Pending receipt and evaluation of official transcripts, this program to program transfer pathway is unofficial; does not guarantee automatic acceptance of transfer credits; and is based solely on Dallas College coursework with a grade of C- or better. The University of Arizona Global Campus (UAGC) course applicability and availability to take additional coursework beyond the designated Dallas degree will vary based on each student's individual transfer credit situation. We recommend students work with their UAGC Academic Advisor during their first UAGC course to ensure duplicative coursework is not scheduled pending their official transfer credit evaluation. For complete degree, residency, and transfer credit policies, please refer to the UAGC catalog. Successful completion of this UAGC program by itself does not provide licensure or certification in any state, regardless of concentration or specialization.

*Certification and Licensure Terms and Conditions: An online degree from the University of Arizona Global Campus does not lead to immediate teacher licensure in any state. If you want to become a classroom teacher, contact your state's education authorities prior to enrolling at the University of Arizona Global Campus to determine what state-specific requirements you must complete before obtaining your teacher's license. The University of Arizona Global Campus graduates will be subject to additional requirements on a state-by-state basis that will include one or more of the following: student teaching or practicum experience, additional coursework, additional testing, or, if the state requires a specific type of degree to seek alternative certification, earning an additional degree. None of the University of Arizona Global Campus online education programs are accredited by the Council for the Accreditation of Educator Preparation (CAEP), which is a requirement for certification in some states. Other factors, such as a student's criminal history, may prevent an applicant from obtaining licensure or employment in this field of study. All prospective students are advised to visit the Education Resource Organizations Directory (EROD) and to contact the licensing body of the state where they are licensed or intend to obtain licensure to verify that these courses qualify for teacher certification, endorsement, and/or salary benefits in that state prior to enrolling. Prospective students are also advised to regularly review the state's policies and procedures relating to licensure as those policies are subject to change.*
