and skills in the online learning environment. Directed instruction, or objectivism, is compared and contrasted with constructivist or inquiry-based learning and assessment theories. Traditional assessment strategies are discussed as applied in directed instructional models of online learning. Nontraditional assessment approaches are explored in constructivist models, such as group products, web pages, multimedia projects, student portfolios, and student projects graded by self-report assessment instruments and rubrics. This course will focus on the use of discussions, pre- and post-testing, writing activities, graded assessments, self-grading assessments, and hands-on projects on student learning and assessment. Prerequisite: EDU 600.

EDU 608 Children’s & Young Adult Literature 3 Credits
Students will explore contemporary literature for children and young adults at the early childhood, elementary, middle and high school levels. The ability to select and evaluate quality literature for children and youth, and the skills necessary to plan and integrate literature into a K-12 program will be addressed.

EDU 609 Online Teaching Internship 3 Credits
Learners will have the opportunity to demonstrate professional skills and knowledge in meeting the unique needs of online learners by using a Learning Management System (LMS) to develop their own online course. Learners will create engaging content and activities that reflect best practices for promoting critical thinking, student retention, and ensuring a robust community environment in the online classroom. Learners will use a professional online course evaluation instrument to rate their courses and those of their peers to inform the improvement and finalization of a quality online course. Prerequisite: EDU 601.

EDU 615 Leading the Change Process in Curriculum & Instruction 3 Credits
The course will explore the role of the change agent in the identification, planning, implementation, and assessment of change initiatives for improved achievement. The impact of change on the individual, course, program, and system level will be studied. Research-based standards for successful leadership will be identified and applied as students examine the impact of administration and management on teaching and learning.

EDU 617 School, Family & Community Partnerships 3 Credits
Parent and community involvement is a crucial element to school success. Promoting the social, emotional and academic skills necessary for student success in the 21st century requires a team effort of collaboration with schools, families and the community. Students in this course will explore strategies and research for engaging partners in the ongoing education of children in the community.

EDU 620 Meeting Individual Student Needs With Technology 3 Credits
This course fosters awareness of individual learner characteristics that impede successful achievement. Milder forms of learning disabilities, emotional disorders, and dysfunctional social conditions that are prevalent in typical instructional situations are evaluated. Alternative pedagogies utilizing computer technology applications to alleviate such barriers are explored. Prerequisite: EDU 673.

EDU 629 Linguistically & Culturally Diverse Learners 3 Credits
This course explores strategies and techniques to support the success of language and culturally diverse students. The values, customs, and communication styles of cultural groups and their implication for teaching are considered. Research-based instructional approaches to developing English learner literacy will be examined.

EDU 635 Community & Youth Development 3 Credits
This course will support teachers and others with the development of practical strategies and tools to support community-wide efforts to strengthen and support youth today. Advocacy for youth development as well as strategies to support youth from a wide range of backgrounds will be addressed.

EDU 642 Understanding & Teaching English Language 3 Credits
In this course students will study the structure of the English language in order to better understand the difficulties that arise in learning a second language. English phonology, syntax, analysis, and application of linguistic theory will be studied.

EDU 643 Methods, Materials & Technology for Learning a Second Language 3 Credits
Strategies for English Language Learners in the content areas while maintaining a language development focus will be illustrated. Specific strategies, materials, technology, and learning activities will be examined to support learning.

EDU 644 Child & Family Welfare 3 Credits
This course will examine public policies in place to support children and families in at-risk situations. A focus on the services and programs offered to support families and children as well as the development of protective factors in families will be offered in this course.

EDU 645 Learning & Assessment for the 21st Century 3 Credits
Supporting the measurement of 21st Century Thinking Skills requires assessments that appropriately measure student skills and content knowledge. Such assessments must be meaningful, relevant and supportive of long-term success in the 21st century and be used to monitor student progress, driving instructional decisions to meet the needs of all learners. Using real-world applications, students of EDU 645 will learn how student learning is enhanced through instructional & curricular rigor and alignment of formative and summative assessments. Further, how student measurement data can be used to monitor student progress and make instructional decisions will be explored. (Equivalent to EDU 618.) Prerequisite: EDU 673.

EDU 647 Families, Communities & Diversity 3 Credits
This course will focus on establishing relationships and partnerships within families and community of diverse cultures. Specific strategies in developing programs promoting cultural competence within families and communities will be explored. Students will analyze available family and community resources within their community in promoting and supporting cultural diversity.

EDU 648 Teaching & Learning with Technology 3 Credits
This first course is an overview of the field of educational technology including instructional design, influence of learning theory on technology application as well as the various technologies available and their application to learning.

EDU 649 Technologies for Teaching & Learning 3 Credits
This course focuses on identifying appropriate technologies for teaching and learning. Special attention will be directed in analyzing teaching
and learning styles. Identifying and evaluating technologies to meet individual needs will be explored in both educational and corporate environments.

**EDU 650 Teaching, Learning & Leading in the 21st Century** 3 Credits
This course is designed to give students a real world perspective into what it is like to teach, learn, and lead in the 21st century classroom. This course provides an opportunity for students to experience the world of the classroom and analyze the range of perspectives and topics that impact a successful teacher, learner, and leader in the 21st century. The course will bring together a unique set of “voices” from the field, to explore the contemporary nature of what it is like to teach in today’s changing schools while focusing on identifying innovations that can develop students’ capacity to be agents of innovation, collaboration, and creativity. (Equivalent to EDU 623.)

**EDU 651 Collaboration & Learning in a Virtual Environment** 3 Credits
Students will explore teaching and learning in virtual worlds. Project-based design, facilitation, and evaluation of instruction, research, and other resources will be examined. The use of online collaboration for student learning and effective use of various technologies for social networking will be explored.

**EDU 652 Instructional Design & Delivery** 3 Credits
This course covers various elements of the instructional design process including needs assessment, instructional problems, learner characteristics, instructional objectives, content sequencing, instructional strategies, and evaluation instruments. Students are expected to learn how to plan, develop, evaluate, and manage the design of effective instructional materials.

**EDU 653 Teaching in Higher Education** 3 Credits
The course will examine education theories, methods, and strategies for the improvement of instruction in higher education. Emphasis will be placed on the unique challenges of teaching in a changing environment in higher education. Students will explore factors that affect adult learning and the organizational cultures that promote or inhibit learning.

**EDU 654 Student Development in Higher Education** 3 Credits
The course will examine student development theories from a socio-cultural and psychological developmental perspective. Factors affecting the teaching and learning related to the college environment will be analyzed. Theories of student development and their applications in student affairs programs, services, and activities will be reviewed.

**EDU 655 Trends & Issues in Instructional Design & Technology for On-line Learning** 3 Credits
Students gain the necessary skills and knowledge to design effective instructional materials for use in an on-line learning environment. Powerful innovations that may redefine teaching and learning practices will be explored throughout the course.

**EDU 656 Technology Solutions for Just in Time Training & Learning** 3 Credits
This course will allow students to develop an understanding of the planning for and application of technology for training that meets institutional and organizational needs. Students will utilize technology to effectively develop a request for proposal plan for training utilizing technology to inform, motivate, and prepare learners.

**EDU 657 History & Philosophy of American Higher Education** 3 Credits
The course will provide an overview of the historical development and cultural backgrounds of higher education in America. Emphasis will be placed on the major themes and developments in American higher education including the ideologies, people, cultures, and movements that have particularly influenced those developments. Current issues and trends in higher education will be explored.

**EDU 658 Instructional Leadership** 3 Credits
This course focuses on leadership in the educational or corporate environment to bring about change required to meet learning and training needs. Students will evaluate their personal leadership in their professional environment. Leadership tools to provide increased learning opportunities will be used to design learning experiences and evaluate results.

**EDU 659 Testing & Assessment for English Language Learners** 3 Credits
Various tools and methodologies for assessing English proficiency in speaking, listening, reading, and writing for both ELL children and adults will be critiqued. Formative and summative assessments will be explored with an emphasis on the application and appropriateness of their use for instructional design.

**EDU 662 Curriculum & Assessment in Higher Education** 3 Credits
The course will study the relationships between planning and student learning at course, program, and institutional levels. Modes of curriculum design, development and change in higher education will be presented. Emphasis will be placed on examining curricular leadership and assessment strategies.

**EDU 667 Reading Instruction & Early Intervention** 3 Credits
Reviews of various research-based reading programs will be examined critically. Evaluation will be based on cost, alignment to standards, and research in regard to program effectiveness. Intervention programs for struggling readers and their role in a traditional school setting will be explored.

**EDU 668 Reading Comprehension Across the Curriculum** 3 Credits
This course will support teachers and others in working with students to improve reading comprehension across all areas of the curriculum. Research investigations into the brain activity required for reading comprehension will be reviewed. Specific strategies for addressing reading comprehension difficulty will be explored.

**EDU 669 The Reading, Writing Connection** 3 Credits
This course will emphasis the connection of reading and writing with a focus on the content areas. Students will be exposed to a variety of approaches including vocabulary techniques, comprehension strategies, and study techniques to use with learners. Issues of assessment, motivation, and cultural as well as linguistic diversity will also be addressed.

**EDU 671 Fundamentals of Educational Research** 3 Credits
This educational research course is designed to teach students how to use digital sources to locate and evaluate research articles and apply that information in a learning environment. Students will also consider ethical aspects of research. Finally, students will evaluate and propose ways to become change agents by effectively applying action research principles to real world educational problems and issues. (Equivalent to EDU 626.) Prerequisite: EDU 620 or EDU 652.

**EDU 673 Instructional Strategies for Differentiated Teaching & Learning** 3 Credits
During this course, students will learn about and use evidence-based differentiated strategies and materials to meet diverse academic instruction that incorporate the progressive needs of 21st century learners using student’s cultural schemata (i.e., personal experiences, cultural/language norms and family belief systems). Instruction will align with the Common Core State Standards and alternative assessment methods to provide a rich inquiry of learning styles while applying strategies that promote critical thinking and incorporate digital tools and resources. Prerequisite: EDU 650.

**EDU 674 Foundations & Trends in Curriculum & Instruction** 3 Credits
The course will provide an overview of the foundational pieces necessary for effective design and delivery of curriculum and instruction. Current trends will be compared and contrasted with brain-based research from the field. Emphasis will be placed on processes and
procedures for developing both an engaging curriculum and a caring responsive learning environment.

EDU 676 Curriculum & Instruction Design for Increased Achievement 3 Credits
The course will teach a backward design model for curriculum and instruction that emphasizes clear targets and goals for increased achievement. Curriculum integration and mapping techniques will be examined and implemented as students model the power of collaborative planning and individual reflection. A variety of delivery models will be explored.

EDU 677 Monitoring & Evaluating Curriculum & Instruction through Systems Thinking 3 Credits
The course will define and apply the concepts of differentiated instruction and systems thinking in the development of curriculum and instruction. Processes and procedures for monitoring and evaluating programs will lead to an understanding of the complexity of an effective change process for increased achievement.

EDU 678 Seminar in Curriculum & Instruction for Diverse Needs 3 Credits
The course will simulate the real-world role of the change agent in successful implementation of curriculum and instruction for improved teaching and learning. Students will identify a need, develop an action plan, implement the steps of the plan, and evaluate both individual and organizational achievement that results. Prerequisite: Completion of the previous four Curriculum & Instruction courses or instructor approval.

EDU 679 Technology Solutions for Organizational Improvement 3 Credits
In this course, students will examine theories, organizational learning outcomes, and models of assessment and evaluation that lead to institutional improvement and effectiveness in the use of technology. Students will follow a logic model to conduct a program evaluation and develop a proposal for organizational improvement.

EDU 684 Shared Vision of Learning 3 Credits
Students will learn how to develop a shared vision of student achievement and integrate it into the school plan. By developing and articulating a belief system and shared vision of teaching and learning, students will learn how to link improved teaching strategies to schoolwide and district-wide instructional priorities. From this initial building of a shared vision, students will develop a theory of action directed at getting to the shared vision by ensuring that relevant student data are available and examined regularly. Students will learn and apply strategies for guiding, motivating, delegating and building consensus among diverse constituencies in the school and community. The reality is that school leaders must encounter multiple voices in the community and as such, they need to ensure that those voices are part of the consensus building for shared visions of schooling.

EDU 687 Building a Learning-Centered Culture 3 Credits
This course is designed to provide an opportunity for participants to learn how to advocate, nurture, and sustain a school culture and instructional program that is conducive to student learning and staff professional growth in a standards-based system of learning. In this course, students will develop an understanding of the rationale for and the components of standards based curriculum and instruction and how they link to students’ learning needs. Students will learn to apply student data to determine policy decisions and leadership actions to improve the instructional program. They will learn to apply site-based teacher-practice data to determine leadership actions to drive professional development and identify student support systems that result in increased student performance. Students will also explore research on diverse learning styles and differentiating instruction for all learners. It is in this course that students learn the power of a system-based approach that builds coherence through a standards-based curriculum and instruction; supervision that supports differentiated instruction in support of accelerating student learning, and the development, implementation, and evaluation of professional development that supports standards-based curriculum and instruction.

EDU 688 Organizational Management for Student Learning 3 Credits
Students are introduced to safe school environments, data-driven decision-making strategies, practice using various assessment tools and monitoring systems for teaching and learning, and learn district, state, and federal accountability systems. Students will gain an understanding of the legal policies pertaining to classified and certificated personnel. Students will also continue to apply a system-based approach that builds coherence through the alignment of fiscal, human, and material resources to support the learning of all sub-groups of students.

EDU 689 Personal Ethics & Leadership Capacity 3 Credits
This course develops students’ ability to model integrity and justice while learning and applying a variety of decision-making and problem-solving strategies. In this course, students will write a personal code of ethics that includes their moral purpose and belief system for the improvement of teaching and learning. Students will also address issues of equity such as race, language, religions, and sexual harassment. Students will learn ways to inspire and motivate others and to effectively communicate shared decision-making outcomes to stakeholders. Students will continue to build understanding around the leadership practices that create a learning-centered and trustworthy school community that provides high levels of learning for all students.

EDU 692 Creativity, Culture, & Global Contexts in Education Decision Making 3 Credits
This course provides rich opportunities for participants to learn how culture, creativity, and innovation impact teaching and student learning in the 21st century. Participants will adopt a global perspective of teaching and learning to understand how the infusion of 21st century skills impacts curriculum and prepares learners for the challenges associated with living and working in the 21st century. Through scenario-based activities, participants will directly apply skills needed to make informed decisions about the design, development, implementation, and evaluation of culturally relevant instructional practices to support the learning of 21st century skills. Prerequisite: EDU 650.

EDU 694 Capstone I: Educational Research 3 Credits
Capstone I: Educational Research guides students through the process of becoming an effective change agent by applying action research principles to current educational challenges and issues. Students will locate and evaluate research articles for scholarship, relevancy, and ethical neutrality. The topics covered during this course include implementing change in an education-based organization, evaluating the impact of the applied intervention, communicating outcomes, collaboration, and 21st-century leadership practices. Prerequisite: EDU 620.

EDU 696 Capstone II: Culminating Project 3 Credits
Capstone II: Culminating Project is a course in which students will demonstrate their attainment of the program outcomes through a spiraled process of skill demonstration including reflection, application, and evaluation. First, students will focus on patterns in academic work as well as design and development challenges associated with previous coursework so as to take control of one’s professional growth and become a more self-directed learner. Next, students apply the framework of 21st century teaching and learning to redesign prior coursework and then evaluate how 21st century skills influence program learning outcomes. Last, students will use digital tools to showcase their scholarly artifacts through the creation of a digital portfolio for both courses, and for professionally related purposes. Prerequisite: EDU 694.

EDU 697 MATLT Capstone: A Project Approach 3 Credits
This Capstone course requires students to synthesize their skills and knowledge acquired throughout the MATLT program. The Capstone project must present a practical application that is appropriate for
ELL English Language Learner

ELL 240 Linguistically & Culturally Diverse Learners 3 Credits
This course explores strategies and techniques to support the success of language and culturally diverse students. The values, customs, and communication styles of cultural groups and their implication for teaching are considered. Research-based instructional approaches to developing English learner literacy will be examined.

ELL 242 Understanding & Teaching English Language 3 Credits
In this course students will study the structure of the English language in order to better understand the difficulties that arise in learning a second language. English phonology, syntax, analysis, and application of linguistic theory will be studied.

ELL 351 Listening & Speaking in a Second Language 3 Credits
The stages of language development as well as ideas and strategies to enhance oral language learning and acquisition in the classroom will be applied in this course. Theories and methods of teaching language as communication in oral and aural modes will also be applied.

ELL 353 Reading & Writing in a Second Language 3 Credits
The relationship between first and second language comprehension as well as the reading comprehension and writing connection will be explored in this course. The use of differentiated literacy instruction for English Language Learners will be the central focus.

ELL 354 Grammar in a Second Language 3 Credits
This course will provide students with foundational knowledge of how and why English grammar is necessary for teaching the four language skills, and recognizing and correcting student errors. This course provides students with an overview of English grammar and strategies for implementing grammar instruction. Students will critique lesson plans in terms of best practices, and create their own lesson plans for specific student populations by applying their knowledge of English grammar and language pedagogy.

ELL 355 Methods, Materials, & Technology for Learning a Second Language 3 Credits
Strategies for English Language Learners in the content areas while maintaining a language development focus will be illustrated. Specific strategies, materials, technology, and learning activities will be examined to support learning.

ELL 357 English Language Teaching & Adult Learners 3 Credits
Theory and methodology applicable to English language instruction are integrated in the context of working with adults. Materials and methods suitable for working with adult English learners will be explored and evaluated in this course.

ELL 359 Contemporary Issues in English Language Instruction 3 Credits
Historical influences on instructional design in second language education will be explored. National and state standards for all learners and the implication for ELL instruction will be analyzed. Dual language instruction, bilingual education, and the politics of this as contrasted to English Language immersion programs will also be examined.

ELL 361 Language Learning in a Global Context 3 Credits
This course introduces students to the issues surrounding second language learning around the world. Emphasis will be given to educational, civic, business, governmental, and cultural issues.

ELL 420 Testing & Assessment for ELL Students 3 Credits
Various tools and methodologies for assessing English proficiency in speaking, listening, reading and writing for both ELL children and adults will be critiqued. Formative and summative assessments will be explored with an emphasis on the application and appropriateness of their use for instructional design.

ELL 497 English Language Learner Studies Capstone 3 Credits
This is the capstone course for the English Language Learner Studies major, to be taken at the completion of the major courses. This course provides students with the opportunity to integrate and apply their learning from the course of study for English Language Learner studies in a comprehensive manner and prepare themselves for their future teaching careers. Students will reflect on the work they have produced in their BAEELLS courses, develop an understanding of the Teachers of English to Other Language Speakers (TESOL) standards and the National Council for Accreditation of Teacher Education (NCATE) standards, and develop skills for applying to teaching positions. This course will culminate with an e-portfolio of student work and a comprehensive final project that integrates learning throughout the program. Prerequisite: Successful completion of the General Education Capstone course.

ENG English

ENG 121 English Composition I 3 Credits
This course is designed to enable students to develop competence in analyzing, organizing, and developing ideas. Additionally, students will locate and use library resources to support ideas, and to adapt their writing to various audiences. The course focuses on instruction and practice in writing and critical reading.

ENG 122 English Composition II 3 Credits
This course provides instruction and practice in writing effective expository and persuasive essays. The techniques for doing research and writing research papers are explored. Attention is given to the development of library research skills. Prerequisite: Successful completion of ENG 121 or equivalent with a grade of “C-” or better.

ENG 125 Introduction to Literature 3 Credits
This course is an introduction to the basic elements of fiction, poetry, and drama. Emphasis is on reading literature to perceive the techniques used in each genre, to understand the basic theoretical approaches to literature, to acquire the vocabulary associated with literary criticism, and to analyze and evaluate literature.

ENG 201 American Literature to 1865 3 Credits
This course will examine American literature from early colonization through 1865, including texts from the colonial, revolutionary, and antebellum periods. The focus will be upon literary analysis and literary movements contextualized by American history and culture.

ENG 202 American Literature After 1865 3 Credits
This course will examine American literature focusing on a selection of works published between 1865 and the present. We will explore the impact of social and cultural transformations on our national literature through literary movements and paying close attention to the development of ideas about gender, race, region and nation as expressed in fiction, poetry, and drama.

ENG 225 Introduction to Film 3 Credits
This course is designed to help students understand and appreciate movies and film more completely. The course examines the ways in which movies and films are shot, tell stories, develop characters, and depict physical reality. Classes consist of critique and analysis of movies and films.

ENG 301 American Literature to 1865 3 Credits
This course will examine American literature from early colonization through 1865, including texts from the colonial, revolutionary, and antebellum periods. The focus will be upon literary analysis and literary movements contextualized by American history and culture.
COURSE DESCRIPTIONS

ENG 302 American Literature After 1865  3 Credits
This course will examine American literature focusing on a selection of works published between 1865 and the present. We will explore the impact of social and cultural transformations on our national literature working through literary movements and paying close attention to the development of ideas about gender, race, region and nation as expressed in fiction, poetry, and drama.

ENG 315 Business & Professional Writing  3 Credits
Instruction in the planning, organization, construction, style, and tone of several forms of business and professional correspondence: letters, interoffice communication, resumes, and formal reports. A review of grammar, punctuation, and usage is incorporated into the course. Prerequisites: ENG 122 and junior standing or permission of the instructor.

ENG 317 International Voices  3 Credits
An introduction to recent international writing in its cultural context. Students read fiction, nonfiction, poetry, and interview, and are introduced to music, art, film, and cuisine of cultures beyond U.S. borders. Prerequisites: Fulfillment of English Proficiency requirement.

ENG 318 Creative Writing  3 Credits
This course provides writing experiences in fiction, nonfiction and poetry for students who have a strong interest in creative expression and have some experience in writing in one of these genres. Various aspects of the imaginative process are explored with separate application made to the genres of fiction, nonfiction, and poetry. Students write in each genre, participate in workshops with instructors, join with instructors and writing practitioners in critiquing colleagues’ work, and make presentations of their own work.

ENG 325 Intermediate Composition  3 Credits
Intermediate Composition is designed for students who have some experience with college-level writing but want to develop their ability to write. The goal of this course is to help students learn techniques for writing effective narrative, reflective, analytical, and research essays. These techniques include the effective use of specific details to engage and persuade readers, methods of organization that enable readers to follow a line of thinking, and strategies for editing sentences for clarity and conciseness. Prerequisites: ENG 121 and ENG 122 or equivalents.

ENG 328 Scientific & Technical Writing  3 Credits
Students will develop the skills necessary for writing about scientific, environmental, medical, and technological topics. Emphasis is placed on making complex and technical information understandable to a variety of audiences. Prerequisites: ENG 122 and fulfillment of the General Education Science requirement.

ENG 341 Studies in Literary Genres  3 Credits
This course will introduce students to literary genres such as poetry, short fiction, creative non-fiction, drama, and the novel. Students will read, analyze, and write critically about representative selections in the various genres.

ENG 345 British Literature I  3 Credits
This course examines writing by representative British authors in various genres from the Anglo-Saxon period through the mid-eighteenth century.

ENG 346 British Literature II  3 Credits
This course provides a survey of writing by representative British authors in various genres from the Romantic Period to the present.

ENG 353 Evolution & History of the English Language  3 Credit
Where did English come from, how has it evolved into the language that is used today, and why does American English behave differently than, for example, the English spoken in Ireland? Also, in what ways are different languages distinct, and how are they similar? Students will trace the historical origins and influences of the transformation of the English language. Students will also explore the major theories of the evolution of language.

ENG 380 Literary Research  3 Credits
This course is designed to teach the techniques for conducting literary research. Students will focus on particular authors while focusing on the essential skills of literary research. In addition to short critical essays, students will produce a major research paper.

ENG 438 Literary Theory  3 Credits
This course is designed to provide students with the knowledge, skills, and tools to develop an understanding of the nature of literature, what functions is has, what the relation of the text is to the author, the reader, to language, to society and to history.

ENG 497 English Capstone  3 Credits
Students will demonstrate mastery of the concepts and methodology in the major by producing a final project that includes extensive research into the selected topic. Prerequisite: Successful completion of the General Education Capstone course.

ENV Environmental Studies

ENV 100 Introduction to Environmental Studies  3 Credits
This course introduces students to the scientific information and key concepts that underlie the functioning of earth’s systems with emphasis on how these systems are shaped by human activities. Students examine the social, economic, political, ethical, and technical dimensions related to environmental issues and solutions. Topics include population growth, natural environmental cycles, industrialized food systems, air and water pollution, and urbanization.

ENV 322 Energy & Environmental Systems  3 Credits
This course is designed to provide knowledge relative to the relationship between energy consumption, energy generation, their related externalities, and conservation in the context of diminishing reserves of fossil fuels and increasing availability of renewable resources. Students will defend a position related to a particular energy source and its effect on the environment.

ENV 325 Environmental Management  3 Credits
This course examines the issues in the urban environment and the interactions between theory and policy relating to urbanization, industrialization and the impact of population growth on the environment.

ENV 326 Ecology & Evolution  3 Credits
This course examines the ecological and evolutionary processes across several levels of organization, including individuals, populations, communities, and ecosystems. Students analyze the interactions among organisms and between organisms and their environment, with an emphasis on natural selection. The course demonstrates the methods used by ecologists to answer questions about ecological systems including experimental, statistical, theoretical modeling, and visual representations of data. Prerequisites: ENV 100

ENV 330 Environmental Ethics  3 Credits
This course is a study of the ethical dimensions of selected contemporary environmental controversies. Students will examine the major theoretical approaches to environmental ethics, value systems, and specific issues including biodiversity and wilderness preservation.

ENV 333 Environmental Impact  3 Credits
Following the guidelines set by the National Environmental Policy Act (NEPA) and its subsequent modifications, students will learn the fundamental methods of analysis required for conducting a robust Environment Impact Statement (EIS). Students will learn the fundamental elements of an EIS through the examination of contemporary cases.

ENV 345 Business & the Environment  3 Credits
An environmental economics approach is used to illustrate the impact of the firm on the environment and environmental policy on the firm. Cost-benefits analysis is developed in student-driven research projects. (Cross-listed as BUS 345.)
ENV 350 Conservation Biology  3 Credits
Conservation biology examines the causes and consequences of biodiversity loss, conservation approaches and strategies, and the ecological and evolutionary theory used in these approaches. Students evaluate practices that conserve biological diversity at the gene, population, ecosystem, landscape and global scales. The course incorporates topics in culture, ethics, economics and politics to monitor and protect global biodiversity. Prerequisite: ENV 326.

