ASH 101 Launchpad: Developing Skills & Strategies for Success 3 Credits
As a new student to the University of Arizona Global Campus, there are many things to look forward to on one's academic journey. Beginning with this first course, students can look forward to acquiring tools and strategies for academic success. Students will apply personal strengths, skills, and lifelong learning strategies to career competencies, making a meaningful connection between their learning and their future professional work. The goal of this course is to enlighten and empower students personally, academically, and professionally. This course is not available for non-degree seeking students and is not available as an elective.

BUS 105 Business & Academic Success 3 Credits
In today’s modern business world, professionals must have an understanding of the connection between organizational, leadership, and career success. Get ready to learn the foundational skills necessary for success, both as a Forbes School of Business and Technology student, as well as an organizational leader in a variety of settings. The focus of this course will be on understanding leadership as a highly valued commodity, developing leadership skills and styles, and using effective leadership skills to meet organizational objectives. Additionally, you will be introduced to the many learning resources available to the University of Arizona Global Campus students to support their academic success. This course is not available for non-degree seeking students and is not available as an elective.

BUS 308 Statistics for Managers 3 Credits
This course is a practical introduction to the concepts to the fields of statistics and its many applications in Descriptive statistics, Hypothesis testing, ANOVA, and Regression for business administration students with emphasis on Excel’s tools for statistical analysis. This course examines the application of statistical analysis, hypothesis testing, and regression analysis in business decision-making. Additionally, the course focuses on the utilization of statistical methods as applied to business problems and operations. Prerequisite: Fulfillment of Quantitative Reasoning Core Competency. [Effective 11/17/2020 the course description updated]

BUS 600 Management Communications With Technology Tools 3 Credits
This course is designed to introduce the student to Graduate Business programs, with emphases upon conceptualizing communication and communication processes in the context of organizations, management and career. Emphasis will be on technology, theories and models, qualitative communication research and presentations. [Effective 3/16/2021 the course description updated]

BUS 650 Managerial Finance 3 Credits
This course is no longer offered, it has been replaced with BUS 629.

BUS 655 Financial Investment Management 3 Credits
This course is no longer offered, it has been replaced with FIN 677.

BUS 686 Capstone Strategic Simulation 3 Credits
This course is no longer offered, it has been replaced with BUS 687.

ECA 380 Becoming an Early Childhood Education Leader in Today’s Society 3 Credits
Prerequisite: ECE 312
[Correction to the description has always had this prerequisite]

ECA 400 Building, Maintaining & Leading Early Childhood Education Programs 3 credits
Prerequisite: ECA 380
[Correction to the description has always had this prerequisite]

ECA 435 Leading the Future of Early Childhood Education 3 Credits
Prerequisite: ECA 400
[Correction to the description has always had this prerequisite]

ECE 353 Cognitive Development of Infants & Young Children 3 Credits
In this course, students will explore cognitive development from infancy through adolescence. They will be responsible for identifying the theoretical frameworks that support cognitive development. Students will have the opportunity to explain the development of perception, attention, and memory. Students will utilize the concepts of knowledge, categorization, and conceptual development in professional contexts. They will also evaluate concepts of language development, thinking, reasoning, and decision making in diverse environments. Additionally, students will prepare to support cognitive development through professional collaboration.

EDU 356 Emerging Issues in Educational Technology 3 Credits
Strategies and ideas of including the latest in technology advancements to promote student engagement and learner success will be examined in this course. Students will also gain hands on experience using a variety of technology to create instructional materials. Prerequisites: EDU 120 and EDU 232. [Effective 3/09/2021 the course description updated]

EDU 356 Emerging Issues in Educational Technology 3 Credits
Strategies and ideas of including the latest in technology advancements to promote student engagement and learner success will be examined in this course. Mobil learning, the use of social media such as blogs, Facebook, etc. as well as other Web 2.0 applications will be explored and evaluated for instructional application.

HCA 340 Managing in Health & Human Services 3 Credits
Managing in Health and Human Services is designed to provide students with an overview of health care institutions’ organizational structure and management theories. Students will explore the challenges that health care organizations face, such as human services, organizational design, managing finances, program evaluation, leadership theories, program planning and implementing supervisory relations. Students will research clinical and
An upper level management course providing basic management theory for the beginning manager. Management challenges, human service environments, management theories, organizational design, program planning and implementing supervisory relations, managing finances, program evaluation, leadership theories and teams in organizations are explored.

