

**Associate of Applied Science in a Health Program**

to

**Bachelor of Arts in Health Care Administration**

Pending receipt and evaluation of official transcripts, this program to program transfer pathway is unofficial; does not guarantee automatic acceptance of transfer credits; and is based solely on Central Arizona College (CAC) coursework with a grade of C- or better. The University of Arizona Global Campus (UAGC) course applicability and availability to take additional coursework beyond the designated CAC degree will vary based on each student's individual transfer credit situation. We recommend students work with their UAGC Academic Advisor during their first UAGC course to ensure duplicative coursework is not scheduled pending their official transfer credit evaluation. For complete degree, residency, and transfer credit policies, please refer to the UAGC catalog. Successful completion of this UAGC program by itself does not provide licensure or certification in any state, regardless of concentration or specialization.

For questions about the University of Arizona Global Campus portion of this transfer pathway, contact [articulation@uagc.edu](mailto:articulation@uagc.edu).

†Preferred course to be taken at CAC, where available as an option within AAS degree program requirements. Otherwise, students are expected to complete their chosen AAS as outlined in CAC Catalog. If not taken as part of the designated CAC degree, these courses may be completed as optional additional course at CAC (financial implications may apply/will want to talk to an advisor about options). UAGC General Education categories met in transfer may differ slightly depending on the CAC degree earned.

Lower-division transfer courses will not count towards the 30-credit upper-division requirement at UAGC.