ENV 385 Chemistry & Toxicology  3 Credits
This course examines the underlying scientific principles of toxicants, the sources, fate, and effects of chemicals on organisms and the environment. Students will analyze the accumulation and transport of toxicants in food webs and evaluate their effects on organism physiology, reproduction, and behavior. The course will also include an examination of experimental methods used to assess toxicity, forensic toxicology, ecotoxicology, risk assessment development, role of government regulation, and global and historical contexts.

ENV 495 Environmental Research  3 Credits
This course introduces students to the various stages in the environmental research process. Course design focuses intensely on scientific journal article construction as well as research design, data collection, and statistical analysis.

ENV 497 Environmental Studies Capstone  3 Credits
Students will utilize knowledge gained throughout the program to construct a final Capstone Project focused on the design and implementation of a sustainable community. This Project will allow students to display content area knowledge over all completed courses.

ESE Education Special Ed

ESE 315 Survey of Exceptional Students  3 Credits
An investigation into the knowledge, skills, attitudes, and behaviors needed to identify and instruct students with disabilities in varied school settings. Attention will be given to the variety of students that special educators are likely to come into contact with. Students will examine the issues of providing services to identified individuals within and outside school settings.

ESE 370 Learning & the Brain  3 Credits
Teaching and learning issues within a cognitive processes context are explored. This course covers the study of emotion, memory, and recall as well as early brain development and its relationship to learning.

ESE 601 Students with Exceptionalities in the School Setting  3 Credits
This course provides an introduction to the education of students in the school setting with exceptional needs, specifically those with mild to moderate disabilities, who qualify for services under one or more of the eligibility criteria covered by special education federal laws. Special education key terms and common strategies that influence learning and behavior as well as ethical and legal privacy rights of families with disabilities are introduced. Additionally, variations, characteristics, and patterns of individual differences in learning and academic progress are investigated.

ESE 603 Law & Ethics in Special Education  3 Credits
Law & Ethics in Special Education explores the fundamental civil and legal principals and pivotal legislation that contribute to the placement, instruction, service delivery, and privacy issues of those who have a qualifying disability under federal laws. Learners will identify critical issues that may lead to ethical and legal conflicts of interdisciplinary team participants as well as proactive strategies for resolution. Furthermore, the course offers multiple opportunities for analysis of personal biases regarding professional ethics and practice standards. Prerequisite: ESE 601.

ESE 610 Assessment & Evaluation of Students with Mild to Moderate Disabilities  3 Credits
Assessment & Evaluation of Students with Mild to Moderate Disabilities provides a comprehensive examination of the assessment and evaluation cycle employed within the special education process. During this course, learners will distinguish the special educator’s role within the multidisciplinary assessment process including how the evaluative data drives the planning and development of an individualized program. Additionally, the mandatory safeguards that assure ethical evaluation and assessment practices do not discriminate on the basis of race, culture, or native language are examined.

ESE 631 Survey of the Exceptional Child  3 Credits
This course provides an introduction to the education of students with diverse learning abilities and styles, including children with mental retardation, physical disabilities, learning disabilities, those identified as gifted and talented, and those diagnosed as having attention deficit disorder. These and other disabilities and special abilities are explored with a focus on the identification of individual differences in development and learning, and risk factors associated with exceptionalities. Developmental variations and patterns of these exceptionalities are examined along with the educational support strategies, the effects on the family and the rights of children.

ESE 633 Collaborative Relationships & Transition  3 Credits
This course focuses on effective education-based collaboration strategies for special educators who have multiple roles and serve numerous functions when designing and implementing developmentally appropriate and challenging learning experiences for students with a disability. As the special educator job is multifaceted, additional focus is on formulating a team-centered framework that provides academic support for various service delivery models. Additionally, candidates will learn how to effectively collaborate through verbal, written, and digital communication with collaborative transition team members who enable students to meet 21st century standards post-high school completion.

ESE 634 Education-Based Collaborative Relationships  3 Credits
This course focuses on collaboration strategies for special educators in the school environment who work with other professionals, services providers, and families of students with mild to moderate disabilities. Emphasis is placed on educators who provide academic support for various service delivery models. Communication, teamwork, and strategies for dealing effectively with conflict are emphasized. Prerequisite: ESE 601.

ESE 645 Lesson Design for Students with Mild to Moderate Disabilities  3 Credits
This course explores the methods of effective instructional planning, lesson design, and teaching strategies for students with mild to moderate disabilities. Learners will develop quality differentiated instruction techniques for various student profiles. Additionally, learners will create individualized goals and objectives for students with disabilities. Prerequisite: ESE 601.

ESE 656 Positive Behavior Supports in the Classroom  3 Credits
This course introduces the underpinnings of behavior theory and offers real-world strategies for the 21st-century classroom that assist today’s educators in meeting the needs of students with mild to moderate disabilities. Behavior functions and modifications as well as various methods of observation and documentation are emphasized. Diverse cultural and environmental factors contributing to student behavior are also examined. Prerequisite: ESE 601.

ESE 668 Evidenced-Based Instructional Methods for Students with Mild to Moderate Disabilities  3 Credits
In this course, learners will explore multiple aspects of curriculum design and delivery, apply their knowledge of the characteristics of varying disabilities, and create meaningful classroom instruction that aligns with curriculum, standards, and individualized education program goals. Data-driven instruction derived from individualized assessment results will be accessed and applied to instructional methods. Emphasis will be placed on evidence-based instructional strategies including collaboration with service providers to best meet
the academic needs of students with mild to moderate disabilities. Prerequisite: ESE 601.

**ESE 691 Behavior Management in the Classroom** 3 Credits  
This course provides strategies for changing inappropriate behaviors and prompting the acquisition of adaptive behaviors through positive management procedures. Designed to provide the teacher practical “how to” skills in classroom management, modification of behavior, and other management skills directed toward establishing an environment of learning.

**EXP Freshman Experience**  
**EXP 105 Personal Dimensions of Education** 3 Credits  
This course is designed to help adult learners beginning their university studies to achieve academic success. Students will explore learning theories, communication strategies, and personal management skills. Adult learners will develop strategies for achieving success in school and work. Students will also be introduced to the University’s institutional outcomes and learning resources. Successful completion with a “C-” or better or equivalent is required.

**EXP 200 Fundamentals of Adult Learning** 3 Credits  
This course presents adult and experiential learning theories and applies them to the student’s life and experiences. Kolb’s Model of Experiential Learning will be examined and used to analyze prior learning experiences. Students will investigate the roles of reflection and metacognition in the learning process. Guidance and practice will be given in developing an experiential essay structure that will plausibly demonstrate college-level experiential learning outcomes. The experiential essay written in the course can be submitted to the Prior Learning Assessment Center at the completion of the course for a potential of three additional credits.

**FIN Finance**  
**FIN 671 Financial Analysis and Security Valuation** 3 Credits  
This course is intended for graduate students who expect at some point in their careers to use financial statements to evaluate earnings quality, performance, prospects, and value of a business. The primary emphasis will be on the analysis of public companies, but most of the tools and techniques utilized are also relevant to private firms’ financial analysis. This course focuses on the fundamental analysis of valuation, with a focus on developing and applying methods for valuing firms using financial statement analysis.

**FIN 672 Financial Instruments and Derivatives** 3 Credits  
This course develops an understanding of the basic derivative-related financial instruments (forwards, swaps, futures, etc.), and their use in transforming and managing risky investments and projects in the areas of risk management, portfolio insurance, and financial engineering. Students will apply appropriate analytical tools needed to effectively manage risky investments and how to price derivatives.

**FIN 673 Applied Portfolio Management** 3 Credits  
This course deals with the construction and management of an institutional investment portfolio. The course provides the necessary understanding and tools crucial in portfolio management activities. Students will develop an appreciation for the various perspectives and techniques associated with portfolio management and security analysis and apply their knowledge by analyzing stocks and other investments with the guidance of their professor.

**FIN 674 Strategic Cost Analysis** 3 Credits  
This course focuses on the strategic use of cost information for planning and control, as well as costing products, services, and customers. Students will learn alternative ways of measuring costs to meet different management objectives, the role of budgeting as a planning and management tool, the use of cost analysis as a control tool to help management meet short- and long-term profit objectives, and the importance of ethics in achieving all of these objectives.

**FIN 675 Financial Economics** 3 Credits  
This course is designed to give students a strong understanding of the theory and logic of financial economics. Students will review standard models of how consumers and producers behave in the financial environment, and the implications of these models for financial resource allocation and market efficiency. Students will also evaluate the basic tools of economics, including optimization, comparative statics and equilibrium as it applies to finance. Applications to finance will be highlighted throughout the course, and special attention will be paid to how the tools of economics can be applied to problems in finance and business.

**FIN 676 Financial Accounting** 3 Credits  
This course focuses on the source, nature, interpretation of accounting data; analysis, measurement, presentation; significance, relevance of output information to a variety of external needs; financial reporting in a global economy. Students will also develop a better understanding of accounting information, especially the financial statements of businesses, and how information affects decisions, and especially how accounting information is used in decision making.

**FIN 677 International Finance** 3 Credits  
This course is designed to introduce the principles and practices involving finance and investment decisions of multinational firms operating globally. Topics will include foreign exchange markets, financial instruments in the international capital markets, corporate exchange risk management, international investment decisions, global financing strategies, financial crises, and related issues. This course will be exclusively focused on financial management and investment as it relates to the international environment.

**FIN 678 Statistics for Financial Managers** 3 Credits  
This course is designed to introduce the principles and practices of various financial decision-making tools and techniques, and to the statistical methods which are used both in the direct solution of financial problems and as foundations for more advanced statistical models and analysis. Topics include collecting data; describing, sampling, and presenting data; probability; statistical inference; regression analysis; forecasting; and risk analysis. Microsoft Excel is used extensively for organizing, analyzing, and presenting data.

**FIN 679 Advanced Corporate Finance** 3 Credits  
This course is designed to explore advanced methods and techniques of corporate finance with an emphasis on the practice. Topics include: corporate valuation; financial statement analysis and forecasting; the evaluation of capital investments under differing assumptions about risks; estimating the cost of capital; the effects of debt, equity, mergers, acquisitions, and derivative financial instruments on the value of the firm.

**FIN 680 Corporate Finance Capstone** 3 Credits  
This capstone course is designed to integrate advanced methods and techniques of corporate finance with an emphasis on how the various financial theories and practices work together. This course will integrate computer simulations based on a case study. Students will be expected to run simulations and then analyze and report outcomes.

**FIN 681 Money, Banking, and Financial Institutions** 3 Credits  
This course focuses on the essential elements of money, banking and financial markets. The emphasis is on macroeconomics including forms and functions of money, financial markets, the role of electronic trading, interest rates, efficient markets, depository institutions and regulations, money supply, central banks, the role of the Federal Reserve, and monetary policy. Students will explore advanced treatment of money and its role in the economy. Students will also examine and analyze the various financial structures and institutions, the Federal Reserve System, and the increasing importance of the global financial arena. Special emphasis is placed on financial events and policy issues.

**FIN 683 Investment Analysis** 3 Credits
This course is designed to explore the fields of security analysis and portfolio management. Students develop an understanding of debt and equity securities as well as derivatives. Students learn to apply the theory of investment strategies and techniques.

FIN 689 Advanced Financial Management and Analysis 3 Credits
This course integrates subject matter from financial management and accounting program courses. Advanced principles, techniques, and theories are applied through the analysis and presentation of case studies. The course will culminate in a research paper that comprehensively assesses an important current issue or emerging trend in the field of financial management and analysis.

GEN General Education
GEN 102 Digital Literacy for Life and the Workplace 3 Credits
This course offers an overview of digital literacy as it applies to personal, academic, financial, and professional success. Students will analyze the impact of digital technology on personal and social communication to develop digital literacy skills that will assist in achieving academic and career goals. An overview of financial literacy in the digital age is introduced with practical strategies for application in personal and professional life.

GEN 103 Information Literacy 3 Credits
This course will provide a foundation in information literacy skills. Students will learn distinct research methods for various types of questions as well as develop methods to evaluate resources based on authorship, authority, credibility, information type, currency, and purpose. A focus on the use and acknowledgement of resources will provide students with a ground for future ethical research. The course will emphasize the use of academic research and organization tools with a focus on applying those methods to make informed choices and think critically about various sources of information.

GEN 499 General Education Capstone 3 Credits
This course provides students with a cumulative and integrative learning experience grounded in their general education experience. Through the study of selected interdisciplinary topics and course-embedded assessments students will demonstrate mastery of essential competencies and application of different ways of knowing. Students will apply the general education principles informed by ethical and critical sensibility and provide evidence of growth in acquiring the habits of active citizenship. A minimum grade of “C – ” is required to meet course requirements. Prerequisite: 75 credits or permission of the student’s school or college dean.

GEO Geography
GEO 308 Geographic Information Systems 3 Credits
This course is an introduction to the Geographic Information Systems (GIS) software that is widely used to conduct spatial analysis in the areas of environmental science, defense and intelligence, emergency response, business, education, government, health and human services, public safety, transportation, and utilities and communication. Students will learn the ArcGIS system and become experienced in the analysis of spatially related data and the digitized map system. Note: The software used in this course has specific computer requirements including, Windows 8 Operating System, 2.2 GHzZ minimum speed, and 2GB minimum Memory/ RAM.

GRO Gerontology
GRO 200 Introduction to Gerontology 3 Credits
This course will provide an introduction to aging and an overview of the field of gerontology. The major concepts, theories and principles of gerontology will be introduced. Students will explore ageism in the United States, current demographic trends in our society, old age as a stage of lifespan development, health and health care concerns of older persons, issues of work, retirement, housing and economics, family relationships and social support, quality of life, and political issues of aging society. Concepts, practices and other issues of aging will be explored.

GRO 202 Psychology of Aging 3 Credits
This course covers normal aging from a cognitive perspective as well as various forms of dementia, including signs and symptoms, risk factors, and neuropathology. Students learn about cognitive changes that occur with normal aging as well as risk factors for transient cognitive impairments. Alzheimer’s disease is discussed in detail as well as non-Alzheimer’s forms of dementia, including frontotemporal dementia syndromes, Parkinson’s disease dementia, Lewy body dementia, vascular dementia, and Creutzfeld Jakob disease. The course also includes a section on evidence-based factors related to successful aging and the future of aging research.

GRO 325 Aging & Health 3 Credits
This course examines the interface between health and aging. A broad range of health concerns and issues of older persons are explored from physical, mental, and emotional perspectives.

GRO 330 Social Policy & Aging 3 Credits
This course explores the context and process for policy making impacting older adults in the United States. Topics covered include elder advocacy, retirement, inequities in access and procurement of services, employment, Social Security, Medicare, Medicaid, delivery and regulation of health care, elder abuse, and social/community services.

GRO 338 Mental Well-Being & Aging 3 Credits
This course explores models of mental health for older adults. The content examines mental well-being in older adults from both the individual (micro level) and societal perspectives (macro level.)

GRO 440 Ethics & Legal Aspects of Aging 3 Credits
This course covers normal aging from a cognitive perspective as well as various forms of dementia, including signs and symptoms, risk factors, and neuropathology. Students learn about cognitive changes that occur with normal aging as well as risk factors for transient cognitive impairments. Alzheimer’s disease is discussed in detail as well as non-Alzheimer’s forms of dementia, including frontotemporal dementia syndromes, Parkinson’s disease dementia, Lewy body dementia, vascular dementia, and Creutzfeld Jakob disease. The course also includes a section on evidence-based factors related to successful aging and the future of aging research.

GRO 497 Gerontology Capstone 3 Credits
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of gerontology. A substantive paper is developed which requires students to critically analyze their experiences and integrate knowledge gained throughout the program. Prerequisite: Successful completion of the General Education Capstone course.

HCA Health Care Administration
HCA 205 Introduction to Health Care 3 Credits
This is an introductory course that explores the historical evolution of health care in the United States, its financing sources, technology, delivery of care and the stakeholders who comprise the health care system. The structure of the health care system, including the Patient Protection and Affordable Care Act, better known as Obamacare, will be discussed along with the various components that influence health care such as legal, ethical, regulatory, and fiscal forces. Students will also explore other health care systems and examine the potential future of health care in the United States.

HCA 312 Health Care Finance 3 Credits
This course provides an introduction to health care finance. Students will develop skills for the role of a health care manager to plan, control, direct and coordinate financial activities related to the organization's day-to-day operation. Learning will consist of understanding financial reports, revenue sources, contractual allowances, budgeting, cost classifications, annualizing staffing, inventory and depreciation.
methods. Students will calculate financial ratios and analyze the results to determine the efficiency of the organization's financial operations. Additionally, the functions of the health care financial manager will be addressed through understanding financial practices, governmental policies and regulations, cash management strategies and consistent methodologies involved in the financial decision-making process in the health care setting. Prerequisite: ACC 281 and HCA 205.

HCA 322 Health Care Ethics & Medical Law 3 Credits
This course presents the ethical and legal implications of health care administration. The unique legal aspects encountered in the provision of health services are analyzed. Concepts of access, affordability, health care interventions and human rights are interfaced with legal and ethical issues challenging the provision of health care services. Concepts of risk management, continuous quality assurance, guardianship, Institutional Review Boards, and needs of special and diverse populations provide discussion points in the course. The overlapping domains of ethics and medical law are examined. Case studies and discussion of ethical and legal precedent setting decisions are used to link theory with reality. Prerequisite: HCA 305, HCA 205, HPR 231 or NUR 300.

HCA 331 Introduction to Health Education 3 Credits
This course is a foundational course designed to provide an introduction to health education and the health education profession. Health educators are often responsible for developing and implementing health education programs that aim to improve the quality of life of individuals and communities. The roles, responsibilities, skills, settings, and professional networks of health educators will be reviewed in this course.

HCA 333 Introduction to Long-Term Care 3 Credits
This course provides an overview of the long-term service delivery continuum. Course topics include: the concept of patient-family-centered services, introduction to theories of adult development and aging, modalities of the long-term care delivery system, organizational culture, introduction to regulatory agencies, financial resources, and assurance of quality.

HCA 340 Managing in Health & Human Services 3 Credits
An upper-level management course providing basic management theory for the beginning manager. Management challenges, human service environments, management theories, organizational design, program planning and implementing supervisory relations, managing finances program evaluation, leadership theories and teams in organizations are explored. Prerequisite: HCA 205, HCA 305 or HPR 231.

HCA 352 Legal & Ethical Aspects of Health Information Management 3 Credits
This course explores the major legal and ethical issues central to the implementation, application, and utilization of health information across the spectrum of health care settings. Key topics include liability, confidentiality, risk, quality, and utilization management. In addition, the legal and ethical ramifications of federal legislative mandates pertaining to health information management are reviewed. Case studies are utilized throughout the course to help students apply course concepts.

HCA 375 Continuous Quality Monitoring & Accreditation 3 Credits
This course provides a foundational exploration of the concepts of health care accreditation and continuous quality monitoring. The concept of quality assurance is explored from a perspective of selected accreditation, regulatory, licensing and certification programs. The interface of accreditation and reimbursement is explored. Health information systems are used in the analysis of health care accreditation, government mandates, and regulatory activities as they impact consumer outcomes. Legal implications of quality monitoring are analyzed. Social, political, professional and organizational influences upon health services delivery are explored from a perspective of demand, special populations, financing and service delivery. Prerequisite: HCA 205.

HCA 401 Introduction to Health Care Informatics 3 Credits
This course provides an overview of health care informatics including basic vocabulary, concepts, technology, uses and practices. The history, background, and development of health care informatics are presented, as well as academic, private, and government influences.

HCA 415 Community & Public Health 3 Credits
This introductory course explores community and public health services in the well-being of a population. Regulatory mandates promoting public and community health are explored. The interface among community and public health services and the overall health care industry is explored. Legal and ethical imperatives emergent in public health services are discussed. Financing options are explored recognizing the role of categorical fiscal resources. Health care promotion and prevention strategies are explored in concert with the role of health care institutions and the public sector. Health information data is utilized in the planning of a community and/or public health project. Prerequisite: Successful completion of the majority of major coursework.

HCA 421 Health Care Planning & Evaluation 3 Credits
This course utilizes health care research data, research protocols, and information systems in the planning, implementation and evaluation of health care programs meeting the health care needs of a diverse population. Historical perspectives are discussed in tandem with current health programs and future challenges. The impact of public entities in controlling the demand aspects of health services is discussed in light of regulatory legislation. Planning strategies to meet the needs of a diverse population are explored from both the public and private sector. Discussion of the efficacy and efficiencies of past and current programs provide opportunities for analysis of past and on-going service demand and client outcomes. Development of a health care model applying the concepts of reimbursement, supply and demand, contractual adjustments and patient mix in to the planning and evaluation process. Prerequisite: Successful completion of the majority of major coursework.

HCA 430 Special Populations 3 Credits
This is a topics course that explores health care services for special populations. The populations include: mental health, substance addiction, rehabilitation, geriatrics and selected specialty services. The course is problem focused emphasizing access, cost-quality issues and financing considerations. Health information data is utilized as resources for the analysis of demand, quality and cost-efficiency. Historical perspectives are presented as shaping factors influencing the present models of health services for special populations. Government mandates, categorical services, legal, ethical, and reimbursement issues are presented as driving forces in the provision of special population health services. Multidisciplinary models of special population health service models are discussed. Learners will develop a model program for a self-selected special population. Prerequisite: Successful completion of the majority of major coursework.

HCA 442 Contemporary Issues in Aging 3 Credits
This course presents significant major interdisciplinary aging issues and controversies drawn from biological sciences, medicine, nursing, psychology, sociology, gerontology, public policy, and social work. With an emphasis on critical thinking, divergent views and perspectives of aging phenomenology are explored through the reading and research of selected articles and reports covering current topical content.

HCA 444 Long-Term Care: The Consumer Perspective 3 Credits
This course examines the role and impact consumers have in long-term care decision making and provision of care. Factors and challenges influencing consumer choices are explored within the context of long-term care improvement in both institutional and community settings.
Current topical issues such as customer/provider relationships and quality of care are overviewed in this course.

**HCA 459 Senior Project**  
3 Credits  
This course provides the learner a format for the integration health care concepts, exploring a self-selected health care topic. The Senior Project may be: 1) problem focused in which the learner identifies a health care problem or issue and conducts research on the topic culminating in a proposed solution; or 2) an observational research project on a self-selected health care topic. Prerequisites: Successful completion of the General Education Capstone course and majority of major coursework.

**HCA 496 Health Informatics Capstone**  
3 Credits  
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of health informatics. A substantive paper is developed which requires students to critically analyze their experiences and integrate knowledge gained throughout the program. Prerequisite: Successful completion of the General Education Capstone course.

**HCA 497 Health Care Studies Capstone**  
3 Credits  
In this final course students will demonstrate their mastery of program outcomes by reflecting on and synthesizing insights gained from their studies. This will take the form of a focused study of a significant trend or problem in contemporary health care. Prerequisite: Successful completion of the General Education Capstone course.

## HCS Health Care Studies

**HCS 308 Introduction to Nutritional Concepts**  
3 Credits  
This introductory course provides an overview of the basic principles of nutrition including the basic functions, needs, and sources of micro and macronutrients. Students apply nutrition principles to personal needs, as well as needs of individuals across the lifespan. Nutrition controversies are explored in addition to learning about the anatomical and physiological impacts of inadequate/improper nutrition practices and the risk for disease. Note: This course is designed for students with no previous and/or limited science background. Prerequisite: HWE 200

**HCS 311 Health & Wellness in Adulthood**  
3 Credits  
This course provides students with a holistic overview of the multi-faceted dimensions of health and wellness in adulthood. Physical, social, intellectual, emotional occupational, spiritual, and environmental elements of health are explored within the context of a wellness lifestyle.

**HCS 316 Cultural Diversity in Health & Illness**  
3 Credits  
This course explores the complexities and dimensions of health and illness through diverse cultural perspectives. Traditional health beliefs and practices among selected populations are presented along with the influences of social, political, and demographic changes impacting issues and perceptions of health and illness in a multi-cultural society.

**HCS 321 Foundations of Complementary & Alternative Health**  
3 Credits  
This course introduces students to basic definitions and classifications of non-allopathic complementary and alternative health systems. Content includes the history and development of practices, practitioner nomenclature, and cultural influences of the major systems of Complementary and Alternative Medicine used today.

**HCS 323 Health & Wellness Promotion Throughout the Lifespan**  
3 Credits  
This course provides students with a holistic overview of the multi-faceted dimensions of health and wellness across the lifespan. The seven dimensions of health: Physical, social, intellectual, emotional, occupational, spiritual, and environmental are explored within the context of a wellness lifestyle.

**HCS 326 Holistic Health**  
3 Credits  
This course examines health in relation to living a balanced life and the synergism of mind, body, and spirit, rather than approaching its study solely from the conventional Western or allopathic perspective. Divided into three major themes, the course investigates the principles of strengthening your inner resources, developing healthy lifestyle practices, and taking charge of challenges to the body, mind, and spirit.

**HCS 334 Personal Fitness & Wellness for Optimal Living**  
3 Credits  
Students will compare their own physical activity habits to national guidelines and explore the benefits of physical activity as well as the consequences of physical inactivity. Written assignments, case studies, and discussion forums provide students with an opportunity to design exercise and wellness plans for themselves and potential clients. Prerequisite: HPR 205 and HWE 200.

**HCS 339 Introduction to Western Herbalism; Basic Doctrine, Energetics and Classifications**  
3 Credits  
This course explores fundamental constructs of Western Herbalism. Its focus is in providing the student a framework from which herbs can be conceptualized as entities with energetic and practical signatures. Consequently, herbs will be presented and appreciated from various and eclectic points of view which describes their characteristics and actions for their application in various body tissue conditions. The course will also cover qualitative descriptions (constitutions) that are tied to the human organism, appreciation of therapeutic laws, and classification of medicinal plants. Prerequisites: HCS 321 and HCS 326.

**HCS 412 Health Promotion Planning & Evaluation**  
3 Credits  
This course provides an overview of the practical and theoretical elements of health promotion program planning, implementation, and evaluation in a variety of settings. Students explore models and theories used in planning health and wellness promotion campaigns/interventions and how findings of program evaluation can be utilized and applied.