**HSM 315 Emergency Planning** 3 Credits
This course is no longer offered, it has been replaced with HSM 318.

**OMM 695 The Dynamics of Teamwork** 3 Credits
This course analyzes the creation and utilization of effective teams and approaches to motivate and maintain productive teamwork. The course will explore common obstacles that can negatively impact team performance and examines approaches to counteract the forces that negatively impact team effectiveness. Additionally, this course will investigate special considerations that leaders will need to examine to foster productive teamwork in a socially conscious, technologically adept, and global marketplace. This course is not available for NDS and should be taken in the program.

**RES 7302 Applied Research I** 3 Credits
As the first part of a two-course sequence for students who will do an Applied Doctoral Project (ADP), this course involves the advanced study of research design, and the quantitative and qualitative methods that can be used in addressing research questions. The course covers social scientific inquiry and research design, quantitative methodologies, and qualitative methodologies. Students will apply these approaches to a topic of their choice as a possible direction for developing their own ADP.

This course involves the advanced study of research design, and the quantitative and qualitative methods that can be used in addressing research questions. The course is divided into three sections, which cover social scientific inquiry and research design, quantitative methodologies, and qualitative methodologies. Qualitative methods will be emphasized, but a foundation for quantitative methodological principles will be provided. Students will be required to complete a training on ethics in research, as well as complete a qualitative research proposal in an area of interest, which may include dissertation-related research.

[Effective 03/09/2021 the course title & description have updated, previously titled, Advanced Research Methods]

**RES 7430 Applied Research II** 3 Credits
As the second part of a two-course sequence for students who will do an Applied Doctoral Project (ADP), this course involves exploring project approaches specific to ADP development. Approaches include: Systematic Literature Review; Program Evaluation; Action Research; Program development; and Handbooks. Students will apply at least two of those approaches to their possible ADP topic and be equipped to explore a chosen approach deeper as part of future completion of their ADP.

Action research is a reflective process of collaborative, participatory problem solving. This course addresses the processes and procedures for conducting action research, as well as how to develop an action research plan. Students will attain a conceptual and applied understanding of action research methods and the skills to use these methods to transform an organization through data-driven decision-making. Students will be able to critically analyze and design action research projects, collect and analyze data, interpret results, and articulate action research principles as a leader in relevant contexts.

[Effective 02/16/2021 the course title and description have updated, previously titled, Action Research]

**SOC 203 Social Problems** 3 Credits
This course is no longer offered, it has been replaced with SOC 302.

**SOC 315 Cross-Cultural Perspectives** 3 Credits
This course is no longer offered, it has been replaced with SOC 301.

**WEB 301 Web Front-End Design & Development** 3 Credits
This course is no longer offered, it has been replaced with INT 304.

**WEB 401 Web Server-Side Development** 3 Credits
Prerequisite: WEB 301 or INT 304

Annual Security Report
In compliance with the Clery Act, the University has compiled the University of Arizona Global Campus Annual Security Report. This report is required by federal law and contains policy statements and crime statistics compiled by the University. This information addresses the University’s policies, procedures, and programs concerning safety and security such as policies for responding to emergency situations and sexual offenses. Statistics for the previous three calendar years are included for crimes that were reported to have occurred onsite, in or on off-site buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the University.

This report is available at https://edgecastcdn.net/006FDC/PDF/Annual_Security_Report.pdf. Students may also request a paper copy of the report be mailed to them by emailing their request to studentaffairs@uagc.edu.

Campus Security and Fire Safety Report
The Campus Security and Fire Safety Report for the University of Arizona Global Campus is compiled annually in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and is available for review. This report is required by federal law and contains policy statements and crime and fire statistics compiled by the University. The statements address the University’s policies, procedures, and programs concerning safety and security, for example, policies for responding to emergency situations, fire safety, and sexual misconduct offenses. Statistics for the previous three calendar years are included for certain types of crimes that were reported to have occurred on campus, in on-off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus. This report is available at www.uagc.edu/campus_security_and_fire_safety_report. Students may also request a paper copy of the report be mailed to them by emailing their request to studentaffairs@uagc.edu.

Tuition and Fees

| California Student Tuition Recovery Fund^^ | $0.50 per $1,000 |

^^Beginning February 8, 2021, California law mandates the collection of a Student Tuition Recovery Fund (STRF) fee in the amount of $0.50 per $1,000 of institutional charges, rounded to the nearest thousand to be paid to the state’s tuition recovery fund in the event of school closure. The fee is charged to California residents only. Any fees assessed will be reimbursed to the student by the University through the California Resident Grant. [Currently in a period of non-collection.]

