

Temple College Transfer Guide

The University of Arizona Global Campus (Global Campus) and Temple College have entered into this Agreement in the spirit of cooperation and to mutually recognize each other as quality institutions of higher learning. The purpose of the Agreement is to enable Temple College students who transfer to Global Campus to carry with them the credit they have already earned. The Agreement provides a structure through which transfer articulation on all levels can be supported. **Students may pursue their academic and professional goals through any one of the Bachelor's degrees offered at Global Campus.**

Temple College graduates, with a minimum cumulative GPA of 2.0, entering under the terms of this agreement are **guaranteed admission into a Bachelor's degree program at Global Campus provided they meet all admissions requirements for the chosen degree program.** The transfer guides outlined in this Agreement are applicable to students transferring to Global Campus from Temple College.

Under this Agreement, Temple College students transferring with a conferred Associate's degree, with a minimum 2.0 cumulative GPA, and recognized as meeting the General Education requirement for Bachelor degrees offered through state universities in Texas will have fulfilled all lower division General Education requirements at Global Campus. The General Education Capstone course must still be completed at Global Campus.

Temple College students transferring without a conferred degree will have all college-level academic credit (generally, 100-level or higher), and with a grade of "C-" or better, accepted for transfer on a course-by-course basis into the academic categories that are the best fit (e.g., elective, General Education requirement, major course). Students may transfer up to 90 credits from Temple College.

Credits from Temple College must have been earned with a grade of "C-" or better. A maximum of 9 credits with a "D" grade are transferable as long as the student's cumulative overall GPA is 2.0 or above. If students sign an Authorization to Close File form, their CGPA cannot be determined therefore, "D" grades cannot be applied toward the major or toward General Education competencies at any time.

Transfer credit may not be granted when it duplicates college credit previously earned. Credit will not be given for the same learning twice.

All students must successfully complete a minimum of 30 upper-division credits to graduate. Lower-division courses transferring in to satisfy upper-division courses will not constitute completion of the 30 upper-division credits required for graduation.

Graduate-level transfer credits cannot be applied to undergraduate degrees. The online modality at Global Campus places no general age limit on transfer credit from approved accredited institutions, with possible exceptions in certain subject areas. Restrictions on transferability are specifically noted in the degree/major requirements. Limitations on the number and type of transfer credits accepted are set by each Global Campus degree program.

The University of Arizona Global Campus Transfer Guidelines:

- Official transfer credit evaluation takes place once a student is enrolled at Global Campus and all official transcripts have been received.
- Courses that meet more than one General Education requirement can only be applied to one General Education requirement, unless it carries the required credit.
- Courses marked with an asterisk (*) must be combined with additional courses in the subject area to satisfy the credit requirement.
- All courses listed on this course equivalency guide show the current course equivalency. Previous versions of each course may transfer for a different course based on the course content at the time it was completed.
- Multiple courses may meet the same General Education requirement, however only one course is needed to satisfy the requirement, if it carries the required credit.
- Courses being transferred to meet the Information Literacy Core Competency and/or Digital Literacy Competency requirement must have been completed within the last 5 years.

- Lower-for-upper transfer credits may be applied to fulfill equivalent course subjects. These credits will not apply to any upper division requirement. Additional upper division courses may be required.