**HCS 435 Spirituality, Health, & Healing**  
3 Credits  
This course explores the connections between spirituality, culture, health, and healing. Students examine spiritual rituals and practices from multi-cultural perspectives, in addition to examining elements of spiritual care in a variety of health settings and contexts.

**HCS 495 Complementary & Alternative Health Capstone**  
3 Credits  
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of complementary and alternative health. A substantive paper is developed which requires students to critically analyze their experiences and integrate knowledge gained throughout the program. Prerequisite: Successful completion of the General Education Capstone course and the majority of major coursework.

**HCS 497 Health Education Capstone**  
3 Credits  
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of health education. A substantive paper is developed which requires students to critically analyze their experiences and integrate knowledge gained throughout the program. Prerequisite: Successful completion of the General Education Capstone course.

## HHS Health and Human Services

**HHS 201 Introduction to Human Services**  
3 Credits  
This course introduces students to the profession of health and human services beginning with the historical evolution of the field and continuing up to modern day. A broad-based view of the purpose, preparation, and theoretical orientation of the profession is stressed including the many types and career settings of human service professions, scope of work, and duties and functions. Basic skills required by health and human service workers are reviewed, in addition to the roles of human service workers in both clinical and non-clinical settings. An introductory examination of orientations, ethics, and skills related to health and human service delivery in diverse practice settings is included.

**HHS 207 Communication Skills for Health & Human Service Personnel**  
3 Credits  
This course emphasizes theories and practice of professional
HIM Health Information Management

HIM 105 Medical Terminology 3 Credits
This course is the study of medical language and includes the building blocks of prefixes, suffixes and root words, definitions, pronunciations, basic medical terms, and common laboratory tests, diagnostic tests and procedures by body system.

HIM 205 Anatomy and Physiology 4 Credits
This course is part one of a two-part course that is the study of anatomy, the structure of the body and how the body is organized and physiology, the function and vital processes of the various structures making up the human body. This course includes an overview of the human body, basic chemistry of the body, cell and tissue structures, integumentary, skeletal, and muscular and nervous system.

HIM 206 Anatomy & Physiology 3 Credits
This course is part two of a two-part course that is the study of anatomy, the structure of the body and how the body is organized and physiology, the function and vital processes of the various structures making up the human body. This course includes an overview of the endocrine, cardiovascular, respiratory, lymphatic & immune, gastrointestinal, urinary and reproductive systems. Prerequisite: HIM 205.

HIM 210 Pathophysiology 3 Credits
This course is the study of common human diseases, disorders and conditions. In the course, students will learn the description, symptoms and signs, diagnostic tests, etiology, and treatment for common diseases, disorders and conditions. In addition, the students will learn about the associated drug class for specific diseases, disorders or conditions. Prerequisite: HIM 105, HIM 205, and HIM 206.

HIM 217 Electronic Health Records 3 Credits
In this course, students will learn about the structure, capture, use, storage and retrieval of health information in paper, hybrid and electronic formats. Students will learn about Electronic Health Record (EHR) project management including scope, goals, strategic planning, workflow analysis, functional needs assessment and implementation. Students will learn about the financial aspects of the EHR as well as the EHR from a consumer and a nationwide health information network perspective. Prerequisite: HCA 205.

HIM 250 Clinical Classifications Systems I 3 Credits
This course is part I of a two-part course that introduces students to applications for clinical classification and coding. Students will learn about the development of classification systems, use of the health record for coding and the relationship between coding and reimbursement. In particular, the students will learn the guidelines for diagnosis coding and organizational structure for provider billing. Prerequisites: HIM 105, HIM 205, HIM 206, HIM 210 and HIM 217.

HIM 251 Clinical Classification Systems II 3 Credits
This course is part two of a two-part course that introduces students to applications for clinical classification and coding. Students will compare and contrast various processes, policies, and procedures to ensure the accuracy of coded data and demonstrate their understanding of diagnosis and procedure coding systems through practical application. Prerequisites: HIM 105, HIM 205, HIM 206, HIM 210, HIM 217, and HIM 250.

HIM 252 Legal Aspects of Health Information 3 Credits
This course explores the major legal and ethical issues central to the implementation, application, and utilization of health information across the spectrum of health care settings. Key topics include liability, confidentiality, the legal and ethical ramifications of federal legislative mandates pertaining to health information management and informatics. Prerequisite: HIM 217 and HCA 205.

HIM 301 Introduction to Health Informatics 3 Credits
This foundational course details the history and factors driving the emergence of health informatics. In addition to emphasizing the concepts, terminologies and scope of health informatics, the course

HIA Health Informatics & Analytics

HIA 625 Principles of Biostatistics 3 Credits
This course explores the application of fundamental statistical methods to the health care environment. Course content includes both descriptive and inferential methods including: data analysis, statistical estimation, regression analysis, analysis of variance, hypothesis testing and analysis of longitudinal data.
delves into health information exchanges, data standards, health informatics ethics, online resources and E-research. The course includes an overview of basic database architecture, design and file structure, and data warehousing and data mining in health care.

HIM 310 Healthcare Reimbursement 3 Credits
This course reviews health care reimbursement methodologies, government and voluntary health care insurance plans, and inpatient and outpatient reimbursement systems. Students will learn about the revenue cycle, audit processes and compliance strategies. Prerequisites: HCA 205, HIM 250 and HIM 251.

HIM 360 Healthcare Statistics 3 Credits
This course introduces the student to the generation and analysis of common health care statistics, state and national reporting of information and departmental performance standards. Students will learn how to construct and analyze various tables and charts related to health care. Prerequisites: HCA 205, HIM 217, HIM 250, and HIM 251, and Quantitative Reasoning Core competency.

HIM 370 Professional Practice Experience I 3 Credits
This course focuses on the technical application of concepts introduced in other program courses and explores similarities and differences with various health care providers. Students will demonstrate their ability to apply knowledge, analyze situations and create solutions in various health care scenarios. Prerequisites: HIM 105, HIM 205, HIM 206, HIM 250, HIM 251, HCA 205, HIM 310, HIM 217, HIM 252, HIM 210, and HIM 360.

HIM 410 Health Informatics – A Systems Perspective 3 Credits
This course focuses on the behind the scenes components of exchange, standards and interoperability of information in health care. The course will evaluate informatics-based support resources to include evidence based practice, clinical decision support and transport protocols. Prerequisite: HIM 301.

HIM 420 Health Information Governance & Strategic Planning 3 Credits
This course addresses key components of health care information systems and operational effectiveness. Students will analyze the strategic alignment of health information technology, including the evolution of health care information systems and data governance. Students will evaluate health information architecture and infrastructure, applications and service management, and administrative and financial systems. Foundational information on the transition of data into knowledge, value analysis, and information management strategic planning is provided. Prerequisite: HIM 301, HIM 217, HIM 252, HIM 370 and HCA 205.

HIM 435 Analyzing Healthcare Data 3 Credits
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of health informatics. Students will learn about the construction and utilization of healthcare data sets; the use of computerized statistical packages in health care; and the role of health informatics in financial and performance improvement goals. The student will apply common performance improvement models and tools to develop data-driven organizational reports. Prerequisite: HIM 301.

HIM 440 Health Informatics Research Methods and Data Analysis 3 Credits
This course explores in depth the relationship of research and informatics, research methods, the research process and the quantitative and qualitative analysis of data, including descriptive and inferential statistics. Students will explore the role of epidemiology in research and policy development. Prerequisites: Successful completion of quantitative reasoning core competency, HIM 360, HCA 205, and HIM 252.

HIM 445 Healthcare Project Management 3 Credits
This course explores principles of project management to improve quality and decrease cost in health care. While addressing the intersection of healthcare and information technology, students will learn about the project process and related tools and techniques to successfully plan, execute, control and assess a project. Prerequisite: HCA 205 and HIM 450, HCA311, HCA 312 or ACC 281.

HIM 450 Healthcare Management 3 Credits
This course focuses on key management principles in health care management and unique Health Information Management activities. Students will learn about organizational structure, the planning and decision making process, budgeting, committee and team dynamics, staff hiring and development and key indicators of department performance. Prerequisites: HCA 205, HCA 375, HIM 105, HIM 205, HIM 206, HIM 210, HIM 217, HIM 250, HIM 251, HIM 252, HIM 310, HIM 360 and HIM 370. This course must be taken at Ashford University and may not be transferred from another institution.

HIM 495 Professional Practice Experience II 3 Credits
This course is a combination of virtual activities and a supervised management experience in a health care setting. Students complete 40 hours in a professional work environment demonstrating mastery in their knowledge, application, analysis and synthesis of key Health Informatics and Health Information Management concepts.
Prerequisite: Completion of BS HIM program core courses. This course must be taken at Ashford University and may not be transferred from another institution. This course is not eligible to be taken as Non-degree seeking. PPE site approval is required before this course can be scheduled.

HIS History

HIS 103 World Civilizations I 3 Credits
This course is a study of the origins and development of the world’s major civilizations from their beginnings through the seventeenth century. Emphasis is placed on the salient socio-economic, political and religious characters of the civilization and the patterns of interaction among them. Recommended prerequisite: ENG 122.

HIS 104 World Civilizations II 3 Credits
This course is a study of the development and interaction of the world’s major civilizations from the seventeenth century to the present. Emphasis is placed on the rise and decline of European global dominance. Recommended prerequisite: ENG 122.

HIS 205 United States History I 3 Credits
American history from the beginnings of European settlement through the Civil War. Emphasis is placed on the colonial sources of American nationality, the development of American political institutions, the evolution of American society, and the sectional crisis of the mid-nineteenth century. Recommended prerequisite: ENG 122.

HIS 206 United States History II 3 Credits
This course surveys American history from Reconstruction to the present. Emphasis is placed on the growing pluralism of American society, the effects of industrialization, the evolution of American political institutions, and the increasing importance of the United States in world affairs. Recommended prerequisite: ENG 122.

HIS 306 Twentieth-Century Europe 3 Credits
The history of Europe since 1900. Emphasis is placed on the changing nature of European society, the confrontation between totalitarianism and democracy, the origins and consequences of the two world wars, and Europe’s evolving role in world affairs. Prerequisites: ENG 122 and HIS 206. Suggested Prerequisite: HIS 378.

HIS 311 Gender in History 3 Credits
This course examines the changing roles and relationships of individuals and groups within specific historical contexts in an exploration of gender’s centrality to the study of the past. Students will assess gender as a category of socially constructed difference that reveals the complexity of peoples’ experiences as historical actors. Starting from a broad discussion of gender history and theory, the course moves chronologically and geographically through major themes including the family, economic life, ideals and laws, religion, political
life, education and culture, and sexuality. Within each topical area, emphasis is placed on the ways that gender is integral to other relations of power, which have affected human lives in multiple ways over time and place. Prerequisite: ENG 122 and HIS 206. Suggested Prerequisite: HIS 378.

**HIS 340 Recent American History** 3 Credits
This course will examine the foreign policy, political, cultural and social developments in the United States in the years after World War II. Prerequisites: ENG 122 and HIS 206. Suggested Prerequisite: HIS 378.

**HIS 342 The Middle East** 3 Credits
This course is intended to introduce students to the complex history of the Middle East, focusing on the development of the core region in the 19th and 20th centuries. Among the most important topics covered are the origins and nature of Islam, the expansion of the Islamic world, the nature and impact of the region’s relationship with Western countries, the impact of the discovery of oil in the region, the causes and course of the Israeli-Arab struggle, the rise of Arab nationalism, and the rise of Islamic fundamentalism. Prerequisite: HIS 104, ENG 122 and HIS 206. Recommended prerequisite: HIS 378.

**HIS 355 Decolonization in Asia, Africa, and the Americas** 3 Credits
In this course, students will investigate the end of Western imperialism and the decolonization process within Asia, Africa, and the Americas via comparative analysis. Emphasis is placed on the legacy of imperialism in modern society, different nationalistic movements driving decolonization, the impact of decolonization on society and culture, the relationship between formerly colonized nations and their colonizers, and the impact of globalization in the post-colonial world. Prerequisites: ENG 122, HIS 104 and HIS 206.

**HIS 378 Historiography & Historical Methodologies** 3 Credits
This course provides students with an introduction to the practice of the discipline of history. It provides them with an overview of the ways historians have approached the study of the past since classical antiquity, acquaints them with the major approaches that characterize the discipline today, and equips them to use appropriate practices in historical research and writing. Prerequisites: ENG 122 and HIS 206.

**HIS 379 The Atlantic World** 3 Credits
The history of the Atlantic basin from the late fifteenth century through the early nineteenth, including the interactions of Africans, Europeans, and the indigenous peoples of the Americas and the societies their interactions produced. Themes covered include the Columbian exchange, migrations (forced and voluntary), empire-building, strategies of resistance, identity formation, and the transatlantic dimensions of the American and French Revolutions. Prerequisites: ENG 122, HIS 104 and HIS 206. Suggested Prerequisite: HIS 378.

**HIS 497 History Capstone: Advanced Research Project** 3 Credits
Students will demonstrate their mastery of the learning outcomes of the history major by demonstrating the ability to conduct historical research using primary and secondary sources and by producing an original research paper on an approved topic. Prerequisite: Successful completion of the General Education Capstone course and all History coursework.

**HMC Health Marketing and Communication**

**HMC 312 Health Marketing & Advertising** 3 Credits
Students are introduced to the essential concepts, methods, and models of marketing and advertising as applied to health care and health-related settings. Marketing concepts presented include the marketing mix, market segmentation, target marketing, strategic planning and forecasting methods, branding, and basic advertising strategy with an emphasis on prevention, education, and other social marketing contexts.

**HMC 314 Social Media & Health Promotion** 3 Credits
This course explores how the Internet and Web 2.0 tools are utilized for health promotion campaigns. General web-based technologies for use in health promotion are introduced and formal and informal types of health promotion are examined. Students will analyze the benefits of various social media campaigns including the appropriate use of applications, such as Facebook and Twitter, in health promotion.

**HMC 334 Ethics in Health Marketing & Communication** 3 Credits
This course explores contemporary ethical issues in health care marketing. Topics include consumer advertising of health products, goods, and services; physician marketing, advertising, and endorsements of elective procedures and health care products; physician relationships to hospitals and surgery centers in terms of ownership; and disclosure and confidentiality of collected health consumer data.

**HMC 462 Contemporary Issues & Trends in Health Marketing & Communication** 3 Credits
This course provides an interdisciplinary exploration of contemporary issues and trends in health marketing and communication as well as emerging research areas. Case studies from diverse health related settings are integrated throughout the course to assist students in gaining real world perspectives and awareness.

**HON Honors**

**HON 270 Thinking Critically about Global Issues** 3 Credits
This course teaches critical thinking through a careful study of global issues. Utilizing principles of logic, including analyzing reasoning and assessing sources, students will examine critical issues of our time. Students will engage in individualized and experiential learning, in conjunction with scholarly research, in order to explore relationships between critical thinking and personal responsibility. The course emphasizes self-motivated research, with an eye to leadership and problem solving. Prerequisite: Must be a current Honors student. Nontransferable; not eligible for Prior Learning Assessment (PLA) credit.

**HON 280 Society, Power, and Responsibility** 3 Credits
This course will provide students with a foundation for informed and effective civic engagement. Students will assess the civic identities of different cultures, communities, and societies, including their own, evaluating the impacts of various forms of civic engagement. Students will analyze political biases in media, and explain how political policies and discourse impact their lives. Emphasis will be placed on the ways that diverse communities have engaged in various civic processes to create change. Prerequisite: Must be a current Honors student. Nontransferable; not eligible for Prior Learning Assessment (PLA) credit.

**HON 290 Studies in Culture and Society: Exploring Diverse Perspectives** 3 Credits
In this course, students will explore themes of intercultural and global awareness and apply this knowledge to real life situations, both historical and contemporary. Students will analyze diverse modes of cultural expression and experience from multiple perspectives. Students will also examine how cultural biases are created and how these influence both past and current events. Prerequisite: Must be a current Honors student. Nontransferable; not eligible for Prior Learning Assessment (PLA) credit.

**HON 470 Leadership in the 21st Century** 3 Credits
This course is designed for students to acquire leadership skills that will
benefit society on a global scale. Students will examine the role of leadership in the context of global and societal issues. Additionally, students will move from theory to the practical processes of leadership in the 21st century, while investigating process and content issues related to team building, interpersonal and group dynamics, and effective problem solving and ethical decision making skills in today’s world. Finally, students will be challenged to assess primary global leadership examples, think critically upon the principles evident in our current leaders, and develop a real-world strategy for addressing a relevant societal issue. Prerequisite: Must be a current Honors student. Nontransferable; not eligible for Prior Learning Assessment (PLA) credit.

HON 480 Envisioning Innovation and Creativity in the 21st Century 3 Credits
In this course students will examine the key elements of innovation and creativity in the 21st century. Students will formulate a personal philosophy of creativity and innovation, as well as develop an innovation toolbox. In addition, students will propose idea generation techniques meant to stimulate individual or group problem solving approaches. Finally, students will integrate innovation and creativity strategies within individual discipline-specific work. Prerequisite: Must be a current Honors student. Nontransferable; not eligible for Prior Learning Assessment (PLA) credit.

HON 490 Honors College Seminar 3 Credits
The Honors College Seminar provides students an opportunity for the synthesis and application of content learned throughout their honors coursework though a spiraled process of skill demonstration including reflection, application, and evaluation. Students will use digital tools to create and showcase scholarly artifacts for both academic and purposes. Prerequisite: Must be a current Honors student. Nontransferable; not eligible for Prior Learning Assessment (PLA) credit.

HPR Health Promotion
HPR 205 The Human Body, Health & Disease 4 Credits
This introductory course provides students the opportunity to develop a basic understanding of health and disease as it relates to basic human physiology for non-science majors. The functions of the skeletal, muscular, integumentary, nervous, special senses, endocrine, cardiovascular, respiratory, immune, gastrointestinal, urinary and reproductive systems are explored. The most common conditions and diseases associated with these systems are examined. Students are provided the opportunity to learn about the major contributing factors associated with these conditions and diseases. In addition to coursework, weekly laboratories provide students the opportunity to explore various aspects of human physiology while applying the scientific method.

HPR 231 Introduction to Health Education 3 Credits
This course is a foundational course designed to provide an introduction to health education and the health education profession. Health educators are often responsible for developing and implementing health education programs that aim to improve the quality of life of individuals and communities. The roles, responsibilities, skills, settings and professional networks of health educators will be reviewed in this course.

HPR 232 Community Health Promotion Methods 3 Credits
This course provides an overview of the professional scope of entry-level health educator responsibilities. Students gain knowledge of organizational concepts, processes, skills, attitudes, and personal characteristics comprising the field of health education. The course content explores the theoretical and practical issues of the field of community health that enable students to identify and apply health education principles to health challenges facing individuals, groups, and communities.

HPR 303 Health Communications 3 Credits
Utilizing a multi-disciplinary approach, this course provides an introduction to the field of health communications, and explores how communications are utilized to influence and motivate individuals, institutional, government, and public audiences about important health issues and interventions. Students examine processes for creating clear, accurate, and appropriate health communications for a variety of target audiences. Case studies of health campaigns are integrated into the course.

HPR 350 Introduction to Epidemiology 3 Credits
This course will introduce students to the field of epidemiology, its purpose and benefits within the public health and health-related fields. It will provide the students the opportunity to review current and relevant health surveillance data and its application in the various health care fields. Furthermore, it will afford the students the opportunity to learn about the role of epidemiologists in today’s health care system.

HPR 450 Grant Writing and Evaluation 3 Credits
This course explores the strategies and execution of the grant process and proposal writing in both non-profit and government sectors. The course covers research for local, state, federal and private funding sources, and emphasizes the creation and preparation of competitive proposals. Students will use all aspects of grant and proposal writing, including how to effectively describe objectives, research and program design, methodology, expected measurable outcomes, evaluation, and budget development. Students will prepare an actual grant proposal as the final project.

HPR 460 Analysis of Health Research 3 Credits
This course is designed to provide students the opportunity to develop a basic understanding of health research. Students are given the opportunity to learn about the various types of health research and associated research designs and methodologies. This course provides the students with increased exposure to health research literature and teaches students strategies to critically analyze this literature. Students are provided the opportunity to learn about the ethical dimensions, physical limitations, and practical application of health research. The students are provided a supplemental booklet containing example literature and figures that highlight the major concepts covered in the course.

HRM Human Resources Management
HRM 400 Human Resource Technology Management 3 Credits
This course explores the impact of using technologies in serving HR by building an awareness of technological skills. The content investigates how information technology can be applied to strategic management, records and employee tracking for enhanced recruitment, selection, staffing, compensation, benefits administration, policies and procedures, performance evaluation, training and organizational development. Ethical and legal challenges regarding protection of human resource data are researched.

HRM 610 Employment Law and Labor Relation 3 Credits
This course offers a comprehensive review of labor relations and employment law as well as legal issues surrounding today’s employment market. The course is designed to evaluate, analyze and apply laws and legislation designed to protect employees and laborers and their implementation by government entities. Students will examine antidiscrimination, occupational safety and health, unemployment, privacy, wages and other federal employment and labor laws. Students will become familiar with leading labor and employment regulations and practice in order to apply them to the workplace.

HRM 620 Job Analysis and Design 3 Credits
This course examines the process of designing jobs based on market analysis and organizational strategy. Students will explore how job analysis and job design contributes to performance measurement, selection and other core Human Resources functions. Prerequisite: HRM 610.

HRM 630 Workforce Planning and Talent Management 3 Credits
This course provides a study of the theory, principles, and legal requirements for effective workplace planning, recruitment, selection,
and retention. Students will explore methods for forecasting staffing needs, and attracting and retaining talent. Students will examine the usefulness of various methods and metrics used in job analysis, testing and measurement, and internal and external market analysis. This course explores practical situations regarding areas of employee performance, discipline and termination. Prerequisite: HRM 620.

**HSL Human Services Leadership**

**HSL 200 Direct Service Skills and Interventions in Human Services** 3 Credits

In this introductory course, students will develop an understanding of the fundamental elements associated with the provision of direct services to various client populations. Emphasis will be placed upon the importance of creating an environment that promotes the optimal development and well-being of clients. Students will explore strategies for effectively meeting the needs of diverse client populations.

**HSL 300 Social Welfare Policy and Social Programs: An Historical Perspective** 3 Credits

This course provides students with a comprehensive account of relevant social policies and programs that have shaped the evolution of contemporary human services. An historical approach will be taken to examine various facets of how social welfare policies have been formed, as well as issues and considerations that have impacted their development and implementation. Students will gain insight into the historical context and values that have shaped the field of human services.

**HSL 497 Human Services Leadership Capstone** 3 Credits

In this final course, students will reflect upon and synthesize the major insights gained in their study of Human Services Leadership. A substantive paper and project will be developed which requires students to critically analyze and apply their experiences and integrate knowledge gained throughout their program. The focus is on using strategic human services leadership skills in developing a project that is directly related to access and delivery of services to a selected client group within the student’s community. Students will also have the opportunity to participate in a program approved online service learning project. Prerequisite: Successful completion of the General Education Capstone course.

**HSM Homeland Security Management**

**HSM 101 Introduction to Homeland Security & Emergency Management** 3 Credits

This course is a broad overview of homeland security in the United States. Areas of study include the organizational structure of the Department of Homeland Security as well as the principals, foundations, and doctrines surrounding homeland security. Students examine both historical and current issues related to the creation of the Department of Homeland Security, current policies of the Department, and potential career paths within the department.

**HSM 201 Department of Homeland Security Missions & Current Issues** 3 Credits

The course examines the Department of Homeland Security core missions; the reasoning behind the Department; the threats to America; and the current issues revolving around homeland security. In addition, students look at the various career opportunities in the Department of Homeland Security.

**HSM 305 Survey of Homeland Security & Emergency Management** 3 Credits

This course is a broad overview of Homeland Security from its emergence in America’s first century to the 9/11 attacks. Areas of study include the rise of modern terrorism, domestic terrorism, cyberterrorism, Homeland Security organization, strategies, programs and principles, emergency management, the media, and the issues of civil liberties.

**HSM 311 Ethics & Homeland Security** 3 Credits

This course provides a foundation of classical ethical theories and explores the ethical implications of war and terrorism in the 21st century. Students will be challenged to analyze the controversial issues of the practice of torture, bombing of civilians, assassination and targeted killing, and humanitarian intervention. Civil Liberties and the Patriot Act will be examined. Case studies will offer students the opportunity to examine their own moral stance on selected issues, and study the traditional ethical rules and practices in war, even when engaging with international terrorist groups.

**HSM 315 Emergency Planning** 3 Credits

This course will provide students with the skills to develop a comprehensive plan for risk analysis, threat assessment, staffing an emergency operations center, coordinating with supporting agencies, and the creation of a continuing testing program. Actual case studies are used to teach students how to plan for natural disasters as well as terrorism at the federal, state and local levels.

**HSM 320 Emergency Response to Terrorism** 3 Credits

This course is designed to provide students with the ability to evaluate an emergency incident, determine its scope, understand the function of the first responders, learn the communication procedures necessary to alert the appropriate agencies, and understand how first responders are dispatched. Students will create a recovery plan for response to large scale terrorist incidents.

**HSM 323 Revolution & Terrorism in the Modern World** 3 Credits

This course examines the ways revolution and terrorism has shaped the twenty-first century from an interdisciplinary perspective drawing on history, philosophy, and sociology. Emphasis is on the ideas and socio-historical forces that have produced revolutions.

**HSM 421 Research & Analysis in Homeland Security** 3 Credits

Students will develop the skills to conduct research into selected topics relating to homeland security, emergency management and disaster preparedness using government websites, Internet sources, library databases, and other pertinent repositories of information and data. Students will be required to formulate a research topic with supporting sources for the final report due in the Capstone course.

**HSM 433 Counter Terrorism & Intelligence Analysis** 3 Credits

Students in this course study and analyze counterterrorism including the...
evolution of counterterrorism, and the specifics of the typology and anatomy of terrorist operations. The course includes an overview of the intelligence community, collection, analysis, requirements and dissemination.

HSM 435 Psychology of Disaster 3 Credits
Utilizing case studies and clinical research, the course will focus on the psychological and physiological response to natural disasters, terrorism, and other manmade disasters. Students will examine psychological reactions, the recovery process and mental health care for victims, disaster recovery teams, and first responders.

