

Bachelor of Arts in Operations Management and Analysis

Program Type: Online

Did You Know?

- All CCAF AAS degrees are accepted in transfer by the University of Arizona Global Campus.
- You only need a maximum of 60 additional credits from the University of Arizona Global Campus to complete your Bachelor of Arts in Operations Management and Analysis.

Degree Focus:

The Bachelor of Arts in Operations Management and Analysis program prepares students to be operations managers who possess the analytical, problem-solving, and behavioral management skills needed to diagnose problems, improve operating systems, and communicate and gather support for required system improvements that contribute to a business' success. It prepares students for employment in a variety of business fields, particularly manufacturing, production control, distribution, inventory control, quality management, and supply chain management.

Program Outcomes:

- Organizational Management and Analysis major graduates will be able to:
- Apply systems analysis to management decisions and operational success;
- Assess methods of quality management, product and service development, and learn processes in business operations;
- Develop skills in managing projects and programs;
- Examine globalization effects on the organization's operations, supply chain, and product or services production; and
- Analyze effective decision-making, problem-solving, and technical skills required in management.