Page 53
Revision, Published 04-13-2021

California Student Tuition Recovery Fund

CA Residents Only
The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a resident in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary
Correction Published 03-26-2021

**Active Duty Service Member Grant**

**Undergraduate Students**: Students enrolled in an undergraduate program may be eligible for the University of Arizona Global Campus Active Duty Service Member Grant. Eligible students include Active Duty, National Guard, Reservists, spouses of Active Duty, National Guard, Reservists, Department of Defense employees using Tuition Assistance (TA), and Civilian employees of the United States Coast Guard (only if utilizing Military TA). All other eligible students must provide the University with an approved TA Authorization form or appropriate verification of military service.

**Master’s Students**: Students enrolled in a master’s program may be eligible for the University of Arizona Global Campus Active Duty Service Member Grant. Eligible students include Active Duty, National Guard, Reservists, spouses of Active Duty, National Guard, Reservists, Department of Defense employees using Tuition Assistance (TA), and Civilian employees of the United States Coast Guard (only if utilizing Military TA). All other eligible students must provide the University with an approved TA Authorization form or appropriate verification of military service.

**Doctoral Students**: Students enrolled in a Doctoral program may be eligible for the University of Arizona Global Campus Active Duty Service Member Grant. Eligible students include Active Duty, National Guard, Reservists, spouses of Active Duty, National Guard, Reservists, Department of Defense employees using Tuition Assistance (TA), and Civilian employees of the United States Coast Guard (only if utilizing Military TA). All other eligible students must provide the University with an approved TA Authorization form or appropriate verification of military service.

**RN to BSN Grant**

Students starting in the RN to BSN program on or after March 5, 2019 may be eligible for a grant that reduces tuition for all undergraduate courses to $350 per credit (a $135/credit savings) for your entire BSN program. Students who exceed 14 days of consecutive nonattendance and are not on an approved Academic Leave may be removed from the RN to BSN Grant. This program may not be utilized concurrently in the same enrollment period with any other Global Campus sponsored grant, scholarship, or benefit program. For full details, please review the official terms and conditions of the grant.

Page 84
Correction, Published 03-04-2020

**Iowa Tuition Refund Policy**

The Iowa Tuition Refund Policy applies to residents of Iowa who are enrolled in the University’s online courses. If an Iowa student enrolled in a course drops, or is administratively dropped, from the course, and their last date of attendance (LDA) at the University is on or before the drop date listed below, the tuition refund is calculated according to the UAGC Tuition Refund Schedule:

<table>
<thead>
<tr>
<th>Course/Term Length (weeks)</th>
<th>Drop Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Five-Week Courses</td>
<td>Day 21</td>
</tr>
<tr>
<td>Six-Week Courses</td>
<td>Day 25</td>
</tr>
<tr>
<td>Nine-Week Courses</td>
<td>Day 38</td>
</tr>
</tbody>
</table>

If an Iowa student enrolled in a course drops, or is administratively dropped, from the course, and their last date of attendance (LDA) at the University is beyond the
drop date listed above, the tuition refund is calculated according to the subsequent formula:

\[
\text{Remainder} = \frac{\text{Total # of scheduled school days in the course/term}}{\text{Tuition} \times 90%}
\]

Under Iowa's policy, the University will reverse 100% of any charges assessed at the beginning of a payment period for any subsequent courses in that payment period in which the student had not begun attendance at the time of withdrawal.

Page 85
Correction, Published 03-04-2020
The University of Arizona Global Campus First Course Refund Schedule (The Promise)

If an Iowa student enrolled in their first course drops, or is administratively dropped, from the course, and their last date of attendance (LDA) at the University is on or before the drop date listed below, the tuition refund is calculated according to the University of Arizona Global Campus First Course Refund Schedule (The Promise):

<table>
<thead>
<tr>
<th>Program</th>
<th>Drop Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate Level Programs</td>
<td>Day 21</td>
</tr>
<tr>
<td>Nonterm Graduate Level Programs</td>
<td>Day 25</td>
</tr>
</tbody>
</table>

If an Iowa student enrolled in their first course drops, or is administratively dropped, from the course, and their last date of attendance (LDA) at the University is beyond the drop date listed above, the tuition refund is calculated according to the Iowa Tuition Refund Policy.