HSM 438 Introduction to Cyber Crime 3 Credits
This course focuses on the technical aspects of digital crime as well as behavioral aspects of computer hackers, virus writers, terrorists and other offenders. Using real life examples and case studies, students will examine the history, development, extent and types of digital crime and digital terrorism as well as current legislation and law enforcement practices designed to prevent, investigate and prosecute these crimes.

HSM 497 Homeland Security & Emergency Management Capstone 3 Credits
In this final course students will demonstrate their mastery of program outcomes in Homeland Security & Emergency Management creating an original research and analysis report using the draft and research developed in the Research and Analysis Course. Prerequisite: Successful completion of the General Education Capstone course.

HWE Health and Wellness
HWE 200 Introduction to Health & Wellness 3 Credits
This course provides students with a holistic overview of the multifaceted dimensions of health and wellness across the lifespan. The seven dimensions of health: Physical, social, intellectual, emotional, occupational, spiritual, and environmental are explored within the context of a wellness lifestyle.

HWE 330 Musculoskeletal Anatomy & Physiology 3 Credits
In this course, students study the structure and function of muscular and skeletal systems within the human body using a regional approach. Students are given the opportunity to learn about anatomical variation, the functional importance of this variation, and common pathologies of the upper and lower extremities and trunk. This course expands upon the anatomical concepts provided in the prerequisite, The Human Body, Health, and Disease. Prerequisite: HPR 205.

HWE 340 Exercise & Physiology 3 Credits
This course introduces students to physiological responses to exercise in the human body. Students compare the major physiological systems (energy transfer, cardiovascular, respiratory, neuromuscular, etc.) at rest, explain the systemic adaptations that occur with acute and long-term exercise, and evaluate how these activities affect health and human performance. Students also analyze how nutrition and pharmacological aids impact athletic performance. Prerequisites: HPR 205 and HWE 330.

HWE 415 Stress Management 3 Credits
This course will provide students with the opportunity to learn about the effects of stress, apply stress management techniques, and develop stress management programs while considering various cultural backgrounds. Students will analyze the relationship between stress and health. This course is designed to provide the student with a basic understanding of stress management concepts including causes and effects of acute and chronic stress as well as techniques used to manage stress. Prerequisite: HWE 200.

HWE 420 Wellness for Special Populations 3 Credits
This course is designed to provide students the opportunity to enhance their understanding of nutritional concepts and designing exercise programs for special populations. Students will learn how to apply knowledge to develop and modify exercise plans for individuals with special conditions. Special populations that will be covered in this course will include but not limited to: the elderly, pregnant women, individuals at risk for disease (i.e. elderly, obese), and individuals living with health conditions (i.e. cardiovascular disease, arthritis, pulmonary disease, obesity, diabetes, hypertension, etc.). Risks, contraindications, and benefits of exercise for these special populations also will be covered. Prerequisites: HWE 200, HWE 330, HWE 340, and HCS 334.

HWE 498 Health & Wellness Capstone 3 Credits
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of health and wellness. Assignments provide students with an opportunity to create health and wellness programs for target populations and apply appropriate health promotion strategies and techniques to benefit these groups. Students analyze lifestyle factors that negatively or positively affect health and evaluate the effectiveness of wellness programs. This course also provides an opportunity for the students to develop career-related tools for use in professional situations. This course should be taken as the last course in the program.

IDT Instructional Design and Technology
IDT 601 Instructional Analysis I 3 Credits
This course provides an introduction to the instructional design process. Students will start with the identification of a problem or need that can be addressed by an instructional intervention. Weekly course work will then culminate in conducting a complete instructional design front end analysis (IDFEA). Major components to the IDFEA include: gathering data to inform the intervention, identifying and describing a target audience and learning setting, and providing an overview of tasks, instruction, and content that will be associated with the proposed solution to the problem or need. In addition, students will take part in professional network development (PND) activities and discussions to create connections to other professionals via social networking technologies in the field of instructional design and technology.

IDT 602 Instructional Analysis II 3 Credits
This course builds on the work completed in IDT 601: Instructional Analysis I. Weekly course work will culminate in the completion of instructional design project proposal (IDPP) and a conference presentation and proposal (CPP). Major components to the IDPP include: addressing the strategies and resources as well as the outcomes that the target population will achieve as a result of the instructional intervention. The CPP is an opportunity to construct and present a proposal for the instructional design project as if planning to do so at an academic or professional conference. Although an actual conference will not be attended, a presentation will be recorded for MSIDT program peers and the program’s faculty to view. The proposal format used has been adapted from the Association for Educational Communications and Technology (AECT) conference proposal. The AECT was chosen as it is a prominent organization in the field of instructional design and technology. In addition, students will take part in professional network development (PND) activities and discussions to create connections to other professionals via social networking technologies in the field of instructional design and technology. Prerequisite: IDT 601

IDT 603 Instructional Design and Technology I 3 Credits
This course builds on the work completed in IDT 602: Instructional Analysis II. Weekly course work will culminate in the completion of a design document, flowcharts, and storyboards. The Design Document is where additional factors that may affect the design of the final project will be considered while the flowcharts and storyboards will provide graphical and visual details related to project navigation, usability, and design. Prerequisite: IDT 602.

IDT 604 Instructional Design and Technology II 3 Credits
This course builds on the work completed in IDT 603: Instructional Design and Technology I. Weekly course work will culminate in the completion of instructional materials, the assessment of project changes, and professional network development. Three examples of instructional materials to support the implementation of the final project will be created. Students will also assess their MSIDT coursework up to this
point and make necessary project revisions to refine the overall effectiveness of the design, feasibility, usability, and alignment to the project learning objectives. In addition, students will take part in professional network development (PND) activities and discussions to create connections to other professionals via social networking technologies in the field of instructional design and technology. Prerequisite: IDT 603

**IDT 605 ID Project Management** 3 Credits
This course builds on the work completed in IDT 604: Instructional Design and Technology II. Weekly course work will culminate in the completion of a communication and management plan. The communication and management plan will address the communication hierarchy, preferred methods of communication, and how frequently everyone should be communicating. Students’ will also provide an overview of how the content will be sequenced in their projects as well as conduct a topic and/or concept and/or task analysis depending on the nature of the content and project. Prerequisite: IDT 604

**IDT 606 ID Technology Research** 3 Credits
This course builds on the work completed in IDT 605: ID Project Management. Weekly course work will culminate in the completion of technology market study and making project design revisions. In addition, students will take part in professional network development (PND) activities and discussions to create connections to other professionals via social networking technologies in the field of instructional design and technology. Prerequisite: IDT 605

**IDT 607 Evaluation of Instructional Systems** 3 Credits
This course builds on the work completed in IDT 606: ID Technology Research. Weekly course work will culminate in the completion of Program/Project Evaluation and an Evaluation Plan. Students will conduct a Program/Project Evaluation through the construction of a logic model while the evaluation plan will be developed to establish how target audience will be assessed to determine whether the solution to the problem has been effective. Prerequisite: IDT 606

**IDT 608 Instructional Development I** 3 Credits
This course builds on the work completed in IDT 607: Evaluation of Instructional Systems. Weekly course work will culminate in the completion of a working prototype which reflects the major features, content, and functionality student’s MSIDT project. In addition, students will take part in professional network development (PND) activities and discussions to create connections to other professionals via social networking technologies in the field of instructional design and technology. Prerequisite: IDT 607

**IDT 609 Advanced Instructional Design and Technology** 3 Credits
This course builds on the work completed in IDT 608: Instructional Development. Weekly course work will culminate in students conducting an Alpha Test with the Prototype developed in IDT 708. Once conducted, students will analyze and write up the results of the alpha test in the form of an Alpha Test Report. Prerequisite: IDT 608

**IDT 610 Advanced Instructional Design and Technology II** 3 Credits
This course builds on the work completed in IDT 609: Advanced Instructional Design and Technology I. Weekly course work will culminate in the completion of a design team and stakeholder plan. Student will also make revisions to their projects based on their beta test findings. Prerequisite: IDT 610

**IDT 612 ID Final Project Phase II** 3 Credits
This course builds on the work completed in IDT 611: Final Project Phase I. Weekly course work will culminate in the completion of a final project presentation, the creation of an ePortfolio containing various artifacts of MSIDT coursework, and a final project reflection. In addition, students will take part in professional network development (PND) activities and discussions to create connections to other professionals via social networking technologies in the field of instructional design and technology. Prerequisite: IDT 611

**INF Information Systems**

**INF 103 Computer Literacy** 3 Credits
Students will use operating system software, the Internet, and productivity software (word processing, spreadsheet, presentation graphics, etc.). Students will use the library and Web resources to research a topic, word process their findings, and create a visual presentation to communicate to the class.

**INF 220 IS Principles** 3 Credits
This course develops students’ understanding of information systems, foundational technologies, and organizational application to conduct business and solve problems. This course presents information systems principles and examines how they form an integral part of modern organizations. Topics include systems concepts; organizational processes; technological aspects of information systems; Internet applications; IT security; database management; systems development life cycle; and ethical and social responsibility issues. Prerequisite: INF 103 or permission of instructor.

**INF 231 Programming Concepts** 3 Credits
This course is an introduction to computer programming with focus on the program development process and concepts involved in use of a higher-level, object-oriented programming language. In this hands-on, virtual lab-based course, students will analyze, design, code, and test computer programs using the JAVA programming language. Different programming language designs will be explored including building web elements, mobile applications, computer programs, and commands to different machines. Computer hardware and associated technologies are discussed. Students will acquire hands-on experience in the programming process.

**INF 322 Database Management Systems** 3 Credits
This hands-on, virtual lab-based course introduces students to fundamentals of database management systems, techniques for the design of databases, and principles of database administration. Database management concepts, practices, and emerging trends are evaluated. In lab sessions, students will demonstrate the ability to build databases using enterprise DBMS products such as Oracle or SQL Server. Prerequisites: INF 231 and fulfillment of the Quantitative Reasoning Core competency.

**INF 325 Telecommunications & Networking Concepts** 3 Credits
A study of real-time and distributed-processing computer networks including telecommunications, data transmission techniques (protocols), design, and implementation considerations. Prerequisite: INF 231 or permission of the instructor.

**INF 336 Project Procurement Management** 3 Credits
Designed to develop the basic knowledge base of project managers and project procurement managers, this course emphasizes partnering between buyers and sellers to create a single culture with one set of goals and objectives. Students will discover the key areas in procuring outside services and products—from the initial decision to buy through final contract closeout. They will recognize what must be done for success in the six key project procurement management processes: procurement planning, solicitation planning, solicitation, source
selection, contract administration, and contract closeout. They will also formulate the make-or-buy decision, prepare an effective procurement management plan to guide the team, and use outsourcing for maximum benefit. Lessons and best practices from procurement theory and experience are also presented. This course can be used as a substitute for BUS 309. Prerequisite: INF 103 or permission of instructor.

INF 337 Integrated Cost & Schedule Control 3 Credits
Effective cost and schedule management are cornerstone activities of each project. Students will determine how best to plan the execution of a project scope, to consider stakeholder budget and schedule constraints, to use different methodologies, and to establish the performance measurement baseline. They will also discover keys to identify potential cost and schedule overruns and master the tools and techniques to compare actual work accomplished against established plans, as well as work accomplished against actual expenditures. By identifying early warning indicators, students will gain greater insight into potential risk areas and take the necessary corrective action to keep the project in control. Prerequisites: ACC 205, and MAT 332 or BUS 308.

INF 340 Business Systems Analysis 3 Credits
This course studies the problems and needs of organizations and how business functions, staff, data, business processes, and technology can be used to achieve organizational goals and objectives. The focus is on assessment for improvement of the business and its functions. Prerequisite: Fulfillment of the Digital Literacy Competency.

INF 620 Management of Information Systems 3 Credits
This course introduces the fundamentals of computer systems, the role of information processing in the business environment, and provides a basic overview of essential computer software. The course also provides an overview of systems development, operating systems and programming, database management, networking, and telecommunications all from a management perspective.

INF 630 Systems Analysis 3 Credits
This course addresses the business systems analysis function and purpose within organizations. Students will learn to elicit, analyze and validate business and user requirements. Topics include information systems solutions planning, requirements gathering, logical system diagrams, developing information systems solutions to address business problems, and business information systems analysis methods.

INF 690 ISS Seminar 3 Credits
This course emphasizes the use of information technology to develop distinct competitive advantage in relations with competitors, customers, and suppliers, and with respect to products and services. Course participants examine strategies of actual companies and identify other strategies that can be deployed to gain competitive advantage in diverse settings. In addition, the course is cumulative in nature, integrating knowledge and information attained while completing the entire MBA curriculum. The course project requires generation and presentation of an organizational information systems strategic plan.

INT Information Technology
INT 100 Fundamentals of Information Technology & Literacy 3 Credits
This course is designed to prepare students for their degree program path. The Fundamentals of Information Technology and Literacy course covers concepts to enable fluency in Information Technology (IT), a fluency that the National Research Council (NRC) considers an important component of the life-long learning process. This course includes a review of basic concepts needed for the program including topics such as operating systems and computer components, hardware and software, basics of database, programming and system design, and other concepts that encourages critical thinking.

INT 301 Computer Networking 3 Credits
This course provides a comprehensive overview of digital and analog transmission. The course discusses fundamentals of voice, video and data processing, client-server architectures, Open Systems Interconnect model (OSI), Network Components, Local Area Networks (LAN) and Wide Area Networks (WAN), and cutting edge technologies. In addition fundamentals of Ethernet, TCP/IP, and other high speed protocols, broadband communication systems will also be presented. Participating students actively learn via case studies that provide “real-world” examples and scenarios of modern state of the art data communication systems. Prerequisite: CPT 307.

INT 302 Programming in C++ 3 Credits
This course teaches structured high-level language C++ programming using the C++. Topics covered include basic input and output, declaration and use of variables, control statements, application of functions, and arrays. Students will deploy applications using C++ programming language. Prerequisite: CST 301.

INT 303 Human Computer Interaction 3 Credits
This course will focus on the scientific principles of Human Computer Interface (HCI) design methodology and the user-interface used in the HCI implementation. Covered topics include human cognition, HCI theories, role of end user, prototyping, user interface design, components of graphical user interface (GUI), system usability and accessibility. Prerequisite: CST 301.

INT 304 Web Design & Development 3 Credits
In this course, students will study major web programming languages. Topics such as content development strategies, crowdsourcing, and supplier management methods are covered while focusing on page layout methods, design coding practices, selection of multimedia, typography, graphics, usability, and accessibility issues. Website publishing, test, marketing, management, and maintenance will also be discussed. Prerequisite: CST 301.

INT 305 Mobile Application Design & Development 3 Credits
This course will focus on the principles of mobile applications development. Students will develop mobile applications on platforms, such as Android. Major topics include memory management, (UID) User Interface Design and Development, input and data handling, network techniques, URL loading, and GPS and motion sensing. Students will create projects, including conception analysis, design and implementation, and testing, to be deployed in real-world applications. Prerequisite: CST 301.

INT 401 Information Technology Strategy & Management 3 Credits
Information Technology has the potential to increase personal and organizational productivity and provide competitive business advantages. The primary objective of the course is to familiarize students with Information Technology that can be used in solving business problems, increasing productivity, and employing competitive advantage strategies. Major topics of the management of Information Systems (IS)/Information Technology (IT) are covered, including strategic and operational issues, the significance of rapidly advancing technology, current technology trends, systems architectures, data management, networking, e-business strategy and tactics, supply chain implications, and human and organizational issues related to Information Technology introduction and use. Prerequisite: CST 301.

INT 499 Capstone for Information Technology 3 Credits
In this course, students will complete a real-life project within a team environment. Students will cover project management techniques such as system planning, system analysis, requirements analysis, conceptual modeling, system development, testing as well as suggesting maintenance and support ideas. Throughout this course, students are required to submit a weekly progress to the instructor, complete weekly interactive assignments, and incorporate feedback from the instructor throughout the project development. Upon the completion of the course, each group will be required to submit their project and documentations as well as a presentation of the final working project. Prerequisites: INT 302, INT 303, INT 304, INT 305 and INT 401.
ISM Information Systems Management

ISM 500 Introduction to Management of Information Systems 3 Credits
This course introduces students to the fundamentals of computer systems and the role of information processing in the business environment. Students are provided with a basic overview of essential business software as well as insight into systems development, operating systems and programming, database management, networking, and telecommunications from a management perspective.

ISM 510 Introduction to Computer Programming for Business Applications 3 Credits
This course introduces students to computer programming concepts that include client/server applications, dashboard technologies, and responsive Web design for current platforms. Students explore basic programming tenets such as user-centered interface design, object oriented programming, mobile app development, and other topics related to current practices. Using a virtual lab, students apply course concepts to an iterative project that is developed during the six-week course.

ISM 640 Computer Networking & Telecommunication Design 3 Credits
This course covers methods and techniques for the design of computer and telecommunication networks as well as management and business perspectives on network design, traffic and application requirements, network cost analysis, topological design, capacity assignment, virtual network design, network design tools, wireless network design issues, availability analysis, and survivable network design. Students participate in a group project, through which they develop a networking solution for a business problem. Prerequisites: BUS 600 and INF 630.

ISM 641 Database Design & Management 3 Credits
This hands-on, virtual lab-based course introduces students to data modeling and relational databases. Students design and implement normalized databases and manipulate them through online interfaces. The course provides opportunities and includes assignments that allow students to develop the skills needed for translating users’ data needs into functional business applications. Prerequisites: BUS 600 and INF 630.

ISM 642 Information Security and IT Governance 3 Credits
This course provides students with a review of networking concepts and technologies that are critical to IT security operations. It offers guidance on usage and includes a comparison of the available methodologies and their content. Students examine the importance and benefits of sound IT governance to any IT organization. They investigate computer security principles, mechanisms, and implementations to ensure data protection and security of computer systems and examine key network perimeter security tools, including firewalls and intrusion detection systems (IDS). Prerequisites: BUS 600 and INF 630.

ISM 643 Leadership in Business Systems Development 3 Credits
This course provides students with a foundation for applying appropriate techniques when managing software development projects. Focus is placed on managing Agile development projects and using Agile development methodologies. The importance of team management, changing goals and priorities, knowledge management ideals, and alignment with organizational goals is presented. Students complete a group project, through which they apply leadership principles to a mock software development project. Prerequisites: OMM 622 and ISM 641.

ISM 644 Legal and Ethical Issues in Technology 3 Credits
This course examines legal and ethical issues in today’s technology and data-driven organizational environments. Students analyze issues from an organizational perspective on topics that include information ownership, privacy, and the concept of due care and responsibility for data collected by organizations. Compliance requirements, regulations, and laws governing data and information, protection, collection, usage, and storage are discussed. Prerequisites: OMM 622 and ISM 642.

ISM 645 Information Technology Strategic Planning 3 Credits
This course examines the means for effectively developing short-, medium-, and long-term technology plans. Students focus on topics such as assessment of a firm’s current state and future goals, the process of information technology enterprise planning for meeting the goals of the organization, the need for and the responsibilities of an information systems steering committee, and the methods of identifying and prioritizing information technology projects for the organization. A group project that applies the elements of strategic planning is a key component of this course. Prerequisites: OMM 622, ISM 642 and ISM 643.

ISM 650 Information Systems Project Methodologies I 3 Credits
This course introduces students to project management as defined by the Project Management Institute’s (PMI) body of knowledge (PMBOK) with an emphasis on information technology projects. Project management processes and knowledge areas are explored, with a specific focus placed on the project initiation, scope, schedule, cost, and quality management. Students have opportunities throughout the course to work in groups as they develop components of the project plan. Prerequisites: BUS 600, INF 630, ISM 640, ISM 641, ISM 642, OMM 622, ISM 643, ISM 644 and ISM 645.

ISM 651 Information Technology Methodologies II 3 Credits
This course is a continuation of ISM650. In this course, students continue exploring the project management knowledge areas of PMI human resources, communications, risk management, and procurement. Emphasis is placed on information technology projects. Students have opportunities throughout the course to work in groups as they develop components of the project plan. Prerequisite: ISM 650.

ISM 652 Project Management Capstone – Strategic Project Management 3 Credits
In this course, students apply project management concepts to information technology projects using strategic managerial approaches. Concepts include determining business benefits and project feasibility, reporting project status, stakeholder management, and measuring project quality. Earn value management concepts are introduced. Emphasis is placed on the Project Management Maturity Model. Prerequisites: ISM 650 and ISM 651.

ISM 670 IT Organizational Management & Leadership Capstone 3 Credits
In this capstone, students will integrate professional practices explored in the Master of Information Systems program core courses with concepts presented in the Organizational Management and Leadership specialization courses. Topics in IT leadership, database systems, networking, software design, human computer interaction, management of technology, and ethics are applied within a framework of global e-business technology strategy. Through projects, students draw from real organizational scenarios to practice major information technology concepts. Students select, develop, and present a significant technology implementation project. The project will incorporate organizational management and leadership strategies, systems development, and business planning. Prerequisites: INF 630, ISM 640, ISM 641, ISM 642, OMM 622, ISM 643, ISM 644, ISM 645, OMM 640 and BUS 661.

ISM 680 Big Data Applications 3 Credits
This course provides students with an overview of big data and its applications. Students explore course topics that include data collection, analytics, and presentation. Prerequisites: BUS 600, INF 630, ISM 640, ISM 641, ISM 642, OMM 622, ISM 643, ISM 644 and ISM 645.

ISM 681 Business Intelligence Systems 3 Credits
This virtual lab-based course outlines the procedures necessary for translating raw data into meaningful information that can be used for making business decisions. Students complete a group project through
which they utilize a range of technologies that enable these processes. Prerequisite: ISM 680.

**ISM 682 Advanced Data Management & Acquisition Capstone** 3 Credits
This course provides an overview of current and future trends in data management. Students continue to develop their knowledge of online data applications as they apply to broad and specific contexts through the completion of a capstone project. Prerequisites: ISM 680 and ISM 681.

**JRN Journalism**

**JRN 101 Digital & Media Literacy** 3 Credits
This course is designed to teach students to critically examine the impact of digital media and mediated messages on their everyday lives. Throughout the course, students explore the underlying power relationships of the media industry, the construction of media messages, and the influence of digital media on individuals, groups, and society.

**JRN 200 Elements of Journalism** 3 Credits
Elements of Journalism provides students with an understanding of the field of journalism. The course focuses on developing the students' skills in the areas of grammar, spelling, punctuation, Associated Press (AP) style writing, the inverted pyramid, news gathering, interviewing and other elements of journalism. Prerequisites: ENG 121 and 122 or equivalents.

**JRN 201 Multimedia News Writing and Editing** 3 Credits
This course is designed to provide the principles and techniques of effective writing and editing for news in various platforms. There will be an emphasis on accuracy of information, presentation, clarity, precision, and efficiency in the use of language. Students will also begin to discover the various career opportunities and the field and begin to develop their goals through the Career Services Integration pieces built into the course. Prerequisite: JRN 200.

**JRN 301 Newsgathering and Reporting** 3 Credits
This course focuses on gathering, evaluating, writing, and editing information for news stories tailored to various forms of media. Prerequisite: JRN 201

**JRN 321 Visual Journalism** 3 Credits
This course will teach students the importance of visual elements in news, and how to effectively incorporate visual elements into news stories for various media platforms. Students will also be introduced to industry-standards related to the design of visual news and the various software programs that are used. Prerequisite: JRN 301.

**JRN 333 Ethics in Journalism** 3 Credits
Ethics in journalism begins with an overview of ethical foundations and philosophy with a focus on case studies in the media and the application of ethical standards and decision making to issues faced by journalists on a daily basis. Prerequisite: JRN 200.

**JRN 339 Global Journalism** 3 Credits
This course is designed to provide the student with an overview of the major issues facing global journalism. It focuses on the social, cultural, and governmental aspects of the international media and their relationship to journalism from the perspective of a democratic system. Prerequisite: JRN 301.

**JRN 341 Specialized Journalism** 3 Credits
This course introduces students to the various genres of journalistic writing. Students learn to employ skills acquired from previous journalism courses to specific types of news reporting. Genres include the following: investigative journalism, sports journalism, entertainment journalism, business journalism, and environmental journalism. Prerequisite: JRN 301.

**JRN 410 Journalism Law** 3 Credits
The study of the law of journalism and mass communication is a vast field. This course provides a broad overview of the rule of law, the First Amendment, disruptive speech, libel, protecting privacy, reporter’s privilege and electronic media Regulation. Prerequisite: JRN 200

**JRN 412 Advanced Editorial & Feature Writing** 3 Credits
Students in this course will apply journalistic skills to opinion writing for editorial pages. It provides tools for evaluating critical thinking and argumentation for evaluating editorial writing. Additionally, students will learn the skills and requirements for feature writing. Prerequisite: JRN 301.

**JRN 415 Methods of Research & Analysis in Journalism** 3 Credits
This course teaches students research methods of utility and analysis in journalism with a focus on survey research, electronic database searching, government sites, and the evaluation of data sets in journalism research studies.

**JRN 425 Journalism & Politics** 3 Credits
This course is designed to aid students in determining how the media shape the context of American government and politics. Students will study American political journalism theory, current practice, convergence, and emerging technological change and their impact on public opinion and policy. Prerequisite: JRN 301.

**JRN 497 Journalism & Mass Communication Capstone** 3 Credits
Students will demonstrate mastery of the programmatic outcomes of the journalism major by creating an electronic portfolio of work completed during the program and by adding newly developed material that showcase professional journalistic skills. Prerequisite: Successful completion of the General Education Capstone course & all program courses.

**LEA Law Enforcement Administration**

**LEA 101 Introduction to Concepts in Law Enforcement Administration** 3 Credits
This course introduces students to the concepts involved in law enforcement administration and the factors influencing successful organizations through effective hiring, training, and support of employees. The course explores organizational theory, design and communication, along with the processes of planning and decision making. The effects of stress and adverse behavior are also reviewed with relation to the organization and requirements of the administration. Politics, labor relations, and fiscal management are addressed in correlation with the effects on law enforcement administration process.

**LEA 200 Ethical Leadership** 3 Credits
This course focuses on theories and methods to assist in developing and maintaining ethical behavior in law enforcement organizations through ethical leadership. The course will analyze the ethical theories, environment and traits of responsible and moral leadership, as well as the consequences of ethical lapses.

