## **CALVIN MACKIE, Ph.D.**

Dr. Calvin Mackie is an award-winning mentor, inventor, author, former engineering professor, internationally renowned speaker, and successful entrepreneur. In 2013, Dr. Mackie founded STEM NOLA, a non-profit organization created to expose, inspire, and engage communities in the opportunities in Science, Technology, Engineering and Mathematics (STEM). To date, STEM NOLA has engaged over 125,000 K-12 students in hands-on project-based STEM activities. In 2021, he launched STEM Global Action to advance K-12 STEM education across the U.S. and the world.

A lifelong resident of New Orleans, Dr. Mackie graduated from high school with low test scores requiring him to take special remedial classes at Morehouse College. In 1990, he graduated Magna Cum Laude from Morehouse College with a B.S. degree, as a member of the prestigious Phi Beta Kappa National Honor Society. Simultaneously, he was awarded a B.S. degree in Mechanical Engineering from Georgia Tech, where he subsequently earned his master's and Ph.D. in Mechanical Engineering in 1996.

While pursuing a doctorate degree, Dr. Mackie served as an instructor of mathematics at Morehouse College. Following graduation, he joined the faculty at Tulane University, where he pursued research related to heat transfer, fluid dynamics, energy efficiency, and renewable energy. In 2002, he was promoted to Associate Professor with tenure. Dr. Mackie's eleven-year academic career ended in June 2007, when Tulane University disbanded the engineering school in response to financial hardship induced by Hurricane Katrina. During the 2004-2005 academic year, Dr. Mackie served as a visiting professor in the Department of Chemical Engineering at the University of Michigan. He enjoyed a respected academic career, before pivoting his career towards entrepreneurship, consulting, and professional speaking.

Dr. Mackie is also the President and CEO of the Channel Zero Group LLC, an educational and professional development consulting company he co-founded in 1992. He has presented to numerous civic and educational institutions, government entities, professional associations, and businesses of every size and industrial focus.

He has won numerous awards including 2019 Congressional Black Caucus Foundation Board's Chair Phoenix Award, which recognizes individuals whose extraordinary achievements strengthen communities and improve the lives of individuals and families, nationally and globally. In 2003, he was awarded the 2003 Presidential Award for Excellence in Science, Mathematics and Engineering Mentoring in a White House ceremony.

Dr. Mackie is the author of two award-winning books: *A View from the Roof: Lessons for Life and Business* and *Grandma's Hands: Cherished Moments of Faith and Wisdom*.

Dr. Mackie is a devoted husband to his wife, Tracy, and father to his two sons, Myles Ahmad and Mason Amir.