**LEA 300 Policing Models for the 21st Century** 3 Credits
This course examines the key roles and responsibilities in the management of effective policing efforts necessary to successfully meet the needs of the 21st century. This examination will also include an analysis of the various policing models currently used, technological tools required, and the impact of technology. In addition, the levels of interaction, communication and relationships between law enforcement agencies and the diverse communities they serve are examined with respect to various policing models which may be utilized to provide effective law enforcement services based on the circumstances and tools at hand.

**LEA 301 Supervision & Human Resource Management in Law Enforcement** 3 Credits
This course will explore supervision and human resource management issues as each relates to issues involved in maintaining qualified and capable employees in a law enforcement organization. Concepts such as the impact of supervisory roles, recruitment, hiring, and retention, union-labor influences, and Human Resource standards are examined and discussed.
LEA 316 Ethics in Law Enforcement 3 Credits
This course focuses on theories and methods to assist officials establishing and maintaining ethical behavior in law enforcement employees. The course analyzes misconduct in law enforcement through relevant literature and applicable scenarios in integrating theory and practice.

LEA 328 Leadership & Supervision in Law Enforcement 3 Credits
This course focuses on the comparisons between leadership, management, and supervision and the traits and theories surrounding effective application. The course will analyze the impacts of crime on successful leadership and the ability to motivate in order to maximize work effort.

LEA 339 Law Enforcement Personnel Management 3 Credits
This course examines the issues involved with maintaining qualified and capable officers available for deployment by a law enforcement administration. The course delves into employee assistance, medical issues and concerns that can significantly affect law enforcement organizations. Federal, state, and local certification and training requirements are discussed regarding continued employment and the impact on staffing. Applicable case law will be reviewed regarding Fair Labor Standards Act of 1938 (FLSA).

LEA 408 Technological Management in Law Enforcement 3 Credits
This course will assess the implementation and application of modern technological hardware and software in assisting law enforcement administration in addressing crime concerns. The course will explore the use of facial-recognition software, closed circuit television, and automatic vehicle monitoring systems in influencing crime issues. Terminology and applications are explained to provide insight to students regarding available resources and usage.

LEA 413 Investigations Management 3 Credits
This course addresses criminal investigations from the perspective of the police manager or administrator as well as developing practical skill sets in investigative technique. Legal, social, managerial, and community concerns regarding crime and investigations are evaluated. Relationships between investigators, prosecutors, and police managers are explored.

LEA 432 Fiscal Administration in Law Enforcement 3 Credits
This course focuses on the principles of budgeting in the public sector and provides the student with an understanding of the methods used in making financial decisions. The course compares and contrasts the public and private sector and addresses the responsibility of efficient use of funds. Federal state, and local perspectives in finance and budgeting are evaluated. Responsible and ethical financial principles are reinforced.

LEA 439 Politics & Law Enforcement 3 Credits
This course focuses on the constitutional basis of law enforcement and on the political relationships and impact of political decisions on the day-to-day operations and focus of law enforcement. The course examines the influence of special interest groups, as well as police associations and unions, in the administration of law enforcement goals. The election of certain law enforcement officials is also addressed regarding perceived loyalty to voters or employees.

LEA 444 Training Management 3 Credits
The focus of this course surrounds the necessity of training and the effectiveness of methods employed to reduce agency liability while promoting employee safety. The course will address the liability assumed by both employee and agency when training standards are not adhered to or supervision and leadership allows for deviation from set standards.

LEA 497 Law Enforcement Administration Capstone 3 Credits
This course will focus on the integration of research skills, theory analysis, and application of leadership and management methodologies in law enforcement administration. Successful students will exercise critical thought along with clear and concise writing skills throughout the development of a final project/paper on a singular topic within the field of law enforcement administration. Prerequisite: Successful completion of the General Education Capstone course.

LIB Liberal Arts
LIB 101 The Art of Being Human 3 Credits
An interdisciplinary introduction to the humanities, focusing especially on classic texts of the ancient and medieval period as a way to understand our lives today. The course will explore various human beings have expressed their understanding of the human condition through such cultural forms as mythology, religion, philosophy and the arts.

LIB 102 Human Questions 3 Credits
An interdisciplinary introduction to the humanities, focusing especially on the period from the Renaissance through the present. The course will explore the various ways human have attempted to answer questions about the meaning of our world and existence through philosophy, art, and science.

LIB 202 Women, Culture, & Society 3 Credits
Women, Culture, and Society examines the images, roles, and contributions of women in historical and artistic contexts from the Renaissance to the present. The course is designed to give students an understanding of the role women have played in the development of culture in Western Civilization as well as the ways western societies have shaped women’s lives and creative expression. With conversations on the arts and theory, the course analyzes the complex ways gender, intersecting with race, class, and ethnicity, influences our experience and culture.

LIB 314 The Environment & the Human Spirit 3 Credits
An interdisciplinary examination of humanity’s spiritual relationship with the natural world. The course will explore contemporary environmental issues in the context of theology, philosophy, literature, film, music, visual art, and other representations of the human imagination. Prerequisite: ENG 122 or equivalent.

LIB 316 Historical Contexts & Literature 3 Credits
In Historical Contexts in Literature, students will explore the ways in which literary works represent particular people, places, situations, and ideas through fiction. Further, by using a range of literary, political, and historical texts, the course will examine both the ways in which political and historical contexts shape literary production, and the ways in which fictional texts affect political, social, and moral discourse.

LIB 318 Peacemaking: A Study of Conflict Resolution 3 Credits
An interdisciplinary study of peacemaking with a focus on conflict resolution. Highlighting this course are guest presentations and discussions led by Ashford University faculty from diverse subject areas. Students examine thinking and behavior in response to social conflict such as aggression, threats, prejudice, avoidance, withdrawal, conformity, and obedience. Students study various strategies of peacemaking and negotiation and then apply these methods in class role-playing activities.

LIB 320 Global Socioeconomic Perspectives 3 Credits
This course is an examination of major socioeconomic developments in different countries including Japan, Germany, Sweden, the United States, and the developing nations. Topics include population, natural resources, energy, sustainable growth, and policies such as privatization and free trade agreements. Social and economic justice in the global economy is considered.

LIB 323 Revolution & Terrorism in the Modern World 3 Credits
This course examines the ways revolution and terrorism has shaped the twenty-first century from an interdisciplinary perspective drawing on
history, philosophy, and sociology. Emphasis is on the ideas and socio-historical forces that have produced revolutions.

**LIB 332 Science & Culture** 3 Credits
This course explores Western science as a cultural artifact and its impact on other aspects of culture: art, literature, film, music, philosophy, and theology. In addition, the affects of these “other aspects of culture” on the development of science will also be investigated with emphasis on the need to make connections. The course will examine the ways in which scientific developments are articulated in other cultural artifacts.

**LIB 356 Research Methods for the Humanities** 3 Credits
Students in this course will develop a working knowledge of the major methodologies and perspectives of disciplines in the humanities. Topics include the role of theory, identification of appropriate sources, the influence of values, and the role of the humanities in interdisciplinary inquiry.

**LIB 495 Capstone – Advanced Research Project** 3 Credits
This course will culminate with a comprehensive and summative final project that demonstrates the student’s ability to conduct research into an approved topic and to develop an original research paper using an interdisciplinary approach. Prerequisite: Successful completion of the General Education Capstone course.

**LNG Linguistics**

**LNG 101 Introduction to Language** 3 Credits
Language is a central part of our daily lives. It is how we communicate our thoughts and desires to others. Yet, we usually take language for granted, using it effortlessly without stopping to think about how it works. So, what exactly is language, and how does it work? This course is an introduction to linguistics, the scientific study of language. At the end of this course, students should understand what linguists study and have a good understanding of the core concepts in phonology, phonetics, morphology, syntax, and semantics. The developmental stages of language acquisition and the variations of dialect and style observed in spoken and written English are also examined.

**LNG 206 Language & Technology** 3 Credits
This course provides an introduction to the various ways language and technology interact. Students will understand the importance of computers that can process spoken and written language, and be introduced to a variety of implementations of these emerging technologies. Prerequisite: LNG 101 or 321.

**LNG 222 Survey of Communicative Disorders** 3 Credits
This course provides an introduction to the field of speech and language pathology. Students will survey a variety of communicative disorders and their effect on language development as compared to clinically normal growth and development of speech and language. Students will also consider the effect of these disorders on various levels of society. Prerequisite: LNG 101 or 321.

**LNG 310 Sounds of Language** 3 Credits
In this course, students begin to answer the questions: how do we speak, why do different languages sound distinct, and how does sound encode meaning? Students will examine sounds and sound systems of languages by exploring the phonetic properties of language as well as various phonological systems that languages employ to organize these speech sounds into meaningful utterances. Students will also study selected applications of these theories. Prerequisite: LNG 101 or 321.

**LNG 312 Second Language Acquisition** 3 Credits
This course provides students an opportunity to investigate the process of acquiring a second language and to compare this process to learning in general. Students will also explore the basic theories of second language acquisition compared to first language acquisition and will discuss how these theories influence second language curriculum design and guide second language instructional methods. Prerequisite: LNG 101 or 321.

**LNG 320 Structures of Language** 3 Credits
This course provides students an opportunity to explore the linguistic theories of morphology and syntax. Students will examine structure within language by describing and investigating the underlying principles and processes of word formation as well as the rules which govern phrase and sentence structure. Basic concepts addressed include morpheme-based morphology and a generative grammar approach to syntax. Students will also study selected applications of these theories. Prerequisite: LNG 101 or 321.

**LNG 330 Language and Power: An Introduction to Discourse Analysis** 3 Credits
How does language function in maintaining and changing power relations in modern society? What are the ways of analyzing language which can reveal these processes? How can people become more conscious of power structures, and more able to resist and change them? The question of language and power is still important and urgent in the twenty-first century, but substantial social changes in the past decade have changed the nature of unequal power relations, and therefore the agenda for the critical study of language. This course provides an introduction to the analysis of discourse and dialogue, and brings the discussion fully up-to-date by covering the issue of globalization of power relations and the development of the internet in relation to language and power. Prerequisite: LNG 101 or LNG 321.

**LNG 360 Language & Society** 3 Credits
This course provides an introduction to language in its social context. In this course, students will explore how language embodies culture, and how society is impacted by language. Topics include linguistic variation in diverse social contexts; language and gender; language and ethnicity; language and socioeconomic class; and the language of law, politics, propaganda, and advertising.

**LNG 415 Meaning in Language** 3 Credits
This course provides an introduction to the theory of meaning in language. Students will consider how language relates to the physical world, and how it contains and conveys truth, falsehood, and meaning. Students will also consider how various contexts factor into determining meaning, and will study selected applications of these theories. Prerequisite: LNG 101 or 321.

**LNG 450 Computational Linguistics** 3 Credits
This course provides an introduction to the fundamental concepts of natural language processing and computational linguistics. Students will study basic elements of computer programming from a computational linguistics perspective and will apply these methods to solving selected problems representative of those encountered in the field. Prerequisite: LNG 101 or 321.

**LNG 455 Language Development Disorders** 3 Credits
This course encompasses a study of the symptoms, diagnosis, and treatment of selected language development disorders from a clinical perspective. In an online classroom setting, students will investigate the causes and characteristics of specific language disorders, as well as the current methods of clinical assessment and treatments. Using transcribed and recorded speech samples, students will simulate the clinical processes of diagnosis and treatment by applying these methods. Throughout the course, students will consider the professional conduct and ethical guidelines set for by the American Speech-Language-Hearing Association (ASHA). Note: This course does not result in licensure or certification of any kind. Prerequisite: LNG 101 or 321.

**LNG 497 Applied Linguistics Capstone** 3 Credits
This course provides students an opportunity to conduct research into a theoretical area of linguistics and its application to assist in creating a plan for future study and professional development. Students will select a topic of interest and research its current and potential applications to one or various areas of industry. Students will demonstrate an understanding of how key linguistic theories have allowed for progress within certain industries and identify opportunities that are still present.
in the field of applied linguistics. Prerequisites: LNG 101 or 321 and successful completion of the General Education Capstone course.

**MAT Mathematics**

**MAT 221 Introduction to Algebra**  
This course establishes a strong base for an Algebraic exploration of mathematical topics. Student understanding is built up through learning the basics of real numbers and Algebra terminology, writing, solving, and graphing equations, and manipulating polynomials through various operations. Students will develop a familiarity with solving with the language and notation of Algebra while learning to think logically through algorithms and solving methods. Emphasis will be placed on developing an awareness of the use of mathematics as it exists in the world today.

**MAT 222 Intermediate Algebra**  
In this course students will explore a wider range of Algebra topics beyond the introductory level. Topics will include polynomials, functions, rational expressions, systems of equations and inequalities, operations with radicals, and quadratic equations. Emphasis will be placed on developing an awareness of the use of mathematics as it exists in the world today.

**MAT 232 Statistical Literacy**  
This course is designed to meet general education quantitative reasoning (mathematics) requirements. It will cover such topics as sampling, bias, probability, distributions, graphical methods of portraying data, measures of center, dispersion and position and the Central Limit Theorem. It will also cover computational techniques such as correlation, regression and confidence intervals

**MAT 540 Statistical Concepts for Research**  
This course demonstrates how to apply selected statistical techniques to a wide variety of problems and situations arising in the areas of business, economics, finance, management, social science, health, psychology, and education. Topics include graphical description of data; measures of location and dispersion; probability; discrete and continuous random variables; sampling distributions and estimation; confidence intervals and hypothesis tests; simple linear regression and correlation.

**MGT Management**

**MGT 300 Supply Management**  
This course introduces the professional practice of supply management and its application to business. Students examine procurement, total cost of ownership, sustainability, and strategic partnerships in a global economy with different market structures. Students also evaluate negotiating and contracting to achieve organizational strategic objectives. Finally, students explore supply management careers.

**MGT 302 Foundations of Production & Operations Management**  
This course addresses the basic concepts of production and operations management, including the use of quantitative methods and analytical tool for forecasting, resource allocation, operations budgeting, capacity planning, project management, supply chain management, and quality assurance. Prerequisites: Quantitative Reasoning, ACC 206 or ACC 202, BUS 308, and MGT 330.

**MGT 321 Assessing Leadership Skills**  
This course introduces students to the concepts, skills, and strategies of personal/professional transformation that are the foundation of leading organizations in diverse communities. Topics include leadership assessment, developing personal vision, establishing a commitment to service, leading in complex communities, managing communication, and creating an environment of excellence.

**MGT 322 Principles of Logistics Management**  
This course introduces logistics/physical distribution and supply, and the related costs. It provides a systematic overview and analysis of the elements of logistics functions in widely varying types of industries and agencies, including handling, warehousing, inventory control, and financial controls.

**MGT 323 Principles of Supply Chain Management**  
This course introduces logistics/physical distribution and supply, and the related costs. It provides a systematic overview and analysis of the elements of logistics functions in widely varying types of industries and agencies, including handling, warehousing, inventory control, and financial controls. Prerequisite: MGT 330.

**MGT 325 Introduction to Transportation Management**  
This course focuses on intermodal transportation as part of supply chain management. The course addresses the development of the global transportation system, transportation regulation, the modes of transportation and how they interface, shipper issues, intermodal transportation management, and the future in transportation. Prerequisite: MGT 330.

**MGT 330 Management for Organizations**  
This course presents an introduction to management theory and practice, including the inter-relatedness that the planning, organizing, leading, and controlling functions play in the multicultural, technology-driven, and global organizations of the 21st century. The emphasis is on the application of management theory to real-life situations in the workplace. (Equivalent to BUS 201.)

**MGT 370 International Supply Chain Management**  
Topics covered in this course include the government’s role in global logistics, the global logistics environment, ocean and air transportation, transportation to Canada, Mexico, and the European continent including intermediaries, documentation, insurance, exporting, and importing. Current trends in globalization will also be explored and evaluated. The role of logistics and transportation organizations in the global supply chain process will be discussed.

**MGT 380 Leadership for Organizations**  
Several leadership styles are examined in this course. Emphasis is placed on developing effective leadership in organizations and personal enterprises, and on developing ethical leadership perspectives in personal and professional decision-making.

**MGT 400 Logistics Management**  
This course is an overview of logistics management in the modern business environment. It examines financial and economic aspects of logistics and highlights the value created by logistics activities. Students will evaluate transportation and warehousing management strategies. The course takes a practical approach to logistics and applies innovative logistics principles to business situations. The course examines contemporary topics, including the role of inventory, that support the organization’s strategic goals. Prerequisite: MGT 300

**MGT 401 Hazardous Materials Management**  
This course addresses the significant issues associated with handling hazardous materials in a logistical system. The course also provides a firm foundation on basic hazardous materials management principles. Topics include definitions of hazardous materials, regulatory overview, technology to treat different hazardous materials, and tracking and manifest rules. Prerequisite: MGT 330.

**MGT 415 Group Behavior in Organizations**  
Theory and research are applied to the study of group dynamics, processes encountered in the small-group setting, and how organizational effectiveness is impacted by small-group and team functioning. The course focuses on group productivity, decision-making, diversity, group communication, resolving group conflict and building effective teams.

**MGT 425 Leadership & Motivation**  
This course examines various approaches to motivation and the design
and implementation of motivational strategies for effective personal and organizational performance.

MGT 435 Organizational Change 3 Credits
In this course, students will study and apply alternative theories, models and strategies for creating and managing organizational change. The effectiveness of management tools in initiating problem solving and decision making to bring about change within organizations is evaluated.

MGT 450 Strategic Planning for Organizations 3 Credits
Strategic Planning introduces students to various management planning models and techniques, and applies these to actual business cases. This course stresses the concepts of both strategic planning and strategic management. Prerequisite: MGT 330.

MGT 460 Leadership Priorities & Practice 3 Credits
Leadership Priorities and Practice is a capstone course that requires students to reflect on and synthesize the major insights gained in their study of organizational management. A substantive paper is developed to illustrate how these insights can be applied effectively in the student’s work environment. Students choosing the personal program of study must show how their chosen concentration relates to organizational management and include insights from each academic area in their synthesis and application. Prerequisite: Successful completion of the General Education Capstone course.

MGT 490 Strategic Human Resources Planning 3 Credits
This course provides a link between the traditional human resources functions (recruiting, staffing, training, performance appraisals, labor relations, and compensation and benefits), strategic planning, and meeting long-range organizational goals and objectives. Prerequisite: Successful completion of the General Education Capstone course.

MGT 492 Strategic Management for the Multinational Enterprise Capstone 3 Credits
The final integrative course in the international business program integrates the basic business functions through strategic management principles. Comprehensive cases deal with global competition in complex changing environments within which the organization seeks to achieve a sustainable competitive advantage. Issues of strategy formulation and implementation are addressed. Prerequisite: Successful completion of the General Education Capstone course.

MGT 496 Strategic Warehouse Management 3 Credits
This course is an overview of the strategic role that the warehousing function plays in the modern logistics environment. Subjects include warehouse strategies, difference in government and non-government systems, layout and design, location, customer service, bar coding, material handling, and measuring warehouse productivity. Prerequisites: MGT 330 and successful completion of the General Education Capstone course.

MGT 497 Strategic Technology Planning for Organizations 3 Credits
In this capstone, students will integrate knowledge and practices explored in the Bachelor of Business Information Systems program 53 core courses. The course examines how an organization can achieve competitive advantage through the strategic alignment of information systems with organizational goals, and provides an opportunity for students to develop an Information Technology Strategic Plan. The course includes use of case analysis and interactive assignments to address industry best practices and challenges in real-world applications of IT strategic planning concepts. Prerequisites: All core BABIS degree program courses.

MGT 601 The Functions of Modern Management 3 Credits
This course serves to advance the knowledge of the functions of management, the underlying theories and literature associated with the management discipline, and build students’ understanding of the relationships across organizational and business functions. Students grapple with current management problems and emerging solutions applied in the context of the organization.

MHA Master Health Care Administration

MHA 601 Principles of Health Care Administration 3 Credits
The focus of this course is on the application of advanced organizational principles in complex health care environments. Organizational issues, administrative processes and applications are explored. The managerial perspectives of a mid-to senior health care administrator are emphasized.

MHA 605 Business Intelligence 3 Credits
Business Intelligence uses technology to transform and analyze data into presentable information for decision-making. Strategic planning is essential for sustainability and business intelligence tools help leaders make the decisions that will positively impact the bottom line.

MHA 612 Financial & Managerial Accounting 3 Credits
This course provides the foundation for integrating health care finance and managerial accounting. Opportunities for analyzing current and emerging health care financing trends are provided. Practical cost-benefit strategies used in planning, controlling and preparing internal and external reports are emphasized.

MHA 616 Health Care Management Information Systems 3 Credits
This course applies health care data in real-world contexts. Factors such as service line identification, program planning, implementation models and outcome monitoring are covered.

MHA 618 Health Economics 3 Credits
This course focuses upon the analysis of health care operations and planning decisions derived from the theoretical concepts of demand, cost production, profit and competition. External and internal forces challenging health care services are analyzed. Organizational effectiveness and efficiency within the complex health care environment are emphasized.

MHA 620 Health Policy Analyses 3 Credits
This course focuses on the analysis and evaluation of health care policy. Policy implications in organizational decision making, strategic planning and market positions are examined.

MHA 622 Health Care Ethics & Law 3 Credits
This course focuses upon the legal and ethical issues arising in the health care environment. Case study analysis is used to illustrate the ethical and legal implications commonly addressed in health care.

MHA 624 Continuous Quality Improvements & Risk Management 3 Credits
This course examines a systemic approach to health care outcomes and risk management practices. Assurance of quality health services and organizational risk control is discussed using industry benchmark and accreditation standards and processes.

MHA 626 Strategic Planning & Marketing in Health Care 3 Credits
This course focuses upon the visioning and modeling of services and programs, both anticipatory and responsive, utilizing market-driven information. Students integrate theories from economics, information management, finance and leadership, culminating in the generation of a comprehensive business plan.

MHA 628 Managed Care & Contractual Services 3 Credits
This course examines the concepts of supply, demand, profits, cost and quality control in a managed care environment. Stakeholder dynamics are explored. Factors such as population, health status, market forces, contractual adjustments, third-party payers, cost allocation, government policies, and legal and ethical implications are explored.

MHA 630 Global & Population Health: Comparative Systems 3 Credits
Global health care needs continue to emerge as interchanges among peoples and nations increase. To effectively address these needs, health
care administrators must understand the social, economic, environmental, and political determinants of health and be prepared to respond to challenges related to health and health care at the local, national, and global level. This course examines the historical evolution of global health challenges as well as the future trends that will continue to impact health and health systems worldwide.

MHA 690 Health Care Capstone 3 Credits
This course offers an opportunity for the integration of knowledge and skills developed within a culminating student project. The focus is on strategic and organizational issues unique to the health care environment. The student will present a comprehensive report at the end of the Capstone experience.

MIL Military Studies
MIL 101 Introduction to Military Studies 3 Credits
This course provides an orientation to the systematic study of the military. It explores topics that include grand strategy, the role of the military in the promotion of national security, how the application of military force can promote peace, the character traits necessary for moral and effective leadership, and the ethical dilemmas raised by the use of military force.

MIL 208 Survey of the American Military since WWI 3 Credits
Since World War I, the American Military has expanded and transformed into a modern military machine. This course will focus on the reasons and ways in which the versatile American Military has been utilized throughout the world, at different times. This course will focus on a selection of significant battles fought by air, land and sea, during World War I, World War II, the Korean War, the Vietnam War and the Persian Gulf War.

MIL 212 The Military as a Peace Keeping Force 3 Credits
This course will examine ways in which militaries are utilized during peace times and in times of conflict. It will focus on NATO, the United Nations, Humanitarian Relief and Disaster Recovery. It will investigate the role external factors such as, international and local politics, geography, media, terrorism, and economics have on a military’s ability to be a peace keeping force.

MIL 275 Military Ethics 3 Credits
Ethical issues faced in the modern world will be examined including the ethics of leadership, just war theory, and the moral status of the rules of war. Students will use critical thinking to determine the ethical implications and solutions for complex issues that are relevant to the current day military. The course will make use of case studies to illustrate moral and ethical dilemmas.

MIL 310 American Military History I 3 Credits
United States military operations from colonial times through World War I. The course draws material from selected disciplines of the humanities, exploring how and why America has gone to war beginning with the American Revolution to the post-World War I period. This course examines how war has shaped national strategy and how conflict affected peace time society.

MIL 311 American Military History II 3 Credits
United States military operations from the end of World War I to the Gulf Wars. The course draws material from selected disciplines of the humanities, exploring how and why America has gone to war beginning with World War II, through the Cold War period, and, finally, the Gulf Wars. This course examines how war has shaped national strategy and how conflict affected peace time society.

MIL 312 Peacekeeping 3 Credits
This course will explore the concept of peacekeeping, particularly as it relates to grand strategy. Both multilateral and unilateral peacekeeping operations will be studied in considerable detail. Students will use a case study methodology to assess the utility and moral implications of peacekeeping operations worldwide.

MIL 322 The Literature of War 3 Credits
The course will provide an overview of the literary content, social values and military significance found in selected works of military literature. Students will gain a contextual, cultural, and humanitarin understanding of the historical influences in military literature.

MIL 350 Studies in Military Leadership 3 Credits
A close examination of how and what made specific American military leaders successful by studying their leadership techniques and military careers. The American Revolution to present day leaders will be examined. This course is designed to inspire an interest in the principles and practices of military leadership and to explore how these high-impact principles and practices may be professionally applied in the workplace.

MIL 497 Military Studies Capstone 3 Credits
Students will demonstrate their mastery of the learning outcomes of the Military Studies major by demonstrating the ability to conduct historical research using primary and secondary sources and by creating a final research paper requiring comprehensive critical analysis of an approved topic in the areas of military leadership, conflicts, peace-making, peacekeeping, and humanitarian efforts. Prerequisite: Successful completion of the General Education Capstone course.

MKT Marketing
MKT 635 Market Research 3 Credits
This course is designed to integrate theory and practice and develop students’ analytical skills in marketing research methodology. Students apply methods and techniques for the collection, analysis, interpretation, and presentation of primary and secondary data toward the solution of current marketing problems.

MKT 640 Brand Publishing 3 Credits
This course builds on leadership, business, management, and marketing concepts contained in the MBA program, while introducing the principles of brand publishing, trending technologies, and customer behavior. Through examples and case studies, students learn to improve the organization, tracking, assembly, personalization, and sourcing of content to establish a center of excellence within an organization. In addition, this capstone project will generate a portfolio project to demonstrate students’ significant execution of brand publishing as a core marketing function and career path.

MPH Master of Public Health
MPH 601 Introduction to Public Health Concepts 3 Credits
This course presents foundational information about the field of public health – its purpose, focus, infrastructure, and tools. The seven program themes (Integration of Science and Practice, Quantitative Foundations, Health Policy, Structural Determinants of Health, Systems Thinking, Leadership, Diversity and Culture) that will be covered in the core courses are introduced in a way that demonstrates the application and integration of these disciplines in the analysis and resolution of public health problems in the community.

MPH 602 Social & Biological Determinants of Public Health 3 Credits
This course provides an overview of current knowledge regarding the social and biological mechanisms of major health concerns in the US and globally. The focus will be on understanding and interpreting the determinants of health and disease in a public health context. Students will examine major public health problems from the past century and the interventions used to address them. Prerequisite: MPH 601.

MPH 603 Applied Behavioral Science 3 Credits
This course provides an overview of the application and use of applied behavioral science. Students will develop an understanding of the theoretical basis of social and behavioral interventions. In addition, students will examine the psychosocial influences on morbidity and mortality where topics covered include definition of the field, sub-
specialties, and real world applications, and aspects of the field. Students will examine the social and behavioral factors responsible for health-related behaviors that lead to morbidity, premature mortality and health disparities. Prerequisite: MPH 602, HIA 625.

**MPH 604 Principles of Epidemiology** 3 Credits
This course provides an introduction to epidemiology for students majoring in any aspect of public health. The focus will be on the principles and methods of epidemiologic investigation, including describing the patterns of illness in populations and research designs for investigating the etiology of disease. Students will examine quantitative measures to determine risk, association, and procedures for standardization of rates. Prerequisite: MPH 603.

**MPH 605 Environmental Health Sciences** 3 Credits
Students will illustrate the connection between physical, biological, and chemical agents in the environment. Students will also become familiar with data sources, methodologies, and policy approaches being used to address the public health impacts of environmental and occupational health hazards through the use of problem-solving frameworks. Students will also gain a more complete understanding of how built environments can affect multiple aspects of health and the populations they house. Prerequisite: MPH 606.

**MPH 606 Health Services Administration** 3 Credits
This course offers students the opportunity to acquire the leadership and management skills needed to pursue positions of authority and influence in organizations that serve the public and promote public health. An emphasis will be placed on understanding the greater health care system and how they serve culturally diverse populations. Topics to be covered include: overview of the U.S. Health Care System (private and public sectors), interface between Public Health and U.S. Health Care System, various health care delivery structures, health care workforce, health care resources, types of health services, financing of health services and health care coverage, meeting the health care needs of special populations, and critical issues in health services. The student will conduct a community health system analysis. Prerequisite: MPH 604.

**MPH 607 Global Health** 3 Credits
During the course a broad snapshot of global health will be presented, providing students with insight into the challenges currently facing global health. Students will also gain an understanding of why tackling global health issues is such an important endeavor with the potential to reduce poverty, build stronger economies and promote peace. Students will not only be exposed to the major communicable and noncommunicable diseases posing a profound effect on health (especially within the developing world), but they will also learn how socioeconomic and demographic differences can influence the burden of disease. Students will be encouraged to understand that solving global health problems requires the input of multiple disciplines (e.g. the sciences, ethics, economics and diplomacy). Prerequisite: HIA 625.

**MPH 608 Health Communication Practice & Theory** 3 Credits
This course is designed to examine research and practice in the area of health communication with a special focus on how health media campaigns are planned and executed in order to stimulate change in knowledge, attitudes, behavior, and subsequent health outcomes. This examination will include the review of the history of health communication campaigns, selected case studies of campaigns, and the theoretical foundation for the design and implementation of campaigns health. Prerequisite: MPH 606.

**MPH 609 Public Health Education Methods** 3 Credits
Research methods are at the center of our approach to knowledge and understanding in public health. An opinion alone does not hold weight. Theories are supported by concrete evidence. This class provides an introduction to this way of thinking, i.e., into methodology or the "science of finding out". The purpose of this course is to train students in how to collect and analyze data on social phenomena in a rigorous and scientific manner. This knowledge requires an understanding of three different components: 1) inquiry and research design, 2) data collection, and 3) data analysis. Prerequisite: MPH 605.

**MPH 610 Public Health Program Planning & Implementation** 3 Credits
This course is designed to assist individuals to become responsible and productive public health professionals who are capable of planning, implementing, and managing health promotion and education programs for public health. Concepts in community assessment, organization, and mobilization for the purposes of addressing identified public health concerns will serve as the foundation for the public health planning process. Appropriate techniques of partnership building, planning strategies, data collection, data analysis, and evidence-based decision-making will also be introduced. Prerequisite: MPH 609.

**MPH 611 Public Health Program Assessment & Evaluation** 3 Credits
Public health specialists must develop the expertise and adaptability to manage the complexities of research design encountered in evaluations. Public health specialists must also develop expertise in psychometrics, statistical analysis, and in substantive disciplines, to develop and evaluate tests and assessments. These skills form a strong foundation in theory and methodology coupled with practical experience in real evaluation and assessment projects. Students will learn to apply theory and advanced methods in evaluation and assessment to public health programs, campaigns, and initiatives. Prerequisite: MPH 610.

**MPH 621 Public Health Systems** 3 Credits
Students will explore the history, basic structures and operations of public health and health care delivery systems based on the 10 Essential Public Health Services. They will learn to apply the core functions and essential public health services framework to public health problems, and identify the main components and issues of the organization, financing and delivery of health services and public health systems in the US. Prerequisite: HIA 625.

**MPH 623 Human Resources Management** 3 Credits
This course provides a study on managing people in the health care workplace, focusing on the important policies and processes associated with recruiting, hiring, training and evaluating personnel in order to achieve strategic organizational goals. Prerequisite: MHA 622.

**MPH 650 Public Health Practicum I** 1 Credit
The practicum provides students with a unique opportunity to gain professional experience and apply knowledge and skills learned in the classroom to real-world public health settings and real-time public health issues. The practicum is critical to students’ academic and professional development and their ability to become competent in the practice of public health. This course includes 30 hours of practicum experience. Prerequisite: Practicum Site approval.

**MPH 651 Public Health Practicum II** 1 Credit
The practicum provides students with a unique opportunity to gain professional experience and apply knowledge and skills learned in the classroom to real-world public health settings and real-time public health issues. The practicum is critical to students’ academic and professional development and their ability to become competent in the practice of public health. This course includes 30 hours of practicum experience. Prerequisite: MPH 650.

**MPH 652 Public Health Practicum III** 1 Credit
The practicum provides students with a unique opportunity to gain professional experience and apply knowledge and skills learned in the classroom to real-world public health settings and real-time public health issues. The practicum is critical to students’ academic and professional development and their ability to become competent in the practice of public health. This course includes 30 hours of practicum experience. Prerequisite: MPH 651.

**MPH 653 Public Health Practicum Extension** 3 Credits
When practicum is incomplete and all courses in the Master of Public Health degree are complete, students must register in Public Health Practicum Extension consecutively until the Practicum is complete. Prerequisite: MPH 652.
NUR Nursing
NUR 300 Professional Role Development & Practice in Nursing 3 Credits
This course focuses on the baccalaureate-prepared nurse’s role(s) in professional practice, and the alignment of nursing theories with practice and research. The course surveys important changes that have occurred in the nursing profession over the years, such as the ANCC Magnet Recognition Program. The course will cover quality and safety education for nurses (QSEN), the nursing scope of practice as defined by the American Nurses Association (ANA), the Institute of Medicine’s (IOM’s) core competencies in collaborative care, nursing ethics, education, health promotion, and disease prevention, as they relate to professional nursing roles. Students will apply critical thinking, evidence-based practice (EBP), and continuous quality improvement (CQI) to professional nursing practice. This course includes 20 hours of practice experience activities. Prerequisites: ENG 328.

NUR 302 Transcultural Nursing Care 3 Credits
This course focuses on the differences and similarities among cultures with respect to human care, health, and illness and how these considerations apply to real-world nursing practices. Students enrolled in the course develop their scientific and humanistic knowledge by integrating their own history, life experiences, beliefs, and values and by assessing how these factors have the potential to impact the ways in which they provide culturally competent care. Prerequisite: NUR 300.

NUR 304 Health Assessment 3 Credits
This course prepares RN to BSN students to synthesize the comprehensive health assessment. Emphasis is placed on the acquisition, processing, and interpretation of data collected from clients of all ages. A physical, psychological, sociocultural, and spiritual approach, which is supported by evidence-based practices is used to assess the client and to incorporate consideration of the client's needs, state of wellness, developmental level, and response to life experiences. Students also evaluate current health policy and technology to support health assessment to improve community health. Prerequisite: NUR 302.

NUR 306 Nursing Research 3 Credits
This course provides the scientific foundation for professional practice. It introduces the student to the basic research methodologies and statistical concepts, and qualitative, quantitative, and epidemiologic research designs. Research methods and findings are appraised and applied within the framework of evidence-based professional practice. Research proposal development as a foundation for nursing inquiry is emphasized. Prerequisite: NUR 300.

NUR 400 Family Health Nursing 3 Credits
Major theoretical models and frameworks for developing clinical skills in assessing, diagnosing, planning, implementing, and evaluating holistic nursing interventions across the family life cycle are presented. Contemporary issues related to diverse family structures, cultural and socioeconomic influences on access to and delivery of health care, and provision of culturally-competent family nursing care are emphasized. Knowledge and skill development in providing evidence-based nursing care and coordinating health care for families experiencing acute and chronic illnesses, including transitions in level of care and care settings, are reinforced. Community-based nursing assessment and interventions with physically-, psychologically-, and socially-vulnerable client populations within a family health context are explored. Prerequisites: NUR 304, NUR 306 and GRO 325.

NUR 402 Community Health Nursing 3 Credits
This course focuses on culturally diverse populations and aggregates in communities to achieve an optimum level of wellness. Special emphasis is placed on advanced theoretical concepts related to health promotion, risk reduction, disease prevention, and development processes. Students gain skills needed to influence policy and to support the changes in a community context. They examine health care reform and its impact on communities, evaluate policies that influence the structure, financing, and quality in health care, and examine health care delivery from a global perspective. Through discussions and other activities, students examine the effect of legal and regulatory processes on nursing practice, health care delivery, and population health outcomes as well as ways to advocate for promotion and preservation of population health. This course includes 20 hours of practice experience activities. Prerequisites: NUR 304 and NUR 306.

NUR 404 Nursing Care and Management of Chronic Illness and Disability 3 Credits
This course focuses on the interrelationship among functioning, health, and disability, which is analyzed within a biopsychosocial context. Pathophysiological, psychosocial, and functional aspects of chronic health conditions, across the lifespan and linked to the following physiological systems, are presented: respiratory, cardiovascular, neurological, gastrointestinal, renal, endocrine, immune/inflammatory, hematological, and skeletal/integumentary. The Chronic Care Model (CCM), multidisciplinary care, and current therapeutic modalities and disease management for these conditions are explored. Development of evidence-based, community-focused chronic illness nursing assessment, care plans, and interventions, including care coordination strategies, is emphasized. Prerequisites: NUR 400 and NUR 402.

NUR 406 Leading and Managing in Nursing 3 Credits
To effectively transition from a clinical nursing role to leadership, nursing professionals must possess business savvy and specialty skills that allow them to meet the demands an evolving and changing industry while maintaining the caring competencies of the nursing profession. This course introduces and reinforces group-promoting teamwork, leadership, delegation, supervision, health care ethical decision-making processes, strategic planning, and business negotiation. This course includes 20 hours of practice experience activities. Prerequisites: NUR 304 and NUR 306.

NUR 492 Capstone I: Nursing Practice Improvement Inquiry 3 Credits
This course, and its companion, NUR 494, represent the culmination of learning in the nursing program, and provide students an opportunity to synthesize and demonstrate knowledge of biopsychosocial health alterations and health promotion with clients across multiple practice settings, with an emphasis on patient population/community practice, the importance of culture and diversity in nursing practice, health policy, knowledge of nursing leadership, intra- and interprofessional collaboration, ethics, and research. Integrated knowledge and skills will be demonstrated through the development of a capstone project proposal related to the identification and critical, evidence-based, research exploration of a nursing practice problem, and strategies for quality improvement in the areas of health informatics, leadership and management, or population/community health. NUR 492 and NUR 494 includes 30 hours of practice experience activities. Prerequisites: NUR 404, NUR 406 and permission of the program chair.

NUR 494 Capstone II: Nursing Practice Improvement and Evaluation 3 Credits
Demonstration of integrated theoretical, research, and evidence-based practice knowledge and skills is foundational to the role of the professional, bachelor’s-prepared nurse. The student will utilize the capstone project proposal developed in NUR 492 to develop a comprehensive improvement plan for the identified nursing practice problem, which encompasses best practices utilizing: quality and safety in patient care, nursing informatics, health policy, community/population health, nursing leadership, ethical and professional.
standards, and integration of theory. The plan will include strategies for evaluating its identified outcomes. The project will highlight the knowledge gained of the professional nurse practice role, specialized patient population, and health care-practice setting. NUR 492 and NUR 494 includes 30 hours of practice experience activities. Prerequisites: NUR 492 and permission of the program chair.

OMM Organizational Management

OMM 612 Managing in Social Change 3 Credits
This course considers key aspects of social change in today’s complex and interdependent business world, analyzes their effect on how managers position their business enterprises, and identifies decision-making strategies that allow mission-driven organizations to contribute to social transformation.

OMM 615 Strategies: Marketing/Advertising/Public Relations 3 Credits
This course explores practical ways to develop organizational communication plans that integrate marketing, advertising and public relations strategies. Emphasis is given to the dynamic process of managerial decision-making required to implement an integrated communication plan effectively in order to achieve organizational goals.

OMM 618 Human Resources Management 3 Credits
This course is a study on managing people in the workplace, focusing on the important policies and processes associated with recruiting, hiring, training and evaluating personnel in order to achieve strategic organizational goals.

OMM 622 Financial Decision-making 3 Credits
The course is designed to allow individuals who do not prepare accounting and financial documents to understand and use these documents as tools in effective managerial decision-making, control and planning. Topics include purposes of financial statements, analysis of financial statements using basic accounting concepts, budgeting, and financial accountability in an organization.

OMM 640 Business Ethics & Social Responsibility 3 Credits
This course analyzes organizational, professional and personal ethics and creates a framework for exploring the social responsibilities of managers and organizational leaders. Various methodologies will be used to explore ways to encourage ethical development and moral behavior within organizational culture and to resolve business ethical issues and dilemmas.

OMM 692 Organizational Management Strategy 3 Credits
This capstone course explores the formulation, implementation and maintenance of organizational strategic management. In the context of a globally competitive market, students will explore methods of directing an entire organization. Topics include: analysis of competitive position, value creation, developing systems-wide goals and objectives, and the creation of a strategic plan. This course is cumulative in nature, integrating knowledge and information attained while completing the entire program curriculum.

POL Political Science

POL 111 Introduction to Political Science 3 Credits
This course is an introduction to selected institutions, processes, and forms of political behavior, the operation of the three branches of government, and the making of national policy.

POL 211 Introduction to Politics 3 Credits
This course is an introduction to the complexity and nuance of Political Science. It explores the political and social dynamics of choice, action, and consequence that underlie and support all political phenomena. Specifically, this course focuses on the why and how of politics rather than the what, in order to provide students with useful, current, and relevant conceptual and theoretical tools for enhancing their critical thinking skills.

POL 255 Introduction to International Relations 3 Credits
This course in International Relations is an introductory study of the interactions and interconnectivity of the countries of the world. The course emphasizes the need to think critically about international politics and foreign policy. Consequently, this course focuses topically on how and why wars begin, balances of power between states, international institutions, collective security, international communications, human rights, globalization, regime types, international trade, environmental change, imperialism, injustice, inequality, and other issues relevant to the changing world.

POL 303 The American Constitution 3 Credits
This course is a study of the Constitution of the United States and its role in American history and government. The study covers the drafting and ratification of the Constitution, its subsequent amendment and interpretation, and its contemporary role in American politics and government.

POL 310 Environmental Policies 3 Credits
Examines political, social, and economic policies and their impact on the global environment. Also explores ways in which policy decisions can serve to protect the environment.

POL 319 State & Local Government 3 Credits
This course examines the structure and processes of state and local
POL 325 Congress & the Presidency 3 Credits
This course examines the notion of shared governance as it applies to two central institutions of the American national government, Congress and the Presidency. Students have an opportunity to learn more about the history, structure, and functions of each institution but there is much emphasis placed on the relationship between Congress and the Presidency. Topics include leadership, policymaking, tensions within each institution and between the different institutions, and a focus on a variety of public policy areas.

POL 353 Comparative Politics 3 Credits
This course introduces the basic concepts and theories of comparative politics through an analysis of selected political systems and governments from various regions and societies across the world. Topical analysis in the course includes an emphasis on key political institutions, political culture, ideology, globalization, conflict and stability, various state and non-state actors, and on issues associated with economic development and underdevelopment.

POL 411 Political Behavior 3 Credits
Students will study political behavior as it relates to campaigns and elections in the United States. Selected course themes include political communication, participation, voting, and elections.

POL 470 Introduction to Political Analysis 3 Credits
This course introduces the preliminary processes needed to research and write presentable and professional Political Science papers. Practical, hands-on experience and in-class exercises will walk students through the research process and enable them to create expert research products. Specifically, this course focuses on how to choose a research topic, conduct a thorough literature review, make critical research design decisions, collect and analyze relevant data, and skillfully document and present the results of the research. Prerequisite: 18 credit hours in Political Science.

POL 480 Methodology in Political Science 3 Credits
This course completes the process of learning how to conduct political analysis and critically assess statistical research. In this course, students will learn how to measure political science events and actions, identify and assess pertinent variables, design valid hypothesis testing techniques, control for alternative hypotheses, and interpret data in various formats, including graphs, statistical tables, and charts. Students will utilize pragmatic, relevant Political Science-related exercises to enhance and refine their political science analysis skills. Prerequisite: POL 470.

POL 497 Political Science Capstone 3 Credits
In this final course, students will demonstrate mastery of program outcomes in Political Science and Government by applying the scientific method and research analysis to create a professional research paper examining a current and relevant political issue. Prerequisite: Successful completion of the General Education Capstone course.

PPA Public Administration

PPA 301 Principles of Public Administration 3 Credits
An introductory examination of the characteristics of the public organization and its impact on society including analysis of the principles of public administration, personnel issues, budgetary activities, legal dynamics, as well as historical development of the field are included.

PPA 303 Finance for Public Administrators 3 Credits
This course addresses the principles of state and local financing of government, sources of public revenue, objects of public expenditures, problems of fiscal administration, emerging policy issues involving land use and taxation, spending and budgeting, intergovernmental cooperation, debt financing, financing for economic development, and privatization. Prerequisite: ECO 203.

PPA 305 Budgeting for Public Administrators 3 Credits
This is an introductory course in government budgeting dealing with public revenue, expenditure policies, and politics of the budgetary process while addressing current issues and challenges in this field.

PPA 307 Intergovernmental Relations & Issues 3 Credits
The theory and practice of intergovernmental relations and the various issues that accompany the daily operations and affect the overall efficiency of our system. This course will address both the legal and political perspectives of the interactions, relationships and public policy considerations throughout the various components and levels of government. Prerequisite: PPA 301.

PPA 401 Urban Management 3 Credits
This course is an introduction to formal and informal elements of urban management systems addressing the exploration of alternative approaches to dealing with problems arising from rapid urban growth. Prerequisite: PPA 301.

PPA 403 Administrative Law 3 Credits
A study of the nature and the law of the administrative procedure, of separation and delegation of powers, and of the scope of judicial review and other remedies against administrative actions.

PPA 405 Personnel Management 3 Credits
An examination of the essential processes, policies, and laws pertaining to public personnel including an analysis of issues concerning public personnel administrators, employee protection, motivation, and effectiveness.

PPA 497 Public Policy Formation 3 Credits
A study of how the dynamics of governmental decision making influence the content of public policy; course focuses upon how legislators, interest groups, chief executives, and the bureaucracy function to define alternatives and to shape policy agenda and content. Prerequisites: PPA 301 and successful completion of the General Education Capstone course.

PPA 601 Foundations of Public Administration 3 Credits
This course examines the theory and practice of public administration, its legal and constitutional foundation and the role of the public administrator in public policy. The context of the course discussions are based on the current issues facing public agency administrators.

PPA 602 Public Financial Management 3 Credits
This course is an exploration of current governmental fiscal management techniques and issues. Other course topics include various types of financial and technical assistance as well as quasi-governmental and non-profit management organizations.

PPA 603 Government Budgeting 3 Credits
This is a comprehensive, straightforward examination of government budgeting. Topics deal with include the advantages and disadvantages of various approaches to revenue projection, the collection and review of departmental proposals, the development of capital budgeting policy and other budgeting tasks. Also addressed are budget implementation, accounting and financial reporting. A variety of methods for maintaining budgetary balance, preventing overspending and dealing with contingencies are presented and discussed.

PPA 604 Urban Planning/Redevelopment 3 Credits
This course focuses upon the visioning and modeling of services and programs, both anticipatory and responsive, utilizing market-driven information. Students integrate theories from economics, information management, finance and leadership, culminating in the generation of a comprehensive business plan.

PPA 605 Negotiation, Bargaining & Conflict Management 3 Credits
This course analyzes bargaining and negotiation principles and practices
COURSE DESCRIPTIONS

in the public sector. The course focuses on the financial issues of contract negotiations and labor relations and building negotiation skills of the administrator.

PPA 699 Public Policy Development 3 Credits
This course is an examination of influences affecting policy development and decision making in the urban political arena. It also covers policy management, policy execution, establishing and measuring criteria for policy success, and effective communication throughout the public policy process. This course is cumulative in nature, integrating knowledge and information attained while completing the entire MPA curriculum. In addition, this course requires the generation and presentation of an analysis of a community development project.

PRM Project Management

PRM 300 Introduction to Project Management 3 Credits
This course provides the foundational principles and techniques to initiate, plan, execute, control, and close projects. Topics such as the project life-cycle management, project organizations and leadership, project team building will be covered. Project management methods and techniques for project charter, scope, schedule, budget, risk management, control and closeout, and project management software are also covered.

PSY Psychology

PSY 101 Introduction to Psychology 3 Credits
This course is a survey of selected topics in psychology, including research methods, physiological psychology, sensation, perception, consciousness, learning, memory, motivation, gender roles, abnormal behavior, psychotherapy, and social psychology.

PSY 104 Child & Adolescent Development 3 Credits
This course provides a basic introduction to the nature of human growth and development as it occurs from conception through adolescence. Students are provided the opportunity to explore the “what,” “how,” and “when” of physical motor, cognitive, socio-emotional, moral aesthetic, and language development. Exploration is emphasized through activities that allow students to understand and appreciate both typical and atypical development within the context of the family and society and to recognize the impact of individual, cultural and linguistic differences on development.

PSY 202 Adult Development & Life Assessment 3 Credits
This course presents adult development theory and links theoretical concepts of life and learning through a process of psychometric assessment and reflection. Both classical and contemporary adult development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined. These theories then provide the paradigm for self-analysis and life learning, including a plan for development theories are examined.

PSY 203 Psychology of Human Sexuality 3 Credits
This course examines various perspectives on sexuality, such as its biological, psychological, social, and cultural dimensions. Topics examined include but are not limited to: male and female reproductive anatomy and physiology of sexual responding; sexual development, behavior, and identity over the life span; and variations in typical and atypical sexual behavior and expression. Emphasis is placed on the human sexual experience as a vehicle for self-awareness, self-understanding, and self-acceptance.

PSY 301 Social Psychology 3 Credits
Students explore how the thoughts, feelings and behavior of individuals are influenced by other human beings in a variety of social situations. This course also entails a survey and critical analysis of the various methods used by researchers in social psychology. Topics include: social cognition, aggression, prejudice, interpersonal attraction, altruistic behavior, conformity, group influences, and conflict resolution. Prerequisite: PSY 101 or SSC 101 or equivalent.

PSY 302 Industrial/Organizational Psychology 3 Credits
This course examines the influence of an organization upon the individual, as well as ways an individual can influence an organization. Topics include recruiting, personnel selection, organizational climate, group problem solving, and conflict resolution.

PSY 303 Abnormal Psychology 3 Credits
The course entails a study of the diagnosis, causes, treatment, and prevention of psychological disorders. Problems with the reliability and validity of the American Psychiatric Association system for diagnosing psychological disorders will be discussed, and various alternative systems will be introduced. Prerequisite: PSY 101 or equivalent and PSY 330.

PSY 304 Lifespan Development 3 Credits
This course consists of the application of the methods and principles of several fields of psychology to an extensive study of human growth development in the child, adolescent, and adult. Prerequisite: PSY 101.

PSY 307 The Journey of Adulthood 3 Credits
This course presents process-oriented, multi-disciplinary views, principles, research findings, and perspectives across the adulthood continuum: early adulthood, middle adulthood, and late adulthood. Students gain an understanding of developmental changes occurring in the realms of biology, anatomy, and social and cultural contexts in which aging occurs.

PSY 317 Cognitive Functioning in the Elderly 3 Credits
This course explores cognitive functioning in later life including biological, socioeconomic, environmental, cognitive adaptation, and life history factors influencing cognitive function as an individual progresses along a developmental continuum. The major psychological constructs of self concept, socialization, and thinking processes are presented. Etiology, interventions, education, and support systems are discussed. Prerequisite: PSY 101 or equivalent.

PSY 322 Perception, Learning, & Cognition 3 Credits
Students will study research and theory about mental processes that go between experience and the human mind. Students will gather and interpret data for several simple experiments that demonstrate classic research findings in perception, learning, and cognition. Perception entails the mental processes involved in the organization and interpretation of sensory experience. Learning entails relatively permanent changes in behavior that result from experience. Cognition explains how the mind processes information, how we encode, store, and retrieve memories, and how we use information to form beliefs, make decisions, and solve problems. Prerequisite: PSY 101 or equivalent.

PSY 325 Statistics for the Behavioral & Social Sciences 3 Credits
Descriptive and inferential statistics are investigated and multiple techniques for statistical analysis are introduced in this course. Formulas for presenting and evaluating data are explored in accordance with generally accepted protocol for statistical analysis. Prerequisite: MAT 232

PSY 326 Research Methods 3 Credits
Research Methods is an introduction to the foundations of research methodology, design and analysis. Basic principles of qualitative and quantitative research are explored and evaluated. Understanding the results of statistical analysis as it applies to research is a focus of this curriculum. Prerequisite: MAT 232

PSY 330 Theories of Personality 3 Credits
This course reviews the basic concepts and principles of the major theories of personality. It also assesses the scientific worth and validity of these theories as they relate to the development of personality. Theoretical assumptions of the importance of environment and genetics will be stressed. Students will be challenged to identify the theoretical concepts that they think best describe personality development and to evaluate their own personality, as it relates to the theories being presented. Prerequisite: PSY 101 or equivalent.
PSY 331 Psychology of Learning 3 Credits
This course provides an introduction to the study of learning and motivation. It covers topics such as classical and operant conditioning, reinforcement schedules, and cognitive theories of learning. Students will learn how to apply these theories to real-world situations.

PSY 344 Issues & Trends in Adult Development 3 Credits
This course examines the developmental issues and trends that impact individuals throughout adulthood. Topics include aging, career development, family dynamics, and the changing roles of individuals in contemporary society.

PSY 350 Physiological Psychology 3 Credits
Students study the anatomy and physiology of the brain, spinal cord, peripheral nervous system, and endocrine system. Study of the biological systems promotes better understanding of mind-body relationships important to health, stress, sex, sleep, emotion, learning, and memory. Students also examine medical theories, assessment, and treatments of psychological disorders including new imaging technologies and drug therapy. Prerequisite: PSY 101 or equivalent.

PSY 352 Cognitive Psychology 3 Credits
Cognitive psychology takes a scientific approach to understanding the fundamental mental processes involved in everyday cognition. This course covers the topics of perception, attention, memory, and language by examining both classic and contemporary cognitive psychology methods and experimental results. Prerequisites: PSY 101

PSY 361 Health Psychology 3 Credits
Students explore the mind/body relationship as it pertains to health, stress, and the person’s response to medical treatment. This course includes a review of anatomy and physiology of the nervous system, the endocrine system, the immune system, and other organ systems. Students explore new strategies of applied psychology for sustaining health, managing stress, and recovering successfully from disease, injury, and medical treatment.

PSY 380 Counseling & Behavior Change 3 Credits
This course is designed for students entering into human service fields. Students compare and contrast behavior change theories and models, determine client needs, apply motivational strategies and counseling skills, and evaluate moral and ethical issues. Cultural competency and cultural sensitivity concepts are also discussed. Prerequisites: HWE 200 and PSY 361.

PSY 495 Adult Development Capstone 3 Credits
This course is a synthesis of the major ideas, perspectives, and concepts gained from the study of adult development. A substantive paper is developed which requires students to critically analyze their experiences and integrate knowledge gained throughout the program. Prerequisite: Successful completion of the General Education Capstone course.

PSY 496 Applied Project 3 Credits
This course provides a synthesis of the major ideas, perspectives, theories, and concepts gained from the study of psychology. A substantive simulated research project is created, providing students the opportunity to integrate key learning and knowledge gained from throughout the degree program. Prerequisites: Successful completion of the General Education Capstone course and the majority of the major coursework.

PSY 600 Introduction to Graduate Study in Psychology 3 Credits
This course provides an introduction to graduate study at Ashford University in the field of psychology. Students will explore psychology as a science and profession. They will examine professional roles and organizations, ethics and professional standards, theoretical perspectives, and contemporary practical applications of psychology to real-world situations.

PSY 605 Developmental Psychology 3 Credits
This course will cover developmental and contextual experiences of humans across the lifespan. Emphasis will be placed on issues and questions that have dominated the field over time and continue to provide impetus for research. Interactions will focus on articles that describe and illustrate current theories and trends. Students will read selected research articles and self-select additional readings related to weekly topics and personal interest. These topics include theoretical trends and foundations in research, policy and ethics, health and wellness, human development context, and end-of-life issues.

PSY 610 Applied Social Psychology 3 Credits
This course provides a comprehensive examination of the science of social psychology as well as how it is applied to manage and aid the understanding of contemporary social issues. Topics include social quandaries encountered in the fields of mental and physical health, the workplace, the education system, and the legal system. Students will study seminal theories and research that informs the practical application of social psychology to real-life situations. Students will also apply social psychology theory and research to explain current social issues.

PSY 615 Personality Theories 3 Credits
This course provides an overview of the basic concepts and principles of the major theories of personality. Students will assess the scientific worth and validity of these theories based on case studies that show how these theories are applied to the treatment of psychological disorders and how personality assessments are applied in different settings. Detailed descriptions of healthy and unhealthy personality types will be stressed, and students will be challenged to evaluate various assessment tools as they relate to the respective theories being presented.

PSY 620 Learning & Cognition 3 Credits
This course introduces students to multiple dimensions of learning and cognition, which range from the basic processes underlying learning to the contexts that promote self-regulation and metacognition. As the foundation of cognitive psychology, learning and cognition encompasses many topics including attention, memory, categorization, problem solving, epistemology, language acquisition, and recognition of diversity. During the course, students will study a broad range of content through an eclectic collection of peer-reviewed articles focusing on the different aspects of learning and cognition. This course highlights main findings, established facts, and skills in learning and cognition that are applicable to a wide range of contexts.

PSY 625 Biological Bases of Behavior 3 Credits
In this course students will explore the detailed anatomy and physiology of the brain, including cellular physiology, synaptic transmission, and clinical neuroanatomy. Theories that focus on the relationship between brain function and behavior will be reviewed, and students will illustrate their understanding of important brain networks, including those involved in sensation/perception, language, memory, movement, and emotions. Through a review of the history of behavioral neuroscience, students will learn about the relationship between symptom presentation and underlying theories of neuroanatomy/neuropsychology as well as how these concepts have evolved over time. Students will also become familiar with important research methods used in neuroscience by analyzing current concepts in brain aging and neurodegenerative diseases. For the final assignment in the course, students will design a grant proposal that focuses on a particular disorder/syndrome in the area of neurophysiology. Prerequisites: PSY 600, PSY 605, PSY 610, PSY 615 and PSY 620.

PSY 630 Psychopharmacology 3 Credits
Students will examine the activity of drugs, both therapeutic and recreational, on the body with an emphasis on the brain. Theories of the biological basis of psychiatric disorders will be explored as a basis for examining the professional standards behind therapeutic drug use. The history of drug use, research methods and ethical concerns will be examined. Prerequisite: PSY 625.
PSY 635 Research Design & Methods 3 Credits
This course reviews the basic concepts of common quantitative research methods and introduces research design using qualitative and mixed methods. In the review of quantitative methods, emphasis will be placed on experimental research designs. Students will be challenged to select appropriate research designs and methodologies for various research questions. The course will culminate in a detailed research proposal on topics chosen by the students.

PSY 640 Psychological Testing & Assessment 3 Credits
The course includes an overview of individual and group approaches to testing in psychology. Students will review psychological assessments utilized to evaluate personality, intelligence, achievement, and career-related interests and skills in a variety of work settings. The course will provide students with opportunities to analyze psychometric methodologies typically employed in the development and validation of psychological and educational tests. Students will apply knowledge of psychological measurement principles to testing and assessment data with an emphasis on ethical and professional interpretation. Issues and challenges related to testing and assessment with diverse populations will be integrated into the course. Prerequisite: PSY 635

PSY 645 Psychopathology 3 Credits
This course introduces students to objective and phenomenological understandings of psychological symptoms and disorders. Students will draw from various theoretical and historical perspectives to build their understanding of diagnostic and treatment methods for psychological disorders and develop their appreciation for evidence-based practices. Additionally, students will be encouraged to conceptualize psychopathology from a socioculturally sensitive standpoint through the examination of culture-related syndromes. Diagnostic manuals and handbooks will be discussed and used throughout the course. Prerequisite: PSY 645

PSY 650 Introduction to Clinical & Counseling Psychology 3 Credits
This course examines similarities and differences in clinical and counseling psychology, with an emphasis on professional roles and activities. Students will gain greater awareness of their attitudes toward various ethical and professional issues, psychotherapy modalities, theoretical orientations, and clinical interventions through case studies. Evidenced-based practices and psychotherapy integration will also be covered during the course.

PSY 699 Master of Arts in Psychology Capstone 3 Credits
The capstone course is the culminating educational experience for the Master of Arts in Psychology. In this course, students will integrate and apply what they have learned throughout the program to meet competencies as outlined in the program learning outcomes. Students will be exposed to a holistic view of psychology as a discipline, and they will be encouraged to think critically about the broader themes that link various subfields of psychology. Students will reflect on the experience of the program as a whole and will consider how the program’s themes apply to a variety of civic and professional settings. The capstone affords students a final opportunity to practice and demonstrate the skills they will need to succeed after graduation.

RES Real Estate Studies
RES 301 Principles of Real Estate 3 Credits
This course introduces students to the general principles of real estate, to include industry terminology, ethics, deeds, listing and purchase agreements, agency, contracts, and property valuation decisions. Emphasis will also be on factors impacting local and national real estate markets.

RES 325 Real Estate Practice 3 Credits
This course examines the basic job functions of real estate salespersons and brokers. Property listing, advertising, escrow, sales, and establishing a client base will be covered with practical applications for completing successful transactions.

RES 327 Real Estate Economics 3 Credits
This course is a study of the foundational economic principles of real estate with an overview of the U.S. capitalist system. Focus will be on land use, markets, cycles and growth patterns, as well as property and income taxation.

RES 334 Real Estate Finance 3 Credits
This course primarily examines the residential real estate finance markets and their impacts on consumers, but will also cover facets of commercial real estate. Mortgage options and purchase costs will be highlighted with attention to theories of real estate investment.

RES 345 Legal Aspects of Real Estate 3 Credits
This course is a study of the legal system and its impact on purchase, ownership, sale, and leasing of real estate. Topics to be covered include contracts, wills, zoning, and environmental law, as well as Constitutional issues in real estate.

RES 429 Property Management 3 Credits
This course provides the framework for the management and development of inventory of private and commercial real estate properties on a large scale. Included emphases are the roles of the property manager, landlord duties and policies, leases, maintenance, reports, and insurance.

RES 431 Commercial Real Estate Investment 3 Credits
This course examines investment transactions, asset management, and enterprise management as the core components of commercial real estate investment. Methods for determining the value of commercial properties and the sources of real estate capital are also discussed.

RES 450 Real Estate Appraisal 3 Credits
A study of the functions and approaches to appraisal, which include cost, income, and the direct sale comparison approach. The social and economic factors that impact determination of value will be discussed with emphasis on analyzing market data.

RES 497 Strategic Management of the Real Estate Enterprise 3 Credits
This capstone course discusses the managerial decision-making and problem-solving processes that determine the failure or success of a real estate enterprise. Strategy formulation, implementation, and evaluation and control are key points of comprehensive focus. The course also incorporates program comprehensive demonstrations of knowledge. Prerequisite: Successful completion of the General Education Capstone course.

SCI Science
SCI 207 Our Dependence Upon the Environment 4 Credits
In this course, learners deepen their understanding of the importance of natural resources to mankind. Students explore physical, biological, and ecological principles, examine how human alterations affect the environment, and reflect on the controversies surrounding various approaches to addressing environmental problems and the steps some communities have taken to address these challenges.

SOC Sociology
SOC 101 Introduction to Sociology 3 Credits
This introductory course presents basic concepts, theories, and research in sociology. Group organization, sex and gender, marriage and the family, sports as a social institution, and collective behavior are among the topics considered.

SOC 120 Introduction to Ethics & Social Responsibility 3 Credits
This course introduces the basic ethical concepts and explores philosophic perspectives for understanding the meaning of social responsibility. Topics include ethical theories, the role of government, the role of corporations, environmental issues, and ethical integrity.

SOC 203 Social Problems 3 Credits
Drugs, poverty, illiteracy, homelessness, AIDS, undocumented aliens,
single-parent families, urban and farm crises, and racial and environmental issues are examined. Possible causes and remedies are scrutinized.

SOC 205 Social Theory 3 Credits
Social theory refers to efforts to understand and illuminate the nature of social life. As such, social theory is not only the domain of sociologists. Contributors to social theory include economists, philosophers, psychologists, historians, activists, dramatists, essayists, poets, and novelists. Moreover, ordinary folks like us also theorize about social life. Social theories are crucial for helping us as individuals make sense of our daily lives, and they are essential to understanding new research, social practices and institutions. With the long-term aim of helping us better understand our lives and the world we live in, we will study what sociological theorists, have to say about the social world. The course covers key theorists such as Marx, Durkheim, Weber, Bourdieu and Foucault, Du Bois, Butler and Bauman and their seminal works, as well as the key social thought movements of Capitalism, Modernity, Alternative Knowledge, Self and Society.

SOC 301 Identity & Social Inequality 3 Credits
The course considers issues of identity, social inequality, and discrimination in society. The focus is on identities such as race and ethnicity, sex and gender, social class, culture, age, and ability, as well as the intersection between them. The focus is on these social categories as both elements of personal identity and sources of social inequality.

SOC 304 Social Gerontology 3 Credits
The course focuses on social stereotypes and prejudice against the aged, discrimination, friends and family, care giving, living environments, demography, senior political power, legislation, elder abuse, and death and dying.

SOC 305 Crime & Society 3 Credits
The course considers the basic sociological theories and research findings concerning crime. The punishment and corrections process, organized crime, corporate crime, the police, the courts and the impact of crime on the victim are examined.

SOC 307 Gender & Sexuality 3 Credits
This course is an introduction to gender and sexuality studies from a sociological perspective. Its primary focus is critical perspectives on the social construction of gender and sexuality, inequalities on the basis of gender and sexuality, activism around issues of gender and sexuality, and how gender and sexuality shape and are shaped by other systems of inequality such as race, ethnicity, class, culture, and age. Also covered are key sociological discourses in the areas of feminism, masculinities, and queer theory.

SOC 308 Racial & Ethnic Groups 3 Credits
The course considers major racial and ethnic groups, especially African Americans, Asian Americans, ethnic Whites, Hispanics, and Native Americans. The focus is on the traits of each group and its pattern of adaptation to the larger society.

SOC 312 Child, Family & Society 3 Credits
This course provides an overview of the child (infant through elementary) and the reciprocal relationships children develop with their family, their school, and the world in which they live. Theories pertaining to the roles and relationships within and between families, schools, and communities are introduced with an emphasis on enabling students to identify family needs and concerns and to use a variety of collaborative communication and problem-solving skills to assist families in finding the best available community resources to meet these needs. Students themselves explore various community resources that further the development of the child’s potential.

SOC 313 Social Implications of Medical Issues 3 Credits
An introductory course that provides learners with a basic foundation of human biology applicable to human service and health and human services providers. The course explores basic human biology and its relationship to selected socio-cultural domains that are grounded in Bronfenbrenner’s Ecological Model of Human Development.

SOC 315 Cross-Cultural Perspectives 3 Credits
Culture and politics in Europe, Latin America, the Arab world, India, East Asia, and other areas are examined. Emphasis is on viewing the world from the diverse perspectives of other cultures and political systems. Topics and regions vary.

SOC 320 Public Policy & Social Services 3 Credits
An examination of public policies and the social services they mandate. The major focus is on American government policy at all levels and the detailed content of social services. Some consideration of other nations and international agencies is offered. Policies and services pertaining to a variety of areas including urban life, poverty, health care, substance abuse, children, the aged, unemployment, and mental health are studied.

SOC 322 Sociological Aspects of Adulthood 3 Credits
Utilizing a multi-disciplinary approach, this course provides an introduction to the field of gerontology and its social implications. Social, psychological, and physical aspects of aging are overviewed as well as an exploration of the demographic shift taking place and the meaning and impact of the shift in terms of issues and policies arising from the graying of America. Other course topics include common aging changes/conditions, myths and stereotypes, the effects of health and illness on the individual, family, and society, and the impact of media, culture, and gender influences on aging.

SOC 326 Diversity & Aging 3 Credits
This course explores the diversity perspectives of culture, ethnicity, economic status, national origin, disability, gender, and sexual identity as related to aging. Emphasis is placed on the ethnic perspectives of aging across cultures.

SOC 333 Research Methods 3 Credits
This course examines quantitative, qualitative, mixed methods and associated data interpretation within the context of research, policy and practice within the social sciences. This course also examines the relationship between research, policy and/or theory. Students will examine types of data, measurement scales, hypotheses, sampling, probability, and varied research designs for research in the social sciences and related disciplines.

SOC 401 Engaging in Sociology 3 Credits
The course embraces the concept of ‘Engaging Sociology’ - a need for students to understand how to engage social/theoretical concepts into their daily lives in varied social environments, as well as through their employment. The course covers various aspects of applied Sociology and social/theoretical concepts as a citizen in communities on a local, national, and global scale, as well as through employment as a Sociologist or in a related field. Prerequisites: SOC101, SOC333, and SOC301 or ANT340, ANT351, and ANT353.

SOC 402 Contemporary Social Problems & the Workplace 3 Credits
This course presents an analysis of major contemporary social problems, especially in the United States. Attention is given to the problems of poverty, racism, sexism, drug and alcohol abuse, and illiteracy, and their impact on the contemporary workplace. Consideration is given to diverse sociological perspectives regarding the causes, consequences, and solutions to these problems.

SOC 490 Social Science Capstone 3 Credits
This course requires students to reflect upon and synthesize the major insights gained in their study of the Social Sciences. A substantive paper is developed which requires students to critically analyze their experiences and knowledge in order to build leaders in the interdisciplinary field of Social Science. Prerequisite: Successful completion of the General Education Capstone course.
SPA Spanish

SPA 103 Beginning Spanish I 3 Credits
This course is designed for beginning Spanish speakers with no previous college course work in Spanish. The goal of this course is to enable students to acquire a basic mastery of the following four language skills: listening, speaking, reading, and writing. The course will emphasize practice of grammar and communication skills.

SPA 104 Beginning Spanish II 3 Credits
Continued study of grammar and vocabulary of the Spanish language and study of the Spanish-speaking cultures. Emphasis on speaking, reading, and writing skills. Prerequisite: SPA 103 or departmental approval.

SPE Speech

SPE 103 Oral Communication 3 Credits
Students learn basic theory and practice of oral communication. Topics include language, listening, causes of communication breakdown, feedback, nonverbal communication, audience analysis, reasoning, organization and development of messages, and delivery strategies. Oral assignments may range from informative, persuasive, and ceremonial speaking to small group discussion and oral interpretation.

SRM Sports and Recreation Management

SRM 311 Sport Law 3 Credits
This course explores the legal structure of, and issues surrounding, amateur and professional sports leagues and associations. Included will be an examination of tort issues, risk management, sports agency, contract law, collective bargaining, gender issues, intellectual property, and antitrust law.

SRM 320 Organization and Administration of Sports & Recreation Management 3 Credits
Reviews the principles of organizational structure and behavior within sport organizations. Topics include organizational policies and procedures, organizational effectiveness, communication networks, and leadership values. Prerequisite: Junior standing or permission of instructor.

SRM 325 Case Research in Sports & Recreation Management 3 Credits
Sports as a subject matter is very ancient and its marketing can be traced to even its earliest days. However, as an integral portion of contemporary society, successful sporting events or seasons generally require professional marketing efforts. Utilizing the principles of management, marketing and other relevant disciplines this course will use case studies, class discussions, and projects to enhance the student’s collective expertise in this area of Sports and Recreation Management. Prerequisite: Successful completion of the General Education Capstone course.

SRM 401 Sport Finance 3 Credits
The course examines the economic and financial environment in which the sport industry operates, with emphasis on financial decision-making, financial management, and current financial trends. The content identifies key stakeholders and their various interests in the financial success of sport operations and organizations. The students will explore sources of funding and revenue generation, financial controls and reporting, budgets, and the relationship between management principles and financial performance. Prerequisite: ACC 205

SRM 410 Contemporary Issues in Sports Marketing & Management 3 Credits
Sport has become a major business enterprise in the United States and in much of the world. This course helps students understand the scope of the sport industry, to include identifying career opportunities in various segments of the sport industry. The course also examines the managerial process to include the functions of management, as well as the roles, skills, and attributes required of sport managers. Special attention is given to examining the unique characteristics of sport and the resulting social and ethical responsibilities of sport managers.

SRV Service Management

SRV 301 Introduction to Service Management 3 Credits
This course introduces management in the ‘intangible industries’ organization and addresses the central challenges presented by services organizations. The course also addresses the need for value creation through customers, the role of organizational leadership, and the role of services in modern society.

SRV 312 Service Operations Management 3 Credits
This course is an introduction to service-related operations in a variety of business sectors and is studied through the shared aspect of their service elements, drawing upon service management theory to provide the academic framework. Students are introduced to operations management principles, and study the role of the operations manager within service organizations. Prerequisite: SRV 301.

SRV 332 Fundamentals of Hospitality 3 Credits
This course is a survey of the interrelated industries that comprise the hospitality and tourism industry. The course also introduces the student to the major concepts and components that representing the hotel, food and beverage, restaurant, recreation, theme parks, gaming, club management, convention and event planning, cruises, and tourism services industries. Prerequisite: SRV 301.

SRV 333 Resort Management 3 Credits
This course provides an overview of resort management and operations in the context of ski, golf, gaming, and other types of resorts. The basic principles of marketing, management, and development of a resort will be covered. The course includes a review of the history of the growth of resorts in the United States, expansion of resorts worldwide, and their operations and characteristics. Prerequisite: SRV 301.

SRV 340 Marketing in a Services Environment 3 Credits
This course is designed to provide an introduction to the general principles of marketing and an in-depth study of services marketing theory. The concepts the student learns will enable students to develop the skills appropriate in an emerging service economy. The student will be exposed to the relationship between services marketing and the consumer experience. There will be opportunities for the student to apply services marketing theory in non-profit, mass-market retail, hospitality, and restaurant enterprise environments. Prerequisite: SRV 301.

SRV 346 Introduction to Restaurant Management 3 Credits
Identifies the crucial elements involved in the successful operation of a restaurant and how they interrelate. Students are taken through the process of creating a concept, developing a menu, budgeting and controlling costs, staffing the restaurant, purchasing food and equipment, bar and beverage management, daily operations, and developing a restaurant marketing plan. Prerequisite: SRV 301.

SRV 347 Sanitation & Safety 3 Credits
This course introduces the student to public health problems that relate to the hospitality industry. Topics include disease transmission through improper food handling and cooking, major types of micro-organisms, environmental conditions which encourage bacterial growth, fire prevention methods and safety, and sanitation rules and practices. Prerequisite: SRV 301.

SRV 423 Food & Beverage Control 3 Credits
This course is a study of the systems and techniques appropriate to manage food, beverage, and labor costs in restaurant and catering operations. Topics addressed include management, marketing, menu development, costs and pricing, quality assurance, production, and operational analysis. Prerequisite: SRV 301.

SRV 425 Event, Meeting, & Conference Management 3 Credits
In this course, students learn strategies to develop meaningful, well-
organized conferences, meetings, and special events. The course addresses event logistics, facilities management, event compliance with ADA and other laws/regulations, contract negotiation, labor planning, and issues with food and beverage management. Prerequisite: SRV 301.

**SRV 429 Fiscal Management of Nonprofit Organizations 3 Credits**
This course examines the principles and practices of financial management in nonprofit organizations. It is designed to teach students how to use financial information in the management of nonprofit organizations. The use of case studies and applied examples intends to make the course especially practical to those working in the nonprofit environment. Prerequisite: SRV 301.

**SRV 438 Menu Planning & Design 3 Credits**
This course includes food service design concept including the menu, the location, and the type of clientele expected. Students will also demonstrate an understanding of menu layout, including selection, development, price structure, and restaurant style. Prerequisite: SRV 301.

**SSC Social Science**

**SSC 101 Introduction to Social Sciences 3 Credits**
This course introduces students to the interdisciplinary field of social sciences and some of the disciplines that comprise this field, including anthropology, sociology, political science and history. These subject areas figure prominently in the Social Science major. In this course, students will learn important social science concepts and theoretical approaches, along with the research methods that social scientists use to study human behavior. Throughout the course and through a summative assignment, students will examine how social factors shape social behavior, and some of the consequences of current social problems.

**SSC 330 Peacemaking: A Study of Conflict Resolution & Activism 3 Credits**
An interdisciplinary study of peacemaking and activism with a focus on how they impact conflict resolution. Students examine thinking and behavior in response to social conflict such as aggression, threats, prejudice, avoidance, withdrawal, conformity, and obedience. Students study various strategies of peacemaking, activism, and negotiation and then apply these methods to in class activities.

**SSC 340 Human Health & Global Environmental Change 3 Credits**
This course analyzes the relationship between health and the environment and takes into account how health is influenced by natural and manmade environmental factors. Students will consider the history of the relationship between health and the global environment, addressing how groups in the past understood the connection and the actions they took to improve both. The course will also address contemporary theories that highlight how race, gender, and class influence the relationship between health and the environment. By concentrating on these factors, students will consider the negative and positive influences of the environment on human health as well as possible future concerns and issues that might emerge.

**SSC 350 eSociety: Science, Technology, and Society 3 Credits**
The eSociety course focuses on the relationship between society, science, and technology and the social dynamics of knowledge production from a social science perspective. The course provides students with an understanding of how social values affect scientific research and technological innovation as well as the transformative impacts of technologies on society. Through discussions of key concepts and case studies, students will explore how particular scientific facts or technologies become accepted, how controversies are settled, and how science and scientists retain credibility and authority. Students will also engage with the social, ethical, and political consequences of technological developments. Prerequisite: SSC 101.
SECTION ELEVEN:
UNIVERSITY PERSONNEL

Board of Trustees

Dr. Gregory Geoffroy, Chairperson
Dr. Gregory L. Geoffroy brings more than 30 years of experience in higher education to the Ashford University Board of Trustees. Currently, he is President Emeritus at Iowa State University in Ames, Iowa, where he spent the previous ten years as the institution's President. From 1997 to 2001, Dr. Geoffroy served as Senior Vice President for Academic Affairs and Provost at University of Maryland in College Park, Maryland. He was at Pennsylvania State University from 1974 to 1997, where he held a variety of leadership positions, including Dean of the Eberly College of Science and Head of the Chemistry department. Dr. Geoffroy currently sits on the Board of Directors of the Bankers Trust Corporation and is a Grand Council Member of Tau Kappa Epsilon fraternity. He earned a PhD in Chemistry from the California Institute of Technology and a BS in Chemistry from the University of Louisville.

Ms. Mary Jo Maydew, Vice Chairperson
For more than 30 years, Mary Jo Maydew has been providing financial guidance to colleges and universities. From 2000 to 2011, she was the Vice President for Finance and Administration at Mount Holyoke College in South Hadley, Massachusetts where she had previously been Treasurer since 1987. Prior to that, Ms. Maydew held the positions of Assistant Treasurer and Assistant to the University Controller at Cornell University. Currently, Ms. Maydew serves on the Board of Directors for the Center Redevelopment Corporation and the Investment Committee for The Loomis Communities. In addition, she recently completed a seven-year term as a Commissioner on the New England Association for Schools and Colleges Commission on Institutions of Higher Education. She has served on the Board of Directors for several educational organizations, including the Tuition Plan Consortium, the National Association of College and University Business Officers, and the Eastern Association of College and University Business Officers. Ms. Maydew earned her MBA from Cornell University and her BS in Accounting from the University of Denver.

Lt. Col. Paul Aguirre
Lt. Col. Paul Aguirre is the Logistics Readiness Squadron Commander for the 161st Air Refueling Wing (ARW) of the Arizona National Guard. In this role, he manages a professional support staff that includes legal, chaplain, public affairs and other support functions. He has served over 22 years in the military, deploying to Afghanistan in 2011 to 2012, where he worked in the Chief of Staff's office at the NATO Headquarters in Kandahar, Afghanistan. His diverse management experience includes serving as Public Affairs Officer for the Arizona National Guard, where he represented the over 8,000 members of the Arizona Department of Emergency and Military Affairs to media and community groups. He also has an extensive financial management background that includes 12 years as the Comptroller for the 161st ARW, managing an annual budget exceeding 40 million dollars, and Resource Manager for the Joint Counter Narcotics Task Force, a joint Army and Air Guard program supporting local, county, state and federal law enforcement agencies. He has served on the Board of Directors of the Arizona Hispanic Chamber of Commerce and the National Guard Association of Arizona. A strong advocate for adult education, Lt. Col Aguirre earned his BA from the University of Phoenix while on active duty with the Arizona National Guard.

Dr. Grey Edwards, Jr.
Chief of the Army Continuing Education Services (ACES) Hub at Fort Benning, Georgia; served as a practitioner of the U.S. Army adult education program. In 2009, she retired from her full-time position as the W. Dallas Herring Professor of Community College Education in the Department of Adult and Higher Education at North Carolina State University. In 2001, Dr. González Sullivan also served as the Interim Director for Community College Relations at The College Board. Prior to that, she has held community college presidencies in the states of Connecticut and Maryland. Dr. González Sullivan has been involved in the community college movement at the national, regional, and local levels for many years. She has served on the board of directors of the American Association for Community Colleges twice, was the national president of the American Association for Women in Community Colleges (AAWCC), and was the Executive Director of the National Community College Hispanic Council’s Leadership Fellows Program. She served 12 years as a member of the board of trustees for the American University of Rome and presently chairs the Community Coalition on Race in Maplewood, NJ. Dr. González Sullivan holds her EdD in Vocational Education and EdS in Adult Education from the University of Arkansas. She holds her MA in Spanish Literature from New York University and earned her BA from Trinity College in Washington, D.C. Her research interests focus on the effects of leadership training, an area in which she has published numerous articles and book chapters.

Dr. Leila González Sullivan
Adjunct faculty member /faculty facilitator for the New York Student Cluster in the School of Education Leadership for Change of Fielding Graduate
University; former W. Dallas Herring Professor of Community College Education. In 2009, she retired from her full-time position as the W. Dallas Herring Professor of Community College Education in the Department of Adult and Higher Education at North Carolina State University. In 2001, Dr. González Sullivan also served as the Interim Director for Community College Relations at The College Board. Prior to that, she has held community college presidencies in the states of Connecticut and Maryland. Dr. González Sullivan has been involved in the community college movement at the national, regional, and local levels for many years. She has served on the board of directors of the American Association for Community Colleges twice, was the national president of the American Association for Women in Community Colleges (AAWCC), and was the Executive Director of the National Community College Hispanic Council’s Leadership Fellows Program. She served 12 years as a member of the board of trustees for the American University of Rome and presently chairs the Community Coalition on Race in Maplewood, NJ. Dr. González Sullivan holds her EdD in Vocational Education and EdS in Adult Education from the University of Arkansas. She holds her MA in Spanish Literature from New York University and earned her BA from Trinity College in Washington, D.C. Her research interests focus on the effects of leadership training, an area in which she has published numerous articles and book chapters.

**Dr. Merle W. Harris**

Dr. Merle W. Harris brings 45 years of educational experience to the Ashford Board of Trustees. She has served in a variety of roles at institutions of higher education, high schools, grade schools and the Connecticut Department of Higher Education. Most recently, she served as Professor of Undergraduate and Graduate Programs in Public Policy and Higher Education Policy, Law and Foundations at Charter Oak State College and the University of Hartford in Connecticut. Dr. Harris also works as a consultant in planning, policy development and accreditation in education and higher education. From 1989 to 2008, Dr. Merle served as Executive Director of the Board for State Academic Awards and President of Charter Oak State College. She also served as Interim President of Central Connecticut State University and as Deputy Commissioner of the Division of Research Planning for the Connecticut Department of Higher Education. Dr. Merle currently sits on the Board of Regents for Higher Education and the Connecticut Allied Health Policy Board. She earned her EdD in Education Policy, Research and Administration from the University of Massachusetts, and her MS in Guidance and Counseling and BS in Education from Central Connecticut State College.

**Dr. Carol Kasworm**

Dr. Carol Kasworm has nearly four decades of experience studying adult learners and is considered a leading authority on adult undergraduate students in higher education. She is the W. Dallas Herring professor emerita of adult and community college, formerly of the Department of Leadership, Policy and Adult and Higher Education at North Carolina State University. Her research interests have focused upon the adult undergraduate experience, including the nature of learning engagement and participation patterns of adult students, the situated influences of varied higher education contexts on adult learners, and the role of adult higher education in a lifelong learning society. Dr. Kasworm has held faculty appointments at University of Texas – Austin, University of Tennessee – Knoxville, University of Houston – Clear Lake and University of South Florida. She has also served as Associate Dean of Research and Technology in the College of Education at University of Tennessee – Knoxville and Associate Vice Chancellor for Faculty and Program Development at University of Houston – Clear Lake. In 2002, Dr. Kasworm was inducted into the International Adult and Continuing Education Hall of Fame. She received her BA in Psychology and Sociology from Valparaiso University, her MA in Higher Education Administration from Michigan State University and her EdD in Adult Education from the University of Georgia.

**Dr. Paula Kelly**

Dr. Paula Kelly has more than 20 years’ experience in higher education extended studies leadership and served as the Dean of the College of Extended Studies at San Diego State University. She was responsible for building strategic alliances with external partners including corporations, other universities, ministries, and governmental agencies. She has a background in entrepreneurial self-support education and international business, and traveled to more than 30 countries in Asia, Europe, South America, and the Middle East to market and develop College of Extended Studies international training and development programs for SDSU. Dr. Kelly has served on several Boards of Directors including the University Continuing Education Association (UCEA), World Trade Center, Asian Business Association, and St. Vincent de Paul Village. Dr. Kelly earned her doctorate in Education Leadership and Masters in Business Administration from the University of San Diego. She served as the Development Director for USD, Vice President of Development for Monarch School, and she is currently the Director of Development for International Relief Teams. Dr. Kelly has expertise in board development and corporate, foundation, major gift and capital campaign fundraising.
Dr. Meredyth A. Leahy
Dr. Meredyth A. Leahy has over 30 years of experience working with adult educators and adult learners in basic literacy, secondary, continuing and higher education, in both public sector and military education venues, including Temple University and the Pennsylvania Department of Education, Cabrini College, Muhlenberg College, and Excelsior. From 1994 to 2008 she served as Dean, School of Liberal Arts, Excelsior College, Albany, New York. Since her retirement, she has served as distance education adjunct faculty for Excelsior College teaching an undergraduate course on the history and philosophy of American education, and North Carolina State University where she taught a graduate course on the adult learner. She recently joined the American Council on Education’s Military Installation Voluntary Education Review (MIVER) as a program review team member. Dr. Leahy earned her Bachelor's degree from Edinboro State Teachers College and her Master's and Doctorate degrees in adult education from Temple University, Philadelphia, Pennsylvania.

Dr. Craig W. Linebaugh
Dr. Craig W. Linebaugh brings a wealth of experience in higher education to the Ashford Board of Trustees. He has spent more than 35 years at The George Washington University serving in a variety of leadership roles, including Senior Associate Provost of Academic Operations, Associate Vice President for Academic Planning, and Chief Academic Operating Officer of the Virginia Science and Technology Campus in Ashburn, Virginia. Currently, he is a Professor of Speech and Hearing Science and a Research Professor of Medicine at The George Washington University. Dr. Linebaugh sits on the Board of Trustees Committee on a Science and Engineering Complex. He earned his post-doctoral fellow in Speech-Language Pathology from the Mayo Clinic, his PhD in Speech and Hearing Science and MA in Speech-Language Pathology from Temple University, and a BA in English Literature from Lebanon Valley College.

Dr. Geri Hockfield Malandra
Dr. Geri H. Malandra is the founder and principal of Malandra Consulting LLC, a firm created to assist higher education leaders with the development and implementation of outcomes-focused management, accountability, and policy initiatives. From 2012-2013, she served as Senior Advisor to the President of Kaplan University, after serving the previous two years as Provost. Prior positions include her role as the Senior Vice President for Leadership, Membership, and Policy Research at the American Council on Education, and as Vice Chancellor for Strategic Management for the University of Texas System. Dr. Malandra also served as Associate Vice Provost at the University of Minnesota, where she spent more than 16 years working in various leadership capacities. Her public service includes an appointment by former U.S. Secretary of Education Margaret Spellings to serve as a member and Vice Chair of the National Advisory Committee on Institutional Quality and Integrity. Dr. Malandra holds her MA and PhD in Ancient Studies from the University of Minnesota, Minneapolis. She earned her BA from Carleton College in Northfield, Minnesota.

Dr. Peter J. Negroni
Dr. Peter J. Negroni is currently Senior Advisor and consultant to EMC Publishing and the College Board. A career educator with more than 50 years of experience in education, Dr. Negroni spent 30 years in the New York City Public Schools, starting as a teacher and ending with 10 years as a school superintendent in the Borough of the Bronx. During his career, Dr. Negroni acted as the Executive Director of an educational foundation in Catawba County, North Carolina, where he led an effort to reform the school districts in that county. In 1989, he was appointed Superintendent in Springfield, Massachusetts, where he earned a national reputation as a transformational leader and was awarded the recognition of Superintendent of the Year. In 2000, Dr. Negroni returned to New York City to assume the position of Senior Vice President at the College Board, where he spent 13 years leading major efforts in the K-12 and International Divisions before retiring in August 2013. Dr. Negroni holds a doctorate from Fairleigh Dickenson University in Teaneck, N.J and a bachelor’s degree from Iona College in New Rochelle, New York.

Ms. Cheryl Ann Oldham
Cheryl Ann Oldham is Vice President of Education Policy at the U.S. Chamber of Commerce. Her 20 years of experience in public policy, education, and government relations includes eight years of service in President George W. Bush’s administration. Most recently, she served in a variety of roles with the U.S. Department of Education, including Acting Assistant Secretary for the Office of Postsecondary Education, Chief of Staff for the Office of the Under Secretary of Education, and Executive Director for the Secretary of Education’s Commission on the Future of Higher Education. Oldham began her career serving as Health and Human Services Policy Director for the Texas Office of State-Federal relations in Washington, D.C. She also currently serves on the National Workforce Solutions Advisory Board. Oldham earned her JD from St. Mary University’s School of Law and her BA in Political Science from Texas Christian University.

Dr. Karen Paulson
Dr. Karen Paulson is a Senior Associate at the National Center for Higher Education Management Systems (NCHEMS). Her areas of expertise include assessment, evaluation, accreditation, and the use of data in state
Dr. Craig Swenson

Dr. Craig Swenson is the President and Chief Executive Officer of Ashford University. With more than 40 years of experience in higher education, Dr. Swenson is a recognized national leader in higher education. In 2015, Dr. Swenson served as Interim President of the University of the Rockies. Prior to that, he served as Chancellor Emeritus and a Professor of Higher Education Administration at Argosy University. He also served as Chancellor of the Argosy System for seven years and held the position of Chief Academic Officer for Education Management Corporation for several years. Before his tenure at Argosy University, Dr. Swenson was Provost and Vice President of Academic Affairs at Western Governors University. Prior to that, he served as Provost and Senior Vice President of Academic Affairs over the University of Phoenix system. At University of Phoenix, he was a Senior Regional Vice President and a Vice President/Campus Director. Dr. Swenson is on the Board of Directors of the Council for Higher Education Accreditation (CHEA) and he serves on the Advisory Board for the CHEA International Quality Initiative. He is active as a peer reviewer and accreditation team chair for the Commission on Senior Colleges of the Western Association of Schools and Colleges. Dr. Swenson has been a member of the National Advisory Committee on Institutional Quality and Integrity (NACIQI), advising the U.S. Secretary of Education on matters related to accreditation and the eligibility and certification process for institutions of higher education. In addition, he has served on the Jacob K. Javits Program Fellowship Board at the U.S. Department of Education. He was a non-federal negotiator for the U.S. Department of Education Negotiated Rulemaking process in 2007. Additionally, he was a member of the U.S. Army Educational Advisory Committee, advising the Secretary of the Army on education and training matters. Dr. Swenson earned a PhD in Education with an emphasis in Adult and Organizational Learning at Walden University, a master’s degree in Organizational Communication from Brigham Young University, and a bachelor’s degree in Journalism and Mass Communications from the University of Utah.
Ashford University Administration

Stephanie Cowsert, MAEd
Associate Vice President, Financial Aid Policy & Compliance

Bob Daugherty, M Phil
Executive Dean, Forbes School of Business

Courtney (Tony) Farrell, PhD
Executive Dean, College of Education

Poppy Fitch, MA
Associate Vice President, Student Affairs Title IX/ADA Coordinator

Jacquie Furtado, MEd
Associate Vice President, Strategy Management and Engagement

Justin Harrison, PhD
Executive Dean, Division of General Education

Morgan Johnson, MA
Associate Vice President, Center for Excellence in Teaching & Learning

Sheri Jones, MS
Senior Vice President, Strategic Planning and University Services

Joe Leonhardt, MS
Divisional Vice President, Enrollment Services

Iris Lafferty, EdD
Associate Vice President, Academic Services

Aspen McPartland, MBA
Associate Vice President, Student Advisement

Charles R. Minnick, PhD
Clinton Campus President

Shelly Mohr, BA
Vice President, Clinton Campus Operations

Kirk Morrison, MBA
Vice President, Student Services

Stephen Nettles, PhD
Associate Vice President, Assessment & Evaluation

Laura Palmer Noone, JD, PhD
Vice President of Academic Affairs and CAO

Eric Piepenbrink, MA
Associate Vice President, Student Advisement

Michael Robinson, MA
Vice President, University Services and Policy

Adam Selhorst, PhD
Executive Dean, College of Liberal Arts

Shelley Schaffer, BS
Vice President of Enrollment Services

Katie Scheie, MA
Vice President, University Registrar

Laura Sliwinski, PhD
Executive Dean, College of Health Human Services and Science

Jim Smith, BS
Senior Vice President, Finance

Faculty

Any updates to Ashford Faculty are presented on the Ashford University website. Please visit http://www.ashford.edu/community/faculty.htm for the most up-to-date faculty biographies.

Murad Abel
Management
B.S. Central Michigan University
M.B.A. Davenport University
D.B.A. University of Phoenix

Faisal Aboul-Enein
Health
M.S.N, M.P.H., Ph.D. University of Texas Health Science Center

Murad Abel
Management
B.S. Central Michigan University
M.B.A. Davenport University
D.B.A. University of Phoenix

Faisal Aboul-Enein
Health
M.S.N, M.P.H., Ph.D. University of Texas Health Science Center
John Ackerman
Political Science
B.S. Florida State University
M.A. Air Command and Staff College
M.A. Golden Gate University
Ph.D. University of Alabama

Julie Adkins
Education
B.A. College of William and Mary
M.T. Virginia Commonwealth University
Ph.D. Capella University

Efiong Akwaowo
International Business
B.A., M.B.A. Texas Southern University
Ph.D. Northcentral University

Elaine Alden
Sociology
B.A. Point Loma Nazarene University
M.B.A. National University
Ph.D. University of Kent

Jessica Alvarado
Child Development and Early Childhood Education
B.S. National University
B.S. San Diego Christian College
M.S. National University
Ed.D Fielding Graduate University

Stephanie Anderson
Psychology
B.A. University of Nebraska at Kearney
M.A., Ph.D. University of Kansas

Lane Andrew
Mathematics
B.S. University of Colorado
M.S. University of Denver
Ph.D. University of Northern Colorado

Stanley Atkinson
Finance, Economics, and Statistics
B.A., M.B.A. The University of Mississippi
D.B.A. Mississippi State University

Heather Ann Auger
English
A.A. Chaffey College
B.A., M.A. California State University, San Bernardino

Karen Bakuzonis
Health
B.S. Daemen College

M.S. Medical College of Virginia/ Virginia Commonwealth University
Ph.D. University of Florida

Emma Bate
Anthropology
B.A. Wake Forest University
M.A., Ph.D. Indiana University

Mingzhen Bao
Linguistics
B.A., M.A. Zhejiang University
Ph.D. University of Florida

John Bathke
Business
B.A. Yale University
J.D. University of California, Los Angeles

Paula Webb Battistelli
English
B.A. Southwestern Oklahoma State University
M.A. Texas A&M - Corpus Christi
Ph.D. Washington State University

Ronald Beach
Associate Dean, Forbes School of Business
B.L.S. University of Oklahoma
M.S., Ph.D. Capella University

Roxanne Beharie
Public Health
B.S. University of Pittsburgh
M.A. Mercy College
DrPh. Morgan State University

Alan Belcher
Education
B.A., M.A. Marshall University
M.S. West Virginia College of Graduate Studies
Ph.D. Capella University

Joseph Belcher
Psychology
B.S. Mid-America Christian Ministry
M.S., Ph.D. Capella University

Nina Bell
Health
B.A. Indiana University of Pennsylvania
M.A. University of London’s Birkbeck College
M.P.H., Ph.D. Walden University
Nicholas Bergan
Economics
B.A. St. Louis University
M.S. Florida State University

Rizza Bermio-Gonzalez
Psychology
B.S. California State University Fresno
M.S., Psy.D. Alliant International University

Sonja Bethune
Psychology
B.A., M.Ed. Wichita State University
Ph.D. California School of Professional Psychology

Carl Beyer
Education
B.S. Beloit College
M.A. Northern Illinois University
Ph.D. University of Illinois

William Blix
C.P.A.
Accounting
B.A. Florida State University
M.B.A. Regis University

Kristina Bodamer
Education/Curriculum and Instruction
B.S., M.A. State University of New York College

Katie Bojakowski
Archaeology
B.A. Eastern Washington University
M.A., Ph.D. Texas A&M University

Brand Bowler
Business
B.S. University of Southern California
M.B.A. Loyola Marymount University
D.B.A. Nova Southeastern University

Stephen Brewer
Psychology
B.S. University of California, San Diego
M.A., Psy.D. Alliant International University

Wayne Briner
Psychology
B.S.N., M.S. Sangamon State University
Ph.D. Northern Illinois University

Cynthia Brown-Davis
Health
B.A., M.B.A. American InterContinental University
Ph.D. Capella University

Jongbok Byun
Information Systems and Management
B.A., M.A. Sogang University
Ph.D. Claremont Graduate University

Celeste Barnette Campbell
Early Childhood Education and Curriculum & Instruction
B.A. Duke University
M.Ed. University of San Diego
Ed.D. University of California, Los Angeles

Jorge Cardenas
Associate Dean, Forbes School of Business
B.S., M.S.B.A. San Diego State University
D.B.A. Alliant International University

Deborah Carpenter
Education
B.A. University of California, Riverside
M.A. San Diego State University

Erick Cervantes
Health
B.S. Oregon State University
M.P.H. Tulane University School of Public Health and Tropical Medicine
N.D. National College of Natural Medicine

Kunsoo Paul Choi
Managerial Economics
B.A. Sungkyunkwan University
Ph.D. University of Virginia and Drew University

Cindy Combs
Education
B.A., M.A. Eastern Kentucky University

Wendy Conaway
Liberal Arts
B.A. University of Houston
M.S. Our Lady of the Lake University
Ph.D. Walden University

Karen Conzett
Education
B.S., M.S. Illinois State University
Ph.D. The University of Iowa

Michael Cooper
English and Literature
B.A. University of South Florida
M.F.A. Georgia State University
Anna Copeland Wheatley
English
B.A., M.A. University of Alabama
Ph.D. University of North Carolina at Greensboro

Valencia Coty-Barker
Liberal Arts
B.S. Tennessee State University
M.S. Georgia State University
Ed.D. Argosy University

Michelle Cranney
Health Information
A.S., M.B.A. Davenport University
B.S. Utah State University
D.H.Sc. A.T. Still University

Marcus Crayton
Business
B.A. Huston Tillotson University
M.B.A., Ph.D. Capella University

Angela Seay Dallas
Education
B.S. Concordia College
M.Ed University of West Alabama
EdD. Argosy University

Leon Daniel
Business and Public Administration
B.A. California State Polytechnic University, Pomona
M.B.A., D.B.A. University of La Verne

Bill Davis
Management
B.A. Lewis University
M.A. St. Ambrose University

Vivian Day
Health Care
B.S., M.S. Saint Joseph’s College
Ph.D. Capella University

Claire DeCristofaro
Health
B.A. Hunter College of the City of University of New York
M.D. Albert Einstein College of Medicine of Yeshiva University

Adam Deutsch
English
A.A. Nassau Community College
B.A., M.A. Hofstra University
M.F.A. University of Illinois Urbana-Champaign

Gregory Dlabach
Liberal Arts
B.A. Oklahoma State University
M.A. Missouri State University
Ed.D. University of Arkansas

Judy Donovan
Education
B.A. University of Michigan
M.A. Indiana University/Purdue University
M.A. Western Michigan University
M.A. Grand Valley State University
M.B.A. Eastern Michigan University
Ed.D. Nova Southeastern University

Veliota Drakopoulou
Management
B.S. State University of New York, New Paltz
M.B.A. New York Institute of Technology
Ph.D. Walden University

Srabasti Dutta
Mathematics
B.S. Berea College
Ph.D. State University of New York, Stony Brook

Kenneth Edick
Project Management
B.A. Thomas A. Edison State College
M.B.A. University of Phoenix
Ph.D. Capella University

Ted D. Ellis
Criminal Justice
B.A. Northwest Nazarene College
J.D. University of Idaho College of Law

Robert A. Engelson
Music
B.A. Augsburg College
M.F.A. University of Minnesota
D.M.A. Arizona State University

Tony Farrell
Special Education and Teacher Education
B.A. National University
M.S. National University
M.Ed. University of Oklahoma
Ph.D. University of Hawaii

Max Fassnacht
History
Stephanie Fink De Backer
History
B.S. Georgetown University
M.A. Catholic University of America
Ph.D. University of Arizona

Tamecca Fitzpatrick
Early Childhood Education
B.A., M.A. University of Tennessee at Knoxville
Ed.D. University of North Texas

Brenda Forde
C.P.A.
Accounting
M.B.A. Arizona State University

Christopher Foster
Liberal Arts
B.A. University of California, Davis
M.A., Ph.D. University of Kansas

Don Frey
C.M.A.
Accounting
B.B.A. University of Iowa
M.B.A. St. Ambrose University

Aimee Garten
English
B.A. University of Southern California
M.F.A. National University

Stephanie Young Gonzaga
Business
B.S., M.S., D.M. University of Phoenix

Gregory W. Goussak
Accounting and Management
B.S., M.S. University of Nevada Las Vegas
Ph.D. University of Phoenix

Amy Gray
Education
B.A. Central Washington University
M.Ed. Heritage College
Ed.D. Arizona State University

Adam Gutschmidt
Communications
B.A., M.A. University of Dayton
Ph.D. North Carolina State University

Debby Hailwood
Education
B.A. Chapman University
M.A. Loyola Marymount University

Stephen B. Halfaker
Teaching, Learning, and Leadership
B.S. California Polytechnic State University
M.A. San Diego State University
Ed.D. University of Southern California

Barbara Hall
Education/Instructional Design
B.A. Oglethorpe University
M.S., Ph.D. Capella University

Jeffrey Hall
Higher Education
B.S., M.Ed., Ed.D. University of South Florida

Diane Hamilton
Organizational Behavior
B.S. Arizona State University
M.A. University of Phoenix
Ph.D. Northcentral University

Adrienne Hanson
English
B.A. Barnard College
M.S. University of Edinburgh
Ph.D. New York University

James Hardy
Philosophy
B.A., B.A. Utah State University
M.A. University of Washington
Ph.D. Indiana University

Pamela Hardy
Adult Development
B.A. San Diego State University
M.B.A., M.P.H. National University
Ph.D. Capella University

Yolanda Harper
Psychology
B.A. University of California, Los Angeles
M.A., Ph.D. University of Arkansas, Fayetteville

Justin A. Harrison
Dean, Division of General Education
B.A. Taylor University
M.A. University of Toledo
Ph.D. Loyola University Chicago
Stephanie Heald  
Education  
A.A.S. State University of New York, Cobleskill  
B.A., M.S. State University of New York, Oneonta

Holly Heatley  
History  
B.A., M.A. University of Texas, Arlington  
M.L.I.S. University of North Texas

Gertrude Hewapathirana  
International Business  
B.A. University of Kelaniya  
M.B.A. University of Sri Jayewardenepura  
M.A., M.Sc., Ph.D. University of Minnesota

Bethany Heywood  
Social Science  
B.A. University of Vermont  
Ph.D. Queen’s University Belfast

Wendy L. Hicks  
Criminal Justice  
B.A., M.A., Illinois State University  
Ph.D. Michigan State University

Renee Hill  
Business  
B.A. Lake Erie College
